Special Master's qualifications shall include former service as a judicial officer, whether as a state or federal judge, and no current or former director, officer, employee or attorney of the Debtors, the Sackler Family Members, the Creditors' Committee, or the Governmental Consent Parties shall be eligible to be appointed as the Special Master, counsel or staff working under the Special Master, *provided* that prior work for a Governmental Consent Party that was completed prior to 2015 shall not preclude the appointment of a Special Master. The Special Master will adjudicate all privilege and related disputes. The Special Master's reasonable hourly fees and expenses shall be paid out of the Disclosure Program Budget except as the Special Master orders otherwise upon finding that a party advanced an argument that was frivolous, harassing or in bad faith.

(ii) Selection of Special Master. The selection of the Special Master shall be made by the Bankruptcy Court; *provided* that the Bankruptcy Court may consider a recommendation made jointly by the Debtors, the Sackler Family Members, the Creditors Committee, and the Governmental Consent Parties. For the purposes of determining if there is to be a joint recommendation, five (5) Business Days after the Confirmation Date, the parties ((x) the Debtors, (y) the Creditors' Committee, the Governmental Consent Parties and (z) the Sackler Family Members) each shall exchange a list of up to five (5) names as recommendations for the role of Special Master. The Debtors thereafter shall make a motion to the Bankruptcy Court to select a Special Master. If there are names in common on the exchanged lists, the Debtors' motion shall be limited to any name or names that are common to all such parties' lists. If there is no name common to each of the three lists, the Debtors' motion will ask the Bankruptcy Court, in its discretion, to select a Special Master.

(iii) Disclosure Challenges: To the extent that the DOB seeks to (A) challenge the Debtors' assertion of Privilege with respect to any documents withheld or redacted from production in the Purdue Legal Matters, or excluded by the Debtors from the Access Materials, or (B) disclose any Protected Information in the Public Document Repository, such efforts shall be subject to review by the Special Master, who shall have final say regarding whether (y) the DOB should be provided with such materials, and (z) such materials shall be protected from public disclosure.

(iv) Timing of Challenges: All challenges to the redaction or withholding of documents from the Public Document Repository, including with regard to the Privilege and to Protected Information, including challenges brought by either the DOB or members of the public, shall be brought within the later of (A) one (1) year of the Effective Date and (B) one (1) year from when the document or information at issue is first withheld from the Public Document Repository by redaction or logging.

(v) Counsel for Challenges: On or shortly after the Effective Date, the Debtors, the Governmental Consent Parties, and the Creditors' Committee shall agree to appoint a law firm to defend Privilege and Protected Information assertions against challenges ("***Defense Counsel***"); *provided, however*, that if the Debtors, the Governmental Consent Parties, and the Creditors' Committee are unable to reach an agreement regarding the identity of Defense Counsel, the Bankruptcy Court shall appoint the Defense Counsel. Third parties shall represent themselves before the Special Master and shall bear their own costs.

(vi) Procedure for Challenges: Any party seeking to initiate a challenge to the Privilege or Protected Information designation of a document or information in a document or any other challenge to the inclusion or exclusion of documents in the Public Document Repository (the "***Petitioner***") must first, as a condition precedent to any such challenge, meet and confer with the relevant defense counsel by serving a written statement of the specific material being disputed and the reasons for disputing each such material. If the meet and confer does not resolve the dispute, then the Petitioner shall submit a brief to the Special Master arguing why each individual document at issue should not be considered Privileged or Protected Information or should otherwise be included or excluded. Once a challenge has been submitted, the Special Master shall set a briefing schedule, permitting defense counsel no fewer than twenty-one (21) days to respond to the challenge, which may include in camera submissions in response. At the discretion of the Special Master, the briefing schedule may also include supplemental submissions, oral argument or other procedures the Special Master deems necessary to reach a determination. The Special Master shall then evaluate and decide the challenge based upon existing legal precedent of federal law within the U.S. Court of Appeals for the Second Circuit, and shall be empowered to determine whether such materials are subject to a valid claim of Privilege or otherwise constitute Protected Information or should have otherwise been included or excluded, but shall not be empowered to waive any Privilege ever asserted by the Debtors with respect to the Purdue Legal Matters or with respect to the Access Materials or the Sequestered Materials. If the Petitioner does not prevail, then the Special Master shall have the discretion to shift to the Petitioner some or all of the reasonable legal expense of Defense Counsel, whose reasonable fees and expenses shall otherwise be paid for by the Disclosure Program Budget. If the Special Master determines that the challenge was frivolous, harassing, needlessly increasing costs or expenses, or otherwise brought for an improper purpose, then the Special Master shall shift to the Petitioner some or all of the reasonable legal expense of Defense Counsel. For avoidance of doubt, any materials determined by the Special Master to be Privileged or to contain Protected Information shall not be included in the Public Document Repository.

(vii) Pending resolution of a challenge asserting a document was improperly disclosed, the Host Institution shall remove or redact each identified, challenged document.

(t) **Materials Produced by Shareholder Released Parties**. The Public Document Repository shall include all Sackler Family Members' documents that were produced in the Chapter 11 Cases and that relate to the manufacturing, sale or marketing of opioids in the United States, the Debtors' alleged role or liability in connection with the opioid crisis or the regulatory approval of any opioid product sold in the United States by the Debtors, but subject to appropriate exclusions for documents covered by the attorney-client and work product privileges and certain confidential information (including exclusions for information and documents related to the finances, financing activities, taxes and tax filings, investments and third party business and advisory relationships of the Shareholder Released Parties).

(i) The Special Master appointed in accordance with Section 5.13(s) shall resolve disputes regarding whether certain documents or information is required to be included in the document repository by the Sackler Family Members.

(ii) The Sackler Family Members shall have the right to claw back documents that they were entitled to exclude in accordance with this provision but inadvertently produced to the Public Document Repository, and such inadvertent production shall not operate as a waiver of rights. The Special Master shall resolve any disputes between Sackler Family Members, the Governmental Consent Parties, and the DOB concerning the exercise of clawback rights.

(iii) For the avoidance of doubt, "Sackler Family Members' documents" refer only to documents in the Sackler Family Members' possession, custody or control. Section 5.13(t) does not refer to documents including or involving Sackler Family Members that are in the Debtors' possession, custody or control.

(u) **Release of Confidentiality Rights by Parties Receiving Releases**. With regard to the disclosure of information in the Public Document Repository as authorized by this Section 5.13, the protections provided to Released Parties and Shareholder Released Parties shall be limited to the protections provided by this Plan. To the extent that Released Parties and Shareholder Released Parties possess rights to confidentiality beyond those provided this Plan (for example, a contractual confidentiality provision) or the Direct Claims Shareholder Settlement Agreements, those rights are waived to facilitate this disclosure program in exchange for the benefit of the releases provided to the Released Parties and Shareholder Released Parties by the Plan.

(v) **DOJ Settlement Communications**. Communications between the Debtors and DOJ regarding settlement or cooperation between 2015 and the final, non-appealable conclusion of *U.S. v. Purdue Pharma L.P.*, Case 2:20-cr-01028-MCA (D.N.J.) shall be protected from disclosure to the Master Disbursement Trust and the DOB and shall not be included in the Public Document Repository, nor shall any internal Debtor documents reflecting such communications or the strategy for such communications. The Debtors shall implement this exclusion when creating the set of Sequestered Materials.

(w) **Documents Produced By Certain Financial Institutions**. The disclosure program shall not include the documents produced by financial institutions pursuant to the examination authorized by the Bankruptcy Court at D.I. 1143. For the avoidance of doubt, if the same information also

appears in a second source that is subject to disclosure (e.g., a deposition exhibit), then the information in that second source is subject to disclosure.

(x) **Active Vendor Contracts**. The Public Document Repository shall not disclose the NewCo's active vendor contracts or expired contracts that would reveal the sum and substance of active contracts.

(y) **Exculpation and Indemnification of DOB members and Host Institution**. To the maximum extent permitted by applicable law, the DOB members, whenever appointed, and the Host Institution shall not have or incur any liability for actions taken or omitted in his or her capacity as a DOB member, or on behalf of the DOB, except those acts found to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud, and shall be entitled to indemnification, advancement and reimbursement for reasonable fees and expenses in defending any and all of his or her actions or inactions in his or her capacity as a DOB member, except for any actions or inactions found to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud. Any valid indemnification claim of any of the DOB members shall be satisfied from the Disclosure Program Budget.

(z) **Reports**. On each of the first five anniversaries of the Effective Date, the DOB shall publish a public report describing the activities of the disclosure program, the use of any funds expended, and any funds committed for future use.

(aa) **Wind Down**. In or after one year following the Sequestration Date, the DOB shall wind itself down. If appropriate to facilitate the long-term success of the Public Document Repository, the DOB may arrange for another long-lived institution, such as one or more Attorneys General Offices, to interact with the Host Institution after the DOB is wound down (e.g., by receiving reports). Upon the wind down of the DOB, (i) the Host Institution shall be responsible for the permanent maintenance of the Public Document Repository; *provided* that, for avoidance of doubt, the access to the Access Materials and the Sequestered Materials granted to the DOB herein shall not be transferred to any successor institution other than the Host Institution and (ii) any Access Materials or Sequestered Materials in the possession of the DOB but not included in the Public Document Repository, for any reason, shall be, at NewCo's election, delivered to NewCo or destroyed or, if all or substantially all of the Assets of or Interests in NewCo have been sold, destroyed or delivered to Defense Counsel. Within ninety (90) days of the announcement of the dissolution of the Plan Administration Trust, the Plan Administration Trust shall use commercially reasonable efforts to return Privileged and Protected Information materials to Defense Counsel who shall retain the materials in a segregated client file.

(bb) **Master Disbursement Trust**. For the avoidance of doubt, nothing in this Section 5.13 limits the rights of the Master Disbursement Trust, subject to and in accordance with Section 5.12 of the Plan, to access or use Privileged documents, including Excluded Privileged Materials, in connection with any potential or actual Causes of Action, including, among other things, any potential or actual Causes of Action contemplated by or that may result from, the Shareholder Settlement Agreement, including, without limitation, with respect to a Cause of Action against a Shareholder Release Snapback Party upon the filing of a Notice of Shareholder Release Snapback.

5.14 ***Effective Date Cash; Surplus Reserved Cash***.

(a) **Effective Date Fixed Payments**. On the Effective Date, Effective Date Cash shall be used to fund (i) the Professional Fee Escrow Account in an amount necessary to satisfy Professional Fee Claims in accordance with Section 2.1(b) of the Plan, (ii) the Priority Claims Reserve in an amount necessary to satisfy estimated Allowed Administrative Claims (other than Professional Fee Claims and the DOJ Forfeiture Judgment Claim), Allowed Secured Claims and Allowed Priority Claims, (iii) the Claims Reserves in accordance with Section 7.2 of the Plan, (iv) the Disputed Cure Claims Reserve

in accordance with Section 8.2(d) of the Plan, (v) the Wind-Up Reserve in accordance with Section 5.3(d) of the Plan, (vi) the MDT Operating Reserve in accordance with Section 5.6(f) of the Plan, (vii) the Special Operating Reserve in accordance with Section 5.7(a) of the Plan, (viii) the Initial NewCo Cash in accordance with Section 5.4(c) of the Plan, (ix) the applicable PAT Distribution Account in the amounts necessary to make Distributions required in accordance with Article IV of the Plan in respect of Allowed Adlon General Unsecured Claims, Allowed Avrio General Unsecured Claims, and Allowed Other General Unsecured Claims, each to the extent Allowed as of the Effective Date, (x) the Initial Private Creditor Trust Distributions, (xi) the Initial Federal Government Distribution, (xii) the Initial Public Schools Distribution, (xiii) amounts required to establish the Public Document Repository in accordance with Section 5.13 of the Plan, (xiv) the upfront insurance premium payments and other amounts in accordance with Sections 5.3(e), 5.4(f) and 5.5(c) of the Plan and (xv) any other amounts required to be paid on the Effective Date pursuant to the Plan. No later than five (5) Business Days prior to the Effective Date, the Debtors shall provide notice to the Creditors' Committee and the Governmental Consent Parties of the then-current estimated amount of Effective Date Cash and all amounts described in this Section 5.14(a), and shall promptly notify the Creditors' Committee and the Governmental Consent Parties of any changes to such estimations prior to the Effective Date. Any objection by the Creditors' Committee or the Governmental Consent Parties with respect to the Debtors' proposed amount of funding of any PAT Reserve shall be resolved by the Bankruptcy Court.

(b) **Initial Public Creditor Trust Distributions**. On the Effective Date, all Effective Date Cash remaining after the satisfaction of all amounts described in the foregoing paragraph (a) shall be used to make the Initial Governmental Remediation Trust Distribution and the Initial Tribe Trust Distribution.

(c) **Surplus Reserved Cash**. Prior to the dissolution of the Plan Administration Trust, the Plan Administration Trustee shall determine, on each six (6)-month anniversary of the Effective Date, whether the amounts available in any PAT Reserve exceed the amounts necessary to satisfy the purpose for which such reserves were established. If the Plan Administration Trustee determines that a surplus exists in any PAT Reserve as of the date of such determination, such Surplus Reserve Cash shall be (i) *first*, used to satisfy any funding deficiency in any other PAT Reserve and (ii) *second*, with respect to any amounts not used to satisfy any such funding deficiency in another PAT Reserve, transferred to the Master Disbursement Trust in accordance with the MDT Agreement. All Cash and cash equivalents of the Plan Administration Trust remaining upon the dissolution of the Plan Administration Trust, including any remaining Surplus Reserve Cash in the PAT Reserves, shall be transferred to the Master Disbursement Trust in accordance with the MDT Agreement.

5.15 ***Corporate Action***.

(a) **Dissolution of Boards of the Debtors**. As of the Effective Date, the respective boards of directors and managers, as applicable, of each of the Debtors shall be terminated and dissolved and the members of each of the boards of directors and managers, as applicable, of the Debtors shall be deemed to have resigned.

(b) **Continued Existence of the Liquidating Debtors**. Each of the Debtors, other than the Transferred Debtors, shall continue to exist as a Liquidating Debtor after the Effective Date in accordance with the laws of the state under which such Debtor was formed and pursuant to its certificate of incorporation, bylaws, articles of formation, operating agreement, and other organizational documents, as applicable, in effect prior to the Effective Date, except to the extent such organizational documents are amended under the Plan, for the limited purposes of liquidating all of the Assets of such Debtor's Estate and making distributions in accordance with the Plan. From and after the Effective Date, except as set forth herein, the Liquidating Debtors (i) for all purposes shall be deemed to have withdrawn their business

operations from any state in which the Liquidating Debtors were previously conducting, or are registered or licensed to conduct, their business operations, and shall not be required to file any document, pay any sum, or take any other action in order to effectuate such withdrawal, (ii) shall be deemed to have canceled pursuant to the Plan all PPI Interests and, as of the PPLP Dissolution Date, all PPLP Interests, and (iii) shall not be liable in any manner to any taxing authority for franchise, business, license or similar taxes accruing on or after the Effective Date.

(c) **Appointment of the PPLP Liquidator as the Sole Representative for the Liquidating Debtors**. On the Effective Date, the PPLP Liquidator shall be appointed as the sole director and sole officer of the Liquidating Debtors, and shall succeed to the powers of the Liquidating Debtors' general partners, directors and officers. From and after the Effective Date, the PPLP Liquidator shall be the sole representative of, and shall act for, the Liquidating Debtors and administer the winding up and dissolution of the Liquidating Debtors. The PPLP Liquidator shall act for the Liquidating Debtors in the same fiduciary capacity as applicable to a board of directors and officers, subject to the provisions hereof (and all certificates of formation, partnership agreements, operating agreements, membership agreements and related documents are deemed amended by the Plan to permit and authorize the same). Any fees and expenses incurred by the PPLP Liquidator shall be paid by the Plan Administration Trustee from the Wind-Up Reserve.

(d) **Merger; Dissolution; Consolidation of the Liquidating Debtors**. On or after the date(s) upon which the Plan Administration Trust is established, the Liquidating Debtors or the PPLP Liquidator may, subject to the terms of the Plan, cause any or all of the Liquidating Debtors to be merged into one or more of the Liquidating Debtors, dissolved or otherwise consolidated and engage in any other transaction in furtherance of the Plan. Notwithstanding the foregoing, upon the dissolution of each Liquidating Debtor by the PPLP Liquidator after the completion of the acts required of such Liquidating Debtor pursuant to this Plan, such Liquidating Debtor shall be deemed dissolved for all purposes without the necessity for any other or further actions to be taken by or on behalf of such Liquidating Debtor; *provided*, *however*, that each Liquidating Debtor or the PPLP Liquidator, as applicable, shall file with the office of the Secretary of State, or other appropriate office for the state of its organization, a certificate of cancellation or dissolution.

(e) **Charter and Bylaws**. To the extent necessary or appropriate, the charters, by-laws and other organizational documents of the Debtors shall be amended, or amended and restated as necessary, in a manner consistent with section 1123(a)(6) of the Bankruptcy Code, if applicable, and the terms of this Plan.

(f) **No Further Action**. Each of the matters provided for under the Plan involving the corporate structure of the Debtors or the Plan Administration Trust, or corporate action to be taken by or required of the Debtors, shall, as of the Effective Date, be deemed to have occurred (unless contemplated hereunder to occur before or after the Effective Date) and be effective as provided herein, and shall be authorized and approved in all respects without any requirement of further action by any Person, including, but not limited to, the Plan Administration Trustee, the PPLP Liquidator, Holders of Claims against or Interests in the Debtors or directors or officers of the Debtors.

(g) **Effectuating Documents**. Prior to or after the Effective Date, any appropriate officer of the Debtors or the PPLP Liquidator, as applicable, shall be authorized to execute, deliver, file or record such contracts, instruments, releases, indentures and other agreements or documents, and to take such actions as may be necessary or appropriate to effectuate and further evidence the terms and conditions of the Plan.

(h) **Exculpation and Indemnification of the PPLP Liquidator**. To the maximum extent permitted by applicable law, the PPLP Liquidator shall not have or incur any liability for

actions taken or omitted in its capacity as the PPLP Liquidator, except those acts found by Final Order to be arising out of its willful misconduct, bad faith, gross negligence, or fraud, and shall be entitled to indemnification, advancement and reimbursement for reasonable fees and expenses in defending any and all of its actions or inactions in its capacity as the PPLP Liquidator, except for any actions or inactions found by Final Order to be arising out of its willful misconduct, bad faith, gross negligence or fraud. Any valid indemnification claim of the PPLP Liquidator shall be satisfied from the Wind-Up Reserve.

5.16 ***Cancellation of Notes, Interests, Instruments, Certificates and Other Documents***.

Except as otherwise provided herein, on and after the Effective Date, all PPLP Interests and PPI Interests and all notes, instruments, certificates, agreements, indentures, mortgages, security documents and other documents evidencing Claims against or Interests in the Debtors or obligations of the Debtors or the Liquidating Debtors, as applicable, thereunder or in any way related to the foregoing shall be deemed canceled, satisfied in full and of no further force or effect without any need for further action or approval of the Bankruptcy Court.

5.17 ***Closing of Chapter 11 Cases***.

After a Debtor's Estate has been fully administered, the Plan Administration Trustee shall seek authority from the Bankruptcy Court to close the applicable Chapter 11 Case in accordance with the Bankruptcy Code and Bankruptcy Rules.

ARTICLE VI DISTRIBUTIONS.

6.1 ***Distributions Generally***.

Except as otherwise provided in the Plan or the PAT Agreement, all Distributions in respect of Allowed Claims, other than Channeled Claims, shall be made by the Disbursing Agent, or such other Persons designated by the Plan, in accordance with the terms of the Plan, including this Article VI. Except with respect to Sections 6.17, 6.20, and 6.21 of the Plan, this Article VI shall not apply to Channeled Claims.

6.2 ***Distributions on the Effective Date***.

On the Effective Date or as soon as reasonably practicable thereafter, the Disbursing Agent shall make Distributions (a) from the Priority Claims Reserve in respect of Allowed Administrative Claims, Allowed Secured Claims and Allowed Priority Claims, each in an amount and to the extent Allowed as of the Effective Date, and (b) from the PAT Distribution Account in respect of Allowed Avrio General Unsecured Claims and Allowed Adlon General Unsecured Claims, each in an amount required in accordance with this Article VI of the Plan and solely to the extent Allowed as of the Effective Date.

6.3 ***Date of Distributions***.

In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date.

6.4 ***Disbursing Agent***.

The Disbursing Agent shall be deemed to hold all property to be distributed under this Plan in trust for the Persons entitled to receive the same. The Disbursing Agent shall not hold an economic or beneficial interest in the property to be distributed under this Plan. The Disbursing Agent shall not be required to give any bond or surety or other security for the performance of its duties.

6.5 ***Rights and Powers of Disbursing Agent***.

The Disbursing Agent shall be empowered to (a) effect all actions and execute all agreements, instruments and other documents necessary to perform its duties under the Plan, (b) make all Distributions contemplated by the Plan, (c) employ professionals to represent it with respect to its responsibilities and (d) exercise such other powers as may be vested in the Disbursing Agent by order of the Bankruptcy Court, pursuant to the Plan or as deemed by the Disbursing Agent to be necessary and proper to implement the provisions of the Plan.

The Disbursing Agent shall only be required to act and make Distributions in accordance with the terms of the Plan and the PAT Agreement, and shall have no (x) liability for actions taken in accordance with the Plan and the PAT Agreement or in reliance upon information provided to it in accordance with the Plan or (y) obligation or liability in respect of any Channeled Claims or for Distributions under the Plan to any party who does not hold an Allowed Claim administered by the Plan Administration Trust at the time of Distribution or who does not otherwise comply with the terms of the Plan; *provided*, *however*, that the foregoing shall not affect the liability that otherwise would result from any such act or omission to the extent such act or omission is determined by a Final Order to have constituted willful misconduct, gross negligence, intentional fraud or criminal conduct of any such Person.

6.6 ***Expenses of Disbursement Agent***.

Any reasonable fees and expenses incurred by the Disbursing Agent on or after the Effective Date shall be paid in Cash by the Plan Administration Trustee from the Wind-Up Reserve.

6.7 ***Delivery of Distributions***.

Subject to Bankruptcy Rule 9010, the Disbursing Agent shall make all Distributions to any Holder of an Allowed Claim at the address of such Holder (a) as set forth on the Schedules filed with the Bankruptcy Court or (b) on the books and records of the Debtors or their agents, unless the Disbursing Agent has been notified in writing of a change of address, including, without limitation, by filing of a Proof of Claim by such Holder that contains an address for such Holder that is different than the address of such Holder as set forth in the Schedules or on such books and records of the Debtors.

6.8 ***Undeliverable and Unclaimed Distributions***.

In the event that any Distribution to any Holder of an Allowed Claim is returned as undeliverable, no Distribution to such Holder shall be made unless and until the Disbursing Agent has been notified of the then-current address of such Holder, at which time or as soon as reasonably practicable thereafter such Distribution shall be made to such Holder without interest; *provided*, *however*, that all Distributions made by the Disbursing Agent that are unclaimed for a period of six (6) months after the Distribution thereof shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revest in the Plan Administration Trust, and any entitlement of any Holder of any Claims to such Distributions shall be extinguished and forever barred.

6.9 ***Distribution Record Date***.

As of the close of business on the Distribution Record Date, the Claims register shall be closed. The Disbursing Agent shall have no obligation to recognize any transfer of any such Claims occurring after the close of business on the Distribution Record Date and shall instead be entitled to recognize and deal, for all purposes under the Plan, with only those Holders of record as of the close of business on the Distribution Record Date.

6.10 ***Manner of Payment under Plan***.

At the option of the Disbursing Agent, any Cash payment to be made pursuant to the Plan may be made by a check or wire transfer or as otherwise required or provided in the PAT Agreement.

6.11 ***Minimum Cash Distributions***.

The Disbursing Agent shall not be required to make any Distributions of Cash in an amount less than $100, or such lower amount as determined by the Disbursing Agent in accordance with the PAT Agreement, to any Holder of an Allowed Claim; *provided*, *however*, that if any Distribution is not made pursuant to this Section 6.11, such Distribution shall be added to any subsequent Distribution to be made on behalf of such Holder's Allowed Claims. The Disbursing Agent shall not be required to make any final Distribution of Cash in an amount less than $25 to any Holder of an Allowed Claim. If the amount of any final Distribution to any Holder of Allowed Claims would be $25 or less, then such Distribution shall be made available for Distribution to all Holders of Allowed Claims in the same Class receiving final Distributions of at least $25.

6.12 ***Setoffs and Recoupment***.

Subject to Section 2.1 and Sections 10.5 through 10.13 of the Plan, the Disbursing Agent may, but shall not be required to, set off against or recoup from any Claim against the Debtors, and from any payments to be made pursuant to the Plan with respect to such Claim, any Claims of any nature whatsoever (to the extent permitted by applicable law) that the Debtors or the Plan Administration Trust, as applicable, may have against the Holder of such Claim, but neither the failure to do so nor the allowance of any Claim hereunder shall constitute a waiver or release by the Debtors or the Plan Administration Trust of any such Claim it may have against such Holder.

6.13 ***Claims Paid or Payable by Third Parties***.

The Plan Administration Trustee shall reduce in full a Claim against the Debtors, and such Claim shall be Disallowed without a Claims objection having to be filed and without any further notice to or action, order or approval of the Bankruptcy Court, to the extent that the Holder of such Claim receives payment in full on account of such Claim from any Person that is not a Debtor. Subject to the last sentence of this paragraph, to the extent a Holder of a Claim against the Debtors receives a Distribution on account of such Claim and receives payment from a Person that is not a Debtor on account of such Claim, such Holder shall, within fourteen (14) days of receipt thereof, repay or return the Distribution to the Plan Administration Trust to the extent the Holder's total recovery on account of such Claim from the third party and under the Plan exceeds the amount of such Claim as of the date of any such Distribution under the Plan. The failure of such Holder to timely repay or return such Distribution shall result in the Holder owing the Debtors annualized interest at the federal judgment rate on such amount owed for each Business Day after the fourteen (14)-day grace period specified above until the amount is repaid.

6.14 ***Distributions after Effective Date***.

Distributions made after the Effective Date to Holders of Non-Participating Channeled Claims and other Disputed Claims that are not Allowed Claims as of the Effective Date, but which later become Allowed Claims, shall be deemed to have been made on the Effective Date (except for U.S. federal income tax purposes).

6.15 ***No Postpetition Interest and Penalties on Claims***.

Unless otherwise provided for in the Plan or the Confirmation Order or required by the Bankruptcy Code, no Holder of a Claim shall be entitled to interest accruing on or after the Petition Date or to penalties on any Claim. Any such interest or penalty component of any such Claims, if Allowed, shall be paid only in accordance with section 726(b) of the Bankruptcy Code.

6.16 ***Allocation of Distributions between Principal and Interest***.

To the extent that any Allowed Claim is based upon any obligation or instrument that is treated for U.S. federal income tax purposes as indebtedness of any Debtor or any other Person and is entitled to accrued but unpaid interest thereon, it is intended, subject to applicable law, that such Distribution shall be allocated first to the principal amount of the Allowed Claim (as determined for U.S. federal income tax purposes) and then, to the extent the consideration exceeds the principal amount of the Allowed Claim, to accrued but unpaid interest.

6.17 ***No Constructive Receipt***.

No Holder of Claims shall be treated as receiving a Distribution for U.S. federal income tax purposes except to the extent such Holder is entitled to receive such Distribution directly under the Plan (or such Distribution is made in satisfaction of an obligation of such Holder). All parties (including, without limitation, Holders of Claims against or Interests in the Debtors, the Related Parties of such Holders, the Debtors, the Master Disbursement Trust, the MDT Trustees and the Creditor Trusts) shall report consistently with the foregoing for U.S. federal income tax purposes.

6.18 ***No Distribution in Excess of Amount of Allowed Claim***.

Notwithstanding anything to the contrary in this Plan, no Holder of an Allowed Claim shall receive, on account of such Allowed Claim, Distributions in excess of the Allowed amount of such Claim when combined with amounts received by such Holder from other sources.

6.19 ***Satisfaction of Claims***.

Unless otherwise provided herein, the Distributions and deliveries to be made on account of Allowed Claims under this Plan shall, in the aggregate, be in complete and final satisfaction, settlement and discharge of, and exchange for, such Allowed Claims. The Distributions and deliveries to be made on account of Claims under this Plan shall additionally be in consideration of the release and discharge of any and all Released Claims and Shareholder Released Claims related to or arising from such Claims.

6.20 ***Withholding and Reporting Requirements***.

(a) **Withholding Rights**. In connection with the Plan, and all instruments or Interests issued in connection therewith and in consideration thereof, any party issuing any instrument or Interest or making any Distribution described in the Plan shall comply with all applicable withholding and

reporting requirements imposed by any U.S. federal, state or local or foreign taxing authority, and all Distributions pursuant to the Plan and all related agreements shall be subject to any such withholding or reporting requirements to the extent required under applicable law. In the case of a non-Cash Distribution that is subject to withholding, the distributing party may withhold a portion of such distributed property equal in value to the tax to the extent required to be withheld, and either (i) sell such withheld property to generate Cash necessary to pay over the withholding tax (or reimburse the distributing party for any advance payment of the withholding tax), or (ii) pay the withholding tax using its own funds and retain such withheld property. Any amounts withheld pursuant to this Section 6.20(a) and properly remitted to the applicable Governmental Unit shall be deemed to have been distributed to, and received by, the applicable recipient for all purposes of the Plan. In the event that any Person issues any instrument or Interest or makes any non-Cash Distribution pursuant to the Plan that is subject to withholding tax and such issuing or distributing party has not sold such withheld property to generate Cash to pay the withholding tax, or paid the withholding tax using its own funds and retained such withheld property as described above, such issuing or distributing party has the right, but not the obligation, to not make a Distribution until such Holder has made arrangements reasonably satisfactory to such issuing or disbursing party for payment of any such tax obligations, after which such issuing or disbursing party shall return to such Holder the portion of the property previously withheld.

(b) **Forms**. Any party entitled to receive any Cash or other property under the Plan shall, upon request, deliver to the Disbursing Agent, the Master Disbursement Trust, the applicable Creditor Trust, NewCo, the Foundation or such other Person designated by the Plan Administration Trustee (which Person shall subsequently deliver to the Disbursing Agent any applicable IRS Form W-8 or Form W-9 or other forms or documents received), as applicable, a properly executed IRS Form W-9 or Form W-8, as applicable, and any other forms or documents reasonably requested by such party, to reduce or eliminate any withholding required by any U.S. federal, state, local or foreign taxing authority. Except as otherwise provided in the Creditor Trust Documents, as applicable, if any such request is made by such party in accordance with the foregoing, and the Holder fails to comply before the date that is three hundred sixty-five (365) calendar days after the request is made, the amount of such Distribution shall irrevocably revert to the Plan Administration Trust, the Master Disbursement Trust, the applicable Creditor Trust, NewCo or the Foundation, as applicable, and any Claim with respect to such Distribution shall be discharged and forever barred from assertion against such party or its property.

(c) **Tax Liability**. Notwithstanding Section 6.20(a), each Holder of a Claim or other Person that receives or is to receive a Distribution pursuant to this Plan shall have the sole and exclusive responsibility for the satisfaction and payment (to the extent not withheld from such Distribution pursuant to Section 6.20(a) of the Plan) of any tax obligations imposed on such Holder by any Governmental Unit, including income, withholding and other tax obligations, on account of such Distribution.

6.21 ***Post-Confirmation Claims***.

Except as otherwise provided in the applicable Creditor Trust TDP, in the event a Person seeks payment at any time on account of a Channeled Claim as to which no Proof of Claim was filed before the Bar Date and/or for which no motion seeking leave or order granting leave to file a late Proof of Claim was filed or entered before the Confirmation Date, or as to which no Proof of Claim was required to be filed, such Person shall not be entitled to any payment or distribution on account of such Channeled Claim unless such Channeled Claim is held by a Settling Creditor. If such Channeled Claim is held by a Settling Creditor, such Person shall be entitled to seek to recover on such Channeled Claim solely from the Creditor Trust to which such Channeled Claim is or was channeled pursuant to the Master TDP, as determined by the Bankruptcy Court, and any such recovery shall be solely in accordance with and to the extent provided in the Creditor Trust TDP for such Creditor Trust. After the Effective Date, in addition

to the Person seeking to assert such Channeled Claim and any Person against which such Channeled Claim is purportedly asserted, only the MDT Trustees, the Creditor Trustees and NewCo shall have standing to participate in any action before the Bankruptcy Court [(or, in the event that such actions are heard before another tribunal, before such tribunal)] in respect of the foregoing. For the avoidance of doubt, nothing in this paragraph is intended or shall be construed to enlarge, amend or modify the provisions of the Bar Date Order, nor is anything in this paragraph intended to derogate from, modify or amend the terms and conditions of any Creditor Trust TDP or the Master TDP or the rights of any MDT Trustee, Creditor Trustee or claims administrator for any Creditor Trust.

ARTICLE VII PROCEDURES FOR NON-PARTICIPATING CHANNELED CLAIMS AND OTHER DISPUTED CLAIMS.

7.1 *Procedures for Non-Participating Channeled Claims and other Disputed Claims Generally*.

Except as otherwise provided in the Plan, the PAT Agreement, or the Creditor Trust Documents, all Claims against the Debtors that are Non-Participating Channeled Claims or otherwise Disputed as of the Effective Date shall be subject to the claims resolution procedures set forth in the Plan, including this Article VII. Any Distributions on account of Non-Participating Channeled Claims or other Disputed Claims shall be reserved pending the completion of the Claims resolution process in this Article VII.

7.2 *Non-Participating Claims Reserves; PAT Disputed Claims Reserves*.

(a) **Establishment**. On the Effective Date, or as soon as reasonably practicable thereafter, the Plan Administration Trustee and each applicable Creditor Trustee shall, consistent with and subject to section 1123(a)(4) of the Bankruptcy Code, with respect to each applicable Class of Claims against the Debtors, establish the PAT Disputed Claims Reserves or the applicable Non-Participating Claims Reserve(s) for such Class.

(b) **Funding of PAT Disputed Claims Reserves**. The PAT Disputed Claims Reserves shall be (i) funded on the Effective Date with Effective Date Cash in an amount determined by the Debtors and reasonably acceptable to the Creditors' Committee, the Governmental Consent Parties and, solely with respect to amounts funded on account of Disputed Other General Unsecured Claims, the Sackler Parties' Representative. Following establishment of the PAT Disputed Claims Reserves, the Plan Administration Trustee shall administer the applicable PAT Disputed Claims Reserve, in each case taking into account any changes in the projected distributions to Holders of the applicable Disputed Claims.

(c) **Funding of Creditor Trust Non-Participating Claims Reserves**. With respect to the Creditor Trust Non-Participating Claims Reserves other than the Class 4 Non-Participating Claims Reserves, (i) each Creditor Trust PRA Non-Participating Claims Reserve and each Select Private Creditor Trust Non-Participating Claims Reserve will be funded on the Effective Date, and from time to time on or after the Effective Date, by the PRA Estate Distributions to which the Holders of the Non-Participating Channeled Claims in such Class would be entitled should their Claims be Allowed Claims pursuant to the applicable Creditor Trust TDP, and (ii) each Creditor Trust Non-PRA Non-Participating Claims Reserve will be funded from time to time after the Effective Date, in an amount equal to the Non-PRA Estate Distributions to which the Holders of the Non-Participating Channeled Claims in such Class would be entitled should their Claims be Allowed Claims pursuant to the applicable Creditor Trust TDP, in each case as determined by the applicable Creditor Trustee and reasonably acceptable to the Debtors, the Creditors' Committee, the Governmental Consent Parties [and the Sackler Parties' Representative], and (i) with respect to the Class 5 Non-Participating Claims Reserves, the Native American Tribe Group, (ii) with respect to the Class 6 Non-Participating Claims Reserve, the Public School District Claimants, (iii) with

respect to the Class 7 Non-Participating Claims Reserve, the Ad Hoc Group of Hospitals, (iv) with respect to the Class 8 Non-Participating Claims Reserve, the Third-Party Payor Group, (v) with respect to the Class 9 Non-Participating Claims Reserve, the ERP Trustee, (vi) with respect to the Class 10(a) Non-Participating Claims Reserve, the NAS Committee, and (vii) with respect to the Class 10(b) Non-Participating Claims Reserves, the Ad Hoc Group of Individual Victims.

(d) **Funding of Class 4 Non-Participating Claims Reserves**. The Class 4 PRA Non-Participating Claims Reserve and Class 4 Non-PRA Non-Participating Claims Reserve shall be funded by the Governmental Remediation Trust with the Non-Settling States Holdback Distributions and the Non-Settling Subdivisions Holdback Distributions as Distributions are made by the Master Disbursement Trust to the Governmental Remediation Trust, in each case, in accordance with the following requirements;

(i) In the event that a State is a Non-Settling State on the Effective Date, then such State and each Subdivision of such State that has filed a Proof of Claim will be deemed to hold a Non-Participating Channeled Claim, and (A) a Non-Settling States Holdback Distribution on account of such State and each such Subdivision, that is a PRA Estate Distribution shall be deposited in the Class 4 Creditor Trust PRA Non-Participating Claims Reserve and (B) a Non-Settling States Holdback Distribution on account of such State and each such Subdivision, that is a Non-PRA Estate Distribution shall be deposited in the Class 4 Creditor Trust Non-PRA Non-Participating Claims Reserve. The Non-Settling States Holdback Distribution for the benefit of such Non-Settling State shall be equal to such State's share of Estate Distributions based on the interstate allocation as further described in Governmental Remediation Trust Documents. Any Non-Settling State's share shall be subdivided generally in accordance with the default state-subdivision allocation set forth in the Governmental Entity Shareholder Direct Settlement Agreement as if there was no applicable state-subdivision agreement. The portion of a Non-Settling State's share allocated to its Subdivisions who filed Proofs of Claim shall be further subdivided based on the applicable subdivision metrics developed by the MDL Plaintiffs' Executive Committee.

(ii) Subject to Section 7.2(d)(iii), in the event that a State is a Settling State, but one or more of its Subdivisions that filed Proofs of Claim are not Participating Subdivisions, then the amount of the total PRA Estate Distributions and Non-PRA Estate Distributions allocated to such State shall be reduced by an amount equal to the share that a Non-Settling Subdivision would have received under (A) the intrastate allocation agreement that exists between that Settling State and its Subdivisions (if an intrastate allocation agreement exists), (B) the intrastate allocation statute (if an intrastate allocation statute exists), or (C) the default state-subdivision allocation set forth in the Governmental Entity Shareholder Direct Settlement Agreement (if no intrastate allocation agreement or statute exists), with the Non-Settling Subdivision's share calculated based on the applicable

subdivision metrics developed by the MDL Plaintiffs' Executive Committee, with the amounts of such reductions deposited, (X) in the case of PRA Estate Distributions, in the Class 4 PRA Non-Participating Claims Reserve and (Y) in the case of Non-PRA Estate Distributions, in the Class 4 Non-PRA Non-Participating Claims Reserve. Non-Settling Subdivisions that have filed Proofs of Claim and whose Claims are or may be Allowed may be entitled to different allocations of Estate Distributions upon such Subdivision becoming a Participating Subdivision.

(iii) In the event a Non-Settling Subdivision is located in a Settling State that has a statutory bar against such Non-Settling Subdivision pursuing a Released Claim, such Creditor Trust shall not be required to reserve any amount on account of the Non-Participating Non-Federal Domestic Governmental Claim held by such Non-Settling Subdivision.

(iv) The Class 4 PRA Non-Participating Claims Reserve shall be funded over time from each PRA Estate Distribution and the Class 4 Non-PRA Non-Participating Claims Reserve shall be funded over time from each Non-PRA Estate Distribution, in each case, on account of each such Class 4 Non-Participating Channeled Claim, as applicable, including such amount(s) payable on account of Attorneys' Fees under Section 5.9 of this Plan.

(e) **U.S. Federal Income Tax Matters Relating to the Creditor Trust Non-PRA Non-Participating Claims Reserves**. [Each Creditor Trust Non-PRA Non-Participating Claims Reserve is intended to be treated and shall be reported as an account of the corresponding Creditor Trust, and not as an entity separate from the corresponding Creditor Trust, for U.S. federal income tax purposes, and shall be treated consistently for state and local tax purposes, to the extent applicable. All parties (including the Shareholder Payment Parties, the Debtors, the Foundation, the MDT Trustees, the Plan Administration Trustee, each applicable Creditor Trustee, and Holders of Non-Participating Claims and other Disputed Claims) shall be required to report for tax purposes in a manner consistent with the foregoing. Each applicable Creditor Trustee shall each be responsible for payment, out of the assets of the applicable Creditor Trust Non-PRA Non-Participating Claims Reserve, of any taxes imposed on the applicable Creditor Trust Non-PRA Non-Participating Claims Reserve or its assets.][21]

(f) **U.S. Federal Income Tax Matters Relating to the Creditor Trust PRA Non-Participating Claims Reserve**. Each Creditor Trust PRA Non-Participating Claims Reserve and each Select Private Creditor Trust Non-Participating Claims Reserve is intended to be treated and shall be reported as a qualified settlement fund for U.S. federal income tax purposes. Pursuant to the Master Shareholder Settlement Agreement, PRA L.P. will timely elect to treat each Creditor Trust PRA Non-Participating Claims Reserve and each Select Private Creditor Trust Non-Participating Claims Reserve as a "grantor trust," pursuant to Section 1.468B-1(k) of the Treasury Regulations, for U.S. federal income tax purposes and, to the extent permitted under applicable law, for state and local tax purposes, for which PRA L.P. is the sole grantor, owner and transferor, and will not revoke such election. All parties (including the Shareholder Payment Parties, the Debtors, the Foundation, the Plan Administration Trustee, each applicable Creditor Trustee, and Holders of Non-Participating Claims and other Disputed Claims) shall be required to

[21] [**NTD**: Subject to continuing tax review]

report for tax purposes in a manner consistent with the foregoing. The applicable Creditor Trustee shall be the "administrator," within the meaning of Treasury Regulations section 1.468B-2(k)(3), of each Creditor Trust PRA Non-Participating Claims Reserve and each Select Private Creditor Trust Non-Participating Claims Reserve. PRA L.P. shall be responsible for payment of any taxes imposed on or collected from a Creditor Trust PRA Non-Participating Claims Reserve or a Select Private Creditor Trust Non-Participating Claims Reserve or its respective assets or income.

7.3 ***Claim Objections***.

(a) **Prior to Effective Date**. Prior to the Effective Date, objections to Claims against the Debtors may be interposed and prosecuted by the Debtors and any other party in interest, including, for the avoidance of doubt, any Shareholder Released Party; *provided*, that no Shareholder Released Party shall interpose any objection to a Claim held by a Settling Creditor.

(b) **PAT Disputed Claims Reserves**. On or after the Effective Date, except as otherwise provided in the Plan or the PAT Agreement, objections to Avrio General Unsecured Claims, Adlon General Unsecured Claims, and Other General Unsecured Claims against the Debtors may be interposed and prosecuted only by the Plan Administration Trustee, provided that with respect to Disputed Other GUC Litigation Claims, such objections may be interposed and prosecuted by any other party in interest, including, for the avoidance of doubt, any Shareholder Released Party. Any objections to Avrio General Unsecured Claims, Adlon General Unsecured Claims, and [Other General Unsecured Claims][22] shall be served on the applicable Holders of such Claims and filed with the Bankruptcy Court (A) on or before one hundred eighty (180) days following the later of (i) the Effective Date and (ii) the date that a Proof of Claim is filed or amended or a Claim is otherwise asserted or amended in writing by or on behalf of the Holder of such Claim or (B) on such later date as may be fixed by the Bankruptcy Court (including upon request by a party in interest, including, for the avoidance of doubt, any Shareholder Released Party).

(c) **Objections to Non-Participating Channeled Claims**. On or after the Effective Date, except as otherwise provided in the Plan or the applicable Creditor Trust Documents, objections to Non-Participating Channeled Claims may be interposed and prosecuted by the Master Disbursement Trust and any other party in interest, including, for the avoidance of doubt, the applicable Creditor Trustee or any Shareholder Released Party, and the Bankruptcy Court shall retain exclusive jurisdiction to the greatest extent permitted by applicable law to hear and determine such objections.

(d) **Proceedings on Objections to Creditor Trust Channeled Claims other than in Class 4**. In connection with any objection to a Non-Participating Channeled Claim other than a Non-Participating Channeled Claim in Class 4, any judgment entered (i) as to the validity of such Claim shall constitute a binding determination that such Claim is either Allowed or Disallowed; and (ii) as to the amount of such Claim shall not be binding for purposes of Distribution, which shall instead be determined in accordance with Section 7.7(b) of this Plan and the applicable Creditor Trust Documents. The Bankruptcy Court (or any other court of competent jurisdiction in connection with such an objection) may, at its discretion, decline to enter any judgment as to the amount of a Non-Participating Channeled Claim.

(e) **Proceedings on Objections to Creditor Trust Channeled Claims in Class 4**. In connection with any objection to a Non-Participating Channeled Claim in Class 4, any judgment entered (i) as to the validity of such Claim shall constitute a binding determination that such claim is either Allowed or Disallowed; and (ii) shall not determine the amount of such Claim for purposes of Distribution, which shall instead be determined in accordance with Section 7.7(c) of this Plan. The Bankruptcy Court (or

[22] [**NTD**: Subject to ongoing discussion]

any other court of competent jurisdiction in connection with such an objection) may, at its discretion, decline to enter any judgment as to the amount of a Non-Participating Channeled Claim.

(f) **Omnibus Objections to Non-Participating Channeled Claims**. On or after the Effective Date, notwithstanding anything to the contrary in Bankruptcy Rule 3007, any party in interest, including, for the avoidance of doubt, the Creditor Trustee for the applicable Creditor Trust or any Shareholder Released Party, may object to more than one Non-Participating Channeled Claim consistent with the *Omnibus Claims Objection Procedures Approved in the Bankruptcy Court's Corrected Order Approving (I) Omnibus Claims Objection Procedures, (II) Omnibus Claims Settlement Procedures and (III) Omnibus Claims Hearing Procedures* [D.I. 2878] (the "**Omnibus Claims Objection Order**") as if (solely for purposes of such procedures) such party in interest were the Debtors. Any such omnibus objection shall be governed by the Omnibus Claims Hearing Procedures set forth in the Omnibus Claims Objection Order.

(g) **Joint Hearings on Common Issues of Law or Fact**. To the extent that multiple pending objections to Non-Participating Channeled Claims in the same Class (including when brought as an omnibus objection pursuant to Section 7.3(f) of this Plan) raise common issues of law or fact, including for the avoidance of doubt issues of fact as to the Debtors' or other parties' alleged conduct, the Bankruptcy Court may, to the extent practicable and consistent with applicable law, schedule joint hearings in respect of such common issues, including joint evidentiary hearings as to issues of fact. For the avoidance of doubt, this Section 7.3(g) shall apply notwithstanding differences in the law governing Non-Participating Channeled Claims to which this Section applies.

7.4 ***No Distribution Pending Allowance***.

Except as otherwise expressly provided in the Plan or the PAT Agreement, if any portion of any Claim in any Class in this Plan, including any Avrio General Unsecured Claims, Adlon General Unsecured Claims, or Other General Unsecured Claims is Disputed or Non-Participating, no payment or Distribution provided under the Plan shall be made on account of such Claim unless and until such Disputed Claim or Non-Participating Claim becomes an Allowed Claim.

7.5 ***Estimation of Claims***.

Subject in all respects to Section 7.12 of the Plan, the Debtors (before the Effective Date), and the Plan Administration Trustee (on or after the Effective Date), or any party in interest (including, for the avoidance of doubt, any Shareholder Released Party) may, at any time, request that the Bankruptcy Court estimate, pursuant to section 502(c) of the Bankruptcy Code, any Disputed Avrio General Unsecured Claims, Disputed Adlon General Unsecured Claims or Disputed Other General Unsecured Claims that the Bankruptcy Court has jurisdiction to estimate in accordance with the Bankruptcy Code or other applicable law, regardless of whether an objection was previously filed with the Bankruptcy Court with respect to such Claim, or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court shall retain jurisdiction to estimate any such Claim at any time during litigation concerning any objection to any such Claim, including during the pendency of any appeal relating to any such objection. If the Bankruptcy Court estimates such a Disputed Claim, such estimated amount shall constitute either the Allowed amount of such Claim, the amount used to determine the PAT Disputed Claims Reserves or a maximum limitation on such Claim, as determined by the Bankruptcy Court. If such estimated amount constitutes a maximum limitation on such Claim, the Plan Administration Trustee or any party in interest (including, for the avoidance of doubt, any Shareholder Released Party) may elect to pursue any supplemental proceeding to object to any ultimate Distribution on account of such Claim.

7.6 ***Resolution of Claims***.

Subject in all respects to Section 7.12 of the Plan, and except as expressly provided in the Plan, the PAT Agreement, the applicable Creditor Trust Documents, or any order entered by the Bankruptcy Court before the Effective Date, including the Confirmation Order, the MDT Trustees, the Plan Administration Trustee and each applicable Creditor Trustee shall have and retain any and all rights and defenses held by the Debtors with respect to any Claim against the Debtors as of the Petition Date, and, subject in all respects to Section 7.12 of the Plan, shall have the authority to compromise, settle, otherwise resolve or withdraw any objections to such Claims and to compromise, settle or otherwise resolve any Non-Participating Channeled Claims and other Disputed Claims without approval of the Bankruptcy Court; *provided*, *however*, that no Non-Participating Channeled Claim or other Disputed Claim may be resolved as contemplated in this Section 7.6 without the consent of the corresponding Creditor Trustee or Plan Administration Trustee, as applicable. Subject to the applicable Creditor Trust Documents, if the Master Disbursement Trust, the Plan Administration Trustee or the applicable Creditor Trustee, as applicable, and a Holder of a Non-Participating Channeled Claim or other Disputed Claim are unable to reach a settlement on the Non-Participating Channeled Claim or other Disputed Claim within [●] of the Effective Date, such Non-Participating Channeled Claim or other Disputed Claim shall be submitted to the Bankruptcy Court for resolution consistent with this Article VII of the Plan. For the avoidance of doubt, nothing in this Section 7.6 shall (i) alter the processes for determining Distributions to the Holders of Allowed Channeled Claims set forth in this Plan, any order of the Bankruptcy Court, and the applicable Creditor Trust Documents or (ii) limit the rights and obligations of the Creditor Trustees in connection with such processes.

7.7 ***Distribution After Allowance***.

(a) **PAT Disputed Claims Reserves**. In accordance with the PAT Agreement, on the first PAT Distribution Date following the date on which a Disputed Avrio General Unsecured Claim, Disputed Adlon General Unsecured Claim or Disputed Other General Unsecured Claim becomes an Allowed Claim, the Disbursing Agent shall remit to the respective PAT Distribution Account, for Distribution to the Holder of such Allowed Claim, the Cash or cash equivalents retained in the applicable PAT Disputed Claims Reserve in an amount equal to any amount that would have been distributed to the Holder of such Claim from the Effective Date through and including the PAT Distribution Date if such Claim had been Allowed as of the Effective Date, net of any costs and expenses, including taxes (if any), of or related to the applicable PAT Disputed Claims Reserve. Each Holder of a Disputed Avrio General Unsecured Claim, Disputed Adlon General Unsecured Claim and Disputed Other General Unsecured Claim that ultimately becomes an Allowed Claim shall have recourse only to the undistributed Cash held in the applicable PAT Disputed Claims Reserve for satisfaction of such Holders' Allowed Claim and shall have no recourse against any Protected Party or any Assets previously distributed on account of any Allowed Claim. No distribution from a PAT Disputed Claims Reserve or otherwise shall be made on account of any Disputed Claim unless such Disputed Claim is Allowed by a Final Order.

(b) **Creditor Trust Non-Participating Claims Reserves**. With respect to the Creditor Trust Non-Participating Claims Reserves other than the Class 4 Non-Participating Claims Reserves, in accordance with the applicable Creditor Trust Documents, following the date on which a Non-Participating Channeled Claim becomes an Allowed Claim, each applicable Creditor Trust shall distribute to the Holder of such Allowed Claim the Cash or cash equivalents retained in the applicable Creditor Trust Non-Participating Claims Reserve(s) in an amount equal to any Estate Distribution amount that would have been distributed to the Holder of such Claim from the Effective Date through and including the applicable distribution date if such Claim had been Allowed as of the Effective Date pursuant to the applicable Creditor Trust TDP, net of any costs and expenses, including taxes (if any), of or related to the applicable Non-Participating Claims Reserve, and shall be entitled to receive its pro rata share of Estate Distributions as a

Holder of an Allowed Claim in its applicable Class if and when such distribution is made, pursuant to the applicable Creditor Trust TDP. For the avoidance of doubt, nothing herein shall entitle the Holder of a Non-Participating Claim, regardless of Allowance, to any share of the Shareholder Direct Settlement Portion. Each Holder of a Non-Participating Channeled Claim that ultimately becomes an Allowed Claim shall have no recourse against any Protected Party or any Assets previously distributed on account of any Allowed Claim.

(c) **Class 4 Non-Participating Claims Reserve**. Upon the Allowance of a Non-Participating Channeled Claim in Class 4, (i) the Governmental Remediation Trust shall distribute from the Class 4 Non-Participating Claims Reserves to the holder of such Allowed Claim an amount equal to the Estate Distribution the Holder of such Claim would have received if such Claim was an Allowed Class 4 Claim on the Effective Date, less (A) any costs, expenses, and fees (including taxes, if any) of or related to the Class 4 Non-Participating Claims Reserves and (B) any costs, expenses, and fees incurred by the Governmental Remediation Trust, the Master Disbursement Trust, the Debtors, or any Released Party (to the extent not already claimed or paid to or on behalf of any Released Party out of the Direct Claim Settlement Retained Payment Amounts or the Special Operating Reserve) arising out of, in relation to, or in connection with litigating or in any way resolving any objection to that Class 4 Claim, and (ii) the Holders of such Claim shall be entitled to receive further Estate Distributions pursuant to Article VI of the Plan.

7.8 ***Disallowance of Non-Participating Channeled Claims and Other Disputed Claims***.

(a) **PAT Disputed Claims Reserves**.

(i) Upon Disallowance of a Disputed Avrio General Unsecured Claim, Disputed Adlon General Unsecured Claim or Disputed Other General Unsecured Claim other than Disputed Other GUC Litigation Claims, in whole or in part, the Plan Administration Trustee shall (i) first, reallocate all amounts reserved for distribution on account of such Disallowed Claim or the Disallowed portion thereof (the "***Disallowed Claim Distribution***") to Holders of then Allowed and Disputed Claims in the applicable Class and (ii) second, distribute the Disallowed Claim Distribution that has been so reallocated to each Holder of an Allowed Claim in such Class and allocate to the PAT Disputed Claims Reserve for such Class, pro rata, in accordance with clause (i) of this sentence.

(ii) Upon Disallowance of a Disputed Other GUC Litigation Claim, any amounts held on account of such Disputed Other GUC Litigation Claim shall be transferred by the Plan Administration Trustee to the PAT Released Claims Reserve and any future distribution that would have been made to the Disputed Other General Unsecured Claims Reserve on account of such Disputed Other GUC Litigation Claim shall be funded directly to the PAT Released Claims Reserve.

(b) **Creditor Trust Non-Participating Claims Reserves**. Upon Disallowance of a Non-Participating Channeled Claim other than with respect to any Non-Participating Channeled Claims in Class 4: (i) any amounts held in the applicable Creditor Trust PRA Non-Participating Claims Reserve or the applicable Select Private Creditor Trust Non-Participating Claims Reserve on account of such Non-Participating Channeled Claim shall be transferred by the applicable Creditor Trustee

from the applicable Creditor Trust PRA Non-Participating Claims Reserve or the applicable Select Private Creditor Trust Non-Participating Claims Reserve directly to the corresponding Released Claims Reserve and any future Distribution that would have been funded to the applicable Creditor Trust PRA Non-Participating Claims Reserve or the applicable Select Private Creditor Trust Non-Participating Claims Reserve on account of such Non-Participating Channeled Claim shall be funded directly to the applicable Released Claims Reserve, and (ii) any amounts held in the applicable Creditor Trust Non-PRA Non-Participating Claims Reserve on account of such Non-Participating Channeled Claim shall be released to the applicable Creditor Trust for distribution pursuant to the applicable Creditor Trust Documents.

(c) **Class 4 Non-Participating Claims Reserve**. In the event a Non-Participating Channeled Claim in Class 4 is Disallowed: (i) the amount reserved on account of such Claim in the Class 4 PRA Non-Participating Claims Reserve shall be released to the corresponding Released Claims Reserve, and any future Distribution that would have been funded to the Class 4 PRA Non-Participating Claims Reserve on account of such Non-Participating Non-Federal Domestic Governmental Channeled Claim shall be funded directly to the Released Claim Reserve established in the Governmental Remediation Trust, and (ii) the amount reserved on account of such Claim in the Class 4 Non-PRA Non-Participating Claims Reserve shall be released to the Governmental Remediation Trust for distribution pursuant to the Governmental Remediation Trust Documents.

(d) **Released Claims Reserves**. All amounts funded to the Released Claims Reserves in accordance with this Section 7.8 shall be administered in accordance with the terms of Article 5 and Exhibit N of the Master Shareholder Settlement Agreement.

7.9 ***Allowance of Non-Participating Channeled Claims***.

(a) If no objection is affirmatively raised to the Allowance of a Non-Participating Channeled Claim (other than a Non-Participating Channeled Claim in Classes 10(a) or 10(b)) within two (2) years of the Effective Date, such claim shall be deemed Allowed and the holder thereof shall be entitled to the Estate Distribution allocated to such Channeled Claim under the applicable TDP. If no objection is affirmatively raised to the Allowance of a Non-Participating Channeled Claim in Classes 10(a) or 10(b) within [one (1) year][23] of the Effective Date, such claim shall be deemed Allowed and the holder thereof shall be entitled to the Estate Distribution allocated to such Channeled Claim (if any) under the applicable TDP. Notwithstanding the foregoing, (i) any Allowance pursuant to this Section 7.9(a) of the Plan shall not constitute a determination as to the merits of such Non-Participating Channeled Claim and shall not be used as a basis to assert the merits of such Non-Participating Channeled Claim in any forum, and (ii) any Non-Participating Channeled Claim that is Allowed (pursuant to this Section 7.9 or otherwise) shall still be subject to, and shall only receive a distribution pursuant to, the applicable TDP.

(b) For the purposes of Allowance of any Non-Participating Channeled Claim that is not otherwise Disallowed in accordance with the Plan, such Channeled Claim shall be deemed an Allowed Claim (i) pursuant to a settlement or other resolution in accordance with Section 7.6 of the Plan, (ii) pursuant to Section 7.9(a) of the Plan, or (iii) upon entry of a Final Order finding that such Holder has a valid, compensable Channeled Claim, regardless of the allowed amount of such Channeled Claim (and, for the avoidance of doubt, such Holder shall not be required to litigate the allowed amount of its Allowed Claim). Other than as expressly contemplated by the applicable trust distribution procedures, any judgment entered as to the amount of a Non-Participating Channeled Claim shall not be binding for purposes of Distribution, which shall instead be determined in accordance with Sections 7.7(b) and (c) of this Plan. The

[23] [**NTD**: Subject to ongoing discussion]

Bankruptcy Court (or any other court of competent jurisdiction in connection with such an objection) may, at its discretion, decline to enter any judgment as to the amount of a Non-Participating Channeled Claim.

7.10 ***Claims Resolution Procedures Cumulative***.

All of the objection, estimation, settlement and resolution procedures set forth in this Plan with respect to Claims against the Debtors are intended to be cumulative and not exclusive of one another. Claims against the Debtors may be established and subsequently settled, compromised, withdrawn or resolved in accordance with this Plan by any mechanism approved by the Bankruptcy Court.

7.11 ***No Postpetition Interest or Penalties on Non-Participating Channeled Claims and other Disputed Claims***.

Unless otherwise specifically provided for in the Plan or the Confirmation Order or required by applicable bankruptcy law, no Holder of a Claim shall be entitled to interest accruing on or after the Petition Date or to any penalties on any Claim. Interest and penalties shall not accrue or be paid upon any Non-Participating Channeled Claim or other Disputed Claim with respect to the period from the Effective Date to the date a Distribution is made thereon, or on and after such Non-Participating Channeled Claim or other Disputed Claim becomes an Allowed Claim.

7.12 ***Shareholder Rights Regarding Settlement and Estimation of Claims***.

[In consideration of certain compromises made under the Shareholder Settlements, notwithstanding anything to the contrary contained in the Plan, the Confirmation Order, or the other Plan Documents, neither the Debtors, the reorganized Debtors, the Estates, the Plan Administration Trust, the Plan Administration Trustee, any of the Creditor Trusts, any of the Creditor Trustees, nor any representative or successor of any of the foregoing shall be permitted to settle or seek to estimate any Non-Participating Channeled Claim or other Disputed Claim absent the express written consent of the Sackler Parties' Representative, not to be unreasonably withheld, solely to the extent that such settlement or estimation of any such Non-Participating Channeled Claim or other Disputed Claim could be reasonably expected to adversely impact any Shareholder Released Party's defense against or resolution of any claims or Causes of Action asserted or potentially asserted against any Shareholder Released Party [for Covered Conduct] that would have been released pursuant to the Shareholder Direct Claims Release had the Persons asserting or potentially asserting such claims or Causes of Action been Settling Creditors (including because admissions of fact or showings of evidentiary support requisite to effectuation of such settlement or estimation could adversely impact the legal defenses of any Shareholder Released Party); *provided* that no such consent shall be required to the extent that (a) such settlement or estimation of such Non-Participating Channeled Claim or other Disputed Claim is sought in an amount not exceeding $[1,000,000], (b) such settlement or estimation of such Non-Participating Channeled Claim or other Disputed Claim would include no non-monetary conditions on the part of any Debtor, any reorganized Debtor, any Estate, the Plan Administration Trust, the Plan Administration Trustee, any Creditor Trust, any Creditor Trustee, or any representative or successor of any of the foregoing, and (c) the total aggregate amount of Non-Participating Channeled Claims or other Disputed Claims or formerly Non-Participating Channeled Claims or other Disputed Claims that have been settled or estimated do not exceed $[10,000,000]. Whether or not the Debtors, the reorganized Debtors, the Estates, the Plan Administration Trust, the Plan Administration Trustee, any of the Creditor Trusts, any of the Creditor Trustees, or any representative or successor of any of the foregoing settles or estimates (or seeks to settle or estimate) any Non-Participating Channeled Claim

or other Disputed Claim, in no event shall any Shareholder Released Parties be considered the privies of any of the foregoing for purposes of preclusion principles or otherwise.][24]

ARTICLE VIII EXECUTORY CONTRACTS AND UNEXPIRED LEASES.

8.1 ***Assumption and Rejection of Executory Contracts and Unexpired Leases***.

(a) As of and subject to the occurrence of the Effective Date, all executory contracts and unexpired leases to which any Debtor is a party, subject to the terms of Section 8.4, shall be deemed assumed by the applicable Debtor and, except with respect to any contract or lease held by a Transferred Debtor, assigned to NewCo or its designee, except for any executory contract or unexpired lease that (i) has previously been assumed or rejected pursuant to a Final Order of the Bankruptcy Court, (ii) is specifically identified on the Schedule of Rejected Contracts, (iii) is the subject of a separate assumption or rejection motion filed by the Debtors under section 365 of the Bankruptcy Code pending on the Confirmation Date, (iv) is the subject of a pending Contract Dispute or (v) is being otherwise treated pursuant to the Plan. The Debtors reserve the right to modify the treatment of any particular executory contract or unexpired lease pursuant to this Plan [with the reasonable consent to the Governmental Consent Parties]. Furthermore, notwithstanding anything to the contrary in the Plan, the Debtors may alter, amend, modify or supplement the Schedule of Rejected Contracts and assume, assume and assign or reject executory contracts and unexpired leases at any time prior to the Effective Date or, with respect to any executory contract or unexpired lease subject to a Contract Dispute that is resolved after the Effective Date, within thirty (30) days following entry of a Final Order of the Bankruptcy Court resolving such Contract Dispute.

(b) Subject to the occurrence of the Effective Date, the payment of any applicable Cure Amount and the resolution of any Contract Dispute, the entry of the Confirmation Order shall constitute approval of the rejections, assumptions and assumptions and assignments provided for in this Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Unless otherwise indicated herein or provided in a separate order of the Bankruptcy Court, rejections, assumptions and assumptions and assignments of executory contracts and unexpired leases pursuant to the Solicitation Procedures Order and this Plan are effective as of the Effective Date. Each executory contract and unexpired lease assumed pursuant to this Plan or by order of the Bankruptcy Court shall vest in and be fully enforceable by the applicable Debtor or NewCo, in each case in accordance with its terms, except as modified by the provisions of this Plan, any order of the Bankruptcy Court authorizing and providing for its assumption, or applicable law.

agreements and similar arrangements were required to file Proofs of Claim by the General Bar Date, and any Allowed Claims relating thereto shall be treated as Other General Unsecured Claims or Co-Defendant Claims, as applicable.

8.2 ***Determination of Contract Disputes and Deemed Consent***.

(a) The Debtors shall serve Assumption Notices in accordance with the Solicitation Procedures Order. If a counterparty to an executory contract or unexpired lease receives an Assumption Notice, but such executory contract or unexpired lease is not listed therein, the proposed Cure Amount for such executory contract or unexpired lease shall be deemed to be zero dollars ($0).

(b) Any counterparty to an executory contract or unexpired lease shall have the time prescribed in the Solicitation Procedures Order to object to (i) the Cure Amount identified on the Assumption Notice, (ii) adequate assurance of future performance by the applicable Debtor, NewCo or its assignee (within the meaning of section 365 of the Bankruptcy Code) and (iii) any other matter pertaining to assumption or assumption and assignment of such executory contract or unexpired lease on the terms set forth in the Plan and such Assumption Notice.

(c) To the extent a Contract Dispute is asserted in an objection filed in accordance with the procedures set forth in the Assumption Notice, such Contract Dispute shall be heard by the Bankruptcy Court at the Confirmation Hearing. Following resolution of a Contract Dispute by Final Order of the Bankruptcy Court, the applicable executory contract or unexpired lease shall be deemed assumed or assumed and assigned effective as of the Effective Date, subject to the Debtors' right to reject such executory contract or unexpired lease at any time prior to the Effective Date or, if any Contract Dispute is resolved after the Effective Date, within thirty (30) days following entry of such Final Order of the Bankruptcy Court resolving the applicable Contract Dispute.

(d) To the extent a Contract Dispute has not been resolved prior to the Effective Date, the Debtors shall establish the Disputed Cure Claims Reserve. Any amounts in the Disputed Cure Claims Reserve remaining after the resolution of all Disputed Cure Claims and the payment of all Cure Amounts with respect to Allowed Cure Claims for contracts and leases to be assumed or assumed and assigned shall be applied in accordance with Section 5.14(c) of the Plan.

(e) To the extent an objection is not timely filed and properly served on the Debtors with respect to a Contract Dispute, then the counterparty to the applicable contract or lease shall be deemed to have assented to (i) the Cure Amount proposed by the Debtors and (ii) the assumption or assumption and assignment of such contract or lease on the terms set forth in the Plan and the Assumption Notice, notwithstanding any provision of the applicable contract or lease that (A) prohibits, restricts or conditions the transfer or assignment of such contract or lease or (B) terminates or permits the termination of such contract or lease as a result of any direct or indirect transfer or assignment of the rights of the Debtors under such contract or lease or a change in the ownership or control as contemplated by the Plan, and shall forever be barred and enjoined from asserting such objection against the Debtors or terminating or modifying such contract or lease on account of transactions contemplated by the Plan.

(f) With respect to payment of any Cure Amounts or resolution of Contract Disputes, none of the Debtors, the Plan Administration Trustee, NewCo or any Transferred Debtor shall have any obligation to recognize or deal with any party other than the non-Debtor party to the applicable executory contract or unexpired lease, even if such non-Debtor party has sold, assigned or otherwise transferred its Cure Claim.

8.3 ***Payments Related to Assumption of Contracts and Leases***.

(a) Subject to resolution of any Contract Dispute, any Cure Claim shall be satisfied, under section 365(b)(1) of the Bankruptcy Code, by the Plan Administration Trust from the Priority Claims Reserve or the Disputed Cure Claims Reserve, as applicable, or NewCo in the ordinary course of business upon assumption thereof.

(b) Assumption or assumption and assignment of any executory contract or unexpired lease pursuant to the Plan, or otherwise, shall result in the full release and satisfaction of any Claims or defaults, subject to satisfaction of the Cure Amount, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed executory contract or unexpired lease at any time before the effective date of assumption or assumption and assignment. Any Proofs of Claim filed with respect to an executory contract or unexpired lease that has been assumed shall be deemed Disallowed and expunged, without further notice, or action, order or approval of the Bankruptcy Court or any other Person.

8.4 ***Co-Defendant Contracts***.

Except as otherwise provided in the Plan or agreed by any counterparty and the Debtors (with the consent (not to be unreasonably withheld, conditioned or delayed) of the Governmental Consent Parties, and after consultation with the Creditors' Committee), the assumption of any contract or lease under the Plan shall (a) release any Causes of Action on account of any and all terms or provisions of such contract or lease solely to the extent such terms or provisions create an obligation of any party thereto (or any assignee thereof), or give rise to a right in favor of any non-Debtor under any MDT Insurance Policy or any other insurance policy of any Protected Party, for the indemnification or reimbursement of any Person for costs, losses, damages, fees, expenses or any other amounts whatsoever relating to or arising from any actual or potential opioid-related litigation or dispute, whether accrued or unaccrued, asserted or unasserted, existing or hereinafter arising, based on or relating to, or in any manner arising from, in whole or in part, Opioid-Related Activities or other conduct occurring prior to the Effective Date; and (b) constitute a release by each party of each other counterparty (and any assignee thereof or successor thereto) and by each non-Debtor party of all Insurance Companies, in each case, from any and all Causes of Action and other rights of recovery arising under or relating to such indemnification and reimbursement rights to the extent relating to any conduct occurring prior to the Effective Date, and an agreement by each non-Debtor counterparty to release any and all Co-Defendant Claims held by such party and to channel, in accordance with the Channeling Injunction, all Channeled Claims arising under or relating to such contract, including any such Claims that might otherwise be elevated to administrative status through assumption of such contract or lease. On the Effective Date, (x) all Co-Defendant Claims arising under or related to any such assumed or assumed and assigned contract or lease shall be released and discharged with no consideration on account thereof, and all Proofs of Claim in respect thereof shall be deemed expunged, without further notice, or action, order or approval of the Bankruptcy Court or any other Person and (y) all Channeled Claims arising under or related to any such assumed or assumed and assigned contract or lease shall be channeled in accordance with the Channeling Injunction. For the avoidance of doubt, unless otherwise agreed by the counterparty to any assumed or assumed and assigned contract or lease, the foregoing shall not release or otherwise modify any term or provision of such contract or lease to the extent of any indemnification or reimbursement rights (i) accruing after the Effective Date for conduct occurring after the Effective Date, (ii) for any amounts, if any, due to a Co-Defendant as a result of the New York Opioid Stewardship Act (2018 N.Y. Sess. Laws, ch. 57, pt. NN 7 (codified at N.Y. Pub. Health Law § 3323 and N.Y. State Fin. Law § 97-aaaaa)) or (iii) for any Co-Defendant Surviving Pre-Effective Date Claim. Notwithstanding the release, satisfaction, expungement and extinguishment of Co-Defendant Claims, a Co-Defendant retains its Co-Defendant Defensive Rights, which include the ability to recover from Persons that are not Protected Parties or from any insurance policies that are not Purdue Insurance Policies or other

insurance policies of Protected Parties. The counterparty to such contract or lease and all other applicable Persons shall be bound by the terms set forth in this Section 8.4.

8.5 ***Rejection Claims***.

In the event that the rejection of an executory contract or unexpired lease by any of the Debtors herein results in damages to the other party or parties to such contract or lease, any Claim for such damages shall be forever barred and shall not be enforceable against the Debtors or their Estates, properties or interests in property, unless a Proof of Claim is filed with the Bankruptcy Court and served upon the Debtors no later than thirty (30) days after the entry of the order of the Bankruptcy Court (including the Confirmation Order) authorizing the rejection of such executory contract or unexpired lease. Any such Claim shall be classified in accordance with the classification of Claims set forth in Article III of the Plan, including that any such Claims that constitute Co-Defendant Claims shall be classified as such. The Confirmation Order shall constitute the Bankruptcy Court's authorization of the rejection of all the leases and contracts identified in the Schedule of Rejected Contracts.

8.6 ***Compensation and Benefit Plans***.

Except with respect to any Benefit Plans for which the Debtors have received approval of the Bankruptcy Court to reject or terminate on or before the Effective Date or that are subject to a pending motion to reject or terminate as of the Confirmation Hearing, all Benefit Plans shall be deemed to be, and shall be treated as, executory contracts under this Plan pursuant to sections 365 and 1123 of the Bankruptcy Code and shall be assumed by applicable Debtors and, unless held by a Transferred Debtor, assigned to NewCo (or one of its Subsidiaries).

The Debtors, the Plan Administration Trust, the Master Disbursement Trust, the Creditor Trusts, NewCo, the Foundation and any other newly-formed Persons that shall be continuing the Debtors' businesses after the Effective Date shall be bound, to the same extent the Debtors are bound, by the Releases set forth in this Section 10.6(a).

Notwithstanding anything herein to the contrary, (x) nothing in the Plan shall release any Excluded Claim and (y) nothing in this Section 10.6(a) shall (A) release any contractual Estate Cause of Action or any Estate Cause of Action that is commercial in nature and, in each case, unrelated to either the Chapter 11 Cases or the subject matter of the Pending Opioid Actions; *provided* that, with respect to the Settling Co-Defendants, only Estate Surviving Pre-Effective Date Claims shall be retained and not released, (B) release any Estate Cause of Action against a Holder of a Claim against a Debtor, to the extent such Estate Cause of Action is necessary for the administration and resolution of such Claim solely in accordance with the Plan, *provided*, *however*, that the foregoing shall not apply to any Holder of a Co-Defendant Claim solely with respect to such Co-Defendant Claim, (C) be construed to impair in any way the Effective Date or post-Effective Date rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements, or (D) release any Claim or right to disgorge, recoup or recover compensation under the orders authorizing the Key Employee Plans or the orders with respect to the *Motion of Debtors for Entry of an Order Authorizing (I) Debtors to (A) Pay Pre-Petition Wages, Salaries, Employee Benefits and Other Compensation and (B) Maintain Employee Benefits Programs and Pay Related Administrative Obligations, (II) Employees and Retirees to Proceed with Outstanding Workers' Compensation Claims and (III) Financial Institutions to Honor and Process Related Checks and Transfers* [D.I. 6].

(b) Releases by Releasing Parties.

As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, including, without limitation, the service of the Released Parties before

and during the Chapter 11 Cases to facilitate the reorganization of the Debtors and the implementation of the Restructuring Transactions, and except as otherwise explicitly provided in the Plan or in the Confirmation Order, the Released Parties shall be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released by the Releasing Parties from any and all Causes of Action, including, without limitation, any Estate Cause of Action and any claims that any Releasing Party, or that any other Person or party claiming under or through any Releasing Party, would have presently or in the future been legally entitled to assert in its own right (whether individually or collectively) or on behalf of any Releasing Party or any other Person, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), whether existing or hereinafter arising, in each case, (A) directly or indirectly based on, arising out of, or in any way relating to or concerning, in whole or in part, (i) the Debtors, as such Entities existed prior to or after the Petition Date, and their Affiliates, (ii) the Estates, (iii) the Chapter 11 Cases, or (iv) Covered Conduct and (B) as to which any conduct, omission or liability of any Debtor or any Estate is the legal cause or is otherwise a legally relevant factor.

Without limiting the foregoing: (A) the foregoing releases include any Cause of Action of a Releasing Party that has been or may be asserted against any Released Party, by such Releasing Party (whether or not such party has brought such action or proceeding) in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) (x) directly or indirectly based on, arising out of, or in any way relating to or concerning, in whole or in part, (I) the Debtors, as such Entities existed prior to or after the Petition Date, and their Affiliates, (II) the Estates, (III) the Chapter 11 Cases, or (IV) Covered Conduct and (y) as to which any conduct, omission or liability of any Debtor or any Estate is the legal cause or is otherwise a legally relevant factor; and (B) the parties intend that these releases (including the term "Released Claims") be broad and interpreted so as to give the Released Parties the broadest possible release of any liability relating in any way to the Released Claims.

For the avoidance of doubt and notwithstanding anything to the contrary in this Plan or the Confirmation Order, the releases set forth in this Section 10.6(b), and all referenced to "Releasing Parties" as used herein, shall not apply to (i) Holders of Claims who do not opt-in to the releases through their applicable ballots, (ii) Holders of Claims whose releases will be governed solely and exclusively by a Direct Claims Shareholder Settlement Agreement and (iii) Holders of Non-Federal Domestic Governmental Claims, whose releases shall be governed solely and exclusively by the Governmental Entity Shareholder Direct Settlement Agreement.[25] For the avoidance of doubt and notwithstanding anything to the contrary in this Plan, none of the releases, injunctions, or other terms contained in the Plan or the Confirmation Order shall expand, limit, alter, or otherwise affect any releases, waivers, or disclaimers of liability or other terms contained in any of the Direct Claims Shareholder Settlement Agreements.

Notwithstanding anything herein to the contrary, but subject to the MDT Insurer Injunction and the Settling MDT Insurer Injunction, the Debtors shall not be released from liability for any Claim (other than any Co-Defendant Claim) that is or may be covered by any Purdue Insurance Policy; *provided* that recovery for any such Claim, including by way of settlement or judgment, shall be limited to the available proceeds of such Purdue Insurance Policy (and any extra-contractual liability of the Insurance Companies with respect to the Purdue Insurance Policies), and no Person or party shall execute, garnish or otherwise attempt to collect any such recovery from any assets other than the available proceeds of the Purdue Insurance Policies. The Debtors shall be released automatically from a Claim described in this paragraph upon the earlier of (x) the abandonment of such Claim and (y) such a release being given as part of a settlement or resolution of such Claim, and shall be released automatically from all Claims described in this paragraph upon the exhaustion of the available proceeds of the Purdue Insurance Policies (notwithstanding the nonoccurrence of either event described in the foregoing clauses (x) and (y)).

As of the Effective Date, all Holders of PI Channeled Claims (excluding, in all respects, any Excluded Party, Shareholder Release Snapback Party or MDT Insurer) are hereby released by the Debtors and their Estates from any and all Causes of Action for any Claim in connection with, or arising out of, (i) the Debtors, as such Entities existed prior to or after the Petition Date (including the Debtors' Opioid-Related Activities, manufacture, marketing and sale of Products, interaction with regulators concerning Opioid-Related Activities or Products, and involvement in the subject matter of the Pending Opioid Actions, and the past, present or future use or misuse of any opioid by a Releasing Party), (ii) the Estates or (iii) the Chapter 11 Cases, including, in each case, without limitation, any act, conduct, omission, event, transaction, occurrence, injury, damage, or continuing condition in any way relating to the foregoing.

10.7 ***Shareholder Releases***.

(a) Releases by Debtors.

