7.3. It will be the responsibility of the Bidder to visit www.bidnetdirect.com to ensure they are aware of all Addenda issued for this solicitation.

7.4. Questions must be submitted via e-mail to purchasing@hernandocounty.us or faxed to (352) 754-4199. Questions will only be accepted through the period specified in the Bid documents.

7.5. All Addenda must be acknowledged by signing and submitted with the Bid. Failure to acknowledge any Addenda may render the Vendor/Contractor's Bid as non-responsive and subject to rejection.

8. **COMMUNICATION:** There shall be no communication between the Vendor/Contractor, their employees or Sub-Contractors and County employees and elected officials (hereafter referred to as "County Representative"), except through the Purchasing and Contracts Department. Any attempt to communicate with any County Representative outside the Purchasing and Contracts Department will be considered a violation of the Purchasing Policy and may result in the rejection of your Bid.

9. **WITHDRAWAL OF BIDS:** Bids may be withdrawn by written request received from Bidders prior to the time fixed for opening. Negligence on the part of the Bidder in preparing the bid confers no right for the withdrawal of the Bid after it has been opened. Faxed or electronically mailed withdrawals will not be recognized.

10. **BID PROTESTS:** Any Bidder who protests the Bid specifications or Award or Intent to Award, must file with the County a notice of protest and formal written protest in compliance with Chapter 28-110, Florida Administrative Code (Current Edition), and applicable provisions in Section 120.57, F.S. (Current Edition). Failure to timely file such documents will constitute a waiver of proceedings under Chapter 120, F.S. (Current Edition). Failure to file a protest within the time prescribed in section 120.57(3), F.S. (current edition), or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under chapter 120, F.S. (current edition).

SECTION III - GENERAL CONDITIONS

11. **CONTRACT PERIOD:**

11.1. The Contract resulting from this solicitation shall be a term Contract for the time period specified herein. During the specified time period, the County may order services/supplies as the requirements generate and the Vendor/Contractor will deliver the services/supplies ordered. It is understood that the County is not obligated to purchase any specific amount of services/supplies under this Agreement.

11.2. The period of the Contract shall extend for three (3) years effective from date of award.

11.3. **Renewal Option (Unilateral):** At the sole option of the County, through the Board of County Commissioners or Chief Procurement Officer or Designee, this Contract may be unilaterally renewed, for two (2) additional one (1) year periods at the same prices, terms, and conditions. The County alone will determine whether or not this renewal option will be exercised based on its convenience and its best interest. The County will notify the Vendor/Contractor, in writing, no later than thirty (30) days prior to expiration of its decision to exercise this Contract renewal option and/or options. Any request by the Vendor/Contractor for consideration of a price adjustment must be submitted in writing to the County at the time of County notice of its decision to exercise Contract renewal (this provision), and Contractor must provide written evidence based on increased costs to the Vendor/Contractor. Documentation of these increases must be furnished to the County upon request. Any price adjustment (increase or decrease) approved by the County shall impose upon the Vendor/Contractor the requirement to advise and extend to the County price reductions when costs similarly decrease.

11.4. Either party may cancel this Contract, in whole or in part, by giving ninety (90) days prior notice in writing. However, the Vendor/Contractor shall not be authorized to exercise this cancellation option during the first one-hundred eighty (180) days of the Contract. The number of days within which, or the dates by which, the work is to be substantially completed and ready for final payment are set forth in the Agreement.

12. **BID PRICE/SUBMITTAL REQUIREMENTS:**

12.1. The prices Bid shall remain firm during the period of the Contract. The prices Bid shall be inclusive of all labor, equipment, and materials as specified within this solicitation. The price Bid constitutes the total compensation payable to the Vendor/Contractor for performing the work.

12.2. Unless otherwise stated, the prices Bid shall include all costs of packing, transporting, delivery, and services to the designated point within Hernando County.

12.3. The Bidder hereby certifies that this Bid is made without prior understanding, Agreement, or connection with any corporation, firm, or person submitting a Bid for the same materials, supplies, services, or equipment and is in all respects fair and without collusion or fraud. Further, the Bidder hereby agrees to abide by all terms and conditions of this Bid and certifies that the person executing the Bid Form is authorized to sign this Bid for the Bidder.

12.4. Unit prices shall be shown and where there is an error in extension of price, the unit price shall govern.

12.5. The Bidder warrants that the prices of the items set forth herein do not exceed those charged by the Bidder under a Contract with the State of Florida or any of its agencies.

