Good morning,

Regarding the above LR, pursuant to Section 336.09(1) and Hernando County Policy 19-07, the Board is statutorily authorized to “[r]enounce and disclaim any right of the county and the public in and to any land, or interest therein, acquired by purchase, gift, devise, dedication or prescription for street, alleyway, road or highway purposes, other than lands acquired for state and federal highway...by adopting a resolution.” The Department should process the application the same as prescribed in Policy 19-07. In addition, the Department should change any applicable language in the Resolution and the Legistar agenda body item, to reflect the action being taken by the Board, “renouncing” the ROW.

This email will close out LR if there are no further questions.

Thank you and have a safe day.

Victoria

DPW has no objections to vacating the North 25-feet, was never accepted, does not serve as a valuable segment of right of way.

Thank you.

Hi Kandi. Before we do anything, please advise DPW's position in giving up this area assuming it does belong to the county. Thanks.