As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, and except as otherwise explicitly provided in the Plan or in the Confirmation Order, the Shareholder Released Parties shall be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released, subject to clause (z) of the last paragraph of this Section 10.7(a), by the Debtors and their Estates from any and all Causes of Action, including any Estate Causes of Action asserted or assertible by or on behalf of any Debtor or any of their Estates and including any claims that any Debtor or any of their Estates, or that any other Person or party claiming under or through any Debtor or any of their Estates, would have presently or in the future been legally entitled to assert in its own right (whether individually or collectively) or on behalf of any Debtor or any of their Estates or any other Person, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), whether existing or hereinafter arising, in each case, based on or relating to, or in any manner arising from, in whole or in part, (i) the Debtors, as such Entities existed prior to or after the Petition Date (including the Debtors' Opioid-Related Activities, manufacture, marketing and sale of Products, interaction with regulators concerning Opioid-Related Activities or Products, and involvement in the subject matter of the

Pending Opioid Actions, and the past, present or future use or misuse of any opioid by a Releasing Party), (ii) the Estates or (iii) the Chapter 11 Cases. The Debtors, the Plan Administration Trust, the Master Disbursement Trust, the Creditor Trusts, NewCo, the Foundation and any other newly-formed Persons that shall be continuing the Debtors' businesses after the Effective Date shall be bound, to the same extent the Debtors are bound, by the Shareholder Releases set forth in this Section 10.7(a).

Notwithstanding anything herein to the contrary, (x) nothing in the Plan shall release any Excluded Claim; (y) nothing in this Section 10.7(a) shall be construed to impair in any way the Effective Date or post-Effective Date rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements and the Separation Agreements; and (z) upon the filing of a Notice of Shareholder Release Snapback, (A) the Shareholder Releases set forth in this Section 10.7(a) shall be entirely null and void, revoked and invalidated, as of the Effective Date, with respect to all members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties, (B) the *status quo ante* shall be restored in all respects for the Debtors and the Master Disbursement Trust with respect to the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties, and (C) the Master Disbursement Trust shall be deemed to have received and accepted all of the rights with respect to any member of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties, in each case, that the Debtors and their Estates had prior to the Effective Date and that the Master Disbursement Trust would have pursuant to the transfer of the MDT Shareholder Rights to the Master Disbursement Trust if the Shareholder Releases of this Section 10.7(a) had never been granted, which rights the Debtors and their Estates shall be deemed to have irrevocably transferred, granted and assigned to the Master Disbursement Trust; *provided* that, for the avoidance of doubt, notwithstanding the nullification, voiding, revocation and invalidation pursuant to the foregoing clause (A), the Shareholder Releases shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Shareholder Released Parties other than the Breaching Shareholder Family Group and the Designated Shareholder Released Parties.

(b) Releases by Releasing Parties.

(i) As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, and except as otherwise explicitly provided in the Plan or in the Confirmation Order, the Shareholder Released Parties shall be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released, subject to clause (y) of the last paragraph of this Section 10.7(b) of the Plan, by the Releasing Parties from any and all Causes of Action, including, without limitation, any Estate Cause of Action and any claims that any Releasing Party, or that any other Person or party claiming under or through any Releasing Party, would have presently or in the future been legally entitled to assert in its own right (whether individually or collectively) or on behalf of any Releasing Party or any other Person, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), whether existing or hereinafter arising, in each case, (A) directly or indirectly based on, arising out of, or in any way relating to or concerning, in whole or in part, (i) the Debtors, as such Entities existed prior to or after the Petition Date, and their Affiliates, (ii) the Estates, (iii) the Chapter 11 Cases, or (iv) Covered Conduct and (B) as to which any conduct, omission or liability of any Debtor or any Estate is the legal cause or is otherwise a legally relevant factor.

Without limiting the foregoing: (A) the foregoing releases include any Cause of Action of a Releasing Party that has been or may be asserted against any Shareholder Released Party, by such Releasing Party (whether or not such party has brought such action or proceeding) in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) (x) directly or indirectly based on, arising out of, or in any way relating to or concerning, in whole or in part, (I) the Debtors, as such Entities existed prior to or after the Petition Date, and their Affiliates, (II) the Estates, (III) the Chapter 11 Cases, or (IV) Covered Conduct and (y) as to which any conduct, omission or liability of any Debtor or any Estate is the legal cause or is otherwise a legally relevant factor; and (B) the parties intend that these releases (including the term "Shareholder Released Claims") be broad and interpreted so as to give the Shareholder Released Parties the broadest possible release of any liability relating in any way to the Shareholder Released Claims.

For the avoidance of doubt and notwithstanding anything to the contrary in this Plan or the Confirmation Order, the releases set forth in this Section 10.7(b), and all referenced to "Releasing Parties" as used herein, shall not apply to (i) Holders of Claims who do not opt-in to the releases through their applicable ballots, (ii) Holders of Claims whose releases will be governed solely and exclusively by a Direct Claims Shareholder Settlement Agreement and (iii) Holders of Non-Federal Domestic Governmental Claims, whose releases shall be governed solely and exclusively by the Governmental Entity Shareholder Direct Settlement Agreement.[27] For the avoidance of doubt and notwithstanding anything to the contrary in this Plan, none of the releases, injunctions, or other terms contained in the Plan or the Confirmation Order shall expand, limit, alter, or otherwise affect any releases, waivers, or disclaimers of liability or other terms contained in any of the Direct Claims Shareholder Settlement Agreements.

[27] **The Direct Claims Shareholder Settlement Agreements, including the Governmental Entity Shareholder Direct Settlement Agreement, remain subject to ongoing negotiations. The releases in the Direct Claims Shareholder Settlement Agreements, including the Governmental Entity Shareholder Direct Settlement Agreement, may differ from those provided for in this Section 10.7. The rights of all parties to the Direct Claims Shareholder Settlement Agreements, including the Governmental Entity Shareholder Direct Settlement Agreement, are fully reserved.**

(ii) [In addition to granting the foregoing release, any Releasing Party represented by counsel agrees not to waive any conflict of interest that may arise for any such counsel by virtue of the clients of such counsel participating in any Shareholder Settlement.][28]

[(iii) (A) No Shareholder Released Party shall seek to recover for amounts paid under Master Shareholder Settlement Agreement and the Plan based on indemnification, contribution, or any other theory from a manufacturer, pharmacy, hospital, pharmacy benefit manager, health insurer, third-party vendor, trade association, distributor, health care practitioner; *provided* that a Shareholder Released Party shall be relieved of this prohibition with respect to any entity that asserts a Claim-Over against it.

(B) To the extent that, on or after the Effective Date, any Releasing Party negotiates and enters into a Non-Party Settlement, including in any bankruptcy case or through any plan of reorganization (whether individually or as a class of creditors), the Releasing Party will include (or in the case of a Non-Party Settlement made in connection with a bankruptcy case, will cause the debtor to include), unless prohibited from doing so under applicable law, in the Non-Party Settlement a prohibition on contribution or indemnity of any kind against the Shareholder Released Parties substantially equivalent to that required from the Shareholder Released Parties in Section 10.7(b)(iii)(A) of the Plan, or a release from such Non-Released Party in favor of the Shareholder Released Parties (in a form equivalent to this Section 10.7(b)) of any Claim-Over. Each Releasing Party acknowledges and agrees that it shall take reasonable steps to enforce such agreement related to indemnification and contribution, and any other agreement related to indemnification and contribution from a prior opioid settlement, in each case as applicable, for the benefit of the Shareholder Released Parties.

(C) In the event that any Releasing Party obtains a judgment with respect to Non-Party Covered Conduct against a Non-Released Party that does not contain a prohibition like that described in Section 10.7(b)(iii)(B) or any Releasing Party files a Non-Party Covered Conduct Claim against a Non-Released Party in bankruptcy or a Releasing Party is prevented for any reason from obtaining a prohibition/release in a Non-Party Settlement as provided in Section 10.7(b)(iii)(B), and such Non-Released Party asserts a Claim-Over against a Shareholder Released Party, the Shareholder Released Party shall be relieved of the prohibition in Section 10.7(b)(iii)(B) with respect to that Non-Released Party and that Releasing Party and the Sackler Parties' Representative shall take the following actions to ensure that the Shareholder Released Parties do not pay more with respect to Covered Conduct to Releasing Parties or to Non-Released Parties than the amounts owed under the Plan and the Master Shareholder Settlement Agreement by Shareholder Payment Groups:

(I) The Sackler Parties' Representative shall notify that Releasing Party of the Claim-Over within sixty (60) calendar days of when it becomes aware of the assertion of the Claim-Over or sixty (60) calendar days of the Effective Date, whichever is later;

(II) The Sackler Parties' Representative and that Releasing Party shall meet and confer concerning the means to hold Shareholder Released Parties harmless and ensure that they are not required to pay more with respect to Covered Conduct than the amounts owed by the Shareholder Payment Groups under Plan and the Master Shareholder Settlement Agreement;

---

[28] [**NTD**: Subject to ongoing discussions]

(III) That Releasing Party and the Sackler Parties' Representative shall take steps sufficient and permissible under the law of the state of the Releasing Party to hold Shareholder Released Parties harmless from the Claim-Over and ensure Shareholder Released Parties are not required to pay more with respect to Covered Conduct than the amounts owed by the Shareholder Payment Groups under Plan and the Master Shareholder Settlement Agreement. Such steps may include, where permissible:

Filing of motions to dismiss or such other appropriate motion by the Sackler Parties' Representative or Shareholder Released Parties and supported by that Releasing Party, in response to any claim filed in litigation or arbitration;

(1) Reduction of that Releasing Party's Claim and any judgment it has obtained or may obtain against such Non-Released Party by whatever amount or percentage is necessary to extinguish such Claim-Over under applicable law, up to the amount that Releasing Party has obtained, may obtain, or has authority to control from such Non-Released Party;

(2) Placement into escrow of funds paid by the Non-Released Parties such that those funds are available to satisfy the Claim-Over;

(3) Return of monies paid by Shareholder Payment Groups to that Releasing Party under Plan and the Master Shareholder Settlement Agreement to permit satisfaction of a judgment against or settlement with the Non-Released Party to satisfy the Claim-Over;

(4) Payment of monies to Shareholder Released Parties by that Releasing Party to ensure they are held harmless from such Claim-Over, up to the amount that Releasing Party has obtained, may obtain, or has authority to control from such Non-Released Party;

(5) Credits to Shareholder Payment Groups under this Plan and the Master Shareholder Settlement Agreement to reduce the overall amounts to be paid under Plan and the Master Shareholder Settlement Agreement such that they are held harmless from the Claim-Over; and

(6) Such other actions as that Releasing Party and Shareholder Payment Parties, the Sackler Parties' Representative may devise to hold Shareholder Released Parties harmless from the Claim-Over.

(IV) The actions taken pursuant to paragraph (III) must, in combination, ensure that Shareholder Payment Groups are not required to pay more with respect to Covered Conduct than the amounts owed by them to such Releasing Party under the Plan and the Master Shareholder Settlement Agreement.

(D) To the extent that the Claim-Over is based on a contractual indemnity, the obligations under Section 10.7(b)(iii)(C) shall extend solely to a Non-Party Covered Conduct Claim against a clinic, hospital or other purchaser, distributor or dispenser of Products, a manufacturer that sold Products, a consultant, and/or a pharmacy benefit manager or other third-party payor. The Sackler Parties' Representative shall notify the Settling States, to the extent permitted by applicable law, in the event that any of these types of Non- Released Party asserts a Claim-Over arising out of contractual indemnity against it.][29]

(iv) Notwithstanding anything herein to the contrary, (x) nothing in this Section 10.7(b) shall (A) release any Excluded Claims or (B) be construed to impair in any way the rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements and (y) upon the filing of a Notice of Shareholder Release Snapback, (A) the Shareholder Releases set forth in this Section 10.7(b) shall be entirely null and void, revoked and invalidated, as of the Effective Date, with respect to all members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties and (B) the status quo ante shall be restored in all respects for the Releasing Parties with respect to the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties; provided that, for the avoidance of doubt, notwithstanding the nullification, voiding, revocation and invalidation pursuant to the foregoing clause (A), the Shareholder Releases shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Shareholder Released Parties other than the Breaching Shareholder Family Group and the Designated Shareholder Released Parties.

(c) Releases by Shareholder Released Parties.

As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, and except as otherwise explicitly provided in the Plan or in the Confirmation Order, the Reciprocal Releasees shall be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released, subject to clause (z) of the last paragraph of this Section 10.7(c), by the Shareholder Released Parties from any and all Causes of Action, including any derivative claims asserted or assertible by or on behalf of the Debtors or their Estates and including any claims that any Shareholder Released Party, or that any other Person or party claiming under or through any Shareholder Released Party, would have presently or in the future been legally entitled to assert in its own right (whether individually or collectively) or on behalf of any Shareholder Released Party or any other Person, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), whether existing or hereinafter arising, in each case, based on or relating to, or in any manner arising from, in whole or in part, (i) the Debtors, as such Entities existed prior to or after the Petition Date (including the Debtors' Opioid-Related Activities, manufacture, marketing and sale of Products, interaction with regulators concerning Opioid-Related Activities or Products, and involvement in the subject matter of the Pending Opioid Actions, and the past, present or future use or misuse of any opioid by a Releasing Party), (ii) the Estates or (iii) the Chapter 11 Cases.

Notwithstanding anything herein to the contrary, (x) nothing in the Plan shall release any Excluded Claim; (y) nothing in this Section 10.7(c) shall be construed to impair in any way the Effective Date or post-Effective Date rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements, and the Separation Agreement, and including the rights of any

Shareholder Released Party that is a current or former director, officer or employee of the Debtors but is not a Sackler Family Member relating to plan treatment of any Claims held by such party; and (z) upon the filing of a Notice of Shareholder Release Snapback and the commencement or continuation of any action or proceeding against a member of a Breaching Shareholder Family Group or a Designated Shareholder Released Party by any Reciprocal Releasee, (A) the releases set forth in this Section 10.7(c) of any Reciprocal Releasee that has commenced or continued any such action shall be entirely null and void, revoked and invalidated, as of the Effective Date, with respect to the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties and (B) the *status quo ante* shall be restored in all respects for the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties with respect to any Reciprocal Releasee that has commenced or continued any such litigation; *provided* that, for the avoidance of doubt, notwithstanding the nullification, voiding, revocation and invalidation pursuant to the foregoing clause (A), the releases set forth in this Section 10.7(c) shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Reciprocal Releasees, and shall be binding on, and enforceable against, all other Shareholder Released Parties, including any members of the Breaching Shareholder Family Group with respect to any Reciprocal Releasee that has not commenced any such litigation.

10.8 *Channeling Injunction*.

In order to supplement the injunctive effect of the Plan Injunction, the Estate Releases and the Shareholder Releases set forth in Sections 10.5, 10.6 and 10.7 of the Plan, the Confirmation Order shall provide for the following permanent injunction to take effect as of the Effective Date:

(a) Terms. In order to preserve and promote the settlements contemplated by and provided for in the Plan and to supplement, where necessary, the injunctive effect of the Plan Injunction, the Estate Releases and the Shareholder Releases described in Sections 10.5, 10.6 and 10.7 of the Plan, and pursuant to the exercise of the equitable jurisdiction and power of the Bankruptcy Court under section 105(a) of the Bankruptcy Code, all Persons that have held or asserted, that hold or assert or that may in the future hold or assert any Channeled Claim shall be permanently and forever stayed, restrained and enjoined from taking any action for the purpose of directly or indirectly collecting, recovering or receiving payments, satisfaction, recovery or judgment of any form from or against any Protected Party with respect to any Channeled Claim, including:

(i) commencing, conducting or continuing, in any manner, whether directly or indirectly, any suit, action or other proceeding, in each case, of any kind, character or nature, in any forum in any jurisdiction with respect to any Channeled Claims, against or affecting any Protected Party, or any property or interests in property of any Protected Party with respect to any Channeled Claims;

(ii) enforcing, levying, attaching, collecting or otherwise recovering, by any means or in any manner, either directly or indirectly, any judgment, award, decree or other order against any Protected Party or against the property of any Protected Party with respect to any Channeled Claims;

(iii) creating, perfecting or enforcing, by any means or in any manner, whether directly or indirectly, any Lien of any kind against any

Protected Party or the property of any Protected Party with respect to any Channeled Claims;

(iv) asserting or accomplishing any setoff, right of subrogation, indemnity, contribution or recoupment of any kind, whether directly or indirectly, in respect of any obligation due to any Protected Party or against the property of any Protected Party with respect to any Channeled Claims; and

(v) taking any act, by any means or in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan Documents, with respect to any Channeled Claims.

(b) Reservations. Notwithstanding anything to the contrary in this Section 10.8 or the Confirmation Order, this Channeling Injunction shall not stay, restrain, bar or enjoin:

(i) the rights of Holders of Channeled Claims to the treatment afforded them under the Plan and the Plan Documents, including the rights of Holders of Channeled Claims to assert such Channeled Claims solely in accordance with Section 6.21 of the Plan, the Master TDP and the Creditor Trust TDPs, in each case whether or not there are funds to make Distributions in respect of such Channeled Claims and whether or not such rights entitle such Holders to any Distributions;

(ii) the rights of Persons to assert any claim, debt, litigation or liability for payment of Creditor Trust Operating Expenses solely against the applicable Creditor Trust;

(iii) the rights of Persons to assert any claim, debt or litigation against any Excluded Party;

(iv) the rights of the Master Disbursement Trust to pursue and enforce the MDT Shareholder Rights, the MDT Insurance Rights and the MDT Causes of Action;

(v) the rights of the parties to the LRP Agreement to enforce the terms thereof in accordance with the Plan;

(vi) the Creditor Trusts from enforcing their respective rights against the Master Disbursement Trust under the Plan and the MDT Documents; or

(vii) the Master Disbursement Trust and the Plan Administration Trust from enforcing its rights against NewCo under the Plan.

(c) **Notice of Shareholder Release Snapback**. Upon the filing of a Notice of Shareholder Release Snapback, the Channeling Injunction shall terminate, be rescinded and have no application, without further order of the Bankruptcy Court, to any suit, action or other proceeding, in each case, of any kind, character or nature, brought against any member of the Breaching Shareholder Family Group and any Designated Shareholder Released Party; *provided*, *however*, that the extension of time

provided by Section 10.9(a) of the Plan shall continue in effect in accordance with its terms; *provided further* that, for the avoidance of doubt, notwithstanding the termination and rescission pursuant to this Section 10.8(c), the Channeling Injunction shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Protected Parties, including all other Shareholder Released Parties, other than the Breaching Shareholder Family Group and the Designated Shareholder Released Parties; and *provided further* that, in the event of the filing of a Notice of Shareholder Release Snapback, any determination made in the claims resolution process in accordance with Section 7.6 of this Plan will not be binding against any party.

(d) **Modifications**. Except as expressly set forth in paragraph (c) of this Section 10.8, there can be no modification, dissolution or termination of the Channeling Injunction, which shall be a permanent injunction.

(e) **Non-Limitation of Channeling Injunction**. Except as expressly set forth in paragraphs (b) and (c) of this Section 10.8, nothing in the Plan, the MDT Documents or the Creditor Trust Documents shall be construed in any way to limit the scope, enforceability or effectiveness of the Channeling Injunction issued in connection with the Plan.

(f) **Bankruptcy Rule 3016 Compliance**. The Debtors' compliance with the requirements of Bankruptcy Rule 3016 shall not constitute an admission that the Plan provides for an injunction against conduct not otherwise enjoined under the Bankruptcy Code.

10.9 ***Tolling of Shareholder Released Claims; Violations of Shareholder Releases and Channeling Injunction***.

(a) **Tolling of Shareholder Released Claims**. If applicable law, an order in any proceeding or an agreement fixes a period for commencing or continuing an action or proceeding based on a Shareholder Released Claim and such Shareholder Released Claim is released pursuant to the Shareholder Releases or such action or proceeding is enjoined by the Channeling Injunction, then such period does not expire with respect to such Shareholder Released Claim with respect to the Master Disbursement Trust (or the MDT Trustees) or the Releasing Parties until the latest of (i) the end of such period; (ii) with respect to the applicable Shareholder Family Group and any Designated Shareholder Released Party, two hundred twenty-five (225) days after the filing of a Notice of Shareholder Release Snapback with respect to such Shareholder Family Group; (iii) with respect to the applicable Shareholder Family Group and any Designated Shareholder Released Party, when such Shareholder Family Group fulfills its payment obligations under the Shareholder Settlement Agreements; and (iv) with respect to the applicable Shareholder Released Party that is a Subsidiary (as defined in the Master Shareholder Settlement Agreement) of a Shareholder Payment Party, two hundred twenty-five (225) days after the reinstatement of any Estate Cause of Action against such Shareholder Released Party pursuant to Section 10.19 of the Plan.

(b) **Violations of Shareholder Releases and Channeling Injunction**. In the event that any Person takes any action that a Shareholder Released Party believes violates the Shareholder Releases or Channeling Injunction as it applies to any Shareholder Released Party, such Shareholder Released Party shall be entitled to make an emergency application to the Bankruptcy Court for relief, and may proceed by contested matter rather than by adversary proceeding. The Bankruptcy Court shall have jurisdiction and authority to enter final orders in connection with any dispute over whether an action violates the Shareholder Releases or Channeling Injunction. Upon determining that a violation of the Shareholder Releases or Channeling Injunction has occurred, the Bankruptcy Court, in its discretion, may award any appropriate relief against such violating Person, including, but not limited to, (i) disgorgement from the violating Person of any funds, assets or other value received, directly or indirectly, pursuant to the Plan or Plan Documents (including fees and expenses paid pursuant to the Plan or Plan Documents on account of legal or other advisory services rendered to or for the benefit of the violating Person); (ii) the termination

of any rights of the violating Person to receive any funds, assets or other value pursuant to the Plan or Plan Documents; (iii) the reduction of any payments owed by any Shareholder Released Parties under the Shareholder Settlement Agreements to the violating Person in an amount equal to the amount of disgorgement ordered from, or the reduction of future payments ordered to be made to, or on account of, the violating Person (subject to the right of the violating Person to request that any amounts actually disgorged from such violating Person offset any reduction of future payments ordered to be made to, or on account of, such violating Person); (iv) an admonition, reprimand or censure of, or citation of contempt by, the violating Person and its counsel; (v) a fine or penalty paid into the Bankruptcy Court; (vi) a bond or other security in an amount equal to any financial obligation ordered by the Bankruptcy Court in respect of the violation; (vii) an appropriate sanction on any attorney or law firm responsible for the violation; (viii) injunctive relief to prevent future violations by the Person or its counsel; and (ix) attorney and other professional fees incurred by any Shareholder Released Party arising from the violation. The provision of any one form of relief shall not preclude the provision of any other form of relief.

10.10 ***MDT Insurer Injunction***.

(a) **Terms**. In accordance with section 105(a) of the Bankruptcy Code, upon the occurrence of the Effective Date, all Persons that have held or asserted, that hold or assert or that may in the future hold or assert any Claim based on, arising under or attributable to an MDT Insurance Policy shall be, and hereby are, permanently stayed, restrained and enjoined from taking any action for the purpose of directly or indirectly collecting, recovering or receiving payment or recovery on account of any such Claim based on, arising under or attributable to an MDT Insurance Policy from or against any MDT Insurer, including:

(i) commencing, conducting or continuing, in any manner, any action or other proceeding of any kind (including an arbitration or other form of alternate dispute resolution) against any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy;

(ii) enforcing, attaching, levying, collecting or otherwise recovering, by any manner or means, any judgment, award, decree or other order against any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy;

(iii) creating, perfecting or enforcing in any manner any Lien of any kind against any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy;

(iv) asserting or accomplishing any setoff, right of subrogation, indemnity, contribution or recoupment of any kind, whether directly or indirectly, against any obligation due to any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy; and

(v) taking any act, in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan

applicable to any Claim based on, arising under or attributable to an MDT Insurance Policy.

(b) **Reservations**. The provisions of this MDT Insurer Injunction shall not preclude the Master Disbursement Trust from pursuing any Claim based on, arising under or attributable to an MDT Insurance Policy, or any other claim that may exist under any MDT Insurance Policy against any MDT Insurer, or enjoin the rights of the Master Disbursement Trust to prosecute any action based on or arising from the MDT Insurance Policies or the rights of the Master Disbursement Trust to assert any claim, debt, obligation, cause of action or liability for payment against an MDT Insurer based on or arising from the MDT Insurance Policies. The provisions of this MDT Insurer Injunction are not issued for the benefit of any MDT Insurer, and no such insurer is a third-party beneficiary of this MDT Insurer Injunction. This MDT Insurer Injunction shall not enjoin, impair or affect (i) any claims between or among MDT Insurers that are not Settling MDT Insurers; (ii) the rights of current and former directors, officers, employees and authorized agents of the Debtors that are not Sackler Family Members that are preserved under the Plan; or (iii) the terms of the Master Shareholder Settlement Agreement with respect to the MDT Shareholder Insurance Rights. For the avoidance of doubt, with respect to a Person that purports to be insured under any MDT Insurance Policy, the MDT Insurer Injunction shall enjoin only derivative claims and rights. Nothing in this Plan shall determine whether any Claim or right under any MDT Insurance Policy is either derivative or direct, or otherwise would be disallowed or subordinated under the Bankruptcy Code, which determination shall be made, as necessary, to the extent such Claim or right is not otherwise released under this Plan, in accordance with applicable law.

(c) **Modifications**. To the extent the MDT Trustees make a good faith determination that some or all of the MDT Insurance Proceeds are substantially unrecoverable by the Master Disbursement Trust, the Master Disbursement Trust shall have the sole and exclusive authority at any time, upon written notice to any affected MDT Insurer, to terminate, reduce or limit the scope of this MDT Insurer Injunction with respect to any MDT Insurer; *provided* that any termination, reduction, or limitation of the MDT Insurer Injunction (A) shall apply in the same manner to all beneficiaries of the Creditor Trusts that are MDT Beneficiaries and (B) shall comply with any procedures set forth in the MDT Agreement.

(d) **Non-Limitation of MDT Insurer Injunction**. Except as set forth in paragraphs (b) and (c) of this Section 10.10, nothing in the Plan, the MDT Documents or the Creditor Trust Documents shall be construed in any way to limit the scope, enforceability or effectiveness of the MDT Insurer Injunction issued in connection with the Plan.

10.11 ***Settling MDT Insurer Injunction***.

(a) Terms. In accordance with section 105(a) of the Bankruptcy Code, upon the occurrence of the Effective Date, all Persons that have held or asserted, that hold or assert or that may in the future hold or assert any Claim based on, arising under or attributable to an MDT Insurance Policy shall be, and hereby are, permanently stayed, restrained and enjoined from taking any action for the purpose of directly or indirectly collecting, recovering or receiving payment or recovery on account of any such Claim based on, arising under or attributable to an MDT Insurance Policy from or against any Settling MDT Insurer, solely to the extent that such Settling MDT Insurer has been released from such Claim under such MDT Insurance Policy pursuant to an MDT Insurance Settlement, including:

(i) commencing, conducting or continuing in any manner any action or other proceeding of any kind (including an arbitration or other form of alternate dispute resolution) against any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy;

(ii) enforcing, attaching, levying, collecting or otherwise recovering, by any manner or means, any judgment, award, decree or other order against any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy;

(iii) creating, perfecting or enforcing in any manner any Lien of any kind against any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy;

(iv) asserting or accomplishing any setoff, right of subrogation, indemnity, contribution or recoupment of any kind, whether directly or indirectly, against any obligation due to any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy; and

(v) taking any act, in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan applicable to such Claim based on, arising under or attributable to such MDT Insurance Policy.

(b) **Reduction of Insurance Judgments.** Any right, Claim or cause of action that an Insurance Company may have been entitled to assert against any Settling MDT Insurer but for the Settling MDT Insurer Injunction, if any such right, Claim or cause of action exists under applicable non-bankruptcy law, shall become a right, Claim or cause of action solely as a setoff claim against the Master Disbursement Trust and not against or in the name of the Settling MDT Insurer in question. Any such right, Claim or cause of action to which an Insurance Company may be entitled shall be solely in the form of a setoff against any recovery of the Master Disbursement Trust from that Insurance Company, and under no circumstances shall that Insurance Company receive an affirmative recovery of funds from the Master Disbursement Trust or any Settling MDT Insurer for such right, Claim or cause of action. In determining the amount of any setoff, the Master Disbursement Trust may assert any legal or equitable rights the Settling MDT Insurer would have had with respect to any right, Claim or cause of action.

(c) **Modifications**. There can be no modification, dissolution or termination of the Settling MDT Insurer Injunction, which shall be a permanent injunction.

(d) **Non-Limitation of Settling MDT Insurer Injunction**. Except as set forth in paragraphs (b) and (c) of this Section 10.11, nothing in the Plan, the MDT Documents or the Creditor Trust Documents shall be construed in any way to limit the scope, enforceability or effectiveness of the Settling MDT Insurer Injunction issued in connection with the Plan.

10.12 ***Exculpation***.

To the maximum extent permitted by applicable law, no Exculpated Party shall have or incur, and each Exculpated Party is hereby released and exculpated from: any Cause of Action for any Claim in connection with, or arising out of, the administration of the Chapter 11 Cases; the negotiation and pursuit of the Disclosure Statement (including any information provided, or statements made, in the Disclosure Statement or omitted therefrom), the Restructuring Transactions, the Plan, the Master

Disbursement Trust (including the Master TDP and the MDT Agreement), the Creditor Trusts (including the Creditor Trust TDPs and the other Creditor Trust Documents) and the solicitation of votes for, and confirmation of, the Plan; the funding of the Plan; the occurrence of the Effective Date; the administration of the Plan and the property to be distributed under the Plan; and the wind-up and dissolution of the Liquidating Debtors and the transactions in furtherance of any of the foregoing, in each case other than Causes of Action arising out of, or related to, any act or omission of an Exculpated Party that is a criminal act or constitutes fraud, gross negligence or willful misconduct. This exculpation shall be in addition to, and not in limitation of, all other Releases, indemnities, exculpations and any other applicable law or rules protecting such Exculpated Parties from liability. For the avoidance of doubt, this Section 10.12 shall not exculpate or release any Exculpated Party with respect to any act or omission of such Exculpated Party prior to the Effective Date that is later found to be a criminal act or to constitute fraud, gross negligence or willful misconduct, including findings after the Effective Date. Notwithstanding anything herein to the contrary, nothing in the Plan shall release any Causes of Action that may be asserted against any Excluded Party.

10.13 ***Injunction Related to Releases and Exculpation***.

To the maximum extent permitted under applicable law, the Confirmation Order shall permanently enjoin the commencement or prosecution by any Person, whether directly, derivatively or otherwise, of any Causes of Action released pursuant to this Plan, including, without limitation, the Causes of Action released or exculpated in this Plan and with respect to any Claims, Interests, Liens, other encumbrances or liabilities that are subject to Sections 5.3(b), 5.4(c) or 5.6(b) of the Plan (but, for the avoidance of doubt, excluding any Excluded Claims).

10.14 ***Subordinated Claims***.

The allowance, classification and treatment of all Claims and Interests and the respective Distributions and treatments in respect thereof under this Plan take into account and conform to the relative priority and rights of the Claims and Interests in each Class in connection with contractual, legal and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, sections 509(c), 510(a), 510(b) or 510(c) of the Bankruptcy Code or otherwise. Pursuant to sections 509(c) and 510 of the Bankruptcy Code or otherwise, the Debtors reserve the right to reclassify any Allowed Claim or Allowed Interest in accordance with any contractual, legal or equitable subordination relating thereto.

10.15 ***Preservation of Causes of Action and Reservation of Rights***.

As of the Effective Date, (a) the Master Disbursement Trust shall have the right to prosecute any and all MDT Causes of Action, (b) the Plan Administration Trust shall have the right to prosecute any and all Retained Causes of Action relating to and necessary for the administration of Claims against the Debtors (other than Channeled Claims) or the other responsibilities of the Plan Administration Trustee in accordance with the PAT Agreement, (c) each Creditor Trust shall have the right to prosecute any and all Retained Causes of Action relating to and necessary for the administration of the applicable Channeled Claims in accordance with the applicable Creditor Trust TDP and (d) NewCo shall have the right to prosecute any and all Retained Causes of Action constituting NewCo Transferred Assets. Pursuant to section 1123(b) of the Bankruptcy Code, except as expressly provided in Sections 10.5 through 10.13 of the Plan, nothing contained in this Plan or the Confirmation Order shall be deemed to be a waiver or relinquishment of any Causes of Action that the Debtors had immediately before the Effective Date on behalf of the Estates or of themselves in accordance with any provision of the Bankruptcy Code or any applicable nonbankruptcy law, including but not limited to any actions specifically enumerated in the Schedule of Retained Causes of Action. Subject to Sections 10.5 through 10.13 of the Plan, all such Causes of Action shall be transferred to the Master Disbursement Trust, the Plan Administration Trust, the

applicable Creditor Trust or NewCo, as applicable, which shall have, retain, reserve and be entitled to assert all such Causes of Action in accordance with the Plan as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors' legal and equitable rights with respect to any Claim or Interest may be asserted after the Effective Date to the same extent as if the Chapter 11 Cases had not been commenced.

10.16 ***Ipso Facto and Similar Provisions Ineffective***.

Any term of any policy, contract or other obligation applicable to a Debtor shall be void and of no further force or effect with respect to any Debtor to the extent such policy, contract, or other obligation is conditioned on, creates an obligation of any Debtor as a result of, or gives rise to a right of any Person based on any of the following: (a) the insolvency or financial condition of a Debtor; (b) the commencement of the Chapter 11 Cases; (c) the confirmation or consummation of this Plan, including any change of control that shall occur as a result of such consummation; or (d) the Restructuring Transactions.

10.17 ***No Successor Liability***.

Except as otherwise expressly provided in this Plan and the Confirmation Order, each of NewCo, the Foundation, the Master Disbursement Trust, the Plan Administration Trust and the Creditor Trusts (a) is not, and shall not be deemed to assume, agree to perform, pay or otherwise have any responsibilities for any liabilities or obligations of the Debtors or any other Person relating to or arising out of the operations or the Assets of the Debtors on or prior to the Effective Date, (b) is not, and shall not be, a successor to the Debtors by reason of any theory of law or equity or responsible for the knowledge or conduct of any Debtor prior to the Effective Date and (c) shall not have any successor or transferee liability of any kind or character.

10.18 ***Co-Defendant Defensive Rights***.

Except as provided in the MDT Insurer Injunction, the Settling MDT Insurer Injunction or clause (ii) of the penultimate sentence of this Section 10.18, notwithstanding anything to the contrary in this Article X or in the Plan as it currently exists or as it might be further amended, the Confirmation Order or any order entered in connection with the Plan (or the Plan as amended) (or any such order, as amended, modified or supplemented), or any supplement to the Plan (or the Plan as amended), nothing contained in the Plan or any of the foregoing documents or orders (including, without limitation, the classification, treatment, allowance, disallowance, release, bar, injunction, Channeling Injunction or any other provision of the Plan or the Plan as amended with respect to, impacting, affecting, modifying, limiting, subordinating, impairing, in any respect, a Co-Defendant Claim), will release, bar, enjoin, impair, alter, modify, amend, limit, prohibit, restrict, reduce, improve or enhance any Co-Defendant Defensive Rights of any Holder of a Co-Defendant Claim or Excluded Party as such rights exist or might in the future exist under applicable non-bankruptcy law. Nothing in the Plan, any of the Plan Documents or in the Confirmation Order shall preclude, operate to or have the effect of, impairing any Holder of a Co-Defendant Claim or Excluded Party from asserting in any proceeding any and all Co-Defendant Defensive Rights that it has or may have under applicable law. Nothing in the Plan, any of the Plan Documents or the Confirmation Order shall be deemed to waive any Co-Defendant Defensive Rights, and nothing in the Chapter 11 Cases, the Plan, any of the Plan Documents or the Confirmation Order may be used as evidence of any determination regarding any Co-Defendant Defensive Rights, and under no circumstances shall any Person be permitted to assert issue preclusion or claim preclusion, waiver, estoppel or consent in response to the assertion of any Co-Defendant Defensive Rights. This Section 10.18 shall be included in the Confirmation Order. Co-Defendant Defensive Rights (i) may be used to offset, set-off, recoup, allocate or apportion fault, liability, or damages, or seek judgment reduction or otherwise defend against any Cause of Action brought by any Person against the Holder of any Co-Defendant Claim or the Excluded Party based in whole or in part on Opioid-Related Activities and (ii) shall in no case be used to seek or obtain any affirmative monetary recovery from any Protected Party or any Asset of any Protected Party (including

from any Purdue Insurance Policy or any other insurance policy of a Protected Party) on account of any Released Claim or Shareholder Released Claim. The foregoing does not constitute a release of any Co-Defendant's Class 14 Claim or any other Excluded Party's Class 11(c) Claim.

10.19 ***Reinstatement of Certain Shareholder Released Claims***.

As set forth in the Shareholder Settlement Agreements, if any Shareholder Released Party that is a Subsidiary (as defined in the Master Shareholder Settlement Agreement) of a Shareholder Payment Party voluntarily or involuntarily becomes subject to an insolvency, bankruptcy, reorganization, winding-up, administration, dissolution, composition or similar proceeding, upon election by notice from the Sackler Parties' Representative, with the consent of the Master Disbursement Trust, any Estate Causes of Action against such Shareholder Released Party that were previously held by the Debtors and that were released pursuant to Section 10.7(a) of the Plan shall be reinstated in full (and the Shareholder Release provided under Section 10.7(a) of the Plan shall be deemed null and void with respect thereto, and the Channeling Injunction shall terminate, be rescinded and have no application with respect thereto) and the Master Disbursement Trust, in its sole discretion and upon receipt of an advance for fees and expenses provided by the Shareholder Released Parties in an amount determined by the Master Disbursement Trust in its sole discretion (which advance shall be repaid to the extent not used), shall utilize commercially reasonable efforts to maximize the value of any such Estate Causes of Action in such insolvency or liquidation proceeding, and any recovery shall be treated in accordance with the terms as set forth in the Shareholder Settlement Agreements.

10.20 ***Special Provisions for United States***.

(a) As to the United States, notwithstanding anything contained in the Plan or Confirmation Order to the contrary [(except Section 5.2(i) of the Plan and in respect of the United States-PI Claimant Medical Expense Claim Settlement]), including but not limited to this Article X, nothing in the Plan or Confirmation Order [(except Section 5.2(i) of the Plan and in respect of the United States-PI Claimant Medical Expense Claim Settlement)] shall:

(i) limit or expand the scope of discharge, release or injunction permitted to debtors under the Bankruptcy Code. The discharge, release, and injunction provisions contained in the Plan and Confirmation Order are not intended and shall not be construed to bar the United States from, subsequent to the Confirmation Order, pursuing any police or regulatory action, or any criminal action;

(ii) discharge, release, exculpate, impair or otherwise preclude: (A) any liability to the United States that is not a "claim" within the meaning of section 101(5) of the Bankruptcy Code; (B) any Claim of the United States arising on or after the Effective Date; (C) any liability of the Debtors under police or regulatory statutes or regulations to the United States as the owner, lessor, lessee or operator of property that such Entity owns, operates or leases after the Effective Date; or (D) any liability to the United States, including but not limited to any liabilities arising under the IRC, the environmental laws, the criminal laws, the civil laws or common law, of any Person, including any Released Parties, Shareholder Released Parties or any Exculpated Parties, in each case, other than the Debtors; *provided*, *however*, that the foregoing shall not (x) limit the scope of discharge granted to the Debtors under sections 524 and 1141 of the Bankruptcy Code,

(y) diminish the scope of any exculpation to which any Person is entitled under section 1125(e) of the Bankruptcy Code or (z) change the treatment of the DOJ Forfeiture Judgment Claim pursuant to Section 2.3 of the Plan or the treatment of the Federal Government Unsecured Claims pursuant to Section 4.3 of the Plan;

(iii) enjoin or otherwise bar the United States from asserting or enforcing, outside the Bankruptcy Court, any liability described in the preceding clause (ii); *provided*, *however*, that the non-bankruptcy rights and defenses of all Persons with respect to (A) – (D) in clause (ii) are likewise fully preserved;

(iv) affect any valid right of setoff or recoupment of the United States against any of the Debtors; *provided*, *however*, that the rights and defenses of the Debtors with respect thereto are fully preserved (other than any rights or defenses based on language in the Plan or the Confirmation Order that may extinguish setoff or recoupment rights);

(v) divest any court, commission or tribunal of jurisdiction to determine whether any liabilities asserted by the United States are discharged or otherwise barred by this Confirmation Order, the Plan or the Bankruptcy Code; *provided*, *however*, that the Bankruptcy Court shall retain jurisdiction as set forth in and pursuant to the terms of the Plan to the extent permitted by law; or

(vi) be deemed to (A) determine the tax liability of any Person, including but not limited to the Debtors, (B) have determined the federal tax treatment of any item, distribution or Entity, including the federal tax consequences of the Plan or Confirmation Order, or (C) expressly expand or diminish the jurisdiction of the Bankruptcy Court to make determinations as to federal tax liability and federal tax treatment under the Bankruptcy Code and 28 U.S.C. §§ 157, 1334.

For the avoidance of doubt, the Channeling Injunction set forth in Section 10.8 of the Plan does not apply to the rights and causes of action protected by this Section 10.20.

(b) Notwithstanding anything to the contrary herein, nothing in the Plan, the Confirmation Order, the Shareholder Settlement Agreements or any other document filed in connection with the Plan shall release claims held by the United States of America against the Shareholder Released Parties; *provided* that, for the avoidance of doubt, nothing in the Plan, Confirmation Order, the Shareholder Settlement Agreements or any other document filed in connection with the Plan shall limit the releases contained in the Settlement Agreement between the United States of America and Purdue Pharma L.P., executed on October 21, 2020, or the Settlement Agreement between the United States of America and Dr. Richard Sackler, David Sackler, Mortimer D.A. Sackler, Kathe Sackler, and the Estate of Jonathan Sackler, executed on October 21, 2020.

(c) Several of the Debtors are parties to the various following agreements with the Secretary of the Department of Health and Human Services under which the Debtors owe rebates to third parties:

(i) The Medicare Coverage Gap Discount Program Agreement is established under 42 U.S.C. §§ 1395w-l14A, 1395w-153 and is required should manufacturers wish to have coverage for their products under Medicare Part D. Under the Medicare Coverage Gap Discount Program Agreement, manufacturers agree to reimburse Medicare Part D plan sponsors for certain Coverage Gap discounts the plans provide to Medicare beneficiaries in the Part D coverage gap. The Centers for Medicare & Medicaid Services require that a new entity that seeks to assume a Medicare Coverage Gap Discount Program Agreement enter into a novation agreement with the Centers for Medicare & Medicaid Services with respect to the transfer of such agreement. The Debtors that have entered into Medicare Coverage Gap Discount Program Agreements with the Secretary are: Purdue Pharma L.P. (P1180) and Rhodes Pharmaceuticals L.P. (P1281);

(ii) The Medicaid Drug Rebate Program, established under section 1927 of the Social Security Act, requires manufacturers to enter into National Drug Rebate Agreements with the Secretary for the coverage and payment of a manufacturer's covered outpatient drugs. Under the Medicaid Drug Rebate Program, if a manufacturer has entered into and has in effect a National Drug Rebate Agreement, Medicaid covers and pays for all of the drugs of that manufacturer dispensed and paid for under the state plan, and in return manufacturers pay applicable rebates to the states. The Debtors that have National Drug Rebate Agreements and the labeler codes associated with the National Drug Rebate Agreements are as follows: Rhodes Pharmaceuticals L.P. (42858), Purdue Pharma L.P. (59011), and Adlon Therapeutics L.P. (72912);

(iii) Manufacturers with National Drug Rebate Agreements must also comply with the Drug Pricing Program under section 340B of the Public Health Service Act, 42 U.S.C. § 256b, and have Pharmaceutical Pricing Agreements with the Secretary of the Department of Health and Human Services. Under the Pharmaceutical Pricing Agreements, manufacturers agree to charge a price for covered outpatient drugs that will not exceed the average manufacturer price decreased by a rebate percentage. The Debtors that have Pharmaceutical Pricing Agreements and the labeler codes associated with such agreements are as follows: Rhodes Pharmaceuticals L.P. (42858), Purdue Pharma L.P. (59011), and Adlon Therapeutics L.P. (72912); and

(iv) The Medicare Coverage Gap Discount Program Agreements, the Medicaid National Drug Rebate Agreements and the Pharmaceutical Pricing Agreements identified above provide that,

in the event of a transfer of ownership, such agreements are automatically assigned to the new owner and all terms and conditions of such agreements remain in effect as to the new owner. Accordingly, notwithstanding anything contained in the Plan or the Confirmation Order which may be to the contrary, the Debtors shall assume such agreements pursuant to section 365 of the Bankruptcy Code, and upon the Effective Date, the Medicare Coverage Gap Discount Program Agreements, the Medicaid National Drug Rebate Agreements and the Pharmaceutical Pricing Agreements identified above shall be assigned to NewCo. NewCo, as the new owner, will assume the obligations of the Debtors who are parties under such agreements from and after the Effective Date, and to fully perform all the duties and responsibilities that exist under such agreements in accordance with their terms, including the payment of discounts owed to Part D Plan sponsors or payment of rebates owed to states and wholesalers for quarters prior to the Effective Date. For the avoidance of doubt, NewCo shall be liable for any outstanding rebates or discounts owed to third parties (and any applicable interest thereon) arising prior to the Effective Date, as well as any penalties associated with noncompliance by the Debtors with the Medicare Coverage Gap Discount Program Agreements, the Medicaid National Drug Rebate Agreements and the Pharmaceutical Pricing Agreements identified above prior to the Effective Date.

(d) Notwithstanding anything to the contrary herein, nothing in the Plan, the Confirmation Order, the Shareholder Settlement Agreements or any other document filed in connection with the Plan shall bind the United States in any application of statutory, or associated regulatory, authority grounded in Title 19 of the Social Security Act, 42 U.S.C. § 1396-1 et seq. (the "***Medicaid Program***") or in section 1115 of Title 11 of the Social Security Act. The United States is neither enjoined nor in any way prejudiced in seeking recovery of any funds owed to the United States under the Medicaid Program.

ARTICLE XI RETENTION OF JURISDICTION.

11.1 ***Retention of Jurisdiction***.

(a) The Bankruptcy Court shall retain exclusive jurisdiction of all matters arising under, arising out of or related to the Chapter 11 Cases and the Plan pursuant to, and for the purposes of, sections 105(a) and 1142 of the Bankruptcy Code and for, among other things, the following purposes:

(i) to hear and determine applications for the assumption or rejection of executory contracts and unexpired leases and any Disputed Cure Claims or Disputed Claims in respect of rejection damages resulting therefrom;

(ii) to hear and determine any motions, adversary proceedings, applications, contested matters and other litigated matters pending on, or commenced after, entry of the Confirmation Order;

(iii) to hear and resolve any disputes arising from or related to (A) any orders of the Bankruptcy Court still in effect granting relief under

Bankruptcy Rule 2004 or (B) any protective orders entered by the Bankruptcy Court in connection with the foregoing (including the Protective Order);

(iv) to ensure that Distributions to Holders of Allowed Claims are accomplished as provided in this Plan and the Confirmation Order;

(vii) to issue and enforce injunctions, enter and implement other orders and take such other actions as may be necessary or appropriate to restrain interference by any Person with the consummation, implementation or enforcement of this Plan, the Confirmation Order or any other order of the Bankruptcy Court;

(viii) to hear and determine any application to modify this Plan in accordance with section 1127 of the Bankruptcy Code to remedy any defect or omission or reconcile any inconsistency in this Plan, the Disclosure Statement or any order of the Bankruptcy Court, including the Confirmation Order, in such a manner as may be necessary to carry out the purposes and effects thereof;

(ix) to hear and determine all Professional Fee Claims;

(x) to resolve disputes concerning any reserves with respect to Non-Participating Channeled Claims and other Disputed Claims or the administration thereof;

(xi) to hear and determine disputes arising in connection with the interpretation, implementation or enforcement of this Plan, the Confirmation Order, any transactions or payments in furtherance of the Plan or the Confirmation Order or any agreement, instrument or other document governing, or related to, any of the foregoing, including the Plan Documents;

(xii) to take any action and issue such orders, including any such action or orders as may be necessary after entry of the Confirmation Order or the occurrence of the Effective Date, as may be necessary to construe, enforce, implement, execute and consummate this Plan, including any release (including, but not limited to, the United States-PI Claimant Medical Expense Claim Releases), exculpation or injunction provisions set forth in this Plan, or to

maintain the integrity of this Plan following the occurrence of the Effective Date;

(xiii) to hear and determine any other matters related to the Chapter 11 Cases and not inconsistent with the Bankruptcy Code or title 28 of the United States Code;

(xiv) to hear, determine and resolve disputes arising in connection with the interpretation, implementation or enforcement of the Plan or Confirmation Order;

(xv) to resolve any disputes concerning whether a Person had sufficient notice of the Chapter 11 Cases, the Disclosure Statement, any solicitation conducted in connection with the Chapter 11 Cases, any Bar Date established in the Chapter 11 Cases or any deadline for responding or objecting to a Cure Amount, in each case, for the purpose of determining whether a Claim or Interest is discharged hereunder or for any other purpose;

(xvi) to hear and determine disputes arising in connection with the interpretation, implementation or enforcement of the Shareholder Settlement Agreements, the Public Entity Settlements and the Private Entity Settlements;

(xvii) to hear and determine disputes arising in connection with the MDT Claims or operations of the Master Disbursement Trust or the actions of the MDT Trustees;

(xviii) to hear and determine disputes arising in connection with the interpretation, implementation or enforcement of the Creditor Trust Documents, and to hear and determine disputes concerning violations of the Confirmation Order or the use of funds from the Creditor Trusts in a manner inconsistent with the applicable Creditor Trust Documents; *provided* that, with respect to the Governmental Remediation Trust and the Tribe Trust, such jurisdiction shall be concurrent and not exclusive to the extent set forth in the Governmental Remediation Trust Documents and the Tribe Trust Documents, respectively, as in effect on the Effective Date;

(xix) to hear and resolve any disputes arising from or related to (A) Liens, collateral, or other forms of credit protections that are granted or otherwise effected pursuant to the Shareholder Settlement Agreements, the Public Entity Settlements and the Private Entity Settlements, or (B) any other attempt by any Person to seek orders of attachment, Liens, or collateral involving any Assets, in full or in part, of the Shareholder Released Parties;

(xx) to determine such other matters, and for such other purposes, as may be provided in the Confirmation Order;

(xxi) to hear and determine all matters relating to the Plan Settlements, to the extent permitted under applicable law; and

(xxii) to enter a final decree closing each of the Chapter 11 Cases.

(b) The Bankruptcy Court shall retain concurrent, rather than exclusive, jurisdiction of all matters arising under, arising out of or related to the Chapter 11 Cases and the Plan to, among other things, hear and determine matters concerning state, local and federal taxes in accordance with sections 346, 505 and 1146 of the Bankruptcy Code (including the expedited determination of taxes under section 505(b) of the Bankruptcy Code), and to hear and resolve or recommend resolution of disputes related to the MDT Insurance Rights.

(c) Notwithstanding anything in this Article XI to the contrary, the resolution of Channeled Claims against the Debtors and the forum in which such resolution shall be determined shall be governed by, and in accordance with, Section 6.21 of the Plan, the Master TDP and the Creditor Trust TDPs, if applicable.

(d) By consenting to the treatment provided by this Plan or otherwise supporting the Plan, no State or Tribe shall be construed to have waived any claim of Sovereign Immunity that it may have in any other action or proceeding, including any action or proceeding occurring after the Effective Date.

(e) Nothing in this Article XI shall be construed to alter the jurisdiction of a court in which an Opt-Out Class Action is pending or was adjudicated in respect of such Opt-Out Class Action.

(f) As of the earlier of the Effective Date or the expiration of the Preliminary Injunction, all Persons are permanently enjoined from commencing, conducting, or continuing, directly or indirectly, any litigation or prosecution of an Estate Cause of Action (including in any proceeding in a judicial, arbitral, administrative, or other forum). Any Person seeking to commence, conduct, or continue litigation or prosecution of a Cause of Action against a Shareholder Released Party or a Released Party may, but is not required to, seek a prior determination in the Bankruptcy Court that a Cause of Action is not an Estate Cause of Action. If any Person commences, conducts or continues litigation or prosecution of such Cause of Action without a prior determination by the Bankruptcy Court, the Person against which such Cause of Action was asserted, and the Master Disbursement Trust or NewCo, shall be entitled to make an emergency application to the Bankruptcy Court for a determination that such Cause of Action is an Estate Cause of Action and that the injunction in this Section 11.1(f) has been violated. In either event, the determination whether or not a Cause of Action is an Estate Cause of Action shall be based on an appropriate evidentiary record, and the only Persons with standing to be heard shall be: (i) the Person seeking to bring such Cause of Action; (ii) the Person or entity against which such Cause of Action would be or has been brought; or (iii) the Debtors, the Creditors' Committee, the PAT, each Governmental Consent Party, the Master Disbursement Trust or NewCo. Upon determining that a violation of the injunction has occurred, damages may be awarded in the amount of attorneys' fees and other litigation costs and expenses incurred by the Person against which the Estate Cause of Action was brought or who is otherwise seeking to enforce the injunction, including in connection with litigation or prosecution of the Estate Cause of Action and in connection with enforcing the injunction in this Section 11.1(f) subject to the discretion of the Bankruptcy Court. Without limiting the foregoing, the Bankruptcy Court, in its discretion, also may award any additional appropriate relief against a violating Person and may award any sanctions against any other Person engaging in otherwise sanctionable conduct in connection with the enforcement of the injunction in this Section 11.1(f).

ARTICLE XII MISCELLANEOUS PROVISIONS.

12.1 ***Exemption from Certain Transfer Taxes***.

To the maximum extent permitted pursuant to section 1146(a) of the Bankruptcy Code, any transfers of property under the Plan pursuant to (a) the issuance, distribution, transfer or exchange of any debt, equity security or other interest in the Debtors, (b) the Restructuring Transactions, (c) the creation, modification, consolidation, termination, refinancing and/or recording of any mortgage, deed of trust or other security interest, or the securing of additional indebtedness by such or other means, or (d) the making, assignment, recording or surrender of any lease or sublease, or the making, delivery or recording of any deed or other instrument of transfer under, in furtherance of or in connection with the Plan, including any deeds, bills of sale or other assignments or instruments of transfer, or assignments executed in connection with any disposition of Assets contemplated by the Plan (including transfers of Assets to and by the Debtors, the Plan Administration Trust, NewCo, the Foundation, the Master Disbursement Trust and the Creditor Trusts) shall not be subject to any document recording tax, stamp tax, conveyance fee, intangibles tax, transfer tax (including real estate transfer tax), mortgage tax or mortgage recording tax, sales or use tax, Uniform Commercial Code filing or recording fee, regulatory filing or recording fee or other similar tax or governmental assessment, and the appropriate federal, state, provincial or local government officials or agents shall forego collection of any such tax or governmental assessment and accept for filing and recordation any of the foregoing instruments or other documents without the payment of any such tax or governmental assessment.

12.2 ***Dates of Actions to Implement Plan***.

In the event that any payment or act under this Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on or as soon as reasonably practicable after the next succeeding Business Day but shall be deemed to have been completed as of the required date.

12.3 ***Amendments***.

(a) **Plan Modifications**. This Plan may be amended, modified or supplemented by the Debtors in the manner provided for by section 1127 of the Bankruptcy Code or as otherwise permitted by law, without additional disclosure pursuant to section 1125 of the Bankruptcy Code, except as otherwise ordered by the Bankruptcy Court; *provided* that (i) any such amendment, modification or supplement shall be reasonably acceptable to the Governmental Consent Parties; *provided further* that any such amendment, modification or supplement that expands the scope of the Releases or modifies any provision relating to the MDT Insurance Policies (including the scope thereof) or the transfer of the MDT Insurance Rights shall be acceptable to the Governmental Consent Parties, (ii) any such amendment, modification or supplement shall be reasonably acceptable to the Creditors' Committee to the extent that it (A) relates to the MDT Insurance Rights, (B) modifies Section 5.9 of the Plan as it relates to payment of the attorneys' fees and costs of Holders of Hospital Claims, Third-Party Payor Claims, or PI Claims, the Ad Hoc Group of Individual Victims, the Ratepayer Mediation Participants or the NAS Committee, (C) modifies the Creditors' Committee's consent rights under the Plan, (D) expands the scope of the Releases or (E) materially and adversely affects the treatment of Holders of Hospital Claims, Third-Party Payor Claims, PI Claims, ER Physician Claims or Other General Unsecured Claims (it being understood that (x) any reduction in the amount of any Initial Private Creditor Trust Distribution, the PI Trust Obligation or any Private Creditor Trust's MDT Claim, (y) any elimination of any consent rights in favor of such Holders or (z) any modification to Section 5.2, 5.6 or 5.7 of the Plan to the extent such modification relates to the Master Disbursement Trust or a Private Creditor Trust shall constitute such a material and adverse effect), and (iii) any such amendment, modification or supplement shall be acceptable to the Sackler Parties' Representative with respect to the Specified Shareholder Provisions and, to the extent set forth in

the Master Shareholder Settlement Agreement, reasonably acceptable to the Sackler Parties' Representative with respect to modification of terms relating to the rights, obligations, or interests of the Shareholder Released Parties; *provided* that solely with respect to the Creditor Trust Documents, such consent shall only apply to the extent set forth in the Master Shareholder Settlement Agreement. In addition, after the Confirmation Date, as long as such action does not materially and adversely affect the treatment of Holders of Allowed Claims pursuant to this Plan, the Debtors may remedy any defect or omission or reconcile any inconsistencies in this Plan or the Confirmation Order with respect to such matters as may be necessary to carry out the purposes or effects of this Plan, and any Holder of a Claim or Interest that has accepted this Plan shall be deemed to have accepted this Plan as amended, modified or supplemented.

(b) **Certain Technical Amendments**. Prior to the Effective Date, the Debtors may make appropriate technical adjustments and modifications to this Plan without further order or approval of the Bankruptcy Court; *provided*, *however*, that such technical adjustments and modifications do not adversely affect in a material way the treatment of Holders of Claims and Interests under this Plan.

12.4 ***Revocation or Withdrawal of Plan***.

The Debtors reserve the right to revoke or withdraw this Plan prior to the Effective Date as to any or all of the Debtors; *provided* that each Debtor shall be entitled to revoke this Plan only in full and not in part. If, with respect to a Debtor, this Plan has been revoked or withdrawn prior to the Effective Date, or if confirmation or the occurrence of the Effective Date as to such Debtor does not occur on the Effective Date, then, with respect to such Debtor: (a) this Plan and the Plan Documents shall be null and void in all respects; (b) any settlement or compromise embodied in this Plan (including the fixing or limiting to an amount any Claim or Interest or Class of Claims or Interests), assumption or rejection of executory contracts and unexpired leases effected by this Plan and any document or agreement executed pursuant to this Plan (including the Plan Documents) shall be deemed null and void; and (c) nothing contained in this Plan shall (i) constitute a waiver or release of any Claim by or against, or any Interest in, such Debtor or any other Person, (ii) prejudice in any manner the rights of such Debtor or any other Person, or (iii) constitute an admission of any sort by any Debtor or any other Person; *provided* that any provisions under the Shareholder Settlement Agreements that are expressly contemplated to survive revocation or reversal of the Plan shall survive.

12.5 ***Payment of Statutory Fees***.

All fees payable under section 1930 of chapter 123 of title 28 of the United States Code shall be paid on or before the Effective Date by the Debtors. After the Effective Date, the Plan Administration Trust shall assume liability for and shall pay, or cause to be paid, any and all quarterly fees owed to the U.S. Trustee when due in accordance with applicable law, and shall continue to file, or cause to be filed, with the Bankruptcy Court quarterly reports to show the calculation of such fees for the Debtors' Estates. Each of the Debtors shall remain obligated to pay quarterly fees to the U.S. Trustee until such Debtor's Chapter 11 Case is closed, dismissed or converted to a case under chapter 7 of the Bankruptcy Code.

12.6 ***Severability***.

(a) Notwithstanding anything else contained in the Plan, (i) the Plan provisions effectuating the Releases provided by the Debtors, their Estates, and the Releasing Parties and the Channeling Injunction (A) are integrated with and integral to all other provisions of the Master Shareholder Settlement Agreement, the Plan and the Plan Documents, (B) are not and shall not be severable from the remainder of the Master Shareholder Settlement Agreement, the Plan or the Plan Documents and (C) shall not be excised or modified other than in accordance with the Plan and the Master Shareholder Settlement Agreement and (ii) if the Plan provisions effectuating the Releases provided by the Debtors,

their Estates, and the Releasing Parties and the Channeling Injunction are deemed null, void, illegal or unenforceable, then the terms, provisions, covenants and restrictions of the Master Shareholder Settlement Agreement and the Plan shall be void and shall not remain in force or effect, except as specifically and expressly stated otherwise in the Master Shareholder Settlement Agreement or the Plan, or as specifically and expressly agreed in writing by all parties to the Master Shareholder Settlement Agreement.

(b) If, prior to entry of the Confirmation Order, any term or provision of this Plan that is not related to the Master Shareholder Settlement Agreement or the Releases provided by the Debtors, their Estates, and the Releasing Parties and the Channeling Injunction is held by the Bankruptcy Court to be invalid, void or unenforceable, the Bankruptcy Court, at the request of the Debtors, shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration or interpretation by the Bankruptcy Court, the remainder of the terms and provisions of this Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of this Plan, as it may have been altered or interpreted in accordance with this Section 12.6, is valid and enforceable pursuant to its terms.

(c) The impact of any modification, reversal, or vacatur of the Confirmation Order, the Plan, or the Shareholder Settlements following the Effective Date will be governed by the Master Shareholder Settlement Agreement.

12.7 ***Governing Law***.

Except to the extent that the Bankruptcy Code or other federal law is applicable, or to the extent that a Plan Document provides otherwise, the rights, duties and obligations arising under this Plan and the Plan Documents shall be governed by, and construed and enforced in accordance with, the internal laws of the State of New York, without giving effect to the principles of conflicts of laws thereof (other than section 5-1401 and section 5-1402 of the New York General Obligations Law).

12.8 ***Immediate Binding Effect***.

Subject only to Bankruptcy Rules 3020(e), 6004(h) and 7062, as applicable, upon the occurrence of the Effective Date, the terms of this Plan and the Plan Documents shall be immediately effective and enforceable and deemed binding upon and inure to the benefit of the Debtors, the other Protected Parties, all Holders of Claims against or Interests in the Debtors, all Holders of Channeled Claims, all Releasing Parties and each of their respective successors and assigns.

12.9 ***Successors and Assigns***.

The rights, benefits and obligations of any Person named or referred to in this Plan shall be binding on, and shall inure to the benefit of, any heir, executor, administrator, successor or permitted assign, if any, of each such Person.

12.10 ***Entire Agreement***.

On the Effective Date, this Plan, the Plan Supplement and the Confirmation Order shall supersede all previous and contemporaneous negotiations, promises, covenants, agreements, understandings and representations concerning such documents, all of which have become merged and integrated into this Plan.

12.11 ***Computing Time***.

In computing any period of time prescribed or permitted by this Plan, unless otherwise set forth in this Plan or determined by the Bankruptcy Court, the provisions of Bankruptcy Rule 9006 shall apply.

12.12 ***Exhibits to Plan***.

All exhibits, schedules, supplements and appendices to this Plan (including the Plan Supplement) are incorporated into and are part of this Plan as if set forth in full herein.

12.13 ***Notices***.

All notices, requests and demands to or upon the Debtors shall be in writing (including by facsimile transmission) and, unless otherwise provided herein, shall be deemed to have been duly given or made only when actually delivered or, in the case of notice by facsimile transmission, when received and telephonically confirmed, addressed as follows:

and Debtors in Possession

After the occurrence of the Effective Date, the Plan Administration Trustee shall have authority to send a notice to Entities providing that, to continue to receive documents pursuant to Bankruptcy Rule 2002, such Entities must file a renewed request to receive documents pursuant to Bankruptcy Rule 2002; *provided*, *however*, that the U.S. Trustee need not file such a renewed request and shall continue to receive documents without any further action being necessary. After the occurrence of the Effective Date, the Debtors and the Plan Administration Trustee are authorized to limit the list of Entities receiving documents pursuant to Bankruptcy Rule 2002 to the U.S. Trustee and those Entities that have filed such renewed requests.

12.14 ***Dissolution of the Creditors' Committee***.

On the Effective Date, the Creditors' Committee will dissolve; *provided*, *however*, that following the Effective Date, the Creditors' Committee shall continue in existence and have standing and a right to be heard for the following limited purposes: (a) applications, and any relief related thereto, for compensation by Professional Persons and requests for allowance of fees and/or expenses under section 503(b) of the Bankruptcy Code, (b) any appeals of, or related to, the Confirmation Order or (c) any other appeal to which the Creditors' Committee is a party. Liquidation Analysis

I.
LIQUIDATION ANALYSIS

A. Introduction

Under the "best interests" of creditors test set forth in Bankruptcy Code section 1129(a)(7), a bankruptcy court may not confirm a plan of reorganization unless the plan provides, with respect to each impaired class, that each holder of a claim or interest in such class who does not otherwise vote in favor of the plan receive property of a value, as of the effective date of the plan, that is not less than the amount that such holder would receive or retain if the debtor(s) were liquidated under chapter 7 of the Bankruptcy Code as of such date. To demonstrate that the Plan satisfies the "best interests" of creditors test, the Debtors have prepared the hypothetical liquidation analysis attached hereto as **Exhibit 1** (the "**Liquidation Analysis**"), which is based upon certain assumptions discussed below and in the notes accompanying the Liquidation Analysis (the "**Notes**"). Capitalized terms not defined in the Notes shall have the meanings ascribed to them in the Plan and the Disclosure Statement.

The Liquidation Analysis estimates potential Cash distributions to holders of Allowed Claims and Allowed Interests in a hypothetical chapter 7 liquidation of the Debtors' assets (the "**Assets**"). Asset values discussed in the Liquidation Analysis may differ materially from values referred to in the Plan and Disclosure Statement. The Debtors prepared the Liquidation Analysis with the assistance of their advisors.

B. Scope, Intent, and Purpose of the Liquidation Analysis

The determination of the costs of, and hypothetical proceeds from, the liquidation of the Assets is an uncertain process involving the extensive use of estimates and assumptions that, although considered reasonable by the Debtors, are inherently subject to significant business, political, economic, and competitive uncertainties and contingencies beyond the control of the Debtors, their management, and their advisors. Inevitably, some assumptions in the Liquidation Analysis would not materialize in an actual chapter 7 liquidation, and unanticipated events and circumstances could affect the ultimate results in an actual chapter 7 liquidation. In addition, the Debtors' management cannot judge with any degree of certainty the effect of the forced-liquidation asset sales on the recoverable value of the Assets. The Liquidation Analysis was prepared for the sole purpose of generating a reasonable, good-faith estimate of the proceeds that would be generated if the Debtors were liquidated in accordance with chapter 7 of the Bankruptcy Code. The Liquidation Analysis is not intended and should not be used for any other purpose. The underlying financial information in the Liquidation Analysis was not compiled or examined by any independent accountants. No independent appraisals were conducted in preparing the Liquidation Analysis. **NEITHER THE DEBTORS NOR THEIR ADVISORS MAKE ANY REPRESENTATION OR WARRANTY THAT THE ACTUAL RESULTS WOULD OR WOULD NOT APPROXIMATE THE ESTIMATES AND ASSUMPTIONS REPRESENTED IN THE LIQUIDATION ANALYSIS. ACTUAL RESULTS COULD VARY MATERIALLY**.

In preparing the Liquidation Analysis, the Debtors estimated Allowed Claims based upon a review of Claims listed on the Debtors' Schedules, Claims listed in the Debtors' current books and records and Proofs of Claim filed to date. In addition, the Liquidation Analysis includes estimates for Claims not currently reflected in the books and records or asserted in the Chapter 11 Cases, but which could be asserted and Allowed in a chapter 7 liquidation, including Administrative Claims, wind-down costs, and trustee fees. The Bankruptcy Court has not estimated or otherwise fixed the total amount of Allowed Claims used for purposes of preparing the Liquidation Analysis. The Debtors' estimate of Allowed Claims set forth in the Liquidation Analysis should not be relied on for any other purpose, including determining the value of any distribution

to be made on account of Allowed Claims under the Plan. **NOTHING CONTAINED IN THE LIQUIDATION ANALYSIS IS INTENDED TO BE OR CONSTITUTES A CONCESSION OR ADMISSION OF THE DEBTORS. THE ACTUAL AMOUNT OF ALLOWED CLAIMS IN THE CHAPTER 11 CASES COULD MATERIALLY DIFFER FROM THE ESTIMATED AMOUNTS SET FORTH IN THE LIQUIDATION ANALYSIS**.

II.
GLOBAL NOTES TO THE LIQUIDATION ANALYSIS

A. Liquidation Date and Appointment of a Chapter 7 Trustee

The Liquidation Analysis assumes the conversion of the Chapter 11 Cases to chapter 7 liquidation cases on or about December 31, 2025 (the "**Liquidation Date**"). On the Liquidation Date, it is assumed that the Bankruptcy Court would appoint a chapter 7 trustee (the "**Trustee**") to oversee the liquidation of the Debtors' Estates. As the Debtors would not generate revenues or cash flows following the Liquidation Date, the Trustee would need to use cash on hand, receivables, and proceeds from the immediate liquidation of Assets to fund the ongoing expenses of the Estates. The Liquidation Analysis assumes that the Trustee would have adequate liquidity to fund the wind-down of the operations and the fees associated with such a liquidation. In the event of an actual liquidation of the Debtors, there is a risk that the Trustee would not have adequate liquidity on hand to settle administrative expenses as incurred, at which point the Trustee might request a dismissal of the chapter 7 cases. If such a scenario were to occur, the recoveries to creditors would be severely impaired as compared with the hypothetical results contained in the Liquidation Analysis.

For the purposes of the Liquidation Analysis, the Debtors are using the most recent available balance sheets as of December 31, 2024 (the "**Balance Sheet Date**") as the basis for book value of the Assets. It is assumed there would be no material change between the Debtors' Assets on the Liquidation Date and the Balance Sheet Date, except as otherwise noted in the assumptions below. The Liquidation Analysis assumes that the Trustee would wind down and monetize the Assets of the Debtors over a twelve-month period, using cash on hand and the proceeds of the Assets to fund the expenses associated with the wind-down of operations. Litigation in respect of Shareholder Claim Rights and claims allowance and allocation could extend beyond twelve months and generate significant costs that could further dilute recoveries in a chapter 7 liquidation. The Liquidation Analysis has been drafted on a legal-entity-by-legal-entity basis for each of the Debtors.

B. Primary Assets of the Debtors

The Debtors have Assets in the form of (i) cash and cash equivalents, (ii) accounts receivable, (iii) inventory ("**Inventory**"), (iv) restricted cash accounts (v) prepaid expenses & other current assets, (vi) property, plant, and equipment ("**PP&E**"), (vii) intangible assets, (viii) investments in non-Debtor companies, (ix) other non-current assets, and (x) Shareholder Claim Rights.[1] The Liquidation Analysis assumes a range (high, medium, and low) of recoveries for these Assets assuming a forced-liquidation asset sale process for certain of the Assets conducted by the Trustee. The Debtors' management believes that values derived from the liquidation assumed in the Liquidation Analysis do not generate a significant recovery for stakeholders as compared with the recovery proposed under the Plan.

The Liquidation Analysis assumes the Debtors would allow, and the Trustee would use, the proceeds of the liquidation of Assets to fund the wind-down expenses. These receivables and other proceeds would be used first to fund the liquidation of the Estates and then to satisfy Claims in the order of priority set forth in section 726 of the Bankruptcy Code.

[1] The Liquidation Analysis does not include any estimate for recoveries for Purdue Insurance Rights and other litigation rights.

C. Forced-Liquidation Sale Process

The liquidation sale process would proceed concurrently with the shutdown of the Debtors' manufacturing facility in Wilson, North Carolina. A significant portion of the gross proceeds distributable to creditors would come from the collection of accounts receivable as well as from the liquidation of inventory, real property and equipment and certain brands, patents and other intangible assets, which liquidation is subject to various offsetting costs. The Liquidation Analysis also assumes that certain staff currently employed by the Debtors would remain with the Debtors through the course of the wind-down. Costs associated with these employees have been included in the operational wind-down expense to support the Trustee in collecting and liquidating the Assets.

The Liquidation Analysis assumes that the Debtors will be subject to a withdrawal liability on account of the Purdue Pension Plan (the "**Qualified Pension Plan**") and the PBGC. During February 2025, the Debtors sought authorization to affect a "standard termination" of the Qualified Pension Plan and on March 17, 2025, the Bankruptcy Court entered an order approving the Purdue Pension Plan termination motion. In order to effectuate a standard termination of the Purdue Pension Plan, the Debtors must make contributions to the Purdue Pension Plan so that it will possess sufficient assets to satisfy all plan benefits and liabilities as of the date of distribution. The Debtors believe that, given the value of Plan assets and the favorable interest rate environment, terminating the Purdue Pension Plan at this time would reduce the risk of future liability and ensure that more funds would be available to creditors. The Debtors expect to contribute approximately $42.8 million to effectuate the standard termination of the Purdue Pension Plan in approximately 12-24 months' time. Therefore, the Debtors estimate that the Qualified Pension Plan claim amounts would total approximately $42.8 million based on the Debtors' actuarial estimates of cost of termination of the Qualified Pension Plan. The Debtors also assumed that the Qualified Pension Plan claims would be asserted at each of the Debtor entities, based on a "controlled group" (as defined in the Employee Retirement Income Security Act) theory of liability. Further, the Debtors have made the assumption that certain other claims which could be asserted in a chapter 7 liquidation—such as potential rejection damages claims for contracts that would be assumed or rejected in a chapter 11 reorganization—are not estimated in the Liquidation Analysis, which claims would otherwise further dilute recovery to creditors.

The Liquidation Analysis assumes that the estimated sale proceeds for the Assets would be less than the tax basis of the Assets and would not generate any additional tax liabilities. Should the tax treatment and effect of the liquidation transactions result in a tax liability that was not reduced by other tax benefits, recoveries in the Liquidation Analysis could change materially.

III.
SPECIFIC NOTES TO THE ASSET ASSUMPTIONS CONTAINED IN THE LIQUIDATION ANALYSIS

The Liquidation Analysis refers to certain categories of Assets. The numerical/alphabetical designations below correspond to the line items listed in Exhibit 1, each with a specific Note.

1. Cash and Cash Equivalents

    - In the Liquidation Analysis, "cash and cash equivalents" comprises cash and marketable securities. The cash balance shown is the Debtors' current unrestricted cash forecast as of the Liquidation Date. Full recovery is anticipated on cash and marketable securities.

2. Accounts Receivable

- Accounts Receivable includes all third-party trade accounts receivable. Allowances for doubtful accounts, accrued returns, cash payment discounts, wholesaler fees and chargebacks are included in receivables. The liquidation analysis assumes that upon conversion to a chapter 7, the Debtors' ability to collect on its receivables will be negatively impacted by an increase in product returns for certain products as the end market demand for its products declines.

- Approximately 90% of the Debtors' outstanding trade accounts receivable are due from 3 main pharmaceutical distributors from which the Debtors have historically seen minimal loss rates. However, potential risks exist around the ability to collect on the Debtors' outstanding accounts receivable due to potential setoff claims against the Debtors.

- Accounts receivable due from associated companies are deemed to have the same recovery assumptions as accounts receivable with third-parties.

- Debtor-to-Debtor intercompany receivables are deemed to have no recoverable value in this analysis.

- For purposes of the Liquidation Analysis, the liquidation proceeds of accounts receivable were estimated to range from 50-75% of net book value.

3. Inventory

- Inventory consists of raw materials, work in process and finished goods which were evaluated for recovery at the product level. The book value of inventory represents the lower of cost or market value. The liquidation analysis assumes that manufacturing facilities would initiate shutdown at the start of the liquidation period and that the raw material and work in progress would not have recoverable value. The Debtors would be expected to sell the remaining finished goods at significantly higher than cost and therefore, results in estimated recovery rate ranges over 100%. The liquidation analysis assumes that sufficient proceeds will not be immediately available to pay accrued rebates, that the Debtors would need to significantly decrease the market price of inventory on hand to account for the increased final cost to customers.

- The liquidation analysis assumes a recovery range for finished goods of 290-580% of net book value and a recovery range for total inventory of 113-226%.

4. Prepaid Expenses and Other Current Assets

- Prepaid Expenses and Other Current Assets primarily includes prepaid retainers and prepaid insurance expense for which the Debtors anticipate no recoverable value.

5. Restricted Cash

- Restricted Cash consists primarily of cash collateralized for insurance policies and trust account agreements with pharmacy benefit managers. The funds related to insurance policies have an estimated recovery of 0-50% of net book value.

6. Property and Equipment, net (PP&E)

- Property and Equipment, net ("PP&E") comprises Land and Buildings, Leasehold

Improvements, Machinery & Equipment ("Equipment"), Furniture and Fixtures ("Furniture"), Computer Software and Equipment ("Software") and Construction in Progress. Recovery ranges for PP&E were based on management's knowledge of the underlying assets and estimates of their ultimate sale values. The estimated recovery ranges for the various components of PP&E are as follows:

- Land and Buildings 25-45%
- Equipment 5-15%
- Furniture 5-10%
- Software 2-4%

- Leasehold Improvements and Construction in Progress are estimated to have no recovery value.

- PP&E consists primarily of a manufacturing facility in Wilson, NC owned by Purdue Pharmaceuticals L.P. The blended recovery for PP&E is 14-27%.

7. Investments at Cost

- Investments at Cost include the Debtors' investments in early stage privately held companies. Primarily due to the estimated high illiquidity discounts, the Debtors assume a recovery rate of 50-75%.

8. Intangible Assets

- Intangible assets include brands, patents, trademarks, know-how and ANDAs for branded and generic products.
  - Intangible assets are held on the Debtors' balance sheets at cost.
  - The liquidation analysis estimates that the liquidation of the ANDAs, patents and other intangibles for the Debtors' generic and branded pharmaceutical products would be at a significant discount to the going concern value of the Debtors' ongoing business operations.
  - Total proceeds are estimated to be $26-$82 million or 689-2160% of net book value

9. Other Assets (Non-Current)

- Other long-term assets consist primarily of prepaid rent and are estimated to have no recoverable value.

- Proceeds from Causes of Action arising under chapter 5 of the Bankruptcy Code ("Avoidance Actions") may be available for distribution to Holders of Administrative Claims, Priority Claims, and General Unsecured Claims in accordance with the priorities established by the Bankruptcy Code. The Debtors, however, believe that recoveries from Avoidance Actions (other than, for the avoidance of doubt, recoveries in respect of Shareholder Claim Rights), if any, would be speculative in nature and have not included any such proceeds in the Liquidation Analysis.

10. Shareholder Settlement

- The Liquidation Analysis assumes that there is no settlement with the shareholders.
- The amount of any hypothetical judgment is unknowable. However, the Debtors believe that

recoveries in respect of Shareholder Claim Rights in the context of a hypothetical chapter 7 liquidation would likely be lower than recoveries under the Shareholder Settlement Agreements for a number of reasons, including:

- The Trustee and its counsel would not be familiar with the extremely complicated and extensive factual record, which could affect the Trustee's ability to prosecute the Shareholder Claim Rights.
- The Shareholder Settlement Agreements allow for the consensual resolution of other complex issues, including collectability.
- In a hypothetical chapter 7 liquidation, the Debtors would be one party of many pursuing claims against the Debtors' shareholders, and the Debtors might not "win the race to the courthouse."