12.6. Bidder must submit the solicitation document in its entirety, including the Solicitation-Offer-Award cover sheet, Bid Specifications, Bid Form and all required Forms/Certifications. Failure to submit these forms may render its Bid as non-responsive.

13. QUALIFICATION OF BIDDERS:

13.1. This Bid shall be awarded to a responsive, responsible bidder, qualified by experience to provide the work specified. The Bidder will submit the following information with his/her Bid:

13.1.1. List and brief description of substantially similar work (size and scope) for at least three (3) references of firms, and/or governmental agencies/entities satisfactorily completed with location, dates of Contract, names, addresses, telephone numbers and email addresses of owners by completing the reference sheets attached in Section VII. These references must be for work performed within the past three (3) years.

13.1.2. List of equipment and facilities available to do work.

13.1.3. List of personnel, by name and title, contemplated to perform the work.

13.1.4. Failure to submit this information may be cause for rejection of your Bid.

14. BID EVALUATION AND AWARD:

14.1. Bid evaluation will be based on price, conformance with specifications and the Bidder's ability and resources to perform the Contract in accordance with the terms and conditions required. Bidders must submit all data necessary to evaluate and determine the quality of the item(s) and/or services they are Bidding. A Vendor/Contractor shall not be qualified to bid when investigation by the Chief Procurement Officer of that Vendor/Contractor is either delinquent on a previously awarded contract or in litigation with Hernando County on a previously awarded Contract.

14.2. Award shall be made on an "All-or-None Total Offer" basis to the lowest, responsive, and responsible Bidder. It is the intention of the County to award a primary and secondary Vendor/Contractor (see Paragraph 70). However, the County reserves the right to reject any and all bids in accordance with the Hernando County Procurement Ordinance. Failure to provide a price for all areas upon the Bid Form may deem the Bidder's response non-responsive.

14.3. If two (2) or more fully responsive, responsible Bids are received for the same total amount or unit price, quality and service being equal, the County reserves the right to award the Contract to the Bidder whose place of business is located within the boundaries of Hernando County, Florida. Should tie Bids, as described above, be received from either two (2) or more Hernando County Bidders or from non-local Bidders when no Hernando County Bidder has submitted a tie Bid, then the Board of County Commissioners shall award the Contract to one (1) Vendor/Contractor by drawing lots in a public meeting.

14.4. The County shall be the sole judge as to the relative merits of the Bids received.

14.5. If a separate written Contract is not required by the County; a written letter of award, mailed or otherwise furnished to the successful Bidder, shall result in a binding Contract without further action by either party.

14.6. Discounts for payments within less than twenty (20) days will not be considered in evaluation of Bids, however, offered discounts will be taken for less than twenty (20) days if payment is made within the discount period.

15. LOCAL PREFERENCE:

15.1. Purpose and Findings: These provisions apply to purchases using Formal Bid, Request for Proposals or Quotes. The County annually spends significant dollars on purchasing personal property, materials, and services, and in constructing improvements to real property or existing structures. The dollars used in making those purchases are derived, in large part, from taxes, fees and utility revenues paid by businesses located within Hernando County, and the County Commission has determined that funds generated in the community should, to the extent possible, be placed back into the local economy. Therefore, the County Commission has determined that it is in the best interest of the County to give a preference to local businesses in making such purchases whenever the application of such a preference is reasonable in light of the dollar-value of Bids and Quotes received in relation to such expenditures.

15.2. Application:

15.2.1. In Bidding for, or letting Contracts for procurement of supplies, materials, equipment, and services, as described in the purchasing policies of the County, the Board of County Commissioners may give a preference to local businesses in making purchases or awarding Contracts in an amount not to exceed:

15.2.1.1. Five percent (5%) of the local business' total Bid price if the cost differential does not exceed $10,000.00 for procurement activities in amounts over $35,000.00, or

15.2.1.2. Three percent (3%) if the cost differential does not exceed $1,000.00 for procurement activities in amounts more than $10,000.00, but less than $35,000.

15.2.2. The total Bid price shall include not only the base Bid price, but also all alterations to the base Bid price resulting from alternates which were both part of the Bid and actually purchased or awarded by the Board of County Commissioners.

15.2.3. In the case of requests for proposals or qualification, letters of interest, or other solicitations and competitive negotiations and selections in which objective factors are used to evaluate the responses, local businesses shall be assigned five percent (5%) of the total points of the total evaluation points.

