Form 19: Disadvantaged Business Enterprise (DBE) (3 pages-Page 1)

49 CFR Part 26

Background and Applicability

The newest version of the Department of Transportation's Disadvantaged Business Enterprise (DBE) program became effective on July 16, 2003. The rule provides guidance to grantees on the use of overall and contract goals, the requirement to include DBE provisions in subcontracts, evaluating DBE participation where specific contract goals have been set, reporting requirements, and replacing DBE subcontractors. Additionally, the DBE program dictates payment terms and conditions (including limitations on retainage) applicable to all subcontractors, regardless of whether they are DBE firms or not.

The DBE program applies to all DOT-assisted contracting activities. A formal clause such as that below must be included in all contracts above the micro-purchase level. The requirements of clause subsection b flow down to subcontracts.

A substantial change to the payment provisions in this newest version of Part 26 concerns retainage (see section 26.29). Grantee choices concerning retainage should be reflected in the language choices in clause subsection d.

The following clause incorporates the payment terms and conditions applicable to all subcontractors based on Part 26 and those related only to DBE subcontractors. The suggested language allows for the options available to grantees concerning retainage, specific contract goals, and evaluation of DBE subcontracting participation when specific contract goals have been established.

Disadvantaged Business Enterprises

- a. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, and *Participation by Disadvantaged Business Enterprises in the Department of Transportation Financial Assistance Programs*. The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency's overall goal for DBE participation is __ %. A separate contract goal **[of __ % DBE participation has] [has not]** been established for this procurement.
- b. Form 22: Protests (4 pages-Page1)

FTA Circular 4220.1F

- 1) The Recipient's Role and Responsibilities.** The Common Grant Rules charge the recipient with the initial responsibility to resolve protests of third-party contract awards.
 - a) **Protest Procedures.** Apart from other methods, the recipient may have to resolve third-party contract issues, such as mediation or arbitration, the Common Grant Rule for governmental recipients requires the recipient to have protest procedures. While the Common Grant Rule for non-governmental recipient does not impose a similar requirement on a non-governmental recipient, FTA expects each recipient to have appropriate written protest procedures to maintain or acquire the adequate technical capacity to implement the project.

- 2) Responsibilities to FTA.** The recipient's minimum responsibilities to FTA consist of the following:
 - a. **Notify FTA Expeditiously.** The Common Grant Rule for governmental recipients requires a governmental recipient to notify FTA when it receives a third-party contract protest to which this circular applies and to keep FTA informed about the status of the protest. A non-governmental recipient involved in a protest is similarly expected to notify FTA when it receives a third-party contract protest to which the circular applies and to keep the FTA informed about the status of the protest. The recipient is expected to provide the following information:
 1. Subjects. A list of protests involving third-party contracts and potential third-party contracts:
 - a. Have a value exceeding \$100,000, or
 - b. Involve a controversial matter, irrespective of the amount, or
 - c. Involve a highly publicized matter, irrespective of the amount.
 2. Details. The following information about each protest:
 - a. A brief description of the protest,
 - b. The basis of disagreement, and
 - c. If open, how far has the protest proceeded, or
 - d. If resolved, the agreement or decision reached, and

Protests (4 pages-Page 2)

e. Whether an appeal has been taken or is likely to be taken.

3. When and where. The recipient should provide this information:

a. In its next quarterly Milestone Progress Report, and

b. At its next Project Management Oversight review, if any.

Small recipients may report less frequently if no protests are outstanding.

4. **FTA Officials to Notify.** When a recipient denies a bid protest, especially if an appeal to FTA is likely to occur, FTA expects the recipient to inform the FTA Regional Administrator for the region administering a regional project or the FTA Associate Administrator for the program office administering a headquarters project directly. FTA also encourages the recipient to keep its FTA project manager informed about protests with which it is involved. In particular, the recipient should contact their project manager about any unusual activity.