- The Liquidation Analysis assumes that the recoveries in respect of Shareholder Claim Rights are estimated to be $746-$2,238 million and received at PPLP.
  - To estimate midpoint recoveries, the Debtors discounted the total value of contributions, as previously determined in 2021, in settlement of the Shareholder litigation to 12/31/2025 using a discount rate of 9% and estimated recovery rate of 50% under a hypothetical chapter 7 liquidation scenario, exclusive of litigation-related costs and expenses[2].

IV.
SPECIFIC NOTES TO THE LIQUIDATION COST ASSUMPTIONS CONTAINED IN THE LIQUIDATION ANALYSIS

1. Chapter 7 Trustee Fees

- Represents the costs of payment of statutorily allowed reasonable compensation to the Trustee. Estimated Trustee fees are calculated in accordance with section 326 of the Bankruptcy Code as follows: not to exceed 25 percent on the first $5,000 or less, 10 percent on any amount in excess of $5,000 but not in excess of $50,000, 5 percent on any amount in excess of $50,000 but not in excess of $1,000,000, and reasonable compensation not to exceed 3 percent of such moneys in excess of $1,000,000, upon all moneys disbursed or turned over in the case by the trustee to parties in interest, excluding the debtor, but including holders of secured claims. For the purposes of this analysis, Chapter 7 Trustee Fees are assumed to be 2-3% of total liquidation proceeds, excluding recoveries related to cash and cash equivalents available to the Trustee as of the Liquidation Date.

2. Chapter 7 Professional Fees and Claims Resolution Costs

- Pursuant to section 726 of the Bankruptcy Code, the allowed administrative expenses incurred by the Trustee, including fees and expenses incurred in resolving the Debtors' claims register, which currently constitutes over 650,000 claims asserted in a face amount of approximately $41.1 trillion[3], and expenses relating to the sale of the Debtors' assets.
- The Trustee's fees and expenses will be entitled to payment in full prior to any distribution to chapter 11 Administrative Claims and Other Priority Claims.
- The Liquidation Analysis assumes that the Private-Side Resolutions, which among other things were conditioned on confirmation of a plan of reorganization that includes a settlement of

[2] For the avoidance of doubt, the Debtors have applied the same assumptions for any estate litigation as used in 2021.
[3] Exclusive of a single personal injury claim filed in the amount of $100 trillion. Claims filed in amounts certain represent approximately 11% of the claims pool.

Shareholder Claim Rights, are not satisfied.

- As discussed in Section 1.D of the Disclosure Statement, absent the Private-Side Resolutions, litigation among various creditor constituencies could continue for many years and at great expense. The Liquidation Analysis assumes that such litigation takes 5-10 years. Trustee professional fees, including fees incurred in connection with allocation-related litigation and litigation in respect of Shareholder Claim Right, is estimated to be $520-$1,560 million.

3. Transaction cost advisory fees

   - Fees are estimated to be 2-3% of the sales value of the Debtors' PP&E and intangible assets due to the need to hire brokers and/or other specialists to market and liquidate these assets for the Debtors.

4. Wind down costs

   - Wind down costs[4] are based on a percentage of general and administrative (G&A) expenses and are estimated to be 20-25% of annual expenses in year 1 and decreasing percentages in subsequent years.

5. Severance

   - Severance is estimated at two weeks of payroll expense[5].

IV.
SPECIFIC NOTES TO THE CLAIMS ASSUMPTIONS CONTAINED IN THE LIQUIDATION ANALYSIS

The Liquidation Analysis sets forth an allocation of the liquidation proceeds to holders of Claims and Interests in accordance with the priorities set forth in section 726 of the Bankruptcy Code. In preparing the Liquidation Analysis, the Debtors estimated Allowed Claims based upon a review of Claims listed on the Debtors' Schedules, Claims listed in the Debtors' current books and records and Proofs of Claim filed to date. In addition, the Liquidation Analysis includes estimates for certain costs and claims not currently asserted in these Chapter 11 Cases, but which could be asserted and allowed in a chapter 7 liquidation. These costs and claims include those incurred to manage the chapter 7 liquidation (such as trustee and professional fees and operational winddown costs), and additional Administrative Claims.

To date, the Bankruptcy Court has not estimated or otherwise fixed the total amount of Allowed Claims. For purposes of the Liquidation Analysis, the Debtors' estimates of Allowed Claims are used. Therefore, the Debtors' estimate of Allowed Claims set forth in the Liquidation Analysis should not be relied on for any other purpose, including determining the value of any distribution to be made on account of Allowed Claims and Interests under the Plan.

1. Superpriority Administrative Expense Claims

[4] The Debtors have taken a conservative approach to estimating wind-down costs for purposes of this Liquidation Analysis. Given the complex nature of the Debtors' business operations, actual wind-down costs could be significantly higher.

[5] Under the Debtors' company-wide severance plan, Vice Presidents with less than five years of employment with the Debtors receive six months of severance pay and those with greater than five years of severance receive one year. Employees below Vice President receive either two or three weeks of severance pay for each year they have worked for the Debtors, depending on grade level (with a minimum of eight weeks and a maximum of fifty two weeks of severance pay). This Liquidation Analysis conservatively assumes that the Trustee pays severance to all employees in an amount of two weeks of payroll expenses notwithstanding the Debtors' existing policy. Actual severance costs would be significantly higher than assumed in the Liquidation Analysis to the extent that the Trustee complies with the Company's existing severance plan.

- The Liquidation Analysis assumes that the DOJ Forfeiture Judgment Claim is Allowed against PPLP in the amount of $2 billion and that the DOJ Forfeiture Judgment Credit is unavailable.

2. Administrative Claims

- Administrative Claims arising in a hypothetical chapter 7 liquidation may include, among other things: (1) Claims arising pursuant to section 503(b)(9) of the Bankruptcy Code; (2) postpetition trade payables; (3) accrued postpetition employee obligations; (4) accrued taxes; (5) accrued utility payments; and (6) post-petition intercompany payables.

- This Liquidation Analysis assumes there will be approximately $221 million in Administrative Expense Claims outstanding as of the Liquidation Date, which includes:

    - Post-petition trade payable claims
    - Rejection damage claims resulting from the cancellation of the "RTP Lease" that was previously assumed post-petition by the Debtors
    - Rejection damage claims resulting from the cancellation of the "PPLP lease" that was entered into post-petition by the Debtors
    - Amounts owed under the debtor's Incentive and Retention plans
    - Post-petition accrued expenses

- This Liquidation Analysis concludes that, on a consolidated basis, Administrative Expense Claims will receive a 23% recovery in the mid scenario, while receiving a 3% in the low scenario and a 95% recovery in the high scenario. The variance in recovery is due to the significant variability in liquidation proceeds between the low and high cases.

3. Priority Claims

- The Liquidation Analysis assumes that there are $0.8 million in Priority Employee claims based upon the priority wage cap and the number of total employee claims filed. The priority claims are assumed to receive an equivalent recovery to the assumed administrative claims which ranges from 0-98%.

- The Liquidation Analysis assumes that there are $3.7 million in Priority Tax claims, which consists of accrued Taxes reflected on the balance sheet that are not yet due and payable, or that are being contested in good faith, in accordance with GAAP. The priority claims are assumed to receive an equivalent recovery to the assumed administrative claims, which ranges from 0-100%

4. Class 4 – General Unsecured Claims

- Prepetition accounts payable – The Liquidation Analysis assumes that all undisputed prepetition accounts payable claims will be allowed in full in a Chapter 7 scenario.

- Pension Benefit Guaranty Corporation termination claim – The Liquidation Analysis includes a claim estimate of $42.8 million related to the termination of the Debtors defined benefit pension plan.

- Contract rejection damages – The Liquidation Analysis includes an estimate for rejection damages related to the rejection of the Debtors' prepetition lease at One Stamford Forum.

- Opioid Litigation –The Liquidation Analysis assumes that all opioid-related claims asserted against the Debtors are asserted solely against Debtor PPLP. As discussed herein and in Section 1.D of the Disclosure Statement, a chapter 7 liquidation would likely involve extensive and value-destructive litigation regarding the validity and amount of these claims, and there can be no assurance that any particular claim would ultimately be allowed in a particular amount or at all at the eventual conclusion of such litigation.
- For illustrative purposes only, the Liquidation Analysis shows contingent liability claims in the asserted face amount of approximately $41.1 trillion[6].

[6] Exclusive of a single personal injury claim filed in the amount of $100 trillion. Claims filed in amounts certain represent approximately 11% of the claims pool.

Financial Projections

Financial Projections

In connection with the Disclosure Statement,[1] the Debtors' management team ("Management") prepared financial projections ("Financial Projections") for NewCo for fiscal years 2025 through 2026 (the "Projection Period"). The Financial Projections were prepared by Management and are based on a number of assumptions made by Management with respect to the future performance of NewCo's business. **Although Management has prepared the Financial Projections in good faith and believes the assumptions to be reasonable, there can be no assurance that such assumptions will be realized. As described in detail in the Disclosure Statement, a variety of risk factors could affect NewCo's financial results and must be considered. Accordingly, the Financial Projections should be reviewed in conjunction with a review of the risk factors set forth in the Disclosure Statement and the assumptions described herein, including all relevant qualifications and footnotes.**

The Debtors believe that the Plan meets the feasibility requirements set forth in section 1129(a)(11) of the Bankruptcy Code, as confirmation is not likely to be followed by liquidation or the need for further financial reorganization of the Debtors or any successor under the Plan. In connection with the planning and development of a plan of reorganization and for the purposes of determining whether such plan would satisfy this feasibility standard, the Debtors analyzed their ability to satisfy their financial obligations while maintaining sufficient liquidity and capital resources.

These Financial Projections were not prepared with a view toward compliance with published guidelines of the United States Securities and Exchange Commission or guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. An independent auditor has not examined, compiled or performed any procedures with respect to the prospective financial information contained in this Exhibit and, accordingly, it does not express an opinion or any other form of assurance on such information or its achievability. Debtors' independent auditor assumes no responsibility for, and denies any association with, the prospective financial information.

Principal Assumptions for the Financial Projections

The Financial Projections are based on, and assume the successful implementation of, the Debtors' current business plan ("Business Plan"). Both the Business Plan and the Financial Projections reflect numerous assumptions, including various assumptions regarding the anticipated future performance of NewCo, industry performance, general business and economic conditions, and other matters, many of which are beyond the control of the Debtors. These projections assume that the Company continues to operate its business in the ordinary course and do not forecast for any potential future operating asset sales.

Therefore, although the Financial Projections are necessarily presented with numerical specificity, the actual results achieved during the Projection Period will likely vary from the projected results. These variations may be material. Accordingly, no definitive representation can be or is being made with respect to the accuracy of the Financial Projections or the ability of NewCo to achieve the projected results of operations. See "Risk Factors."

In deciding whether to vote to accept or reject the Plan, creditors must make their own determinations as to the reasonableness of such assumptions and the reliability of the Financial Projections. See "Risk Factors."

Moreover, the Financial Projections were prepared solely in connection with the restructuring pursuant to the Plan.

Under Accounting Standards Codification "ASC" 852, "Reorganizations" ("ASC 852"), the Debtors note that the Financial Projections reflect the operational emergence from chapter 11 but not the impact of fresh start accounting that will likely be required upon emergence. Fresh start accounting requires all assets, liabilities, and equity instruments to be valued at "fair value." The Financial Projections account for the reorganization and related transactions pursuant to the Plan. While the Debtors expect that NewCo will be required to implement fresh start accounting upon emergence, they have not yet completed the work required to quantify the impact to the Financial Projections. When NewCo fully implements fresh start accounting, differences are anticipated and such differences could be material.

Safe Harbor Under The Private Securities Litigation Reform Act of 1995

The Financial Projections contain statements which constitute "forward-looking statements" within the meaning of the Securities Act of 1933, as amended (the "Securities Act") and the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995 (the "Exchange Act"). Forward-looking statements in the Financial Projections include the intent, belief, or current expectations of the Debtors and members of its management team with respect to the Business Plan and NewCo's future liquidity, as well as the assumptions upon which such statements are based.

While the Debtors believe that the expectations are based on reasonable assumptions within the bounds of their knowledge of their business and operations, parties in interest are cautioned that any such forward-looking statements are not guarantees of future performance, and involve risks and uncertainties, and that actual results may differ materially from those contemplated by such forward-looking statements.

Select Risk Factors Related to the Financial Projections

The Financial Projections are subject to inherent risks and uncertainties, most of which are difficult to predict and many of which are beyond Management's control. Many factors could cause actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements. A description of the risk factors associated with the Plan, the Disclosure Statement, and the Financial Projections is included in Article VIII.B of the Disclosure Statement.

Financial Projections General Assumptions

Basis of presentation (non-GAAP)

- The consolidated financial statements include NewCo and its subsidiaries, as successors to the operating businesses of Purdue Pharma L.P. and its Debtor subsidiaries. All significant intercompany transactions and accounts have been eliminated.

- The Debtors' liabilities subject to compromise account balance consists of $6,500 million of opioid litigation contingency accrual (expected to be paid by the Company's shareholders) and approximately $13 million of pre-petition trade liabilities. Upon emergence, the Debtors' forecasts reclassify the liability associated with the cash settlement that is expected to be paid by the Company's pre-petition shareholders (and therefore not part of Debtors cash projections) to equity as a capital contribution based on the settlement agreement with the pre-petition shareholders. The pre-petition trade liabilities are assumed to be settled in cash. Other balance sheet projections do not include adjustments for fresh start accounting; projections are non-GAAP and not created in accordance with American Institute of Certified Public Accountants Statement of Position 90-7.

- The calculation of the cash Distributions to Claimants from the Estate at emergence is calculated as cash in excess of $135 million after other required effective date payments are funded (refer to "Allocation of Estate Distributable Value under the Plan" below). Up to 5% of the NewCo Distributable Cash, which shall not exceed $5 million per annum, will be distributed annually to the Foundation, which the Foundation may utilize to make grants for evidence-based strategies to abate the opioid crisis. NewCo shall allocate any remaining NewCo Distributable Cash not distributed to the Foundation to the Governmental Remediation Trust and the Tribes Trust. Because the exact distributions to the Foundation, the Governmental Remediation Trust and the Tribes Trust will be determined by NewCo's board, for illustrative purposes these financial forecasts do not show any distributions by NewCo in 2026.

Allocation of Estate Distributable Value under the Plan

- Pursuant to Section 5.14(a) of the Plan, the Debtors' Effective Date Cash will be used to (i) fund the Professional Fee Escrow Account, the PAT Reserves and PAT Distribution Accounts to pay Professional Fee Claims and operating expenses of the Plan Administration Trust and to make distributions to Holders of Allowed Claims that will be administered by the Plan Administration Trust, (ii) fund the MDT Operating Reserve to pay operating expenses of the Master Disbursement Trust, (iii) contribute the Initial NewCo Cash to NewCo in the amount of $135 million, (iv) make the Initial Tribe Trust Distribution, distribution to Public School Trust, and the Initial Private Creditor Trust Distributions on account of ER Physician Claims, Tribe Claims, Hospital Claims, Third-Party Payor Claims and PI Claims and (v) pay the other required amounts pursuant to the Plan.

- Pursuant to Section 5.14(b) of the Plan, all Effective Date Cash remaining after the satisfaction of the amounts described above will be used to make the Initial Governmental Remediation Trust ("GRT") Distribution, which is currently estimated to be $821 million.

- On or as soon as practicable after the Effective Date, the NewCo Transferred Assets, consisting of the Initial NewCo Cash and all of the operating assets of the Debtors (including all non-cash assets of the Debtors other than the Excluded Assets), will be transferred directly or indirectly to NewCo or one or more of its subsidiaries.

- On the Effective Date, the Master Disbursement Trust will receive the MDT Transferred Assets (consisting of the MDT Operating Reserve, Shareholder Claim Rights, including the rights to receive payments due under the Shareholder Settlement Agreements, the MDT Insurance Rights and the MDT Causes of Action).

- The Master Disbursement Trust will use available cash to fund operating expenditures of the Master Disbursement Trust (including the payment of fees for certain third-party services and the compensation of the MDT Trustees and the MDT Advisory Council Representatives) and to make distributions to the Private Creditor Trusts on each MDT Distribution Date in accordance with the terms outlined in Section 5.2(e) of the Plan. MDT excess cash will ultimately be distributed to GRT and the Tribe Trust.

- Amounts paid in respect of the Shareholder Settlement Agreements are forecasted based on the terms set forth in the Plan and Disclosure Statement.

- The timing of any recoveries in respect of MDT Insurance Rights is currently uncertain and such recoveries have not been included in the forecast for conservatism.

- Distributions to each Creditor Trust will be used to make Distributions on account of Claims channeled to such Creditor Trust in accordance with the Plan, in addition to paying certain attorneys' fees and costs and funding operating expenditures of such Creditor Trust.

Below is a brief description of selected forecasted financial statement items for the NewCo operating assets:

Non-GAAP P&L

- Net Sales
    - NewCo will continue to operate the business under four main segments:
        1. Branded Opioids: Prescription opioids, including OxyContin, Hysingla, and Butrans
        2. Rhodes Pharmaceuticals (the "Generic Business"): Primarily generic solid oral-dose opioids, transdermal prescription medications, ADHD prescription medications and other prescription medications
        3. Pipeline Assets: Early-stage non-opioid assets that require investment to reach commercialization or potential inflection point (for next decisions around further investment or monetization) but present upside if successfully developed; range of therapeutic areas from oncology to non-opioid pain; and
        4. Public Health Initiative: Four life savings medicines (OTC Naloxone nasal spray (RiVive™), buprenorphine/naloxone (generic Suboxone® tablets), the Nalmefene Vial and Zurnai™ (Nalmefene Auto-Injector)) have been approved by the FDA during the pendency of the bankruptcy and are expected to help address and abate the ongoing opioid epidemic. Given the Debtors' commitment to provide these medications for free or at or below cost, future net sales for these products, which are forecasted to be relatively minimal, are excluded from these Financial Projections.
    - In determining net sales for Branded Opioids, the Debtors first forecast gross sales based upon a combination of historical sales, demand trends, industry growth/decline, competitive landscape and market share assumptions. Management then forecasts the appropriate gross to net adjustments, such as expected returns, wholesaler fees and rebates, amongst other adjustments, to determine the appropriate net sales forecast for each product. As noted above, these Financial Projections reflect the Debtors' current business plan and, upon emergence, they are subject to the decisions to be made by the NewCo Managers.
    - The Branded Opioids segment forecasts net sales to continue to decline in line with the overall market decline in opioid prescriptions, with some adjustments due to changes in market share from year to year.
    - Rhodes Pharmaceuticals' net sales are forecasted to decline slightly during the projection period as certain of the Debtors' products face increasing competition during the 2025-2026 timeframe.
- Cost of Sales
    - Cost of sales forecasts for each product include the cost of goods sold, royalty expense and shipping and warehousing costs. The forecasts for each of the products are consistent with the Debtors' historical margins. Over time the Debtors' consolidated margins are expected to shift with its underlying product mix.

- General and Administrative
    - General and administrative expenses primarily consist of salaries and benefits and related overhead costs for functions such as the finance, legal and human resources, amongst others.
- Legal Fees – Ordinary Course
    - Ordinary course legal fees are primarily related to outside legal fees for general corporate, patent defense/prosecution, employment, regulatory and insurance.
- Research and Development
    - Research and development expenses primarily include expenses for salaries and benefits, the development of a low dose version of Nalmefene and investment in the for-profit pipeline.
- Milestones
    - Milestone expenses are either (i) pre-NDA milestone payments related to research projects or (ii) the amortization of capitalized NDA approval or launch milestone payments.
- Medical Affairs
    - Medical Affairs cost primarily relate to expenses for salaries and benefits, opioid and Nalmefene FDA commitments, future pipeline product research, and adverse event reporting.
- Sales and Promotion
    - Sales and promotion expenses are primarily related to salary and benefit costs of the commercial team and data expenses and market awareness spend for Nalmefene. The company does not have a sales force for marketing opioid products to healthcare providers.
- Health Care Reform Fee / Opioid Tax
    - The health care reform fee is an annual tax paid to the IRS by pharmaceutical manufacturers, generally related to sales made to specified programs. This line of the profit and loss statement also includes various taxes on sales made to certain states, including opioid taxes.
- Other
    - Other expenses primarily represent annual bonus and long-term employee incentive compensation payments.
- Other Items
    - Other items primarily relate to third party royalty income, royalty expenses and interest income.
- PHI Costs

- Upon emergence, NewCo will provide overdose and addiction treatment medications ("Public Health Initiative" or "PHI") at or below cost to the U.S. public. The cost of developing the PHI products as well as the related spend for medical affairs and sales and promotion expenses are included in these forecasts. However, the additional costs of manufacturing and distributing the Nalmefene Vial and Auto-Injector are excluded from the forecasts. The forecasts assume that these PHI products are provided at cost (i.e. Selling price equals cost), resulting in zero net cash flow impact. For the generic Suboxone® tablets distributed under the MMCAP Infuse program, the net costs are included within General and Administrative expenses.

- Legal Fees - Non-Recurring
  - Non-recurring legal fees are primarily due to bankruptcy and litigation related professional fees.

- One Time Charges / Other Items
  - One-time charges are primarily related to non-recurring expenses including asset impairments / write-offs, or severance.

- Taxes
  - The potential future tax liabilities of NewCo remain uncertain and will depend, among other factors, on (1) whether NewCo elects to be treated as a corporation for U.S. federal income tax purposes and (2) the tax basis of Newco's assets at emergence that will be based on a detailed valuation performed by a qualified third party expert (this valuation has yet to be performed). Due to the uncertainty of the future tax liabilities, the cash flow statement is shown without tax. The Debtors continue to work to optimize NewCo's post-emergence structure to minimize its future tax liabilities, however, the ultimate result of this process remains uncertain. The Debtors' current preliminary estimates are that NewCo could incur $40 million to $80 million over the period 2025 to 2026 in tax liabilities, but is highly dependent on (1) and (2) above. Even if NewCo were to incur tax liabilities of such magnitude, NewCo would retain sufficient liquidity to meet all future obligations.

Non-GAAP Balance Sheet

- Cash and Cash Equivalents
  - The Debtors record all highly liquid instruments, with a maturity of less than 90 days when acquired, to be cash equivalents. The forecast is assumed to distribute all Estate cash in excess of $135 million at emergence after other required effective date payments are funded.

- Investments
  - Investments classified as available-for-sale are carried at estimated fair value with unrealized gains and losses recorded to net income.
  - Investments in privately held companies are accounted for using the cost method. The carrying value of investments in privately held companies are accounted for using the net asset value plus or minus changes resulting from observable price changes in orderly transactions for the identical or similar investment of the same issuer.

- Receivables
    - Allowance for doubtful accounts, accrued return reserves, cash payment discounts, wholesaler fees and chargebacks are included in receivables. Receivables generally are due within 30 to 60 days for the branded business and generally are between 60 and 100 days for the Generic Business. Credit is extended to customers based on an evaluation of their financial condition and collateral is not required. Consistent with historical trend, account write-offs have been assumed to be de-minimis.
- Inventories
    - Inventories, consisting of raw materials, work in progress and finished goods, are stated at the lower of cost or net realizable value and computed using the first-in, first-out method.
    - Inventory balances are forecasted based on quantities needed to fulfill forecasted sales and are consistent with historical inventory management practices.
- Prepaid expenses and other assets
    - Amount consist primarily of prepaid operating expenses, retainers relating to advisors and deposits, and other advances to vendors.
- Restricted Cash
    - The Debtors' restricted cash primarily relates to cash collateralized for insurance policies and trust agreements. These cash collateralization requirements are in place due to the Debtors' branded opioid business. The forecasted reductions in restricted cash represent the release of funds that will revert to NewCo based upon the underlying contractual terms and conditions in the underlying agreements. For illustrative purposes, these releases of funds are shown as reverting to NewCo, although they may ultimately revert directly to the MDT to the extent that the underlying policies and restricted cash balances are transferred to the MDT at emergence.
- Property and Equipment
    - Property and equipment are stated at cost and depreciated primarily using the straight-line method over the estimated useful lives of the related assets.
    - Forecasted amounts for capital expenditures consist of maintenance expenditures including ordinary course alterations and repairs.
- Intangible Assets
    - Finite lived intangible assets (consisting of acquisition costs, approval or launch milestones for patent rights for OxyContin and Dilaudid) are amortized using the straight-line method over the estimated useful lives of the related assets up to fifteen years.
    - Indefinite lived intangibles are stated at cost and not subject to amortization.

- Other Assets
    - Other assets balance consists of right-of-use assets for leased office and laboratory space and prepaid rent.
- Accounts Payable
    - Accounts payable consist of trade payables and accrued operating expenses.
- Accrued Expenses and Other Liabilities
    - This amount consists primarily of accrued rebates, accrued and unpaid legal expenses, salaries and benefits, state opioid taxes, royalty expenses and other accrued expenses.
    - Revenue from sales of products is recognized at the time title passes to the customer, which generally occurs upon receipt by the customer. The Company establishes:
        - Returns, early payment discounts, customer discounts, wholesaler fees, chargebacks, Medicaid, Medicare and commercial rebates in the same period as the related sales are recognized in determining net sales. Accrued returns, cash payment discounts, wholesaler fees and chargebacks are included in receivables. Rebates are included in accrued expenses.
        - Rebate accruals are recorded for (1) the future rebates that will be paid on the value of inventory held within the distribution channel that has not been consumed by the end customer as of a reporting date and (2) rebates that have either been invoiced to the Company and not paid or rebates that are estimated based on consumption by the end customer. Information is regularly reviewed to confirm amounts of inventory in the distribution channel, such as data from several large customers' inventory management systems, and for other customers, data from third parties to help estimate the amount of inventory held by retail.
        - Royalty accruals from the licensing of product rights over the periods earned.
- Other Long-Term Liabilities
    - Other long-term liabilities consist primarily of employee defined pension benefits liability and employee post-retirement benefits liability related to the retirement and medical benefits provided by the Debtors to substantially all employees through a former, now frozen (see below) noncontributory defined benefit pension plan and a postretirement health care and life insurance plan.
    - Effective December 31, 2017, all remaining participants of the Debtors' defined pension plan ceased to accrue any additional benefits. The postretirement health care and life insurance plan was also amended effective January 1, 2018 to close post-65 medical coverage and life insurance coverage to future retirees. During February 2025, the Debtors sought authorization to affect a "standard termination" of the Purdue Pension Plan and on March 17, 2025, the Bankruptcy Court entered an order approving the Purdue Pension Plan termination motion. In order to effectuate a standard termination of the Purdue Pension Plan, the Debtors must make contributions to the Purdue Pension Plan so that it will possess sufficient assets to satisfy all plan benefits and liabilities

as of the date of distribution. The Debtors believe that, given the value of Plan assets and the favorable interest rate environment, terminating the Purdue Pension Plan at this time would reduce the risk of future liability and ensure that more funds would be available to creditors. The Debtors expect to contribute approximately $43 million to effectuate the standard termination of the Purdue Pension Plan in approximately 12-24 months' time. Of this amount, $30 million is estimated to be paid prior to emergence from chapter 11.

Cash Flows

- Operating Activities
    - Change in working capital is driven by ordinary course changes in accounts receivable, accounts payable, inventory, other current assets and other current liabilities.
- Investing Activities
    - Capital expenditures largely reflect manufacturing facility replacement of equipment and IT applications/infrastructure.
    - In forecasting the proceeds from sale of investments, the forecasted sale amount is estimated based on the sale of marketable security investments using the market prices as of December 31, 2024 as a proxy for the sale price and an investment at cost appreciating approximately 25% from its value at December 31, 2024. More recently, the market prices of the marketable security investments have traded at approximately 50% of the prices at year end. While the future sale proceeds will depend upon, among other factors, the prevailing market price at the time of such sale, the Debtors believe that the potential for lower sale proceeds presents little to no risk in the context of the overall plan.
    - The release of restricted cash is forecasted based upon the assumption of restricted cash collateral backstopping various of the Debtors' insurance policies. For the component of this restricted cash collateral transferred directly to the MDT, the released restricted cash would also be transferred directly to the MDT. However, as previously stated, for illustrative purposes, the Financial Projections reflect release of restricted cash associated with historical insurance policies is released at NewCo and subsequently transferred to the MDT and GRT at the discretion of the NewCo Board.
- Financing Activities
    - The contribution represents $6.5 billion in aggregate payments due under the Shareholder Settlement Agreements as outlined in the Disclosure Statement and Plan, which will be recorded in the Debtors' financials as a shareholder contribution, but which will be paid directly to Master Disbursement Trust under the Shareholder Settlement Agreements.

Claimant Trusts

- Operating Expenses
    - MDT expenses represent preliminary estimates of the go forward costs to administer each entity and to perform the duties for which each entity has been created.
- Cash Balances

- MDT is assumed to hold cash equal to the next year of operating expenses.

- Distributions
  - Private settlement payments, tribe distributions and GRT distributions are made per the terms of the plan of reorganization.

This adjustment assumes a $218 million payment upon the Effective Date by the prepaying shareholder party, resulting in a discount to the face amount. If this amount is not prepaid, this party would owe $345 million over fifteen years.

[2] Assuming no suspension event, the reversion of these reserve funds may occur at the earliest in years 2030 to 2033.

[3] For the avoidance of doubt, the GRT distributions exclude any potential professional fees that may need to ultimately be paid out of these distributions.

(b) Impairment and Voting: Other General Unsecured Claims are Impaired. Holders of Other General Unsecured Claims are entitled to vote to accept or reject the Plan.

4.14 ***Intercompany Claims (Class 12).***

(a) Treatment: Except as otherwise provided in the NewCo Transfer Agreement or the Restructuring Steps Memorandum, on or after the Effective Date, Intercompany Claims shall be (x) in the case of Intercompany Claims held by a Liquidating Debtor against another Liquidating Debtor, at the discretion of the Debtors (or the Plan Administration Trustee, as applicable), (y) in the case of Intercompany Claims held by a Transferred Debtor against another Transferred Debtor, at the discretion of NewCo and (z) otherwise, at the discretion of the Debtors (or the Plan Administration Trustee, as applicable) with the consent (not to be unreasonably withheld, conditioned or delayed) of the Governmental Consent Parties:

(i) Reinstated; or

(ii) Compromised and settled or canceled and extinguished with no distribution on account thereof.

(b) Impairment and Voting: Intercompany Claims are either Unimpaired or Impaired with no distribution on account thereof. Holders of Intercompany Claims are either conclusively presumed to accept this Plan pursuant to section 1126(f) of the Bankruptcy Code or deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, Holders of Intercompany Claims are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such Intercompany Claims.

4.15 ***Shareholder Claims (Class 13).***

(a) Treatment: Holders of Shareholder Claims shall not receive or retain any property on account of such Claims. As of the Effective Date, in accordance with the terms of and except as otherwise expressly provided in the Shareholder Settlements, all Shareholder Claims shall automatically, and without further act, deed or court order, be deemed to have been released without any distribution on account thereof, and such Claims shall be of no further force or effect.

(b) Impairment and Voting: Shareholder Claims are Impaired. Holders of Shareholder Claims are deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, Holders of Shareholder Claims are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such Shareholder Claims.[13]

4.16 ***Co-Defendant Claims (Class 14).***

(a) Treatment: In full and final satisfaction and release of each Co-Defendant Claim, the Holder thereof shall (i) not receive or retain any property on account of such Co-Defendant Claim and not have any recourse to any Debtor or any Assets of any Debtor, any Estate or any Assets of any Estate, or any other Protected Party or any Assets of any Protected Party and (ii) retain its Co-Defendant Defensive Rights, which may be exercised solely in accordance with Section 10.18. As of the Effective Date, Co-Defendant Claims shall be deemed expunged, released and extinguished without further action by or order of the Bankruptcy Court, and shall be of no further force or effect. Notwithstanding the release, satisfaction, expungement and extinguishment of Co-Defendant Claims, a Co-Defendant retains its Co-Defendant Defensive Rights, which includes the ability to recover from Persons that are not Protected Parties or from any insurance policies that are not Purdue Insurance Policies or other insurance policies of Protected Parties.

(b) Impairment and Voting: Co-Defendant Claims are Impaired. Holders of Co-Defendant Claims are deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, Holders of Co-Defendant Claims are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such Co-Defendant Claims.

4.17 ***Other Subordinated Claims (Class 15).***

(a) Treatment: Other Subordinated Claims are subordinated pursuant to the Plan and section 509(c) and/or 510 of the Bankruptcy Code and/or other applicable law. Holders of Other Subordinated Claims shall not receive or retain any property under this Plan on account of such Claims. As of the Effective Date, Other Subordinated Claims shall be deemed expunged, released and extinguished without further action by or order of the Bankruptcy Court, and shall be of no further force or effect.

(b) Impairment and Voting: Other Subordinated Claims are Impaired. Holders of Other Subordinated Claims are deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, Holders of Other Subordinated Claims are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such Other Subordinated Claims.

4.18 ***PPLP Interests (Class 16).***

(a) Treatment: In accordance with the terms of the Shareholder Settlement Agreements, Holders of PPLP Interests shall relinquish such Interests and shall not receive or retain any property under the Plan on account of such Interests. As of the PPLP Dissolution Date, all PPLP Interests shall be deemed surrendered, canceled and/or redeemed without further action by or order of the Bankruptcy Court, and shall be of no further force or effect.

(b) Impairment and Voting: PPLP Interests are Impaired. Holders of PPLP Interests are deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore,

[13] Although Holders of Shareholder Claims are deemed to reject the Plan pursuant to section 1126(g) of the Bankruptcy Code, the Shareholder Payment Parties, in all capacities (including as Holders of Claims), have agreed to support the Plan pursuant to the Master Shareholder Settlement Agreement.

Holders of PPLP Interests are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such PPLP Interests.

4.19 ***PPI Interests (Class 17).***

(a) Treatment: In accordance with the terms of the Shareholder Settlement Agreements, Holders of PPI Interests shall relinquish such Interests and shall not receive or retain any property under this Plan on account of such Interests. As of the Effective Date, PPI Interests shall be deemed surrendered, canceled and/or redeemed without further action by or order of the Bankruptcy Court, and shall be of no further force or effect.

(b) Impairment and Voting: PPI Interests are Impaired. Holders of PPI Interests are deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, Holders of PPI Interests are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such PPI Interests.

4.20 ***Intercompany Interests (Class 18).***

(a) Treatment: Except as otherwise provided in the NewCo Transfer Agreement or the Restructuring Steps Memorandum, on the Effective Date, Intercompany Interests shall be:

(i) with respect to Intercompany Interests in any Transferred Debtor held by PPLP, Reinstated and transferred to NewCo (or one of its Subsidiaries) in accordance with the NewCo Transfer Agreement;

(ii) with respect to Intercompany Interests in any Transferred Debtor held by another Transferred Debtor, Reinstated or otherwise treated in accordance with the NewCo Transfer Agreement; and

(iii) with respect to Intercompany Interests in any Debtor that is not a Transferred Debtor, Reinstated solely for administrative convenience until canceled when such Debtor is dissolved or merged out of existence by the Plan Administration Trustee.

(b) Impairment and Voting: Intercompany Interests are either Unimpaired or Impaired with no distribution on account thereof. Holders of Intercompany Interests are either conclusively presumed to accept this Plan pursuant to section 1126(f) of the Bankruptcy Code or deemed to reject this Plan pursuant to section 1126(g) of the Bankruptcy Code. Therefore, Holders of Intercompany Interests are not entitled to vote to accept or reject the Plan, and the votes of such Holders will not be solicited with respect to such Intercompany Interests.

4.21 ***Debtors' Rights with Respect to Unimpaired Claims.***

Except as otherwise provided in this Plan, nothing under the Plan shall affect the rights of the Debtors with respect to an Unimpaired Claim, including all rights with respect to legal and equitable defenses to, or setoffs or recoupments against, any such Unimpaired Claims.

ARTICLE V MEANS FOR IMPLEMENTATION.

5.1 ***Restructuring Transactions***.

On or before the Effective Date or as soon as reasonably practicable thereafter, the Debtors may take all actions consistent with this Plan as may be necessary or appropriate to effect any transaction described in, approved by, contemplated by or necessary to effectuate the Restructuring Transactions under and in connection with this Plan, including (a) the execution and delivery of all appropriate agreements or other documents of merger, consolidation, sale, restructuring, conversion, disposition, transfer, dissolution or liquidation containing terms that are consistent with the Plan; (b) the execution and delivery of appropriate instruments of transfer, assignment, assumption or delegation of any Asset, property, interest, right, liability, debt or obligation on terms consistent with the Plan; (c) the filing of appropriate certificates or articles of organization, limited partnership, incorporation, reincorporation, merger, consolidation, conversion or dissolution pursuant to applicable law; (d) the execution, delivery, filing, recordation and issuance of any other documents, instruments or agreements in connection with the Restructuring Transactions; and (e) any transactions described in the Restructuring Steps Memorandum.

5.2 ***Plan Settlements***.

(a) As further described in the Disclosure Statement, the provisions of this Plan (including the provisions contained in Section 5.9 of the Plan and the release and injunctive provisions contained in Article X of the Plan), the Shareholder Settlements and the other Plan Documents constitute a good faith compromise and settlement of Claims and controversies among the Debtors, the Supporting Claimants, the Settling Creditors, the Shareholder Payment Parties, certain other participants in the Mediation and other parties in interest reached in connection with the Mediation and otherwise, which such compromise and settlement is necessary and integral to the Plan and the Plan Documents and the success of these Chapter 11 Cases. The Debtors, the Supporting Claimants, the Settling Creditors and the Shareholder Payment Parties believe the treatment provided in respect of Claims against and Interests in the Debtors and the treatment of competing Classes of Claims is fair and appropriate only when combined with the distribution scheme, including without limitation all Distributions to be made under the Plan, and the release, injunction and all other provisions contained in the Plan, all of which are material aspects of the Plan and the terms of the Shareholder Settlements. More than 614,000 Proofs of Claim alleging liability arising out of or in connection with Opioid-Related Activities were filed against the Debtors by the General Bar Date. Approximately 10% of the submitted Proofs of Claim allege a specific amount of liability. The aggregate alleged liability associated with these Proofs of Claim is more than $40 trillion (exclusive of one personal injury claim that asserted $100 trillion in alleged liability). Approximately 90% of Claims alleging liability arising out of or in connection with Opioid-Related Activities do not allege a specific amount of liability. The Debtors believe that any reasonable estimate, projection or valuation of their total liability and obligation to pay for Claims asserted against them, if they had the ability to pay those Claims outside of these Chapter 11 Cases, exceeds by many multiples the total value of all assets of their Estates, including but not limited to contributions from third parties and the full face value of all of Purdue's insurance. The Debtors have structured the Plan on the basis of this understanding, and the Confirmation Order shall include a finding consistent with this understanding.

(b) The Plan, including the explanation set forth in the Disclosure Statement, and the Plan Documents shall be deemed a motion to approve the Plan Settlements, including the Shareholder Settlements, and the good faith full and final comprehensive compromise and settlement of all of the Claims, Interests and controversies described in the foregoing Section 5.2(a) pursuant to Bankruptcy Rule 9019, and entry of the Confirmation Order shall constitute the Bankruptcy Court's approval of the Plan Settlements under section 1123 of the Bankruptcy Code and Bankruptcy Rule 9019, as well as a

finding by the Bankruptcy Court that the Plan Settlements are fair, equitable, reasonable and in the best interests of the Debtors and their Estates.

(c) The Plan, the Plan Settlement, the Plan Documents (including the Creditor Trust Documents), the Shareholder Settlements and the Confirmation Order constitute a good faith full and final comprehensive compromise and settlement of all Claims, Interests and controversies described in the Plan based upon the unique circumstances of these Chapter 11 Cases (such as the total distributable value available, the unique facts and circumstances relating to these Debtors and the need for an accelerated resolution without additional avoidable litigation) such that (i) none of the foregoing documents (including the provisions contained in Section 5.9 of the Plan), nor any materials used in furtherance of Plan confirmation (including, but not limited to, the Disclosure Statement, and any notes related to, and drafts of, such documents and materials), may be offered into evidence, deemed an admission, used as precedent or used by any party or Person in any context whatsoever beyond the purposes of this Plan, in any other litigation or proceeding, except as necessary, and as admissible in such context, to enforce their terms and to evidence the terms of the Plan and the Plan Documents before the Bankruptcy Court or any other court of competent jurisdiction and (ii) any obligation by any party, in furtherance of such compromise and settlement, to not exercise rights that might be otherwise available to such party shall be understood to be an obligation solely in connection with this specific compromise and settlement and to be inapplicable in the absence of such compromise and settlement. The Plan, the Plan Settlement, the Plan Documents and the Confirmation Order will be binding as to the matters and issues described therein, but will not be binding with respect to similar matters or issues that might arise in any other litigation or proceeding in which none of the Debtors or any other Protected Party is a party; *provided* that such litigation or proceeding is not to enforce or evidence the terms of the Plan, the Plan Settlement, the Plan Documents, the Shareholder Settlements or the Confirmation Order. Any Person's support of, or position or action taken in connection with, this Plan, the Plan Settlement, the Plan Documents, the Shareholder Settlements and the Confirmation Order may differ from such Person's position or testimony in any other litigation or proceeding not in connection with these Chapter 11 Cases. Further, and, as all parties to the Mediation agreed, this Plan Settlement is not intended to serve as an example for, or represent the parties' respective positions or views concerning, any other chapter 11 cases relating to opioids, nor shall it be used as precedent by any Person or party in any other such chapter 11 cases or in any other proceeding, situation or litigation.

(d) The "allocation" of dollars between the Shareholder Direct Settlement Portion of any Distribution and the Estate Distributions is part of an overall compromise and settlement under Bankruptcy Rule 9019 between the Mediation Parties, including the Debtors, the Creditors' Committee, the Shareholder Payment Parties, and all creditors and creditor groups that are Mediation Parties, and upon confirmation of this Plan will be deemed to be a settlement between the Debtors, the Creditors' Committee, the Supporting Claimants and the Shareholder Payment Parties in which, among other things, the Shareholder Payment Parties are providing $6.5 billion in consideration over 15 years. The "allocation" is intended by the Shareholder Payment Parties and the other Mediation Parties to, among other things, facilitate the distribution of proceeds for opioid abatement, victim compensation, and other permitted uses under the Plan, and otherwise. All such parties, including but not limited to the Shareholder Payment Parties, Sackler Parties, the Debtors, the Ad Hoc Committee and the States AG Negotiating Group, including each member of such groups, has agreed that neither the settlement amount nor the "allocation" (including any allocation between the Shareholder Payment Party of payment responsibility) reflects any concession or agreement by any party as to the strength, validity, merits, collectability, amount, or otherwise of the Shareholder Released Estate Claims or of the Shareholder Released Direct Claims or any defenses to the Shareholder Released Estate Claims or the Shareholder Released Direct Claims, and if for whatever reason the agreement in principle is not consummated, neither the settlement amount nor the "allocation" shall be cited or used by the Debtors, the Creditors' Committee, the Supporting Claimants or the Shareholder Payment Parties (or the Released Parties) – or any party to the Shareholder Settlements or any other Mediation Party – for any purpose whatsoever in any pleading or proceeding wherever or

whenever. Further, no party to the compromise and settlement will be bound by this Plan or the agreement set forth in this provision (other than as set forth in this Section 5.2(d)) with regard to what it may state in a pleading, court hearing, proceeding, or otherwise about the strength, validity, merits, collectability, amount, or otherwise of the Shareholder Released Estate Claims or of the Shareholder Released Direct Claims, or any defenses thereto, including, without limitation, in any pleading filed in connection with the Shareholder Settlements and this Plan. This paragraph shall be binding forever upon all parties from the earlier of (i) the time that this agreement in principle is reached and (ii) the time that this Section 5.2(d) is made publicly available (on the Bankruptcy Court docket or otherwise), regardless of whether a settlement including that represented in the Plan is consummated, and shall be specifically enforceable by the Bankruptcy Court (with no cap on damages that may be awarded).[14] This Section 5.2(d) is non-severable from the overall compromise and settlement, and is an integral part of the Plan. [This Section 5.2(d) is specifically subject to Federal Rule of Evidence 408 and analogous state provisions barring the use of settlement offers and communications to prove the validity or amount of disputed claim.][15]

(e) **Private Entity Settlements**.

(i) On the Effective Date, the Private Creditor Trusts shall receive their respective Initial Private Creditor Trust Distributions and their respective MDT Private Claims.

(ii) The Master Disbursement Trust shall have a first priority obligation under this Plan to distribute to the PI Trust, on account of the MDT PI Claim, (A) the first $50 million of proceeds, payments, and benefits (including, but not limited to, the MDT Insurance Proceeds) of (I) any MDT Causes of Action (other than those Retained Causes of Action relating to or necessary to enforce the MDT Shareholder Rights) and (II) the MDT Insurance Rights (assets described in (I) and (II), collectively, the "**Subject MDT Assets**"), and (B) in the absence of payment in full of such amount prior to the second anniversary of the Effective Date from proceeds, payments, and benefits of the Subject MDT Assets, the remaining unpaid amount thereof (which may be the entire amount) in full in cash on such second anniversary of the Effective Date from MDT Transferred Assets or the proceeds thereof other than the Subject MDT Assets (the payment obligations described in clauses (A) and (B), the "**PI Trust Obligation**").

(iii) Until such time as the PI Trust Obligation has been satisfied in full in accordance with Section 5.2(e)(ii) of the Plan:

(A) the Master Disbursement Trust shall not (I) permit a Lien or other encumbrance to attach to the Subject MDT Assets or (II) incur any Claim (including any Channeled Claim) or otherwise grant any right of payment in respect of the

[14] This sentence shall not apply to the States.

[15] While all parties understand that the Plan is not enforceable until confirmation, all Mediation Parties have agreed to be bound by this provision immediately.

Subject MDT Assets, in each case, senior to the PI Trust Obligation;

(B) the Master Disbursement Trust shall afford the PI Trustee (or its designated representative) with periodic reporting as contemplated by Section 5.6(f)(v) of the Plan and subject to Section 5.6(f)(iv); and

(C) None of these protections shall be eliminated from the MDT Agreement without the consent of the PI Trustee.

(iv) The PI Trustee shall be entitled to seek enforcement of the PI Trust Obligation following non-payment on the second anniversary of the Effective Date by motion filed with the Bankruptcy Court. The movant(s) may seek legal and/or equitable remedies available under applicable law, including, but not limited to, specific performance, disgorgement, and/or damages on an expedited basis, as necessary.[16]

(f) **Non-Federal Public Entity Settlements**.

(i) On the Effective Date, the Governmental Remediation Trust and the Tribe Trust shall receive their respective Initial Public Creditor Trust Distributions, and the Governmental Remediation Trust and the Tribe Trust shall receive their respective MDT Interests. The MDT Interests shall entitle the Governmental Remediation Trust and the Tribe Trust to the payments from the Master Disbursement Trust and other benefits set forth below.

(A) Subject to Section 5.2(g), on each MDT Distribution Date, the Master Disbursement Trust shall make Public Creditor Trust Distributions from all MDT Distributable Value in accordance with Section 5.2(f)(i)(B) of the Plan.

(B) All Public Creditor Trust Distributions to the Governmental Remediation Trust and/or the Tribe Trust shall be allocated between the Governmental Remediation Trust and the Tribe Trust as follows, and specifically in the case of the Governmental Remediation Trust, as calculated before accounting for any amounts payable pursuant to Sections 5.9(a) and (b) of this Plan: (I) *first*, until the aggregate amount of Public Creditor Trust Distributions equals $50 million, 100% to the Tribe Trust; (II) *second*, until the aggregate cumulative amount of Public Creditor Trust Distributions equals $1 billion, 100% to the Governmental Remediation Trust; (III) *third*, until the aggregate cumulative amount of Public Creditor Trust Distributions equals $3 billion, 2.935% to the Tribe

[16] [**NTD**: Sections 5.2(e)(ii) – (iv) remains subject to ongoing negotiations].

Trust and 97.065% to the Governmental Remediation Trust; (IV) *fourth*, until the aggregate cumulative Public Creditor Trust Distributions equals $5 billion, 2.8125% to the Tribe Trust and 97.1875% to the Governmental Remediation Trust; and (V) *thereafter*, with respect to all additional Public Creditor Trust Distributions, 3% to the Tribe Trust and 97% to the Governmental Remediation Trust.

(C) All Public Creditor Trust Distributions to the Governmental Remediation Trust shall be further allocated between States and Subdivisions in accordance with the Governmental Remediation Trust Documents. The allocation of the applicable Shareholder Direct Settlement Portion to Subdivisions who become Initial Participating Subdivisions may be higher than Later Joining Subdivisions (each as defined in and as more fully described in the Governmental Entity Shareholder Direct Settlement Agreement). Subdivisions located in Oklahoma shall be entitled to participate in the Governmental Entity Shareholder Direct Settlement as though Oklahoma was a Settling State. Subdivisions in Non-Settling States and Subdivisions which previously litigated and resolved their claims against the Debtors and/or Shareholder Released Parties shall not be eligible to be Participating Subdivisions [unless and until, in the case of the Subdivisions located in Non-Settling States, a Subdivision's corresponding State becomes a Settling State]. For the avoidance of doubt, each Non-Settling Subdivision shall be entitled to receive Estate Distributions pursuant to Section 7.7 of the Plan upon Allowance of its Claim in accordance with Sections 7.6 or 7.9 of the Plan.

(D) [Oklahoma Litigating Political Subdivisions will receive Oklahoma's allocation, which allocation amount has already been reduced by $12.5 million that the State of Oklahoma set aside in accordance with the Oklahoma Political Subdivisions Opioid Abatement Grants Act (the "Act") for distribution to Oklahoma subdivisions pursuant to Oklahoma's settlement with the Shareholder Released Parties and the Debtors (the "**Prepetition Oklahoma Settlement**"). The Oklahoma subdivision allocation is set forth in Exhibit [●] and will be administered as agreed between the State of Oklahoma and the Oklahoma Litigating Political Subdivisions. Any release requirements contained in the Prepetition Oklahoma Settlement that are a condition for a Subdivision to participate in the Purdue Oklahoma Subdivision Fund shall be waived by the Debtors and Shareholder Payment Parties such that the Oklahoma

Litigating Political Subdivisions may participate in both the Purdue Oklahoma Subdivision Fund and receive distributions from the Governmental Remediation Trust. The Debtors and Shareholder Payment Parties also waive any requirement in the Prepetition Oklahoma Settlement that funds not distributed by the Purdue Oklahoma Subdivision Fund within a certain amount of time will revert to the Foundation or the National Center for Addiction Studies and Treatment established pursuant to the Prepetition Oklahoma Settlement, and acknowledge that the entire Purdue Oklahoma Subdivision Fund shall be distributed to Oklahoma subdivisions. Oklahoma's allocation shall be paid from the Governmental Remediation Trust to a settlement fund established for the benefit of the Oklahoma Litigating Political Subdivisions. Distributions from such settlement fund to the Oklahoma Litigating Political Subdivisions shall be made in accordance with the ratios set forth in Exhibit [●]. The Oklahoma Litigating Political Subdivisions shall either hire an administrator for the funds from the Remediation Trust Account or receive the funds directly from the Governmental Remediation Trust. The administrator may be reasonably compensated by the Governmental Remediation Trust to perform its administrative function, but not to exceed 5% of the money distributed to Oklahoma Litigating Political Subdivisions by the Governmental Remediation Trust.]

(ii) On the Effective Date, the Public School Trust shall receive the Initial Public Schools' Special Education Initiative Contribution and the MDT Public School Districts Claim. On account of the MDT Public School Districts Claim, the Master Disbursement Trust shall pay to the Public School Trust: (i) $[7.5] million on the first anniversary of the Effective Date (the "***Second Public Schools' Special Education Initiative Contribution***"), and (ii) $[7.5] million on the second anniversary of the Effective Date (the "***Third Public Schools' Special Education Initiative Contribution***").

(g) **MDT Priority Waterfall**. On each MDT Distribution Date, all Cash and cash equivalents of the Master Disbursement Trust shall be applied as follows: (i) *first*, to fund the PI Trust Obligation in accordance with Section 5.2(e)(ii) of the Plan; (ii) *second*, to fund any Replenishment Transfer solely to the extent such Cash and cash equivalents are Shareholder Estate Settlement Distributions; (iii) *third*, to fund the MDT Operating Reserve in an amount determined by the MDT Trustees; (iv) *fourth*, to the extent there are outstanding amounts then due on account of the MDT Claims, to pay the MDT Claims; and (v) *fifth*, as Public Creditor Trust Distributions in respect of the MDT Interests; *provided*, *however*, that payments received by the Master Disbursement Trust: (A) on account of the Governmental Entity Shareholder Direct Settlement shall be immediately transferred to the Governmental Remediation Trust and (B) on account of the Tribal Shareholder Direct Settlement Agreement shall be immediately transferred to the Tribe Trust, and the amounts in (A) and (B) shall not be used to fund a Replenishment Transfer or the MDT Operating Reserve, and shall also not be used to pay the MDT Claims.

(h) **Shareholder Settlements**. On or before the Effective Date, the Debtors, the Shareholder Payment Parties and the Settling Creditors shall enter into the Shareholder Settlement Agreements. Pursuant to the Public Entity Settlements, the Private Entity Settlements, the Shareholder Settlement Agreements and the Plan, in exchange for among other things, the Shareholder Estate Claim Releases, the Third-Party Releases and the Channeling Injunction, as set forth in Sections 10.6, 10.7 and 10.8 of the Plan, and the other agreements set forth in the Shareholder Settlement Agreements, (i) the Shareholder Payment Parties shall pay the applicable Shareholder Settlement Amount on the dates and pursuant to the terms set forth in the applicable Shareholder Settlement Agreements, (ii) the Shareholder Claims shall be deemed released on the Effective Date pursuant to Section 4.15 of the Plan, (iii) the MDT Shareholder Insurance Rights shall be transferred to the Master Disbursement Trust in accordance with Section 5.6(j) of the Plan, (iv) the Shareholder Payment Parties have agreed to support the Plan and (v) the Shareholder Payment Parties have provided the other agreements and consideration set forth in the applicable Shareholder Settlement Agreement, in each case, as more fully set forth in, and subject to the terms and conditions of, the Shareholder Settlement Agreement. The Master Disbursement Trust shall distribute all proceeds of the MDT Shareholder Rights, including each applicable Shareholder Settlement Amount, in accordance with the Plan, including Section 5.2(e)–(g) of the Plan.

(i) **[Potential United States-PI Claimant Medical Expense Claim Settlement**. The United States-PI Claimant Medical Expense Claim Settlement is as follows:

(i) On the Effective Date of the Plan, the PI Trust shall be deemed, without further action of the Bankruptcy Court or the PI Trust, to have irrevocably assigned to the United States the PI Trust's right to receive $26 million from the Master Disbursement Trust, which amount shall be paid by the Debtors or the Master Disbursement Trust, as applicable, to the United States in installments equal to 3.7143% of any amounts received and retained by the PI Trust under the Plan in the form of the Initial PI Trust Distribution and distributions made on account of the MDT PI Claim, and on the same distribution schedule as such distributions are received and retained by the PI Trust, until the United States has received payments aggregating to $26 million. For the avoidance of doubt, in no event shall (A) the stated amount of the Initial PI Trust Distribution or the stated amount of the MDT PI Claim be altered in a manner that would reduce the aggregate amount to be paid to the United States pursuant to this Section 5.2(i)(i) of the Plan, (B) the aggregate amount paid to the United States pursuant to this Section 5.2(i)(i) of the Plan exceed $26 million, or (C) the United States' claim against the Master Disbursement Trust arising from the assignment described in this Section 5.2(i)(i) of the Plan be released until the United States has received payments thereof aggregating to $26 million. Should the PI Trust obtain recoveries under the Plan from a source other than the Master Disbursement Trust as a result of litigation following and resulting from either a modification of the MDT Insurer Injunction pursuant to Section 10.10 of the Plan or election by the Master Disbursement Trust of a Shareholder Release Remedy, the PI Trust shall pay over 3.7143% of any such recoveries to the United States until the United States shall have received payments aggregating to $26 million pursuant to the United States-PI Claimant Medical Expense Claim Settlement. The United States shall have the right

to enforce the obligations set forth in this Section 5.2(i)(i) of the Plan notwithstanding the United States-PI Claimant Medical Expense Claim Releases.

(ii) Notwithstanding Section 10.19 of the Plan, as of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, the PI Trust, each Holder of a PI Claim and, in respect of each of the PI Trust and each Holder of a PI Claim, its respective agents, representatives, heirs, successors and assigns, in their respective capacities as such, shall, without any further action by the Bankruptcy Court, be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released by each Holder of a United States-PI Claimant Medical Expense Claim of all United States-PI Claimant Medical Expense Claims and all Causes of Action based on or relating to, or in any manner arising from, in whole or in part, the United States-PI Claimant Medical Expense Claim Settlement (other than a Cause of Action to enforce the United States-PI Claimant Medical Expense Claim Settlement, including, but not limited to, the release set forth in Section 5.2(i)(iii) of the Plan) that each Holder of a United States-PI Claimant Medical Expense Claim has asserted or could assert on its own behalf or on behalf of another Person or party, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), against the PI Trust, a Holder of a PI Claim, Distributions to Holders of PI Claims pursuant to the PI TDP or under the Plan and, in respect of each of the PI Trust and each Holder of a PI Claim, its respective agents, representatives, heirs, successors and assigns, in their respective capacities as such; *provided*, *however*, that, if a Holder of a PI Claim commences a legal action against a Holder of a United States-PI Claimant Medical Expense Claim challenging all or any portion of the United States-PI Claimant Medical Expense Claim Settlement, then, from and after the commencement of such legal action, the United States-PI Claimant Medical Expense Claim Release shall be *void ab initio* solely with respect to such Holder of a PI Claim, and the heirs, successors and assigns of such Holder of a PI Claim, in their capacities as such, and not with respect to any other Person or party, including, but not limited to, the PI Trust, counsel to such Holder of a PI Claim and, in respect of each of the PI Trust and such counsel, its respective agents, representatives, heirs, successors and assigns, in their respective capacities as such; *provided further* that no such legal action against a Holder of a United States-PI Claimant Medical Expense Claim shall impair or reduce the amount that the United States shall receive pursuant to Section 5.2(i)(i). Nothing in this Section 5.2(i)(ii) creates any rights of a Holder of a PI Claim to sue the United States or any of its agencies, including a Holder of a United States-PI Claimant Medical Expense Claim, and the United States and its agencies reserve all rights and defenses in that regard; and nothing in this

paragraph is or shall be deemed a waiver of any applicable sovereign immunity with respect to any legal action against the United States or any of its agencies challenging all or any portion of the United States-PI Claimant Medical Expense Claim Settlement brought by a Holder of a PI Claim or the heirs, successors or assigns of such Holder of a PI Claim, in their capacities as such.

(iii) As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, each Holder of a United States-PI Claimant Medical Expense Claim shall, without any further action by the Bankruptcy Court, be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released by the PI Trust and its agents, representatives, successors and assigns, in their respective capacities as such, of all Causes of Action based on or relating to, or in any manner arising from, in whole or in part, the United States-PI Claimant Medical Expense Claim Settlement (other than a Cause of Action to enforce the United States-PI Claimant Medical Expense Claim Settlement, including, but not limited to, any United States-PI Claimant Medical Expense Claim Release) that the PI Trust has asserted or could assert on its own behalf or on behalf of another Person or party, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), against a Holder of a United States-PI Claimant Medical Expense Claim and, in respect of each Holder of a United States-PI Claimant Medical Expense Claim, its respective agents, representatives, successors and assigns, in their respective capacities as such.

(iv) The payments made to the United States pursuant to Section 5.2(i)(i) of the Plan are a prepayment by the PI Trust of amounts that would otherwise be payable by certain Holders of PI Claims to Holders of United States-PI Claimant Medical Expense Claims upon receipt by such Holders of PI Claims of Distributions pursuant to the PI TDP and under the Plan. Such prepayment shall be borne equitably by such Holders of PI Claims in the form of a reduction in the Distributions otherwise payable to such Holders of PI Claims pursuant to the PI TDP.

(v) The United States Department of Defense, Defense Health Agency (in respect of the TRICARE Program) submits to the jurisdiction of the Bankruptcy Court for purposes of the United States-PI Claimant Medical Expense Claim Settlement, including, but not limited to, the United States-PI Claimant Medical Expense Claim Releases.

(vi) The United States Department of Health and Human Services, on its own behalf and on behalf of its component agencies, which are the Centers for Medicare & Medicaid Services and the Indian

looking projections (subject to appropriate limitations to be agreed by the Debtors, the Governmental Consent Parties and the Creditors' Committee), (B) make themselves reasonably available in addition to holding at least one (1) call every four (4) months for the other Creditor Trustees to answer questions of such other Creditor Trustees relating to the Master Disbursement Trust's activities, (C) provide each Private Creditor Trust with quarterly reporting regarding Litigation Costs (as defined in the Master Shareholder Settlement Agreement) and other items relating to litigation claims pertaining to such Private Creditor Trusts' applicable Creditor category as well as all other Creditor categories[, and (D) provide the PI Trust with the information, consultation rights and notice as required pursuant to Section 5.2(e) of the Plan].[19] Notwithstanding anything in the foregoing to the contrary, the Master Disbursement Trust shall not be required to provide any reporting to any Creditor Trust to which the Master Disbursement Trust's duties cease pursuant to Section 5.6(f)(iv).

(vi) the MDT Trustees shall be obligated to comply with the terms of the Plan, including this Section 5.6(f), and the MDT Agreement; and

(vii) in the event of any inconsistency between the terms of this Section 5.6(f) and any other provision of this Plan or the MDT Agreement, the terms of this Section 5.6(f) shall govern unless the MDT Trustees and the Creditor Trustees for each of the Creditor Trusts mutually agree.

(g) **Assumption of Channeled Claims and Master TDP**. As of the Effective Date, any and all liability of the Debtors and the other Protected Parties for any and all Channeled Claims shall automatically, and without further act, deed or court order, be channeled to and assumed by the Master Disbursement Trust solely for the purpose of effectuating the Master TDP, pursuant to which each Channeled Claim shall either be automatically channeled to and assumed exclusively by a Creditor Trust or otherwise Disallowed and released in full. All Channeled Claims channeled to a Creditor Trust in accordance with the Master TDP shall be administered and resolved solely pursuant to, and solely to the extent provided in, the applicable Creditor Trust TDP for such Creditor Trust. Distributions, in accordance with the applicable Creditor Trust TDP, from the Creditor Trust to which a Channeled Claim is channeled, in accordance with the Master TDP, shall be the sole source of recovery, if any, in respect of such Channeled Claim, and the Holder of such Channeled Claim shall have no other or further recourse to the Protected Parties, including the Master Disbursement Trust. All Channeled Claims that are Disallowed and released and not channeled to a Creditor Trust in accordance with the Master TDP shall have no recourse to any Protected Party, including the Master Disbursement Trust. For the avoidance of doubt, in no event shall any Channeled Claim have any recourse to the Assets of the Master Disbursement Trust. In furtherance of the foregoing, the Master Disbursement Trust, subject to and only to the extent provided in the MDT Documents, shall have all defenses, cross-claims, offsets and recoupments regarding the Channeled Claims that the Debtors, the Released Parties and the Shareholder Released Parties, as applicable, have, or would have had, under applicable law, but solely to the extent consistent with the MDT Documents and the Plan; *provided* that, subject to Section 10.8(c), no such Claims, defenses or rights may be asserted against any

[19] [**NTD**: Under discussion]

Protected Party; and *provided*, *further*, that all such defenses, cross-claims, offsets and recoupments regarding any Channeled Claim that is channeled to a Creditor Trust in accordance with the Master TDP shall be transferred to such Creditor Trust with such Channeled Claim, at which point, the Master Disbursement Trust shall no longer have such defenses, cross-claims, offsets and recoupments regarding such Channeled Claim. For the avoidance of doubt, nothing in this Section 5.6(g) shall limit or affect the transfer of the MDT Insurance Rights.

(h) **MDT Operating Expenses**. On the Effective Date, the Debtors shall establish and fund the MDT Operating Reserve, which shall vest in the Master Disbursement Trust in accordance with Section 5.6(b) of the Plan and be held and maintained by the MDT Trustees. Periodically, until the dissolution of the Master Disbursement Trust, the MDT Trustees will replenish the MDT Operating Reserve from Cash held or received by the Master Disbursement Trust to the extent deemed necessary by the MDT Trustees to satisfy and pay estimated future MDT Operating Expenses; *provided*, *however*, that payments received by the [Master Disbursement Trust] on account of the Governmental Entity Shareholder Direct Settlement shall be immediately transferred to the Governmental Remediation Trust and shall not be used to fund a Replenishment Transfer or the MDT Operating Reserve, and shall not be used to pay the MDT Claims. The MDT Trustees shall create and maintain an annual budget of MDT Operating Expenses, which shall be reviewed by the MDT Beneficiaries and reasonably acceptable to the MDT Beneficiaries. All MDT Operating Expenses shall be satisfied and paid from the MDT Operating Reserve. The MDT Trustees shall be entitled to reasonable compensation and to retain and reasonably compensate counsel and other professionals to assist in the duties of the Master Disbursement Trust on such terms as the MDT Trustees deem appropriate without Bankruptcy Court approval, subject to the provisions of the MDT Agreement. The initial compensation of the MDT Trustees shall be reasonably acceptable to the Debtors and the Governmental Consent Parties, and thereafter shall be subject to the annual budgets prepared by the MDT Trustees.

(i) **Transfer of the MDT Insurance Rights**. In furtherance of the transfer of the MDT Transferred Assets to the Master Disbursement Trust and in accordance with the MDT Agreement, on the Effective Date, the Debtors shall irrevocably transfer, grant and assign to the Master Disbursement Trust, and the Master Disbursement Trust shall receive and accept, any and all of the MDT Causes of Action and MDT Insurance Rights. To the extent any Insurance Company would be obligated in respect of any MDT Insurance Policy to pay any Channeled Claim on behalf of one or more of the Debtors, the Debtors shall transfer and assign to the Master Disbursement Trust the right to enforce such Insurance Company's obligation. The foregoing transfer shall be (i) free and clear of all encumbrances and Causes of Action of any nature whatsoever, (ii) made to the maximum extent possible under applicable law, (iii) absolute and without requirement of any further action by the Debtors, the Liquidating Debtors, the Plan Administration Trust, the Master Disbursement Trust, the Bankruptcy Court or any other Person, and (iv) governed by, and construed in accordance with, the Bankruptcy Code and the other applicable laws governing the applicable MDT Insurance Policies. Notwithstanding the foregoing, the Master Disbursement Trust shall become and remain liable in full for and shall satisfy, to the extent required under applicable law, any prospective premiums, deductibles, self-insured retentions and any other amounts or obligations arising in any way out of the receipt of payment from an Insurance Company in respect of the MDT Insurance Rights; *provided* that, for the avoidance of doubt, the Master Disbursement Trust will not be required to pay premiums or any other amounts for Purdue Insurance Policies that are not MDT Insurance Policies. The transfer of the MDT Insurance Rights contemplated in this Section 5.6(i) is not an assignment of any insurance policy itself. The Confirmation Order shall contain findings reasonably acceptable to the Creditors' Committee and the Governmental Consent Parties related to or necessary to preserve all MDT Insurance Rights.

(j) **Transfer of MDT Shareholder Insurance Rights**. On the Effective Date, in consideration of the Shareholder Releases, the Shareholder Released Parties shall irrevocably

transfer, grant, and assign to the Master Disbursement Trust, and the Master Disbursement Trust shall receive and accept, any and all MDT Shareholder Insurance Rights. Each Shareholder Released Party shall be deemed to have irrevocably transferred, granted, and assigned to the Master Disbursement Trust any and all MDT Shareholder Insurance Rights without further action and without further consideration to such Shareholder Released Party. Pursuant to the Plan, the foregoing transfer shall be (i) free and clear of all encumbrances and Causes of Action of any nature whatsoever, (ii) made to the maximum extent possible under applicable law, (iii) absolute and without requirement of any further action by the Shareholder Released Parties, the Debtors, the Liquidating Debtors, the Plan Administration Trust, the Master Disbursement Trust, the Bankruptcy Court or any other Person, and (iv) governed by, and construed in accordance with, the Bankruptcy Code and the other applicable laws governing the MDT Shareholder Insurance Rights. The transfer of the MDT Shareholder Insurance Rights is not an assignment of any insurance policy itself. For the avoidance of doubt, the transfer of the MDT Shareholder Insurance Rights is in addition to the other obligations of the Shareholder Released Parties set forth herein. The Shareholder Released Parties will make best efforts to provide the Master Disbursement Trust access to information and copies of documents that are reasonably necessary to preserve, secure, or obtain the benefit of the MDT Shareholder Insurance Rights, and will comply in all respects with the Plan to preserve, secure, or obtain the benefit of the MDT Shareholder Insurance Rights, including but not limited to the obligations set forth in Section 8.8(b). The Confirmation Order shall contain findings reasonably acceptable to the Creditors' Committee and the Governmental Consent Parties related to or necessary to preserve all MDT Shareholder Insurance Rights. Notwithstanding the foregoing in this paragraph, to the extent that (y) a Shareholder Released Party has, prior to the Effective Date, provided notice of a Claim under a Reserved MDT Insurance Policy under which a Shareholder Released Party is covered and (z) such Claim is not one for which such Shareholder Released Party receives the benefit of the Shareholder Releases (a "***Retained Shareholder Insurance Claim***"), such Shareholder Released Party shall not be deemed to have irrevocably transferred, granted, and assigned to the Master Disbursement Trust the Retained Shareholder Insurance Claim, and such Shareholder Released Party shall be entitled to pursue any such Retained Shareholder Insurance Claim prior to and after the Effective Date; *provided* that, notwithstanding the foregoing, with respect to the Retained Shareholder Insurance Claims, each Shareholder Released Party, in consideration of the Shareholder Releases, (A) will confer and fully cooperate with the Master Disbursement Trust in connection with the settlement of all claims or rights under such MDT Insurance Policy, including the Retained Shareholder Insurance Claims, and including but not limited to as set forth in Section 8.8(b)(i) of the Plan, and (B) in the event the Master Disbursement Trust has obtained settlement terms that it deems acceptable in its sole discretion, and such settlement terms include a settlement of any Retained Shareholder Insurance Claim, each Shareholder Released Party with rights under such Retained Shareholder Insurance Claim shall be deemed to consent to the release of any claims or rights held by such Shareholder Released Party against and under such MDT Insurance Policy, with the same effect as if such Shareholder Released Party had executed such settlement agreement, and without further consideration to such Shareholder Released Party from the insurance settlement proceeds or otherwise in respect of such settlement. After the Effective Date, no Shareholder Released Party shall be entitled to submit a claim under any MDT Insurance Policy (with the exception of a current or former director, officer, manager, authorized agent or employee that is not a Sackler Family Member, but solely to the extent such individual has a right to submit a claim after the Effective Date pursuant to Section 8.8(b)(ii) of the Plan).

(k) **Shareholder Insurance Release**. On the Effective Date, in consideration of the Shareholder Releases, all Sackler Family Members shall irrevocably, fully and forever release and discharge any obligation to indemnify and/or to defend the Sackler Family Members under the Isosceles Insurance Ltd. policy number PPLP-01/2019 for any Claim or loss of any type or nature whatsoever, whether known or unknown. The Sackler Family Members hereby surrender all rights, interest in and Claim to any benefit under the Isosceles Insurance Ltd. policy number PPLP-01/2019, and acknowledge that (i) all rights, interest in and Claim to any benefit they may have under the Isosceles Insurance Ltd. policy number PPLP-01/2019 are fully terminated on the Effective Date; and (ii) after the Effective Date, the Sackler

Family Members will not receive and cannot claim any further benefits under the Isosceles Insurance Ltd. policy number PPLP-01/2019 for any time period and shall have no rights whatsoever under or relating to the Isosceles Insurance Ltd. policy number PPLP-01/2019.

(l) **Institution and Maintenance of Legal and Other Proceedings**. As of the date upon which the Master Disbursement Trust is established, the Master Disbursement Trust shall be empowered to initiate, prosecute, defend and resolve all legal actions and other proceedings related to any Asset, liability or responsibility of the Master Disbursement Trust, including in respect of the MDT Causes of Action, the MDT Insurance Rights and the MDT Shareholder Rights. Such legal actions and other proceedings shall be limited solely to those required for the purposes of satisfying the responsibilities of the Master Disbursement Trust, including in respect of the MDT Causes of Action, the MDT Insurance Rights and the MDT Shareholder Rights. The Master Disbursement Trust shall be empowered to initiate, prosecute, defend and resolve all such actions in the name of the Debtors or their Estates, in each case if deemed necessary or appropriate by the MDT Trustees. The Master Disbursement Trust shall be responsible for the payment of all damages, awards, judgments, settlements, expenses, costs, fees and other charges incurred subsequent to the date upon which the Master Disbursement Trust is established arising from, or associated with, any legal action or other proceeding brought pursuant to the foregoing.

(m) **U.S. Federal Income Tax Matters Relating to the Master Disbursement Trust**. The Master Disbursement Trust is intended to be treated, and shall be reported, as a "qualified settlement fund," and the [settlement payments] made to the Master Disbursement Trust are intended to be treated as amounts transferred by, or on behalf of, a "transferor" to a "qualified settlement fund," within the meaning of Treasury Regulations sections 1.468B-1 and 1.468B-2 for U.S. federal income tax purposes and shall be treated consistently for state and local tax purposes, to the extent applicable. All parties (including, without limitation, the Shareholder Payment Parties, Holders of Claims against or Interests in the Debtors, the Related Parties of such Holders, the Debtors, the Creditor Trusts, the Creditor Trustees, the Foundation, the MDT Trustees and the Master Disbursement Trust) shall report consistently with the foregoing for all applicable tax reporting purposes. An MDT Trustee shall be the "administrator," within the meaning of Treasury Regulations section 1.468B-2(k)(3), of the Master Disbursement Trust. The administrator of the Master Disbursement Trust shall be responsible for filing all tax returns required to be filed by or on behalf of the Master Disbursement Trust and the payment, out of the Assets of the Master Disbursement Trust, of any taxes due by or imposed on the Master Disbursement Trust. The MDT Trustees may request an expedited determination under section 505(b) of the Bankruptcy Code for all tax returns filed by or on behalf of the Master Disbursement Trust for all taxable periods through the dissolution of the Master Disbursement Trust. Nothing in this Section 5.6(m) shall be deemed to determine, expand or contract the jurisdiction of the Bankruptcy Court under section 505 of the Bankruptcy Code.

(n) **Distributions from the Master Disbursement Trust Free and Clear**. All Distributions made by the Master Disbursement Trust to the MDT Beneficiaries shall be made on no less than ten (10) Business Days' notice to all MDT Beneficiaries, and thereafter shall become the property of such MDT Beneficiary, free and clear of all Claims, Liens or other recourse or encumbrances, and shall not be subject to attachment, disgorgement or recoupment by any Person. Such distributions to each Creditor Trust shall become the property of such Creditor Trust, and shall be used for the administration (including the payment of Creditor Trust Operating Expenses) of such Creditor Trust, to make Distributions on account of Channeled Claims channeled to such Creditor Trust in accordance with the applicable Creditor Trust TDP and for such other purposes as may be specifically set forth in the applicable Creditor Trust Documents; *provided* that such ten (10) Business Days' notice period shall not be required for the Initial Private Creditor Trust Distributions, Initial Public Creditor Trust Distributions or the Initial Public Schools' Special Education Initiative Contribution.

(o) **Dissolution, Release of Reserves and Residual Value**. The Master Disbursement Trust shall be dissolved and the MDT Trustees shall be discharged from their respective duties with respect to the Master Disbursement Trust upon completion of their duties as set forth in this Plan and the MDT Agreement, which, for the avoidance of doubt, shall be no earlier than the date on which (i) all Assets held by the Master Disbursement Trust, including the MDT Transferred Assets, have been liquidated and (ii) all payments and other distributions required to be made from the Master Disbursement Trust under the Plan and the MDT Agreement have been made, including payment in full in Cash of all MDT Claims, unless dissolution on an earlier date is authorized pursuant to a Final Order of the Bankruptcy Court. Upon dissolution of the Master Disbursement Trust, any Cash remaining in the MDT Operating Reserve or otherwise held by the Master Disbursement Trust shall be distributed in accordance with the MDT Priority Waterfall and the MDT Agreement; *provided* that, in the event the Master Disbursement Trust is dissolved prior to the payment in full in Cash of all MDT Claims, all outstanding amounts under such MDT Claims shall be deemed due and payable for purposes of the distribution of such remaining Cash pursuant to the MDT Priority Waterfall. Subject to the foregoing sentences, the Master Disbursement Trust shall be dissolved at such time as the MDT Trustees determine that the administration of any remaining assets of the Master Disbursement Trust is not likely to yield sufficient additional proceeds to justify further pursuit.

(p) **Exculpation and Indemnification of the MDT Trustee and the MDT Advisory Council Representatives**. To the maximum extent permitted by applicable law, each of the MDT Trustees and MDT Advisory Council Representatives shall not have or incur any liability for actions taken or omitted in his or her capacity as an MDT Trustee or MDT Advisory Council Representative, or on behalf of the Master Disbursement Trust, except those acts found by Final Order to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud, and shall be entitled to indemnification, advancement and reimbursement for reasonable fees and expenses in defending any and all of his or her actions or inactions in his or her capacity as an MDT Trustee or MDT Advisory Council Representative, or on behalf of the Master Disbursement Trust, and for any other liabilities, losses, damages, claims, costs and expenses arising out of or due to the implementation or administration of the Plan or the MDT Agreement, in each case, except for any actions or inactions found by Final Order to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud. Any valid indemnification claim of the MDT Trustees or the MDT Advisory Council Representatives shall be satisfied from the MDT Operating Reserve.

5.7 ***Special Operating Reserve; Released Claims Reserves***. [20]

(a) **Establishment of Special Operating Reserve and Released Claims Reserves**.

The Special Operating Reserve shall be funded initially in the aggregate amount of $200 million by withholding, in each case from Shareholder Estate Settlement Distributions, (a) $20 million from the Initial Private Creditor Trust Distributions and (b) $180 million from the Initial Public Creditor Trust Distributions (the "***SOR Holdback***")[; *provided*, *however*, that neither the Initial Public Schools' Special Education Initiative Contribution, nor any

additional payments due under the MDT Public School District Claim, shall be subject to the SOR Holdback].

(ii) On the Effective Date, each Creditor Trust and the PAT shall establish the Released Claims Reserves and, once amounts are funded from the corresponding Non-Participating Claims Reserves in accordance with Section 7.8(b) or Section 7.8(c), be otherwise held and maintained by such Creditor Trust or the PAT, in each case, with the Master Disbursement Trust serving as [administrative agent] with respect thereto. [The Master Disbursement Trust, as [administrative agent], shall facilitate the releases from the Released Claims Reserves upon (a) a request by the Sackler Parties' Representative and (b) consent by the applicable Creditor Trustee or the PAT Trustee, as applicable, in each case, made in accordance with the Master Shareholder Settlement Agreement. Consent of both the Master Disbursement Trust and the applicable Creditor Trust or PAT, as applicable, shall be required for such a release.]