15.3. Definitions:

15.3.1. Local Vendor means a person or business entity which has maintained a permanent place of business with full-time employees within Hernando County for a minimum of twelve (12) months prior to the date Bids or Quotes were received for the purchase or Contract at issue, and which generally provides from such permanent place of business the kinds of goods or services solicited, and which at the time of the solicitation fully complies with the Local Vendor eligibility identified below.

15.3.2. Local Vendor Affidavit of Eligibility shall accompany the Quotation or Bid submittal in order to be considered valid and shall include, but not be limited to, the following current information:

15.3.2.1. A physical business and location address.

15.3.2.2. Proof of payment of real property tax due to Hernando County.

15.3.2.3. A copy of the firm's most recent annual corporation report to the Florida Division of Corporations.

15.3.2.4. Any additional information necessary to verify Local Vendor status.

15.4. Competitive Bids/Quotes: The County reserves the exclusive right to compare, contrast and otherwise evaluate the qualifications, character, responsibility and financial qualifications of all persons, firms, partnerships, companies or corporations submitting formal Bids or formal Quotes in any procurement for goods and services when making an award in the best interests of the County.

15.5. Exemptions:

15.5.1. Purchases resulting from exigent emergency conditions where any delay in completion or performance would jeopardize public health, safety, or welfare of the citizens of the County, or where in the judgment of the County the operational effectiveness or a significant County function would be seriously threatened if a purchase was not made expeditiously.

15.5.2. Purchases with any sole source supplier for supplies, materials, or other equipment.

15.5.3. Purchases made through cooperative purchasing arrangements utilized by the Purchasing and Contracts Department as identified in the Purchasing Policy.

15.5.4. Purchases that are funded in whole or in part by assistance from any federal, state, or local agency where the program guidelines do not permit local preference.

15.5.5. Purchases with an estimated cost of less than $10,000.00 or less.

15.6. Appeal: If an application for a "Local Contractor/Vendor" designation is denied, the applicant may appeal such decision to the County Administrator for review and further consideration.

16. HOURS: Work may be performed between the hours of 7:000 a.m. to 7:00 p.m., Monday through Friday, except County holidays. The County may, on certain occasions, approve work outside of these times. Such exception(s) must be approved in writing by the County at least one (1) day in advance. Services will not be permitted when operations would cause a traffic or safety hazard.

17. WARRANTIES: The Bidder agrees that the supplies and services furnished under this award shall be covered by the most favorable commercial warranties the Bidder gives to any customer for comparable quantities of such supplies or services and that the rights and remedies provided herein are in addition to and do not limit any rights afforded to the County by any other provision of this award.

18. DELIVERY AND ACCEPTANCE:

18.1. The County will order services by issuance of a Hernando County Numbered Purchase Order (PO). Each Purchase Order will specify the Scope of Work, Location and Date(s) for service required.

18.2. Receipt of services/supplies shall not constitute acceptance. Final acceptance and authorization of payment shall be given only after thorough inspection indicates that the services/supplies delivered meet Bid specifications and conditions. Should the services/supplies differ in any respect from the specifications, payment will be withheld until such time as the Vendor/Contractor takes necessary correction action. If the proposed corrective action is not acceptable to the County, final acceptance of the services may be refused, in which case the services shall remain the property of the Vendor/Contractor and the County shall not be liable for payment for any portion thereof.

18.3. Unless otherwise specified, services shall be performed as described in these Contract documents.

18.4. Vendor/Contractor(s) shall not commence work prior to the County's receipt and acceptance of the Certification of Insurance, and any other required documents/certificates as specified by these Contract documents.

19. REJECTION OF BID: The County reserves the sole right to reject any and all Bid submissions. Bids which are incomplete, unbalanced, conditional, obscure or which contain additions not required, or irregularities of any kind, or which do not comply with every aspect of this solicitation, may be rejected at the option of the County. A Bidder/Contractor shall not be qualified to bid when an investigation by the Chief Procurement Officer finds the Bidder/Contractor delinquent on a previously awarded Contract or in litigation with a Hernando County previously awarded Contract.

20. MINOR INFORMALITIES AND IRREGULARITIES: Hernando County has the right to waive minor defects or variations of a Bid from the exact requirements of the specifications that do not affect price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a Bidder with the Bid for Hernando County to properly evaluate the Bid, Hernando County has the sole right to require such additional information as it may deem necessary after the time set for receipt of Bids, provided that the information requested does not change the price, quality, quantity, delivery or performance time of the services being procured. The Board of County Commissioners reserves the sole right to reject any or all Bids in whole or in part; to award by any item, group(s) of items or in the aggregate whichever is most advantageous to the County.