(b) Access to Information. FTA expects the recipient to disclose information about any third-party procurement protest to FTA upon request. FTA reserves the right to require the recipient to provide copies of a particular protest or all protests, and any or all related supporting documents as FTA may determine necessary.

b. **FTA's Role and Responsibilities.** FTA has developed an appeals process for reviewing protests of a recipient's procurement decisions.

1) **Requirements for the Protester.** The protester must:

a) Qualify as an "Interested Party." Only an "interested party" qualifies for FTA review of its appeal. An "interested party" is a party that is an actual or prospective bidder or offeror whose direct economic interest would be affected by the award or failure to award the third-party contract at issue.

1. Subcontractors. A subcontractor does not qualify as an "interested party" because it does not have a direct economic interest in the procurement results.

2. Associations or Organizations. An association or organization that does not perform contracts does not qualify as an "interested party" because it does not have a direct economic interest in the procurement results.

b) Exhaust Administrative Remedies. The protester must exhaust its

Protests (4 pages-Page3)

- c) administrative remedies by pursuing the recipient's protest procedures to completion before appealing the recipient's decision to FTA.
 - d) Appeal within Five Days. The protester must deliver its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five (5) working days of the date when the protester has received actual or constructive notice of the recipient's final decision. Likewise, the protester must provide its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five (5) working days of the date when the protester has identified other grounds for appeal to the FTA. For example, other grounds for appeal include the recipient's failure to have or failure to comply with its protest procedures or failure to review the protest.
- 2) Extent of FTA Review. As provided in the Common Grant Rule for governmental recipients, FTA will limit its review of third-party contract protests as follows:
- a) The Recipient's Procedural Failures. FTA will consider a protest if the recipient:
 - 1. Does not have protest procedures, or
 - 2. Has not complied with its protest procedures, or
 - 3. Has not reviewed the protest when presented with an opportunity.
 - b) Violations of Federal Law or Regulations. FTA will not consider every appeal filed by a protestor of an FTA recipient's protest decision merely because a Federal law or regulation may be involved. Instead, FTA will exercise discretionary jurisdiction over those appeals involving issues important to FTA's overall public transportation program. FTA will refer violations of Federal law for which it does not have primary jurisdiction to the Federal authority having proper jurisdiction.
 - c) Violations of State or Local Law or Regulations. FTA will refer violations of State or local law to the State or local authority having proper jurisdiction.

FTA Determinations to Decline Protest Reviews. FTA's determination to decline jurisdiction over a protest does not mean that FTA approves of or agrees with the recipient's decision or that FTA has determined the contract is eligible for Federal participation. FTA's determination means only that FTA

Protests (4 pages-Page 4)

does not consider the issues presented to be sufficiently important to FTA's overall program that FTA considers a review required.

The contractor agrees to comply with the Federal and State protest procedures.

Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made; it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

Form 19: Disadvantaged Business Enterprise (DBE) (3 pages-Page 1)

49 CFR Part 26

Background and Applicability

The newest version of the Department of Transportation's Disadvantaged Business Enterprise (DBE) program became effective on July 16, 2003. The rule provides guidance to grantees on the use of overall and contract goals, the requirement to include DBE provisions in subcontracts, evaluating DBE participation where specific contract goals have been set, reporting requirements, and replacing DBE subcontractors. Additionally, the DBE program dictates payment terms and conditions (including limitations on retainage) applicable to all subcontractors, regardless of whether they are DBE firms or not.

The DBE program applies to all DOT-assisted contracting activities. A formal clause such as that below must be included in all contracts above the micro-purchase level. The requirements of clause subsection b flow down to subcontracts.

A substantial change to the payment provisions in this newest version of Part 26 concerns retainage (see section 26.29). Grantee choices concerning retainage should be reflected in the language choices in clause subsection d.

The following clause incorporates the payment terms and conditions applicable to all subcontractors based on Part 26 and those related only to DBE subcontractors. The suggested language allows for the options available to grantees concerning retainage, specific contract goals, and evaluation of DBE subcontracting participation when specific contract goals have been established.