(b) **Reversion of Special Operating Reserve and Released Claims Reserves**.[21]

(i) On the First Reversion Date, subject to the terms of the Master Shareholder Settlement Agreement, (i) one third (1/3) of the balance of the Special Operating Reserve will be released to the Master Disbursement Trust and (i) one third (1/3) of the balance of each Released Claims Reserve will be released to the corresponding Creditor Trust and PAT, as applicable.

(A) Upon the first anniversary of the First Reversion Date, if no Material Litigation is or has been pending for the prior 30 days, (i) fifty percent (50%) of each of the remaining balance of the Special Operating Reserve will be released to the Master Disbursement Trust and (ii) fifty percent (50%) of each of the remaining balance of each Released Claims Reserve will be released to the corresponding Creditor Trust or PAT, as applicable;

[21] [**NTD:** To be updated, as applicable, based on ongoing SOR negotiations in connection with MSA].

(C) Thereafter, upon the date when no litigation is or has been pending for the prior 30 days, the remaining balance of (i) the Special Operating Reserve will be released to the Master Disbursement Trust and (ii) each Released Claims Reserve will be released to the corresponding Creditor Trust or the PAT, as applicable.

(ii) In the event that Material Litigation is commenced or continued against any Shareholder Released Party after the First Reversion Date (a "**Suspension Event**"), then the fund releases from the Special Operating Reserve and each Released Claims Reserve pursuant to Section 5.7(b)(i) shall cease. Following a Suspension Event, a new First Reversion Date shall only occur when no Material Litigation is or has been pending for 30 days and fund releases shall be made as set forth in Section 5.7(b)(i) subject to the terms of the Master Shareholder Settlement Agreement.

(iii) If any amounts remain in the Special Operating Reserve or any Released Claims Reserve on or after the twelfth (12th) SSA Payment Date, then:

(A) All remaining funds in each Released Claims Reserve will be released to the corresponding Creditor Trust no later than six (6) months after the first date that no Material Litigation against any of the Shareholder Released Parties with respect to Covered Conduct is pending.

(B) (I) All but $25 million of the remaining funds in the Special Operating Reserve will be released to the Master Disbursement Trust no later than six (6) months after the first date that no Material Litigation against any of the Shareholder Released Parties with respect to Covered Conduct is pending and (II) all remaining funds in the Special Operating Reserve will be released to the Master Disbursement Trust no later than six (6) months after the first date that no litigation against any of the Shareholder Released Parties with respect to Covered Conduct is pending.

(c) **Private Creditor Trusts Rights to SOR Reversion Funds**.

(i) All reversion funds received by the Master Disbursement Trust from the Special Operating Reserve pursuant to Section 5.7(b) of the Plan shall first be distributed to Private Creditor Trusts in proportion to their respective SOR Holdback until the Private Creditor Trusts have received a cumulative amount equal to $19.8 million, in each case, *less* the total Litigation Costs (as defined in the Master Shareholder Settlement Agreement) paid from the Special Operating Reserve for claims pursued by Non-Settling Creditors in their respective Class as of such date (the "Private Claimants' Priority Reversion"). If, by the ninth (9th) SSA Payment Date, the Master Disbursement Trust has not made

allocations to the Private Creditor Trusts in an amount equal to the Private Claimants' Priority Reversion, then the Special Operating Reserve shall release funds to the Master Disbursement Trust for distribution to the Private Creditor Trusts in an amount equal to the shortfall. Once the Private Creditor Trusts have received the Private Claimants' Priority Reversion, the Private Creditor Trusts will not receive any additional reversion funds from the Master Disbursement Trust from amounts received from the Special Operating Reserve except other than pursuant to Section 5.7(c)(ii) of the Plan.

(ii) Upon the final release from the Special Operating Reserve to the Master Disbursement Trust pursuant to Sections 5.7(b)(i)(C) or 5.7(b)(iii)(B), the Master Disbursement Trust shall distribute $200,000 to Private Creditor Trusts in proportion to their respective SOR Holdbacks.

The Creditor Trustees shall be responsible for all decisions and duties with respect to the respective Creditor Trusts, subject to the Creditor Trust Documents for such Creditor Trusts. In all circumstances, each Creditor Trustee shall be independent and disinterested and, in its capacity as a Creditor Trustee, shall act in the best interests of the beneficiaries of such Creditor Trust, in furtherance of the purpose of such Creditor Trust and in accordance with this Plan and the applicable Creditor Trust Documents. In accordance with the Creditor Trust Documents, each Creditor Trustee shall serve in such capacity through the earlier of (x) the date that the applicable Creditor Trust is dissolved in accordance with the applicable Creditor Trust Documents and (y) the date such Creditor Trustee resigns, is terminated or is otherwise unable to serve for any reason.

(c) **Appointment of the Creditor Trustees and Creditor Trust Overseers**. In furtherance of and consistent with the purposes of the Creditor Trusts and the Plan, the Creditor Trust Documents for each of the Creditor Trusts shall provide for the appointment of the Creditor Trustees and, if applicable, Creditor Trust Overseers for each of the Creditor Trusts. The identity of the initial Creditor Trustees and the initial Creditor Trust Overseers shall be as disclosed in the Plan Supplement as of the date hereof, or shall otherwise be:

(e) **Rights of the Creditor Trustee for the TPP Trust under the LRP Agreement**. Pursuant to and in accordance with the LRP Agreement, the Creditor Trustee for the TPP Trust shall have the right (i) to inquire periodically with the Creditor Trustee for the PI Trust, the claims administrator appointed in respect of the PI Trust and the escrow agent for the TPP LRP Escrow Account as to whether the TPP LRP Escrow Account has been properly funded and payments therefrom are being made to the LRP Participating TPPs as required under the LRP Agreement, and to request evidence of the same, and (ii) to seek entry of an order by the Bankruptcy Court enforcing the LRP Agreement, including the obligations to provide such information and evidence, in the event the Creditor Trustee for the TPP Trust reasonably believes that the TPP LRP Escrow Account has not been properly funded as required by the LRP Agreement, payments have not been made to LRP Participating TPPs as required by the LRP Agreement, and/or any of the Creditor Trustee for the PI Trust, the claims administrator appointed in respect of the PI Trust and the escrow agent for the TPP LRP Escrow Account is not responding to reasonable requests by the Creditor Trustee for the TPP Trust for such information and evidence.

Each of the Creditor Trusts shall be funded in accordance with the Public Entity Settlements and the Private Entity Settlements, as applicable. [The Creditor Trust shall, in accordance with, and to the extent provided in, the applicable Creditor Trust Documents and/or the Creditor Trust TDPs, (y) determine the eligibility, amount and Allowance (if applicable) of such Channeled Claims; and (z) make all determinations with respect to Distributions to be made by the respective Creditor Trusts.] The foregoing determinations by the Creditor Trusts shall be final and binding, and shall not be subject to any challenge or review of any kind, by any court or other Person, except as set forth in the Creditor Trust TDPs. Distributions by the Creditor Trusts shall be the sole source of recovery, if any, in respect of Channeled Claims, and Holders of Channeled Claims shall have no other or further recourse to the Protected Parties; *provided* that the foregoing shall not diminish, or otherwise alter, the rights of LRP Participating TPPs under the LRP Agreement or the rights of non-LRP Participating TPPs at law.

(h) **Institution and Maintenance of Legal and Other Proceedings**. As of the date upon which each Creditor Trust is established, such Creditor Trust shall be empowered to initiate, prosecute, defend and resolve all legal actions and other proceedings related to any Asset, liability or responsibility of such Creditor Trust. Such legal actions and other proceedings shall be limited solely to those required for purposes of reconciling, administering or defending against the Channeled Claims channeled to such Creditor Trust and for enforcing the rights of such Creditor Trust under the Plan and the Plan Documents (including the rights of the Creditor Trustee for the TPP Trust specifically enumerated in the LRP Agreement). Each Creditor Trust shall be empowered to initiate, prosecute, defend and resolve all such actions in the name of the Debtors or their Estates, in each case if deemed necessary by the applicable Creditor Trustee to fulfill the purposes for which such Creditor Trust was created. Each Creditor Trust shall be responsible for the payment of all damages, awards, judgments, settlements, expenses, costs, fees and other charges incurred subsequent to the date upon which such Creditor Trust is established arising from, or associated with, any legal action or other proceeding brought pursuant to the foregoing. For the avoidance of doubt, each Creditor Trust, pursuant to section 1123(b)(3)(B) of the Bankruptcy Code and applicable state corporate law, is appointed as the successor-in-interest to, and representative of, the Debtors and their Estates for the retention, enforcement, settlement or adjustment of the applicable Channeled Claims channeled to such Creditor Trust.

(i) **Creditor Trust Operating Expenses**. The Creditor Trustees shall be entitled to reasonable compensation and to retain and reasonably compensate counsel and other professionals to assist in their duties without Bankruptcy Court approval, subject to the provisions of the applicable Creditor Trust Documents. Creditor Trust Operating Expenses of each Creditor Trust shall be satisfied and paid from such Creditor Trust's Creditor Trust Operating Reserve in accordance with the applicable Creditor Trust Documents. Periodically, until the dissolution of a Creditor Trust, the applicable Creditor Trustee will replenish the Creditor Trust Operating Reserve from Cash held or received by such Creditor Trust to the extent deemed necessary by such Creditor Trustee to satisfy and pay estimated future Creditor Trust Operating Expenses in accordance with the Creditor Trust Documents.

(j) **U.S. Federal Income Tax Matters Relating to the Creditor Trusts**. Each Creditor Trust (other than any Tribe Trust entity that is formed as a legal entity other than a trust) is intended to be treated, and shall be reported, as a "qualified settlement fund," and the [settlement payments] made to such Creditor Trust are intended to be treated as amounts transferred by, or on behalf of, a "transferor" to a "qualified settlement fund," within the meaning of Treasury Regulations sections 1.468B-1 and 1.468B-2 for U.S. federal income tax purposes and shall be treated consistently for state and local tax purposes to the extent applicable. All parties (including, without limitation, the Shareholder Payment Parties, Holders of Claims against or Interests in the Debtors, the Related Parties of such Holders, the Debtors, the Creditor Trusts, the Creditor Trustees, the Foundation, the MDT Trustees and the Master Disbursement Trust) will be required to report consistently with the foregoing for all applicable tax reporting purposes. A Creditor Trustee from each relevant Creditor Trust shall be the "administrator" within the meaning of Treasury Regulations section 1.468B-2(k)(3) of the applicable Creditor Trust. The administrator of each such Creditor Trust shall be responsible for filing all tax returns required to be filed by or on behalf of the applicable Creditor Trust and the payment, out of the assets of such Creditor Trust, of any taxes due by or imposed on such Creditor Trust. Each Creditor Trustee may request an expedited determination of taxes under section 505(b) of the Bankruptcy Code for all tax returns filed by or on behalf of the applicable Creditor Trust for all taxable periods through the dissolution of such Creditor Trust. Nothing in this Section 5.8(l) shall be deemed to determine, expand or contract the jurisdiction of the Bankruptcy Court under section 505 of the Bankruptcy Code.

(k) **Exculpation and Indemnification of the Creditor Trustees and the Creditor Trust Overseers**. To the maximum extent permitted by applicable law, each of the Creditor Trustees and Creditor Trust Overseers shall not have or incur any liability for actions taken or omitted in

his or her capacity as a Creditor Trustee or Creditor Trust Overseer, or on behalf of the applicable Creditor Trust, except those acts found by Final Order to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud, and shall be entitled to indemnification, advancement and reimbursement for reasonable fees and expenses in defending any and all of his or her actions or inactions in his or her capacity as a Creditor Trustee or Creditor Trust Overseer, or on behalf of the applicable Creditor Trusts, and for any other liabilities, losses, damages, claims, costs and expenses arising out of or due to the implementation or administration of the Plan or the applicable Creditor Trust Documents, in each case, except for any actions or inactions found by Final Order to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud. Any valid indemnification claim of any of the Creditor Trustees or Creditor Trust Overseers shall be satisfied from the respective Creditor Trusts.

(l) **Dissolution of the Creditor Trusts**. Each Creditor Trust shall be dissolved and the applicable Creditor Trustee shall be discharged from its duties with respect to such Creditor Trust upon completion of its duties and the satisfaction of the purposes of the Creditor Trust as set forth in this Plan and the applicable Creditor Trust Documents.

5.9 ***Attorneys' Fees and Costs***.[22]

(a) **Local Government Costs and Expenses**. On the Effective Date, the Local Government Costs and Expenses Fund shall be established for the payment of certain attorneys' fees and costs of Holders of Non-Federal Domestic Governmental Channeled Claims (other than States) subject to the terms set forth herein, other than amounts paid pursuant to the AHC Reimbursement Agreement Assumption Order, the MSGE Group Reimbursement Order or any other Order of the Bankruptcy Court.

(i) The Local Government Costs and Expenses Fund shall be funded beginning on the second MDT Distribution Date (the "**Initial LG Costs Funding Date**") and continuing on each Scheduled MDT Distribution Date thereafter, from periodic distributions in an amount equal to [8.5]% of the Distributions made on account of Non-Federal Domestic Governmental Channeled Claims, excluding (A) any Distributions relating to MDT Insurance Proceeds, and (B) any amounts distributed on account of such Non-Federal Domestic Governmental Channeled Claims on the Effective Date, but including any Distributions on account of amounts payable under the Governmental Entity Shareholder Direct Settlement (other than such Distributions on the Effective Date); *provided* that the amount to be distributed to the Local Government Costs and Expenses Fund shall not exceed $[370] million in the aggregate (the "**Aggregate LG Cost Cap**"); provided, further that amounts funded pursuant to this section 5.9(a) shall be allocated and applied solely in accordance with Exhibit R to the Governmental Entity Shareholder Direct Settlement for the benefit of counsel to Subdivisions constituting Prior Litigating Subdivisions (as defined in the Governmental Entity Settlement Agreement) as of the Petition Date, in each case, as follows: (i) $4 million annually for a maximum of five (5) years (plus [4.25%] of any Distribution constituting a Settlement Prepayment (as defined under the Master Shareholder Settlement

[22] [**NTD**: Tribal attorneys fee provisions to be discussed]

Agreement)), to the "Cost Fund," as defined in Exhibit R, established in the MDL Proceeding, not to exceed $20 million in the aggregate, and (ii) for any additional amounts (A) [40%] to the "Contingency Fee Fund," as defined in Exhibit R, established in the MDL Proceeding (which fund is to be managed by the fee panel appointed in connection with the MDL Proceeding), not to exceed $140 million, and (iii) [60%] to the "Common Benefit [Fee] Fund," as defined in Exhibit R, established in the MDL Proceeding, not to exceed $210 million in the aggregate; provided further, as consideration for the settlement between holders of certain public and private Claims regarding Special Operating Reserves, timing of payment and allocation matters, the Local Government Costs and Expenses Fund shall also be funded with, and allocated solely in accordance with Exhibit R, Distributions made on account of Non-Federal Domestic Governmental Channeled Claims (as qualified in this Section 5.9(a)(i) above) in an amount equal to [8.5]% of (i) the incremental $80 million of Initial Private Creditor Trust Distributions (provided that funding of the Local Government Costs and Expenses Fund with respect to such distributions shall not be made until the Initial LG Costs Funding Date); and (ii) up to $20 million of amounts payable in respect of (A) the Private Claimants' Priority Reversion and (B) the other amounts contemplated to be paid under [Section 5.05(e)] of the Master Shareholder Settlement Agreement, in each case, that become payable to the Private Creditor Trusts in accordance with the Master Shareholder Settlement Agreement, which amounts shall be subject in each case to the Aggregate LG Cost Cap;

(ii) In addition to the amounts described in subsection (i) above, the Local Government Costs and Expenses Fund shall be funded, and allocated solely in accordance with Exhibit R, on or after the Initial LG Costs Funding Date with an additional amount equal to 12.4% of the MDT Insurance Proceeds which amounts, if any, shall be deposited into an account designated by the MDL Plaintiffs' Executive Committee for the benefit of the "Common Benefit [Fee] Fund" established in the MDL Proceeding, and as described in Exhibit R, and shall be incremental to, and not otherwise count against, the Aggregate LG Cost Cap; provided, for the avoidance of doubt, such funded amounts shall not be considered "Distributions" for the purpose of subsection (i) above; provided, further, such amounts shall be subject, to the prior payment in full of the MDT PI Claim pursuant to and in accordance with Section 5.2(e)(ii).

(iii) Payments from the Local Government Costs and Expenses Fund shall be [administered in accordance with Exhibit R to the

Governmental Entity Shareholder Direct Settlement and be][23] the exclusive means of payment from the Creditor Trusts for costs and expenses (including attorneys' fees) of any Holder of a Non-Federal Domestic Governmental Channeled Claim (other than a State) or any attorney therefor, other than (i) amounts paid or to be paid from the Creditor Trusts in accordance with existing agreements, contracts or statutes setting forth the allocation and uses of abatement funds or backstop fee arrangements between States and their Subdivisions; and (ii) amounts paid in accordance with the order of the MDL Court establishing the Common Benefit Fund; provided, however, nothing this section 5.9(a)(iii) [or Exhibit R to the Governmental Entity Shareholder Direct Settlement] shall override the payment obligations contemplated by Section 5.9(a)(i).

(iv) [Except as otherwise agreed in writing by the MSGE Group and the MDL Plaintiffs' Executive Committee, the MSGE Fee Allocation Agreement shall be and remain fully enforceable and shall apply to the Local Government Costs and Expenses Fund]; provided that the costs associated with the arbitration process contemplated under the MSGE Fee Allocation Agreement shall not be paid by the Debtors, their Estates or any Creditor Trust.

(b) **State Costs and Expenses**. On the Effective Date, the State Expenses Fund shall be established for the payment of expenses (including attorneys' fees) of the States (including any ad hoc group thereof), other than amounts already paid, or any amounts paid or payable under the AHC Reimbursement Agreement Assumption Order, the MSGE Group Reimbursement Order or any other Order of the Bankruptcy Court; provided that the State Expenses Fund shall be funded beginning on the second MDT Distribution Date and continuing on each Scheduled MDT Distribution Date thereafter. The State Expenses Fund shall be funded from periodic distributions in an amount equal to [4.5]% of the Distributions made on account of Non-Federal Domestic Governmental Channeled Claims, excluding any amounts distributed on account of such Non-Federal Domestic Governmental Channeled Claims on the Effective Date, but including (a) any Distributions on account of amounts payable under the Governmental Entity Shareholder Direct Settlement (other than such Distributions on the Effective Date), and (b) any Distributions relating to MDT Insurance Proceeds; *provided* that such amount shall not exceed $[200][24] million in the aggregate (the "**Aggregate State Expenses Cap**").

For the avoidance of doubt, in no event shall any of the provisions of Section 5.9(a) or (b), [Exhibit R to the Governmental Entity Shareholder Direct Settlement] [or any order of the MDL Court (including the order establishing the Common Benefit Fund)] have any effect on the Distributions made to Holders of

[23] [**NTD:** Exhibit R remains under negotiation among the parties, and all parties rights with respect to the terms of Exhibit R and any related plan terms are expressly reserved.]

[24] [**NTD**: Amount subject to ongoing review]

Claims in Classes [____] (or the rights of any of their attorneys to receive payment) other than the recognition of the priority of section 5.2(e)(ii) in such provisions.[25]

(c) **Common Benefit Fund Assessments**. On the Effective Date, the following assessments shall be made to the account directed in Exhibit [●], which is the Common Benefit Fund established by the MDL Court (the "**Common Benefit Fund**"): (i) 5% of each Distribution made by the Private Creditor Trusts, and (i) 5% of the Initial Public Schools' Special Education Initiative Contribution. Assessments from the Private Creditor Trusts shall be paid [on periodic schedules for each Private Creditor Trust acceptable to the Governmental Consent Parties, the Ad Hoc Group of Hospitals, the Third-Party Payor Group, the NAS Committee and the Ad Hoc Group of Individual Victims,] as applicable. The assessments payable by the Public School Trust shall be deducted from and paid at the time of the fee award described in Section 5.9(h)(ii). All assessments of 5% of each Distribution made by the Private Creditor Trusts shall be transferred to and distributed in accordance with the order of the MDL Court establishing the Common Benefit Fund. To the extent a Holder of a Hospital Channeled Claim, a Third-Party Payor Channeled Claim, an NAS PI Channeled Claim or a Non-NAS PI Channeled Claim (or any ad hoc group consisting of Holders of any of the foregoing) has retained counsel through a contingency fee arrangement, any contingency fees owed to such contingency counsel payable from Distributions under the Plan shall be reduced by the full amount payable under this Section 5.9(c).[26] However, the applicable Holder and its counsel, in their sole discretion, may agree that an amount up to but not exceeding 40% of the amount payable under this Section 5.9(c) may be applied to the reimbursement of actual costs and expenses incurred by such Holder's counsel, in which case such agreed cost-reimbursement amount shall not reduce the contingency fee amounts payable to such counsel

(d) **Hospital Costs and Expenses**. On the Effective Date, the Hospital Attorney Fee Fund shall be established for the payment of attorneys' fees and costs of the Ad Hoc Group of Hospitals with respect to Hospital Channeled Claims. The Hospital Attorney Fee Fund shall be funded with (i) 20% of each Distribution made by the Hospital Trust to Holders of Hospital Channeled Claims that have not retained (or are not part of an ad hoc group that has retained), on or before the General Bar Date as reflected in a timely filed Proof of Claim or representation to the Hospital Trust in accordance with the Hospital TDP, separate counsel through an individual contingency fee arrangement *less* (ii) the amount of such Distributions payable to the Common Benefit Escrow and the Common Benefit Fund under Section 5.9(c). The Hospital Attorney Fee Fund shall be administered by the Hospital Trust on terms acceptable to the Ad Hoc Group of Hospitals.

(e) **Ratepayer Costs and Expenses**. In the event that the Ratepayer Mediation Participants Stipulation has been entered into on or prior to the Effective Date, on the Effective Date or as soon as reasonably practicable thereafter, the attorneys' fees of the Ratepayer Mediation Participants shall be paid from Effective Date Cash in an amount not to exceed $1.4 million.

---

[25] For the avoidance of doubt, no order of the MDL Court establishing the Common Benefit Fund will have any effect on any Private Claimant or its counsel, nor will the MDL Court have jurisdiction to interpret, decide, hear disputes, or enforce any provision of or regarding this Plan or the Confirmation Order [[or any of the agreements or documents related thereto]].

[26] For the avoidance of doubt, any amount payable to counsel to the Ad Hoc Group of Individual Victims or the Ad Hoc Group of NAS Children on an hourly basis (including incremental amounts in consideration of deferring payment of hourly fees) shall not constitute a "contingency fee," and the agreement in respect thereof shall not constitute a "contingency fee arrangement," in each case for purposes of Section 5.9 of the Plan.

(f) **ERP Costs and Expenses**. The ERP Trust shall pay or reimburse, as applicable, the compensation, costs and expenses of professionals that represented or advised the ERP Trustee in connection with the Chapter 11 Cases, to the extent provided for in the ERP Trust Documents.

(g) **PI Claimant Costs and Expenses**.

(i) Debtors shall pay the reasonable and documented fees and expenses of the Ad Hoc Group of Individual Victims subject to the entry of a Final Order granting the Ad Hoc Group of Individual Victims' request for allowance of such fees and expenses under section 503(b) of the Bankruptcy Code, which request shall be supported by the Debtors and the Creditors' Committee and considered at the Confirmation Hearing. In the event such a Final Order is (i) not entered or (ii) entered allowing fees and expenses in an amount less than reasonable and documented fees and expenses requested, then (A) the PI Trustee shall pay or reimburse, as applicable, the reasonable and documented fees and expenses of professionals that represented or advised the Ad Hoc Group of Individual Victims in connection with the Chapter 11 Cases, as and to the extent provided in the PI Trust Agreement and subject to Bankruptcy Court approval of such fees and expenses as provided in the Confirmation Order and (B) such fees and expenses paid or reimbursed, as applicable, by the PI Trust shall be deducted from Distributions from the PI Trust Non-NAS Fund to Holders of Allowed Non-NAS PI Channeled Claims pursuant to the PI Trust Documents.

(ii) The PI Trustee shall pay or reimburse, as applicable, the reasonable and documented fees and expenses of professionals that represented or advised the NAS Committee in connection with the Chapter 11 Cases, as and to the extent provided in the PI Trust Agreement and subject to Bankruptcy Court approval of such fees and expenses as provided in the Confirmation Order. Such compensation, costs and fees paid or reimbursed, as applicable, by the PI Trust shall be deducted from Distributions from the PI Trust NAS Fund to Holders of Allowed NAS PI Channeled Claims and pursuant to the PI Trust Documents. Nothing in this Section 5.9 shall impair or otherwise affect any fee contract that is not a contingency fee contract between the Ad Hoc Group of Individual Victims and its professionals, or between the NAS Committee and its professionals.

(h) **Public Schools' Costs and Expenses**. From the Initial Public Schools' Special Education Initiative Contribution, the Public School Trust shall:

(i) dedicate an amount of $500,000 for payment or reimbursement, as applicable, of the out-of-pocket litigation expenses, such as for special bankruptcy counsel and expert fees and expenses, of professionals that represented or advised the Public School District Claimants to be computed based upon reasonable hourly rates and costs incurred, and not to include any premium to

reasonable hourly rates, and subject to Bankruptcy Court approval of such litigation expenses as provided in the Confirmation Order; and

(ii) pay or reimburse, as applicable, the reasonable attorneys' fees and litigation costs of the Public School District Claimants' putative class counsel in an amount determined by mediator Ken Feinberg in accordance with the terms of the term sheet attached to the *Notice of Filing of Special Education Initiative Term Sheet* [D.I. 3120], in an amount not to exceed such class counsel's contractual contingency fee of 25% of the Initial Public Schools' Special Education Initiative Contribution, and subject to Bankruptcy Court approval of such litigation expenses as provided in the Confirmation Order, *less* the amount payable to the Common Benefit Escrow under Section 5.9(c).

(i) **No Impairment of Contingency Fee Contracts; No Further Assessment**. Except as expressly set forth in this Section 5.9, nothing in the Plan shall impair or otherwise affect any contingency fee contract between any Holder of a Claim (or any ad hoc group of Holders of Claims) and such Holder's (or ad hoc group's) counsel. In this regard, the payment of the assessments described in this Section 5.9 shall be the only payment that such Holders (or their counsel) shall ever have to make to the Common Benefit Fund with respect to amounts distributed under this Plan, and amounts distributed pursuant to the Plan to such Holders or payments to attorneys in respect thereof shall not be subject to any further or other common benefit or similar assessments.

5.10 ***Transferability of Distribution Rights***.

Any right to receive a Distribution or other payment from the Plan Administration Trust (including any PAT Distribution Account or PAT Reserve), a Creditor Trust or the Master Disbursement Trust shall not be evidenced by any certificate, security, receipt or in any other form or manner whatsoever, except on the books and records of the Plan Administration Trust (as maintained by the Plan Administration Trustee), the applicable Creditor Trust (as maintained by the applicable Creditor Trustees) or the Master Disbursement Trust (as maintained by the MDT Trustees), as applicable. Further, any right to receive a Distribution or other payment from the Plan Administration Trust (including any PAT Distribution Account or PAT Reserve), a Creditor Trust or the Master Disbursement Trust shall be nontransferable and nonassignable except by will, intestate, succession or operation of law or as otherwise provided in the Plan, the applicable Creditor Trust Documents, Governmental Entity Shareholder Direct Settlement Agreement or the MDT Agreement. Any rights to receive a Distribution or other payment from the Plan Administration Trust (including any PAT Distribution Account or PAT Reserve), a Creditor Trust or the Master Disbursement Trust shall not constitute "securities" and shall not be registered pursuant to the Securities Act. If it is determined that such rights constitute "securities," the exemption provisions of section 1145(a)(1) of the Bankruptcy Code would be satisfied and such securities would be exempt from registration.

5.11 ***Insurance Neutrality***.

Nothing in the Plan, the Plan Documents or the Confirmation Order shall alter, supplement, change, decrease or modify the terms (including conditions, limitations and/or exclusions) of the Purdue Insurance Policies, including the MDT Insurance Policies; *provided* that, notwithstanding anything in the foregoing to the contrary, the enforceability and applicability of the terms (including conditions, limitations and/or exclusions) of the Purdue Insurance Policies, including the MDT Insurance Policies, and thus the rights or obligations of any of the Insurance Companies, the Debtors and the

applicable post-Effective Date Entities, including the Master Disbursement Trust, arising out of or under any Purdue Insurance Policy, including any MDT Insurance Policy, whether before or after the Effective Date, are subject to the Bankruptcy Code and applicable law (including any actions or obligations of the Debtors thereunder), the terms of the Plan and the Plan Documents, the Confirmation Order (including the findings contained therein or issued in conjunction therewith, including but not limited to any findings pursuant to Sections 5.2 and 5.6(i) of the Plan) and, to the extent the Insurance Companies have or had adequate notice from any source, any other ruling made or order entered by the Bankruptcy Court whether prior to or after the Confirmation Date. For the avoidance of doubt, nothing contained in the Plan, the Plan Documents or the Confirmation Order shall operate to require any Insurance Company to pay under any Purdue Insurance Policy the liability of any Person that was not an insured prior to the Petition Date.

5.12 ***Transfer of Books and Records; Cooperation; Privilege***.

(a) **Transfer of Books and Records to NewCo and the Plan Administration Trust**. Except with respect to Excluded Assets, all documents, books and records of the Debtors shall be transferred and assigned to NewCo on or prior to the Effective Date pursuant to the NewCo Transfer Agreement; *provided* that, from and after the date of such transfer, the Plan Administration Trustee shall have the right to retain copies of all transferred documents, books and records and NewCo shall permit the Plan Administration Trustee and its counsel and representatives to have full access to such transferred documents, books and records. All documents, books and records of the Debtors that are Excluded Assets shall be transferred and assigned to the Plan Administration Trust; *provided* that, except for the Excluded Privileged Materials, NewCo shall receive copies of all documents, books and records of the Debtors that are Excluded Assets. Any documents transferred under this Section 5.12(a) that are documents that were produced to the Debtors by Shareholder Released Parties in connection with Purdue Legal Matters shall continue to remain subject to the terms of the Protective Order and any order of the Bankruptcy Court or provision of this Plan affording confidentiality protections to such documents, unless such documents are included in the Public Document Repository in accordance with the Plan and the Master Shareholder Settlement Agreement.

(b) **Cooperation with the Master Disbursement Trust and the Creditor Trusts**. On the Effective Date or as soon as reasonably practicable thereafter, the Debtors shall transfer and assign, or cause to be transferred and assigned, (i) to the MDT Trustees, (A) copies of all MDT Insurance Policies, (B) information and copies of documents, including books and records of the Debtors that reasonably relate to (I) any Claims previously noticed, tendered or submitted or paid by any Insurance Company under the MDT Insurance Policies and (II) any MDT Causes of Action, and (C) other information and copies of all other documents, including books and records of the Debtors that are reasonably necessary to preserve, secure or obtain the benefit of the MDT Insurance Rights, pursue the MDT Causes of Action or liquidate any other MDT Transferred Assets and (ii) to each Creditor Trust, a copy of the Proofs of Claims for Channeled Claims channeled to such Creditor Trust. Subject to Section 5.12(c) of the Plan, the materials to be provided pursuant to this Section 5.12(b) include those in the possession of the Debtors' current and former insurance coverage counsel. On and after the Effective Date, the Plan Administration Trustee and NewCo may maintain their respective documents, books and records in accordance with their respective document retention policies set forth in the PAT Agreement and the NewCo Operating Agreement, respectively. Prior to the Effective Date, the Debtors shall use reasonable best efforts to provide the Creditors' Committee and the Governmental Consent Parties reasonable access to current employees and professionals of the Debtors (including insurance brokers) with knowledge concerning the information and documents to be provided to the Master Disbursement Trust under this Section 5.12(b), and, after the Effective Date, NewCo shall use best efforts to provide the Master Disbursement Trust reasonable access to employees and professionals of NewCo with knowledge concerning such information and documents and to facilitate access to former employees and professionals of the Debtors (including insurance brokers). The Plan Administration Trustee and NewCo shall respond to reasonable requests of (x) the MDT Trustees

for information and documents related to the MDT Insurance Rights, the MDT Causes of Action or otherwise, in each case to the extent reasonably necessary for the administration of the Master Disbursement Trust, and (y) each Creditor Trustee for information and documents relating to the applicable Channeled Claims or otherwise, in each case to the extent reasonably necessary for the administration of the applicable Creditor Trust. In the event of any dispute between the MDT Trustees and NewCo regarding the delivery of information or documents requested pursuant to clause (x) of the foregoing sentence, the MDT Trustees shall have the right to request intervention by the Foundation Trustees to resolve any such dispute.

(c) **Privilege**. The transfer or assignment of information and copies of documents, including books and records, in accordance with this Section 5.12, shall not result in the destruction or waiver of any applicable Privileges. On the Effective Date, all Privileges in connection with the information or documents transferred in accordance with this Section 5.12 shall be transferred to, and vest exclusively in, NewCo, the MDT Trustees, the Plan Administration Trustee and the Creditor Trustees in accordance herewith. Further, with respect to the transfer of Privileges to the MDT Trustees and the Creditor Trustees, such Privileges shall (i) be transferred to such MDT Trustees and Creditor Trustees for the purpose of enabling such Persons to perform their respective duties as set forth in the Plan or in the MDT Agreement or the applicable Creditor Trust Documents and for no other reason, (ii) vest solely in the MDT Trustees and the Creditor Trustees and not in the Master Disbursement Trust or the Creditor Trusts, or any other committee or subcomponent of the Master Disbursement Trust or the Creditor Trusts, or any other Person (including counsel and other professionals) who is (or has been engaged by, represents or has represented) any Holder of a Claim against or Interest in the Debtors or any Person that alleges or may allege a Claim, directly or indirectly, relating to or arising out of the Debtors' Products or operations and (iii) be preserved and not waived as a result of such transfer. For the avoidance of doubt, any such transfer shall have no effect on any right, Claim or Privilege of any Person other than the Debtors. No information subject to a Privilege shall be disclosed or communicated by the MDT Trustees or the Creditor Trustees (x) to any Person not entitled to receive such information, including for the avoidance of doubt any Person (including counsel and other professionals) who is (or has been engaged by, represents or has represented) any Holder of a Claim against or Interest in the Debtors or any Person that alleges or may allege a Claim, directly or indirectly, relating to or arising out of the Debtors' Products or operations or (y) for any reason or in any manner other than as necessary for such Persons to perform their respective duties as set forth in the Plan or in the MDT Documents or the applicable Creditor Trust Documents. Notwithstanding the foregoing, nothing herein shall preclude the MDT Trustees from providing information or documents received pursuant to this Section 5.12 to any Insurance Company as necessary to preserve, secure or obtain the benefit of the MDT Insurance Rights.

5.13 ***Public Document Repository***.

(a) **Summary**. The document disclosure program provided in this Plan will lead to the public disclosure of the most significant documents about Purdue, the Sackler family and the opioid crisis, including video depositions and millions of documents that Purdue produced in investigations and litigation over the past two decades. In addition, it will lead to the public disclosure of millions of documents not previously available to the public, including documents not previously produced in any investigation or litigation and certain privileged documents from the years when Purdue developed and promoted OxyContin, as identified below. The document disclosure program and Public Document Repository will be conducted in a way to maximize public confidence and public access and will set a new standard for transparency.

(b) **DOJ Repository Obligation**. The Debtors bear sole responsibility for complying with the DOJ document repository obligation set forth in the Plea Agreement ("***DOJ Repository Obligation***"), and the DOJ Repository Obligation is not modified by this Plan. Similarly, the Debtors' satisfaction of the DOJ Repository Obligation shall not diminish the additional commitment to disclosure

provided by this Plan. Instead, the public shall receive the full benefit of both, and the Public Document Repository shall contain the full set of documents that the Debtors have agreed to host under the DOJ Repository Obligation.

(c) **[Disclosure Oversight Board**. As described further below, the disclosure program provided in this Plan shall be overseen by the DOB created on the Confirmation Date, consisting of up to four (4) representatives appointed by each of the Ad Hoc Committee, the Creditors' Committee, the States AG Negotiating Group and the MSGE Group and one (1) representative appointed by the Native American Tribe Group. No current or former director, officer, employee or attorney of the Debtors shall serve on the DOB or oversee the disclosure program.][27]

(d) **Purdue Legal Matters**. As described further below, important material for the disclosure program is contained in documents that the Debtors preserved, collected, logged and produced in connection with investigations and litigation about Purdue's opioid business. Many non-privileged documents were produced in those matters, and many privileged documents were identified and logged. This Section 5.13 provides for the disclosure of many documents from the Purdue Legal Matters, which is a broad set of investigations and litigation defined in the Plan.

(e) **Disclosure Program Budget**. As described further below, the disclosure program is designed to avoid unnecessary expense, including by employing an unpaid volunteer oversight board and by using negotiated agreements to avoid the need for litigation. The disclosure program shall be funded in an aggregate amount of $39 million, which shall be paid in the following installments: (i) $2 million on the Effective Date, (ii) $10 million on the first Scheduled MDT Distribution Date, (iii) $10 million on the second Scheduled MDT Distribution Date, (iv) $8.5 million on the third Scheduled MDT Distribution Date and (v) $8.5 million on the fourth Scheduled MDT Distribution Date (collectively, the "***Disclosure Program Budget***"). The Disclosure Program Budget shall be spent at the direction of the DOB. In addition, as provided in the Plan, Domestic Governmental Entities may elect (but are not required) to direct portions of their distributions to the Public Document Repository under terms provided in the Plan. Moreover, the DOB shall be permitted, but not required, to coordinate its work on this disclosure program with the work of state Attorneys General on related disclosures in the opioid industry, in a manner that reduces the costs and increases the benefits of this disclosure program. Finally, to make efficient use of the knowledge and expertise of the Debtors and their professionals, the Plan provides for significant materials to be collected by the Effective Date, or as soon as reasonably practicable thereafter, as described further below. For the avoidance of doubt, the Public Document Repository shall not be owned, held, administered or operated by the DOB, the Master Disbursement Trust or any Creditor Trust; the role of the DOB is to develop and oversee a temporary program to set up the appropriate Public Document Repository and achieve the goals of the disclosure program.

(f) **Access Materials**.

(i) Subject to the Protected Information review, as described in Section 5.13(o) of the Plan, the Debtors, the Plan Administration Trust, or any entity or law firm designated by the Debtors or the Plan Administration Trust to assist in that review, shall provide the DOB access to a set of non-privileged materials for the purpose of accomplishing the Public Document Repository

[27] [**NTD**: Subject to ongoing review]

(collectively, the "***Access Materials***") on a rolling basis following the Effective Date. These Access Materials shall include:

(A) all transcripts and audio or video recordings of depositions taken in the Purdue Legal Matters, together with the exhibits to those depositions;

(B) all documents produced by the Debtors in the Purdue Legal Matters (which comprise more than thirteen million documents and more than one hundred million pages);

(C) the non-privileged documents from the Relativity Database (as defined below) (which are estimated to comprise more than twenty million additional documents beyond those produced in the Purdue Legal Matters);

(D) all privilege logs regarding documents withheld by the Debtors in the Purdue Legal Matters; and

(E) documents obtained during the Chapter 11 Cases by the NAS Committee regarding clinical and pre-clinical studies conducted by the Debtors or other companies associated with the Sackler Family Members.

(ii) The Debtors, the Plan Administration Trust, or any entity or law firm designated by the Debtors or the Plan Administration Trust, will use their best efforts to complete the review of Protected Information and production of the Access Materials no later than 12 months after the Effective Date. Following entry of the Confirmation Order, the Debtors shall pay Wiggin and Dana LLP $5 million as a retainer on account of Wiggin and Dana LLP's fees and expenses in connection with the review of Protected Information as contemplated pursuant to Section 5.13(o) of the Plan. Upon its completion of such review, Wiggin and Dana LLP shall refund any unused portion of the $5 million to the Master Disbursement Trust concurrent with the final release of Access Materials to the DOB.

(iii) All documents containing information that is redacted as described in Section 5.13(o) of the Plan, and not included in the Access Materials provided to the DOB, will be provided to the Plan Administration Trust. The Plan Administration Trust will retain these materials for the period described in Section 5.13(aa).

(g) **Debtors' Relativity Database**. In the course of the Purdue Legal Matters, the Debtors collected a significant set of documents that are stored in a Relativity database (the "***Relativity Database***"). This collection includes files from more than two hundred custodians who played important roles at Purdue, including every Sackler Family Member who sat on the board or worked at the company. It also includes non-custodial documents, such as collections from electronic drives and paper archives. The custodial and non-custodial documents collected for the Relativity Database are from files that Purdue has preserved pursuant to broad document preservation policies in place for over twenty years, including from an email archive containing emails dating to the 1990s. Pursuant to the terms provided

in this Section 5.13, materials from the Relativity Database created before February 2018 will be available for the disclosure program as described in this Section 5.13.

(h) **Additional Collections**. On or before the Effective Date, the DOB will identify to the Debtors the additional custodians whose documents should be collected, to the extent possible, from the email archive and other preserved files, and the Debtors will load those files into the Relativity Database for inclusion as Access Materials or Sequestered Materials, as applicable.

(i) **Sequestered Materials**. On the Effective Date, or as soon as reasonably practicable thereafter, the Debtors shall provide the Plan Administration Trust with certain Privileged documents, described below, collected by the Debtors during the course of the Purdue Legal Matters and stored in the Relativity Database ("***Sequestered Materials***"), to be preserved for access by the DOB. The provision of the Sequestered Materials to the Plan Administration Trust shall not constitute a waiver of any applicable privileges, and, for clarity, no waiver of any applicable Privilege shall occur prior to the Sequestration Date (as defined below). The Sequestered Materials are estimated to include hundreds of thousands of documents. To leverage efficiencies, the Debtors' current document review teams with experience reviewing Purdue's documents for privilege will screen and review, as necessary, all documents currently in the Relativity Database for Privilege, attorney work product, confidentiality, the Health Insurance Portability and Accountability Act or similar state or federal statute and critical business information before turning over documents as Access Materials or as Sequestered Materials. The DOB will aid the Debtors' document review team in setting parameters and search terms to effectuate accurate screening and review. The DOB may, confidentially and subject to privilege, request and be provided with information, and, as necessary, an appropriate, expert-aided statistically valid sampling of the relevant documents or other methodologies to aid in the foregoing review under an appropriate protective order and non-waiver agreement.

(i) Subject to the Sequestration Date, the Debtors agree to waive attorney client and work product privilege over documents created before May 1, 2014 ("***Cutoff Date***") that fall within the following categories:

(A) Marketing materials, promotional materials and sales strategies. This will include, for example, legal advice on: marketing and promotional materials as part of the medical, regulatory, legal review process and other reviews of statements in promotional and marketing materials to ensure consistency with a product's labeling and legal requirements; sales training materials (such as how to instruct the sales team on what they can and cannot say about the products); review of all call notes and whether statements on sales calls were appropriate; call planning; and sales bulletins. For the avoidance of doubt, "sales strategies" in this paragraph includes documents related to (I) medical liaisons, (II) continuing medical education, (III) the evolve to excellence program, (IV) Purdue's interactions with medical advocacy groups, and (V) legal advice regarding the performance, selection, retention, management and compensation of personnel in sales and marketing;

(B) Materials reflecting legal advice on submissions to the FDA and compliance with FDA regulations. This will include, for example, advice on the decision to reformulate OxyContin, advice on interactions and communications with FDA and advice on FDA requirements;

(C) Legal advice regarding distributions to or for the benefit of the Sackler Family Members;

(D) Legal advice regarding the organization or function of the board of directors;

(E) Legal advice regarding grants, gifts and other payments with respect to naming rights of Purdue and its shareholders;

(F) Legal advice regarding the performance, selection, retention, management and compensation of the CEO of Purdue Pharma;

(G) Legal advice regarding Purdue's interactions with state licensing boards and the federation of state medical boards;

(H) Legal advice regarding Purdue's interactions with key opinion leaders, advisory boards and treatment guidance;

(I) Legal advice regarding advocacy before the United States Congress or a state legislative branch with respect to (i) any opioid product sold by Purdue, including OxyContin, or (ii) any public policies regarding the availability and accessibility of opioid products;

(J) Employment records and files created before the Cutoff Date pertaining to employment terminations or disciplinary actions related to opioid sales and marketing, including documents created before the Cutoff Date pertaining to internal investigations of personnel related to marketing of opioids, in all cases subject to applicable federal and state privacy and similar laws with respect to employees and with any redactions necessary to comply therewith; and

(K) To the extent provided during the time period while the corporate integrity agreement was in effect, legal advice regarding compliance with the corporate integrity agreement entered into between Purdue and the DOJ Office of the Inspector General of the U.S. Department of Health and Human Services;

(L) Legal advice regarding compliance with the consent judgments entered into between Purdue, the Debtors and the State Attorneys General and other state representatives in 2007;

(M) Legal advice to Purdue's public relations department regarding the promotion, sales, or distribution of Purdue's opioid products, including but not limited to their safety, efficacy, addictive properties, or availability of opioid products; and

(N) Legal advice to Purdue's compliance department regarding the organizational structure of the compliance department, including its processes for implementing order monitoring systems, suspicious order monitoring programs, and abuse deterrence and detection programs.

(ii) Subject to the Sequestration Date, below, the Debtors agree to waive attorney client and work product privilege over the following categories of documents:

(A) Documents reflecting law department reviews of, and decisions regarding, health care providers and pharmacies pursuant to Purdue's abuse and diversion detection, order monitoring system and suspicious order monitoring programs, which will have been or will be provided to the DOJ under a June 2019 non-waiver agreement;

(B) Documents created before February 2018 reflecting legal review, analysis and advice with respect to advice received from McKinsey & Company, Publicis Groupe S.A., Publicis Health, LLC, Razorfish Health, Publicis Health Media, LLC, Publicis Touchpoint Solutions, Inc., or Verilogue, Inc. related to the sale and marketing of opioids; and

(C) Documents created before June 30, 2017 reflecting legal review, analysis and advice with respect to Practice Fusion.

(iii) To the extent documents subject to any of the foregoing waivers were previously logged on a privilege log in a Purdue Legal Matter, the Debtors shall provide the DOB with amended privilege logs that indicate the entries being produced pursuant to these waivers. For the avoidance of doubt, Privileged communications (during the applicable time periods set forth in Section 5.13(i)(i) and (ii)) about interactions with the media with respect to subject matters that are otherwise waived herein are included in such waivers.

(iv) Nothing herein shall waive any third-party privilege or other rights, whether arising from a joint defense agreement, common

interest privilege or otherwise, to which any document described in Section 5.13(i)(i) and (ii) is subject and which the Debtors do not have authority to waive. The Debtors will provide the DOB with privilege logs reflecting documents subject to such third-party privileges and rights that are identified in the course of identifying and compiling the Sequestered Materials. No documents subject to such third-party privileges and rights shall be included in the Public Document Repository, absent appropriate resolution of such third parties' rights and privileges. Further, no waiver of Privilege described herein shall be construed as subject matter waiver. Subject to the foregoing, the Debtors, and the Creditors' Committee, and the Governmental Consent Parties shall work together in good faith to ensure that all documents consistent with the Sequestered Material categories shall be available to the DOB for potential inclusion in the Public Document Repository in accordance with this Section 5.13.

(j) **Protection of the Privilege**. For the avoidance of doubt, the Debtors do not waive any Privilege and do not agree to provide as Sequestered Materials for the Public Document Repository any Privileged documents or communications not otherwise identified in Section 5.13(i)(i) and (ii). Such Privileged documents and communications not otherwise identified in Section 5.13(i)(i) and (ii) shall be removed from the Relativity Database and separately preserved, and shall not be eligible for the Public Document Repository at any time. All Privileged documents removed from the Relativity Database, and not included in the Sequestered Materials described above, will be provided to the Plan Administration Trust, separately from the Sequestered Materials. The Plan Administration Trust will retain these materials for the period described in Section 5.13(aa). For clarity, except for the Sequestered Materials identified in Section 5.13(i)(i) and (ii), the Debtors shall not intentionally provide the Master Disbursement Trust or the DOB with access to any documents or content of documents that are Privileged. In the event that the Debtors inadvertently provide the Master Disbursement Trust or the DOB with access to Privileged documents except for those documents identified in Section 5.13(i)(i) and (ii), that inadvertent provision shall not operate as a waiver of the Privilege, and, upon discovery, the DOB and/or the Master Disbursement Trust, as applicable, must promptly take steps to return the documents to the Plan Administration Trust or destroy such documents.

(k) **Sequestration Date**. On the date that is the earlier of (i) six years after the Effective Date and (ii) the date no Material Litigation is or has been pending for the prior six months, including the pendency of any appeals, the Plan Administration Trust shall deliver the Sequestered Materials to the Host Institution (the "***Sequestration Date***"). Those materials shall be made available for assessment by the DOB and disclosure in the Public Document Repository, subject to the other provisions of this Section 5.13.

(l) **Responsibilities of the DOB**. The DOB shall be responsible for:

(i) accomplishing prompt, broad, permanent, public disclosure of millions of the Debtors' documents via the Public Document Repository in accordance with this Section 5.13 to allow the public to examine the Debtors' role in the opioid crisis;

(ii) engaging with survivors, advocates, journalists, scholars, policymakers and others to ensure that the disclosure program serves the public;

(iii) directing the use of the Disclosure Program Budget;

(iv) maintaining protections for Protected Information, as described below;

(v) establishing procedures for resolution of challenges to the redaction or disclosure of information, as described below;

(vi) overseeing the Host Institution's implementation of the disclosure program;

(vii) coordinating, as appropriate, the disclosure of documents from other producing parties or non-parties in opioid cases whose confidential information is included in the Access Materials, including by discussing inclusion of Access Materials containing such third-party confidential information;

(viii) ensuring the long-term sustainability and success of the disclosure program; and

(ix) retaining and overseeing staff, counsel, or such other resources as are necessary and appropriate to accomplish the DOB's responsibilities under this Section 5.13.

(m) **Host Institutions**. The host institution(s) shall be selected by the Governmental Consent Parties and the Creditors' Committee (the "***Host Institutions***"). The Host Institution will be responsible for hosting and maintaining the Public Document Repository in perpetuity, including but not limited to: maintaining control and security over documents in the Public Document Repository; providing an accessible user interface; and providing clear and transparent explanations of its procedures to the public. Subject to restrictions and oversight imposed by the DOB, the Host Institution may employ appropriate resources to accomplish its responsibilities, including but not limited to the use of permanent university employees, temporary employees, contractors and vendor services. Commensurate with the large responsibilities assigned to the Host Institution, and subject to the decisions and oversight of the DOB and the requirements of this Plan, much of the Disclosure Program Budget may be directed to the Host Institution to fund the accomplishment of its responsibilities. As soon as practicable, the Debtors shall meet with the Host Institutions to agree upon the processes to be used by the Debtors to prepare the documents for delivery to DOB, including, for example, protocols, methodologies and technical specifications.

(n) **Prompt Disclosure**. In keeping with the importance of the matter, the DOB shall dedicate its best efforts to ensure prompt disclosure and shall seek to ensure that the public receives substantial disclosure at least every calendar quarter. The DOB shall prioritize prompt disclosure of the transcripts and audio and video recordings of depositions taken in the Purdue Legal Matters, together with the exhibits to those depositions. The Debtors will prioritize prompt production of the documents that Debtors have agreed to host pursuant to the DOJ Repository Obligation for immediate inclusion in the Public Document Repository for the sake of efficiency and cost savings.

(o) **Redaction of Protected Information**.

(i) The Debtors, the Plan Administration Trust, a successor entity to the Plan Administration Trust, or any entity or law firm designated by the Debtors or the Plan Administration Trust, shall implement appropriate procedures to protect the following information

("***Protected Information***") by redacting Protected Information in documents before they are provided to the DOB or disclosed to the public in the Public Document Repository and by promptly catching and correcting errors if Protected Information is disclosed. Protected Information is (i) any information protected from disclosure by the Health Insurance Portability and Accountability Act or similar state or federal statute; (ii) Social Security or tax identification numbers; (iii) personal financial account numbers; (iv) passport numbers and drivers' license numbers; (v) home addresses, personal email addresses, residential addresses, and personal phone numbers, including mobile phone numbers; (vi) information subject to confidentiality or trade secret rights of third parties that Debtors are without authority to abrogate; (vii) information subject to current Trade Secrets protection; (viii) information regarding individuals that is of a purely personal nature and does not pertain to the Debtors' opioid business or related practices; and (ix) other personally identifiable information otherwise protected by law. For the avoidance of doubt, Protected Information that should be redacted in a written document shall also be redacted in audio or video, such as deposition recordings.

(ii) The Plan Administration Trust must provide to the DOB a redaction log identifying the basis for the redaction with sufficient detail to allow assessment of the redaction's merits. The States AG Negotiating Group and Debtors will discuss and agree upon a robust audit process sufficient for the DOB to verify the Debtors' redactions are consistent with the final Plan, and the DOB's designee(s) and/or any auditors designated by the DOB will be given access to unredacted documents for this purpose subject to confidential safeguards to be agreed upon.

(iii) The Debtors and the Plan Administration Trust will prioritize the review of certain documents and custodians at the DOB's request.

(iv) **Trade Secret**. A 'trade secret' is information, including a formula, pattern, compilation, program, device, method, technique or process, that (i) derives independent economic value, actual or potential, from not being generally known to the public or to other persons who can obtain economic value from its disclosure and use; and (ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. Information reflecting opioid sales or promotional strategies, tactics, targeting, or data, or internal communications regarding sales or promotion of opioids will not be considered subject to trade secret protection unless the information is or contains specifically enumerated categories of Debtors' Information subject to trade secret protection set forth in Section 5.13(o)(v) of the Plan, and then only such information will be redacted.

(v) **Debtors' Information Subject to Current Trade Secrets Protection**. The following Debtor documents will be subject to trade secret protection: (i) documents that contain Debtors' trade secrets regarding (a) ANDA/NDA information that is not publicly available or is redacted in FDA filings, including development reports, batch records, and inspections, provided the redacted information contains trade secrets, and (b) Debtors' proprietary models, including the Rebate Return Model and the License & Supply Analysis Model; and (ii) documents dated less than ten (10) years before the disclosure that contain Debtors' trade secrets regarding: (a) Internal Cost of Goods Sold (COGS), including elements and calculations used to calculate COGS such as raw material sourcing, pricing, internal overhead, and capacity allocations, (b) Return on Rebate Model Data Output, and (c) License & Supply Analysis Model Data Output, including COGS, demand data, and gross-to-net information. Only the information subject to trade secrets protection will be redacted. Information reflecting opioid sales or promotional strategies, tactics, targeting, or data, or internal communications related to sales or promotion of opioids will not be considered subject to trade secret protection unless the information is or contains the narrow categories in this section, and then only the information subject to current trade secrets protection will be redacted.

(p) **Limits on Redaction**. There shall be no redaction of: (i) names of the Debtors' directors, officers, employees, agents, attorneys or consultants or of prescribers or of officials or employees of a government agency, or (ii) email addresses at the "pharma.com" or "purduepharma.com" domain.

(q) **[Notice to Third Parties**. Debtors shall provide notice to third parties, consistent with such third-party agreements, whose trade secrets or confidential information may appear in documents which are to be provided to the DOB.][28]

(r) **Inadvertent Release of Privileged or Protected Information**. Notwithstanding anything else in the Plan, the Public Document Repository shall not contain or disclose any documents or content of documents that are Privileged, except for those documents identified in Section 5.13(i)(i) and (ii) above that are eligible for the Public Document Repository, or any Protected Information. Inadvertent disclosure of Privileged documents in the Public Document Repository does not operate as a waiver of Privilege, and, upon discovery, any Privileged documents shall be promptly removed from the Public Document Repository. The DOB will establish a procedure that permits any party or member of the public to identify or challenge the disclosure of any potentially Protected Information placed in the Public Document Repository. The DOB will cause any document identified through this process to be immediately removed from the Public Document Repository pending review. Any disagreements regarding whether such material is Protected Information shall be resolved by the Special Master.

[28] [**NTD**: Subject to ongoing review]

(s) **Special Master**.

(i) Shortly after the Confirmation Date, the Debtors shall file an appropriate motion asking the Bankruptcy Court or the United States District Court for the Southern District of New York to select and appoint a disclosure oversight Special Master. The Special Master's qualifications shall include former service as a judicial officer, whether as a state or federal judge, and no current or former director, officer, employee or attorney of the Debtors, the Sackler Family Members, the Creditors' Committee, or the Governmental Consent Parties shall be eligible to be appointed as the Special Master, counsel or staff working under the Special Master, *provided* that prior work for a Governmental Consent Party that was completed prior to 2015 shall not preclude the appointment of a Special Master. The Special Master will adjudicate all privilege and related disputes. The Special Master's reasonable hourly fees and expenses shall be paid out of the Disclosure Program Budget except as the Special Master orders otherwise upon finding that a party advanced an argument that was frivolous, harassing or in bad faith.

(ii) Selection of Special Master. The selection of the Special Master shall be made by the Bankruptcy Court; *provided* that the Bankruptcy Court may consider a recommendation made jointly by the Debtors, the Sackler Family Members, the Creditors Committee, and the Governmental Consent Parties. For the purposes of determining if there is to be a joint recommendation, five (5) Business Days after the Confirmation Date, the parties ((x) the Debtors, (y) the Creditors' Committee, the Governmental Consent Parties and (z) the Sackler Family Members) each shall exchange a list of up to five (5) names as recommendations for the role of Special Master. The Debtors thereafter shall make a motion to the Bankruptcy Court to select a Special Master. If there are names in common on the exchanged lists, the Debtors' motion shall be limited to any name or names that are common to all such parties' lists. If there is no name common to each of the three lists, the Debtors' motion will ask the Bankruptcy Court, in its discretion, to select a Special Master.

(iii) Disclosure Challenges: To the extent that the DOB seeks to (A) challenge the Debtors' assertion of Privilege with respect to any documents withheld or redacted from production in the Purdue Legal Matters, or excluded by the Debtors from the Access Materials, or (B) disclose any Protected Information in the Public Document Repository, such efforts shall be subject to review by the Special Master, who shall have final say regarding whether (y) the DOB should be provided with such materials, and (z) such materials shall be protected from public disclosure.

(iv) Timing of Challenges: All challenges to the redaction or withholding of documents from the Public Document Repository,

including with regard to the Privilege and to Protected Information, including challenges brought by either the DOB or members of the public, shall be brought within the later of (A) one (1) year of the Effective Date and (B) one (1) year from when the document or information at issue is first withheld from the Public Document Repository by redaction or logging.

(v) Counsel for Challenges: On or shortly after the Effective Date, the Debtors, the Governmental Consent Parties, and the Creditors' Committee shall agree to appoint a law firm to defend Privilege and Protected Information assertions against challenges ("***Defense Counsel***"); *provided, however*, that if the Debtors, the Governmental Consent Parties, and the Creditors' Committee are unable to reach an agreement regarding the identity of Defense Counsel, the Bankruptcy Court shall appoint the Defense Counsel. Third parties shall represent themselves before the Special Master and shall bear their own costs.

(vi) Procedure for Challenges: Any party seeking to initiate a challenge to the Privilege or Protected Information designation of a document or information in a document or any other challenge to the inclusion or exclusion of documents in the Public Document Repository (the "***Petitioner***") must first, as a condition precedent to any such challenge, meet and confer with the relevant defense counsel by serving a written statement of the specific material being disputed and the reasons for disputing each such material. If the meet and confer does not resolve the dispute, then the Petitioner shall submit a brief to the Special Master arguing why each individual document at issue should not be considered Privileged or Protected Information or should otherwise be included or excluded. Once a challenge has been submitted, the Special Master shall set a briefing schedule, permitting defense counsel no fewer than twenty-one (21) days to respond to the challenge, which may include in camera submissions in response. At the discretion of the Special Master, the briefing schedule may also include supplemental submissions, oral argument or other procedures the Special Master deems necessary to reach a determination. The Special Master shall then evaluate and decide the challenge based upon existing legal precedent of federal law within the U.S. Court of Appeals for the Second Circuit, and shall be empowered to determine whether such materials are subject to a valid claim of Privilege or otherwise constitute Protected Information or should have otherwise been included or excluded, but shall not be empowered to waive any Privilege ever asserted by the Debtors with respect to the Purdue Legal Matters or with respect to the Access Materials or the Sequestered Materials. If the Petitioner does not prevail, then the Special Master shall have the discretion to shift to the Petitioner some or all of the reasonable legal expense of Defense Counsel, whose reasonable fees and expenses shall otherwise be paid for by the Disclosure Program Budget. If the Special Master determines that the challenge was

frivolous, harassing, needlessly increasing costs or expenses, or otherwise brought for an improper purpose, then the Special Master shall shift to the Petitioner some or all of the reasonable legal expense of Defense Counsel. For avoidance of doubt, any materials determined by the Special Master to be Privileged or to contain Protected Information shall not be included in the Public Document Repository.

(vii) Pending resolution of a challenge asserting a document was improperly disclosed, the Host Institution shall remove or redact each identified, challenged document.

(t) **Materials Produced by Shareholder Released Parties**. The Public Document Repository shall include all Sackler Family Members' documents that were produced in the Chapter 11 Cases and that relate to the manufacturing, sale or marketing of opioids in the United States, the Debtors' alleged role or liability in connection with the opioid crisis or the regulatory approval of any opioid product sold in the United States by the Debtors, but subject to appropriate exclusions for documents covered by the attorney-client and work product privileges and certain confidential information (including exclusions for information and documents related to the finances, financing activities, taxes and tax filings, investments and third party business and advisory relationships of the Shareholder Released Parties).

(i) The Special Master appointed in accordance with Section 5.13(s) shall resolve disputes regarding whether certain documents or information is required to be included in the document repository by the Sackler Family Members.

(ii) The Sackler Family Members shall have the right to claw back documents that they were entitled to exclude in accordance with this provision but inadvertently produced to the Public Document Repository, and such inadvertent production shall not operate as a waiver of rights. The Special Master shall resolve any disputes between Sackler Family Members, the Governmental Consent Parties, and the DOB concerning the exercise of clawback rights.

(iii) For the avoidance of doubt, "Sackler Family Members' documents" refer only to documents in the Sackler Family Members' possession, custody or control. Section 5.13(t) does not refer to documents including or involving Sackler Family Members that are in the Debtors' possession, custody or control.

(u) **Release of Confidentiality Rights by Parties Receiving Releases**. With regard to the disclosure of information in the Public Document Repository as authorized by this Section 5.13, the protections provided to Released Parties and Shareholder Released Parties shall be limited to the protections provided by this Plan. To the extent that Released Parties and Shareholder Released Parties possess rights to confidentiality beyond those provided this Plan (for example, a contractual confidentiality provision) or the Direct Claims Shareholder Settlement Agreements, those rights are waived to facilitate this disclosure program in exchange for the benefit of the releases provided to the Released Parties and Shareholder Released Parties by the Plan.

(v) **DOJ Settlement Communications**. Communications between the Debtors and DOJ regarding settlement or cooperation between 2015 and the final, non-appealable conclusion of *U.S. v. Purdue Pharma L.P.*, Case 2:20-cr-01028-MCA (D.N.J.) shall be protected from

disclosure to the Master Disbursement Trust and the DOB and shall not be included in the Public Document Repository, nor shall any internal Debtor documents reflecting such communications or the strategy for such communications. The Debtors shall implement this exclusion when creating the set of Sequestered Materials.

(w) **Documents Produced By Certain Financial Institutions**. The disclosure program shall not include the documents produced by financial institutions pursuant to the examination authorized by the Bankruptcy Court at D.I. 1143. For the avoidance of doubt, if the same information also appears in a second source that is subject to disclosure (e.g., a deposition exhibit), then the information in that second source is subject to disclosure.

(x) **Active Vendor Contracts**. The Public Document Repository shall not disclose the NewCo's active vendor contracts or expired contracts that would reveal the sum and substance of active contracts.

(y) **Exculpation and Indemnification of DOB members and Host Institution**. To the maximum extent permitted by applicable law, the DOB members, whenever appointed, and the Host Institution shall not have or incur any liability for actions taken or omitted in his or her capacity as a DOB member, or on behalf of the DOB, except those acts found to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud, and shall be entitled to indemnification, advancement and reimbursement for reasonable fees and expenses in defending any and all of his or her actions or inactions in his or her capacity as a DOB member, except for any actions or inactions found to be arising out of his or her willful misconduct, bad faith, gross negligence or fraud. Any valid indemnification claim of any of the DOB members shall be satisfied from the Disclosure Program Budget.

(z) **Reports**. On each of the first five anniversaries of the Effective Date, the DOB shall publish a public report describing the activities of the disclosure program, the use of any funds expended, and any funds committed for future use.

(aa) **Wind Down**. In or after one year following the Sequestration Date, the DOB shall wind itself down. If appropriate to facilitate the long-term success of the Public Document Repository, the DOB may arrange for another long-lived institution, such as one or more Attorneys General Offices, to interact with the Host Institution after the DOB is wound down (e.g., by receiving reports). Upon the wind down of the DOB, (i) the Host Institution shall be responsible for the permanent maintenance of the Public Document Repository; *provided* that, for avoidance of doubt, the access to the Access Materials and the Sequestered Materials granted to the DOB herein shall not be transferred to any successor institution other than the Host Institution and (ii) any Access Materials or Sequestered Materials in the possession of the DOB but not included in the Public Document Repository, for any reason, shall be, at NewCo's election, delivered to NewCo or destroyed or, if all or substantially all of the Assets of or Interests in NewCo have been sold, destroyed or delivered to Defense Counsel. Within ninety (90) days of the announcement of the dissolution of the Plan Administration Trust, the Plan Administration Trust shall use commercially reasonable efforts to return Privileged and Protected Information materials to Defense Counsel who shall retain the materials in a segregated client file.

(bb) **Master Disbursement Trust**. For the avoidance of doubt, nothing in this Section 5.13 limits the rights of the Master Disbursement Trust, subject to and in accordance with Section 5.12 of the Plan, to access or use Privileged documents, including Excluded Privileged Materials, in connection with any potential or actual Causes of Action, including, among other things, any potential or actual Causes of Action contemplated by or that may result from, the Shareholder Settlement Agreement, including, without limitation, with respect to a Cause of Action against a Shareholder Release Snapback Party upon the filing of a Notice of Shareholder Release Snapback.

5.14 ***Effective Date Cash; Surplus Reserved Cash***.

(a) **Effective Date Fixed Payments**. On the Effective Date, Effective Date Cash shall be used to fund (i) the Professional Fee Escrow Account in an amount necessary to satisfy Professional Fee Claims in accordance with Section 2.1(b) of the Plan, (ii) the Priority Claims Reserve in an amount necessary to satisfy estimated Allowed Administrative Claims (other than Professional Fee Claims and the DOJ Forfeiture Judgment Claim), Allowed Secured Claims and Allowed Priority Claims, (iii) the Claims Reserves in accordance with Section 7.2 of the Plan, (iv) the Disputed Cure Claims Reserve in accordance with Section 8.2(d) of the Plan, (v) the Wind-Up Reserve in accordance with Section 5.3(d) of the Plan, (vi) the MDT Operating Reserve in accordance with Section 5.6(f) of the Plan, (vii) the Special Operating Reserve in accordance with Section 5.7(a) of the Plan, (viii) the Initial NewCo Cash in accordance with Section 5.4(c) of the Plan, (ix) the applicable PAT Distribution Account in the amounts necessary to make Distributions required in accordance with Article IV of the Plan in respect of Allowed Adlon General Unsecured Claims, Allowed Avrio General Unsecured Claims, and Allowed Other General Unsecured Claims, each to the extent Allowed as of the Effective Date, (x) the Initial Private Creditor Trust Distributions, (xi) the Initial Tribe Trust Distribution, (xii) the Initial Federal Government Distribution, (xiii) the Initial Public Schools' Special Education Initiative Contribution, (xiv) amounts required to establish the Public Document Repository in accordance with Section 5.13 of the Plan, (xv) the upfront insurance premium payments and other amounts in accordance with Sections 5.3(e), 5.4(f) and 5.5(c) of the Plan and (xvi) any other amounts required to be paid on the Effective Date pursuant to the Plan. No later than five (5) Business Days prior to the Effective Date, the Debtors shall provide notice to the Creditors' Committee and the Governmental Consent Parties of the then-current estimated amount of Effective Date Cash and all amounts described in this Section 5.14(a), and shall promptly notify the Creditors' Committee and the Governmental Consent Parties of any changes to such estimations prior to the Effective Date. Any objection by the Creditors' Committee or the Governmental Consent Parties with respect to the Debtors' proposed amount of funding of any PAT Reserve shall be resolved by the Bankruptcy Court.

(b) **Initial Governmental Remediation Trust Distribution**. On the Effective Date, all Effective Date Cash remaining after the satisfaction of all amounts described in the foregoing paragraph (a) and subject to the SOR Holdback shall be used to make the Initial Governmental Remediation Trust Distribution, which is currently estimated to be $[[●] million].[29] An updated estimate of the Initial Governmental Remediation Trust Distribution shall be provided in the Plan Supplement.

(c) **Surplus Reserved Cash**. Prior to the dissolution of the Plan Administration Trust, the Plan Administration Trustee shall determine, on each six (6)-month anniversary of the Effective Date, whether the amounts available in any PAT Reserve exceed the amounts necessary to satisfy the purpose for which such reserves were established. If the Plan Administration Trustee determines that a surplus exists in any PAT Reserve as of the date of such determination, such Surplus Reserve Cash shall be (i) *first*, used to satisfy any funding deficiency in any other PAT Reserve and (ii) *second*, with respect to any amounts not used to satisfy any such funding deficiency in another PAT Reserve, transferred to the Master Disbursement Trust in accordance with the MDT Agreement. All Cash and cash equivalents of the Plan Administration Trust remaining upon the dissolution of the Plan Administration Trust, including

[29] [**NTD:** TBD on estimate] The final amount of the Initial Governmental Remediation Trust Distribution on the Effective Date is subject to adjustment for (i) budget to actual adjustments for both operating and non-operating results, (ii) items outside of the Debtors' control, including but not limited to, potential variability in investment monetization proceeds, higher than forecasted restructuring-related professional fees and potential cash collateral necessary to secure insurance coverage for NewCo and the Foundation and (iii) other adjustments.

any remaining Surplus Reserve Cash in the PAT Reserves, shall be transferred to the Master Disbursement Trust in accordance with the MDT Agreement.

5.15 ***Corporate Action***.

(a) **Dissolution of Boards of the Debtors**. As of the Effective Date, the respective boards of directors and managers, as applicable, of each of the Debtors shall be terminated and dissolved and the members of each of the boards of directors and managers, as applicable, of the Debtors shall be deemed to have resigned.

(b) **Continued Existence of the Liquidating Debtors**. Each of the Debtors, other than the Transferred Debtors, shall continue to exist as a Liquidating Debtor after the Effective Date in accordance with the laws of the state under which such Debtor was formed and pursuant to its certificate of incorporation, bylaws, articles of formation, operating agreement, and other organizational documents, as applicable, in effect prior to the Effective Date, except to the extent such organizational documents are amended under the Plan, for the limited purposes of liquidating all of the Assets of such Debtor's Estate and making distributions in accordance with the Plan. From and after the Effective Date, except as set forth herein, the Liquidating Debtors (i) for all purposes shall be deemed to have withdrawn their business operations from any state in which the Liquidating Debtors were previously conducting, or are registered or licensed to conduct, their business operations, and shall not be required to file any document, pay any sum, or take any other action in order to effectuate such withdrawal, (ii) shall be deemed to have canceled pursuant to the Plan all PPI Interests and, as of the PPLP Dissolution Date, all PPLP Interests, and (iii) shall not be liable in any manner to any taxing authority for franchise, business, license or similar taxes accruing on or after the Effective Date.

(c) **Appointment of the PPLP Liquidator as the Sole Representative for the Liquidating Debtors**. On the Effective Date, the PPLP Liquidator shall be appointed as the sole director and sole officer of the Liquidating Debtors, and shall succeed to the powers of the Liquidating Debtors' general partners, directors and officers. From and after the Effective Date, the PPLP Liquidator shall be the sole representative of, and shall act for, the Liquidating Debtors and administer the winding up and dissolution of the Liquidating Debtors. The PPLP Liquidator shall act for the Liquidating Debtors in the same fiduciary capacity as applicable to a board of directors and officers, subject to the provisions hereof (and all certificates of formation, partnership agreements, operating agreements, membership agreements and related documents are deemed amended by the Plan to permit and authorize the same). Any fees and expenses incurred by the PPLP Liquidator shall be paid by the Plan Administration Trustee from the Wind-Up Reserve.

(d) **Merger; Dissolution; Consolidation of the Liquidating Debtors**. On or after the date(s) upon which the Plan Administration Trust is established, the Liquidating Debtors or the PPLP Liquidator may, subject to the terms of the Plan, cause any or all of the Liquidating Debtors to be merged into one or more of the Liquidating Debtors, dissolved or otherwise consolidated and engage in any other transaction in furtherance of the Plan. Notwithstanding the foregoing, upon the dissolution of each Liquidating Debtor by the PPLP Liquidator after the completion of the acts required of such Liquidating Debtor pursuant to this Plan, such Liquidating Debtor shall be deemed dissolved for all purposes without the necessity for any other or further actions to be taken by or on behalf of such Liquidating Debtor; *provided*, *however*, that each Liquidating Debtor or the PPLP Liquidator, as applicable, shall file with the office of the Secretary of State, or other appropriate office for the state of its organization, a certificate of cancellation or dissolution.

(e) **Charter and Bylaws**. To the extent necessary or appropriate, the charters, by-laws and other organizational documents of the Debtors shall be amended, or amended and restated as

necessary, in a manner consistent with section 1123(a)(6) of the Bankruptcy Code, if applicable, and the terms of this Plan.

(f) **No Further Action**. Each of the matters provided for under the Plan involving the corporate structure of the Debtors or the Plan Administration Trust, or corporate action to be taken by or required of the Debtors, shall, as of the Effective Date, be deemed to have occurred (unless contemplated hereunder to occur before or after the Effective Date) and be effective as provided herein, and shall be authorized and approved in all respects without any requirement of further action by any Person, including, but not limited to, the Plan Administration Trustee, the PPLP Liquidator, Holders of Claims against or Interests in the Debtors or directors or officers of the Debtors.

(g) **Effectuating Documents**. Prior to or after the Effective Date, any appropriate officer of the Debtors or the PPLP Liquidator, as applicable, shall be authorized to execute, deliver, file or record such contracts, instruments, releases, indentures and other agreements or documents, and to take such actions as may be necessary or appropriate to effectuate and further evidence the terms and conditions of the Plan.

(h) **Exculpation and Indemnification of the PPLP Liquidator**. To the maximum extent permitted by applicable law, the PPLP Liquidator shall not have or incur any liability for actions taken or omitted in its capacity as the PPLP Liquidator, except those acts found by Final Order to be arising out of its willful misconduct, bad faith, gross negligence, or fraud, and shall be entitled to indemnification, advancement and reimbursement for reasonable fees and expenses in defending any and all of its actions or inactions in its capacity as the PPLP Liquidator, except for any actions or inactions found by Final Order to be arising out of its willful misconduct, bad faith, gross negligence or fraud. Any valid indemnification claim of the PPLP Liquidator shall be satisfied from the Wind-Up Reserve.

5.16 *Cancellation of Notes, Interests, Instruments, Certificates and Other Documents*.

Except as otherwise provided herein, on and after the Effective Date, all PPLP Interests and PPI Interests and all notes, instruments, certificates, agreements, indentures, mortgages, security documents and other documents evidencing Claims against or Interests in the Debtors or obligations of the Debtors or the Liquidating Debtors, as applicable, thereunder or in any way related to the foregoing shall be deemed canceled, satisfied in full and of no further force or effect without any need for further action or approval of the Bankruptcy Court.

5.17 *Closing of Chapter 11 Cases*.

After a Debtor's Estate has been fully administered, the Plan Administration Trustee shall seek authority from the Bankruptcy Court to close the applicable Chapter 11 Case in accordance with the Bankruptcy Code and Bankruptcy Rules.

ARTICLE VI DISTRIBUTIONS.

6.1 *Distributions Generally*.

Except as otherwise provided in the Plan or the PAT Agreement, all Distributions in respect of Allowed Claims, other than Channeled Claims, shall be made by the Disbursing Agent, or such other Persons designated by the Plan, in accordance with the terms of the Plan, including this Article VI. Except with respect to Sections 6.17, 6.20, and 6.21 of the Plan, this Article VI shall not apply to Channeled Claims.

6.2 ***Distributions on the Effective Date***.

On the Effective Date or as soon as reasonably practicable thereafter, the Disbursing Agent shall make Distributions (a) from the Priority Claims Reserve in respect of Allowed Administrative Claims, Allowed Secured Claims and Allowed Priority Claims, each in an amount and to the extent Allowed as of the Effective Date, and (b) from the PAT Distribution Account in respect of Allowed Avrio General Unsecured Claims and Allowed Adlon General Unsecured Claims, each in an amount required in accordance with this Article VI of the Plan and solely to the extent Allowed as of the Effective Date.

6.3 ***Date of Distributions***.

In the event that any payment or act under the Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on the next succeeding Business Day, but shall be deemed to have been completed as of the required date.

6.4 ***Disbursing Agent***.

The Disbursing Agent shall be deemed to hold all property to be distributed under this Plan in trust for the Persons entitled to receive the same. The Disbursing Agent shall not hold an economic or beneficial interest in the property to be distributed under this Plan. The Disbursing Agent shall not be required to give any bond or surety or other security for the performance of its duties.

6.5 ***Rights and Powers of Disbursing Agent***.

The Disbursing Agent shall be empowered to (a) effect all actions and execute all agreements, instruments and other documents necessary to perform its duties under the Plan, (b) make all Distributions contemplated by the Plan, (c) employ professionals to represent it with respect to its responsibilities and (d) exercise such other powers as may be vested in the Disbursing Agent by order of the Bankruptcy Court, pursuant to the Plan or as deemed by the Disbursing Agent to be necessary and proper to implement the provisions of the Plan.

The Disbursing Agent shall only be required to act and make Distributions in accordance with the terms of the Plan and the PAT Agreement, and shall have no (x) liability for actions taken in accordance with the Plan and the PAT Agreement or in reliance upon information provided to it in accordance with the Plan or (y) obligation or liability in respect of any Channeled Claims or for Distributions under the Plan to any party who does not hold an Allowed Claim administered by the Plan Administration Trust at the time of Distribution or who does not otherwise comply with the terms of the Plan; *provided*, *however*, that the foregoing shall not affect the liability that otherwise would result from any such act or omission to the extent such act or omission is determined by a Final Order to have constituted willful misconduct, gross negligence, intentional fraud or criminal conduct of any such Person.

6.6 ***Expenses of Disbursement Agent***.

Any reasonable fees and expenses incurred by the Disbursing Agent on or after the Effective Date shall be paid in Cash by the Plan Administration Trustee from the Wind-Up Reserve.

6.7 ***Delivery of Distributions***.