21. NON-EXCLUSIVE CONTRACT: Award of a Contract resulting from this Bid imposes no obligation on the County to utilize the Vendor/Contractor for all work of this type, which may develop during the Contract period. This is not an exclusive Contract. The County specifically reserves the right to Contract with another company for similar work if it deems such action to be in the County's best interest.

22. NON-PERFORMANCE:

22.1. Time is of the essence in this Contract and failure to deliver the services specified within the time period required shall be considered a default.

22.1.1. In case of default, the County may procure the services from other sources and hold the Vendor/Contractor responsible for all costs occasioned thereby and may immediately cancel the Contract. The Chief Procurement Officer (CPO) reserves the sole right to impose and debar Vendor/Contractors, as a direct result of Vendor/Contractor default and termination for a period of twelve (12) months to twenty-four (24) months depending upon the severity of the default resulting in Contract termination. The Vendor/Contractor and its sureties (if any) shall be liable for any damage to the County resulting from the Vendor/Contractor's default of the Contract. This liability includes any increased costs incurred by the County in completing Contract performance.

23. ASSIGNMENT: The successful Bidder is required to perform this Contract and may not assign, transfer, convey, sublet or otherwise dispose of any award or any or all of its rights, title, or interest therein, or the resulting Contractual Agreement in whole or in part without prior written authorization given at the sole discretion of Hernando County.

24. PUBLIC ENTITY CRIMES: Any person submitting a Bid or Proposal in response to this Invitation to Bid certifies that they are aware of, and in compliance with, all requirements under Section 287.133, Florida Statutes (Current Edition), on Public Entity Crimes. Bidders must complete and return with its Bid the Sworn Statement to Public Entity Crimes Form attached in these Bid documents.

25. LICENSES AND PERMITS: Prior to furnishing the requested product(s) or service(s), it shall be the responsibility of the awarded Vendor/Contractor to obtain, at no additional cost to Hernando County, any

and all licenses and permits required to complete this Contractual service. These licenses and permits shall be readily available for review by the Chief Procurement Officer or his/her designee.

26. LAWS, REGULATIONS, PERMITS AND TAXES: Vendor/Contractor shall comply with County's jobsite procedures and regulations and with all applicable local, state and federal laws, rules and regulations and shall obtain all permits required for any of the work performed hereunder. Vendor/Contractor shall procure and pay for all permits and inspections required for any of the work performed hereunder and shall furnish any bonds, security or deposits required to permit performance of the work. Vendor/Contractor shall, to the extent permissible under applicable law, comply with the jobsite provisions which validly and lawfully apply to work on the specific jobsite being performed under this Contract. **The County of Hernando is exempt from Federal Excise Taxes and all Sales Taxes**.

27. MODIFICATIONS/AMENDMENTS AND CHANGE ORDERS: Without invalidating the Contract, the County may, at any time or from time to time, through its Chief Procurement Officer (CPO) or designee, order additions, deletions or revisions in the Work, the same being authorized by Change Order or Contract Modification/Amendment. The cumulative total of Change Orders and/or Modifications/Amendments to this Contract under $35,000.00 (cap) will be approved by the CPO or its designee. Once the $35,000.00 cap is reached, all other additions, or revisions to this Contract that exceed the "cap" are subject to approval by the Hernando County Board of County Commissioners through Board Agenda Item. Only upon receipt of a Change Order, or Modification/Amendment executed by the Contractor and County (subject to approval by the CPO and/or Board of County Commissioner – as applicable) shall the Contractor be authorized to proceed with the Work involved. All such work shall be executed under the applicable terms and conditions contained in the Contract Documents. In addition;

a) The County will execute an appropriate Modification/Amendment to the Contract if such Modification/Amendment to the Contract is approved by the CPO or Board of County Commissioners (as approvable) and,

b) It is the Contactor's responsibility to notify its Surety of any changes affecting the general scope of the Work/Services or change of the Contract Price, and amount of the applicable Bond(s) shall be adjusted accordingly.

28. TAXES:

28.1. The Board of County Commissioners, Hernando County, Florida, has the following tax exemption certificates assigned:

Florida Sales & Use Tax Exemption Certificate No. 85-8012556945C-8,
effective 1/31/2019 – expiring on 1/31/2024.