Disadvantaged Business Enterprises

- a. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, and *Participation by Disadvantaged Business Enterprises in the Department of Transportation Financial Assistance Programs*. The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency's overall goal for DBE participation is __%. A separate contract goal [of __% DBE participation has] [has not] been established for this procurement.
- b. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, *Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs*. The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency's overall goal for DBE participation is 15%. The contractor will make active and aggressive efforts to assist the Department in meeting or exceeding its overall DBE participation. The directory of current DBE firms certified in the State of Georgia can be found at: <http://www.dot.ga.gov/PartnerSmart/Business/Pages/DBE.aspx>

Form 19: (Page 2) Disadvantaged Business Enterprise (DBE) (3 pages-Page 2)

- d. The contractor shall not discriminate based on race, color, national origin, or sex in the performance of this contract. The contractor shall carry out the applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as deemed appropriate. Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).
- e. ***{If a separate contract goal has been established, use the following}*** Bidders/offerors are required to document sufficient DBE participation to meet these goals or, alternatively, document adequate good faith efforts to do so, as provided for in 49 CFR 26.53. Award of this contract is conditioned on submission of the following **[concurrent with and accompanying sealed bid] [concurrent with and accompanying an initial proposal] [before award]:**
1. The names and addresses of DBE firms that will participate in this contract;
 2. A description of the work each DBE will perform;
 3. The dollar amount of the participation of each DBE firm participating;
 4. Written documentation of the bidder/offeror's commitment to using a DBE subcontractor whose participation it submits to meet the contract goal;
 5. Written confirmation from the DBE that it is participating in the contract as provided in the prime contractor's commitment; and
 6. If the contract goal is not met, evidence of good faith efforts to do so.

[Bidders][Offerors] must present the information required above **[as a matter of responsiveness] [with initial proposals] [prior to contract award]** (see 49 CFR 26.53(3)).

{If no separate contract goal has been established, use the following} The successful bidder/offeror will be required to report its DBE participation obtained through race-neutral means throughout the performance period.

- f. The contractor must pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the contractor's receipt of payment for that work from the **Authorized Users of the State of Georgia**. In addition, **[the contractor may not hold retainage from its subcontractors.] [is required to return any retainage payments to those subcontractors within 30 days after the subcontractor's work related to this contract is satisfactorily completed.] [is required to return any retainage payments to those subcontractors within 30 days after incremental acceptance of the**

- g. subcontractor's work by the {insert agency name} and contractor's receipt of the partial retainage payment related to the subcontractor's work.]
- h. The contractor must promptly notify the State of Georgia whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without the prior written consent of the State of Georgia.

The contractor agrees to comply with the requirements and procedures set forth in 49 CFR Part 26 Concerning Disadvantaged Business Enterprise (DBE).

Form 22: Protests (4 pages-Page1)

FTA Circular 4220.1F

- 1) **The Recipient's Role and Responsibilities.** The Common Grant Rules charge the recipient with the initial responsibility to resolve protests of third-party contract awards.
 - a) **Protest Procedures.** Apart from other methods, the recipient may have to resolve third-party contract issues, such as mediation or arbitration, the Common Grant Rule for governmental recipients requires the recipient to have protest procedures. While the Common Grant Rule for non-governmental recipient does not impose a similar requirement on a non-governmental recipient, FTA expects each recipient to have appropriate written protest procedures to maintain or acquire the adequate technical capacity to implement the project.
- 2) **Responsibilities to FTA.** The recipient's minimum responsibilities to FTA consist of the following:
 - a. **Notify FTA Expeditiously.** The Common Grant Rule for governmental recipients requires a governmental recipient to notify FTA when it receives a third-party contract protest to which this circular applies and to keep FTA informed about the status of the protest. A non-governmental recipient involved in a protest is similarly expected to notify FTA when it receives a third-party contract protest to which the circular applies and to keep the FTA informed about the status of the protest. The recipient is expected to provide the following information:
 1. **Subjects.** A list of protests involving third-party contracts and potential third-party contracts:
 - a. Have a value exceeding \$100,000, or
 - b. Involve a controversial matter, irrespective of the amount, or
 - c. Involve a highly publicized matter, irrespective of the amount.
 2. **Details.** The following information about each protest:
 - a. A brief description of the protest,
 - b. The basis of disagreement, and
 - c. If open, how far has the protest proceeded, or
 - d. If resolved, the agreement or decision reached, and

Protests (4 pages-Page 2)

e. Whether an appeal has been taken or is likely to be taken.