Subject to Bankruptcy Rule 9010, the Disbursing Agent shall make all Distributions to any Holder of an Allowed Claim at the address of such Holder (a) as set forth on the

Schedules filed with the Bankruptcy Court or (b) on the books and records of the Debtors or their agents, unless the Disbursing Agent has been notified in writing of a change of address, including, without limitation, by filing of a Proof of Claim by such Holder that contains an address for such Holder that is different than the address of such Holder as set forth in the Schedules or on such books and records of the Debtors.

6.8 ***Undeliverable and Unclaimed Distributions***.

In the event that any Distribution to any Holder of an Allowed Claim is returned as undeliverable, no Distribution to such Holder shall be made unless and until the Disbursing Agent has been notified of the then-current address of such Holder, at which time or as soon as reasonably practicable thereafter such Distribution shall be made to such Holder without interest; *provided*, *however*, that all Distributions made by the Disbursing Agent that are unclaimed for a period of six (6) months after the Distribution thereof shall be deemed unclaimed property under section 347(b) of the Bankruptcy Code and shall revest in the Plan Administration Trust, and any entitlement of any Holder of any Claims to such Distributions shall be extinguished and forever barred.

6.9 ***Distribution Record Date***.

As of the close of business on the Distribution Record Date, the Claims register shall be closed. The Disbursing Agent shall have no obligation to recognize any transfer of any such Claims occurring after the close of business on the Distribution Record Date and shall instead be entitled to recognize and deal, for all purposes under the Plan, with only those Holders of record as of the close of business on the Distribution Record Date.

6.10 ***Manner of Payment under Plan***.

At the option of the Disbursing Agent, any Cash payment to be made pursuant to the Plan may be made by a check or wire transfer or as otherwise required or provided in the PAT Agreement.

6.11 ***Minimum Cash Distributions***.

The Disbursing Agent shall not be required to make any Distributions of Cash in an amount less than $100, or such lower amount as determined by the Disbursing Agent in accordance with the PAT Agreement, to any Holder of an Allowed Claim; *provided*, *however*, that if any Distribution is not made pursuant to this Section 6.11, such Distribution shall be added to any subsequent Distribution to be made on behalf of such Holder's Allowed Claims. The Disbursing Agent shall not be required to make any final Distribution of Cash in an amount less than $25 to any Holder of an Allowed Claim. If the amount of any final Distribution to any Holder of Allowed Claims would be $25 or less, then such Distribution shall be made available for Distribution to all Holders of Allowed Claims in the same Class receiving final Distributions of at least $25.

6.12 ***Setoffs and Recoupment***.

Subject to Section 2.1 and Sections 10.5 through 10.13 of the Plan, the Disbursing Agent may, but shall not be required to, set off against or recoup from any Claim against the Debtors, and from any payments to be made pursuant to the Plan with respect to such Claim, any Claims of any nature whatsoever (to the extent permitted by applicable law) that the Debtors or the Plan Administration Trust, as applicable, may have against the Holder of such Claim, but neither the failure to do so nor the allowance of any Claim hereunder shall constitute a waiver or release by the Debtors or the Plan Administration Trust of any such Claim it may have against such Holder.

6.13 ***Claims Paid or Payable by Third Parties***.

The Plan Administration Trustee shall reduce in full a Claim against the Debtors, and such Claim shall be Disallowed without a Claims objection having to be filed and without any further notice to or action, order or approval of the Bankruptcy Court, to the extent that the Holder of such Claim receives payment in full on account of such Claim from any Person that is not a Debtor. Subject to the last sentence of this paragraph, to the extent a Holder of a Claim against the Debtors receives a Distribution on account of such Claim and receives payment from a Person that is not a Debtor on account of such Claim, such Holder shall, within fourteen (14) days of receipt thereof, repay or return the Distribution to the Plan Administration Trust to the extent the Holder's total recovery on account of such Claim from the third party and under the Plan exceeds the amount of such Claim as of the date of any such Distribution under the Plan. The failure of such Holder to timely repay or return such Distribution shall result in the Holder owing the Debtors annualized interest at the federal judgment rate on such amount owed for each Business Day after the fourteen (14)-day grace period specified above until the amount is repaid.

6.14 ***Distributions after Effective Date***.

Distributions made after the Effective Date to Holders of Non-Participating Channeled Claims and other Disputed Claims that are not Allowed Claims as of the Effective Date, but which later become Allowed Claims, shall be deemed to have been made on the Effective Date (except for U.S. federal income tax purposes).

6.15 ***No Postpetition Interest and Penalties on Claims***.

Unless otherwise provided for in the Plan or the Confirmation Order or required by the Bankruptcy Code, no Holder of a Claim shall be entitled to interest accruing on or after the Petition Date or to penalties on any Claim. Any such interest or penalty component of any such Claims, if Allowed, shall be paid only in accordance with section 726(b) of the Bankruptcy Code.

6.16 ***Allocation of Distributions between Principal and Interest***.

To the extent that any Allowed Claim is based upon any obligation or instrument that is treated for U.S. federal income tax purposes as indebtedness of any Debtor or any other Person and is entitled to accrued but unpaid interest thereon, it is intended, subject to applicable law, that such Distribution shall be allocated first to the principal amount of the Allowed Claim (as determined for U.S. federal income tax purposes) and then, to the extent the consideration exceeds the principal amount of the Allowed Claim, to accrued but unpaid interest.

6.17 ***No Constructive Receipt***.

No Holder of Claims shall be treated as receiving a Distribution for U.S. federal income tax purposes except to the extent such Holder is entitled to receive such Distribution directly under the Plan (or such Distribution is made in satisfaction of an obligation of such Holder). All parties (including, without limitation, Holders of Claims against or Interests in the Debtors, the Related Parties of such Holders, the Debtors, the Master Disbursement Trust, the MDT Trustees and the Creditor Trusts) shall report consistently with the foregoing for U.S. federal income tax purposes.

6.18 ***No Distribution in Excess of Amount of Allowed Claim***.

Notwithstanding anything to the contrary in this Plan, no Holder of an Allowed Claim shall receive, on account of such Allowed Claim, Distributions in excess of the Allowed amount of such Claim when combined with amounts received by such Holder from other sources.

6.19 ***Satisfaction of Claims***.

Unless otherwise provided herein, the Distributions and deliveries to be made on account of Allowed Claims under this Plan shall, in the aggregate, be in complete and final satisfaction, settlement and discharge of, and exchange for, such Allowed Claims. The Distributions and deliveries to be made on account of Claims under this Plan shall additionally be in consideration of the release and discharge of any and all Released Claims and Shareholder Released Claims related to or arising from such Claims.

6.20 ***Withholding and Reporting Requirements***.

(a) **Withholding Rights**. In connection with the Plan, and all instruments or Interests issued in connection therewith and in consideration thereof, any party issuing any instrument or Interest or making any Distribution described in the Plan shall comply with all applicable withholding and reporting requirements imposed by any U.S. federal, state or local or foreign taxing authority, and all Distributions pursuant to the Plan and all related agreements shall be subject to any such withholding or reporting requirements to the extent required under applicable law. In the case of a non-Cash Distribution that is subject to withholding, the distributing party may withhold a portion of such distributed property equal in value to the tax to the extent required to be withheld, and either (i) sell such withheld property to generate Cash necessary to pay over the withholding tax (or reimburse the distributing party for any advance payment of the withholding tax), or (ii) pay the withholding tax using its own funds and retain such withheld property. Any amounts withheld pursuant to this Section 6.20(a) and properly remitted to the applicable Governmental Unit shall be deemed to have been distributed to, and received by, the applicable recipient for all purposes of the Plan. In the event that any Person issues any instrument or Interest or makes any non-Cash Distribution pursuant to the Plan that is subject to withholding tax and such issuing or distributing party has not sold such withheld property to generate Cash to pay the withholding tax, or paid the withholding tax using its own funds and retained such withheld property as described above, such issuing or distributing party has the right, but not the obligation, to not make a Distribution until such Holder has made arrangements reasonably satisfactory to such issuing or disbursing party for payment of any such tax obligations, after which such issuing or disbursing party shall return to such Holder the portion of the property previously withheld.

(b) **Forms**. Any party entitled to receive any Cash or other property under the Plan shall, upon request, deliver to the Disbursing Agent, the Master Disbursement Trust, the applicable Creditor Trust, NewCo, the Foundation or such other Person designated by the Plan Administration Trustee (which Person shall subsequently deliver to the Disbursing Agent any applicable IRS Form W-8 or Form W-9 or other forms or documents received), as applicable, a properly executed IRS Form W-9 or Form W-8, as applicable, and any other forms or documents reasonably requested by such party, to reduce or eliminate any withholding required by any U.S. federal, state, local or foreign taxing authority. Except as otherwise provided in the Creditor Trust Documents, as applicable, if any such request is made by such party in accordance with the foregoing, and the Holder fails to comply before the date that is three hundred sixty-five (365) calendar days after the request is made, the amount of such Distribution shall irrevocably revert to the Plan Administration Trust, the Master Disbursement Trust, the applicable Creditor Trust, NewCo or the Foundation, as applicable, and any Claim with respect to such Distribution shall be discharged and forever barred from assertion against such party or its property.

(c) **Tax Liability**. Notwithstanding Section 6.20(a), each Holder of a Claim or other Person that receives or is to receive a Distribution pursuant to this Plan shall have the sole and exclusive responsibility for the satisfaction and payment (to the extent not withheld from such Distribution pursuant to Section 6.20(a) of the Plan) of any tax obligations imposed on such Holder by any

Governmental Unit, including income, withholding and other tax obligations, on account of such Distribution.

6.21 ***Post-Confirmation Claims***.

Except as otherwise provided in the applicable Creditor Trust TDP, in the event a Person seeks payment at any time on account of a Channeled Claim as to which no Proof of Claim was filed before the Bar Date and/or for which no motion seeking leave or order granting leave to file a late Proof of Claim was filed or entered before the Confirmation Date, or as to which no Proof of Claim was required to be filed, such Person shall not be entitled to any payment or distribution on account of such Channeled Claim unless such Channeled Claim is held by a Settling Creditor. If such Channeled Claim is held by a Settling Creditor, such Person shall be entitled to seek to recover on such Channeled Claim solely from the Creditor Trust to which such Channeled Claim is or was channeled pursuant to the Master TDP, as determined by the Bankruptcy Court, and any such recovery shall be solely in accordance with and to the extent provided in the Creditor Trust TDP for such Creditor Trust. After the Effective Date, in addition to the Person seeking to assert such Channeled Claim and any Person against which such Channeled Claim is purportedly asserted, only the MDT Trustees, the Creditor Trustees and NewCo shall have standing to participate in any action before the Bankruptcy Court [(or, in the event that such actions are heard before another tribunal, before such tribunal)] in respect of the foregoing. For the avoidance of doubt, nothing in this paragraph is intended or shall be construed to enlarge, amend or modify the provisions of the Bar Date Order, nor is anything in this paragraph intended to derogate from, modify or amend the terms and conditions of any Creditor Trust TDP or the Master TDP or the rights of any MDT Trustee, Creditor Trustee or claims administrator for any Creditor Trust.

ARTICLE VII PROCEDURES FOR NON-PARTICIPATING CHANNELED CLAIMS AND OTHER DISPUTED CLAIMS.

7.1 ***Procedures for Non-Participating Channeled Claims and other Disputed Claims Generally***.

Except as otherwise provided in the Plan, the PAT Agreement, or the Creditor Trust Documents, all Claims against the Debtors that are Non-Participating Channeled Claims or otherwise Disputed as of the Effective Date shall be subject to the claims resolution procedures set forth in the Plan, including this Article VII. Any Distributions on account of Non-Participating Channeled Claims or other Disputed Claims shall be reserved pending the completion of the Claims resolution process in this Article VII.

7.2 ***Non-Participating Claims Reserves; PAT Disputed Claims Reserves***.

(a) **Establishment**. On the Effective Date, or as soon as reasonably practicable thereafter, the Plan Administration Trustee and each applicable Creditor Trustee shall, consistent with and subject to section 1123(a)(4) of the Bankruptcy Code, with respect to each applicable Class of Claims against the Debtors, establish the PAT Disputed Claims Reserves or the applicable Non-Participating Claims Reserve for such Class.

(b) **Funding of PAT Disputed Claims Reserves**. The PAT Disputed Claims Reserves shall be (i) funded on the Effective Date with Effective Date Cash in an amount determined by the Debtors and reasonably acceptable to the Creditors' Committee, the Governmental Consent Parties and, solely with respect to amounts funded on account of Disputed Other General Unsecured Claims, the Sackler Parties' Representative. Following establishment of the PAT Disputed Claims Reserves, the Plan Administration Trustee shall administer the applicable PAT Disputed Claims Reserve, in each case taking into account any changes in the projected distributions to Holders of the applicable Disputed Claims.

(c) **Funding of Creditor Trust Non-Participating Claims Reserves**. Each Creditor Trust Non-Participating Claims Reserve, except for the Class 4 Non-Participating Claims Reserve, will be funded on the Effective Date, and from time to time on or after the Effective Date, in an amount equal to the Estate Distributions to which the Holders of the Non-Participating Channeled Claims in such Class would be entitled should their Claims be Allowed Claims pursuant to the applicable Creditor Trust TDP, as determined by the applicable Creditor Trustee and reasonably acceptable to the Debtors, the Creditors' Committee, the Governmental Consent Parties, [the Sackler Parties' Representative], and (i) with respect to the Class 5 Non-Participating Claims Reserve, the Native American Tribe Group, (ii) with respect to the Class 6 Non-Participating Claims Reserve, the Public School District Claimants, (iii) with respect to the Class 7 Non-Participating Claims Reserve, the Ad Hoc Group of Hospitals, (iv) with respect to the Class 8 Non-Participating Claims Reserve, the Third-Party Payor Group, (v) with respect to the Class 9 Non-Participating Claims Reserve, the ERP Trustee, (vi) with respect to the Class 10(a) Non-Participating Claims Reserve, the Ad Hoc Group of Individual Victims, and (vii) with respect to the Class 10(b) Non-Participating Claims Reserve, the NAS Committee.

(d) **Funding of Class 4 Non-Participating Claims Reserve**. The Class 4 Non-Participating Claims Reserve shall be funded by the Governmental Remediation Trust with the Non-Settling States Holdback Distributions and the Non-Settling Subdivisions Holdback Distributions as Distributions are made by the Master Disbursement Trust to the Governmental Remediation Trust, in each case, in accordance with the following requirements;

(i) In the event that a State is a Non-Settling State on the Effective Date, then such State and each Subdivision of such State that has filed a Proof of Claim will be deemed to hold a Non-Participating Channeled Claim, and a Non-Settling States Holdback Distribution on account of such State and each such Subdivision, shall be deposited in the Class 4 Non-Participating Claims Reserve. The Non-Settling States Holdback Distribution for the benefit of such Non-Settling State shall be equal to such State's share of Estate Distributions based on the interstate allocation as further described in [●]. Any Non-Settling State's share shall be subdivided generally in accordance with the default state-subdivision allocation set forth in the Governmental Entity Shareholder Direct Settlement Agreement as if there was no applicable state-subdivision agreement. The portion of a Non-Settling State's share allocated to its Subdivisions who filed Proofs of Claim shall be further subdivided based on the applicable subdivision metrics developed by the MDL Plaintiffs' Executive Committee.

(ii) Subject to Section 7.2(d)(iii), in the event that a State is a Settling State, but one or more of its Subdivisions that filed Proofs of Claim are not Participating Subdivisions, then the amount of the total Estate Distributions allocated to such State shall be reduced by an amount equal to the share that a Non-Settling Subdivision would have received under (A) the intrastate allocation agreement that exists between that Settling State and its Subdivisions (if an intrastate allocation agreement exists), (B) the intrastate allocation statute (if an intrastate allocation statute exists), or (C) the default state-subdivision allocation set forth in the Governmental Entity Shareholder Direct Settlement Agreement (if no intrastate

allocation agreement or statute exists), with the Non-Settling Subdivision's share calculated based on the applicable subdivision metrics developed by the MDL Plaintiffs' Executive Committee, with the amount of such reduction deposited, in each case, in the Class 4 Non-Participating Claims Reserve. Non-Settling Subdivisions that have filed Proofs of Claim and whose Claims are or may be Allowed may be entitled to different allocations of Estate Distributions upon such Subdivision becoming a Participating Subdivision.

(iii) In the event a Non-Settling Subdivision is located in a Settling State that has a statutory bar against such Non-Settling Subdivision pursuing a Released Claim, such Creditor Trust shall not be required to reserve any amount on account of the Non-Participating Non-Federal Domestic Governmental Claim held by such Non-Settling Subdivision.

(iv) The Class 4 Non-Participating Claims Reserve shall be funded over time from each Distribution (other than any Shareholder Direct Settlement Portion) on account of such Class 4 Non-Participating Channeled Claims.

(e) **U.S. Federal Income Tax Matters Relating to the Non-Participating Claims Reserve and PAT Disputed Claims Reserves**. Each Claims Reserve is intended to be treated and shall be reported as an account of the corresponding Creditor Trust or Plan Administration Trust, as applicable, and not as an entity separate from the corresponding Creditor Trust or Plan Administration Trust, as applicable, for U.S. federal income tax purposes, and shall be treated consistently for state and local tax purposes, to the extent applicable. All parties (including the Shareholder Payment Parties, the Debtors, the Foundation, the Plan Administration Trustee, each applicable Creditor Trustee, and Holders of Non-Participating Claims and other Disputed Claims) shall be required to report for tax purposes in a manner consistent with the foregoing. The Plan Administration Trustee and each applicable Creditor Trustee shall each be responsible for payment, out of the assets of the applicable Claims Reserve, of any taxes imposed on the applicable Claims Reserve or its assets.

7.3 ***Claim Objections***.

(a) [**Prior to Effective Date**. Prior to the Effective Date, objections to Claims against the Debtors may be interposed and prosecuted by the Debtors and any other party in interest, including, for the avoidance of doubt, any Shareholder Released Party.][30]

(b) **PAT Disputed Claims Reserves**. On or after the Effective Date, except as otherwise provided in the Plan or the PAT Agreement, objections to Avrio General Unsecured Claims, Adlon General Unsecured Claims, and Other General Unsecured Claims against the Debtors may be interposed and prosecuted only by the Plan Administration Trustee, provided that with respect to Disputed Other GUC Litigation Claims, such objections may be interposed and prosecuted by any other party in interest, including, for the avoidance of doubt, any Shareholder Released Party. Any objections to Avrio General Unsecured Claims, Adlon General Unsecured Claims, and [Other General Unsecured Claims][31]

[30] [**NTD**: Subject to discussions between the mediation parties and Shareholder Released Parties]

[31] [**NTD**: Subject to ongoing discussion]

shall be served on the applicable Holders of such Claims and filed with the Bankruptcy Court (A) on or before one hundred eighty (180) days following the later of (i) the Effective Date and (ii) the date that a Proof of Claim is filed or amended or a Claim is otherwise asserted or amended in writing by or on behalf of the Holder of such Claim or (B) on such later date as may be fixed by the Bankruptcy Court (including upon request by a party in interest, including, for the avoidance of doubt, any Shareholder Released Party).

(c) **Objections to Non-Participating Channeled Claims**. On or after the Effective Date, except as otherwise provided in the Plan or the applicable Creditor Trust Documents, objections to Non-Participating Channeled Claims may be interposed and prosecuted by the Master Disbursement Trust and any other party in interest, including, for the avoidance of doubt, the applicable Creditor Trustee or any Shareholder Released Party, and the Bankruptcy Court shall retain exclusive jurisdiction to the greatest extent permitted by applicable law to hear and determine such objections.

(d) **Proceedings on Objections to Creditor Trust Channeled Claims other than in Class 4**. In connection with any objection to a Non-Participating Channeled Claim other than a Non-Participating Channeled Claim in Class 4, any judgment entered (i) as to the validity of such Claim shall constitute a binding determination that such Claim is either Allowed or Disallowed; and (ii) as to the amount of such Claim shall not be binding for purposes of Distribution, which shall instead be determined in accordance with Section 7.7(b) of this Plan and the applicable Creditor Trust Documents. The Bankruptcy Court (or any other court of competent jurisdiction in connection with such an objection) may, at its discretion, decline to enter any judgment as to the amount of a Non-Participating Channeled Claim.

(e) **Proceedings on Objections to Creditor Trust Channeled Claims in Class 4**. In connection with any objection to a Non-Participating Channeled Claim in Class 4, any judgment entered (i) as to the validity of such Claim shall constitute a binding determination that such claim is either Allowed or Disallowed; and (ii) shall not determine the amount of such Claim for purposes of Distribution, which shall instead be determined in accordance with Section 7.7(c) of this Plan. The Bankruptcy Court (or any other court of competent jurisdiction in connection with such an objection) may, at its discretion, decline to enter any judgment as to the amount of a Non-Participating Channeled Claim.

(f) **Omnibus Objections to Non-Participating Channeled Claims**. On or after the Effective Date, notwithstanding anything to the contrary in Bankruptcy Rule 3007, any party in interest, including, for the avoidance of doubt, the Creditor Trustee for the applicable Creditor Trust or any Shareholder Released Party, may object to more than one Non-Participating Channeled Claim consistent with the *Omnibus Claims Objection Procedures Approved in the Bankruptcy Court's Corrected Order Approving (I) Omnibus Claims Objection Procedures, (II) Omnibus Claims Settlement Procedures and (III) Omnibus Claims Hearing Procedures* [ECF No. 2878] (the "**Omnibus Claims Objection Order**") as if (solely for purposes of such procedures) such party in interest were the Debtors. Any such omnibus objection shall be governed by the Omnibus Claims Hearing Procedures set forth in the Omnibus Claims Objection Order.

(g) **Joint Hearings on Common Issues of Law or Fact**. To the extent that multiple pending objections to Non-Participating Channeled Claims in the same Class (including when brought as an omnibus objection pursuant to Section 7.3(f) of this Plan) raise common issues of law or fact, including for the avoidance of doubt issues of fact as to the Debtors' or other parties' alleged conduct, the Bankruptcy Court may, to the extent practicable and consistent with applicable law, schedule joint hearings in respect of such common issues, including joint evidentiary hearings as to issues of fact. For the avoidance of doubt, this Section 7.3(g) shall apply notwithstanding differences in the law governing Non-Participating Channeled Claims to which this Section applies.

7.4 ***No Distribution Pending Allowance***.

Except as otherwise expressly provided in the Plan or the PAT Agreement, if any portion of [any Claim in any Class in this Plan, including] any Avrio General Unsecured Claims, Adlon General Unsecured Claims, or Other General Unsecured Claims is Disputed or Non-Participating, no payment or Distribution provided under the Plan shall be made on account of such Claim unless and until such Disputed Claim or Non-Participating Claim becomes an Allowed Claim.

7.5 ***Estimation of Claims***.

Subject in all respects to Section 7.12 of the Plan, the Debtors (before the Effective Date), and the Plan Administration Trustee (on or after the Effective Date), or any party in interest (including, for the avoidance of doubt, any Shareholder Released Party) may, at any time, request that the Bankruptcy Court estimate, pursuant to section 502(c) of the Bankruptcy Code, any Disputed Avrio General Unsecured Claims, Disputed Adlon General Unsecured Claims or Disputed Other General Unsecured Claims that the Bankruptcy Court has jurisdiction to estimate in accordance with the Bankruptcy Code or other applicable law, regardless of whether an objection was previously filed with the Bankruptcy Court with respect to such Claim, or whether the Bankruptcy Court has ruled on any such objection, and the Bankruptcy Court shall retain jurisdiction to estimate any such Claim at any time during litigation concerning any objection to any such Claim, including during the pendency of any appeal relating to any such objection. If the Bankruptcy Court estimates such a Disputed Claim, such estimated amount shall constitute either the Allowed amount of such Claim, the amount used to determine the PAT Disputed Claims Reserves or a maximum limitation on such Claim, as determined by the Bankruptcy Court. If such estimated amount constitutes a maximum limitation on such Claim, the Plan Administration Trustee or any party in interest (including, for the avoidance of doubt, any Shareholder Released Party) may elect to pursue any supplemental proceeding to object to any ultimate Distribution on account of such Claim.

7.6 ***Resolution of Claims***.

Subject in all respects to Section 7.12 of the Plan, and except as expressly provided in the Plan, the PAT Agreement, the applicable Creditor Trust Documents, or any order entered by the Bankruptcy Court before the Effective Date, including the Confirmation Order, the Master Disbursement Trustees, the Plan Administration Trustee and each applicable Creditor Trustee shall have and retain any and all rights and defenses held by the Debtors with respect to any Claim against the Debtors as of the Petition Date, and, subject in all respects to Section 7.12 of the Plan, shall have the authority to compromise, settle, otherwise resolve or withdraw any objections to such Claims and to compromise, settle or otherwise resolve any Non-Participating Channeled Claims and other Disputed Claims without approval of the Bankruptcy Court; *provided*, *however*, that no Non-Participating Channeled Claim or other Disputed Claim may be resolved as contemplated in this Section 7.6 without the consent of the corresponding Creditor Trustee or Plan Administration Trustee, as applicable. If the Master Disbursement Trust, the Plan Administration Trustee or the applicable Creditor Trustee, as applicable, and a Holder of a Non-Participating Channeled Claim or other Disputed Claim are unable to reach a settlement on the Non-Participating Channeled Claim or other Disputed Claim within [●] of the Effective Date, such Non-Participating Channeled Claim or other Disputed Claim shall be submitted to the Bankruptcy Court for resolution consistent with this Article VII of the Plan. [For the avoidance of doubt, nothing in this Section 7.6 shall (i) alter the processes for determining Distributions to the Holders of Allowed Channeled Claims set forth in this Plan, any order of the Bankruptcy Court, and the applicable Creditor Trust Documents or (ii) limit the rights and obligations of the Creditor Trustees in connection with such processes.]

7.7 ***Distribution After Allowance***.

(a) **PAT Disputed Claims Reserves**. In accordance with the PAT Agreement, on the first PAT Distribution Date following the date on which a Disputed Avrio General Unsecured Claim, Disputed Adlon General Unsecured Claim or Disputed Other General Unsecured Claim becomes an Allowed Claim, the Disbursing Agent shall remit to the respective PAT Distribution Account, for Distribution to the Holder of such Allowed Claim, the Cash or cash equivalents retained in the applicable PAT Disputed Claims Reserve in an amount equal to any amount that would have been distributed to the Holder of such Claim from the Effective Date through and including the PAT Distribution Date if such Claim had been Allowed as of the Effective Date, net of any costs and expenses, including taxes, of or related to the applicable PAT Disputed Claims Reserve. Each Holder of a Disputed Avrio General Unsecured Claim, Disputed Adlon General Unsecured Claim and Disputed Other General Unsecured Claim that ultimately becomes an Allowed Claim shall have recourse only to the undistributed Cash held in the applicable PAT Disputed Claims Reserve for satisfaction of such Holders' Allowed Claim and shall have no recourse against any Protected Party or any Assets previously distributed on account of any Allowed Claim. No distribution from a PAT Disputed Claims Reserve or otherwise shall be made on account of any Disputed Claim unless such Disputed Claim is Allowed by a Final Order.

(b) **Creditor Trust Non-Participating Claims Reserves**. With respect to the Creditor Trust Non-Participating Claims Reserves other than the Class 4 Non-Participating Claims Reserve, in accordance with the applicable Creditor Trust Documents, following the date on which a Non-Participating Channeled Claim becomes an Allowed Claim, each applicable Creditor Trust shall distribute to the Holder of such Allowed Claim the Cash or cash equivalents retained in the applicable Creditor Trust Non-Participating Claims Reserve in an amount equal to any Estate Distribution amount that would have been distributed to the Holder of such Claim from the Effective Date through and including the applicable distribution date if such Claim had been Allowed as of the Effective Date pursuant to the applicable Creditor Trust TDP, net of any costs and expenses, including taxes, of or related to the applicable Non-Participating Claims Reserve, and shall be entitled to receive its pro rata share of Estate Distributions as a Holder of an Allowed Claim in its applicable Class if and when such distribution is made, pursuant to the applicable Creditor Trust TDP. For the avoidance of doubt, nothing herein shall entitle the Holder of a Non-Participating Claim, regardless of Allowance, to any share of the Shareholder Direct Settlement Portion. Each Holder of a Non-Participating Channeled Claim that ultimately becomes an Allowed Claim shall have no recourse against any Protected Party or any Assets previously distributed on account of any Allowed Claim.

(c) **Class 4 Non-Participating Claims Reserve**. Upon the Allowance of a Non-Participating Channeled Claim in Class 4, (i) the Governmental Remediation Trust shall distribute from the Class 4 Non-Participating Claims Reserve to the holder of such Allowed Claim an amount equal to the Estate Distribution the Holder of such Claim would have received if such Claim was an Allowed Class 4 Claim on the Effective Date, less (A) any costs, expenses, and fees (including taxes) of or related to the Class 4 Non-Participating Claims Reserve and (B) any costs, expenses, and fees incurred by the Governmental Remediation Trust, the Master Disbursement Trust, the Debtors, or any Released Party (to the extent not already claimed or paid to or on behalf of any Released Party out of the Retained Payments or the Special Operating Reserve) arising out of, in relation to, or in connection with litigating or in any way resolving any objection to that Class 4 Claim, and (ii) the Holders of such Claim shall be entitled to receive further Estate Distributions pursuant to Article VI of the Plan.

7.8 ***Disallowance of Non-Participating Channeled Claims and Other Disputed Claims***.

(a) **PAT Disputed Claims Reserves**.

(i) Upon Disallowance of a Disputed Avrio General Unsecured Claim, Disputed Adlon General Unsecured Claim or Disputed Other General Unsecured Claim other than Disputed Other GUC Litigation Claims, in whole or in part, the Plan Administration Trustee shall (i) first, reallocate all amounts reserved for distribution on account of such Disallowed Claim or the Disallowed portion thereof (the "***Disallowed Claim Distribution***") to Holders of then Allowed and Disputed Claims in the applicable Class and (ii) second, distribute the Disallowed Claim Distribution that has been so reallocated to each Holder of an Allowed Claim in such Class and allocate to the PAT Disputed Claims Reserve for such Class, pro rata, in accordance with clause (i) of this sentence.

(ii) Upon Disallowance of a Disputed Other GUC Litigation Claim, any amounts held on account of such Disputed Other GUC Litigation Claim shall be released by the Plan Administration Trustee to the PAT Released Claims Reserve and any future distribution that would have been made to the Disputed Other General Unsecured Claims Reserve on account of such Disputed Other GUC Litigation Claim shall be funded directly to the PAT Released Claims Reserve.

(b) **Creditor Trust Non-Participating Claims Reserves**. Upon Disallowance of a Non-Participating Channeled Claim other than with respect to any Non-Participating Channeled Claims in Class 4, any amounts held in the applicable Creditor Trust Non-Participating Claims Reserve on account of such Non-Participating Channeled Claim shall be released by the applicable Creditor Trust to the corresponding Released Claims Reserve and any future Distribution that would have been funded to the applicable Creditor Trust Non-Participating Claims Reserve on account of such Non-Participating Channeled Claim shall be funded directly to the applicable Released Claims Reserve.

(c) **Class 4 Non-Participating Claims Reserve**. In the event a Non-Participating Channeled Claim in Class 4 is Disallowed, the amount reserved on account of such Claim in the Class 4 Non-Participating Claims Reserve shall be released to the corresponding Released Claims Reserve, and any future Distribution that would have been funded to the Class 4 Non-Participating Claims Reserve on account of such Non-Participating Non-Federal Domestic Governmental Channeled Claim shall be funded directly to the Released Claim Reserve established in the Governmental Remediation Trust.

(d) **Released Claims Reserves**. All amounts funded to the Released Claims Reserves in accordance with this Section 7.8 shall be administered in accordance with the terms of [section 5.05] of the Master Shareholder Settlement Agreement.

7.9 ***Allowance of Non-Participating Channeled Claims***.

(a) If no objection is affirmatively raised to the Allowance of a Non-Participating Channeled Claim (other than a Non-Participating Channeled Claim in Classes 10(a) or 10(b)) within [two (2) years] of the Effective Date, such claim shall be deemed Allowed and the holder thereof shall be entitled to the Estate Distribution allocated to such Channeled Claim under the applicable TDP. [If no objection is affirmatively raised to the Allowance of a Non-Participating Channeled Claim in Classes 10(a) or 10(b) within [one (1) year] of the Effective Date, such claim shall be deemed Allowed and the holder thereof shall be entitled to the Estate Distribution allocated to such Channeled Claim under the applicable TDP. Notwithstanding the foregoing, (i) any Allowance pursuant to this Section 7.9(a) of the

Plan shall not constitute a determination as to the merits of such Non-Participating Channeled Claim and shall not be used as a basis to assert the merits of such Non-Participating Channeled Claim in any forum, and (ii) any Non-Participating Channeled Claim that is Allowed (pursuant to this Section 7.9 or otherwise) shall still be subject to, and shall only receive a distribution pursuant to, the applicable TDP.][32]

(b) For the purposes of Allowance of any Non-Participating Channeled Claim that is not otherwise Disallowed in accordance with the Plan, such Channeled Claim shall be deemed an Allowed Claim (i) pursuant to a settlement or other resolution in accordance with Section 7.6 of the Plan, (ii) pursuant to Section 7.9(a) of the Plan, or (iii) upon entry of a Final Order finding that such Holder has a valid, compensable Channeled Claim, regardless of the allowed amount of such Channeled Claim (and, for the avoidance of doubt, such Holder shall not be required to litigate the allowed amount of its Allowed Claim). Other than as expressly contemplated by the applicable trust distribution procedures, any judgment entered as to the amount of a Non-Participating Channeled Claim shall not be binding for purposes of Distribution, which shall instead be determined in accordance with Sections 7.7(b) and (c) of this Plan. The Bankruptcy Court (or any other court of competent jurisdiction in connection with such an objection) may, at its discretion, decline to enter any judgment as to the amount of a Non-Participating Channeled Claim.

7.10 ***Claims Resolution Procedures Cumulative***.

All of the objection, estimation, settlement and resolution procedures set forth in this Plan with respect to Claims against the Debtors are intended to be cumulative and not exclusive of one another. Claims against the Debtors may be established and subsequently settled, compromised, withdrawn or resolved in accordance with this Plan by any mechanism approved by the Bankruptcy Court.

7.11 ***No Postpetition Interest or Penalties on Non-Participating Channeled Claims and other Disputed Claims***.

Unless otherwise specifically provided for in the Plan or the Confirmation Order or required by applicable bankruptcy law, no Holder of a Claim shall be entitled to interest accruing on or after the Petition Date or to any penalties on any Claim. Interest and penalties shall not accrue or be paid upon any Non-Participating Channeled Claim or other Disputed Claim with respect to the period from the Effective Date to the date a Distribution is made thereon, or on and after such Non-Participating Channeled Claim or other Disputed Claim becomes an Allowed Claim.

7.12 ***Shareholder Rights Regarding Settlement and Estimation of Claims***.

[In consideration of certain compromises made under the Shareholder Settlements, notwithstanding anything to the contrary contained in the Plan, the Confirmation Order, or the other Plan Documents, neither the Debtors, the reorganized Debtors, the Estates, the Plan Administration Trust, the Plan Administration Trustee, any of the Creditor Trusts, any of the Creditor Trustees, nor any representative or successor of any of the foregoing shall be permitted to settle or seek to estimate any Non-Participating Channeled Claim or other Disputed Claim absent the express written consent of the Sackler Parties' Representative, not to be unreasonably withheld, solely to the extent that such settlement or estimation of any such Non-Participating Channeled Claim or other Disputed Claim could be reasonably expected to adversely impact any Shareholder Released Party's defense against or resolution of any claims or Causes of Action asserted or potentially asserted against any Shareholder Released Party [for Covered Conduct] that would have been released pursuant to the Shareholder Direct Claims Release had the Persons asserting or potentially asserting such claims or Causes of Action been Settling Creditors (including because

[32] [**NTD**: Subject to ongoing review]

admissions of fact or showings of evidentiary support requisite to effectuation of such settlement or estimation could adversely impact the legal defenses of any Shareholder Released Party); *provided* that no such consent shall be required to the extent that (a) such settlement or estimation of such Non-Participating Channeled Claim or other Disputed Claim is sought in an amount not exceeding $[●], (b) such settlement or estimation of such Non-Participating Channeled Claim or other Disputed Claim would include no non-monetary conditions on the part of any Debtor, any reorganized Debtor, any Estate, the Plan Administration Trust, the Plan Administration Trustee, any Creditor Trust, any Creditor Trustee, or any representative or successor of any of the foregoing, and (c) the total aggregate amount of Non-Participating Channeled Claims or other Disputed Claims or formerly Non-Participating Channeled Claims or other Disputed Claims that have been settled or estimated do not exceed $[●]. Whether or not the Debtors, the reorganized Debtors, the Estates, the Plan Administration Trust, the Plan Administration Trustee, any of the Creditor Trusts, any of the Creditor Trustees, or any representative or successor of any of the foregoing settles or estimates (or seeks to settle or estimate) any Non-Participating Channeled Claim or other Disputed Claim, in no event shall any Shareholder Released Parties be considered the privies of any of the foregoing for purposes of preclusion principles or otherwise.][33]

ARTICLE VIII EXECUTORY CONTRACTS AND UNEXPIRED LEASES.

8.1 *Assumption and Rejection of Executory Contracts and Unexpired Leases*.

(a) As of and subject to the occurrence of the Effective Date, all executory contracts and unexpired leases to which any Debtor is a party, subject to the terms of Section 8.4, shall be deemed assumed by the applicable Debtor and, except with respect to any contract or lease held by a Transferred Debtor, assigned to NewCo or its designee, except for any executory contract or unexpired lease that (i) has previously been assumed or rejected pursuant to a Final Order of the Bankruptcy Court, (ii) is specifically identified on the Schedule of Rejected Contracts, (iii) is the subject of a separate assumption or rejection motion filed by the Debtors under section 365 of the Bankruptcy Code pending on the Confirmation Date, (iv) is the subject of a pending Contract Dispute or (v) is being otherwise treated pursuant to the Plan. The Debtors reserve the right to modify the treatment of any particular executory contract or unexpired lease pursuant to this Plan [with the reasonable consent to the Governmental Consent Parties]. Furthermore, notwithstanding anything to the contrary in the Plan, the Debtors may alter, amend, modify or supplement the Schedule of Rejected Contracts and assume, assume and assign or reject executory contracts and unexpired leases at any time prior to the Effective Date or, with respect to any executory contract or unexpired lease subject to a Contract Dispute that is resolved after the Effective Date, within thirty (30) days following entry of a Final Order of the Bankruptcy Court resolving such Contract Dispute.

(b) Subject to the occurrence of the Effective Date, the payment of any applicable Cure Amount and the resolution of any Contract Dispute, the entry of the Confirmation Order shall constitute approval of the rejections, assumptions and assumptions and assignments provided for in this Plan pursuant to sections 365(a) and 1123 of the Bankruptcy Code. Unless otherwise indicated herein or provided in a separate order of the Bankruptcy Court, rejections, assumptions and assumptions and assignments of executory contracts and unexpired leases pursuant to the Solicitation Procedures Order and this Plan are effective as of the Effective Date. Each executory contract and unexpired lease assumed pursuant to this Plan or by order of the Bankruptcy Court shall vest in and be fully enforceable by the applicable Debtor or NewCo, in each case in accordance with its terms, except as modified by the provisions

[33] [**NTD**: Subject to ongoing discussion]

of this Plan, any order of the Bankruptcy Court authorizing and providing for its assumption, or applicable law.

(c) Unless otherwise provided herein (including Section 8.4 of the Plan) or by separate order of the Bankruptcy Court, each executory contract or unexpired lease that is assumed or assumed and assigned shall include any and all modifications, amendments, supplements, restatements or other agreements made directly or indirectly by any agreement, instrument or other document that in any manner affects such executory contract or unexpired lease, without regard to whether such agreement, instrument or other document is listed in an Assumption Notice.

(d) Except as otherwise expressly set forth on an Assumption Notice, any contracts, engagement letters, retention agreements, and similar arrangements, in each case between the Debtors and any attorneys, accountants, financial advisors, investment bankers or similar professionals, representatives or advisors, shall not be treated under the Plan as executory contracts subject to assumption, assumption and assignment, or rejection. Counterparties to any such contracts, engagement letters, retention agreements and similar arrangements were required to file Proofs of Claim by the General Bar Date, and any Allowed Claims relating thereto shall be treated as Other General Unsecured Claims or Co-Defendant Claims, as applicable.

8.2 ***Determination of Contract Disputes and Deemed Consent***.

(a) The Debtors shall serve Assumption Notices in accordance with the Solicitation Procedures Order. If a counterparty to an executory contract or unexpired lease receives an Assumption Notice, but such executory contract or unexpired lease is not listed therein, the proposed Cure Amount for such executory contract or unexpired lease shall be deemed to be zero dollars ($0).

(b) Any counterparty to an executory contract or unexpired lease shall have the time prescribed in the Solicitation Procedures Order to object to (i) the Cure Amount identified on the Assumption Notice, (ii) adequate assurance of future performance by the applicable Debtor, NewCo or its assignee (within the meaning of section 365 of the Bankruptcy Code) and (iii) any other matter pertaining to assumption or assumption and assignment of such executory contract or unexpired lease on the terms set forth in the Plan and such Assumption Notice.

(c) To the extent a Contract Dispute is asserted in an objection filed in accordance with the procedures set forth in the Assumption Notice, such Contract Dispute shall be heard by the Bankruptcy Court at the Confirmation Hearing. Following resolution of a Contract Dispute by Final Order of the Bankruptcy Court, the applicable executory contract or unexpired lease shall be deemed assumed or assumed and assigned effective as of the Effective Date, subject to the Debtors' right to reject such executory contract or unexpired lease at any time prior to the Effective Date or, if any Contract Dispute is resolved after the Effective Date, within thirty (30) days following entry of such Final Order of the Bankruptcy Court resolving the applicable Contract Dispute.

(d) To the extent a Contract Dispute has not been resolved prior to the Effective Date, the Debtors shall establish the Disputed Cure Claims Reserve. Any amounts in the Disputed Cure Claims Reserve remaining after the resolution of all Disputed Cure Claims and the payment of all Cure Amounts with respect to Allowed Cure Claims for contracts and leases to be assumed or assumed and assigned shall be applied in accordance with Section 5.14(c) of the Plan.

(e) To the extent an objection is not timely filed and properly served on the Debtors with respect to a Contract Dispute, then the counterparty to the applicable contract or lease shall be deemed to have assented to (i) the Cure Amount proposed by the Debtors and (ii) the assumption or assumption and assignment of such contract or lease on the terms set forth in the Plan and the Assumption

Notice, notwithstanding any provision of the applicable contract or lease that (A) prohibits, restricts or conditions the transfer or assignment of such contract or lease or (B) terminates or permits the termination of such contract or lease as a result of any direct or indirect transfer or assignment of the rights of the Debtors under such contract or lease or a change in the ownership or control as contemplated by the Plan, and shall forever be barred and enjoined from asserting such objection against the Debtors or terminating or modifying such contract or lease on account of transactions contemplated by the Plan.

(f) With respect to payment of any Cure Amounts or resolution of Contract Disputes, none of the Debtors, the Plan Administration Trustee, NewCo or any Transferred Debtor shall have any obligation to recognize or deal with any party other than the non-Debtor party to the applicable executory contract or unexpired lease, even if such non-Debtor party has sold, assigned or otherwise transferred its Cure Claim.

8.3 ***Payments Related to Assumption of Contracts and Leases***.

(a) Subject to resolution of any Contract Dispute, any Cure Claim shall be satisfied, under section 365(b)(1) of the Bankruptcy Code, by the Plan Administration Trust from the Priority Claims Reserve or the Disputed Cure Claims Reserve, as applicable, or NewCo in the ordinary course of business upon assumption thereof.

(b) Assumption or assumption and assignment of any executory contract or unexpired lease pursuant to the Plan, or otherwise, shall result in the full release and satisfaction of any Claims or defaults, subject to satisfaction of the Cure Amount, whether monetary or nonmonetary, including defaults of provisions restricting the change in control or ownership interest composition or other bankruptcy-related defaults, arising under any assumed executory contract or unexpired lease at any time before the effective date of assumption or assumption and assignment. Any Proofs of Claim filed with respect to an executory contract or unexpired lease that has been assumed shall be deemed Disallowed and expunged, without further notice, or action, order or approval of the Bankruptcy Court or any other Person.

8.4 ***Co-Defendant Contracts***.

Except as otherwise provided in the Plan or agreed by any counterparty and the Debtors (with the consent (not to be unreasonably withheld, conditioned or delayed) of the Governmental Consent Parties, and after consultation with the Creditors' Committee), the assumption of any contract or lease under the Plan shall (a) release any Causes of Action on account of any and all terms or provisions of such contract or lease solely to the extent such terms or provisions create an obligation of any party thereto (or any assignee thereof), or give rise to a right in favor of any non-Debtor under any MDT Insurance Policy or any other insurance policy of any Protected Party, for the indemnification or reimbursement of any Person for costs, losses, damages, fees, expenses or any other amounts whatsoever relating to or arising from any actual or potential opioid-related litigation or dispute, whether accrued or unaccrued, asserted or unasserted, existing or hereinafter arising, based on or relating to, or in any manner arising from, in whole or in part, Opioid-Related Activities or other conduct occurring prior to the Effective Date; and (b) constitute a release by each party of each other counterparty (and any assignee thereof or successor thereto) and by each non-Debtor party of all Insurance Companies, in each case, from any and all Causes of Action and other rights of recovery arising under or relating to such indemnification and reimbursement rights to the extent relating to any conduct occurring prior to the Effective Date, and an agreement by each non-Debtor counterparty to release any and all Co-Defendant Claims held by such party and to channel, in accordance with the Channeling Injunction, all Channeled Claims arising under or relating to such contract, including any such Claims that might otherwise be elevated to administrative status through assumption of such contract or lease. On the Effective Date, (x) all Co-Defendant Claims arising under or related to any such assumed or assumed and assigned contract or lease shall be released and discharged with no consideration on account thereof, and all Proofs of Claim in respect thereof shall be deemed expunged,

without further notice, or action, order or approval of the Bankruptcy Court or any other Person and (y) all Channeled Claims arising under or related to any such assumed or assumed and assigned contract or lease shall be channeled in accordance with the Channeling Injunction. For the avoidance of doubt, unless otherwise agreed by the counterparty to any assumed or assumed and assigned contract or lease, the foregoing shall not release or otherwise modify any term or provision of such contract or lease to the extent of any indemnification or reimbursement rights (i) accruing after the Effective Date for conduct occurring after the Effective Date, (ii) for any amounts, if any, due to a Co-Defendant as a result of the New York Opioid Stewardship Act (2018 N.Y. Sess. Laws, ch. 57, pt. NN 7 (codified at N.Y. Pub. Health Law § 3323 and N.Y. State Fin. Law § 97-aaaaa)) or (iii) for any Co-Defendant Surviving Pre-Effective Date Claim. Notwithstanding the release, satisfaction, expungement and extinguishment of Co-Defendant Claims, a Co-Defendant retains its Co-Defendant Defensive Rights, which include the ability to recover from Persons that are not Protected Parties or from any insurance policies that are not Purdue Insurance Policies or other insurance policies of Protected Parties. The counterparty to such contract or lease and all other applicable Persons shall be bound by the terms set forth in this Section 8.4.

8.5 ***Rejection Claims***.

In the event that the rejection of an executory contract or unexpired lease by any of the Debtors herein results in damages to the other party or parties to such contract or lease, any Claim for such damages shall be forever barred and shall not be enforceable against the Debtors or their Estates, properties or interests in property, unless a Proof of Claim is filed with the Bankruptcy Court and served upon the Debtors no later than thirty (30) days after the entry of the order of the Bankruptcy Court (including the Confirmation Order) authorizing the rejection of such executory contract or unexpired lease. Any such Claim shall be classified in accordance with the classification of Claims set forth in Article III of the Plan, including that any such Claims that constitute Co-Defendant Claims shall be classified as such. The Confirmation Order shall constitute the Bankruptcy Court's authorization of the rejection of all the leases and contracts identified in the Schedule of Rejected Contracts.

8.6 ***Compensation and Benefit Plans***.

Except with respect to any Benefit Plans for which the Debtors have received approval of the Bankruptcy Court to reject or terminate on or before the Effective Date or that are subject to a pending motion to reject or terminate as of the Confirmation Hearing, all Benefit Plans shall be deemed to be, and shall be treated as, executory contracts under this Plan pursuant to sections 365 and 1123 of the Bankruptcy Code and shall be assumed by applicable Debtors and, unless held by a Transferred Debtor, assigned to NewCo (or one of its Subsidiaries).

8.7 ***Purdue Pension Plan***.

The Purdue Pension Plan has approximately 3,200 participants. PPLP is the contributing sponsor of the Purdue Pension Plan. The Debtors that are members of the contributing sponsor's controlled-group within the meaning of 29 U.S.C. §§ 1301(a)(13), (14) are jointly and severally liable with respect to the Purdue Pension Plan. Further, any non-debtor members of the contributing sponsor's controlled-group are also jointly and severally liable with respect to the Purdue Pension Plan.

[On or prior to the Effective Date, the Debtors shall have terminated the Purdue Pension Plan and any termination costs or other liabilities remaining thereunder as of the Effective Date shall be assumed and payable by [NewCo]].

Notwithstanding any provision in the Plan to the contrary, no provision contained in the Plan, the Confirmation Order, the Bankruptcy Code (including section 1141 thereof), or any other document filed in the Debtors' bankruptcy cases shall be construed as discharging, releasing, exculpating

or relieving any Person (other than the Liquidating Debtors) from any fiduciary duties or liabilities under Title I of ERISA with respect to the Purdue Pension Plan. PBGC and the Purdue Pension Plan shall not be enjoined or precluded from enforcing such fiduciary duties or liabilities under Title I of ERISA as a result of any of the provisions of the Plan, the Confirmation Order, the Bankruptcy Code or any other document filed in the Debtors' bankruptcy cases. The PBGC and the Debtors agree that all Proofs of Claim filed by the PBGC shall be deemed to be withdrawn, with prejudice, as of the Effective Date.

8.8 ***Insurance Policies***.

Notwithstanding anything to the contrary in the Plan, the Plan Documents, the Disclosure Statement or the Confirmation Order:

(a) nothing in the Plan, the Plan Documents, the Disclosure Statement or the Confirmation Order shall terminate or otherwise reduce the coverage under any D&O Insurance Policy with respect to conduct occurring on or prior to the Effective Date, and, after the Effective Date, all directors, officers, managers, authorized agents and employees of the Debtors who served in such capacity at any time prior to the Effective Date shall be entitled to the full benefits of any applicable D&O Insurance Policy for the full term of such policy, including but not limited to any extension of coverage after the end of such policy period if an extended reporting period has been purchased, in accordance with the terms thereof, subject to (i) any release or assignment of rights by certain Shareholder Released Parties pursuant to the Shareholder Settlements and (ii) with respect to D&O Insurance Policies that are MDT Insurance Policies, the provisions of paragraph (b) of this Section 8.8;

(b) after the Effective Date, in consideration of the Estate Releases and Shareholder Releases in favor of each Released Party and Shareholder Released Party that is an individual insured under any MDT Insurance Policy:

(i) each such Released Party or Shareholder Released Party (A) will fully cooperate with the Master Disbursement Trust in connection with the settlement of claims or rights under such MDT Insurance Policy, including but not limited to as set forth in this Section 8.8(b)(i), and (B) shall be deemed to consent to the release of any claims or rights held by such Released Party or Shareholder Released Party against and under such MDT Insurance Policy in the event that the Master Disbursement Trust has otherwise obtained settlement terms that it deems acceptable in its sole discretion with the same effect as if such Released Party or Shareholder Released Party had executed such settlement agreement, and without further consideration to such Released Party or Shareholder Released Party from the insurance settlement proceeds or otherwise in respect of such settlement;

(ii) no such Released Party or Shareholder Released Party (other than a Sackler Family Member) that was a director, officer, manager, authorized agent or employee of the Debtors who served in such capacity at any time prior to the Petition Date shall be entitled to submit a claim under any MDT Insurance Policy for anything other than reimbursement of attorneys' fees and related expenses incurred in connection with such individual's cooperation with, or in connection with the defense of such individual with respect to, any investigation, prosecution and/or litigation involving conduct

relating to the Debtors or the Debtors' business or property or any defense of the Releases or the Channeling Injunction; and

(iii) no such Shareholder Released Party (other than a current or former director, officer, manager, authorized agent or employee that is not a Sackler Family Member, each of whom is subject to the foregoing paragraph (ii) of this Section 8.8(b)) shall be entitled to submit a claim under any MDT Insurance Policy other than in accordance with the Shareholder Settlements;

(c) on and after the Effective Date, all Purdue Insurance Policies (other than the MDT Insurance Policies) shall be deemed to be, and shall be treated as, executory contracts under the Plan, and shall be assumed pursuant to sections 105 and 365 of the Bankruptcy Code by the applicable Debtor, and such Purdue Insurance Policies shall vest, and/or the Purdue Insurance Rights (other than the MDT Insurance Rights) associated therewith shall vest, as applicable, in NewCo, the applicable Transferred Debtor or the Plan Administration Trust, as applicable, in accordance with the NewCo Transfer Agreement and the PAT Agreement and continue in full force and effect in accordance with their respective terms such that the applicable recipients of the Purdue Insurance Policies (other than the MDT Insurance Policies) and the Purdue Insurance Rights (other than the MDT Insurance Rights) shall become and remain liable in full for and shall satisfy, to the extent required under applicable law, any prospective premiums, deductibles, self-insured retentions and any other amounts or obligations arising in any way out of the receipt of payment from an Insurance Company in respect of the Purdue Insurance Policies (other than the MDT Insurance Policies); and

(d) solely with respect to Purdue Insurance Policies that are not MDT Insurance Policies, the automatic stay of section 362(a) of the Bankruptcy Code and the injunctions set forth in the Plan, if and to the extent applicable, shall be deemed lifted without further order of this Bankruptcy Court, solely to permit (i) claimants with valid workers' compensation claims or direct action claims against Insurance Companies under applicable non-bankruptcy law to proceed with their claims; and (ii) Insurance Companies to administer, handle, defend, settle and/or pay, in the ordinary course of business and without further order of this Bankruptcy Court, (A) workers' compensation claims, (B) claims where a claimant asserts a direct claim against an Insurance Company under applicable non-bankruptcy law, or an order has been entered by this Bankruptcy Court granting a claimant relief from the automatic stay or the injunctions set forth in the Plan to proceed with its claim, and (C) all costs in relation to each of the foregoing.

8.9 ***Reservation of Rights***.

(a) Neither the exclusion nor the inclusion by the Debtors of any contract or lease on any exhibit, schedule or other annex to this Plan or in the Plan Supplement, nor anything contained in this Plan, shall constitute an admission by the Debtors that any such contract or lease is or is not an executory contract or unexpired lease or that the Debtors have any liability thereunder.

(b) Except as explicitly provided in this Plan, nothing herein shall waive, excuse, limit, diminish or otherwise alter any of the Estate Causes of Action under any executory or non-executory contract or unexpired lease.

(c) Nothing in this Plan shall increase, augment or add to any of the duties, obligations, responsibilities or liabilities of the Debtors under any executory or non-executory contract or unexpired or expired lease, including the Purdue Insurance Policies.

(d) If there is a dispute regarding whether a contract or lease is or was executory or unexpired at the time of its assumption under this Plan, the Debtors shall have thirty (30) days following entry of a Final Order resolving such dispute to alter their treatment of such contract or lease.

ARTICLE IX CONDITIONS PRECEDENT TO THE OCCURRENCE OF THE EFFECTIVE DATE.

9.1 ***Conditions Precedent to Effective Date***.[34]

The Effective Date shall not occur unless all of the following conditions precedent have been satisfied:

The Debtors, the Plan Administration Trust, the Master Disbursement Trust, the Creditor Trusts, NewCo, the Foundation and any other newly-formed Persons that shall be continuing the Debtors' businesses after the Effective Date shall be bound, to the same extent the Debtors are bound, by the Shareholder Releases set forth in this Section 10.7(a).

Notwithstanding anything herein to the contrary, (x) nothing in the Plan shall release any Excluded Claim; (y) nothing in this Section 10.7(a) shall be construed to impair in any way the Effective Date or post-Effective Date rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements and the Separation Agreements; and (z) upon the filing of a Notice of Shareholder Release Snapback, (A) the Shareholder Releases set forth in this Section 10.7(a) shall be entirely null and void, revoked and invalidated, as of the Effective Date, with respect to all members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties, (B) the *status quo ante* shall be restored in all respects for the Debtors and the Master Disbursement Trust with respect to the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties, and (C) the Master Disbursement Trust shall be

deemed to have received and accepted all of the rights with respect to any member of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties, in each case, that the Debtors and their Estates had prior to the Effective Date and that the Master Disbursement Trust would have pursuant to the transfer of the MDT Shareholder Rights to the Master Disbursement Trust if the Shareholder Releases of this Section 10.7(a) had never been granted, which rights the Debtors and their Estates shall be deemed to have irrevocably transferred, granted and assigned to the Master Disbursement Trust; *provided* that, for the avoidance of doubt, notwithstanding the nullification, voiding, revocation and invalidation pursuant to the foregoing clause (A), the Shareholder Releases shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Shareholder Released Parties other than the Breaching Shareholder Family Group and the Designated Shareholder Released Parties.

(b) Releases by Releasing Parties.[38]

As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, and except as otherwise explicitly provided in the Plan or in the Confirmation Order, the Shareholder Released Parties shall be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released, subject to clause (y) of the last paragraph of this Section 10.7(b) of the Plan, by the Releasing Parties from any and all Causes of Action, including, without limitation, any Estate Cause of Action and any claims that any Releasing Party, or that any other Person or party claiming under or through any Releasing Party, would have presently or in the future been legally entitled to assert in its own right (whether individually or collectively) or on behalf of any Releasing Party or any other Person, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), whether existing or hereinafter arising, in each case, (A) directly or indirectly based on, arising out of, or in any way relating to or concerning, in whole or in part, (i) the Debtors, as such Entities existed prior to or after the Petition Date, and their Affiliates, (ii) the Estates, (iii) the Chapter 11 Cases, or (iv) Covered Conduct and (B) as to which any conduct, omission or liability of any Debtor or any Estate is the legal cause or is otherwise a legally relevant factor.

Without limiting the foregoing: (A) the foregoing releases include any Cause of Action of a Releasing Party that has been asserted against any Shareholder Released Party, or could have been asserted against any Shareholder Released Party prior to the Effective Date, by a such Releasing Party in any federal, state, or local action or proceeding (whether judicial, arbitral, or administrative) based on, arising out of, or relating to, in whole or in part, the Covered Conduct (whether or not such Releasing Party has brought such action or proceeding); and (B) the parties intend that these releases (including the term "Shareholder Released Claims") be interpreted broadly.

In addition, as of the Effective Date, notwithstanding anything to the contrary herein, each Shareholder Released Party shall be released by any Person (regardless of whether such Person otherwise is a Releasing Party) that is a Shareholder Released Party's current or former officer, director, principal, member, employee, financial advisor, attorney (including, without limitation, any attorney retained by any director, in his or her capacity as such), accountant, investment banker (including, without limitation, any investment banker retained by any director, in his or her capacity as such), consultant, expert or other professional, from any Cause of Action for

indemnification, contribution or any similar liability-sharing theory based on or relating to, or in any manner arising from, in whole or in part, the subject matter of the preceding paragraph.

For the avoidance of doubt and notwithstanding anything to the contrary in this Plan or the Confirmation Order, the releases set forth in this Section 10.7(b) shall not apply to (i) Holders of Claims who do not opt-in to the releases through their applicable ballots, (ii) Holders of Claims whose releases will be governed solely and exclusively by a Direct Claims Shareholder Settlement Agreement and (iii) Holders of Non-Federal Domestic Governmental Claims, whose releases shall be governed solely and exclusively by the Governmental Entity Shareholder Direct Settlement Agreement.[39] For the avoidance of doubt and notwithstanding anything to the contrary in this Plan, none of the releases, injunctions, or other terms contained in the Plan or the Confirmation Order shall expand, limit, alter, or otherwise affect any releases, waivers, or disclaimers of liability or other terms contained in any of the Direct Claims Shareholder Settlement Agreements.

[In addition to granting the foregoing release, any Releasing Party represented by counsel agrees (i) not to waive any conflict of interest that may arise for any such counsel by virtue of the clients of such counsel participating in any Shareholder Settlement and (ii) [●]][40]

Notwithstanding anything herein to the contrary, (x) nothing in this Section 10.7(b) shall (A) release any Excluded Claims or (B) be construed to impair in any way the rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements and (y) upon the filing of a Notice of Shareholder Release Snapback, (A) the Shareholder Releases set forth in this Section 10.7(b) shall be entirely null and void, revoked and invalidated, as of the Effective Date, with respect to all members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties and (B) the status quo ante shall be restored in all respects for the Releasing Parties with respect to the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties; provided that, for the avoidance of doubt, notwithstanding the nullification, voiding, revocation and invalidation pursuant to the foregoing clause (A), the Shareholder Releases shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Shareholder Released Parties other than the Breaching Shareholder Family Group and the Designated Shareholder Released Parties.

(c) Releases by Shareholder Released Parties.

As of the Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, and except as otherwise explicitly provided in the Plan or in the Confirmation Order, the Reciprocal Releasees shall be conclusively, absolutely, unconditionally, irrevocably, fully, finally, forever and permanently released, subject to clause (z) of the last paragraph of this Section 10.7(c), by the Shareholder Released Parties from any and all Causes of Action, including any derivative claims asserted or assertible by or on behalf of the Debtors or their Estates and including any claims

[39] **The Direct Claims Shareholder Settlement Agreements, including the Governmental Entity Shareholder Direct Settlement Agreement, remain subject to ongoing negotiations. The releases in the Direct Claims Shareholder Settlement Agreements, including the Governmental Entity Shareholder Direct Settlement Agreement, may differ from those provided for in this Section 10.7. The rights of all parties to the Direct Claims Shareholder Settlement Agreements, including the Governmental Entity Shareholder Direct Settlement Agreement, are fully reserved.**

that any Shareholder Released Party, or that any other Person or party claiming under or through any Shareholder Released Party, would have presently or in the future been legally entitled to assert in its own right (whether individually or collectively) or on behalf of any Shareholder Released Party or any other Person, notwithstanding section 1542 of the California Civil Code or any law of any jurisdiction that is similar, comparable or equivalent thereto (which shall conclusively be deemed waived), whether existing or hereinafter arising, in each case, based on or relating to, or in any manner arising from, in whole or in part, (i) the Debtors, as such Entities existed prior to or after the Petition Date (including the Debtors' Opioid-Related Activities, manufacture, marketing and sale of Products, interaction with regulators concerning Opioid-Related Activities or Products, and involvement in the subject matter of the Pending Opioid Actions, and the past, present or future use or misuse of any opioid by a Releasing Party), (ii) the Estates or (iii) the Chapter 11 Cases.

Notwithstanding anything herein to the contrary, (x) nothing in the Plan shall release any Excluded Claim; (y) nothing in this Section 10.7(c) shall be construed to impair in any way the Effective Date or post-Effective Date rights and obligations of any Person under the Plan, the Plan Documents, the Confirmation Order or the Restructuring Transactions, including the Shareholder Settlement Agreements, and the Separation Agreement, and including the rights of any Shareholder Released Party that is a current or former director, officer or employee of the Debtors but is not a Sackler Family Member relating to plan treatment of any Claims held by such party; and (z) upon the filing of a Notice of Shareholder Release Snapback and the commencement or continuation of any action or proceeding against a member of a Breaching Shareholder Family Group or a Designated Shareholder Released Party by any Reciprocal Releasee, (A) the releases set forth in this Section 10.7(c) of any Reciprocal Releasee that has commenced or continued any such action shall be entirely null and void, revoked and invalidated, as of the Effective Date, with respect to the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties and (B) the *status quo ante* shall be restored in all respects for the members of the Breaching Shareholder Family Group and the Designated Shareholder Released Parties with respect to any Reciprocal Releasee that has commenced or continued any such litigation; *provided* that, for the avoidance of doubt, notwithstanding the nullification, voiding, revocation and invalidation pursuant to the foregoing clause (A), the releases set forth in this Section 10.7(c) shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Reciprocal Releasees, and shall be binding on, and enforceable against, all other Shareholder Released Parties, including any members of the Breaching Shareholder Family Group with respect to any Reciprocal Releasee that has not commenced any such litigation.

10.8 *Channeling Injunction*.

In order to supplement the injunctive effect of the Plan Injunction, the Estate Releases and the Shareholder Releases set forth in Sections 10.5, 10.6 and 10.7 of the Plan, the Confirmation Order shall provide for the following permanent injunction to take effect as of the Effective Date:

(a) Terms. In order to preserve and promote the settlements contemplated by and provided for in the Plan and to supplement, where necessary, the injunctive effect of the Plan Injunction, the Estate Releases and the Shareholder Releases described in Sections 10.5, 10.6 and 10.7 of the Plan, and pursuant to the exercise of the equitable jurisdiction and power of the Bankruptcy Court under section 105(a) of the Bankruptcy Code, all Persons that have held or asserted, that hold or assert or that may in the future hold or assert any Channeled Claim shall be permanently and forever stayed, restrained and enjoined from taking any action for the purpose of directly or indirectly collecting, recovering or receiving payments, satisfaction, recovery or judgment of any form from or against any Protected Party with respect to any Channeled Claim, including:

(i) commencing, conducting or continuing, in any manner, whether directly or indirectly, any suit, action or other proceeding, in each case, of any kind, character or nature, in any forum in any jurisdiction with respect to any Channeled Claims, against or affecting any Protected Party, or any property or interests in property of any Protected Party with respect to any Channeled Claims;

(ii) enforcing, levying, attaching, collecting or otherwise recovering, by any means or in any manner, either directly or indirectly, any judgment, award, decree or other order against any Protected Party or against the property of any Protected Party with respect to any Channeled Claims;

(iii) creating, perfecting or enforcing, by any means or in any manner, whether directly or indirectly, any Lien of any kind against any Protected Party or the property of any Protected Party with respect to any Channeled Claims;

(iv) asserting or accomplishing any setoff, right of subrogation, indemnity, contribution or recoupment of any kind, whether directly or indirectly, in respect of any obligation due to any Protected Party or against the property of any Protected Party with respect to any Channeled Claims; and

(v) taking any act, by any means or in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan Documents, with respect to any Channeled Claims.

(b) Reservations. Notwithstanding anything to the contrary in this Section 10.8 or the Confirmation Order, this Channeling Injunction shall not stay, restrain, bar or enjoin:

(i) the rights of Holders of Channeled Claims to the treatment afforded them under the Plan and the Plan Documents, including the rights of Holders of Channeled Claims to assert such Channeled Claims solely in accordance with Section 6.21 of the Plan, the Master TDP and the Creditor Trust TDPs, in each case whether or not there are funds to make Distributions in respect of such Channeled Claims and whether or not such rights entitle such Holders to any Distributions;

(ii) the rights of Persons to assert any claim, debt, litigation or liability for payment of Creditor Trust Operating Expenses solely against the applicable Creditor Trust;

(iii) the rights of Persons to assert any claim, debt or litigation against any Excluded Party;

(iv) the rights of the Master Disbursement Trust to pursue and enforce the MDT Shareholder Rights, the MDT Insurance Rights and the MDT Causes of Action;

(v) the rights of the parties to the LRP Agreement to enforce the terms thereof in accordance with the Plan;

(vi) the Creditor Trusts from enforcing their respective rights against the Master Disbursement Trust under the Plan and the MDT Documents; or

(vii) the Master Disbursement Trust and the Plan Administration Trust from enforcing its rights against NewCo under the Plan.

(c) **Notice of Shareholder Release Snapback**. Upon the filing of a Notice of Shareholder Release Snapback, the Channeling Injunction shall terminate, be rescinded and have no application, without further order of the Bankruptcy Court, to any suit, action or other proceeding, in each case, of any kind, character or nature, brought against any member of the Breaching Shareholder Family Group and any Designated Shareholder Released Party; *provided*, *however*, that the extension of time provided by Section 10.9(a) of the Plan shall continue in effect in accordance with its terms; *provided further* that, for the avoidance of doubt, notwithstanding the termination and rescission pursuant to this Section 10.8(c), the Channeling Injunction shall continue in effect for, and shall be fully enforceable by and for the benefit of, all other Protected Parties, including all other Shareholder Released Parties, other than the Breaching Shareholder Family Group and the Designated Shareholder Released Parties; and *provided further* that, in the event of the filing of a Notice of Shareholder Release Snapback, any determination made in the claims resolution process in accordance with Section 7.6 of this Plan will not be binding against any party.

(d) **Modifications**. Except as expressly set forth in paragraph (c) of this Section 10.8, there can be no modification, dissolution or termination of the Channeling Injunction, which shall be a permanent injunction.

(e) **Non-Limitation of Channeling Injunction**. Except as expressly set forth in paragraphs (b) and (c) of this Section 10.8, nothing in the Plan, the MDT Documents or the Creditor Trust Documents shall be construed in any way to limit the scope, enforceability or effectiveness of the Channeling Injunction issued in connection with the Plan.

(f) **Bankruptcy Rule 3016 Compliance**. The Debtors' compliance with the requirements of Bankruptcy Rule 3016 shall not constitute an admission that the Plan provides for an injunction against conduct not otherwise enjoined under the Bankruptcy Code.

10.9 ***Tolling of Shareholder Released Claims; Violations of Shareholder Releases and Channeling Injunction***.

(a) **Tolling of Shareholder Released Claims**. If applicable law, an order in any proceeding or an agreement fixes a period for commencing or continuing an action or proceeding based on a Shareholder Released Claim and such Shareholder Released Claim is released pursuant to the Shareholder Releases or such action or proceeding is enjoined by the Channeling Injunction, then such period does not expire with respect to such Shareholder Released Claim with respect to the Master Disbursement Trust (or the MDT Trustees) or the Releasing Parties until the latest of (i) the end of such period; (ii) with respect to the applicable Shareholder Family Group and any Designated Shareholder Released Party, two hundred twenty-five (225) days after the filing of a Notice of Shareholder Release Snapback with respect to such Shareholder Family Group; (iii) with respect to the applicable Shareholder Family Group and any Designated Shareholder Released Party, when such Shareholder Family Group fulfills its payment obligations under the Shareholder Settlement Agreements; and (iv) with respect to the applicable Shareholder Released Party that is a Subsidiary (as defined in the Master Shareholder Settlement

Agreement) of a Shareholder Payment Party, two hundred twenty-five (225) days after the reinstatement of any Estate Cause of Action against such Shareholder Released Party pursuant to Section 10.19 of the Plan.

(b) **Violations of Shareholder Releases and Channeling Injunction**. In the event that any Person takes any action that a Shareholder Released Party believes violates the Shareholder Releases or Channeling Injunction as it applies to any Shareholder Released Party, such Shareholder Released Party shall be entitled to make an emergency application to the Bankruptcy Court for relief, and may proceed by contested matter rather than by adversary proceeding. The Bankruptcy Court shall have jurisdiction and authority to enter final orders in connection with any dispute over whether an action violates the Shareholder Releases or Channeling Injunction. Upon determining that a violation of the Shareholder Releases or Channeling Injunction has occurred, the Bankruptcy Court, in its discretion, may award any appropriate relief against such violating Person, including, but not limited to, (i) disgorgement from the violating Person of any funds, assets or other value received, directly or indirectly, pursuant to the Plan or Plan Documents (including fees and expenses paid pursuant to the Plan or Plan Documents on account of legal or other advisory services rendered to or for the benefit of the violating Person); (ii) the termination of any rights of the violating Person to receive any funds, assets or other value pursuant to the Plan or Plan Documents; (iii) the reduction of any payments owed by any Shareholder Released Parties under the Shareholder Settlement Agreements to the violating Person in an amount equal to the amount of disgorgement ordered from, or the reduction of future payments ordered to be made to, or on account of, the violating Person (subject to the right of the violating Person to request that any amounts actually disgorged from such violating Person offset any reduction of future payments ordered to be made to, or on account of, such violating Person); (iv) an admonition, reprimand or censure of, or citation of contempt by, the violating Person and its counsel; (v) a fine or penalty paid into the Bankruptcy Court; (vi) a bond or other security in an amount equal to any financial obligation ordered by the Bankruptcy Court in respect of the violation; (vii) an appropriate sanction on any attorney or law firm responsible for the violation; (viii) injunctive relief to prevent future violations by the Person or its counsel; and (ix) attorney and other professional fees incurred by any Shareholder Released Party arising from the violation. The provision of any one form of relief shall not preclude the provision of any other form of relief.

10.10 ***MDT Insurer Injunction***.

(a) **Terms**. In accordance with section 105(a) of the Bankruptcy Code, upon the occurrence of the Effective Date, all Persons that have held or asserted, that hold or assert or that may in the future hold or assert any Claim based on, arising under or attributable to an MDT Insurance Policy shall be, and hereby are, permanently stayed, restrained and enjoined from taking any action for the purpose of directly or indirectly collecting, recovering or receiving payment or recovery on account of any such Claim based on, arising under or attributable to an MDT Insurance Policy from or against any MDT Insurer, including:

(i) commencing, conducting or continuing, in any manner, any action or other proceeding of any kind (including an arbitration or other form of alternate dispute resolution) against any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy;

(ii) enforcing, attaching, levying, collecting or otherwise recovering, by any manner or means, any judgment, award, decree or other order against any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy;

(iii) creating, perfecting or enforcing in any manner any Lien of any kind against any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy;

(iv) asserting or accomplishing any setoff, right of subrogation, indemnity, contribution or recoupment of any kind, whether directly or indirectly, against any obligation due to any MDT Insurer, or against the property of any MDT Insurer, on account of any Claim based on, arising under or attributable to an MDT Insurance Policy; and

(v) taking any act, in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan applicable to any Claim based on, arising under or attributable to an MDT Insurance Policy.

(b) **Reservations**. The provisions of this MDT Insurer Injunction shall not preclude the Master Disbursement Trust from pursuing any Claim based on, arising under or attributable to an MDT Insurance Policy, or any other claim that may exist under any MDT Insurance Policy against any MDT Insurer, or enjoin the rights of the Master Disbursement Trust to prosecute any action based on or arising from the MDT Insurance Policies or the rights of the Master Disbursement Trust to assert any claim, debt, obligation, cause of action or liability for payment against an MDT Insurer based on or arising from the MDT Insurance Policies. The provisions of this MDT Insurer Injunction are not issued for the benefit of any MDT Insurer, and no such insurer is a third-party beneficiary of this MDT Insurer Injunction. This MDT Insurer Injunction shall not enjoin, impair or affect (i) any claims between or among MDT Insurers that are not Settling MDT Insurers; (ii) the rights of current and former directors, officers, employees and authorized agents of the Debtors that are not Sackler Family Members that are preserved under the Plan; or (iii) the terms of the Master Shareholder Settlement Agreement with respect to the MDT Shareholder Insurance Rights. For the avoidance of doubt, with respect to a Person that purports to be insured under any MDT Insurance Policy, the MDT Insurer Injunction shall enjoin only derivative claims and rights. Nothing in this Plan shall determine whether any Claim or right under any MDT Insurance Policy is either derivative or direct, or otherwise would be disallowed or subordinated under the Bankruptcy Code, which determination shall be made, as necessary, to the extent such Claim or right is not otherwise released under this Plan, in accordance with applicable law.

(c) **Modifications**. To the extent the MDT Trustees make a good faith determination that some or all of the MDT Insurance Proceeds are substantially unrecoverable by the Master Disbursement Trust, the Master Disbursement Trust shall have the sole and exclusive authority at any time, upon written notice to any affected MDT Insurer, to terminate, reduce or limit the scope of this MDT Insurer Injunction with respect to any MDT Insurer; *provided* that any termination, reduction, or limitation of the MDT Insurer Injunction (A) shall apply in the same manner to all beneficiaries of the Creditor Trusts that are MDT Beneficiaries and (B) shall comply with any procedures set forth in the MDT Agreement.

(d) **Non-Limitation of MDT Insurer Injunction**. Except as set forth in paragraphs (b) and (c) of this Section 10.10, nothing in the Plan, the MDT Documents or the Creditor Trust Documents shall be construed in any way to limit the scope, enforceability or effectiveness of the MDT Insurer Injunction issued in connection with the Plan.

10.11 ***Settling MDT Insurer Injunction***.

(a) Terms. In accordance with section 105(a) of the Bankruptcy Code, upon the occurrence of the Effective Date, all Persons that have held or asserted, that hold or assert or that may in the future hold or assert any Claim based on, arising under or attributable to an MDT Insurance Policy shall be, and hereby are, permanently stayed, restrained and enjoined from taking any action for the purpose of directly or indirectly collecting, recovering or receiving payment or recovery on account of any such Claim based on, arising under or attributable to an MDT Insurance Policy from or against any Settling MDT Insurer, solely to the extent that such Settling MDT Insurer has been released from such Claim under such MDT Insurance Policy pursuant to an MDT Insurance Settlement, including:

(i) commencing, conducting or continuing in any manner any action or other proceeding of any kind (including an arbitration or other form of alternate dispute resolution) against any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy;

(ii) enforcing, attaching, levying, collecting or otherwise recovering, by any manner or means, any judgment, award, decree or other order against any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy;

(iii) creating, perfecting or enforcing in any manner any Lien of any kind against any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy;

(iv) asserting or accomplishing any setoff, right of subrogation, indemnity, contribution or recoupment of any kind, whether directly or indirectly, against any obligation due to any such Settling MDT Insurer, or against the property of such Settling MDT Insurer, on account of such Claim based on, arising under or attributable to such MDT Insurance Policy; and

(v) taking any act, in any manner, in any place whatsoever, that does not conform to, or comply with, the provisions of the Plan applicable to such Claim based on, arising under or attributable to such MDT Insurance Policy.

(b) **Reduction of Insurance Judgments.** Any right, Claim or cause of action that an Insurance Company may have been entitled to assert against any Settling MDT Insurer but for the Settling MDT Insurer Injunction, if any such right, Claim or cause of action exists under applicable non-bankruptcy law, shall become a right, Claim or cause of action solely as a setoff claim against the Master Disbursement Trust and not against or in the name of the Settling MDT Insurer in question. Any such right, Claim or cause of action to which an Insurance Company may be entitled shall be solely in the form of a setoff against any recovery of the Master Disbursement Trust from that Insurance Company, and under no circumstances shall that Insurance Company receive an affirmative recovery of funds from the Master Disbursement Trust or any Settling MDT Insurer for such right, Claim or cause of action. In determining

the amount of any setoff, the Master Disbursement Trust may assert any legal or equitable rights the Settling MDT Insurer would have had with respect to any right, Claim or cause of action.

(c) **Modifications**. There can be no modification, dissolution or termination of the Settling MDT Insurer Injunction, which shall be a permanent injunction.

(d) **Non-Limitation of Settling MDT Insurer Injunction**. Except as set forth in paragraphs (b) and (c) of this Section 10.11, nothing in the Plan, the MDT Documents or the Creditor Trust Documents shall be construed in any way to limit the scope, enforceability or effectiveness of the Settling MDT Insurer Injunction issued in connection with the Plan.

10.12 ***Exculpation***.