28.2. This exemption does not apply to purchases of tangible personal property made by Vendor/Contractor(s) who use the tangible personal property in the performance of Contracts for improvements of County owned real property (Chapters 192 and 212, F.S. (Current Edition) and applicable rules of the Department of Revenue).

29. MANUFACTURERS' NAME AND APPROVED EQUIVALENTS: Manufacturers' names, trade names, brand names, information and/or catalog number listed in a specification are for informational purposes only and are not intended to limit competition. Said listing is for the purpose of item identification and to establish standards for quality; style and features. Bids on equivalent items will be considered unless items are noted as no substitutes. The Bidder may offer any brand for which he/she/it is an authorized representative, which meets or exceeds the specifications for any item(s). If Bids are based on equivalent products, indicate on the Bid Form the manufacturers' name and catalog number. Bidder shall submit with his/her/its Bid, cuts, sketches, and descriptive literature and/or specifications. The Bidder should also explain in detail the reasons(s) why and submit proof that the proposed equivalent will meet the specifications and not be considered an exception thereto. Hernando County Board of County Commissioners reserves the sole right to be the sole judge of what is equal and acceptable. Bids which do not comply with these requirements may be found non-responsive and subject to rejection. If Bidder fails to name a substitute, it will be assumed that he/she/it is bidding on, and will be required to furnish goods identical to the Bid standard as specified.

30. LITIGATION/WAIVER OF JURY TRIAL: This Agreement shall be governed by and construed according to Florida law. Venue for any dispute or formal litigation concerning this Agreement shall be in the appropriate court with territorial jurisdiction over Hernando County, Florida. In the event of a dispute or litigation, each party to such dispute or litigation shall be solely responsible for its own attorneys' fees and costs. This Agreement shall not be construed for or against any party hereto, without regard to which party is wholly or partly responsible for its drafting. Each party acknowledges that it is aware of and has had the opportunity to seek advice of counsel of its choice with respect to its rights to trial by jury, and each party, for itself and its successors, creditors, and assigns, does hereby expressly and knowingly waive and release all such rights to trial by jury in any action, proceeding or counterclaim brought by any party hereto against the other (and/or against its officers, directors, employees, agents, or subsidiary or affiliated entities) on or with regard to any matters whatsoever arising out of or in any way connected with this Contract and/or any other claim of injury or damage.

31. TERMINATION:

31.1. Termination for Default:

31.1.1. The County may, by written notice to the Vendor/Contractor, terminate this Contract for default in whole or in part (delivery orders, if applicable) if the Vendor/Contractor fails to:

31.1.1.1. Provide products or services that comply with the specifications herein or fails to meet the County's performance standards.

31.1.1.2. Deliver the supplies or to perform the services within the time specified in this Contract or any extension.

31.1.1.3. Make progress so as to endanger performance of this Contract.

31.1.1.4. Perform any of the other provisions of this Contract.

31.1.2. Prior to termination for default, the County will provide adequate written notice to the (Vendor/Contractor) through the Chief Procurement Officer, Purchasing and Contracts, affording him/her the opportunity to cure the deficiencies or to submit a specific plan to resolve the deficiencies within ten (10) days (or the period specified in the notice) after receipt of the notice. Failure to adequately cure the deficiency shall result in termination action and possible debarment. Such termination may also result in suspension or debarment of the Vendor/Contractor for a period of twelve (12) to twenty-four (24) months depending upon the severity of the Vendor/Contractor action that caused the default in accordance with the County's Procurement Ordinance. The Vendor/Contractor and its sureties (if any) shall be liable for any damage to the County resulting from the Vendor/Contractor's default of the Contract. This liability includes any increased costs incurred by the County in completing Contract performance.

31.1.3. In the event of termination by the County for any cause, the Vendor/Contractor will have, in no event, any claim against the County for lost profits or compensation for lost opportunities. After a receipt of a Termination Notice and except as otherwise directed by the County the Vendor/Contractor shall:

31.1.3.1. Stop work on the date and to the extent specified.

31.1.3.2. Terminate and settle all orders and Sub-Contracts relating to the performance of the terminated work.

31.1.3.3. Transfer all work in process, completed work, and other materials related to the terminated work as directed by the County.

31.1.3.4. Continue and complete all parts of that work that have not been terminated.

31.1.4. If the Vendor/Contractor's failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Vendor/Contractor, the Contract shall not be terminated for default. Examples of such causes include (1) acts of God or the public enemy, (2) acts of a government in its sovereign capacity, (3) fires, (4) floods, (5) epidemics, (6) strikes and (7) unusually severe weather.