3. When and where. The recipient should provide this information:

a. In its next quarterly Milestone Progress Report, and

b. At its next Project Management Oversight review, if any.

Small recipients may report less frequently if no protests are outstanding.

4. **FTA Officials to Notify.** When a recipient denies a bid protest, especially if an appeal to FTA is likely to occur, FTA expects the recipient to inform the FTA Regional Administrator for the region administering a regional project or the FTA Associate Administrator for the program office administering a headquarters project directly. FTA also encourages the recipient to keep its FTA project manager informed about protests with which it is involved. In particular, the recipient should contact their project manager about any unusual activity.

(b) **Access to Information.** FTA expects the recipient to disclose information about any third-party procurement protest to FTA upon request. FTA reserves the right to require the recipient to provide copies of a particular protest or all protests, and any or all related supporting documents as FTA may determine necessary.

b. **FTA's Role and Responsibilities.** FTA has developed an appeals process for reviewing protests of a recipient's procurement decisions.

1) **Requirements for the Protester.** The protester must:

a) **Qualify as an "Interested Party."** Only an "interested party" qualifies for FTA review of its appeal. An "interested party" is a party that is an actual or prospective bidder or offeror whose direct economic interest would be affected by the award or failure to award the third-party contract at issue.

1. **Subcontractors.** A subcontractor does not qualify as an "interested party" because it does not have a direct economic interest in the procurement results.

2. **Associations or Organizations.** An association or organization that does not perform contracts does not qualify as an "interested party" because it does not have a direct economic interest in the procurement results.

b) **Exhaust Administrative Remedies.** The protester must exhaust its

Protests (4 pages-Page3)

- c) administrative remedies by pursuing the recipient's protest procedures to completion before appealing the recipient's decision to FTA.
 - d) Appeal within Five Days. The protester must deliver its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five (5) working days of the date when the protester has received actual or constructive notice of the recipient's final decision. Likewise, the protester must provide its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five (5) working days of the date when the protester has identified other grounds for appeal to the FTA. For example, other grounds for appeal include the recipient's failure to have or failure to comply with its protest procedures or failure to review the protest.
- 2) Extent of FTA Review. As provided in the Common Grant Rule for governmental recipients, FTA will limit its review of third-party contract protests as follows:
- a) The Recipient's Procedural Failures. FTA will consider a protest if the recipient:
 - 1. Does not have protest procedures, or
 - 2. Has not complied with its protest procedures, or
 - 3. Has not reviewed the protest when presented with an opportunity.
 - b) Violations of Federal Law or Regulations. FTA will not consider every appeal filed by a protestor of an FTA recipient's protest decision merely because a Federal law or regulation may be involved. Instead, FTA will exercise discretionary jurisdiction over those appeals involving issues important to FTA's overall public transportation program. FTA will refer violations of Federal law for which it does not have primary jurisdiction to the Federal authority having proper jurisdiction.
 - c) Violations of State or Local Law or Regulations. FTA will refer violations of State or local law to the State or local authority having proper jurisdiction.

FTA Determinations to Decline Protest Reviews. FTA's determination to decline jurisdiction over a protest does not mean that FTA approves of or agrees with the recipient's decision or that FTA has determined the contract is eligible for Federal participation. FTA's determination means only that FTA

Protests (4 pages-Page 4)

does not consider the issues presented to be sufficiently important to FTA's overall program that FTA considers a review required.

The contractor agrees to comply with the Federal and State protest procedures.