To the maximum extent permitted by applicable law, no Exculpated Party shall have or incur, and each Exculpated Party is hereby released and exculpated from: any Cause of Action for any Claim in connection with, or arising out of, the administration of the Chapter 11 Cases; the negotiation and pursuit of the Disclosure Statement (including any information provided, or statements made, in the Disclosure Statement or omitted therefrom), the Restructuring Transactions, the Plan, the Master Disbursement Trust (including the Master TDP and the MDT Agreement), the Creditor Trusts (including the Creditor Trust TDPs and the other Creditor Trust Documents) and the solicitation of votes for, and confirmation of, the Plan; the funding of the Plan; the occurrence of the Effective Date; the administration of the Plan and the property to be distributed under the Plan; and the wind-up and dissolution of the Liquidating Debtors and the transactions in furtherance of any of the foregoing, in each case other than Causes of Action arising out of, or related to, any act or omission of an Exculpated Party that is a criminal act or constitutes fraud, gross negligence or willful misconduct. This exculpation shall be in addition to, and not in limitation of, all other Releases, indemnities, exculpations and any other applicable law or rules protecting such Exculpated Parties from liability. For the avoidance of doubt, this Section 10.12 shall not exculpate or release any Exculpated Party with respect to any act or omission of such Exculpated Party prior to the Effective Date that is later found to be a criminal act or to constitute fraud, gross negligence or willful misconduct, including findings after the Effective Date. Notwithstanding anything herein to the contrary, nothing in the Plan shall release any Causes of Action that may be asserted against any Excluded Party.

10.13 ***Injunction Related to Releases and Exculpation***.

To the maximum extent permitted under applicable law, the Confirmation Order shall permanently enjoin the commencement or prosecution by any Person, whether directly, derivatively or otherwise, of any Causes of Action released pursuant to this Plan, including, without limitation, the Causes of Action released or exculpated in this Plan and the Claims, Interests, Liens, other encumbrances or liabilities described in Section 5.3(b), 5.4(c) or 5.6(b) of the Plan (but, for the avoidance of doubt, excluding any Excluded Claims).

10.14 ***Subordinated Claims***.

The allowance, classification and treatment of all Claims and Interests and the respective Distributions and treatments in respect thereof under this Plan take into account and conform to the relative priority and rights of the Claims and Interests in each Class in connection with contractual, legal and equitable subordination rights relating thereto, whether arising under general principles of equitable subordination, sections 509(c), 510(a), 510(b) or 510(c) of the Bankruptcy Code or otherwise. Pursuant to sections 509(c) and 510 of the Bankruptcy Code or otherwise, the Debtors reserve the right to reclassify any Allowed Claim or Allowed Interest in accordance with any contractual, legal or equitable subordination relating thereto.

10.15 ***Preservation of Causes of Action and Reservation of Rights***.

As of the Effective Date, (a) the Master Disbursement Trust shall have the right to prosecute any and all MDT Causes of Action, (b) the Plan Administration Trust shall have the right to prosecute any and all Retained Causes of Action relating to and necessary for the administration of Claims against the Debtors (other than Channeled Claims) or the other responsibilities of the Plan Administration Trustee in accordance with the PAT Agreement, (c) each Creditor Trust shall have the right to prosecute any and all Retained Causes of Action relating to and necessary for the administration of the applicable Channeled Claims in accordance with the applicable Creditor Trust TDP and (d) NewCo shall have the right to prosecute any and all Retained Causes of Action constituting NewCo Transferred Assets. Pursuant to section 1123(b) of the Bankruptcy Code, except as expressly provided in Sections 10.5 through 10.13 of the Plan, nothing contained in this Plan or the Confirmation Order shall be deemed to be a waiver or relinquishment of any Causes of Action that the Debtors had immediately before the Effective Date on behalf of the Estates or of themselves in accordance with any provision of the Bankruptcy Code or any applicable nonbankruptcy law, including but not limited to any actions specifically enumerated in the Schedule of Retained Causes of Action. Subject to Sections 10.5 through 10.13 of the Plan, all such Causes of Action shall be transferred to the Master Disbursement Trust, the Plan Administration Trust, the applicable Creditor Trust or NewCo, as applicable, which shall have, retain, reserve and be entitled to assert all such Causes of Action in accordance with the Plan as fully as if the Chapter 11 Cases had not been commenced, and all of the Debtors' legal and equitable rights with respect to any Claim or Interest may be asserted after the Effective Date to the same extent as if the Chapter 11 Cases had not been commenced.

10.16 ***Ipso Facto and Similar Provisions Ineffective***.

Any term of any policy, contract or other obligation applicable to a Debtor shall be void and of no further force or effect with respect to any Debtor to the extent such policy, contract, or other obligation is conditioned on, creates an obligation of any Debtor as a result of, or gives rise to a right of any Person based on any of the following: (a) the insolvency or financial condition of a Debtor; (b) the commencement of the Chapter 11 Cases; (c) the confirmation or consummation of this Plan, including any change of control that shall occur as a result of such consummation; or (d) the Restructuring Transactions.

10.17 ***No Successor Liability***.

Except as otherwise expressly provided in this Plan and the Confirmation Order, each of NewCo, the Foundation, the Master Disbursement Trust, the Plan Administration Trust and the Creditor Trusts (a) is not, and shall not be deemed to assume, agree to perform, pay or otherwise have any responsibilities for any liabilities or obligations of the Debtors or any other Person relating to or arising out of the operations or the Assets of the Debtors on or prior to the Effective Date, (b) is not, and shall not be, a successor to the Debtors by reason of any theory of law or equity or responsible for the knowledge or conduct of any Debtor prior to the Effective Date and (c) shall not have any successor or transferee liability of any kind or character.

10.18 ***Co-Defendant Defensive Rights***.

Except as provided in the MDT Insurer Injunction, the Settling MDT Insurer Injunction or clause (ii) of the penultimate sentence of this Section 10.18, notwithstanding anything to the contrary in this Article X or in the Plan as it currently exists or as it might be further amended, the Confirmation Order or any order entered in connection with the Plan (or the Plan as amended) (or any such order, as amended, modified or supplemented), or any supplement to the Plan (or the Plan as amended), nothing contained in the Plan or any of the foregoing documents or orders (including, without limitation, the classification, treatment, allowance, disallowance, release, bar, injunction, Channeling Injunction or any other provision of the Plan or the Plan as amended with respect to, impacting, affecting, modifying,

limiting, subordinating, impairing, in any respect, a Co-Defendant Claim), will release, bar, enjoin, impair, alter, modify, amend, limit, prohibit, restrict, reduce, improve or enhance any Co-Defendant Defensive Rights of any Holder of a Co-Defendant Claim or Excluded Party as such rights exist or might in the future exist under applicable non-bankruptcy law. Nothing in the Plan, any of the Plan Documents or in the Confirmation Order shall preclude, operate to or have the effect of, impairing any Holder of a Co-Defendant Claim or Excluded Party from asserting in any proceeding any and all Co-Defendant Defensive Rights that it has or may have under applicable law. Nothing in the Plan, any of the Plan Documents or the Confirmation Order shall be deemed to waive any Co-Defendant Defensive Rights, and nothing in the Chapter 11 Cases, the Plan, any of the Plan Documents or the Confirmation Order may be used as evidence of any determination regarding any Co-Defendant Defensive Rights, and under no circumstances shall any Person be permitted to assert issue preclusion or claim preclusion, waiver, estoppel or consent in response to the assertion of any Co-Defendant Defensive Rights. This Section 10.18 shall be included in the Confirmation Order. Co-Defendant Defensive Rights (i) may be used to offset, set-off, recoup, allocate or apportion fault, liability, or damages, or seek judgment reduction or otherwise defend against any Cause of Action brought by any Person against the Holder of any Co-Defendant Claim or the Excluded Party based in whole or in part on Opioid-Related Activities and (ii) shall in no case be used to seek or obtain any affirmative monetary recovery from any Protected Party or any Asset of any Protected Party (including from any Purdue Insurance Policy or any other insurance policy of a Protected Party) on account of any Released Claim or Shareholder Released Claim. The foregoing does not constitute a release of any Co-Defendant's Class 14 Claim or any other Excluded Party's Class 11(c) Claim.

10.19 ***Reinstatement of Certain Shareholder Released Claims***.

As set forth in the Shareholder Settlement Agreements, if any Shareholder Released Party that is a Subsidiary (as defined in the [Master Shareholder Settlement Agreement]) of a Shareholder Payment Party voluntarily or involuntarily becomes subject to an insolvency, bankruptcy, reorganization, winding-up, administration, dissolution, composition or similar proceeding, upon election by notice from the Sackler Parties' Representative, with the consent of the Master Disbursement Trust, any Estate Causes of Action against such Shareholder Released Party that were previously held by the Debtors and that were released pursuant to Section 10.7(a) of the Plan shall be reinstated in full (and the Shareholder Release provided under Section 10.7(a) of the Plan shall be deemed null and void with respect thereto, and the Channeling Injunction shall terminate, be rescinded and have no application with respect thereto) and the Master Disbursement Trust, in its sole discretion and upon receipt of an advance for fees and expenses provided by the Shareholder Released Parties in an amount determined by the Master Disbursement Trust in its sole discretion (which advance shall be repaid to the extent not used), shall utilize commercially reasonable efforts to maximize the value of any such Estate Causes of Action in such insolvency or liquidation proceeding, and any recovery shall be treated in accordance with the terms as set forth in the Shareholder Settlement Agreements.

10.20 ***Special Provisions for United States***.

(a) As to the United States, notwithstanding anything contained in the Plan or Confirmation Order to the contrary [(except Section 5.2(i) of the Plan and in respect of the United States-PI Claimant Medical Expense Claim Settlement]), including but not limited to this Article X, nothing in the Plan or Confirmation Order [(except Section 5.2(i) of the Plan and in respect of the United States-PI Claimant Medical Expense Claim Settlement)] shall:

(i) limit or expand the scope of discharge, release or injunction permitted to debtors under the Bankruptcy Code. The discharge, release, and injunction provisions contained in the Plan and Confirmation Order are not intended and shall not be construed to

bar the United States from, subsequent to the Confirmation Order, pursuing any police or regulatory action, or any criminal action;

(ii) discharge, release, exculpate, impair or otherwise preclude: (A) any liability to the United States that is not a "claim" within the meaning of section 101(5) of the Bankruptcy Code; (B) any Claim of the United States arising on or after the Effective Date; (C) any liability of the Debtors under police or regulatory statutes or regulations to the United States as the owner, lessor, lessee or operator of property that such Entity owns, operates or leases after the Effective Date; or (D) any liability to the United States, including but not limited to any liabilities arising under the IRC, the environmental laws, the criminal laws, the civil laws or common law, of any Person, including any Released Parties, Shareholder Released Parties or any Exculpated Parties, in each case, other than the Debtors; *provided*, *however*, that the foregoing shall not (x) limit the scope of discharge granted to the Debtors under sections 524 and 1141 of the Bankruptcy Code, (y) diminish the scope of any exculpation to which any Person is entitled under section 1125(e) of the Bankruptcy Code or (z) change the treatment of the DOJ Forfeiture Judgment Claim pursuant to Section 2.3 of the Plan or the treatment of the Federal Government Unsecured Claims pursuant to Section 4.3 of the Plan;

(iii) enjoin or otherwise bar the United States from asserting or enforcing, outside the Bankruptcy Court, any liability described in the preceding clause (ii); *provided*, *however*, that the non-bankruptcy rights and defenses of all Persons with respect to (A) – (D) in clause (ii) are likewise fully preserved;

(iv) affect any valid right of setoff or recoupment of the United States against any of the Debtors; *provided*, *however*, that the rights and defenses of the Debtors with respect thereto are fully preserved (other than any rights or defenses based on language in the Plan or the Confirmation Order that may extinguish setoff or recoupment rights);

(v) divest any court, commission or tribunal of jurisdiction to determine whether any liabilities asserted by the United States are discharged or otherwise barred by this Confirmation Order, the Plan or the Bankruptcy Code; *provided*, *however*, that the Bankruptcy Court shall retain jurisdiction as set forth in and pursuant to the terms of the Plan to the extent permitted by law; or

(vi) be deemed to (A) determine the tax liability of any Person, including but not limited to the Debtors, (B) have determined the federal tax treatment of any item, distribution or Entity, including the federal tax consequences of the Plan or Confirmation Order, or (C) expressly expand or diminish the jurisdiction of the

Bankruptcy Court to make determinations as to federal tax liability and federal tax treatment under the Bankruptcy Code and 28 U.S.C. §§ 157, 1334.

For the avoidance of doubt, the Channeling Injunction set forth in Section 10.8 of the Plan does not apply to the rights and causes of action protected by this Section 10.20.

(b) Notwithstanding anything to the contrary herein, nothing in the Plan, the Confirmation Order, the Shareholder Settlement Agreements or any other document filed in connection with the Plan shall release claims held by the United States of America against the Shareholder Released Parties; *provided* that, for the avoidance of doubt, nothing in the Plan, Confirmation Order, the Shareholder Settlement Agreements or any other document filed in connection with the Plan shall limit the releases contained in the Settlement Agreement between the United States of America and Purdue Pharma L.P., executed on October 21, 2020, or the Settlement Agreement between the United States of America and Dr. Richard Sackler, David Sackler, Mortimer D.A. Sackler, Kathe Sackler, and the Estate of Jonathan Sackler, executed on October 21, 2020.

(c) Several of the Debtors are parties to the various following agreements with the Secretary of the Department of Health and Human Services under which the Debtors owe rebates to third parties:

(i) The Medicare Coverage Gap Discount Program Agreement is established under 42 U.S.C. §§ 1395w-l14A, 1395w-153 and is required should manufacturers wish to have coverage for their products under Medicare Part D. Under the Medicare Coverage Gap Discount Program Agreement, manufacturers agree to reimburse Medicare Part D plan sponsors for certain Coverage Gap discounts the plans provide to Medicare beneficiaries in the Part D coverage gap. The Centers for Medicare & Medicaid Services require that a new entity that seeks to assume a Medicare Coverage Gap Discount Program Agreement enter into a novation agreement with the Centers for Medicare & Medicaid Services with respect to the transfer of such agreement. The Debtors that have entered into Medicare Coverage Gap Discount Program Agreements with the Secretary are: Purdue Pharma L.P. (P1180) and Rhodes Pharmaceuticals L.P. (P1281);

(ii) The Medicaid Drug Rebate Program, established under section 1927 of the Social Security Act, requires manufacturers to enter into National Drug Rebate Agreements with the Secretary for the coverage and payment of a manufacturer's covered outpatient drugs. Under the Medicaid Drug Rebate Program, if a manufacturer has entered into and has in effect a National Drug Rebate Agreement, Medicaid covers and pays for all of the drugs of that manufacturer dispensed and paid for under the state plan, and in return manufacturers pay applicable rebates to the states. The Debtors that have National Drug Rebate Agreements and the labeler codes associated with the National Drug Rebate Agreements are as follows: Rhodes Pharmaceuticals L.P. (42858), Purdue Pharma L.P. (59011), and Adlon Therapeutics L.P. (72912);

(iii) Manufacturers with National Drug Rebate Agreements must also comply with the Drug Pricing Program under section 340B of the Public Health Service Act, 42 U.S.C. § 256b, and have Pharmaceutical Pricing Agreements with the Secretary of the Department of Health and Human Services. Under the Pharmaceutical Pricing Agreements, manufacturers agree to charge a price for covered outpatient drugs that will not exceed the average manufacturer price decreased by a rebate percentage. The Debtors that have Pharmaceutical Pricing Agreements and the labeler codes associated with such agreements are as follows: Rhodes Pharmaceuticals L.P. (42858), Purdue Pharma L.P. (59011), and Adlon Therapeutics L.P. (72912); and

(iv) The Medicare Coverage Gap Discount Program Agreements, the Medicaid National Drug Rebate Agreements and the Pharmaceutical Pricing Agreements identified above provide that, in the event of a transfer of ownership, such agreements are automatically assigned to the new owner and all terms and conditions of such agreements remain in effect as to the new owner. Accordingly, notwithstanding anything contained in the Plan or the Confirmation Order which may be to the contrary, the Debtors shall assume such agreements pursuant to section 365 of the Bankruptcy Code, and upon the Effective Date, the Medicare Coverage Gap Discount Program Agreements, the Medicaid National Drug Rebate Agreements and the Pharmaceutical Pricing Agreements identified above shall be assigned to NewCo. NewCo, as the new owner, will assume the obligations of the Debtors who are parties under such agreements from and after the Effective Date, and to fully perform all the duties and responsibilities that exist under such agreements in accordance with their terms, including the payment of discounts owed to Part D Plan sponsors or payment of rebates owed to states and wholesalers for quarters prior to the Effective Date. For the avoidance of doubt, NewCo shall be liable for any outstanding rebates or discounts owed to third parties (and any applicable interest thereon) arising prior to the Effective Date, as well as any penalties associated with noncompliance by the Debtors with the Medicare Coverage Gap Discount Program Agreements, the Medicaid National Drug Rebate Agreements and the Pharmaceutical Pricing Agreements identified above prior to the Effective Date.

(d) Notwithstanding anything to the contrary herein, nothing in the Plan, the Confirmation Order, the Shareholder Settlement Agreements or any other document filed in connection with the Plan shall bind the United States in any application of statutory, or associated regulatory, authority grounded in Title 19 of the Social Security Act, 42 U.S.C. § 1396-1 et seq. (the "***Medicaid Program***") or in section 1115 of Title 11 of the Social Security Act. The United States is neither enjoined nor in any way prejudiced in seeking recovery of any funds owed to the United States under the Medicaid Program.

ARTICLE XI RETENTION OF JURISDICTION.

11.1 ***Retention of Jurisdiction***.

(a) The Bankruptcy Court shall retain exclusive jurisdiction of all matters arising under, arising out of or related to the Chapter 11 Cases and the Plan pursuant to, and for the purposes of, sections 105(a) and 1142 of the Bankruptcy Code and for, among other things, the following purposes:

(i) to hear and determine applications for the assumption or rejection of executory contracts and unexpired leases and any Disputed Cure Claims or Disputed Claims in respect of rejection damages resulting therefrom;

(ii) to hear and determine any motions, adversary proceedings, applications, contested matters and other litigated matters pending on, or commenced after, entry of the Confirmation Order;

(iii) to hear and resolve any disputes arising from or related to (A) any orders of the Bankruptcy Court still in effect granting relief under Bankruptcy Rule 2004 or (B) any protective orders entered by the Bankruptcy Court in connection with the foregoing (including the Protective Order);

(iv) to ensure that Distributions to Holders of Allowed Claims are accomplished as provided in this Plan and the Confirmation Order;

(v) to consider Claims or the allowance, classification, priority, compromise, estimation or payment of any Claim, including any Administrative Claim or, solely to the extent provided in the Master TDP and/or the applicable Creditor Trust TDP, any Channeled Claim;

(vi) to enter, implement or enforce such orders as may be appropriate in the event that the Confirmation Order is, for any reason, stayed, reversed, revoked, modified or vacated;

(vii) to issue and enforce injunctions, enter and implement other orders and take such other actions as may be necessary or appropriate to restrain interference by any Person with the consummation, implementation or enforcement of this Plan, the Confirmation Order or any other order of the Bankruptcy Court;

(viii) to hear and determine any application to modify this Plan in accordance with section 1127 of the Bankruptcy Code to remedy any defect or omission or reconcile any inconsistency in this Plan, the Disclosure Statement or any order of the Bankruptcy Court, including the Confirmation Order, in such a manner as may be necessary to carry out the purposes and effects thereof;

(ix) to hear and determine all Professional Fee Claims;

(x) to resolve disputes concerning any reserves with respect to Non-Participating Channeled Claims and other Disputed Claims or the administration thereof;

(xi) to hear and determine disputes arising in connection with the interpretation, implementation or enforcement of this Plan, the Confirmation Order, any transactions or payments in furtherance of the Plan or the Confirmation Order or any agreement, instrument or other document governing, or related to, any of the foregoing, including the Plan Documents;

(xii) to take any action and issue such orders, including any such action or orders as may be necessary after entry of the Confirmation Order or the occurrence of the Effective Date, as may be necessary to construe, enforce, implement, execute and consummate this Plan, including any release (including, but not limited to, the United States-PI Claimant Medical Expense Claim Releases), exculpation or injunction provisions set forth in this Plan, or to maintain the integrity of this Plan following the occurrence of the Effective Date;

(xiii) to hear and determine any other matters related to the Chapter 11 Cases and not inconsistent with the Bankruptcy Code or title 28 of the United States Code;

(xiv) to hear, determine and resolve disputes arising in connection with the interpretation, implementation or enforcement of the Plan or Confirmation Order;

(xv) to resolve any disputes concerning whether a Person had sufficient notice of the Chapter 11 Cases, the Disclosure Statement, any solicitation conducted in connection with the Chapter 11 Cases, any Bar Date established in the Chapter 11 Cases or any deadline for responding or objecting to a Cure Amount, in each case, for the purpose of determining whether a Claim or Interest is discharged hereunder or for any other purpose;

(xvi) to hear and determine disputes arising in connection with the interpretation, implementation or enforcement of the Shareholder Settlement Agreements, the Public Entity Settlements and the Private Entity Settlements;

(xvii) to hear and determine disputes arising in connection with the MDT Claims or operations of the Master Disbursement Trust or the actions of the MDT Trustees;

(xviii) to hear and determine disputes arising in connection with the interpretation, implementation or enforcement of the Creditor Trust Documents, and to hear and determine disputes concerning violations of the Confirmation Order or the use of funds from the Creditor Trusts in a manner inconsistent with the applicable Creditor Trust Documents; *provided* that, with respect to the

Governmental Remediation Trust and the Tribe Trust, such jurisdiction shall be concurrent and not exclusive to the extent set forth in the Governmental Remediation Trust Documents and the Tribe Trust Documents, respectively, as in effect on the Effective Date;

(xix) to hear and resolve any disputes arising from or related to (A) Liens, collateral, or other forms of credit protections that are granted or otherwise effected pursuant to the Shareholder Settlement Agreements, the Public Entity Settlements and the Private Entity Settlements, or (B) any other attempt by any Person to seek orders of attachment, Liens, or collateral involving any Assets, in full or in part, of the Shareholder Released Parties;

(xx) to determine such other matters, and for such other purposes, as may be provided in the Confirmation Order;

(xxi) to hear and determine all matters relating to the Plan Settlements, to the extent permitted under applicable law; and

(xxii) to enter a final decree closing each of the Chapter 11 Cases.

(b) The Bankruptcy Court shall retain concurrent, rather than exclusive, jurisdiction of all matters arising under, arising out of or related to the Chapter 11 Cases and the Plan to, among other things, hear and determine matters concerning state, local and federal taxes in accordance with sections 346, 505 and 1146 of the Bankruptcy Code (including the expedited determination of taxes under section 505(b) of the Bankruptcy Code), and to hear and resolve or recommend resolution of disputes related to the MDT Insurance Rights.

(c) Notwithstanding anything in this Article XI to the contrary, the resolution of Channeled Claims against the Debtors and the forum in which such resolution shall be determined shall be governed by, and in accordance with, Section 6.21 of the Plan, the Master TDP and the Creditor Trust TDPs, if applicable.

(d) By consenting to the treatment provided by this Plan or otherwise supporting the Plan, no State or Tribe shall be construed to have waived any claim of Sovereign Immunity that it may have in any other action or proceeding, including any action or proceeding occurring after the Effective Date.

(e) [Notwithstanding anything in this Article XI to the contrary, any disputes between or among parties to any Governmental Entity Shareholder Direct Settlement Agreement arising under, arising out of or related to such Governmental Entity Shareholder Direct Settlement Agreement shall be resolved consistent with the dispute resolution procedures set forth in such Governmental Entity Shareholder Direct Settlement Agreement, and the forum in which such resolution shall be determined shall be governed by, and in accordance with, such Governmental Entity Shareholder Direct Settlement Agreement, as applicable.][41]

[41] [**NTD**: Subject to ongoing discussion].

(f) Nothing in this Article XI shall be construed to alter the jurisdiction of a court in which an Opt-Out Class Action is pending or was adjudicated in respect of such Opt-Out Class Action.

(g) As of the earlier of the Effective Date or the expiration of the Preliminary Injunction, all Persons are permanently enjoined from commencing, conducting, or continuing, directly or indirectly, any litigation or prosecution of an Estate Cause of Action (including in any proceeding in a judicial, arbitral, administrative, or other forum). Any Person seeking to commence, conduct, or continue litigation or prosecution of a Cause of Action against a Shareholder Released Party or a Released Party may, but is not required to, seek a prior determination in the Bankruptcy Court that a Cause of Action is not an Estate Cause of Action. If any Person commences, conducts or continues litigation or prosecution of such Cause of Action without a prior determination by the Bankruptcy Court, the Person against which such Cause of Action was asserted, and the Master Disbursement Trust or NewCo, shall be entitled to make an emergency application to the Bankruptcy Court for a determination that such Cause of Action is an Estate Cause of Action and that the injunction in this Section 11.1(g) has been violated. In either event, the determination whether or not a Cause of Action is an Estate Cause of Action shall be based on an appropriate evidentiary record, and the only Persons with standing to be heard shall be: (i) the Person seeking to bring such Cause of Action; (ii) the Person or entity against which such Cause of Action would be or has been brought; or (iii) the Debtors, the Creditors' Committee, the PAT, each Governmental Consent Party, the Master Disbursement Trust or NewCo. Upon determining that a violation of the injunction has occurred, damages may be awarded in the amount of attorneys' fees and other litigation costs and expenses incurred by the Person against which the Estate Cause of Action was brought or who is otherwise seeking to enforce the injunction, including in connection with litigation or prosecution of the Estate Cause of Action and in connection with enforcing the injunction in this Section 11.1(g) subject to the discretion of the Bankruptcy Court. Without limiting the foregoing, the Bankruptcy Court, in its discretion, also may award any additional appropriate relief against a violating Person and may award any sanctions against any other Person engaging in otherwise sanctionable conduct in connection with the enforcement of the injunction in this Section 11.1(g).

ARTICLE XII MISCELLANEOUS PROVISIONS.

12.1 *Exemption from Certain Transfer Taxes*.

To the maximum extent permitted pursuant to section 1146(a) of the Bankruptcy Code, any transfers of property under the Plan pursuant to (a) the issuance, distribution, transfer or exchange of any debt, equity security or other interest in the Debtors, (b) the Restructuring Transactions, (c) the creation, modification, consolidation, termination, refinancing and/or recording of any mortgage, deed of trust or other security interest, or the securing of additional indebtedness by such or other means, or (d) the making, assignment, recording or surrender of any lease or sublease, or the making, delivery or recording of any deed or other instrument of transfer under, in furtherance of or in connection with the Plan, including any deeds, bills of sale or other assignments or instruments of transfer, or assignments executed in connection with any disposition of Assets contemplated by the Plan (including transfers of Assets to and by the Debtors, the Plan Administration Trust, NewCo, the Foundation, the Master Disbursement Trust and the Creditor Trusts) shall not be subject to any document recording tax, stamp tax, conveyance fee, intangibles tax, transfer tax (including real estate transfer tax), mortgage tax or mortgage recording tax, sales or use tax, Uniform Commercial Code filing or recording fee, regulatory filing or recording fee or other similar tax or governmental assessment, and the appropriate federal, state, provincial or local government officials or agents shall forego collection of any such tax or governmental assessment and accept for filing and recordation any of the foregoing instruments or other documents without the payment of any such tax or governmental assessment.

12.2 ***Dates of Actions to Implement Plan***.

In the event that any payment or act under this Plan is required to be made or performed on a date that is not a Business Day, then the making of such payment or the performance of such act may be completed on or as soon as reasonably practicable after the next succeeding Business Day but shall be deemed to have been completed as of the required date.

12.3 ***Amendments***.

(a) **Plan Modifications**. This Plan may be amended, modified or supplemented by the Debtors in the manner provided for by section 1127 of the Bankruptcy Code or as otherwise permitted by law, without additional disclosure pursuant to section 1125 of the Bankruptcy Code, except as otherwise ordered by the Bankruptcy Court; *provided* that (i) any such amendment, modification or supplement shall be reasonably acceptable to the Governmental Consent Parties; *provided further* that any such amendment, modification or supplement that expands the scope of the Releases or modifies any provision relating to the MDT Insurance Policies (including the scope thereof) or the transfer of the MDT Insurance Rights shall be acceptable to the Governmental Consent Parties, (ii) any such amendment, modification or supplement shall be reasonably acceptable to the Creditors' Committee to the extent that it (A) relates to the MDT Insurance Rights, (B) modifies Section 5.9 of the Plan as it relates to payment of the attorneys' fees and costs of Holders of Hospital Claims, Third-Party Payor Claims, or PI Claims, the Ad Hoc Group of Individual Victims, the Ratepayer Mediation Participants or the NAS Committee, (C) modifies the Creditors' Committee's consent rights under the Plan, (D) expands the scope of the Releases or (E) materially and adversely affects the treatment of Holders of Hospital Claims, Third-Party Payor Claims, PI Claims, ER Physician Claims or Other General Unsecured Claims (it being understood that (x) any reduction in the amount of any Initial Private Creditor Trust Distribution, the PI Trust Obligation or any Private Creditor Trust's MDT Claim, (y) any elimination of any consent rights in favor of such Holders or (z) any modification to Section 5.2, 5.6 or 5.7 of the Plan to the extent such modification relates to the Master Disbursement Trust or a Private Creditor Trust shall constitute such a material and adverse effect) and (iii) any such amendment, modification or supplement shall be reasonably acceptable to the Sackler Parties' Representative to the extent that it (A) modifies the Sackler Parties' Representative's consent rights under the Plan, (B) modifies the scope of the Releases or (C) materially and adversely affects the rights of the Shareholder Payment Parties. In addition, after the Confirmation Date, as long as such action does not materially and adversely affect the treatment of Holders of Allowed Claims pursuant to this Plan, the Debtors may remedy any defect or omission or reconcile any inconsistencies in this Plan or the Confirmation Order with respect to such matters as may be necessary to carry out the purposes or effects of this Plan, and any Holder of a Claim or Interest that has accepted this Plan shall be deemed to have accepted this Plan as amended, modified or supplemented.

(b) **Certain Technical Amendments**. Prior to the Effective Date, the Debtors may make appropriate technical adjustments and modifications to this Plan without further order or approval of the Bankruptcy Court; *provided*, *however*, that such technical adjustments and modifications do not adversely affect in a material way the treatment of Holders of Claims and Interests under this Plan.

12.4 ***Revocation or Withdrawal of Plan***.

The Debtors reserve the right to revoke or withdraw this Plan prior to the Effective Date as to any or all of the Debtors; *provided* that each Debtor shall be entitled to revoke this Plan only in full and not in part. If, with respect to a Debtor, this Plan has been revoked or withdrawn prior to the Effective Date, or if confirmation or the occurrence of the Effective Date as to such Debtor does not occur on the Effective Date, then, with respect to such Debtor: (a) this Plan and the Plan Documents shall be null and void in all respects; (b) any settlement or compromise embodied in this Plan (including the fixing or limiting to an amount any Claim or Interest or Class of Claims or Interests), assumption or rejection of

executory contracts and unexpired leases effected by this Plan and any document or agreement executed pursuant to this Plan (including the Plan Documents) shall be deemed null and void; and (c) nothing contained in this Plan shall (i) constitute a waiver or release of any Claim by or against, or any Interest in, such Debtor or any other Person, (ii) prejudice in any manner the rights of such Debtor or any other Person, or (iii) constitute an admission of any sort by any Debtor or any other Person; *provided* that any provisions under the Shareholder Settlement Agreements that are expressly contemplated to survive revocation or reversal of the Plan shall survive.

12.5 ***Payment of Statutory Fees***.

All fees payable under section 1930 of chapter 123 of title 28 of the United States Code shall be paid on or before the Effective Date by the Debtors. After the Effective Date, the Plan Administration Trust shall assume liability for and shall pay, or cause to be paid, any and all quarterly fees owed to the U.S. Trustee when due in accordance with applicable law, and shall continue to file, or cause to be filed, with the Bankruptcy Court quarterly reports to show the calculation of such fees for the Debtors' Estates. Each of the Debtors shall remain obligated to pay quarterly fees to the U.S. Trustee until such Debtor's Chapter 11 Case is closed, dismissed or converted to a case under chapter 7 of the Bankruptcy Code.

12.6 ***Severability***.

(a) Notwithstanding anything else contained in the Plan, (i) each of the provisions of the Shareholder Settlements, including, without limitation, the Shareholder Releases and the Channeling Injunction, is integrated with and integral to all other provisions of the Shareholder Settlement Agreements and the remainder of the Plan and the Plan Documents, and shall not be severable from the remainder of the Shareholder Settlement, the Plan or the Plan Documents; (ii) the Confirmation Order shall constitute a judicial determination that each term and provision of the Shareholder Settlements is (A) valid and enforceable pursuant to its terms, (B) integral to both the entirety of the Shareholder Settlement and the Plan and may not be excised or modified other than in accordance with each applicable Shareholder Settlement Agreement, and (C) nonseverable from and mutually dependent on each other term in the Shareholder Settlements and the Plan; and (iii) in the event that any one or more provisions of the Shareholder Settlement Agreements are deemed null, void, illegal or unenforceable, the Shareholder Settlements, the Plan, the Confirmation Order and the Plan Documents shall be null and void.

(b) If, prior to entry of the Confirmation Order, any term or provision of this Plan that is not related to the Shareholder Settlements is held by the Bankruptcy Court to be invalid, void or unenforceable, the Bankruptcy Court, at the request of the Debtors, shall have the power to alter and interpret such term or provision to make it valid or enforceable to the maximum extent practicable, consistent with the original purpose of the term or provision held to be invalid, void or unenforceable, and such term or provision shall then be applicable as altered or interpreted. Notwithstanding any such holding, alteration or interpretation by the Bankruptcy Court, the remainder of the terms and provisions of this Plan shall remain in full force and effect and shall in no way be affected, impaired or invalidated by such holding, alteration or interpretation. The Confirmation Order shall constitute a judicial determination and shall provide that each term and provision of this Plan, as it may have been altered or interpreted in accordance with this Section 12.6, is valid and enforceable pursuant to its terms.

12.7 ***Governing Law***.

Except to the extent that the Bankruptcy Code or other federal law is applicable, or to the extent that a Plan Document provides otherwise, the rights, duties and obligations arising under this Plan and the Plan Documents shall be governed by, and construed and enforced in accordance with,

the internal laws of the State of New York, without giving effect to the principles of conflicts of laws thereof (other than section 5-1401 and section 5-1402 of the New York General Obligations Law).

12.8 ***Immediate Binding Effect***.

Subject only to Bankruptcy Rules 3020(e), 6004(h) and 7062, as applicable, upon the occurrence of the Effective Date, the terms of this Plan and the Plan Documents shall be immediately effective and enforceable and deemed binding upon and inure to the benefit of the Debtors, the other Protected Parties, all Holders of Claims against or Interests in the Debtors, all Holders of Channeled Claims, all Releasing Parties and each of their respective successors and assigns.

12.9 ***Successors and Assigns***.

The rights, benefits and obligations of any Person named or referred to in this Plan shall be binding on, and shall inure to the benefit of, any heir, executor, administrator, successor or permitted assign, if any, of each such Person.

12.10 ***Entire Agreement***.

On the Effective Date, this Plan, the Plan Supplement and the Confirmation Order shall supersede all previous and contemporaneous negotiations, promises, covenants, agreements, understandings and representations concerning such documents, all of which have become merged and integrated into this Plan.

12.11 ***Computing Time***.

In computing any period of time prescribed or permitted by this Plan, unless otherwise set forth in this Plan or determined by the Bankruptcy Court, the provisions of Bankruptcy Rule 9006 shall apply.

12.12 ***Exhibits to Plan***.

All exhibits, schedules, supplements and appendices to this Plan (including the Plan Supplement) are incorporated into and are part of this Plan as if set forth in full herein.

12.13 ***Notices***.

All notices, requests and demands to or upon the Debtors shall be in writing (including by facsimile transmission) and, unless otherwise provided herein, shall be deemed to have been duly given or made only when actually delivered or, in the case of notice by facsimile transmission, when received and telephonically confirmed, addressed as follows:

TITLE

Petroleum Restoration Program Site Access Agreement With State Department of Environmental Protection for County Owned Property Located at 1555 East Jefferson Street

BRIEF OVERVIEW

Hernando County recently acquired the property located at 1555 East Jefferson Street, which is currently under contract with the Florida Department of Environmental Protection (FDEP) for petroleum contamination cleanup. The site is registered with FDEP under Blue Wave Investments, Inc., Facility ID #279818458. The reported discharge date is March 17, 2021, and the site has been assigned an Abandoned Tank Restoration Program (ATRP) priority score of 29, making it eligible for state funding assistance through the Petroleum Restoration Program (PRP) under the ATRP.

Under the ATRP, the State of Florida assumes full responsibility for managing and funding the assessment and remediation activities. The average cost for assessment and remediation per discharge typically exceeds $300,000.

To proceed with cleanup, the attached Site Access Agreement must be executed. This agreement authorizes FDEP and its contractors to access the property for environmental assessment and remediation. The County is required to sign and return the agreement and provide physical access to the site within 30 days to maintain eligibility for funding under the Petroleum Restoration Program. Failure to do so may result in the loss of State-funded assistance for the site.

FINANCIAL IMPACT

There is no financial impact on Hernando County, nor is there any financial transaction between Hernando County and the Florida Department of Environmental Protection (FDEP) associated with this agreement.

LEGAL NOTE

The Board has the authority to act on this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION

It is recommended the Board approve and authorize the Chairman's signature on the attached Petroleum Restoration Program Site Access Agreement and FDEP Site Access Agreement Exhibit B Additional Requirements letter for County owned property located at 1555 E. Jefferson Street, Brooksville, Florida, Parcel No. R26 422 19 0000 0170 0010.

DEP Facility ID# 279818458
Eligible Discharge Dates: 03/17/2021 (ATRP)
Priority Score: 29

Dear Property Owner:

You are receiving this letter because a discharge of petroleum product on your property was reported to the Florida Department of Environmental Protection (DEP) on March 17, 2021 and is eligible for state funding assistance. The information contained in this letter is provided to help you understand the discharge(s) eligibility program(s) and what actions may be required of you. This letter will consist of three sections; Section 1 asks you to provide the DEP with permission to enter your property (site access), so we may conduct any necessary assessment and/or remedial cleanup, if needed. Section 2 provides information about your property's discharge(s). Section 3 will provide information regarding the remediation process of the discharge(s) for your property and the options available to you. If the information contained within this letter is unclear, or you have questions regarding the process, you can contact Ms. Grace Rivera at the DEP via email at Grace.Rivera@floridadep.gov or by phone at 850-245-8882. Please have the DEP Facility ID# available when contacting her, which is in the subject block above.

Section 1: A Site Access Agreement (SAA, attached) is required before your property can be assessed or remediated using any of the state-funded cleanup programs. The SAA is between the property owner/responsible party (RP) and the DEP. Florida law requires the DEP to select contractors using a competitive procurement selection process. The DEP Petroleum Restoration Program (PRP) will consider any input you may want to provide regarding the assessment and remediation of the discharge(s) at your property.

You also have the option of establishing a separate access agreement between yourself and the DEP selected contractor. The DEP does not review nor give advice regarding these separate agreements. Additionally, the separate access agreement must be subservient to and cannot contradict the DEP SAA. Please review and answer all the appropriate boxes within the SAA and **provide contact information** when completing the agreement. An instruction page is also attached to assist you in completing the form properly.

Section 2: The below discharge on your property is eligible for funding under the following PRP program: 03/17/2021 (ATRP)

Abandoned Tank Restoration Program (ATRP) *where the State pays for the site assessment and remediation. For additional information about this eligibility program please go to link listed below:* https://floridadep.gov/waste/petroleum-restoration/content/abandoned-tank-restoration-program-atrp

Section 3: If your property Priority Score is 29 or lower, your site is eligible to enter the voluntary low-score initiative outside of Priority Score funding: the **Low-Scored Site Initiative (LSSI)**. This initiative was designed specifically for low-scored sites where assessment or remediation activities may not have occurred for a long period of time. The DEP has found that approximately 30% of the low-score sites require minimal or no remediation. The LSSI is for qualifying sites that have a score of 29 or lower.

Under the voluntary **LSSI Initiative** the DEP provides up to $35,000 for assessment activities, and up to $35,000 for limited remediation, if warranted. Co-pay/cost-saving requirements associated with some Program eligible discharges are waived while under the LSSI Initiative. The LSSI Initiative requires owners to accept an LSSI No Further Action (LNFA) site closure (should it qualify), wherein minimal contamination remains onsite. If contamination has migrated out of your property boundaries or if specific soil impacts exist at the site, the site may not meet the LNFA requirements. If at any time while under the LSSI Initiative it is determined that an acceptable closure is not feasible, assessment and/or remedial activities will immediately stop until the site is within Priority Score funding range. Under the LSSI Initiative, the site owner can recommend a contractor to perform the work by submitting the LSSI application. The application can be found at: https://floridadep.gov/waste/petroleum-restoration/documents/low-scored-site-initiative-application-contractor-selection. An SAA must be submitted as part of the LSSI application.

If there are discharges associated with the property that are not funded by a state-funded eligibility program, the state-funded discharges may not qualify for LSSI. Site assessment information will have to be evaluated by the DEP to assess the relationship between a non-program discharge contamination and state-funded contamination before cleanup activities can proceed.

Please execute and return the attached Site Access Agreement (SAA) using the enclosed self-addressed stamped envelope within **30 days** of the date of this letter or email the completed agreement to Grace Rivera at Grace.Rivera@floridadep.gov. **In case the enclosed self-addressed stamped envelope has been displaced, please use the following address: Alan Sakole, DEP-DWM Administrative Services, NorthStar Contracting Group, Inc., 325 John Knox Rd., Building C, Suite 100, Tallahassee, Florida 32303.**

We must advise you that if you do not provide site access to your property within **30 days**, you may lose your property's eligibility from the State-funded Petroleum Restoration Program. If such eligibility is revoked due to your failure to allow the DEP to provide assessment and remediation services on your property, the total cost of cleanup of your property will become your responsibility. On average, assessment and remediation cost per discharge is about $300,000 or more. To avoid losing this opportunity, we urge you to provide access to your property by signing and returning the Agreement provided with this letter. If you have any questions or issues, please contact Ms. Grace Rivera at the DEP via email at Grace.Rivera@floridadep.gov or by phone at 850-245-8882.

Sincerely,

Alan Sakole

However, access for a Site Rehabilitation Contractor can be contingent upon the Owner timely entering into an additional separate site access agreement with only the Site Rehabilitation Contractor (if the Owner wants a separate agreement with the Site Rehabilitation Contractor, please check the appropriate box at the end of this document). Such agreement with a Site Rehabilitation Contractor is not binding upon the Department. There is no option for an additional site access agreement with any of the Department's other Contractors. This Agreement shall continue until the Department's entry of a site rehabilitation completion order pursuant to Rule 62-780.680, Florida Administrative Code (F.A.C.), or low-scored site initiative no further action order pursuant to Section 376.3071(12)(b), Florida Statutes (F.S., "Order"). At which time the Owner shall be provided a copy of the Order and this Agreement shall be automatically terminated.

4. County or City (referred to as "Local Government") Manager/Administrator. The Local Government Manager/Administrator (as appropriate) is authorized to exercise the Owner's rights and obligations under this Agreement, including, but not limited to, giving written consent to the Department's requests when necessary, approving any amendment or waiver of the terms and conditions of this Agreement, and terminating the Agreement. 7. Activities Comply with Applicable Laws. The Department and Contractors agree that any and all work performed on the Property and in association with this Agreement shall be done in a good, safe, workmanlike manner, and in accordance with applicable federal and state laws, and, if applicable, local laws, rules, and regulations.

8. Proper Disposal of Contaminated Media. The Department and Contractors shall ensure that soil cuttings, any work materials, and water generated shall be managed and disposed of in accordance with Environmental Laws. All soil cuttings, waste materials and development water generated shall be appropriately disposed in a timely manner.

9. Property Restoration. The Department shall pay the reasonable costs of restoring the Property as nearly as practicable to the conditions which existed before activities associated with contamination assessment or remedial action were taken.

10. Owner's Non-Interference. The Owner shall not interfere with the Department or Contractors when performing the Permissible Activities. Owner shall not damage any equipment including wells, piping, and remediation system that may be located on the Property. Owner shall notify the Department at least ninety (90) days prior to commencement of any construction, demolition or other work on the Property that may damage or destroy any part of the equipment installed under this Agreement. 13. Owner's Use of Property. The Owner retains the right to use the Property, and the Department and its Contractors will work with the Owner regarding minimizing activities that may interfere with the Owner's management and use of the Property. However, neither the Department nor the Contractor are responsible for any inconvenience, economic injury, or business damage that Owner may suffer due to the performance of any Permissible Activity. This agreement does not modify any legal right the parties may have regarding negligent acts.

14. Owner's Release of Claim. If Owner selected a qualified contractor (not an agency term contractor), the Owner hereby releases the Department from any and all claims against the Department performed by the Owner's selected contractor arising from or by virtue of, the Permissible Activities.

required by Section 376.3071(6), F.S., and approved by the Department.

18. Public Records. All documents created or received associated with the Permissible activities are a public record pursuant to Chapter 119, F.S. The Owner may retrieve any documents or other information related to the Permissible Activities online using the facility number reference above. https://depedms.dep.state.fl.us/Oculus/servlet/login

19. Entire Agreement. This Agreement shall constitute the entire agreement between the Department and the Owner regarding this grant of access to Property by the Department and its Contractors as stated herein. No modification, amendment or waiver of the terms and conditions of this Agreement shall be binding upon Department unless approved in writing by an authorized representative of the Owner and the Department.

20. Governing Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any action or proceeding arising from or relating to this Agreement shall be in the appropriate Florida court having jurisdiction located in Hernando County, Florida.

21. Severability. In the event that any part of this Agreement is found to be invalid by a court of competent jurisdiction, that part shall be severed from this Agreement, and the balance of this Agreement shall remain in full force.

Request Submitted by Sheriff's Office to Apply for FY 2024 Local Edward Memorial Justice Assistance Grant

BRIEF OVERVIEW

Email correspondence was received from the Florida Department of Law Enforcement advising that $54,189.00 in Federal FY 2024 Edward Byrne Memorial Justice Assistance Grant (JAG) Program funding has been set aside for use by all units of government within Hernando County. The Board of County Commissioners' approval is needed to apply for the funding. There is no match requirement.

As a condition of participation and to proceed with grant applications, the units of government representing at least 51% of the County must reach a consensus concerning expenditure of the funds and document this consensus in what is termed the 51% letter. This consensus must include the projects to be implemented as well as the agency responsible for such implementation.

The Substance Abuse Policy Advisory Board (SAPAB) met on June 12, 2025, and voted to recommend that the Board of County Commissioners approve the funding, to be allocated as follows:

- $54,189.00 - Hernando County Sheriff's Office for purchase of law enforcement equipment and supplies.

A letter with the same recommendation was approved by the Brooksville City Council on July 7, 2025, and has been attached for reference.

FINANCIAL IMPACT

There is no financial impact to the County at this time.

LEGAL NOTE

The Board has the authority to act on this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION

It is recommended the Board approve and authorize the Chairman's signature on the attached letter to allow Hernando County Sheriff's Office to apply for $54,189.00 in Federal FY 2024 Edward Byrne Memorial Justice Assistance Grant Program funding.

INTRODUCTION

The Hernando County Board of County Commissioners (BoCC) is submitting this Title VI report to the Federal Transit Administration (FTA) on behalf of the Hernando County Transit Division (TheBus), the public transportation provider for Hernando County, Florida. This update includes the level and quality of transit service provided for minority and low-income areas and system-wide environmental justice policies and procedures, pursuant, as amended Title VI of the Civil Rights Act of 1964 and FTA Circular 4702.1B, 'Title VI Requirements and Guidelines for Federal transit Administration Recipients,' published October 1, 2012.

The objectives of FTA's Title VI Program are to:

- Ensure that the level and quality of public transportation service are provided in a nondiscriminatory manner.
- Promote full and fair participation in public transportation decision-making without regard to race, color, or national origin.
- Ensure meaningful access to transit-related programs and activities by persons with limited English proficiency.

This report is submitted to the FTA every three years and is intended to demonstrate compliance with Title VI. This report will detail policies and procedures for ensuring Title VI compliance, including key contacts, policies, and procedures.

TheBus works to continually provide the best transit service possible to Hernando County in a fair and equitable manner. As new services are added in the future, this plan provides sound guidance on serving all communities and needs in the Hernando County service area.

Board of County Commissioners- Hernando County, Florida

Title VI / Nondiscrimination Policy Statement & Management Commitment to the Title VI Plan

The Hernando County Transit Division (TheBus), as the designated public transportation provider for Hernando County, Florida, operates under the direction of the Hernando County Board of County Commissioners (BoCC). TheBus is committed to providing safe, reliable, and equitable transit service to all members of the public and recognizes its responsibility to the diverse community it serves.

Title VI of the Civil Rights Act of 1964

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin in any program or activity receiving federal financial assistance. Specifically, Title VI states:

"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." — 42 U.S.C. § 2000d

Environmental Justice and Limited English Proficiency

In alignment with federal guidance, including Executive Order 12898 on Environmental Justice and Executive Order 13166 on Limited English Proficiency (LEP), TheBus is committed to ensuring:

- Fair treatment and meaningful involvement of all people—regardless of race, color, national origin, or income level—in transportation decisions.
- Proactive identification and mitigation of disproportionately high and adverse human health or environmental effects on low-income and minority communities.
- Meaningful access to transit-related programs and information for LEP populations through appropriate language assistance services.

Core Environmental Justice (EJ) Principles

TheBus adheres to the following EJ principles:

- To avoid, minimize, or mitigate disproportionately high and adverse effects on minority and low-income populations.
- To ensure full and fair participation by all potentially affected communities in the transit decision-making process.

- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

Title VI Coordinator Designation and Management Commitment to Title VI

Hernando County Transit (TheBus)

TheBus does not currently have a designated Civil Rights Officer. In the absence of this position, the Transit Administrator is responsible for ensuring compliance with all Title VI requirements as set forth by the Federal Transit Administration (FTA).

The Transit Administrator holds primary responsibility for the implementation, monitoring, and enforcement of the Title VI Program. This includes:

- Ensuring nondiscrimination in all transit services and activities.
- Managing complaints related to Title VI and Equal Employment Opportunity (EEO) compliance.
- Overseeing program reporting and submissions.
- Monitoring compliance among contractors or subrecipients (if applicable); and
- Supporting internal staff in understanding and fulfilling civil rights obligations.

The Transit Administrator and supporting staff actively participate in Title VI implementation and uphold nondiscrimination as a central principle - equal in importance to all other obligations under federal financial assistance agreements with the U.S. Department of Transportation.

This designation and commitment affirm that TheBus will continue to operate all programs and services in a nondiscriminatory manner, ensuring equitable access and inclusion for all populations served.

3. A description of the procedure members of the public should follow to file a discrimination complaint against TheBus.

Notice Posting Locations

The Notice to the Public will be posted at many locations to apprise the public of TheBus's obligations under Title VI and to inform them of the protections afforded them under Title VI. At a minimum, the notice will be posted in public areas of Hernando County Operations Facility's office including the reception area and in meeting rooms at the 700 Aeriform Drive, Brooksville, FL. TheBus has a Title VI Notice to the Public on its website (www.hernandobus.com), and on transit vehicles.

The Title VI notice is posted in English and Spanish. The notice also states that complaints may be filed directly with the Federal Transit Administration/Office of Civil Rights. A copy of that notice, in English and Spanish, is provided in **Appendix D**.

2. Hernando County Transit Division (TheBus) Discrimination Complaint Procedures

The following English and Spanish versions of the Hernando County Transit Division's Title VI complaint procedures are posted on TheBus website and are following Title VI Requirements.

FTA Circular 4702.1B, Chapter III, Paragraph 6: All recipients shall develop procedures for investigating and tracking Title VI complaints filed against them and make their procedures for filing a complaint available to members of the public.

Title VI Complaint Procedure

Hernando County Transit Division (TheBus) operates its programs and services without regard to race, color or national origin. To request a copy of this agency's Title VI program contact Hernando Transit Division.

Hernando County Transit Division's Title VI Complaint Procedures

Any person who believes she or he has been discriminated against on the basis of race, color, or national origin by the Hernando County Transit Division (hereinafter referred to as "the County") may file a Title VI complaint by completing and submitting the agency's Title VI Complaint Form (**Appendix E**). The following procedures will be followed to investigate formal Title VI complaints:

1. Filing of Title VI Complaints of Discrimination

Complaints can be submitted in person, postal mail, or received by email, with contact information. The County investigates complaints received no more than 180 days after the alleged incident. The County will only process complaints that are complete. To be considered, complainants must, at a minimum, include their name, contact information, date of the alleged incident, and a description.

Complaints should be in writing, signed by the complainant or his/her representative(s), and must include the complainant(s) name, address, and telephone number. Allegations of discrimination received via email will be acknowledged and processed. The complaint form can be accessed on TheBus website:

https://www.hernandocounty.us/home/showpublisheddocument/2220/637104450013730000 or the complainant may call (352) 540-6567 to obtain a complaint form.

Signed complaint forms should be submitted to:

Transit Administrator/Title VI Liaison
Hernando County Department of Public Works - Transit Division
1525 E. Jefferson St
Brooksville, FL 34601
Phone: (352) 540-6567
Email: thebus@hernandocounty.us

2. Complaint Investigation

Once the complaint is received, The County will review it to determine if our office has jurisdiction. The complainant will receive an acknowledgement letter within five (5) working days, informing him/her whether our office will investigate the complaint.

The County has ninety (90) days to investigate the complaint. If more information is needed to resolve the case, The County may contact the complainant. The complainant has ten (10) business days from the date of the letter to send the requested information to the Investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within ten (10) business days, The County can administratively close the case. A case can also be administratively closed if the complainant no longer wishes to pursue their case.

3. Disposition

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a Letter of Findings (LOF). A closure letter summarizes the allegations and states that there was no Title VI violation and that the case will be closed. A LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member or other action will occur. If the complainant wishes to appeal the decision, she/he has seven (7) days to do so from the time he/she receives the closure letter or the LOF.

The complaint procedure is available to the public on Hernando County Transit (TheBus) website: www.hernandobus.com, and at the Hernando County Transit Division administrative facility.

A person may also file a complaint directly with the Federal Transit Administration, at FTA Office of Civil Rights, 1200 New Jersey Avenue SE, Washington, DC 20590.

4. Retaliation

Retaliation is prohibited under Title VI of the Civil Rights Act of 1964, as amended. It is the policy of Hernando County Government that persons filing a complaint of discrimination should have the right to do so without interference, intimidation, coercion, or fear of reprisal. If a person believes he or she has been discriminated against by any other branch of the Hernando County Government, they are directed to contact the Hernando County Office of Health and Human Services at (352) 540-4338

The Hernando County Transit complaint forms and associated procedures are available in English and Spanish in **Appendix E** of this plan and on TheBus website (www.hernandobus.com).

4. List of Title VI Investigations, Complaints, and Lawsuits

> *FTA Circular 4702.1B, Chapter III, Paragraph 7: In order to comply with the reporting requirements of 49 CFR 21.9(b), FTA requires all recipients to prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin: active investigations….; lawsuits, and complaints naming the recipient.*

In accordance with 49 CFR 21.9(b), Hernando County Transit must record and report any investigations, complaints, or lawsuits involving allegations of discrimination. The records of these events shall include the date the investigation, lawsuit, or complaint was filed; a summary of the allegations; the status of the investigation, lawsuit, or complaint; and actions taken by Hernando County Transit in response; and final findings related to the investigation, lawsuit, or complaint. The records for the previous three (3) years shall be included in the Title VI Plan when it is submitted to FDOT and FTA.

Hernando County Transit has had **no** investigations, complaints, or lawsuits involving allegations of discrimination on the basis of race, color, or national origin over the past three (3) years. A summary of these incidents is recorded in Table 2.

5. Public Participation Plan

FTA Circular 4702.1B, Chapter III, Paragraph 4.a.4: Every Title VI Plan shall include the following information: A public participation plan that includes an outreach plan to engage minority and limited English proficient populations, as well as a summary of outreach efforts made since the last Titel VI Plan submission. A recipient's targeted public participation plan of minority populations may be part of efforts that extend more broadly into include constituencies that are traditionally underserved, such as people with disabilities, low-income populations, and others.

The Public Participation Plan (PPP) for Hernando County Transit Division was developed and is implemented to ensure that all members of the public, including minorities, persons with disabilities, and individuals with Limited English Proficiency (LEP), are encouraged to participate in the decision-making process for Hernando County Transit (TheBus).

The activities identified in the PPP (see **Appendix F**) include a planned series of outreach efforts designed to engage a broad spectrum of the community. These efforts are specifically structured to ensure that low-income populations, minority groups, elderly, individuals with disabilities, LEP persons, and various ethnic and religious communities have equitable opportunities to participate and provide input on transportation services, planning initiatives, and programs developments.

TheBus seeks public input in all transit planning and decision-making activities. Updates to the Transit Division's portion of the County website provide current information on activities, including, but not limited to:

- Proposed service or fare changes
- Upcoming public meetings or workshops
- Transit Development Plan (TDP) updates
- Title VI and ADA-related notices and documents
- Public surveys and opportunities for feedback, and
- Language assistance and translated materials.

Additionally, outreach strategies may include attending community events and using social media to broaden engagement. Feedback collected through these efforts.

Recent Public Involvement Activities

The Hernando County Transit Division most recently implemented a successful PPP for the Hernando County FY 2025-34 Transit Development Plan (TDP) effort in calendar year 2024. This plan (see **Appendix J**)encouraged active participation from all community members, particularly Title VI-protected populations. Many of the PPP activities from the TDP are outlined in this section (see below). In addition, the TDP will be updated

annually, and may include some similar public participation activities that help inform updates to the plan.

The following is a summary of recent public outreach efforts:

6. Meaningful Access to LEP Persons

Hernando County Transit Division operates a public transit system that serves residents and visitors throughout Hernando County, Florida. To ensure equitable access to services, the Division has developed this Language Assistance Plan (LAP) in accordance with federal regulations addressing the needs of individuals with Limited English Proficiency (LEP)—those who have a limited ability to read, write, speak, or understand English.

According to the U.S. Census Bureau, approximately 7,643 residents, or 3.97% of the Transit Division's service area population, report that they do not speak English "very well" (see Table 3). These individuals may encounter language-related barriers when attempting to access essential transit programs, services, or information.

In compliance with Executive Order 13166, Hernando County Transit Division is required to take reasonable steps to ensure that LEP individuals have meaningful access to the benefits, services, and information it provides. This includes offering language assistance and making key communications accessible to all users, regardless of their English language proficiency.

To support this mandate, the Transit Division utilized the U.S. Department of Transportation's LEP Guidance Handbook and conducted a comprehensive Four-Factor Analysis to evaluate language access needs and inform the development of this LAP. The analysis considers the following four factors:

1. The number or proportion of LEP persons in the service area who are eligible to be served or likely to encounter transit programs, services, or activities.
2. The frequency of contact LEP persons have with the Transit Division's programs, services, or staff.
3. The nature and importance of the programs, services, or activities provided by the Transit Division to the LEP population.
4. The resources available to the Transit Division and the associated costs of providing language assistance services.

The findings of this Four-Factor Analysis serve as the foundation of the County's Language Assistance Plan. The complete LAP, detailing language assistance strategies and implementation measures, is included in **Appendix G** of this Title VI Program.

7. Minority Representation on Non-elected Committees and Councils

FTA Circular 4702.1B, Chapter III, Paragraph 10: Recipients that have transit-related, non-elected planning boards, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committees.

The Hernando County Transit Division (TheBus) ensures representation in regional planning and decision-making processes through staff participation in non-elected committees and councils. The following staff members are actively involved:

- Hernando/Citrus Metropolitan Planning Organization (MPO) Technical Advisory Committee (TAC)
- Hernando/Citrus Metropolitan Planning Organization (MPO) Transportation Disadvantaged Local Coordinating Board (TDLCB)

Transit-Related Advisory Committees

Several transit-related advisory committees that inform Hernando County Transit Division (TheBus) are administered by the Hernando/Citrus Metropolitan Planning Organization (MPO). These committees provide input on public transportation services, planning activities, and funding priorities.

Currently, the MPO does not request or collect racial or ethnic demographic data from applicants on volunteer interest forms, nor is such data utilized in the composition of these committees. As a result, a racial breakdown of advisory committee membership is unavailable and, therefore, is not included in this Title VI Program.

TheBus recognizes the importance of evaluating the diversity and representativeness of advisory committees as part of its ongoing commitment to equity and nondiscrimination. To that end, TheBus will collaborate with the MPO to explore the feasibility of collecting voluntary demographic data in the future, consistent with FTA Circular 4702.1B and best practices in inclusive public participation.

While committee appointments are not based on race, ethnicity, or national origin, the Hernando County Transit Division supports inclusive representation and encourages participation from individuals with diverse perspectives in all transit-related planning and advisory processes.

8. Sub-Recipient Compliance with Title VI

At this time, the Hernando County Transit Division does not have any sub-recipients receiving federal funding through its programs. However, in alignment with FTA Circular 4702.1B, the County has established monitoring mechanisms that would be applied should sub-recipients be designated in the future.

Although the County currently contracts with RATP Dev to operate and manage transit services, this entity is not classified as a sub-recipient. The Hernando County Transit Division remains the direct recipient and assumes full responsibility for Title VI compliance. The following oversight measures are in place to ensure all operations, including contracted services, comply with Title VI requirements:

- Periodic service surveys to assess service equity and customer experience.
- Unannounced inspections of vehicles, service facilities, and operations.
- Review of the contractor's Title VI policy, which is integrated into and consistent with Hernando County Transit's Title VI Plan.
- Review and follow-up on citizen complaints to ensure resolution and corrective action where applicable.

These monitoring activities help maintain accountability and ensure that all aspects of Hernando County Transit Division operations are in full compliance with Title VI of the Civil Rights Act of 1964.

Sub-Recipient Assistance and Monitoring

The Hernando County Transit Division currently has no sub-recipients that meet this requirement. If/when this changes, the Hernando County Transit Division will monitor any sub-recipient to ensure it meets all applicable Federal and State regulations. As a sub-recipient to FDOT, the Hernando County Transit Division utilizes the sub-recipient assistance and monitoring provided by FDOT, as needed.

Contractors and Subcontractors

The Hernando County Transit Division is responsible for ensuring that contractors are in compliance with Title VI requirements. Contractors may not discriminate in the selection and retention of any subcontractors. Subcontractors also may not discriminate against the selection and retention of any subcontractors. Hernando County Transit, contractors, and subcontractors may not discriminate against their employment practices in connection with federally assisted projects. Contractors and subcontractors are not required to prepare or submit a Title VI Plan.

Nondiscrimination Clauses

During the performance of a contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the 'Contractor") must agree to the following clauses:

1) **Compliance with Regulations:** The Contractor shall comply with the regulations relative to nondiscrimination in federally assisted programs of the U.S.

Department of Transportation (USDOT), as set forth in Title 49, Code of Federal Regulations (CFR), Part 21, as amended (hereinafter referred to as the "Regulations"), which are hereby incorporated by reference and made a part of this Agreement.

2) **Nondiscrimination**: The Contractor, with regard to the work performed under this contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion, or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate, either directly or indirectly, in the discrimination prohibited by 49 CFR §21.5, including employment practices where the contract covers a program set forth in Appendix B of the Regulations.

3) **Solicitations for Subcontractors, including Procurements of Materials and Equipment:** In all solicitations made by the Contractor, whether by competitive bidding or negotiation, for work to be performed under a subcontract—including procurement of materials or leases of equipment—each potential subcontractor or supplier shall be notified by the Contractor of its obligations under this contract and the Regulations regarding nondiscrimination.

4) **Information and Reports**: The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto. The Contractor shall permit access to its books, records, accounts, other sources of information, and its facilities, as may be determined by Hernando County Transit, the Florida Department of Transportation (FDOT), the Federal Transit Administration (FTA), the Federal Highway Administration (FHWA), the Federal Aviation Administration (FAA), and/or the Federal Motor Carrier Safety Administration (FMCSA), to be pertinent to ascertain compliance with such Regulations, orders, and instructions.

   Where any information required of the Contractor is in exclusive possession of another entity and that entity fails or refuses to furnish the information, the Contractor shall certify this to Hernando County Transit, FDOT, FTA, FHWA, FAA, and/or FMCSA as appropriate, and shall set forth the efforts made to obtain the information.

5) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, Hernando County Transit may impose such contract sanctions as it deems appropriate, including, but not limited to:

   - Withholding payments until compliance is achieved; and/or
   - Cancellation, termination, or suspension of the contract, in whole or in part.

6) **Incorporation of Provisions**: The Contractor shall include the provisions of paragraphs (1) through (6) of this clause in every subcontract, including procurement of materials and leases of equipment, unless exempt by the

Regulations or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as Hernando County Transit, FDOT, FTA, FHWA, FAA, and/or FMCSA may direct as a means of enforcing such provisions, including sanctions for noncompliance.

Disadvantaged Business Enterprise (DBE) Policy

Federal Transit Administration (FTA) grant recipients must comply with Title 49 of the Code of Federal Regulations (CFR) Part 26 to ensure nondiscrimination in the award and administration of US Department of Transportation (US DOT)-assisted contracts. Recipients also must create a level playing field on which DBEs can compete fairly for US DOT-assisted contracts.

To that end, the Hernando County Transit Division (TheBus) staff developed and regularly updates a DBE Policy that outlines steps to ensure nondiscrimination in the award and administration of DOT-assisted contracts, remove barriers to the participation of DBEs in DOT-assisted contracts, and assist the development of firms, if possible, that can compete successfully in the marketplace outside of the DBE program. The activities defined in TheBus's DBE Policy are delegated to the Transit Financial Specialist who serves as the DBE Liaison Officer (DBELO) and is responsible for implementing all aspects of the DBE program.

9. Transit Equity Analysis

FTA Circular 4702.1B, Chapter III, Paragraph 4.a.8: If the recipient has constructed a facility, such as vehicle storage, maintenance facility, operation center, etc., the recipient shall include a copy of the Title VI equity analysis conducted during the planning stage with regard to the location of the facility.

Title 49 CFR, Appendix C, Section (3)(iv) requires that "the location of projects requiring land acquisition and the displacement of persons from their residences and business may not be determined on the basis of race, color, or national origin." For purposes of this requirement, "facilities" does not include bus shelters, as they are considered transit amenities. It also does not include transit stations, power substations, or any other project evaluated by the National Environmental Policy Act (NEPA) process. Facilities included in the provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc. In order to comply with the regulations, the Hernando County Transit Division will ensure the following:

1. **Equity Analysis During Planning Stage**

   The Hernando County Transit Division will complete a Title VI equity analysis for any facility during the planning stage regarding where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. The Hernando County Transit Division will engage in outreach to persons potentially impacted by the siting of the facility. The Title VI equity analysis must compare the equity impacts of various siting alternatives, and the analysis must occur before the selection of the preferred site.

2. **Assessment of Cumulative Impacts**

   When evaluating locations of facilities, the Hernando County Transit Division will give attention to other facilities with similar impacts in the area to determine if any cumulative adverse impacts might result. Analysis should be done at the Census tract or block group level where appropriate to ensure that proper perspective is given to localized impacts.

3. **Addressing Potential Disparate Impacts**

   If it is determined that locating the facility at a proposed site would result in a disparate impact based on race, color, or national origin, the Hernando County Transit Division will: 1) demonstrate a substantial legitimate justification for selecting that site, and 2) demonstrate that there is no less discriminatory alternative available.

   In such cases, the Transit Division will document how both tests are satisfied and show that alternative locations were considered and analyzed.

Current status

The Hernando County Transit Division has not constructed any new facilities in the past three years using federal funding that would have triggered a Title VI equity analysis. No such projects are currently in the planning phase. Therefore, there are no Title VI Equity Analysis reports to include in this submission.

Hernando County Transit Division will utilize the demographic maps and data provided in Appendix I for all future Title VI facility site assessments.

10. Approval of Title VI Documentation

The Title VI Program was approved and adopted by Hernando County Board of County Commissioners, Florida during a meeting held on August 12, 2025. A copy of the meeting minutes and FDOT concurrence letter, and FTA concurrence letter, will be included in Appendix C of this document, after they are received.

SECTION 2: PROGRAM SPECIFIC REQUIREMENTS

Chapter IV of FTA Circular 4702.1B provides program-specific guidance for all transit providers that operate fixed-route services.

Service Standards (for Systems under 50 Vehicles)

> *FTA Circular 4702.1B, Chapter III, Paragraph 10: All fixed route transit providers shall set service standards and policies for each specific fixed route mode of the service they provide.*

FTA Circular 4702.1B requires that all fixed route service providers prepare and submit system-wide service standards and service policies as a part of their Title VI Plan. These and policies must address how service is distributed across to these assets.

The Hernando County Transit Division (TheBus) has established service standards and policies for each mode of service operated, which includes the local fixed-route bus, as well as ADA-accessible cutaway vehicles. These standards serve as a guide to ensure quality service delivery and compliance with Title VI requirements. The Vehicle Load Standards outlined below are a critical component of these policies.

1. Vehicle Load Standards

TheBus uses a combination of heavy-duty fixed-route buses and ADA-accessible cutaway vehicles to provide public transportation services. The table below outlines the key parameters related to the vehicle types used for fixed-route service, including seating capacity, standing capacity (if applicable), wheelchair accommodations, and maximum load ratios for peak and off-peak times, and the maximum load factor during peak service. See Table 4 below.

Table 4. Hernando County Bus Vehicle Load

Hernando The Bus Vehicle Load							
Vehicle Type	**Seated capacity**	**Standing capacity Off-Peak**	**Standing capacity peak**	**Max vehicle load Off peak**	**Max vehicle load peak**	**Wheelchair capacity**	**Max load factor-peak**
Gillig 30'	23	0	8	23	31	2	1:3
ADA Cutaway	14	0	0	14	14	3	1:0
ADA small Cutaway	11	0	0	11	11	2	1:0

Definitions & Notes:

- Max Load Factor (Peak) refers to the ratio of all passengers (seated + standing) to seated passengers during peak service.
- Standing capacity is not applicable on cutaway vehicles due to size and ADA compliance considerations.
- Vehicle load standards are used to monitor passenger comfort and service efficiency and are reviewed annually as part of performance evaluation.

These standards ensure that Hernando County Transit provides equitable and accessible service while adhering to safety and comfort thresholds.

2. Vehicle Headway Standards

Hernando County Transit (TheBus) operates fixed-route service on a consistent headway schedule to ensure reliable and accessible public transportation throughout the service area.

Table 5. Vehicle Headway Standards

Vehicle Headway Standards	
Detail	**Description**
Standard Headway	60-minute headways
Days of Operation	Monday through Saturday
Service Hours	5:30 a.m. to 8:30 p.m.
Routes Affected	All 8 fixed routes & 1 microtransit route
Adjustment Criteria	Ridership data, public input, or operational capacity

This headway standard of 60 minutes applies directly to seven fixed routes (Routes 1, 2, 3, 4, 5, 7, & 8). Route 9, which will operate as a fixed route once initiated (see Appendix B), will likely have a travel time that will be less than 60 minutes in one direction. In addition, the lone microtransit route (Route 6) operates within a designated zone, which allows for shorter headways depending on the trip scheduled.

Service schedules are reviewed regularly to assess performance, on-time reliability, and demand fluctuations. Adjustments to headways may be made based on ridership data, public input, or operational capacity.

3. On-Time Performance

The Hernando County Transit Division defines on-time performance as follows:

- Fixed Route Service: A vehicle is considered "on time" if it departs from a scheduled timepoint no more than one (1) minute early and no more than five (5) minutes late. The Division has established a performance objective of 85% on-time or greater system-wide.
- Paratransit Service: A vehicle is considered "on time" if it arrives at the scheduled drop-off location no more than five (5) minutes past the scheduled time. The performance target for paratransit on-time arrivals is 90% or greater.

To ensure compliance with Title VI Equity standards and to support continuous service improvement, the Transit Division utilizes real-time data monitoring tools to track vehicle performance. Monthly performance reports are generated and reviewed, covering all fixed-route services. These published, covering on-time performance across all fixed routes, and are made available to the public via the Transit Division's website and internal reporting channels. This monitoring helps guide service improvements and ensures equity across the system.

4. Service Availability

The Hernando County Transit Division will continue to distribute transit service so that a minimum of 61.6% of all residents in the service area are within a 3/4-mile walk of fixed route bus service. To ensure equitable access under Title VI, Hernando County Transit will monitor the share of the minority population within ¾ mile of fixed-route transit. The minority percentage served should meet or exceed the percentage of the total population served. As of the latest analysis, 66.0% of the county's minority population is within the service buffer compared to 61.6% of the total population, meeting the Title VI threshold for equitable service distribution.

Table 7. Total Service Area and Minority Populations Within ¾ Mile Buffer

Category	Total	Within ¾ Mile Buffer	% Within ¾ Mile Buffer

Total Area (sq mi)	*472.5*	*144.5*	30.6%

Bus Stop Spacing

The Hernando County Transit Division (TheBus) does not have a formally adopted bus stop spacing policy due to the nature of the current Small Urban and Rural service area. In general, TheBus places stops in locations with higher residential and commercial densities, or locations that are key trip generators like colleges, hospitals, and public/government facilities. Stop frequency and locations will also vary depending on land use, ridership demand, pedestrian accessibility, roadway characteristics favorable for safe pedestrian and bus movement, and right-of-way availability.

The system currently maintains 244 unduplicated stops across approximately 79.29 directional route miles, which reflects a moderate to high level of service coverage (see Map 2 below). In more densely developed or high-ridership areas, bus stops may be spaced more closely to accommodate passenger needs.

Map 1. Title VI Total Population (with 3/4-mile Buffer)

Population Coverage

As noted above, 61.6% of Hernando County's total population and 66% of the total Title VI populations resides within ¾-mile of a fixed-route transit line. This reflects a commitment to providing broad accessibility across urban and semi-rural areas of the county.

Service Policies

The Federal Transit Administration (FTA) requires fixed route transit providers to develop a policy for service indicators. The Hernando County Transit Division has prepared the following additional service policies for TheBus transit system.

1. Transit Amenities Distribution

Installation of transit amenities along bus routes will be based on the number of passengers boarding at stops along those routes. Currently, TheBus has a total of 244 bus stops throughout the system. Forty percent (40%) of the bus stop locations have been improved to comply with ADA accessibility requirements. Approximately 48% of these bus stops have some type of transit amenities (bench, shelter, or garbage container). On an annual basis, bus stop locations are reviewed for necessary amenity and pedestrian connectivity improvements.

2. Vehicle Assignments

All fixed route vehicles that are 29' feet in length are rotated among the following fixed routes (1, 2, 3, 4, 5, 7, 8) on a daily basis. These low-floor buses are also equipped with air conditioning and automated stop announcement systems. In addition, smaller cutaway vehicles or vans are utilized on the other fixed or micro transit routes (6 & 9). These vehicles are also rotated daily. Route rotations help the Hernando County Transit Division (TheBus) maintain optimal mileage and maintenance schedules, which is beneficial to the users of the system and to the minimizing operational and cost factors involved with the maintenance and operability of the system.

3. Major Service and Fare Modifications

FTA Title VI implementing regulations require agencies with more than 50 vehicles in peak fixed route service to adopt a numerical standard defining what constitutes a "major" service modification. Despite its small size, Hernando County Transit Division's TheBus public transportation system has chosen to adopt elements of such a service and fare modification standards normally required of larger transit systems. This supports the effort to ensure minority and low-income communities in the TheBus service area are not disproportionately impacted by major service or fare modifications.

For the Hernando County Transit Division, a major service and fare modification is defined as:

- Any action that reduces service by more than 20% of an individual route's total service hours.
- Any action that eliminates a route in its entirety (unless the route was originally stipulated for a limited timeframe as a pilot project or due to a time limit on funding, such as a three-year limit on operational funding from a Florida Department of Transportation (FDOT) Service Development grant).
- Any increase to a fixed route fare category and resulting increase in paratransit fare.

If any of the above major service or fare modifications are proposed by the Hernando County Transit Division, then the following will occur:

- The Hernando County Transit Division will provide an impact analysis that details how the major service and/or fare medication does not impact Title VI populations negatively; and
- A Public Participation (see Section 1 and Appendix F) Process will be initiated that facilitates all populations (including Title VI) the ability to review and comment on the proposed changes and the impact analysis provided.

Appendix B – Current System Description

Current System Description

Overview of Hernando County Transit (TheBus)

Hernando County Transit Division, known as TheBus, is the public transportation system serving Hernando County, Florida. TheBus operates under the authority of the Hernando County Board of County Commissioners (BoCC) and is administered by the Hernando County Transit Division**,** which is under the management umbrella of the Department of Public Works.

TheBus system is managed by the Transit Administrator, who oversees day-to-day operations in coordination with a contracted operator (currently RATP Dev). TheBus provides essential transportation services to the residents of Hernando County through a network of fixed-route and complementary paratransit services

TheBus Mission Statement

"Our mission is to provide safe, efficient and accessible transit services to citizens and visitors in need of transportation and to evolve into a system that ultimately provides for the mobility of all residents and visitors in Hernando County offering a viable choice among travel modes."

Organizational structure, type of operation, number of employees, service hours, staffing plan and safety and security plan.

Hernando County Transit, known as TheBus, operates under the Hernando County Board of County Commissioners (BoCC). The transit system is managed by the Transit Administrator.

Who is responsible for insurance, training and management, and administration of the agency's transportation programs?

Hernando County Transit (TheBus) operates under a contractual agreement with **RATP Dev**, a professional transit management and operations firm, to support its day-to-day service delivery. Responsibilities are divided between RATP Dev. and the Hernando County Transit Team as follows:

RATP Dev (Contracted Operator):

- **Vehicle Insurance:** Maintains all required insurance coverage for transit vehicles operated under the contract;
- **Driver Operations:** Responsible for the recruitment, training, supervision, and performance management of all vehicle operators.
- **Daily Operations Management:** Oversees route operations, scheduling, dispatch, and vehicle readiness.

Hernando County Transit Division:

- **Program Administration:** Provides overall management of the county's transportation programs, including compliance with federal and state requirements.
- **Policy Development & Oversight:** Develops service policies, monitors service performance, and ensures alignment with local goals and FTA guidelines.

- **Title VI Compliance:** Ensures that all aspects of the transit program are administered in a non-discriminatory manner.

This collaborative structure ensures that Hernando County Transit delivers safe, reliable, and equitable public transportation services to its residents while maintaining full compliance with federal regulations, including Title VI of the Civil Rights Act.

Who provides vehicle maintenance and record keeping?

The Hernando County Fleet Division is responsible for the maintenance and upkeep of all transit vehicles operated under Hernando County Transit (TheBus). This includes preventive maintenance services, corrective repairs, vehicle inspections, and parts inventory management.

The Fleet Division maintains detailed records for each vehicle, including maintenance schedules, service logs, repair history, and compliance with safety and ADA standards.

Record Oversight and Verification:

The Hernando County Transit Division routinely reviews vehicle maintenance records to ensure vehicles are maintained in a State of Good Repair (SGR), safety standards are consistently met, and maintenance procedures are in compliant with FTA requirements.

This coordinated approach between the Fleet Division and Transit Division ensures that vehicles are safe, reliable, and properly documented to support quality service and Title VI compliance.

Number of current transportation related employees? If there is a third party, please list.

There are three (3) Hernando County Transit employees: Transit Administrator, Transit Finance Specialist, and Transit Operations Coordinator.

- 45 RATP Dev (Operation Contractors): 1 General Manager; 1 Administrative Assistant; 6 Route Supervisors; 1 Dispatcher; 4 Servicers; and 32 Drivers

Who will drive the vehicle, number of drivers, CDL certifications, etc.?

Hernando County Transit's fixed-route and paratransit services are operated by contracted staff through RATP Dev, the County's third-party transit operations provider. As of FY 2025, a total of 44 individuals are qualified to operate transit vehicles:

  - 42 drivers possess a valid Commercial Driver's License (CDL) appropriate for the vehicles they operate.
  - 2 drivers operate non-CDL vehicles and do not possess a CDL. These individuals are assigned duties that do not require a CDL in accordance with applicable regulations.

All drivers are subject to ongoing training, safety certification, and compliance monitoring to ensure safe and professional service delivery. CDL drivers are also required to meet all Federal Motor Carrier Safety Administration (FMCSA) standards, including medical certification and periodic skills assessments.

A detailed description of service routes and ridership numbers.

Currently (FY 2025), Hernando County "TheBus" has 8 fixed routes and 1 Micro Transit route, and Complementary Paratransit services within ¾ of a mile of each fixed route. The routes cover the county from the East to the West with more coverage area in the middle to western side of the county based on population and demand.

TheBus – Hernando County Transit

Title VI Complaint Form

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis race, color, national origin sex in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

The Environmental Justice component of Title VI guarantees fair treatment for all people and provides for TheBus, to identify and address, as appropriate, disproportionately high and adverse effects of its programs, policies, and activities on minority and low-income populations, such as undertaking reasonable steps to ensure that Limited English Proficiency (LEP) persons have meaningful access to the programs, services, and information TheBus provides.

TheBus works to ensure nondiscriminatory transportation in support of our mission to provide effective and efficient transportation services to enhance the social and economic quality of life for all Hernando County citizens. TheBus's Civil Rights Liaison is responsible for Civil Rights compliance and monitoring to ensure nondiscriminatory provision of transit services and programs.

Title VI Complaint Procedure

Hernando County Transit Division (TheBus) operates its programs and services without regard to race, color or national origin. To request a copy of this agency's Title VI program contact Hernando Transit Division.

Hernando County Transit Division's Title VI Complaint Procedures

Any person who believes she or he has been discriminated against on the basis of race, color, or national origin by the Hernando County Transit Division (hereinafter referred to as "the County") may file a Title VI complaint by completing and submitting the agency's Title VI Complaint Form (Appendix E). The following procedures will be followed to investigate formal Title VI complaints:

1. Filing of Title VI Complaints of Discrimination

   Complaints can be submitted in person, postal mail, or received by email, with contact information. The County investigates complaints received no more than 180 days after the alleged incident. The County will only process complaints that are complete. To be considered, complainants must, at a minimum, include their name, contact information, date of the alleged incident, and a description.

   Complaints should be in writing, signed by the complainant or his/her representative(s), and must include the complainant(s) name, address, and telephone number. Allegations of discrimination received via email will be acknowledged and processed. The complaint form can be accessed on TheBus website: https://www.hernandocounty.us/home/showpublisheddocument/2220/637104450013730000 or the complainant may call (352) 540-6567 to obtain a complaint form.

The County investigates has ninety (90) days to investigate the complaint. If more information is needed to resolve the case, The County may contact the complainant. The complainant has ten (10) business days from the date of the letter to send the requested information to the Investigator assigned to the case. If the investigator is not contacted by the complainant or does not receive the additional information within ten (10 business days, The County can administratively close the case. A closure letter summarizes the allegations and states that there was no Title VI violation and that the case will be closed. A LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member or other action will occur. If the complainant wishes to appeal the decision, she/he has seven (7) days to do so from the time he/she receives the closure letter or the LOF.

The complaint procedure is available to the public on Hernando County Transit (TheBus) website: www.hernandobus.com, and at the Hernando County Transit Division .

Appendix F – Public Participation Plan (PPP)

Introduction

The Public Participation Plan (PPP) for the Hernando County Transit Division was developed to ensure that all members of the public, including minorities and Limited English Proficient (LEP) populations, are encouraged to participate in the decision-making process for the TheBus public transportation services. Policy and service delivery decisions need to take into consideration community sentiment and public opinion based upon well-executed outreach efforts. The public outreach strategies described in the PPP are designed to provide the public with effective access to information about TheBus services and to provide a variety of efficient and convenient methods for receiving and considering public comment prior to implementing changes to services. The Hernando County Transit Division also recognizes the importance of many types of stakeholders in the decision-making process, including other units of government, metropolitan area agencies, community-based organizations, major employers, passengers, and the general public, including low-income, minority, Limited English Proficiency (LEP), and other traditionally underserved communities.

Public Participation Goals

The main goal of the PPP is to offer meaningful opportunities for all interested segments of the public to have opportunities to learn about and comment on the planning and development of public transportation services in Hernando County. This PPP includes, but not limited to, a focus on outreach efforts that reach low-income, minority and LEP groups in TheBus service area. Overall, the goals for this PPP include:

- **Comprehensive Outreach**: Hernando County Transit Division will proactively reach out and engage low-income, minority, and LEP populations for TheBus service area so these groups will have an opportunity to participate and comment on proposed plans and programs.
- **Accessibility**: All existing legal requirements for accessibility will be met. Efforts will be made to enhance the overall physical, geographical, temporal, lnguistic, and cultural accessibility of all public participation activities.
- **Clarity and Relevance**: Public transportation topics and issues will be framed in public outreach in such a way that the significance and potential effect of proposed decisions is understood by the public. All information or proposals will be described in verbal and visual means that are clear and easy to understand.
- **Responsiveness**: The Hernando County Transit Division will strive to respond to and incorporate, when possible, appropriate public comments into the transportation decision-making process.
- **Tailored-Focus**: Public participation methods will be tailored to match local and cultural preferences and conditions as much as possible.
- **Flexibility**: The public participation process will accommodate participation in a variety of delivery methods and will be adjusted over time as needed and requested by the public.

Public Participation Methods

The methods of public participation included in this PPP were developed based upon best practices in conjunction with the needs and capabilities of the Hernando County Transit Division. The Hernando County Transit Division intends to achieve meaningful public participation by a variety of methods with respect to service and any changes to service.

The Hernando County Transit Division will conduct community meetings and listening sessions as appropriate with passengers, employers, community based organizations, and advisory committees to gather public input and distribute information about service quality, proposed changes or new service options.

The public will be invited to provide feedback on the Hernando County Transit Division's website (www.hernandobus.com). The public will also be able to call the Hernando County Transit Division office at (352) 540-6567 during its regular hours of operation. Feedback collected over the phone will be noted, recorded and acted on by the Hernando County Transit Division management or designated staff. Formal customer surveys to measure performance, and listening sessions to solicit input, will be conducted periodically. The comments recorded as a part of these participation methods will be responded to as appropriate and incoporated into existing policies and/or Transit Development Plan (TDP) updates.

Meeting formats will be tailored to help achieve specific public participation goals that vary by project type (such as service/fare changes or captial project development). Some meetings will be designed to share information and answer questions. Some will be designed to engage the public in providing input, establishing priorities, and helping to achieve consensus on a specific recommendation. Others will be conducted to solicit and consider public comments before implementing proposed adjustments to services. In each case, an agenda for the meeting(s) will be created that works to achieve the stated goals, is relevant to the subject, and not overwhelming for the public.

For all public meetings, the venue will be at a facility that is accessible for persons with disabilities and, preferably, is served by public transportation service. If a series of meetings are scheduled on a topic, different meeting locations may be used, since no one location is usually convenient to all participants.

For community meetings and other important information, the Hernando County Transit Division will use a variety of means to make riders and citizens aware, including some or all of the following methods:

- In-vehicle advertisement
- Posters or flyers at County, public, nonprofit, or supportive private facilities/institutions
- Posting information on TheBus website
- Press releases and briefings to media outlets
- Multilingual flyer distribution to community based organizations, particularly those that target LEP populations
- Flyers and information distribution through various libraries and other civic locations that currently help distribute timetables and other information
- Communications to relevant County administration and elected officials
- Other methods required by local, state, or federal laws or agreements

All information and materials communicating proposed and actual service adjustments will be provided in English and Spanish.

Appendix G – Language Assistance Plan (LAP)

Introduction

The Hernando County Transit Division operates a transit system within Hernando County, Florida. The Language Assistance Plan (LAP) has been prepared to address the Hernando County Transit Division's responsibilities as they relate to the needs of individuals with Limited English Proficiency (LEP). Individuals, who have a limited ability to read, write, speak, or understand English are LEP. In Hernando County Transit Division service area, there are 7,643 residents or 3.97% who describe themselves as not able to communicate in English "very well" (Source: 5-year American Com. Survey 2023). The Hernando County Transit Division is federally mandated (Executive Order 13166) to take responsible steps to ensure meaningful access to benefits, services, information and other important portions of its programs and activities for individuals who are LEP. The Hernando County Transit Division has utilized the U.S. Department of Transportation (USDOT) LEP Guidance Handbook and performed a four-factor analysis to develop its LAP.

Methodoly for Assessing Needs for Reasonable Steps for an Effecitve LEP Policy

The analysis provided in this report has been developed to identify Limited English Proficient (LEP) populations (see Map 3) that may use Hernando County Transit Division services and to determine the appropriate language assistance measures necessary to ensure meaningful access. This evaluation is based on the Four Factor Analysis framework established in the U.S. Department of Transportation's Policy Guidance titled *"Implementing the Department of Transportation's Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient (LEP) Persons"*, dated April 13, 2007. The methodology considers the following four factors:

1. The number and proportion of LEP persons in the service area who may be served or are likely to encounter a Hernando County Transit Division program, activity, or service.
2. The frequency with which LEP persons come into contact with Hernando County Transit Division programs, activities, or services.
3. The nature and importance of the programs, activities, or services provided by the Hernando County Transit Division to the LEP population.
4. The resources available to the Hernando County Transit Division and the overall cost of providing language assistance.

The greater the number or proportion of LEP persons, the more frequently they interact with the agency's services, and the more critical those services are to the public, the higher the obligation to provide meaningful language assistance. Conversely, where contact is minimal or resources are constrained, agencies are permitted flexibility in the level and types of assistance provided.

The intent of the DOT guidance is to help agencies balance the need to provide meaningful access for LEP individuals to essential transit services without imposing undue financial or administrative burdens, particularly on smaller organizations and local governments.

It is understood that smaller recipients, such as the Hernando County Transit Division, which operate with limited staff and budgets, are not expected to provide the same level of language access services as larger transit agencies. However, reasonable steps must still be taken to ensure LEP persons have access to important information and services, such as fare changes, route adjustments, public meetings, and complaint procedures.

More guidance for FTA recipients and subrecipients can be found on the official LEP website at: http://www.lep.gov

Factor 1: The Number and Proportion of LEP Persons Serviced or Encountered in the Eligible Service Population

According to the 2023 American Community Survey (ACS), Hernando County has a total population of 192,752. Within the transit service area, approximately 7,643 residents (or 3.97% of the population age 5 and older) speak English less than "very well", and are therefore considered LEP.

The predominant LEP language group in Hernando County is Spanish-speaking individuals, representing 2.99% of the total population. An additional 0.21% speak other Indo-European languages (e.g., French, German, Russian, etc.) and report speaking English less than very well. These statistics suggest that Spanish is the most significant LEP language group in the region and is likely to benefit most from targeted language assistance.

A detailed breakdown of languages spoken at home and corresponding English proficiency levels can be found in **Appendix H**.

Factor 2: The Frequency with which LEP Individuals Come into Contact with Your Programs, Activities, and Services

Federal guidance for this factor recommends assessing how often LEP individuals interact with an agency's services. The more frequent the contact, the more necessary it is to provide language assistance to ensure meaningful access.

The Hernando County Transit Division has evaluated the frequency of contact with LEP individuals using a variety of methods, including:

- U.S. Census and American Community Survey (ACS) data
- Phone inquiry logs
- Staff (dispatch and driver) surveys
- Requests for translated materials
- Customer feedback from the 2024 Transit Development Plan (TDP) on-board survey

As discussed in Factor 1, data from the 2023 ACS indicates that approximately 3.97% of Hernando County's population speaks English less than "very well," with the majority of these individuals being Spanish-speaking. This confirms that Spanish is the most prominent LEP language group in the service area.

Phone and email inquiry logs, along with driver and dispatcher feedback indicate that LEP interactions occur infrequently but consistently, with most contacts involving Spanish-speaking riders. Over the past three years, the Hernando County Transit Division has received four (4) formal requests for translated documents in Spanish. Additionally, during the 2024 TDP on-board survey, six (6) passengers opted to complete the Spanish-language version of the survey. These data points suggest that while daily contact with LEP individuals is limited, there is ongoing engagement from the Spanish-speaking LEP population.

As a result, the Hernando County Transit Division recognizes a continued need to maintain basic language access measures, particularly for Spanish-speaking individuals, to ensure equitable service delivery.

Factor 3: The Nature and Importance of the Program, Activity, or Service Provided by the Recipient to People's Lives

The Hernando County Transit Division provides fixed-route public transportation service to the residents in Hernando County. As demonstrated by the analysis of demographic and on-board survey data from the 2024 Transit Development Plan (TDP) effort, there are a number of LEP persons in the community who use those public transit services. Furthermore, additional public outreach efforts completed by Transit Division staff in the 2024 TDP process reinforce the importance of public transportation services for LEP persons for purposes of employment and access to educational opportunities.

The Hernando County Transit Division ensures that all vital documents are made available in Spanish language format. This includes printed materials for public workshops/open houses, program and planning materials, and on-board and online surveys.

Factor 4: The Resources Available to the Recipient and Costs

Over the last several years, the Hernando County Transit Division continues to dedicate budget and resources with the intent to enhance access to services for LEP persons within the community. These resources include the translation of various communications materials including website pages and program applications, and preparation of dedicated Spanish language materials used in the development of the agency's 2025-2034 Transit Development Plan (TDP) Update. Bilingual (in English and Spanish) staff are available to assist customers with in-person, written, or electronic translations when needed.

Language Assistance Plan (LAP)

Hernando County Transit Division

Pursuant to Title VI of the Civil Rights Act of 1964 and Executive Order 13166

FTA guidance recommends the inclusion of five (5) key elements in the Language Assistance Plan (LAP). The Hernando County Transit Division has addressed each element below to ensure meaningful access to services for individuals with Limited English Proficiency (LEP).

Element 1: Identifying LEP Individuals Who Need Language Assistance

As outlined in the Four-Factor Analysis, the Hernando County Transit Division has assessed the number and proportion of LEP individuals within its service area using data from the U.S. Census Bureau's American Community Survey (see Appendix H). Key findings include:

1. 87.46% of residents speak English only.
2. 9.61% of residents speak Spanish at home.
3. Of the Spanish-speaking population, 2.99% report speaking English less than "very well."

4. An additional 0.98% of residents who speak languages other than English or Spanish also report speaking English less than "very well."

To better identify and serve LEP populations, the Hernando County Transit Division will implement the following strategies:

1) Examining records to see if requests for language assistance have been received in the past, either at meetings, over the phone or e-mail, to determine whether language assistance might be needed at future events or meetings.
2) Having Census Bureau Language Identification Flashcards available at Hernando County Transit Division Meetings. This will assist the Hernando County Transit Division in identifying language assistance needs for future events and meetings.
3) Vehicle operators and front-line staff (i.e. Dispatchers, Transit Operation Supervisors, etc.) will be surveyed on their experience concerning any contacts with LEP persons during the previous year.

Element 2: Language Assistance Measures

Federal Guidance suggests that an effective LAP should include information about the ways in which language assistance will be provided. This refers to listing the different language services an agency provides and how staff can access this information.

For this task Federal Guidance recommends that transit agencies consider developing strategies that train staff as to how to effectively deal with LEP individuals when they either call agency centers or otherwise interact with the agency.

Modify the following list with the efforts your agency is willing and able to undertake with regards to language assistance measures.

The Hernando County Transit Division has undertaken the following actions to improve access to information and services for LEP individuals:

1) Provide bilingual staff at community events, public hearings, and transit committee meetings.
2) Survey transit drivers and other front-line staff annually on their experience concerning any contacts with LEP persons during the previous year.
3) Provide Language Identification Flashcards onboard transit vehicles and in the Hernando County Transit Division offices.
4) Include statements clarifying that being bilingual is preferred on bus driver recruitment flyers and onboard recruitment posters.
5) When an interpreter is needed in person or on the telephone, staff will attempt to access language assistance services from a professional translation service or qualified community volunteers.

The Hernando County Transit Division will utilize the demographic maps provided in Appendix I in order to better provide the above efforts to the LEP persons within the service area.

Element 3: Training Staff

Federal guidance states staff members of an agency should know their obligations to provide meaningful access to information and services for LEP persons and that all employees in public contact positions should be properly trained.

Suggestions for implementing Element 3 of the Language Assistance Plan, involve: (1) identifying agency staff likely to come into contact with LEP individuals; (2) identifying existing staff training opportunities; (3) providing regular re-training for staff dealing with LEP individual needs; and (4) designing and implementing LEP training for agency staff.

In the case of the Hernando County Transit Division, one County employee is bilingual in English and Spanish and assists with in-person, written, and electronic responses to customers requests.

Modify the following list with the efforts your agency is willing and able to undertake with regards to training staff.

The following training will be provided to all Customer Service Representatives:

1. Information on Title VI Procedures and LEP responsibilities
2. Use of Language Identification Flashcards
3. Documentation of language assistance requests
4. How to handle a potential Title VI/LEP complaint

Element 4: Providing Note to LEP Persons

The Hernando County Transit Division will make Title VI information available in English and Spanish on the Agency's website. Key documents are written in English and Spanish. Notices are also posted in the Hernando County Transit Division office lobby, on buses, in meeting rooms, and on the website. Additionally, when planning public meetings or distributing materials to communities with known LEP populations, documents, flyers, agendas, and notices are printed in Spanish or other relevant languages as needed. Key planning and service documents (e.g., surveys, public notices) are routinely translated into Spanish to ensure accessibility.

Element 5: Monitoring and Updating the Plan

The plan will be reviewed and updated on an ongoing basis. Updates will consider the following:

- The number of documented LEP encourters per year
- How LEP needs were addressed and whether resources were adequate
- Any shifts in the LEP population or newly identifed language groups
- Determine whether the Hernando County Transit Division financial resources are sufficient to fund language assistance resources needed

The Hernando County Transit Division values the critical role trasnit plays in the lives of LEP individuals. The Hernando County Transit Division is open to suggestions from all sources, including customers, Hernando County Transit Division staff, other transportation

agencies with similar experiences with LEP communities, and the general public, regarding additional methods to improve their accessibility to LEP communities.

Safe Harbor Provision

DOT has adopted the Department of Justice's Safe Harbor Provision, which outlines circumstances that can provide a "safe harbor" for recipients regarding translation of written materials for LEP population. The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches the five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

The Hernando County Transit Division service area has LEP populations which qualify for the Safe Harbor Provision. As shown in Appendix H, 5,759 speakers qualify for the Safe Harbor Provision (as the number of person which speak English less than "very well" is counted as 2.99% and 5,759 persons).

The Safe Harbor Provision applies to the translation of written documents only. They do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable. The Hernando County Transit Division may determine, based on the Four Factor Analysis, that even though a language group meets the threshold specified by the Safe Harbor Provision, written translation may not be an effective means to provide language assistance measures.

AIR TRAFFIC CONTROL TOWER OPERATIONS AGREEMENT BETWEEN

FEDERAL AVIATION ADMINISTRATION (FAA)

AND

HERNANDO BOARD OF COUNTY COMMISSIONERS

I. PARTIES

This Air Traffic Control Tower Operations Agreement (TOA) (hereinafter "Agreement"), is hereby made and entered into this 16th day of January, 2020 by and between the Federal Aviation Administration ("FAA") and the Hernando Board of County Commissioners ("Airport Sponsor") (collectively known as the "Parties").

II. SCOPE

The purpose of this Memorandum of Understanding (MOU) between the FAA and the Airport Sponsor is to set forth the terms under which the FAA will provide air traffic control (ATC) services to the Airport Sponsor at Brooksville – Tampa Bay Regional Airport ("Airport"), located in Brooksville, Florida. This Agreement replaces and supersedes any prior TOA signed by the parties.

III. ROLES AND RESPONSIBILITIES OF THE PARTIES

A. Roles and responsibilities of the FAA.

The FAA shall provide ATC services at the Airport, by way of a contractual agreement between the FAA and an air traffic control services provider of the FAA's choice, in accordance with standards established by the FAA, subject to the availability of funds.

The tower hours of operation will be daily 7 a.m. to 10 p.m.

The FAA reserves the right to adjust those hours in accordance with applicable FAA standards, regulations and policy.

The FAA/ATC contractor will collect hourly and daily traffic count data during tower operating hours.

The FAA will maintain all FAA-owned equipment installed in the tower.

The FAA will conduct annual occupational safety and health inspections, for any FAA Contract Tower (FCT) that is an FAA employee's duty station.

The FAA will conduct periodic security inspections based upon the criteria identified in FAA Order 1600.69, as may be amended. Relevant portions of the Order will be provided to Airport Sponsors. (A Signed Non-Disclosure Agreement (NDA) will be required to receive a copy of the Order.)

B. Roles and responsibilities of the Airport Sponsor.

The Airport Sponsor shall provide and maintain, at no expense to the FAA, an Airport Traffic Control Tower (ATCT) that meets all applicable state and local codes, standards and regulations.

In the absence of applicable state and local codes, standards, and regulations, the Airport Sponsor shall provide and maintain, at no expense to the FAA, an Airport Traffic Control Tower (ATCT) that meets all applicable Federal codes, standards and regulations.

The Airport Sponsor shall provide, maintain, and replace, at no expense to the FAA, all non-FAA-owned tower equipment required by the Minimum Equipment and Facilities List (MEL) (JO 7210.78 Appendix A).

The Airport Sponsor shall provide and continually maintain all utilities and services, including but not limited to: heating, air conditioning, electrical, water, gas and sewer. The Airport Sponsor shall maintain janitorial services (to include washing tower cab windows and shades, interior and exterior, when necessary).

The Airport Sponsor shall be responsible for the proper and continued functioning of all equipment that the FAA determines is necessary for ATC operations, including that which cannot be placed in operation or otherwise controlled from the ATCT building or that is not otherwise within the control of the FAA, its agents, representatives or contractors. Examples include, but are not limited to airport lighting, windsock, obstruction lights, rotating beacon, etc.

The Airport Sponsor is responsible for ensuring security and controlled access to the tower is established and maintained in accordance with FAA Order 1600.69, as may be amended. Relevant portions of the Order will be provided to Airport Sponsors. (A Signed NDA will be required to receive a copy of the Order.)

The Airport Sponsor agrees to enter into a Letter of Agreement (LOA) with the ATC service provider's local representative specifically for the purpose of providing an airport point of contact and procedures to follow to ensure a timely response to requests concerning equipment, security or building problems.

In accordance with FAA Order JO 7210.3, as revised, other Letters of Agreement may be necessary for topics such as airport emergency service, control of vehicular traffic on airport movement areas, operation of airport lighting, local procedures and reporting airport conditions. However, the terms and conditions

set forth in this Agreement or the FAA Contract Tower (FCT) contract cannot be waived or superseded by such local agreements.

IV. BENEFIT/COST RATIOS CONSIDERATION

Current procedures require FAA to recalculate benefit/cost ratios periodically to determine the percentage of funds for which the FAA and the airport are responsible. The FAA currently provides full funding for sites with a benefit/cost ratio of 1.0 or greater. Fully funded sites whose benefit/cost ratio decreases to less than 1.0 will be offered the opportunity to participate in the FCT Cost Share Program.

V. SUPPLEMENTAL HOURS

If the Airport Sponsor requests ATC services outside of FAA approved tower hours of operation, the provision of such additional services shall be at the expense of the Airport Sponsor. These supplemental hours of operation may be achieved through an agreement with the air traffic control services provider, supplemental agreement with the FAA, or by other authorized means.

AIR TRAFFIC CONTROL TOWER OPERATIONS AGREEMENT BETWEEN

FEDERAL AVIATION ADMINISTRATION (FAA)

AND

HERNANDO COUNTY BOARD OF COUNTY COMMISSIONERS

I. PARTIES

This Air Traffic Control Tower Operations Agreement (TOA) (hereinafter "Agreement"), is hereby made and entered into this _____ day of _____, 20___ by and between the Federal Aviation Administration ("FAA") and the Hernando County Board of County Commissioners ("Airport Sponsor") (collectively known as the "Parties").

II. SCOPE

The purpose of this Memorandum of Understanding (MOU) between the FAA and the Airport Sponsor is to set forth the terms under which the FAA will provide air traffic control (ATC) services to the Airport Sponsor at Brooksville-Tampa Bay Regional Airport, located in Brooksville, Florida. This Agreement replaces and supersedes any prior TOA signed by the parties.

III. ROLES AND RESPONSIBILITIES OF THE PARTIES

A. Roles and responsibilities of the FAA.

The FAA shall provide ATC services at the Airport, by way of a contractual agreement between the FAA and an air traffic control services provider of the FAA's choice, in accordance with standards established by the FAA, subject to the availability of funds.

The tower hours of operation will be 0700-2200.

The FAA reserves the right to adjust those hours in accordance with applicable FAA standards, regulations and policy.

The FAA/ATC contractor will collect hourly and daily traffic count data during tower operating hours.

The FAA will maintain all FAA-owned equipment installed in the tower.

The FAA will conduct annual occupational safety and health inspections, for any FAA Contract Tower (FCT) that is an FAA employee's duty station.

The FAA will conduct periodic security inspections based upon the criteria identified in FAA Order 1600.69, as may be amended. Relevant portions of the Order will be provided to Airport Sponsors. (A Signed Non-Disclosure Agreement (NDA) will be required to receive a copy of the Order.)

B. Roles and responsibilities of the Airport Sponsor.

The Airport Sponsor shall provide and maintain, at no expense to the FAA, an Airport Traffic Control Tower (ATCT) that meets all applicable state and local codes, standards and regulations.

In the absence of applicable state and local codes, standards, and regulations, the Airport Sponsor shall provide and maintain, at no expense to the FAA, an Airport Traffic Control Tower (ATCT) that meets all applicable Federal codes, standards and regulations.

The Airport Sponsor shall provide, maintain, and replace, at no expense to the FAA, all non-FAA-owned tower equipment required by the Minimum Equipment and Facilities List (MEL) (JO 7210.78 Appendix A).

The Airport Sponsor shall provide and continually maintain all utilities and services, including but not limited to: heating, air conditioning, electrical, water, gas and sewer. The Airport Sponsor shall maintain janitorial services (to include washing tower cab windows and shades, interior and exterior, when necessary).

The Airport Sponsor shall be responsible for the proper and continued functioning of all equipment that the FAA determines is necessary for ATC operations, including that which cannot be placed in operation or otherwise controlled from the ATCT building or that is not otherwise within the control of the FAA, its agents, representatives or contractors. Examples include, but are not limited to airport lighting, windsock, obstruction lights, rotating beacon, etc.

The Airport Sponsor is responsible for ensuring security and controlled access to the tower is established and maintained in accordance with FAA Order 1600.69, as may be amended. Relevant portions of the Order will be provided to Airport Sponsors. (A Signed NDA will be required to receive a copy of the Order.)

The Airport Sponsor agrees to enter into a Letter of Agreement (LOA) with the ATC service provider's local representative specifically for the purpose of providing an airport point of contact and procedures to follow to ensure a timely response to requests concerning equipment, security or building problems.

In accordance with FAA Order JO 7210.3, as revised, other Letters of Agreement may be necessary for topics such as airport emergency service, control of vehicular traffic on airport movement areas, operation of airport lighting, local procedures and reporting airport conditions. However, the terms and conditions

set forth in this Agreement or the FAA Contract Tower (FCT) contract cannot be waived or superseded by such local agreements.

IV. BENEFIT/COST RATIOS CONSIDERATION

Current procedures require FAA to recalculate benefit/cost ratios periodically to determine the percentage of funds for which the FAA and the airport are responsible. The FAA currently provides full funding for sites with a benefit/cost ratio of 1.0 or greater. Fully funded sites whose benefit/cost ratio decreases to less than 1.0 will be offered the opportunity to participate in the FCT Cost Share Program.

V. SUPPLEMENTAL HOURS

If the Airport Sponsor requests ATC services outside of FAA approved tower hours of operation, the provision of such additional services shall be at the expense of the Airport Sponsor. These supplemental hours of operation may be achieved through an agreement with the air traffic control services provider, supplemental agreement with the FAA, or by other authorized means.

VII. CHANGES AND/OR MODIFICATIONS

No oral statement by any person shall be interpreted as modifying or otherwise affecting the terms of this Agreement.

VIII. TERMINATION

The Airport Sponsor agrees that notwithstanding any other provisions of this TOA, the FAA's ability to provide contract ATC service is contingent upon the appropriation of adequate funds. If adequate annual appropriations are not provided, the FAA may terminate this Agreement without penalty.

In addition to any other termination rights provided by this Agreement, either party may terminate this Agreement at any time prior to its expiration date, with or without cause, and without incurring any liability or obligation to the terminated party (other than payment of amounts due and owing and performance of obligations accrued, in each case on or prior to the termination date) by giving the other party at least Ninety (90) days prior written notice of termination. Upon receipt of a notice of termination, the receiving party shall take immediate steps to stop the accrual of any additional obligations, which might require payment.

IX. TERM OF THE AGREEMENT

This Agreement shall automatically renew annually on the effective date unless terminated by either of the parties in writing, as provided herein.

X. DISPUTES

Where possible, disputes will be resolved by informal discussion between the parties. In the event the parties are unable to resolve any disagreement through good faith negotiations, the Director Operational Policy and Implementation Air Traffic Services - AJT-2 will resolve the dispute. The decision of the Director Operational Policy and Implementation Air Traffic Services - AJT-2 is not subject to further administrative review and, to the extent permitted by law, is final and binding.

XV. PROTECTION OF INFORMATION

The parties agree that they shall take appropriate measures to protect proprietary, privileged, or otherwise confidential information that may come into their possession as a result of this MOU.

BOARD OF COUNTY COMMISSIONERS

The Board commented on various issues.

County Attorney Jon Jouben requested Board consensus to request Attorney General opinion regarding a point of law in recent statute amendments to 177.071 and 177.091 pertaining to plats being an Administrative Act. However, statute 117.081 pertaining to accepting dedications from the Developer, which requires approval of the Governing body was not amended, and, therefore, clarification is requested by the County Attorney's Office.

The Board concurred.

Subject: **PPE for IET Temporary Flare**

The following is a detailed explanation and historical background regarding the temporary flare system installed at the Hernando County Landfill. This information is provided in support of a purchasing policy exception due to the absence of a formal purchase order for the months of October 2024 and beyond.

Background and Operational History of the Temporary Flare

In 2022, Hernando County retained Integrated Environmental Technology (IET) to conduct a comprehensive assessment of landfill gas (LFG) emissions at the Northwest Waste Management Facility. This decision followed site observations of distressed vegetation, recurring odors, and general concerns about potential off-site gas migration.

The results of the assessment confirmed that the existing Gas Collection and Control System (GCCS) was not operating effectively. Methane was detected in perimeter probes beyond site boundaries, and surface emissions exceeded regulatory thresholds at multiple locations. In response, IET outlined a three-step corrective plan that included:

1. Evaluation of system design and functionality,
2. Balancing of the wellfield to optimize gas extraction,
3. Implementation of a long-term monitoring and maintenance program.

As part of this process—and in light of the Archaea energy plant ceasing operations—IET recommended the installation of a temporary skid flare to address excess LFG that the existing system could not capture or treat.

The flare was installed and became operational in 2023. Since its installation, the flare has effectively reduced emissions, brought surface exceedances under control, and played a critical role in maintaining regulatory compliance.

Explanation for the Missing October 2024 Purchase Order

Although the temporary flare remained in full operation throughout October 2024, a formal purchase order for that month was not executed. This gap in documentation was the result of staffing disruptions at the time: I was out due to health issues, and Brooks, a key team member involved in procurement and contract oversight, had recently retired.

Due to this overlap in absence and transition, the continuation of flare services was unintentionally not formalized via purchase order that month. The flare services themselves were uninterrupted and

[redacted]

consistent with both the County's operational needs and the scope of previously approved services and budget projections.
This was not a failure in oversight or procedure but rather a result of a unique staffing situation during a period of transition. The flare system's continued operation was necessary, known, and aligned with prior Board-approved expenditures.

Request for Exception

Given the operational necessity of the temporary flare and the continuity of services during October 2024, I respectfully request that a purchasing policy exception be granted for this period. The County received the benefit of the service, the work was consistent with prior contract scope, and the lapse in documentation was the result of internal personnel changes—not a failure in policy adherence or fiscal management.

Let me know if any additional clarification or documentation is required.

Subject: Invoice for Temporary Flare Operation – Skid Flare System
Reference: Hernando County Landfill – Phase 3 Temporary Flare

Dear Mr. Harper,

Please find below the invoice for the continued operation and maintenance of the temporary skid flare system at the Hernando County Landfill for the period **October 2024 through May 2025**.

This ongoing operation plays a vital role in maintaining regulatory compliance and protecting air quality at the landfill. The temporary flare has proven effective in combusting excess landfill gas (LFG) that exceeds the capacity of the Archaea system, significantly reducing surface emissions and helping ensure continued environmental performance at the facility.

REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
Waterford Community Development District
Hernando County, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of Waterford Community Development District (the "District"), as of and for the year ended September 30, 2024, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Waterford Community Development District as of September 30, 2024, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Supervisors
Waterford Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated June 23, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Waterford Community Development District's internal control over financial reporting and compliance.

Waterford Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024

Management's discussion and analysis of Waterford Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements,* 2) *Fund financial statements,* and 3) *Notes to financial statements.* The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments and developer contributions.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories: 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment, and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as capital improvement bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements.*

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements.*

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2024.

For the Year Ended September 30, 2024

Net Change in Fund Balances - Total Governmental Funds	$	5,609,032
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation. This is the amount that capital outlay, $2,007,147, exceeded depreciation, $(10,259), and conveyance of capital assets, $(388,973), in the current period.		1,607,915
The issuance of long-term debt, $(7,800,000), is recognized as an other financing source at the fund level, however, they increase liabilities at the government-wide level.		(7,800,000)
The payment of principal is recognized as an expenditure at the fund level, however, at the government-wide level the payment reduces long-term liabilities.		920,000
Bond discount is amortized over the life of the bonds at the government-wide level. This is the current year amortization.		(184)
At the government-wide level, interest is accrued on outstanding bonds; whereas at the fund level, interest expenditures are reported when due. This is the change in accrued interest in the current period.		20,099

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on May 11, 2022, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), by Hernando County Ordinance 2022-12 as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Waterford Community Development District. The District is governed by a five-member Board of Supervisors who are elected on an at large basis by landowners within the District. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Waterford Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments, developer contributions, and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

Governmental Funds

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter, to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources".

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

Debt Service Funds – Account for debt service requirements to retire the capital improvement bonds which were used to finance the construction of District infrastructure improvements.

Capital Projects Funds – The Capital Projects Funds account for construction of infrastructure improvements within the boundaries of the District.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as capital assets, and non-current governmental liabilities, such as capital improvement bonds, be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, and Net Position or Equity (Continued)

a. Cash and Investments (Continued)

Cash equivalents include time deposits and all highly liquid debt instruments with original maturities of three months or less and held in a qualified public depository as defined by Section 280.02, Florida Statutes.

b. Restricted Net Position

Certain net position of the District is classified as restricted on the statement of net position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include construction in progress and infrastructure, are reported in the governmental activities column.

The District defines capital assets as assets with an initial, individual cost of $5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful life of the infrastructure class of depreciable assets is 40 years.

d. Budgets

Budgets are prepared and adopted after a public hearing for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, and Net Position or Equity (Continued)

e. Unamortized Bond Discount

Bond discounts are presented on the government-wide financial statements. The costs are amortized over the life of the debt using the straight-line method. For financial reporting, the unamortized bond discount is netted against the applicable long-term debt.

NOTE B – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2024, the District's bank balance was $13,958 and the carrying value was $5,606. Exposure to custodial credit risk was as follows: the District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

Investments

As of September 30, 2024, the District had the following investments and maturities:

Investment	Maturities	Fair Value
First American Treasury Obligations	31 Days*	$ 8,019,804

*Maturity is a weighted average maturity.

The District categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

NOTE B – CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Assets or liabilities are classified into one of three levels. Level 1 is the most realizable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtained quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that uses the best information available under the circumstances which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investment listed above is a Level 1 asset.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2024, the District's investments in First American Treasury Obligations were rated AAAm by Standard & Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in First American Treasury Obligations represent 100% of District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2024 were typical of these items during the fiscal year then ended. The District considers any decline in fair value for certain investments to be temporary.

NOTE C – SPECIAL ASSESSMENT REVENUES

Assessments are non-ad valorem assessments on benefited property within the District. Operating and Maintenance Assessments are based upon the adopted budget and levied annually at a public hearing by the District. Debt Service Assessments are levied when bonds are issued and collected annually. The District may collect assessments directly or utilize the uniform method of collections (Chapter 197.3632, Florida Statues). Direct collected assessments are due as determined by annual assessment resolution adopted by the Board of Supervisors. Assessments collected under the uniform method are due and payable on November 1 or as soon as the assessment roll is certified and delivered to the Tax Collector. Per Section 197.162, Florida Statutes discounts are allowed for early payment at the rate of 4% in November, 3% in December, 2% in January, and 1% in February. Taxes paid in March are without discount.

All unpaid assessments become delinquent as of April 1. Virtually all unpaid assessments are collected via the sale of tax certificates on, or prior to, June 1; therefore, there were no material amounts receivable at fiscal year-end. Assessment levied for the 2023-2024 fiscal year were levied in October 2023.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Supervisors
Waterford Community Development District
Hernando County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of Waterford Community Development District, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated June 23, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered Waterford Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Waterford Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Waterford Community Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Waterford Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To assist in restoration and enhancement efforts, from May 27 through May 30, 2025, a total of 43,950 Mechanical Planting Units (MPUs), 660 four-inch peat pots, and 132 GrowSAV Herbivory Exclusion Devices were installed throughout the river between the state park boundary to the north, and Rogers Park to the south.

On June 26, 2025, Sea & Shoreline biologists returned to the project site to perform the one-month post-installation monitoring event. The attached report is the first of four formal monitoring reports designed to quantify the success of the project.

In summary, the biological assessments of survival, density and cover of Submerged Aquatic Vegetation (SAV) during this one-month post-installation monitoring campaign indicated that transplanted *V. neotropicalis* is healthy and thriving. There was limited evidence of plant mortality; therefore, the amount of SAV present in the relocation or planting site is currently meeting project requirements.

1. Introduction

The Weeki Wachee River is a 7.5-mile river located along the Springs Coast, in Hernando County, Florida. The headwater of the river is Weeki Wachee Springs, a springs complex that delivers over 117 million gallons of water into the river each day. Known for its historic mermaid shows and cave diving, the river is designated as an Outstanding Florida Water (OFW) and Outstanding Florida Spring (OFS).

Despite its natural beauty, the river has experienced a decline in water quality in recent years that can mainly be contributed to sedimentation and habitat loss, with sediments moving downstream ultimately depositing and smothering native submerged aquatic vegetation (SAV). To address these issues, a dredging project aimed at removing sediments from the river was completed in February 2025, and in July 2023, the first Springs Protection Zone in the state was approved throughout a stretch of the river by the Florida Fish and Wildlife Conservation Commission (FWC).

To further assist in restoration and enhancement efforts, an SAV Restoration project was funded, and from May 27 – 30, 2025, a total of 43,950 mechanical planting units (MPUs), 660 four-inch peat pots, and 132 GrowSAV Herbivory Exclusion Devices were installed throughout the river between the state park boundary to the north, and Rogers Park to the south. The planting event is documented in the Installation and Time Zero Report.

On June 26, 2025, Sea & Shoreline biologists returned to the project site to perform the one-month post-installation monitoring event. This report is the first of four formal monitoring reports designed to quantify the success of the project.

2. Methodology

The restoration site covers an 8.79-acre footprint of the river bottom that generally stretches from the Weeki Wachee Springs State Park boundary to Rodgers Park as shown in **Map 1**. MPUs were planted on roughly three feet spacing throughout this footprint. Additionally, 132 GrowSAV Herbivory Exclusion Devices were installed over 660 peat pot planting units (5 PUs per device) at five locations throughout the river (**Map 2)**.

Assessment of the survival, health and growth of the planting units below herbivory exclusion devices and outside of herbivory exclusion devices was collected. This included benthic community composition, assessments of planting unit survival, *V. neotropicalis* shoot density, percent cover, canopy height, and general notes on site conditions.

Benthic community composition was monitored with a 0.25-m^2 quadrat by Sea & Shoreline biologists using mask snorkel. Supplementary photo-quadrats of the river bottom were collected at each of the monitored sample stations. All imagery was reviewed in the laboratory to verify SAV species composition and will serve as archival evidence of project performance.

2.1 Survival of Planting Units

Survival of planting units were assessed by noting the presence or absence of healthy *V. neotropicalis.* Survival was defined as the presence of a single shoot, as even a single shoot indicates association with a growing rhizome (Fonseca et al., 1998).

2.2 *V. neotropicalis* Shoot Density

V. neotropicalis shoot density was estimated at each sample station by placing a 10 x 10 cm quadrat in the center of each monitoring quadrat and manually counting all the shoots present. Shoot count data was then multiplied by 100 to obtain shoot densities in the number of shoots per square meter (shoots m^{-2}).

2.3 *V. neotropicalis* Visual Assessment of Braun-Blanquet Coverage

The coverage of each SAV species, total SAV community, macroalgae and total macroalgal community in the planting and reference sites were evaluated using the Braun-Blanquet visual assessment method in 0.25-m^2 quadrats (Table 3; Braun-Blanquet 1965, Kenworthy et al. 1992, Fourqurean et al. 2001).

2.4 *V. neotropicalis* Canopy Height

In the same 10 x 10 cm quadrats used for shoot counts, the canopy height of the benthic plant community (SAV and/or macroalgae) was measured *in situ* by the observer using a metric ruler. All values were rounded to the nearest 1 cm.

3. Results

3.1 Survival of Planting Units

Planting unit survival was 99.2% inside of herbivory exclusion devices as plants were observed in a total of 131 of 132 devices. Survival of MPUs was estimated to be approximately 80% during this monitoring campaign.

3.2 *V. neotropicalis* Shoot Density

Mean shoot density was greater for plants located below GrowSAV Herbivory Exclusion Devices (540 shoots m^{-2}) than for unprotected planting units (140 shoots m^{-2}).

3.3 *V. neotropicalis* Visual Assessment of Braun-Blanquet Coverage

Mean Braun-Blanquet score was a 2 for planting units inside of GrowSAV Herbivory Exclusion Devices and a 0.5 for unprotected planting units. Macroalgae was not observed at any sample stations.

3.4 V. *neotropicalis* Canopy Height

Mean canopy height was taller within GrowSAV Herbivory Exlusion Devices (40 cm) compared to unprotected planting units (4 cm).

4. Discussion

The results of the one-month post-installation monitoring campaign suggest that nearly all protected planting units (99.2%) and about 80% of MPUs have survived the out-planting process. Greater canopy height, shoot count, and percent cover was found below protective Herbivory Exclusion Devices, which is expected at this point in the project.

Qualitatively, both protected and unprotected planting units appear to be in very good condition. In unprotected parts of the river, mean SAV density is higher than when first transplanted, as vegetative runners were observed on many of the MPUs that were identified. Both spread and an increase in canopy height was observed below Herbivory Exclusion Devices which is a clear indicator that planting units have acclimated to their new location.

The initial success of relocation may be partially attributable to the dredging and the use of GrowSAV Herbivory Exclusion Devices that provide protection from herbivory while mitigating some of the hydrodynamic influences of the site.

In summary, the biological assessments of survival, density and cover of SAV during this one-month post-installation monitoring campaign indicated that transplanted *V. neotropicalis* is healthy and thriving. There was limited evidence of plant mortality; therefore, the amount of SAV present in the relocation or planting site is currently meeting project requirements.

(c) The application for renewal must be submitted to the county attorney's office no later than ninety (90) days before expiration and the board shall review all COPCNs within sixty (60) days of their expiration and, without the necessity of a public hearing, may issue renewals when such renewal supports public convenience and necessity.

(d) Should the board determine not to renew a COPCN, it shall notify the holder in writing within thirty (30) days of the expiration of the COPCN of its intended action and the reasons for non-renewal.

Sec. 15-90. Grounds for revocation, alteration or suspension.

(a) Every COPCN issued under this article shall be subject to revocation, alteration or suspension by the board when it appears that:

(1) The operator has failed or neglected to render all services authorized by his/her COPCN for a period of three (3) consecutive days during any calendar year without reasonable cause;

(2) The operator has been convicted of a felony or any criminal offense involving moral turpitude;

(3) The COPCN was obtained through an application in which any material fact was omitted or falsely stated;

(4) The operator has permitted any vehicle to be operated in violation of the laws of Florida or this article, which violation results in a conviction of the driver or operator of the vehicle of a misdemeanor in the second degree or greater;

(5) The operator has permitted any person or employee to provide service under his COPCN without that person possessing the appropriate license, certificate or permit as required by this article and chapter 401, Florida Statutes;

(6) The operator has failed to comply with any of the provisions of this article, chapter 401, Florida Statutes, or chapter 64J-1 of the Florida Administrative Code, as amended from time to time;

(7) The operator, his agents or employees have been found guilty of malpractice or negligence in the operation of the service;

(8) The operator knowingly allows his agents or employees to violate the provisions of this article, chapter 401, Florida Statutes or chapter

64J-1 of the Florida Administrative Code, as amended from time to time or any other applicable state or federal law.

(9) Any other good cause, or as provided for otherwise in this article.

(b) Proceedings for investigation and recommending of revocation, alteration or suspension of a COPCN, and any hearing to be held based upon this investigation, shall be undertaken by the board. All complaints shall be investigated within forty-five (45) days and a report thereon made to the board, together with findings and recommendations. If revocation, alteration or suspension of any COPCN appears warranted, the board shall give fifteen (15) days' notice to the operator holding the COPCN that the same will be considered at a specific board meeting, provided the date of such meeting shall not be less than five (5) days from the date of the notice. The board shall thereupon undertake to consider the complaint and either revoke, alter or suspend the COPCN or dismiss the complaint.

Sec. 15-91. Transfer or assignment.

No COPCN issued under this article shall be assigned or transferred by the person to whom it is issued except upon approval of the board. Such approval shall be granted in the same manner and subject to the same application requirements and procedures as original applications for COPCNs. Any majority transfer of shares of

stock or interest of any person or operator so as to cause a change in the directors, officers, majority stockholders or managers of such person or operator shall be deemed a transfer or assignment as contemplated by this article and subject to the same rules and regulations as any other transfer or assignment. Further, and in addition to this definition of an event constituting a transfer, any action as stated under chapter 401, Florida Statutes, which defines an assignment and/or transfer shall be deemed by the board to be a transfer or assignment.

Sec. 15-92. Daily record.

Every operator shall maintain a daily record in which shall be recorded the place of origin, time of call, time of dispatch, time of arrival at scene, time left for destination, and charges for each trip made, along with such operating and patient information required by the board. Pursuant to § 401.30, Fla. Stat., the names of patients and other patient-identifying information is confidential and exempt from the provisions of Chapter 119, Florida Statutes, and may not be disclosed without the consent of the patient except as provided in § 401.30(4), Florida Statutes. Every operator shall retain and preserve all daily logs for at least five (5) years and such logs shall be available for inspection by the board upon request, subject to the confidentiality and exemption provisions of Chapters 119 and 401, Florida Statutes. Falsification of a record shall be grounds for revocation, alteration or suspension of

the operator's COPCN.

Sec. 15-93. Maintenance of records.

Each operator shall keep accurate records of receipts for service rendered, operating and other expenses, capital expenditures and such other operating and patient information required by the board or under the provisions of chapter 401, Florida Statutes, and chapter 64J-1 of the Florida Administrative Code. Pursuant to § 401.30, Florida Statutes, the names of patients and other patient-identifying information is confidential and exempt from the provisions of Chapter 119, Florida Statutes, and may not be disclosed without the consent of the patient except as provided in § 401.30(4), Florida Statutes.

Sec. 15-94. Administration and enforcement of ordinance.

Responsibility for the administration and enforcement of the provisions of this article is vested in the county administrator. The operator's failure to comply with this article will result in a report by the county administrator to the board for further action, which may include suspension or revocation of the operator's COPCN.

Sec. 15-95. Violations and penalties.

Any person, firm or corporation failing to comply with any provision of this article shall be prosecuted as described in chapter 2, article III, as amended from time to time.

TITLE
Budget Resolutions to Transfer Funds to Cover Additional Billing for Medical Insurance Self Insurance Funds for FY 2024-25

BRIEF OVERVIEW
During FY2024, claims were higher than anticipated; hence, the Medical Self-Insurance fund (5121) needed to be adjusted down to reflect the higher expenses. The attached reducing resolution is bringing the balance down for that reason.

Separately, reserves in the Medical Insurance Self-Insurance Fund need to total two months of estimated claims; hence, the second attached resolution restores the fund to that level. The amount is derived from actuarial projected information provided by the insurance broker.

FINANCIAL IMPACT
The attached resolutions and supporting information show the applicable increase/decrease to various departments and accounts to support the additional billing.

The attached reducing budget resolution adjusts the Medical Insurance Self-Insurance Fund (5121) by ($2,192,560).

The second attached budget resolution increases the transfer revenues to the Medical Insurance Self-Insurance Fund (5121) by 3,078,000. That amount is spread out among all the funds & departments proportionally, as shown in the attached information.

LEGAL NOTE
The Board is authorized to act on this matter pursuant to Section 129.06, Florida Statutes.

RECOMMENDATION
It is recommended the Board approve and authorize the Chairman's signature on the attached budget resolutions to cover additional billing for medical insurance self-insurance fund for FY 2024-25.

C. Reference Standards:

Reference to standards, specifications, manuals, or codes of any technical society, organization, or association, or to laws or regulations, whether such reference be specific or by implication, shall mean the standard, specification, manual, code, or laws or regulations in effect at the time of opening of bids (or on the effective date of the Contract if there were no bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard, specification, manual or code, or any instruction of a supplier shall be effective to change the duties or responsibilities of County, Vendor/Contractor, or Engineer, or any of their subcontractors, consultants, agents, or employees from those set forth in the Contract Documents. No such provision or instruction shall be effective to assign to County, or Engineer, or any of their related entities, any duty or authority to supervise or direct the performance of the work or any duty or authority to undertake responsibility inconsistent with the provisions of the Contract Documents.

D. If, during the performance of the work, the Vendor/Contractor discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents or between the Contract Documents and any provision of any law or regulation applicable to the performance of the work or of any standard, specification, manual or code, or of any instruction of any supplier, Vendor/Contractor shall promptly report it to Engineer in writing. Vendor/Contractor shall not proceed with the

work affected thereby until an amendment or supplement to the Contract Documents has been issued. The more stringent requirements shall apply unless otherwise approved.

E. The Vendor/Contractor shall take no advantage of any error or omission in the plans or of any discrepancy between the plans and specifications, and the professional shall make such interpretation as may be deemed necessary for the fulfillment of the intent of the plans and specifications as construed by him and his decision shall be final.

F. Vendor/Contractor shall make reasonable efforts to identify potential changes which may enhance efficiency, reliability, serviceability or economy of operation, accelerate the construction schedule, reduce cost of construction, or otherwise enhance any benefits to Hernando County. The Vendor/Contractor, in its reasonable judgment, may propose in writing to Hernando County any such potential change, along with its proposed effect on the cost of the work or the installation schedule. Hernando County shall consider any such proposed change in good faith and may, in its sole discretion, approve in writing any such change.

G. Reuse of Documents:

1. Vendor/Contractor and any subcontractor or supplier shall not:

    b. Reuse any of such drawings, specifications, other documents, or copies thereof on extensions of the project or any other project without written consent of County and Engineer and specific written verification or adaptation by Engineer.

H. Electronic Data:

1. Copies of data furnished by County or Engineer to Vendor/Contractor that may be relied upon are limited to the printed copies (also known as hard copies). Files in electronic media format of text, data, graphics, or other types are furnished only for the convenience of the receiving party. Any conclusion or information obtained or derived from such electronic files will be at the user's sole risk. If there is a discrepancy between the electronic files and the hard copies, the hard copies govern.

2. Because data stored in electronic media format can deteriorate or be modified inadvertently or otherwise without authorization of the data's creator, the party receiving electronic files agrees that it will perform acceptance tests or procedures within sixty (60) days, after which the receiving party shall be deemed to have accepted the data thus

transferred. Any errors detected within the sixty (60) day acceptance period will be corrected by the transferring party.

3. When transferring documents in electronic media format, the transferring party makes no representations as to long term compatibility, usability, or readability of documents resulting from the use of software application packages, operating systems, or computer hardware differing from those used by the data's creator.

9.5. COMPLIANCE WITH OCCUPATIONAL SAFETY AND HEALTH ACT (OSHA)

County will not be responsible for Vendor/Contractor's failure to perform the work in accordance with the Contract Documents.

H. Undisclosed Hazardous Environmental Condition: Owner's responsibility regarding undisclosed hazardous environmental conditions is set forth in the Contract Documents.

A. County Designated Representative: The duties and responsibilities and the limitations of authority of the County Designated Representative during construction are set forth in the Contract Documents and will not be changed without written consent of County.

B. Visits to Site:

1. County Designated Representative will make visits to the site at intervals appropriate to the various stages of construction as the County Designated Representative deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of Vendor/Contractor's executed work. Based on information obtained during such visits and observations, the County Designated Representative will determine, in general, if the work is proceeding in accordance with the Contract Documents. The County Designated Representative will not be required to make exhaustive or continuous inspections on the site to check the quality or quantity of the work. County Designated Representative's efforts will be directed toward providing for County a greater degree of confidence that the completed work will conform generally to the Contract Documents. On the basis of such visits and observations, County Designated Representative will keep County informed of the progress of the work and will endeavor to guard County against defective work.

2. County Designated Representative's visits and observations are subject to all the limitations on County Designated Representative's authority and responsibility set forth in paragraph titled "LIMITATIONS ON COUNTY DESIGNATED REPRESENTATIVE'S AUTHORITY AND RESPONSIBILITIES". Particularly, but without limitation, during or as a result of County Designated Representative's visits or observations of Vendor/Contractor's work County Designated Representative will not supervise, direct, control, or have authority over or be responsible for Vendor/Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Vendor/Contractor to comply with laws and regulations applicable to the performance of the work.

C. Project Representative: If County and County Designated Representative agree, County Designated Representative will furnish a Resident Project Representative to assist County Designated Representative in providing more extensive observation of the work. The authority and responsibilities of any such Resident Project Representative and assistants is provided in

paragraph titled "LIMITATIONS ON COUNTY DESIGNATED REPRESENTATIVE'S AUTHORITY AND RESPONSIBILITIES", and limitations on the responsibilities thereof are provided below. If County designates another representative or agent to represent County at the site who is not Engineer's consultant, agent or employee, the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Contract Documents.

D. Authorized Variations in Work: County Designated Representative may authorize minor variations in the work from the requirements of the Contract Documents which do not involve an adjustment in the contract price or the contract times and are compatible with the design concept of the completed project as a functioning whole as indicated by the Contract Documents. These may be accomplished by a field order and will be binding on County and also on Vendor/Contractor, who shall perform the work involved promptly. If County or Vendor/Contractor believes that a field order justifies an adjustment in the contract price or contract times, or both, and the parties are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment, a claim may be made therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

E. Rejecting Defective Work: County Designated Representative will have authority to reject work which County Designated Representative believes to be defective, or that County Designated Representative believes will not produce a completed project that conforms to the Contract Documents or that will prejudice the integrity of the design concept of the completed project as a functioning whole as indicated by the Contract Documents. County Designated Representative will also have authority to require special inspection or testing of the work as provided in Section titled "TESTS AND INSPECTIONS; CORRECTIONS, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK: paragraph titled "TESTS AND INSPECTIONS", whether or not the work is fabricated, installed, or completed.

F. Determinations for Unit Price Work: County Designated Representative will determine the actual quantities and classifications of unit price work performed by Vendor/Contractor. County Designated Representative will review with Vendor/Contractor the County Designated Representative's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an application for payment or otherwise). County Designated Representative's written decision thereon will be final and binding (except as modified by County Designated Representative to reflect changed factual conditions or more accurate data) upon County and Vendor/Contractor, subject to the provisions Section titled "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" paragraph titled "VENDOR/CONTRACTOR'S FEE".

G. Decisions on Requirements of Contract Documents and Acceptability of Work:

1. County Designated Representative will be the initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the work thereunder. All matters in question and other matters between County and Vendor/Contractor arising prior to the

date final payment is due relating to the acceptability of the work, and the interpretation of the requirements of the Contract Documents pertaining to the performance of the work, will be referred initially to County Designated Representative in writing within thirty (30) days of the event giving rise to the question.

2. County Designated Representative will, with reasonable promptness, render a written decision on the issue referred and obtain County's approval to issue decision. If County or Vendor/Contractor believes that any such decision entitles them to an adjustment in the contract price or contract times or both, a claim may be made under the provision stated in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph entitled "CLAIMS".

3. County Designated Representative's written decision on the issue referred will be final and binding on County and Vendor/Contractor, subject to the provisions in paragraph titled "LIMITATIONS ON COUNTY DESIGNATED REPRESENTATIVE'S AUTHORITY AND RESPONSIBILITIES".

4. When functioning as interpreter and judge under paragraph titled "DECISIONS ON REQUIREMENTS OF CONTRACT DOCUMENTS AND ACCEPTABILITY OF WORK", County Designated Representative will not show partiality to County or Vendor/Contractor and will not be liable in connection with any interpretation or decision rendered in good faith in such capacity.

H. Limitations on County Designated Representative's Authority and Responsibilities:

1. Neither County Designated Representative's authority or responsibility under this paragraph or under any other provision of the Contract Documents nor any decision made by County Designated Representative in good faith either to exercise or not exercise such authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by County Designated Representative shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by County Designated Representative to Vendor/Contractor, any subcontractor, any supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

2. County Designated Representative will not supervise, direct, control, or have authority over or be responsible for Vendor/Contractor's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of Vendor/Contractor to comply with laws and regulations applicable to the performance of the work. County Designated Representative will not be responsible for Vendor/Contractor's failure to perform the work in accordance with the Contract Documents.

3. County Designated Representative will not be responsible for the acts or omissions of Vendor/Contractor or of any subcontractor, any supplier, or of any other individual or entity performing any of the work.

4. County Designated Representative's review of the application for payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by Section titled "PAYMENTS TO CONTRACTOR AND COMPLETION" paragraph titled "REVIEW OF APPLICATIONS" will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals that the results certified indicate compliance with the Contract Documents.

3. All materials and equipment will be new except as otherwise provided in the Contract Documents. All special warranties and guarantees required by the specifications shall expressly run to the benefit of County. If required by the County, the Vendor/Contractor will furnish satisfactory evidence (including reports of required tests and/or purchase receipts) as to the source, kind and quality of materials and equipment furnished.

4. All materials and equipment shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable manufacturer, supplier, fabricator or processors except as otherwise provided in the Contract Documents.

1. Vendor/Contractor shall adhere to the Progress Schedule requirements established in the Contract Documents as it may be adjusted from time to time as provided below.

   d. The Vendor/Contractor shall prepare schedules as a time scale logic diagram and bar chart unless otherwise approved by the County Designated Representative. Each major and minor portion of work or operation shall be clearly identified and tied by logical sequence to the shop drawing schedule and schedule of values. All schedules shall be prepared and submitted on 11 inch by 17 inch (11" X 17") paper.

D. Concerning Subcontractors, Suppliers and Others:

The Vendor/Contractor will not employ any subcontractor, supplier, other person or entity, whether initially or as a replacement, against whom the County may have reasonable objections, nor will the Vendor/Contractor be required to employ any subcontractor, supplier, or other individual or entity, against whom the Vendor/Contractor has reasonable objection.

2. The Vendor/Contractor will not make any substitution for any subcontractor who has been accepted by the County, unless the County determines that there is good cause for doing so.

3. The Vendor/Contractor will be fully responsible for all acts and omissions of his subcontractors, suppliers, and other individuals or entities performing or furnishing any of

the work just as Vendor/Contractor is responsible for Vendor/Contractor's own acts and omissions. Nothing contained in the Contract Documents:

a. Shall create for the benefit of any such subcontractor, supplier, or other individual or entity any contractual relationship between County or County Designated Representative and any such subcontractor, supplier or other individual or entity, nor

b. Shall anything in the Contract Documents create any obligation on the part of County or County Designated Representative to pay or to see to the payment of any moneys due any such subcontractor, supplier, or other individual or entity except as may otherwise be required by laws and regulations.

4. Vendor/Contractor shall be solely responsible for scheduling and coordinating the work of subcontractors, suppliers, and other individuals or entities performing or furnishing any of the work under a direct or indirect contract with Vendor/Contractor.

7. All work performed for Vendor/Contractor by a subcontractor or supplier will be pursuant to an appropriate agreement between Vendor/Contractor and the subcontractor or supplier which specifically binds the subcontractor or supplier to the applicable terms and conditions of the Contract Documents for the benefit of County and County Designated Representative. Whenever any such agreement is with a subcontractor or supplier who is listed as an additional insured on the property insurance as provided in the Contract Documents, the agreement between the Vendor/Contractor and the subcontractor or supplier will contain provisions whereby the subcontractor or supplier waives all rights against County, Vendor/Contractor, and County Designated Representative, and all other individuals or entities identified in the Contract Documents to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, consultants and subcontractors of each and any of them) for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the work. If the insurers on any such policies require separate waiver forms to be signed by any subcontractor or supplier, Vendor/Contractor will obtain the same.

8. The Vendor/Contractor agrees to bind specifically every subcontractor to the applicable terms and conditions of the Contract Documents for the benefit of the County.

9. The Vendor/Contractor shall not award work valued at more than fifty percent (50%) of the contract price to subcontractor(s), without prior written approval of the County.

Vendor/Contractor shall pay all license fees and royalties and assume all costs incident to the use in the performance of the work or the incorporation in the work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the work and if to the actual knowledge of County or County Designated Representative its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by County in the Contract Documents.

2. To the fullest extent permitted by laws and regulations, Vendor/Contractor shall indemnify and hold harmless County and County Designated Representative, and the officers, directors, partners, employees, agents, consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the work or resulting from the incorporation in the work of any invention, design, process, product, or device not specified in the Contract Documents.

B. Use Of Premises:

1. The Vendor/Contractor will confine his equipment, the storage of materials and equipment, and the operations of his workers to the areas permitted by law, ordinances, permits or the requirements of the Contract Documents and shall not unreasonably encumber the premises with materials or equipment.

2. The Vendor/Contractor shall confine the operation of workmen and equipment, and the storage of materials and equipment to the County's property or to other non-County property or in public right-of-way areas indicated on the contract drawings as including work to be done pursuant to the Contract Documents. In the event the Vendor/Contractor desires to have access to the project site or perform work or operations pertaining to the Contract on, over or from non-County property adjacent to the project site, the Vendor/Contractor shall obtain written authorization to do so from the respective adjacent property owner(s) prior to using such property. Such written authorization shall include a provision whereby the property owner agrees to hold the County harmless, and to defend the County, in the event of any liability, loss, injury, or claim incurred as a result of the Vendor/Contractors work or operations involving the use of the adjacent non-County

4. County Designated Representative's Review:

    a. County Designated Representative will provide timely review of shop drawings and samples in accordance with the Schedule of Submittals acceptable to County Designated Representative. County Designated Representative's review and approval will be only to determine if the items covered by the submittals will, after installation or incorporation in the work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed project as a functioning whole as indicated by the Contract Documents.

    b. County Designated Representative's review and approval shall not relieve Vendor/Contractor from responsibility for any variation from the requirements of the Contract Documents unless Vendor/Contractor has complied with the requirements and County Designated Representative has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the shop drawing or sample. 2. Removal of Debris During Performance of the Work: During the progress of the work Vendor/Contractor shall keep the site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable laws and regulations.

3. Prior to Substantial Completion of the work, Vendor/Contractor shall clean the site and the work and make it ready for utilization by County. At the completion of the work Vendor/Contractor shall remove from the site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

4. Loading Structures: Vendor/Contractor shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall Vendor/Contractor subject any part of the work or adjacent property to stresses or pressures that will endanger it.

C. Vendor/Contractor's General Warranty and Guarantee:

1. Vendor/Contractor warrants and guarantees to County that all work will be in accordance with the Contract Documents and will not be defective. County Designated Representative and its related entities shall be entitled to rely on representation of Vendor/Contractor's warranty and guarantee. All unsatisfactory work, all faulty work, and all work not

conforming to the requirements of the Contract Documents, or any inspections, test or approvals shall be considered defective. All defective work, whether or not in place, may be rejected, corrected or accepted as provided in the Bid Specification.

2. Vendor/Contractor's warranty and guarantee hereunder excludes defects or damage caused by:

    a. Abuse, modification, or improper maintenance or operation by persons other than Vendor/Contractor, subcontractors, suppliers, or any other individual or entity for whom Vendor/Contractor is responsible; or

    b. Normal wear and tear under normal usage.

3. Vendor/Contractor's obligation to perform and complete the work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of work that is not in accordance with the Contract Documents or a release of Vendor/Contractor's obligation to perform the work in accordance with the Contract Documents:

    a. Observations by County Designated Representative.

    b. Recommendation by County Designated Representative or payment by County of any progress or final payment.

    c. The issuance of a certificate of Substantial Completion by County Designated Representative or any payment related thereto by County.

    d. Use or occupancy of the work or any part thereof by County.

    e. Any review and approval of a shop drawing or sample submittal or the issuance of a notice of acceptability by County Designated Representative.

5. The Vendor/Contractor shall be responsible for installing, operating and maintaining all traffic control associated with the project, including detours, advance warnings, channelization or other features, both at the immediate work site and at any outlying points determined by the County to be necessary to satisfy project requirements and to maintain safe operations at the landfill. If traffic control is necessary, the Vendor/Contractor shall prepare a detailed traffic control plan. This plan shall be approved in writing by the County prior to implementation by the Vendor/Contractor.

D. Delegation of Professional Design Services:

1. Vendor/Contractor will not be required to provide professional design services unless such services are specifically required by the Contract Documents for a portion of the work or unless such services are required to carry out Vendor/Contractor's responsibilities for construction means, methods, techniques, sequences and procedures. Vendor/Contractor shall not be required to provide professional services in violation of applicable law.

2. If professional design services or certifications by a design professional related to systems, materials or equipment are specifically required of Vendor/Contractor by the Contract Documents, County and County Designated Representative will specify all performance and design criteria that such services must satisfy. Vendor/Contractor shall cause such services or certifications to be provided by a properly licensed professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, shop drawings and other submittals prepared by such professional. Shop drawings and other submittals related to the work designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to County Designated Representative.

3. County and County Designated Representative shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications or approvals performed by such design professionals, provided County and County Designated Representative have specified to Vendor/Contractor all performance and design criteria that such services must satisfy.

4. County Designated Representative's review and approval of design calculations and design drawings will be only for the limited purpose of checking for conformance with performance and design criteria given and the design concept expressed in the Contract Documents. County Designated Representative's review and approval of shop drawings and other submittals (except design calculations and design drawings) will be only for the purpose of determining if the items covered by the submittals will, after installation or incorporation in the work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed project as a functioning whole as indicated by the Contract Documents.

5. Vendor/Contractor shall not be responsible for the adequacy of the performance or design criteria required by the Contract Documents.

9.12. AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS; REFERENCE POINTS:

A. Availability of Lands:

1. County shall furnish the site. County shall notify Vendor/Contractor of any encumbrances or restrictions not of general application but specifically related to use of the site with which

Vendor/Contractor must comply in performing the work. County will obtain in a timely manner and pay for easements for permanent structures or permanent changes in existing facilities. If Vendor/Contractor and County are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the contract price or contract times, or both, as a result of any delay in County's furnishing the site or a part thereof, Vendor/Contractor may make a claim therefore as provided in the Contract Documents.

2. Upon reasonable written request, County shall furnish Vendor/Contractor with a current statement of record legal title and legal description of the lands upon which the work is to be performed and County's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable laws and regulations.

3. Vendor/Contractor shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

B. Subsurface and Physical Conditions:

1. Reports and Drawings:

a. Those reports of explorations and tests of subsurface conditions at or contiguous to the site that County Designated Representative has used in preparing the Contract Documents; and

b. Those drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the site (except underground facilities) that Engineer has used in preparing the Contract Documents will be included in the Contract Documents as Attachments.

2. Limited reliance by Vendor/Contractor on technical data authorized: Vendor/Contractor may rely upon the general accuracy of the technical data contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such technical data is identified in the Contract Documents. Except for such reliance on such technical data, Vendor/Contractor may not rely upon or make any claim against County or Engineer, or any of their related entities with respect to:

a. The completeness of such reports and drawings for Vendor/Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by Vendor/Contractor,

b. Other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

c. Any Vendor/Contractor interpretation of or conclusion drawn from any technical data or any such other data, interpretations, opinions, or information.

3. Differing Subsurface or Physical Conditions:

    a. Notice: If Vendor/Contractor believes that any subsurface or physical condition at or contiguous to the site that is uncovered or revealed either:

        i. Is of such a nature as to establish that any technical data on which Vendor/Contractor is entitled to rely as provided in Titled "UNDERGROUND FACILITIES" is materially inaccurate; or

        ii. Is of such a nature as to require a change in the Contract Documents; or

        iii. Differs materially from that shown or indicated in the Contract Documents; or

        iv. Is of an unusual nature and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents; then Vendor/Contractor shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any work in connection therewith, notify County and County Designated Representative in writing about such condition. Vendor/Contractor shall not further disturb such condition or perform any work in connection therewith until receipt of written order to do so.

    b. County Designated Representative's Review: After receipt of written notice, County Designated Representative will promptly review the pertinent condition, determine the necessity of County's obtaining additional exploration or tests with respect thereto, and advise County in writing (with a copy to Vendor/Contractor) of County Designated Representative's findings and conclusions.

    c. Possible Price and Times Adjustments:

        i. The contract price or the contract times, or both, will be equitably adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in Vendor/Contractor's cost of, or time required for, performance of the work, subject, however, to the following:

            I. Such condition must meet any one (1) or more of the categories described in Section Titled "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" paragraph titled "DELAYS" and

            II. With respect to work that is paid for on a unit price basis, any adjustment in contract price will be subject to the provisions of stated in the Contract Documents.

        ii. Vendor/Contractor shall not be entitled to any adjustment in the contract price or contract times if:

I. Vendor/Contractor knew of the existence of such conditions at the time Vendor/Contractor made a final commitment to County with respect to contract price and contract times by the submission of a bid or becoming bound under a negotiated Contract; or

II. The existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the site and contiguous areas required by the bidding requirements or Contract Documents to be conducted by or for Vendor/Contractor prior to Vendor/Contractor's making such final commitment; or

III. Vendor/Contractor failed to give the written notice as required by provisions above.

iii. If County and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the contract price or contract times, or both, a claim may be made therefore as provided in Contract Documents. However, County and County Designated Representative, and any of their related entities shall not be liable to Vendor/Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by Vendor/Contractor on or in connection with any other project or anticipated project.

4. Underground Facilities:

a. Shown or Indicated: The information and data shown or indicated in the Contract Documents with respect to existing underground facilities at or contiguous to the site is based on information and data furnished to Owner or Engineer by the owners of such underground facilities, including County, or by others. Unless it is otherwise expressly provided in the Bid documents:

i. County and Engineer shall not be responsible for the accuracy or completeness of any such information or data; and

ii. The cost of all of the following will be included in the contract price, and Vendor/Contractor shall have full responsibility for:

I. Reviewing and checking all such information and data,

II. Locating all underground facilities shown or indicated in the Contract Documents,

III. Coordination of the work with the owners of such underground facilities, including County, during construction, and

IV. The safety and protection of all such underground facilities and repairing any damage thereto resulting from the work.

iii. The Vendor/Contractor shall locate all existing utilities, vertical and horizontal, prior to commencement of construction and any excavation.

b. Not Shown or Indicated:

i. If an underground facility is uncovered or revealed at or contiguous to the site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the Contract Documents, Vendor/Contractor shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any work in connection therewith, identify the owner of such underground facility and give written notice to that owner and to County and Engineer. Engineer will promptly review the underground facility and determine the extent, if any, to which a change is required in the Contract Documents to reflect and document the consequences of the existence or location of the underground facility. During such time, Vendor/Contractor shall be responsible for the safety and protection of such underground facility.

ii. If Engineer concludes that a change in the Contract Documents is required, a Change Order will be issued to reflect and document such consequences. An equitable adjustment shall be made in the contract price or contract times, or both, to the extent that they are attributable to the existence or location of any underground facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the Contract Documents and that Vendor/Contractor did not know of and could not reasonably have been expected to be aware of or to have anticipated. If County and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment in contract price or contract times, County or Vendor/Contractor may make a claim therefore as provided in the Contract Documents.

c. Obstructions:

i. Any pipes, conduits, wires, mains, footings, driveways, or other structures encountered shall be carefully protected from injury or displacement. Any damage thereto shall be fully, promptly, and properly repaired by the Vendor/Contractor to the satisfaction of the County Designated Representative and the County thereof. Should it become necessary to change the position of water or gas or other pipes, sewer drains, or poles, the Engineer shall be at once notified of the locality and circumstances, and no claims for damages arising from the delay in adjusting the pipe, sewer drains or poles shall be made. Failure of the plans to show the locations, nature or extent of any existing structures or obstructions shall not be the basis of a

claim for extra work. Any survey monument or bench mark which must be disturbed shall be carefully referenced before removal, and unless otherwise provided for, shall be replaced upon completion of the work by a registered land surveyor. Any survey monuments or bench markers which are disturbed shall be replaced by a Florida registered land surveyor.

9.13. AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; HAZARDOUS ENVIRONMENTAL CONDITIONS; REFERENCE POINTS: (continued)

A. Reference Points:

1. County shall provide engineering surveys to establish reference points for construction which in County Designated Representative's judgment are necessary to enable Vendor/Contractor to proceed with the work. Vendor/Contractor shall be responsible for laying out the work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of County. Vendor/Contractor shall report to County Designated Representative whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

2. Vendor/Contractor will furnish all surveys and construction stakeouts unless otherwise specified. The Vendor/Contractor will provide horizontal control and benchmarks or elevations for vertical control. The number and extent of such control will be designated to the Vendor/Contractor by the County Designated Representative prior to bid opening, upon request. It shall be the responsibility of the Vendor/Contractor to check all stakes as set by the Engineer for possible error. The Vendor/Contractor shall furnish, free of charge, all additional stakes, all templates, and other materials necessary for marking and maintaining points and lines given. The Vendor/Contractor shall be held responsible for the preservation of all stakes and marks, and if any of the stakes or marks are destroyed or disturbed, the cost of replacing them shall be charged against, and shall be deducted from the payment for the work. The Vendor/Contractor shall be responsible for any mistakes that may be caused by their unnecessary loss or disturbance.

3. The Vendor/Contractor shall provide reasonable and necessary opportunities and facilities for setting points and making measurements. He shall not proceed until he has made timely demand upon the County Designated Representative for, and received from him, such points as may be necessary as the work progresses. The work shall be done in strict conformity with such points.

a. Alignment Markers. The markers for alignment and location information which are shown on the plans have been previously established by a Florida registered land surveyor. Monuments and other field markers consist of railroad spikes, iron pins, concrete monuments, and other markers in customary use in the area. The Vendor/Contractor shall lay out his work from these markers and shall be responsible for all measurements in connection therewith. The Vendor/Contractor shall preserve all alignment and right-of-way markers, and shall reset or replace at his own expense, any and all which are removed, destroyed or covered up by his work. In the event that additional markers, stakes or monuments are required, or in the event that previously established markers must be replaced, the Vendor/Contractor shall employ a Florida registered land surveyor to reset or replace them.

b. Benchmarks. The Vendor/Contractor shall lay out his work from benchmarks and elevations set by the Engineer. Benchmarks and elevations set by the Engineer will be shown and explained to the Vendor/Contractor. Thereafter, these benchmarks and elevations become the sole responsibility of the Vendor/Contractor, and if replacement is required, either at the request of the Vendor/Contractor or in the judgment of the County Designated Representative, the Vendor/Contractor shall pay for the cost of replacement. The Vendor/Contractor shall furnish, at his own expense, all templates, stakes, equipment, labor and materials as may be required in laying out any part of the work.

B. Hazardous Environmental Condition at Site:

1. Reports and Drawings: Any reports and drawings relating to a hazardous environmental condition identified at the site, if any, that have been utilized by the Engineer in the preparation of the Contract Documents will be included in the Contract Documents as Attachments under Reference Documents.

2. Limited Reliance by Vendor/Contractor on Technical Data Authorized: Vendor/Contractor may rely upon the general accuracy of the technical data contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such technical data is identified in the Technical Specifications. Except for such reliance on such technical data, Vendor/Contractor may not rely upon or make any claim against County or Engineer, or any of their related entities with respect to:

a. The completeness of such reports and drawings for Vendor/Contractor's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by Vendor/Contractor and safety precautions and programs incident thereto; or

b. Other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings.

3. Vendor/Contractor shall not be responsible for any hazardous environmental condition uncovered or revealed at the site which was not shown or indicated in drawings or specifications or identified in the Contract Documents to be within the scope of the work. Vendor/Contractor shall be responsible for a hazardous environmental condition created with any materials brought to the site by Vendor/Contractor, subcontractors, suppliers, or anyone else for whom Vendor/Contractor is responsible.

4. If Vendor/Contractor encounters a hazardous environmental condition or if Vendor/Contractor or anyone for whom Vendor/Contractor is responsible creates a hazardous environmental condition, Vendor/Contractor shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all work in connection with such condition and in any area affected thereby; and (iii) notify County and County Designated Representative (and promptly thereafter confirm such notice in writing). County shall promptly consult with County Designated Representative concerning the necessity for County to retain a qualified expert to evaluate such condition or take corrective action, if any.

5. Vendor/Contractor shall not be required to resume work in connection with such condition or in any affected area until after County has obtained any required permits related thereto and delivered to Vendor/Contractor written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of work; or (ii) specifying any special conditions under which such work may be resumed safely. If County and Vendor/Contractor cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in contract price or contract times, or both, as a result of such work stoppage or such special conditions under which work is agreed to be resumed by Vendor/Contractor, either party may make a claim therefore as provided in the Contract Documents.

6. If after receipt of such written notice Vendor/Contractor does not agree to resume such work based on a reasonable belief it is unsafe or does not agree to resume such work under such special conditions, then County may order the portion of the work that is in the area affected by such condition to be deleted from the work. If County and Vendor/Contractor cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in contract price or contract times as a result of deleting such portion of the work, then either party may make a claim therefore as provided in the Contract Documents. Owner may have such deleted portion of the work performed by County’s own forces or others in accordance with Section "Other Work at the Site".

7. The provisions in this paragraph do not apply to a hazardous environmental condition uncovered or revealed at the site.

9.14. PRE-CONSTRUCTION CONFERENCE

Within twenty-one (21) calendar days after the effective date of the contract, but before Vendor/Contractor starts the work at the site, a conference attended by Vendor/Contractor, County Designated Representative, and other County staff personnel as appropriate will be held to discuss such topics as may include, but not limited to; schedules, procedures for handling shop drawings and other submittals and for processing Applications for Payment, MOT, initiation of coordination with affected utilities, agreement upon the Notice to Proceed date, and to establish a working understanding among the parties as to the work.

9.15. INITIAL ACCEPTANCE OF SCHEDULES:

At least ten (10) days before submission of the first application for payment, a conference attended by Vendor/Contractor, County Designated Representative, and others as appropriate will be held to review for acceptability to County Designated Representative. Vendor/Contractor shall have an additional ten (10) days to make corrections and adjustments and to complete and re-submit the schedules. No progress payment shall be made to Vendor/Contractor until acceptable schedules are submitted to County Designated Representative.

A. The Progress Schedule will be acceptable to County Designated Representative if it provides an orderly progression of the work to completion within the contract times. Such acceptance will not impose on County Designated Representative responsibility for the Progress Schedule, for sequencing, scheduling, or progress of the work nor interfere with or relieve Vendor/Contractor from Vendor/Contractor's full responsibility, therefore.

B. Vendor/Contractor's Schedule of Submittals will be acceptable to County Designated Representative if it provides a workable arrangement for reviewing and processing the required submittals.

C. Vendor/Contractor's Schedule of Values will be acceptable to County Designated Representative as to form and substance if it provides a reasonable allocation of the contract price to component parts of the work.

9.16. CHANGES IN THE WORK; CLAIMS:

A. Authorized Changes in the Work:

1. Without invalidating the Contract and without notice to any surety, County may, subject to written approval by Agency at any time or from time to time, order additions, deletions, or revisions in the work by a Change Order. Upon receipt of any such document, Vendor/Contractor shall promptly proceed with the work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).

2. If County and Vendor/Contractor are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the contract price or contract times, or both, that

should be allowed as a result of a change order, a claim may be made therefor as provided in the Paragraph titled: "CLAIMS" below.

B. Unauthorized Changes in the Work: Vendor/Contractor shall not be entitled to an increase in the contract price or an extension of the contract times with respect to any work performed that is not required by the Contract Documents as amended, modified, or supplemented, except in the case of an emergency as stated in Paragraph titled "EMERGENCIES" above, or in the case of uncovering work as stated in Paragraph titled "UNCOVERING WORK", below.

C. Execution of Change Orders:

1. County and Vendor/Contractor shall execute appropriate change orders recommended by County Designated Representative covering:

   a. Changes in the work which are: (i) ordered by County pursuant to Paragraph titled "AUTHORIZED CHANGED IN THE WORK" above, (ii) required because of acceptance of defective work pursuant to Paragraph titled "ACCEPTANCE OF DEFECTIVE WORK", below or County's correction of defective work pursuant to Paragraph titled "COUNTY MAY CORRECT DEFECTIVE WORK", below or (iii) agreed to by the parties.

   b. Changes in the contract price or contract times which are agreed to by the parties, including any undisputed sum or amount of time for work actually performed in accordance with a change order; and

   c. Changes in the contract price or contract times which embody the substance of any written decision rendered by County Designated Representative pursuant to Section titled "TESTS AND INSPECTIONS: CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK", below ; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the Contract Documents and applicable laws and regulations, but during any such appeal, Vendor/Contractor shall carry on the work and adhere to the Progress Schedule as provided in Section titled "STARTING THE WORK", above.

2. The contract price constitutes the total compensation payable to the Vendor/Contractor for performing the work. All duties, responsibilities and obligations assigned to or undertaken by the Vendor/Contractor shall be at his expense without change in the contract price. The Contract Price may only be changed by a change order. Any claim for an increase in the Contract Price shall be in writing and delivered to the County Designated Representative within fifteen (15) days of the occurrence of the event giving rise to the claim. All claims for adjustment in the contract price shall be determined by the County Designated Representative. Any change in the contract price shall be incorporated in a change order.

D. Notification to Surety: If notice of any change affecting the general scope of the work or the provisions of the Contract Documents (including, but not limited to, contract price or contract

times) is required by the provisions of any bond to be given to a surety, the giving of any such notice will be Vendor/Contractor's responsibility. The amount of each applicable bond will be adjusted to reflect the effect of any such change.

E. Claims:

1. Chief Procurement Officer's Decision Required: All claims, except those waived pursuant to Paragraph titled "WAIVER OF CLAIMS", below, shall be referred to the Chief Procurement Officer for decision. A decision by the Chief Procurement Officer shall be required as a condition precedent to any exercise by County or Vendor/Contractor of any rights or remedies either may otherwise have under Paragraph titled "OWNER MAY CORRECT DEFECTIVE WORK", below or by laws and regulations in respect of such claims.

2. Notice: Written notice stating the general nature of each claim shall be delivered by the claimant to the Chief Procurement Officer and the other party to the Contract promptly (but in no event later than thirty (30) days) after the start of the event giving rise thereto. The responsibility to substantiate a claim shall rest with the party making the claim. Notice of the amount or extent of the claim, with supporting data shall be delivered to the Chief Procurement Officer and the other party to the Contract within sixty (60) days after the start of such event (unless the Chief Procurement Officer allows additional time for claimant to submit additional or more accurate data in support of such claim). A claim for an adjustment in contract price shall be prepared in accordance with the provisions of Paragraph titled "CHANGE OF CONTRACT PRICE", above. A claim for an adjustment in Contract Time shall be prepared in accordance with the provisions of Paragraph titled "CHANGE OF CONTRACT TIMES". Each claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to the Chief Procurement Officer and the claimant within thirty (30) days after receipt of the claimant's last submittal (unless the Chief Procurement Officer allows additional time).

3. Chief Procurement Officer's Action: Chief Procurement Officer will review each claim and, within thirty (30) days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one (1) of the following actions in writing:

   a. Deny the claim in whole or in part,

   b. Approve the claim, or

   c. Notify the parties that the Chief Procurement Officer is unable to resolve the claim if, in the Chief Procurement Officer's sole discretion, it would be inappropriate for the Chief Procurement Officer to do so. For purposes of further resolution of the claim, such notice shall be deemed a denial.

4. In the event that Chief Procurement Officer does not take action on a claim within said thirty (30) days, the claim shall be deemed denied.

5. Chief Procurement Officer's written action or denial pursuant to Paragraphs 3. and 4., above will be final and binding upon County and Vendor/Contractor, unless County or Vendor/Contractor invoke the dispute resolution procedure set forth in Section titled "DISPUTE RESOLUTION" within thirty (30) days of such action or denial.

6. No claim for an adjustment in contract price or contract times will be valid if not submitted in accordance with the provisions stated in Section titled "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES".

9.17. COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK

A. Cost of the Work:

1. Costs Included: The term cost of the work means the sum of all costs, except those excluded according to Section titled "COSTS EXCLUDED" below, necessarily incurred and paid by Vendor/Contractor in the proper performance of the work. When the value of any work covered by a change order or when a claim for an adjustment in contract price is determined on the basis of cost of the work, the costs to be reimbursed to Vendor/Contractor will be only those additional or incremental costs required because of the change in the work or because of the event giving rise to the claim. Except as otherwise may be agreed to in writing by County, such costs shall be in amounts no higher than those prevailing in the locality of the project, shall include only the following items, and shall not include any of the costs itemized in Section titled "COSTS EXCLUDED".

   a. Payroll costs for employees in the direct employ of Vendor/Contractor in the performance of the work under schedules of job classifications agreed upon by County and Vendor/Contractor. Such employees shall include, without limitation, superintendents, foremen, and other personnel employed full time at the site. Payroll costs for employees not employed full time on the work shall be apportioned on the basis of their time spent on the work.    b. Cost of all materials and equipment furnished and incorporated in the work, including costs of transportation and storage thereof, and suppliers' field services required in connection therewith. All cash discounts shall accrue to Vendor/Contractor unless County deposits funds with Vendor/Contractor with which to make payments, in which

case the cash discounts shall accrue to County. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to County, and Vendor/Contractor shall make provisions so that they may be obtained.

c. Payments made by Vendor/Contractor to subcontractors for work performed by subcontractors. If required by County, Vendor/Contractor shall obtain competitive bids from subcontractors acceptable to County and Vendor/Contractor and shall deliver such bids to County, who will then determine, with the advice of County Designated Representative, which bids, if any, will be acceptable. If any subcontract provides that the subcontractor is to be paid on the basis of cost of the work plus a fee, the subcontractor's cost of the work and fee shall be determined in the same manner as Vendor/Contractor's cost of the work and fee as provided in this Section titled "COST OF THE WORK".

d. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the work.

e. Supplemental costs including the following:

   ii. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the site, and hand tools not owned by the workers, which are consumed in the performance of the work, and cost, less market value, of such items used but not consumed which remain the property of Vendor/Contractor.

   iii. Rentals of all construction equipment and machinery, and the parts thereof whether rented from Vendor/Contractor or others in accordance with rental agreements approved by County with the advice of the County Designated Representative, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the work.

   iv. Sales, consumer, use, and other similar taxes related to the work, and for which Vendor/Contractor is liable, imposed by laws and regulations.

   v. Deposits lost for causes other than negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for

whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

vi. Losses and damages (and related expenses) caused by damage to the work, not compensated by insurance or otherwise, sustained by Vendor/Contractor in connection with the performance of the work (except losses and damages within the deductible amounts of property insurance established in accordance with the Contract Documents), provided such losses and damages have resulted from causes other than the negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of County. No such losses, damages, and expenses shall be included in the cost of the work for the purpose of determining Vendor/Contractor's fee.

vii. The cost of utilities, fuel, and sanitary facilities at the site.

viii. Minor expenses such as telegrams, long distance telephone calls, telephone service at the site, expressages, and similar petty cash items in connection with the work.

ix. Vendor/Contractor is required by the Contract Documents to purchase and maintain all bonds and insurance.

2. Costs Excluded: The term cost of the work shall not include any of the following items:

a. Payroll costs and other compensation of Vendor/Contractor's officers, executives, principals (of partnerships and sole proprietorships), general managers, safety managers, engineers, architects, estimators, attorneys, auditors, accountants, procurement and contracting agents, expediters, timekeepers, clerks, and other personnel employed by Vendor/Contractor, whether at the site or in Vendor/Contractor's principal or branch office for general administration of the work and not specifically included in the agreed upon schedule of job classifications referred to in Paragraph 1. (in this section) or specifically covered by Paragraph 1. d. (in this section), all of which are to be considered administrative costs covered by the Vendor/Contractor's fee.

i. Expenses of Vendor/Contractor's principal and branch offices other than Vendor/Contractor's office at the site.

ii. Any part of Vendor/Contractor's capital expenses, including interest on Vendor/Contractor's capital employed for the work and charges against Vendor/Contractor for delinquent payments.

iii. Costs due to the negligence of Vendor/Contractor, any subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective work, disposal of

materials or equipment wrongly supplied, and making good any damage to property.

iv. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in Paragraphs 1. and 2. (in this section).

3. Vendor/Contractor's Fee: When all the work is performed on the basis of cost-plus, Vendor/Contractor's fee shall be determined as set forth in the Contract. When the value of any work covered by a change order or when a claim for an adjustment in contract price is determined on the basis of cost of the work, Vendor/Contractor's fee shall be determined as set forth in Section titled: "CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES" Paragraph titled: "VENDOR/CONTRACTOR'S FEE".

4. Documentation: Whenever the cost of the work for any purpose is to be determined pursuant to Paragraph 1.(in this section), Vendor/Contractor will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to Contract Designated Representative an itemized cost breakdown together with supporting data.

B. Allowances:

1. It is understood that Vendor/Contractor has included in the contract price all allowances so named in the Contract Documents and shall cause the work so covered to be performed for such sums and by such persons or entities as may be acceptable to County and Engineer.

2. Cash Allowances:

a. Vendor/Contractor agrees that:

i. The cash allowances include the cost to Vendor/Contractor (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the site, and all applicable taxes; and

ii. Vendor/Contractor's costs for unloading and handling on the site, labor, installation, overhead, profit, and other expenses contemplated for the cash allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

3. Contingency Allowance: Vendor/Contractor agrees that a contingency allowance, if any, is for the sole use of County to cover unanticipated costs.

4. Prior to final payment, an appropriate change order will be issued as recommended by Engineer to reflect actual amounts due Vendor/Contractor on account of work covered by allowances, and the contract price shall be correspondingly adjusted.

C. Unit Price Work:

1. Where the Contract Documents provide that all or part of the work is to be unit price work, initially the contract price will be deemed to include for all unit prices work an amount equal to the sum of the unit price for each separately identified item of unit price work times the estimated quantity of each item as indicated in the Agreement.

2. The estimated quantities of items of unit price work are not guaranteed and are solely for the purpose of comparison of bids and determining an initial contract price. Determinations of the actual quantities and classifications of unit price work performed by Vendor/Contractor will be made by County Designated Representative subject to the provisions stated in the Contract Documents.

3. Each unit price will be deemed to include an amount considered by Vendor/Contractor to be adequate to cover Vendor/Contractor's overhead and profit for each separately identified item.

9.18. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES

Change of Contract Price:

A. The Contract Price may only be changed by a change order. Any claim for an adjustment in the Contract Price shall be based on written notice submitted by the party making the claim to the County Designated Representative and the Chief Procurement Officer to the Contract in accordance with Section titled "CHANGES IN THE WORK; CLAIMS" Paragraph titled "Claims" above.

B. The value of any work covered by a change order or of any claim for an adjustment in the Contract Price will be determined as follows:

   1. Where the work involved is covered by unit prices contained in the Contract Documents, by application of such unit prices to the quantities of the items involved (subject to the provisions stated in Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled: "UNIT PRICE WORK"; or

   2. Where the work involved is not covered by unit prices contained in the Contract Documents, but by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with above Section titled: COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled "CASH ALLOWANCES"); or

   3. Where the work involved is not covered by unit prices contained in the Contract Documents and Agreement to a lump sum is not reached under above Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled: "COST OF THE WORK" , on the basis of the cost of the work, plus a Vendor/Contractor's fee for overhead and profit as described in this Section, Paragraph titled "VENDOR/CONTRACTOR'S FEE", immediately below.

C. Vendor/Contractor's Fee: The Vendor/Contractor's fee for overhead and profit shall be determined as follows:

1. A mutually acceptable fixed fee; or

2. If a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the cost of the work:

   a. For costs incurred under Paragraphs B.1. and B.2. (in this section), the Vendor/Contractor's fee shall be fifteen percent (15%);

   b. For costs incurred under Paragraph B.3. (in this section), the Vendor/Contractor's fee shall be five percent (5%);

   c. Where one (1) or more tiers of Sub-Contracts are on the basis of cost of the work plus a fee and no fixed fee is agreed upon, the intent of Paragraph C.2.a. above (in this section) is that the subcontractor who actually performs the work, at whatever tier, will be paid a fee of fifteen percent (15%) of the costs incurred by such subcontractor under Paragraphs B.1 and B.2. (in this section) and that any higher tier subcontractor and Vendor/Contractor will each be paid a fee of five percent (5%) of the amount paid to the next lower tier subcontractor.

   d. No fee shall be payable on the basis of costs itemized under Section titled "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK" Paragraph titled "COST OF THE WORK", "COSTS INCLUDED" paragraph 1.A.4, 1.A.5 and 1.B.;

   e. The amount of credit to be allowed by Vendor/Contractor to County for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in Vendor/Contractor's fee by an amount equal to five percent (5%) of such net decrease; and

   f. When both additions and credits are involved in any one (1) change, the adjustment in Vendor/Contractor's fee shall be computed on the basis of the net change in accordance with above Paragraphs (in this section) C.2.a. through C.2.f., inclusive.

D. In such case, the Vendor/Contractor will submit in the form prescribed by the County, an itemized cost breakdown together with supporting data. The amount of credit to be allowed by the Vendor/Contractor to the County for any such change which results in a net decrease in cost, will be the amount of the actual net decrease as determined by the County. When both additions and credits are involved in any one (1) change, the combined overhead and profit shall be figured on the basis of the net decrease, if any.

9.19. CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES (continued)

A. Change of Contract Times:

1. The Contract Times may only be changed by a change order. Any claim for an adjustment in the Contract Times shall be based on written notice submitted by the party making the claim to the Engineer and the other party to the Contract in accordance with the provisions of Section titled " CHANGES INT HE WORK; CLAIMS" paragraph titled "CLAIMS".

2. Any adjustment of the contract times covered by a change order or any claim for an adjustment in the contract times will be determined in accordance with the provisions of this paragraph.

B. Delays:

1. Where Vendor/Contractor is prevented from completing any part of the work within the contract times due to delay beyond the control of Vendor/Contractor, the contract times will be extended in an amount equal to the time lost due to such delay if a claim is made therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS, paragraph titled "CLAIMS". Delays beyond the control of Vendor/Contractor shall include, but not be limited to, acts or neglect by County, acts or neglect of utility owners or other Vendor/Contractors performing other work, fires, floods, epidemics, abnormal weather conditions, or acts of God.

2. If County, Engineer, or other Vendor/Contractors or utility owners performing other work for County, or anyone for whom County is responsible, delays, disrupts, or interferes with the performance or progress of the work, then Vendor/Contractor shall be entitled to an equitable adjustment in the contract price or the contract times, or both. Vendor/Contractor's entitlement to an adjustment of the contract times is conditioned on such adjustment being essential to Vendor/Contractor's ability to complete the work within the contract times.

3. If Vendor/Contractor is delayed in the performance or progress of the work by fire, flood, epidemic, abnormal weather conditions, acts of God, acts or failures to act of utility owners not under the control of County, or other causes not the fault of and beyond control of County and Vendor/Contractor, then Vendor/Contractor shall be entitled to an equitable adjustment in contract times, if such adjustment is essential to Vendor/Contractor's ability to complete the work within the Contract Times. Such an adjustment shall be Vendor/Contractor's sole and exclusive remedy for the delays described in this paragraph.

    a. Time Extensions for Delays Caused by Weather - Extensions of Contract Time for delays caused by the effects of inclement weather are justified only when inclement weather conditions or related adverse soil conditions prevent the Contractor from productively performing controlling items of work resulting in:

        i. The Vendor/Contractor being unable to work at least fifty percent (50%) of the normal workday on the predetermined controlling work items; or

ii. The Vendor/Contractor must make major repairs to work damaged by weather, providing the damage was not attributable to a failure to perform or neglect by the Contractor.

iii. Vendor/Contractor must submit a written notice along with their updated Progress Schedule with their monthly progress payment request. If no monthly progress payment is being submitted for the month, then a written notice within thirty (30) days after occurrence of the event(s) giving rise to the weather delays must be submitted to the County, Engineer or designated person.

b. Project Manager/Inspector - Daily reports shall be maintained for all projects by the Project Manager/Inspector. This shall include weather conditions, working conditions, erosion control, and effects of weather on major work items identified on the progress schedule and general comments as a minimum.

c. Project Manager/Inspector - Daily reports shall be maintained for all projects by the Project Manager/Inspector. This shall include weather conditions, working conditions, erosion control, and effects of weather on major work items identified on the progress schedule and general comments as a minimum.

d. Weather Delays for Projects - Time extensions will be granted on a contract day per delayed day.

i. The Contractor provides a schedule which identifies the intended work week, thus determining the scheduled workdays and the controlling items of work. The initial progress schedule must be approved and agreed to by County, Engineer, or designated person and Contractor's Representative prior to the notice to proceed being issued and before any work has been performed and monthly when submitted with the pay request if any changes have occurred during the reporting period. No weather delays will be recognized before the Vendor/Contractor actually begins work or attempts to begin work in accordance with the approved project work schedule. Weather delays will be granted only during the authorized contract time period.

ii. The County, Engineer or designated person shall review the request and the daily reports and determine if these delays are authorized. A written response will be given to the Contractor/Vendor within five (5) business days after receipt of the request. The Chief Procurement Officer will be provided a copy of this letter and any related correspondence.

4. County, Engineer and the related entities of each of them shall not be liable to Vendor/Contractor for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or

arbitration or other dispute resolution costs) sustained by Vendor/Contractor on or in connection with any other project or anticipated project.

5. Vendor/Contractor shall not be entitled to an adjustment in contract price or contract times for delays within the control of Vendor/Contractor. Delays attributable to and within the control of a subcontractor or supplier shall be deemed to be delays within the control of Vendor/Contractor.

9.20. TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK:

A. Notice of Defects: Prompt notice of all defective work of which County or Engineer has actual knowledge will be given to Vendor/Contractor. All defective work may be rejected, corrected, or accepted as provided in this Paragraph.

B. Access to Work: County, Engineer, their consultants and other representatives and personnel of County, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the site and the work at reasonable times for their observation, inspecting, and testing. Vendor/Contractor shall provide them proper and safe conditions for such access and advise them of Vendor/Contractor's site safety procedures and programs so that they may comply therewith as applicable.

C. Tests and Inspections:

1. Vendor/Contractor shall give Engineer timely notice of readiness of the work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.

2. County shall employ and pay for the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the Contract Documents except:

   a. For inspections, tests, or approvals covered by Paragraphs D. and E. below.

   b. That costs incurred in connection with tests or inspections conducted pursuant to Paragraph C.2. shall be paid according to Paragraph E.; and

   c. As otherwise specifically provided in the Contract Documents.

3. If laws or regulations of any public body having jurisdiction require any work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, Vendor/Contractor shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish County Designated Representative the required certificates of inspection or approval.

4. Vendor/Contractor shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for County's and County Designated Representative's acceptance of materials or equipment to be incorporated in the work; or acceptance of materials, mix designs, or equipment submitted for approval prior to Vendor/Contractor's purchase thereof for incorporation in the work. Such inspections, tests, or approvals shall be performed by organizations acceptable to County and County Designated Representative.

5. If any work (or the work of others) that is to be inspected, tested, or approved is covered by Vendor/Contractor without written concurrence of County Designated Representative, it must, if requested by County Designated Representative, be uncovered for observation.

6. Uncovering work as provided in Paragraph D. shall be at Vendor/Contractor's expense unless Vendor/Contractor has given Engineer timely notice of Vendor/Contractor's intention to cover the same and Engineer has not acted with reasonable promptness in response to such notice.

7. Periodic inspections will be held throughout the work at the discretion of the County and Engineer to verify progress and compliance to Contract Documents, pay requests and general quality control.

8. Pre-final inspections are held for the purpose of substantiating completion of the work and preparing a punch-list of any deficiencies or corrections to be made. Pre-finals should be made with a representative of the Vendor/Contractor, County Designated Representative and Owner.

9. Final inspections will be held prior to acceptance in order to verify that all corrections and/or deficiencies have been performed or resolved and such inspection shall be mandatory prior to approval of final pay request. Finals shall be made with a representative of the Vendor/Contractor, Engineer and County.

D. Uncovering Work:

1. If any work is covered contrary to the written request of County Designated Representative, it must, if requested by County Designated Representative, be uncovered for County Designated Representative's observation and replaced at Vendor/Contractor's expense.

2. If County Designated Representative considers it necessary or advisable that covered work be observed by County Designated Representative or inspected or tested by others, Vendor/Contractor, at County Designated Representative's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as County Designated Representative may require, that portion of the work in question, furnishing all necessary labor, material, and equipment.

3. If it is found that the uncovered work is defective, Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and County shall be entitled to an appropriate decrease in the contract price. if the parties are unable to agree as to the amount thereof, County may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

4. If, the uncovered work is not found to be defective, and there are no related inspection requirements in the contract documents, Vendor/Contractor shall be allowed an increase in the contract price or an extension of the contract times, or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, Vendor/Contractor may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS" paragraph titled "CLAIMS".

E. County Designated Representative May Stop the Work: If the work is defective, or Vendor/Contractor fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the work in such a way that the completed work will conform to the contract documents, County may order Vendor/Contractor to stop the work, or any portion thereof, until the cause for such order has been eliminated; however, this right of County to stop the work shall not give rise to any duty on the part of County to exercise this right for the benefit of Vendor/Contractor, any subcontractor, any supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

F. Correction or Removal of Defective Work:

1. Promptly after receipt of notice, Vendor/Contractor shall correct all defective work, whether or not fabricated, installed, or completed, or, if the work has been rejected by County Designated Representative, remove it from the project and replace it with work that is not defective. Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others).

2. When correcting defective work under the terms of this paragraph or the paragraph below, Vendor/Contractor shall take no action that would void or otherwise impair County's special warranty and guarantee, if any, on said work.

G. Correction Period:

1. If within one (1) year after the date of substantial completion (or such longer period of time as may be prescribed by the terms of any applicable special guarantee required by the Contract Documents) or by any specific provision of the contract documents, any work is found to be defective, or if the repair of any damages to the land or areas made available for Vendor/Contractor's use by County or permitted by laws and regulations as contemplated in the Contract Documents is found to be defective, Vendor/Contractor shall promptly, without cost to County and in accordance with County's written instructions:

    a. Repair such defective land or areas; or

    b. Correct such defective work; or

    c. If the defective work has been rejected by County, remove it from the project and replace it with work that is not defective, and

    d. Satisfactorily correct or repair or remove and replace any damage to other work, to the work of others or other land or areas resulting therefrom.

2. If Vendor/Contractor does not promptly comply with the terms of County's written instructions, or in an emergency where delay would cause serious risk of loss or damage, County may have the defective work corrected or repaired or may have the rejected work removed and replaced. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by Vendor/Contractor.

3. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the work, the correction period for that item may start to run from an earlier date if so provided in the specifications.

4. Where defective work (and damage to other work resulting therefrom) has been corrected or removed and replaced under above paragraph F, the correction period hereunder with respect to such work will be extended for an additional period of one (1) year after such correction or removal and replacement has been satisfactorily completed.

5. Vendor/Contractor's obligations under above paragraph F. are in addition to any other obligation or warranty. The provisions of Paragraph F. shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitation or repose.

H. Acceptance of Defective Work: If, instead of requiring correction or removal and replacement of defective work, County (and, prior to County Designated Representative's recommendation of final payment, County Designated Representative) prefers to accept it, County may do so. Vendor/Contractor shall pay all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or

arbitration or other dispute resolution costs) attributable to County's evaluation of and determination to accept such defective work (such costs to be approved by County Designated Representative as to reasonableness) and the diminished value of the work to the extent not otherwise paid by Vendor/Contractor pursuant to this sentence. If any such acceptance occurs prior to County Designated Representative's recommendation of final payment, a change order will be issued incorporating the necessary revisions in the contract documents with respect to the work, and County shall be entitled to an appropriate decrease in the contract price, reflecting the diminished value of work so accepted. If the parties are unable to agree as to the amount thereof, County may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "CLAIMS". If the acceptance occurs after such recommendation, an appropriate amount will be paid by Vendor/Contractor to County.

I. County May Correct Defective Work:

1. If Vendor/Contractor fails within a reasonable time after written notice from County Designated Representative to correct defective work or to remove and replace rejected work as required by County Designated Representative in accordance with Paragraph F., or if Vendor/Contractor fails to perform the work in accordance with the contract documents, or if Vendor/Contractor fails to comply with any other provision of the Contract Documents, County may, after seven (7) days written notice to Vendor/Contractor, correct or remedy any such deficiency.

2. In exercising the rights and remedies under this paragraph, County shall proceed expeditiously. In connection with such corrective or remedial action, County may exclude Vendor/Contractor from all or part of the site, take possession of all or part of the work and suspend Vendor/Contractor's services related thereto, take possession of Vendor/Contractor's tools, appliances, construction equipment and machinery at the site, and incorporate in the work all materials and equipment stored at the site or for which County has paid Vendor/Contractor but which are stored elsewhere. Vendor/Contractor shall allow County, County's representatives, agents and employees, County's other Vendor/Contractors, and Engineer and Engineer's consultants access to the site to enable County to exercise the rights and remedies under this paragraph.

3. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by County in exercising the rights and remedies under Paragraph I. will be charged against Vendor/Contractor, and a change order will be issued incorporating the necessary revisions in the Contract Documents with respect to the work; and County shall be entitled to an appropriate decrease in the contract price. If the parties are unable to agree as to the amount of the adjustment, County may make a claim therefore as provided in Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "CLAIMS. Such claims, costs, losses and damages will include but not be limited to all

costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of Vendor/Contractor's defective work.

4. Vendor/Contractor shall not be allowed an extension of the contract times because of any delay in the performance of the work attributable to the exercise by County of County's rights and remedies under Paragraph I.

9.21. PAYMENTS TO CONTRACTOR AND COMPLETION

A. Schedule of Values: The Schedule of Values established as provided in Section titled "STARTING THE WORK", paragraph A. 2. c. will serve as the basis for progress payments and will be incorporated into a form of application for payment acceptable to County Designated Representative. Progress payments on account of unit price work will be based on the number of units completed.

B. Progress Payments:

1. Application for Payments:

a. At least twenty (20) business days before the date established in the Contract for each progress payment (but not more often than once a month), Vendor/Contractor shall submit to County Designated Representative for review an application for payment filled out and signed by vendor/contractor covering the work completed as of the date of the application and accompanied by such supporting documentation as is required by the contract documents. If payment is requested on the basis of materials and equipment not incorporated in the work but delivered and suitably stored at the site or at another location agreed to in writing, the application for payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that County has received the materials and equipment all of which must be satisfactory to County.

b. Beginning with the second application for payment, each application shall include an affidavit of Vendor/Contractor stating that all previous progress payments received on account of the work have been applied on account to discharge Vendor/Contractor's legitimate obligations associated with prior applications for payment.

c. The amount of retainage with respect to progress payments will be as stipulated in Article 5.02 of the construction agreement.

d. All progress payments will be subject to withholding and payment of retainage as specified under the provisions of section 218.735, F.S. and as stipulated in the Contract Agreement attached herein. Payment requests will be processed within the time periods established by applicable provisions of the Florida Prompt Payment Act, Part VII, section 218.735, F.S.

2. Review of Applications:

a. County Designated Representative will, within five (5) business days after receipt of each application for payment, either indicate in writing a recommendation of payment and present the application to County or return the application to Vendor/Contractor indicating in writing County Designated Representative's reasons for refusing to recommend payment. In the latter case, Vendor/Contractor may make the necessary corrections and resubmit the application.

b. County Designated Representative's recommendation of any payment requested in an application for payment will constitute a representation by County Designated Representative to County, based on County Designated Representative's observations on the site of the executed work as an experienced and qualified design professional and on County Designated Representative's review of the application for payment and the accompanying data and schedules, that to the best of County Designated Representative's knowledge, information and belief:

    i. The work has progressed to the point indicated.

    ii. The quality of the work is generally in accordance with the Contract Documents (subject to an evaluation of the work as a functioning whole prior to or upon substantial completion, to the results of any subsequent tests called for in the Contract Documents, to a final determination of quantities and classifications for unit price work under above Section titled: "COST OF THE WORK; ALLOWANCES; UNIT PRICE WORK",, and to any other qualifications stated in the recommendation); and

    iii. The conditions precedent to Vendor/Contractor's being entitled to such payment appear to have been fulfilled in so far as it is County Designated Representative's responsibility to observe the work.

c. By recommending any such payment County Designated Representative will not thereby be deemed to have represented that:

    i. Inspections made to check the quality or the quantity of the work as it has been performed have been exhaustive, extended to every aspect of the work in progress, or involved detailed inspections of the work beyond the responsibilities specifically assigned to County Designated Representative in the Contract Documents; or

    ii. That there may not be other matters or issues between the parties that might entitle Vendor/Contractor to be paid additionally by County or entitle County to withhold payment to Vendor/Contractor.

d. Neither County Designated Representative's review of Vendor/Contractor's work for the purposes of recommending payments nor County Designated Representative's

recommendation of any payment, including final payment, will impose responsibility on County Designated Representative:

i. To supervise, direct, or control the work, or

ii. For the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or

iii. For Vendor/Contractor's failure to comply with laws and regulations applicable to Vendor/Contractor's performance of the work, or

iv. To make any examination to ascertain how or for what purposes Vendor/Contractor has used the moneys paid on account of the contract price, or

v. To determine that title to any of the work, materials, or equipment has passed to County free and clear of any liens.

e. County Designated Representative may refuse to recommend the whole or any part of any payment if, in County Designated Representative's opinion, it would be incorrect to make the representations to County stated in Paragraph 2.b., above. County Designated Representative may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment recommendation previously made, to such extent as may be necessary in County Designated Representative's opinion to protect County from loss because:

i. The work is defective, or completed work has been damaged, requiring correction or replacement.

ii. The contract price has been reduced by change orders.

iii. County has been required to correct defective work or complete work in accordance with above Paragraph titled "County May Correct Defective Work" in Section titled: "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK"; or

iv. County Designated Representative has actual knowledge of the occurrence of any of the events enumerated in below Paragraph titled "County May Terminate for Cause: " in Section titled: "TERMINATION AND SUSPENSION OF WORK".

3. Payment Becomes Due: The application for payment, and all of the required Federal and State submittals, with the County Designated Representative's recommendations will be presented to the County for consideration. If the County finds the application for payment acceptable, the recommended amount, less any reduction under the provisions of Paragraph B. 2. (in this section), will become due twenty-five (25) business days after the

application for payment is presented to the County, and the County will make payment to the Vendor/Contractor.

4. Payment to Vendor/Contractor by Electronic Payment Solution: ACH (Direct Deposit): If the Vendor/Contractor is enrolled in the County's ACH electronic payment solution, all payments will be made using the direct deposit which may or may not include a pre-note transaction. The Vendor/Contractor's bank account information will remain confidential to the extent provided by law and necessary to make direct deposit payments. Once the County has approved payment, an electronic remittance advice will be sent to the Vendor/Contractor via e-mail.

5. Reduction in Payment:

    a. County may refuse to make payment of the full amount recommended by County Designated Representative because:

        i. Claims have been made against County on account of Vendor/Contractor's performance or furnishing of the work.

        ii. Liens have been filed in connection with the work, except where Vendor/Contractor has delivered a specific bond satisfactory to County to secure the satisfaction and discharge of such liens.

        iii. The Vendor/Contractor's performance or furnishing of the work is inconsistent with funding agency requirements.

        iv. There are other items entitling County to a set off against the amount recommended; or

        v. County has actual knowledge of the occurrence of any of the events enumerated in Paragraphs B. 2. e. i. through B. 2. e. iii. (in this section) or below Paragraph titled " County May Terminate for Cause" in Section titled: "TERMINATION AND SUSPENSION OF WORK.".

    b. If County refuses to make payment of the full amount recommended by County Designated Representative, County will (in no case more than twenty (20) business days after receipt and twenty-five (25) business days for payment) give Vendor/Contractor immediate written notice (with a copy to Engineer) stating the reasons for such action and promptly pay Vendor/Contractor any amount remaining after deduction of the amount so withheld. County shall promptly pay Vendor/Contractor the amount so withheld, or any adjustment thereto agreed to by County and Vendor/Contractor, when Vendor/Contractor corrects to County's satisfaction the reasons for such action.

c. If it is subsequently determined that County's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by Paragraph B. 3. (in this section).

d. No payments will be made that would deplete the retainage, place in escrow any funds that are required for retainage or invest the retainage for the benefit of the Vendor/Contractor.

C. Vendor/Contractor's Warranty of Title:

1. Vendor/Contractor warrants and guarantees that title to all work, materials, and equipment covered by any application for payment, whether incorporated in the project or not, will pass to County prior to the making of the application for payment, free and clear of all liens, claims, security interests and encumbrances; and that no work, materials or equipment covered by an application for payment will have been acquired by the Vendor/Contractor or by any other person performing the work at the site or furnishing materials and equipment for the project subject to an agreement under which an interest therein or encumbrance thereon is retained by the seller or otherwise imposed by the Vendor/Contractor or such other person.

2. In compliance with the above and as verification of the Vendor/Contractor's compliance with applicable provisions of the Florida Prompt Payment Act, Part VII, section 218.735, F.S., concerning payment to subcontractors and suppliers, the Vendor/Contractor, in addition to any other payment provisions set in this contract, shall prior to submission of the second application for payment, produce for the County evidence, in the form of releases of lien or subcontractor(s)/suppliers affidavits of payment received, that all subcontractors and suppliers have been paid any sum or sums then due within the time periods so specified. This reporting process shall be repeated following each succeeding payment to the Vendor/Contractor throughout the life of the Contract. A failure on the part of the Vendor/Contractor to provide the releases as required herein shall result in further progress or partial payments being withheld until the releases or payment affidavits are provided.

D. Partial Utilization:

1. Prior to Substantial Completion of all the work, County may use or occupy any substantially completed part of the work which has specifically been identified in the Contract Documents, or which County, County Designated Representative, and Vendor/Contractor agree constitutes a separately functioning and usable part of the work that can be used by County for its intended purpose without significant interference with Vendor/Contractor's performance of the remainder of the work, subject to the following conditions.

a. County at any time may request Vendor/Contractor in writing to permit County to use or occupy any such part of the work which County believes to be ready for its intended use and substantially complete. If and when Vendor/Contractor agrees that such part of

the work is substantially complete, Vendor/Contractor will certify to County and County Designated Representative that such part of the work is substantially complete and request County Designated Representative to issue a certificate of substantial completion for that part of the work.

b. Vendor/Contractor at any time may notify County and County Designated Representative in writing that Vendor/Contractor considers any such part of the work ready for its intended use and is thus substantially complete and may request County Designated Representative to issue a certificate of substantial completion for that part of the work.

c. Within a reasonable time after either such request, County, Vendor/Contractor, and County Designated Representative shall make an inspection of that part of the work to determine its status of completion. If County Designated Representative does not consider that part of the work to be substantially complete, County Designated Representative will notify County and Vendor/Contractor in writing giving the reasons, therefore. If County Designated Representative considers that part of the work to be substantially complete, the provisions stated herein will apply with respect to certification of Substantial Completion of that part of the work and the division of responsibility in respect thereof and access thereto.

d. No use or occupancy or separate operation of part of the work may occur prior to compliance with the requirements of the contract documents regarding property insurance.

E. Substantial Completion:

1. When Vendor/Contractor considers the entire work ready for its intended use Vendor/Contractor shall notify County and County Designated Representative in writing that the entire work is substantially complete (except for items specifically listed by Vendor/Contractor as incomplete) and request that the County issue a certificate of substantial completion.

2. Promptly after Vendor/Contractor's notification, County, Agency, Vendor/Contractor, and County Designated Representative shall make a pre-final inspection of the work to determine the status of completion. If County Designated Representative does not consider the work substantially complete, County Designated Representative will notify Vendor/Contractor in writing giving the reasons, therefore.

3. If the County Designated Representative considers the work substantially complete, County Designated Representative will deliver to County a tentative certificate of substantial completion which shall fix the date of substantial completion. There shall be attached to the certificate a tentative list of items to be completed or corrected before final payment. County shall have seven (7) days after receipt of the tentative certificate during which to

make written objection to County Designated Representative as to any provisions of the certificate or attached list. If, after considering such objections, County Designated Representative concludes that the work is not substantially complete, County Designated Representative will within fourteen (14) days after submission of the tentative certificate to County notify Vendor/Contractor in writing, stating the reasons, therefore. If, after consideration of County's objections, County Designated Representative considers the work substantially complete, County Designated Representative will within said fourteen (14) days execute and deliver to County and Vendor/Contractor a definitive certificate of substantial completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as County Designated Representative believes justified after consideration of any objections from County.

4. At the time of delivery of the tentative certificate of Substantial Completion, County Designated Representative will deliver to County and Vendor/Contractor a written recommendation as to division of responsibilities pending final payment between County and Vendor/Contractor with respect to security, operation, safety, and protection of the work, maintenance, heat, utilities, insurance, and warranties and guarantees. Unless County and Vendor/Contractor agree otherwise in writing and so inform County Designated Representative in writing prior to County Designated Representative's issuing the definitive certificate of substantial completion, County Designated Representative's aforesaid recommendation will be binding on County and Vendor/Contractor until final payment.

5. County shall have the right to exclude Vendor/Contractor from the site after the date of Substantial Completion subject to allowing Vendor/Contractor reasonable access to complete or correct items on the tentative list.

F. Final Inspection: Upon written notice from Vendor/Contractor that the entire work or an agreed portion thereof is complete, County Designated Representative will promptly make a final inspection with County, Agency, and Vendor/Contractor and will notify Vendor/Contractor in writing of all particulars in which this inspection reveals that the work is incomplete or defective. Vendor/Contractor shall immediately take such measures as are necessary to complete such work or remedy such deficiencies.

9.22. PAYMENTS TO CONTRACTOR AND COMPLETION (continued)

A. Final Payment:

1. Application for Payment:

a. After Vendor/Contractor has, in the opinion of County Designated Representative, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the contract documents, all maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance certificates of inspection, marked up record documents, and other documents,

Vendor/Contractor may make application for final payment following the procedure for progress payments.

b. The final application for payment shall be accompanied (except as previously delivered) by:

   i. All documentation called for in the Contract Documents, including but not limited to the evidence of insurance required by above Section titled: "INSURANCE REQUIREMENTS";

   ii. Consent of the surety, if any, to final payment.

   iii. A list of all claims against County that Vendor/Contractor believes are unsettled; and

   iv. Complete and legally effective releases or waivers (satisfactory to County) of all lien rights arising out of or liens filed in connection with the work.

c. In lieu of the releases or waivers of liens specified in above Paragraph A. 1. b. iv. and as approved by County, Vendor/Contractor may furnish receipts or releases in full and an affidavit of Vendor/Contractor that: (i) the releases and receipts include all labor, services, material, and equipment for which a lien could be filed; and (ii) all payrolls, material and equipment bills, and other indebtedness connected with the work for which County or County's property might in any way be responsible have been paid or otherwise satisfied. If any subcontractor or supplier fails to furnish such a release or receipt in full, Vendor/Contractor may furnish a bond or other collateral satisfactory to County to indemnify County against any lien.

2. County Designated Representative's Review of Application and Acceptance:

   a. If, on the basis of County Designated Representative's observation of the work during construction and final inspection, and County Designated Representative's review of the final application for payment and accompanying documentation as required by the Contract Documents, County Designated Representative is satisfied that the work has been completed and Vendor/Contractor's other obligations under the Contract Documents have been fulfilled, County Designated Representative will, within ten (10) days after receipt of the final application for payment, indicate in writing County Designated Representative's recommendation of payment and present the application for payment to County for payment. At the same time County Designated Representative will also give written notice to County and Vendor/Contractor that the work is acceptable to the provisions as described in above Paragraph A titled "Final Payment" (in this section). Otherwise, County Designated Representative will return the application for payment to Vendor/Contractor, indicating in writing the reasons for refusing to recommend final payment, in which case Vendor/Contractor shall make the necessary corrections and resubmit the application for payment.

3. Payment Becomes Due: After the presentation to County of the application for payment and accompanying documentation to include all of the required Federal and State submittals, the County will, within the time periods established by applicable provisions of the Florida Prompt Payment Act, Part VII, section 218.735, F.S., pay the Vendor/Contractor the amount recommended by County Designated Representative, less any sum County is entitled to set off against County Designated Representative's recommendation, including but not limited to liquidated damages.

B. Final Completion Delayed: If, through no fault of Vendor/Contractor, final completion of the work is significantly delayed, and if County Designated Representative so confirms, County shall, upon receipt of vendor/contractor's final application for payment (for work fully completed and accepted) and recommendation of County Designated Representative, and without terminating the Contract, make payment of the balance due for that portion of the work fully completed and accepted. If the remaining balance to be held by County for work not fully completed or corrected is less than the retainage stipulated in the Contract, and if bonds have been furnished as required in above Section titled "PERFORMANCE AND PAYMENT BOND", the written consent of the surety to the payment of the balance due for that portion of the work fully completed and accepted shall be submitted by Vendor/Contractor to County Designated Representative with the application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of claims. The remaining balance of any sum included in the final application for payment but held by County for work not fully completed and accepted will become due when the work is fully completed and accepted.

C. Waiver of Claims: The making and acceptance of final payment will constitute:

1. A waiver of all claims by County against Vendor/Contractor, except claims arising from unsettled liens, from defective work appearing after final inspection pursuant to above Section titled "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK", paragraph titled "CORRECTION OR REMOVAL OF DEFECTIVE WORK", from failure to comply with the contract documents or the terms of any special guarantees specified therein, or from Vendor/Contractor's continuing obligations under the contract documents; and

2. A waiver of all claims by Vendor/Contractor against County other than those previously made in accordance with the requirements herein and expressly acknowledged by County in writing as still unsettled.

D. Vendor/Contractor's Continuing Obligation: The Vendor/Contractor's obligation to perform the work and complete the work in accordance with the Contract Documents shall be absolute. Neither approval of any progress or final payment by the County, the issuance of Certificate of Completion, any payment by the County to the Vendor/Contractor under the contract documents, any use or occupancy of the work or any part thereof by the County, any act of

acceptance by the County, any failure to do so, nor any correction of defective work by the County shall constitute an acceptance of work not in accordance with the contract documents.

1. Contract Closeout:

    a. Pre-final and Final Inspections:

        i. Upon completion of work, Vendor/Contractor shall submit written certification that the Contract Documents have been reviewed, the work has been inspected by the Vendor/Contractor, and that the work is substantially complete in accordance with the contract document and ready for Engineer/Owner Designated Representative's inspection.

        ii. At this time the representatives of the Vendor/Contractor, Engineer/County Designated Representative's and County shall make a pre-final/substantial completion inspection with reasonable promptness. If the work is complete or defective, Engineer/County Designated Representative will notify the Contractor to remedy these deficiencies by insurance of a pre-final punch-list.

        iii. Upon written notification from the Vendor/Contractor of substantial complete of the pre-final punch list items, the Engineer/County Designated Representative will coordinate the re-inspection of the work by conducting a final inspection. Representatives of the Contract, Engineer, and County Designated Representative shall be present for the final inspection.

        iv. Vendor/Contractor shall submit the final signed and sealed As-Built drawings ten (10) days prior to the final inspection and provide all other submittals to the Engineer/County Designated Representative's that are required.

    b. Project Record Documents: The Vendor/Contractor shall maintain on site, one (1) set of the following record documents; recording actual revisions of the work commensurate with the construction progress:

        i. Contract Drawings

        ii. Specifications

        iii. Addenda

        iv. Change Orders and other modification to the Contract.

        v. Reviewed (and approved) Shop Drawings and Product Data

        vi. Permits

    c. Closeout Submittals: When the Engineer/County Designated Representative's has determined that the work is acceptable under the Contract Documents, and the contract is fully performed, the Vendor/Contractor shall prepare and submit his final

applicable for payment to the Engineer/County Designated Representative's with the following:

i. Contractor's Lien Waiver in the full amount of the contract sum.

ii. Lien waivers from all subcontractors and material suppliers who have furnished for the work under contract with the Contactor or subcontractor. The lien waivers shall be in the full amount of the Contract involved.

iii. Consent of Surety to final payment.

iv. Evidence of compliance with governing authorities.

v. Certifications of inspections from all required agencies and departments, as needed.

vi. Warranties and Maintenance Bond.

vii. Confirmation from Florida Department of Environmental Protection the National Pollution Discharge Elimination System Notice of Termination (NOT) has been filed.

viii. Any outstanding documentation and/or reports necessary to ensure compliance with FDOT requirements.

ix. As-Built documents prepared in accordance with the contract documents and signed and sealed by a professional surveyor and mapper, registered in the State of Florida and all other requirements as set forth in the contract documents.

d. Performance Evaluation: At the end of the contract, the receiving Department will evaluate the successful Vendor/Contractor's performance. This evaluation will become public record.

9.23. TERMINATION AND SUSPENSION OF WORK

A. Termination for Default:

1. The County may, by written notice to the Vendor/Contractor, terminate this Contract for default in whole or in part (delivery orders, if applicable) if the Vendor/Contractor fails to:

   a. Provide products or services that comply with the specifications herein or fails to meet the County's performance standards.

   b. Deliver the supplies or to perform the services within the time specified in this Contract or any extension.

   c. Make progress so as to endanger performance of this Contract.

   d. Perform any of the other provisions of this Contract.

2. Prior to termination for default, the County will provide adequate written notice to the (Vendor/Contractor/Consultant) through the Chief Procurement Officer, Procurement

Department, affording him/her the opportunity to cure the deficiencies or to submit a specific plan to resolve the deficiencies within ten (10) days (or the period specified in the notice) after receipt of the notice. Failure to adequately cure the deficiency shall result in termination action. Such termination may also result in suspension or debarment of the Vendor/Contractor in accordance with the County's Procurement Ordinance. The Vendor/Contractor and its sureties (if any) shall be liable for any damage to the County resulting from the Vendor/Contractor's default of the contract. This liability includes any increased costs incurred by the County in completing contract performance.

3. In the event of termination by the County for any cause, the Vendor/Contractor will have, in no event, any claim against the County for lost profits or compensation for lost opportunities. After a receipt of a termination notice and except as otherwise directed by the County the Vendor/Contractor shall:

    a. Stop work on the date and to the extent specified.

    b. Terminate and settle all orders and subcontracts relating to the performance of the terminated work.

    c. Transfer all work in process, completed work, and other materials related to the terminated work as directed by the County.

    d. Continue and complete all parts of that work that have not been terminated.

4. If the Vendor/Contractor's failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Vendor/Contractor, the Contract shall not be terminated for default. Examples of such causes include (1) acts of God or the public enemy, (2) acts of a government in its sovereign capacity, (3) fires, (4) floods, (5) epidemics, (6) strikes and (7) unusually severe weather.

B. Termination for Convenience: The County, by written notice, may terminate this Contract, in whole or in part, when it is in the County's interest. If this Contract is terminated, the County shall be liable only for goods or services delivered and accepted. The county notice of termination may provide the Vendor/Contractor thirty (30) days prior notice before it becomes effective. A termination for convenience may apply to individual delivery orders, purchase orders or to the Contract in its entirety.

C. Vendor/Contractor May Stop Work or Terminate:

1. If, through no act or fault of Vendor/Contractor, (i) the work is suspended for more than ninety (90) consecutive days by County or under an order of court or other public authority, or (ii) Engineer fails to act on any application for payment within thirty (30) days after it is submitted, or (iii) County fails for thirty (30) days to pay Vendor/Contractor any sum finally determined to be due, then Vendor/Contractor may, upon seven (7) days written notice to

County and Engineer, and provided County or Engineer do not remedy such suspension or failure within that time, terminate the Contract and recover from County.

2. In lieu of terminating the Contract and without prejudice to any other right or remedy, if Engineer has failed to act on an application for payment within thirty (30) days after it is submitted, or County has failed for thirty (30) days to pay Vendor/Contractor any sum finally determined to be due, Vendor/Contractor may, seven (7) days after written notice to County and Engineer, stop the work until payment is made of all such amounts due Vendor/Contractor, including interest thereon. The provisions of this paragraph are not intended to preclude Vendor/Contractor from making a claim as described in above Section titled "CHANGES IN THE WORK; CLAIMS", paragraph titled "Claims", for an adjustment in contract price or contract times or otherwise for expenses or damage directly attributable to Vendor/Contractor's stopping the work as permitted by this paragraph.

D. County May Suspend Work: County may suspend work at any time and without cause, for a period of not more than ninety (90) consecutive days by notice in writing to Vendor/Contractor and Engineer which will fix the date on which work will be resumed. Vendor/Contractor shall resume the work on the date so fixed. Vendor/Contractor shall be granted an adjustment in the contract price or an extension of the contract times, or both, directly attributable to any such suspension if Vendor/Contractor makes a claim therefore as provided in above Section titled: "CHANGES IN THE WORK; CLAIMS".

E. County May Terminate for Cause:

1. The occurrence of any one (1) or more of the following events will justify termination for cause:

   a. Vendor/Contractor's persistent failure to perform the work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the Progress Schedule established under above Section titled "STARTING THE WORK" Paragraph A. 2. a. as adjusted from time to time pursuant to above Section titled "CONTRACTOR'S RESPONSIBILITY" Paragraph titled "Progress Schedule";

   b. Vendor/Contractor's disregard of laws or regulations of any public body having jurisdiction.

   c. Vendor/Contractor's disregard of the authority of Engineer; or

   d. Vendor/Contractor's violation in any substantial way of any provisions of the Contract Documents.

2. If one (1) or more of the events identified in above Paragraph E. 1. occur, County may, after giving Vendor/Contractor (and surety) seven (7) days written notice of its intent to terminate the services of Vendor/Contractor:

a. In exercising the rights and remedies under above Section titled "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK" Paragraph titled "County May Correct Defective Work", County shall proceed expeditiously. In connection with such corrective or remedial action, County may exclude Vendor/Contractor from all or part of the site (without liability to Vendor/Contractor for trespass or conversion), take possession of all or part of the work and suspend Vendor/Contractor's services related thereto, take possession of Vendor/Contractor's tools, appliances, construction equipment and machinery at the site, and incorporate in the work all materials and equipment stored at the site or for which County has paid Vendor/Contractor but which are stored elsewhere. Vendor/Contractor shall allow County, County's representatives, agents and employees, County's other Vendor/Contractors, and Engineer and Engineer's consultants access to the site to enable County to exercise the rights and remedies under above Section titled "TESTS AND INSPECTIONS; CORRECTION, REMOVAL/ACCEPTANCE OF DEFECTIVE WORK" Paragraph titled "County May Correct Defective Work".

b. Complete the work as County may deem expedient.

3. If County proceeds as provided in Paragraph E. 2 above, Vendor/Contractor shall not be entitled to receive any further payment until the work is completed. If the unpaid balance of the contract price exceeds all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by County arising out of or relating to completing the work, such excess will be paid to Vendor/Contractor. If such claims, costs, losses, and damages exceed such unpaid balance, Vendor/Contractor shall pay the difference to County. Such claims, costs, losses, and damages incurred by County will be reviewed by Engineer as to their reasonableness and, when so approved by Engineer, incorporated in a change order. When exercising any rights or remedies under this paragraph County shall not be required to obtain the lowest price for the work performed.

4. Notwithstanding above Paragraphs E. 2. and E. 3., Vendor/Contractor's services will not be terminated if Vendor/Contractor begins within seven (7) days of receipt of notice of intent to terminate to correct its failure to perform and proceeds diligently to cure such failure within no more than thirty (30) days of receipt of said notice.

5. Where Vendor/Contractor's services have been so terminated by County, the termination will not affect any rights or remedies of County against Vendor/Contractor then existing or which may thereafter accrue. Any retention or payment of moneys due Vendor/Contractor by County will not release Vendor/Contractor from liability.

6. If and to the extent that Vendor/Contractor has provided a Performance Bond under the provisions of above section, titled: "PERFORMANCE AND PAYMENT BOND", the termination procedures of that bond shall supersede the provisions of above Paragraphs E. 2. and E. 3.

F. Litigation:

1. Should the County be temporarily prohibited or enjoined from proceeding with the work herein contemplated, the Vendor/Contractor shall not be entitled to any claim or damages, or otherwise, nor may the Vendor/Contractor withdraw from the Contract except by and with the consent of the County. The Vendor/Contractor shall, however, be entitled to an extension of time for completion of the work equal to the time of such interruption or delay as determined and certified by the County Designated Representative.

2. If the County is permanently prohibited or enjoined from proceeding with the work herein contemplated, the County may terminate this Contract and pay the Vendor/Contractor a sum equal to all expenses legitimately incurred by him in connection with this work, plus ten percent (10%) of such expenses, less an amount equal to the sum of all partial payments previously made to the Vendor/Contractor. The sum thus computed shall be paid to the Vendor/Contractor within thirty (30) days after the County shall have terminated this Contract and the payment of said sum shall be payment in full for any and all liquidated damages for the termination of this Contract and shall constitute full settlement of all claims in connection with this Contract.

9.24. DISPUTE RESOLUTION

A. County and Vendor/Contractor may mutually request mediation of any claim submitted to the County for a decision as provided in above Section titled "CHANGES IN THE WORK; CLAIMS:" Paragraph entitled "Claims" before such decision becomes final and binding. The mediation will be governed by the Construction Industry Mediation Rules of the American Arbitration Association in effect as of the effective date of the Agreement. The request for mediation shall be submitted in writing to the American Arbitration Association. Timely submission of the request shall stay the effect as described in said "Claims" Paragraph.

B. County and Vendor/Contractor shall participate in the mediation process in good faith. The process hall be concluded within sixty (60) days of filing of the request. The date of termination of the mediation shall be determined by application of the mediation rules referenced above.

C. If the claim is not resolved by mediation, Chief Procurement Officer's action or denial pursuant to above Section entitled "CHANGES IN THE WORK; CLAIMS" Paragraph titled "Execution of Change Orders" paragraph C. or Paragraph Titled "Notification of Surety" Paragraph D. shall become final and binding thirty (30) days after termination of the mediation unless, within that time period, County or Vendor/Contractor:

1. Agrees with the other party to submit the claim to another dispute resolution process, or

2. Gives written notice to the other party of their intent to submit the claim to a court of competent jurisdiction.

9.25. MISCELLANEOUS

A. Giving Notice:

1. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if:

   a. Delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or

   b. Delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the giver of the notice.

B. Computation of Times: When any period of time is referred to in the Contract Documents by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

C. Cumulative Remedies: The duties and obligations imposed by these Contract Documents and the rights and remedies available hereunder to the parties hereto are in addition to and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by laws or regulations, by special warranty or guarantee, or by other provisions of the Contract Documents. The provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

D. Survival of Obligations: All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract Documents, as well as all continuing obligations indicated in the Contract Documents, will survive final payment, completion, and acceptance of the work or termination or completion of the Contract or termination of the services of Vendor/Contractor.

E. Headings: Article and paragraph headings are inserted for convenience only and do not constitute parts of these Contract Documents.

F. Specification and Drawings Furnished by the Owner: All specifications, drawings and copies thereof furnished by the County shall remain its property. They shall not be used on another project and, with the exception of those sets which have been signed in connection with the execution of the Contract, shall be returned to the County upon completion of the project.

G. Laws and Ordinances: The Contract Documents shall be governed by the laws of the State of Florida and the ordinances of Hernando County.

H. Vehicle Licensing: All prime Vendor/Contractors, including their subs, must obtain a temporary vehicle license for each and every out-of-state vehicle, personal or business (including trailers)

that will be operating on-site. The cost shall be borne by the Vendor/Contractor. You must present evidence of title to the Tax Collector's Office to obtain the required temporary licenses.

I. Handicapped Non-discrimination: The Vendor/Contractor will not discriminate against any employee or applicant for employment because he or she is handicapped in regard to any position for which the employee or applicant for employment is qualified.

9.26. OTHER WORK AT THE SITE

OTHER WORK AT THE SITE:

A. Related Work at Site:

1. County may perform other work related to the project at the site with County's employees, or via other direct contracts therefore, or have other work performed by utility owners. If such other work is not noted in the Contract Documents, then:

   a. Written notice thereof will be given to Vendor/Contractor prior to starting any such other work; and

   b. If County and Vendor/Contractor are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the contract price or contract times that should be allowed as a result of such other work, a claim may be made therefore as provided in above Section titled: "CHANGES INTHE WORK; CLAIMS" Paragraph titled: "Claims".

2. Vendor/Contractor shall afford other Vendor/Contractors who are a party to such a direct contract, each utility owner and County, if County is performing other work with County's employees, proper and safe access to the site, a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work and shall properly coordinate the work with theirs. Vendor/Contractor shall do all cutting, fitting, and patching of the work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. Vendor/Contractor shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of County Designated Representative and the others whose work will be affected. The duties and responsibilities of Vendor/Contractor under this paragraph are for the benefit of such utility owners and other Vendor/Contractors to the extent that there are comparable provisions for the benefit of Vendor/Contractor in said direct contracts between County and such utility owners and other Vendor/Contractors.

3. If the proper execution or results of any part of Vendor/Contractor's work depends upon work performed by others under this section titled "OTHER WORK AT THE SITE", Vendor/Contractor shall inspect such other work and promptly report to County Designated Representative in writing any delays, defects, or deficiencies in such other work that render

it unavailable or unsuitable for the proper execution and results of Vendor/Contractor's work. Vendor/Contractor's failure to so report will constitute an acceptance of such other work as fit and proper for integration with Vendor/Contractor's work except for latent defects and deficiencies in such other work.

B. Coordination:

1. If County intends to contract with others for the performance of other work on the project at the site, the following will be set forth in the Contract Documents:

   a. The individual or entity who will have authority and responsibility for coordination of the activities among the various Vendor/Contractors will be identified.

   b. The specific matters to be covered by such authority and responsibility will be itemized; and

2. Unless otherwise provided in the Contract Documents, County shall have sole authority and responsibility for such coordination.

9.27. MATERIAL SAFETY DATA SHEETS

MATERIAL SAFETY DATA SHEETS:

A. In accordance with Florida Emergency Planning and Community Right-to-Know Act, Chapter 252, Part II, Florida Statutes, it is the seller's duty to advise Hernando County if a product is a listed toxic substance and to provide a material safety data sheet (MSDS) at the time of delivery. Vendor/Contractors must comply with this procedure along with the Federal Emergency Planning and Community Right-to-Know Act (42 U.S.C. Ch 116) and the Federal Hazard Communications Standards (29CFR sec.1910.1200) all other applicable laws.

9.28. TRENCH SAFETY ACT

Bidder shall be solely responsible for complying with the Florida Trench Safety Act as established under 553.60 through 553.64, Florida Statutes, and under the OSHA excavation safety standards as established under 29 CFR 1926.650 (Sub-Part P) as amended. All costs associated with complying with these requirements shall be included in the bid. The Trench Safety Act Compliance Form attached in Questionnaire, must be submitted with the bid.

9.29. SCRUTINIZED COMPANIES Pursuant to Florida Statute 287.135 And 215.473

Vendor/Contractor must certify that the company is not participating in a boycott of Israel. Vendor/Contractor must also certify that Vendor/Contractor is not on the Scrutinized Companies that Boycott Israel List, not on the Scrutinized Companies with Activities in Sudan List, and not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List or has been engaged in business operations in Cuba or Syria. Subject to limited exceptions provided in State law, the County will not contract for the provision of goods or services with any scrutinized company referred to above. Vendor/Contractor must submit the certification form included as an attachment to this Solicitation. Submitting a false certification shall be deemed a material breach of contract. The County shall provide

notice, in writing, to the Vendor/Contractor of the County's determination concerning the false certification. The Vendor/Contractor shall have five (5) days from receipt of notice to refute the false certification allegation. If such false certification is discovered during the active contract term, the Vendor/Contractor shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination of false certification was made in error. If the Vendor/Contractor does not demonstrate that the County's determination of false certification was made in error, then the County shall have the right to terminate the contract and seek civil remedies pursuant to Section 287.135, Florida Statutes, as amended from time to time.

10. SUPPLEMENTARY REQUIREMENTS FOR FEDERAL/STATE

10.1. CONTRACTOR PURCHASED EQUIPMENT FOR LOCAL OWNERSHIP – 23 CFR 140 and 49 CFR 18

Vendor/Contractor shall not purchase any equipment to be transferred to the ownership of either the State of Florida or Hernando County. "Equipment" means tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit.

10.2. DEBARMENT AND SUSPENSION: (2 CFR part 180 (Subpart C); 2 CFR part 1200

A. Certificate Regarding Debarment and Suspension (Bidder Or Offeror): By submitting a bid/proposal under this solicitation, the Bidder or Offeror certifies that neither it nor its principals are presently debarred or suspended by any federal department or agency from participation in this transaction.

B. Certification Regarding Debarment and Suspension (Successful Bidder Regarding Lower Tier Participants): The successful Bidder, by administering each lower tier subcontract that exceeds $25,000 as a "covered transaction", must verify each lower tier participant of a "covered transaction" under the project is not presently debarred or otherwise disqualified from participation in this federally assisted project. The successful Bidder will accomplish this by:

1. Checking the System for Award Management at website: http://www.beta.sam.gov
2. Collecting a certification statement similar to the Certificate Regarding Debarment and Suspension (Bidder or Offeror), above.
3. Inserting a clause or condition in the covered transaction with the lower tier contract
4. If the FDOT later determines that a lower tier participant failed to disclose to a higher tier participant that it was excluded or disqualified at the time it entered the covered transaction, the FDOT may pursue any available remedies, including suspension and debarment of the non-compliant participant.

10.3. FOREIGN VENDOR/CONTRACTOR AND SUPPLIER RESTRICTION – 49 CFR 30: Applies to all Federal-aid construction projects. Proposal may not limit project to domestic-owned contractors only.

A. Definitions. The definitions pertaining to this clause are those that are set forth in 49 CFR 30.7-30.9.

B. General. This clause implements the procurement provisions contained in the Continuing Resolution on the Fiscal Year 1988 Budget, Public Law No. 100-202, and the Airport and Airway Safety and Capacity Expansion Act of 1987, Public Law No. 100-223.

C. Restrictions. The Vendor/Contractor shall not knowingly enter into any Sub-Contract under this contract: (1) With a Sub-Contractor of a foreign country included on the list of countries that discriminate against U.S. firms published by the United States Trade Representative (U.S.T.R.); or (2) for the supply of any product for use on the Federal Public works project under this contract that is produced or manufactured in a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R.

D. Certification. The Vendor/Contractor may rely upon the certification of a prospective Sub-Contractor that it is not a Sub-Contractor of a foreign country included on the list of countries that discriminates against U.S. firms published by the U.S.T.R. and that products supplied by such Sub-Contractor for use on the Federal public works project under this contract are not products of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R., unless the contractor has knowledge that the certification is erroneous.

E. Erroneous certification. The certification in Paragraph (b) of the provision entitled “Restriction on Federal Public Works Projects—Certification,” is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the Vendor/Contractor knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may cancel this contract for default at no cost to the Government.

F. Cancellation. Unless the restrictions of this clause are waived as provided in Paragraph (e) of the provision entitled “Restriction on Federal Public Works Projects—Certification,” if the Vendor/Contractor knowingly enters into a Sub-Contract with a Sub-Contractor that is a Sub-Contractor of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R. or that supplies any product for use on the Federal public works project under this contract of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R., the Contracting Officer may cancel this contract for default, at no cost to the Government.

G. Sub-Contracts. The Vendor/Contractor shall incorporate the clause found in 49 CFR 30.15, without modification, including this Paragraph (G.) in all Solicitations and Sub-Contracts under this contract. This project is partially funded with Federal aid Highway Program Funds, the only governmental applicable prohibition against contracting with scrutinized companies are the ones that are in accordance with the economic sanctions established by the US Department of State and the US Department of the Treasury.

H. Proposal may not include the Florida orders on business with Syria, Cuba, Iran, Israel and Sudan.

10.4. INCENTIVE/DISINCENTIVE CLAUSES – 23 CFR 635.127 (d,f)

The Incentive/Disincentive clause is not applicable for this project.

10.5. INDIAN PREFERENCE ON FEDERAL AID PROJECTS – 23 CFR 635.117

This requirement is not applicable for this project.

10.6. COUNTY FORCE ACCOUNT/COST EFFECTIVE JUSTIFICATION – 23 CFR 635B UNDER 635.205

The County will be utilizing an independent contractor to perform the scope of work.

10.7. PATENTED PROPRIETARY MATERIALS – 23 CFR 635.411

Several requirements (e.g., use of a proprietary product, use of public equipment, or contract award based on other than competitive Bidding) may be waived under specific conditions if it is found to be in the public interest or cost effective. These findings should be used sparingly since such a determination is an acknowledgment that the needs of the public will be better met by not following the general rules. Since the general requirement addresses a specific issue or concern, waiving that requirement should be done only after careful consideration of the effect or precedent that will be set.

A. The actual cost effectiveness / public interest finding will consist of a written document outlining the basis for the request and any supporting documentation such as a cost/benefit analysis; discussion of product compatibility; logistical concerns; etc.

The cost effectiveness / public interest finding can only be used if approved by FDOT and it is specified in Bid document.

10.8. PREQUALIFICATION – 23 CFR 635.110

The County shall certify that Florida DOT Pre-qualified Contractors will be used to perform LAP projects when on the NHS, SHS and Class C projects. However, when the project is on the NHS or SHS, and the contract is under $250,000 then a pre-qualified contractor is not required, per FDOT Standard Specifications 2-1 Prequalification of Bidders.

A. Non-NHS/SHS projects may use County pre-qualified contractors.

B. This project is Non-NHS/SHS and is not a Class C project. Hernando County does not pre-qualify contractors for construction projects.

10.9. PUBLIC AGENCIES IN COMPETITION WITH THE PRIVATE SECTOR – 23 CFR 635.112(e)

No public agency shall be permitted to Bid in competition or to enter into Sub-Contracts with private contractors. A public agency is defined as any organization with administrative or functional responsibilities that are either directly or indirectly affiliated with a governmental body of any nation, state, or local jurisdiction.

10.10. PUBLICLY OWNED EQUIPMENT – 23 CFR 635.106

Hernando County does not permit the use of publicly owned equipment to compete with privately owned equipment on a project to be let to contract.

10.11. RESTRICTIONS ON MATERIALS 23 CFR 635.409

No requirement shall be imposed and no procedure shall be enforced by any state transportation department in connection with a project which may operate:

A. To require the use of or provide a price differential in favor of articles or materials produced within the state, or otherwise to prohibit, restrict or discriminate against the use of articles or materials shipped from or prepared, made or produced in any state, territory or possession of the United States; or

B. To prohibit, restrict or otherwise discriminate against the use of articles or materials of foreign origin to any greater extent than is permissible under policies of the Department of Transportation as evidenced by requirements and procedures prescribed by the FHWA Administrator to carry out such policies.

10.12. USE OF MATERIALS MADE AVAILABLE BY A PUBLIC AGENCY 23 CFR 635.407

A. Contracts for highway projects shall require the contractor to furnish all materials to be incorporated in the work and shall permit the contractor to select the sources from which the materials are to be obtained. Exception to this requirement may be made when there is a definite finding by the State transportation department and concurred in by the FHWA Division Administrator, that it is in the public interest to require the contractor to use material furnished by the State transportation department or from sources designated by the State transportation department. In cases such as this, the FHWA does not expect mutual sharing of costs unless the State transportation department receives a related credit from another agency or political subdivision of the State. Where such a credit does accrue to the State transportation department, it shall be applied to the Federal-aid project involved. The designation of a mandatory material source may be permitted based on environmental considerations, provided the environment would be substantially enhanced without excessive cost. Otherwise, if a State transportation department proposal to designate a material source for mandatory use would result in higher project costs, Federal-aid funds shall not participate in the increase even if the designation would conserve other public funds.

B. The provisions of paragraph (a) of this section will not preclude the designation in the plans and specifications of sources of local natural materials, such as borrow aggregates, that have been investigated by the State transportation department and found to contain materials meeting specification requirements. The use of materials from such designated sources shall not be mandatory unless there is a finding of public interest as stated in paragraph (a) of this section.

C. Federal funds may participate in the cost of specifications materials made available by a public agency when they have been actually incorporated in accepted items of work, or in the cost of such materials meeting the criteria and stockpiled at the locations specified in § 635.114 of this chapter.

D. To be eligible for Federal participation in its cost, any material, other than local natural materials, to be purchased by the State transportation department and furnished to the contractor for mandatory use in the project, must have been acquired on the basis of competitive bidding, except when there is a finding of public interest justifying the use of another method of acquisition. The location and unit price at which such material will be available to the contractor must be stated in the special provisions for the benefit of all prospective bidders. The unit cost eligible for Federation participation will be limited to the unit cost of such material to the State transportation department.

E. When the State transportation department or another public agency owns or has control over the source of a local natural material the unit price at which such material will be made available to the contractor must be stated in the plans or special provisions. Federal participation will be limited to

1. the cost of the material to the State transportation department or other public agency; or

2. the fair and reasonable value of the material, whichever is less. Special cases may arise that will justify Federal participation on a basis other than that set forth above. Such cases should be fully documented and receive advance approval by the FHWA Division Administrator.

F. Costs incurred by the State transportation department or other public agency for acquiring a designated source or the right to take materials from it will not be eligible for Federal participation if the source is not used by the contractor.

G. The contract provisions for one or a combination of Federal-aid projects shall not specify a mandatory site for the disposal of surplus excavated materials unless there is a finding by the State transportation department with the concurrence of the FHWA Division Administrator that such placement is the most economical except that the designation of a mandatory site may be permitted based on environmental considerations, provided the environment would be substantially enhanced without excessive cost.

10.13. EQUIPMENT RENTAL RATES – 23 CFR 635.120 AND 48 CFR 31

For any work proposed to be performed by equipment-rental Agreement, Vendor/Contractor shall notify the Engineer in writing of such intention before using the rented equipment, and indicate whether the equipment will be rented on an operated or non-operated basis. Include with the written notice a listing and description of the equipment and a description of the particular work to be performed with such equipment. As an exception to the above requirements, the County will not require written notice for equipment to be rented (without operators) from an equipment dealer or from a firm whose principal business is the renting or leasing of equipment.

A. The operators of all rented equipment, whether rented on an operated or a non-operated basis are operators are subject to all wage rate requirements applicable to the project. When renting equipment without operators, the Vendor/Contractor shall carry the operators on his own

payroll. For equipment that is rented on an operated basis, and when required by the Contract or requested by the Engineer, Vendor/Contractor shall furnish payrolls from the lessor with the names of the operators shown thereon.

B. When a lessor provides rentals of equipment on an operated basis that exceed $10,000, such lessor is subject to any Equal Employment Opportunity requirements that are applicable to the project.

10.14. CONFLICT OF INTEREST

Neither Hernando County nor any of its contractors or their subcontractors shall enter into any contract, subcontract or arrangement in connection with the Project or any property included or planned to be included in the Project in which any member, officer or employee of Hernando County or the locality during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to Hernando County, Hernando County, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by Hernando County or the locality relating to such contract, subcontract or arrangement. Hernando shall insert in all contracts entered into in connection with the Project or any property included or planned to be included in any Project, and shall require its contractors to insert in each of their subcontracts, the following provision:

A. "No member, officer or employee of the Recipient or of the locality during his tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

B. The provisions of this paragraph shall not be applicable to any agreement between Hernando County and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

10.15. DOMESTIC PREFERENCES FOR PROCUREMENTS 2 CFR 200.322

A. As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. For purposes of this section:

1. “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as

polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

10.16. PROHIBITION ON CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT 2 CFR 200.216

A. Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

1. Procure or obtain;

2. Extend or renew a contract to procure or obtain; or

3. Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115–232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

   a. For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

   b. Telecommunications or video surveillance services provided by such entities or using such equipment.

   c. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

B. In implementing the prohibition under Public Law 115–232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

C. See Public Law 115–232, section 889 for additional information.

D. See also § 200.471.

10.17. PROCUREMENT OF RECOVERED MATERIALS 2 CFR 200.323

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

10.18. EQUAL EMPLOYMENT OPPORTUNITY (EEO) 2 CFR 200, Appendix II(C), 41 CFR § 60-4.1, Executive Order 11246

Federally assisted construction contracts.

(1) Except as otherwise provided, each administering agency shall require the inclusion of the following language as a condition of any grant, contract, loan, insurance, or guarantee involving federally assisted construction which is not exempt from the requirements of the equal opportunity clause:

The County hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, the following equal opportunity clause:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided,*

That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

13.2. DBE

OVERALL FDOT DBE GOALS:

FDOT is required to set overall DBE goals every three (3) years. The overall race neutral program FDOT DBE goal **is 10.67%, effective October 1, 2023** FDOT aspires to spend 10.67% of FHWA funds on projects with Certified DBEs as prime Contractors/Sub-Contractors and prime Consultants/Sub-Consultants. ***The goal is not a Contractual requirement and neither FDOT nor Local Agencies in the LAP program may take sanctions or other punitive actions for failure of Contractor(s) to meet the 10.67% goal.*** However, FDOT strongly encourages Vendor/Contractors to seek out, solicit Bids/Quotes and use DBEs wherever possible, and it expects Local Agencies in LAP do likewise.

BID OPPORTUNITY DATA COLLECTION:

In order to ensure that the DBE program is narrowly tailored in compliance with **49 CFR 26.45** and applicable Supreme Court decision(s), FDOT must maintain a statewide database of all firms that are participating or attempting to participate in FHWA-assisted Contracts. The list must include all firms that Bid on prime Contracts or Bid or Quote Sub-Contracts on FHWA-assisted projects, including both DBEs and non-DBEs. The ***Bid Opportunity List*** is used to record Bidders' information for all Sub-Contractors or Sub-Consultants who submitted Bids to primes. **All Vendor/Contractors must enter their Bid opportunity information in the Equal Opportunity Compliance (EOC) System within three (3) business days of submission of the Bid or Proposal for all Sub-Contractors or Sub-Consultants who Quoted Bids for FHWA-assisted projects.** The link to the EOC system is located in ***Chapter 1 Section 1.4, Directory of Compliance Websites & Addresses.*** For further information reference the DBE Bid package information and Form 275-030-11. **Failure of Bidders to enter Bid Opportunity List information is a violation of 49 C.F.R. 26.11 and grounds for compliance actions up to and including withholding of progress payments.**

ANTICIPATED DBE PARTICIPATION OR COMMITMENTS:

The Prime Vendor/Contractor is required to enter anticipated DBE utilization data in the EOC System at or before the Pre-Construction Conference. The anticipated DBE participation is also known as

"commitments" and would also be reflected on the Certificate of Sublet work submitted by the prime Vendor/Contractor. The data includes:

A. DBE company name,

B. specialty code/North American Industry Classification System (NAICS) code identifying work to be performed, and

C. the total Contract amount.

In addition, prime Vendor/Contractors are required to promptly update the EOC System whenever DBEs are added or removed from the Certificate of Sublet Work, or when utilization changes. Even when DBEs are not used on a project, the prime Vendor/Contractor is still responsible for reporting zero DBE utilization in the EOC System. Prime Vendor/Contractors who are certified DBEs must report the portion of the Contract which will be performed directly by them with their own workforces. Other DBE Sub-Contractors that the DBE prime Vendor/Contractor anticipates using must also be reported.

PAYMENTS TO DBEs:

The Prime Vendor/Contractor reports data on actual payments, minority status, and the type of work of all Sub-Contractors and major suppliers **monthly** in the EOC System. Included in the reporting are monies paid from each monthly pay application to each DBE for the work performed in their certified area(s). If no payment is made to a DBE, the Prime must report a zero-dollar payment. The Prime must continue monthly reporting in the EOC System until such time that the DBE has been 'finalized or closed out' of the project.

PROMPT PAYMENT:

Monthly actual payment reporting requirements for prime Vendor/Contractors and Consultants are based on prompt payment rules and laws. The same holds true for return of retainage after the Sub-Contractor has completed its work, not when the overall project is finished. Florida Law requires timely payment for both construction and nonconstruction services. Generally, invoices for construction Contracts must be paid within twenty-five (25) days of receipt. Invoices for Consultant Contracts are payable per the Contract terms, but shall not exceed federal regulations in ***49 CFR 26.29*** that requires payment of all Sub-Contractors for satisfactory performance within thirty (30) days of payment to the Prime.

The Contract Documents may be amended to provide for additions, deletions, and revisions in the work or to modify the terms and conditions thereof by Change Order.

In case of conflict the more stringent requirements shall take precedence and govern.

The Vendor/Contractor shall take no advantage of any error or omission in the plans or of any discrepancy between the plans and specifications, and the Engineer shall make such interpretation as may be deemed necessary for the fulfillment of the intent of the plans and specifications as construed by him and his decision shall be final.