31.2. Termination for Convenience: The County, by written notice, may terminate this Contract, in whole or in part, when it is in the County's interest. If this Contract is terminated, the County shall be liable only for goods or services delivered and accepted. The County Notice of Termination may provide the Vendor/Contractor ninety (90) days prior notice before it becomes effective. A termination for convenience may apply to individual delivery orders, purchase orders or to the Contract in its entirety.

32. FISCAL NON-FUNDING: In the event sufficient budgeted funds are not available for a new fiscal period, the County must notify the Vendor/Contractor of such occurrence and Contract shall terminate on the last day of current fiscal period without penalty or expense to the County.

33. USE OF CONTRACT BY OTHER GOVERNMENT AGENCIES:

33.1. At the option of the Vendor/Contractor, the use of the Contract resulting from this solicitation may be extended to other governmental agencies, including the State of Florida, its agencies, political subdivisions, counties, and cities.

33.2. Each governmental agency allowed by the Vendor/Contractor to use this Contract shall do so independent of any other governmental entity. Each agency shall be responsible for its own purchases and shall be liable only for goods or services ordered, received and accepted. No agency receives any liability by virtue of this Bid and subsequent Contract award.

34. CERTIFICATION OF INDEPENDENT PRICE DETERMINATION: By submission of this Bid, the Bidder certifies, and in the case of a Joint Bid, each party thereto certifies as to its own organization, that in connection with this procurement:

34.1. The prices in this Bid have been arrived at independently, without consultation, collusion, communication, or Agreement for the purpose of restricting competition, as to any matter relating to such prices with any other Bidder or with any competitor.

34.2. Unless otherwise required by law, the prices which have been quoted in this Bid have not been knowingly disclosed by the Bidder and will not knowingly be disclosed by the Bidder prior to opening, directly or indirectly to any other Bidder or to any competitor.

35. INTERIM EXTENSION OF PERFORMANCE: If it is determined that interim performance is required to allow for the solicitation and award of a new Contract, the County may unilaterally extend the Contract for a maximum period of up to six (6) months. Current pricing, delivery and all other terms and conditions of the Contract shall apply during this interim period.

36. COMPETENCY OF BIDDERS: The County reserves the right to make such investigations as they may deem necessary to establish the competency and financial ability of any Bidder to perform the work; and if after investigation, the evidence of his competency or financial ability is not satisfactory, the County reserves the right to reject his/her/its Bid.

37. MAINTENANCE OF RECORDS: The Vendor/Contractor will keep adequate records and supporting documents applicable to this Contract. Said records and documentation will be retained by the Vendor/Contractor for a minimum of five (5) years from the date of final payment on this Contract. The County and its authorized agents shall have the right to audit, inspect and copy records and documentation as often as the County deems necessary during the period of this Contract and a period of five (5) years after completion of Contract performance; provided however, such activity shall be conducted only during normal business hours.

The County during the period of time defined by the preceding sentence, shall also have the right to obtain a copy of and otherwise inspect any audit made at the direction of the Vendor/Contractor as concerns the aforesaid records and documentation. Pursuant to Section 119.0701 (Current Edition), Florida Statutes, Consultant/Firm shall comply with the Florida Public Records' laws and shall:

37.1. Keep and maintain records that ordinarily and necessarily would be required by the public agency in order to perform the service.

37.2. Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in Chapter 119, F.S. (Current Edition), or as otherwise provided by law.

37.3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirement are not disclosed except as authorized by law; and,

37.4. Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the Consultant/Firm upon termination of the Contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

37.5. Failure to comply with this section shall be deemed a breach of the Contract and enforceable as set forth in Section 119.0701, Florida Statutes (Current Edition).

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES (CURRENT EDITION), TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 352-754-4020, PURCHASING@HERNANDOCOUNTY.US, WITH AN OFFICE LOCATED AT 15470 FLIGHT PATH DRIVE, BROOKSVILLE, FL 34604.

Per Florida Statute 20.055(5) (Current Edition), it is the duty of every state officer, employee, agency, special district, board, commission, Contractor, and Sub-Contractor to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing pursuant to this section.

38. PAYMENT:

38.1. Payment for services received will be accomplished by submission of an invoice, in duplicate, with purchase order number referenced thereon at the completion of each specified job. Said invoice(s) shall be submitted to:

HERNANDO COUNTY
CODE ENFORCEMENT DEPARTMENT
789 PROVIDENCE BOULEVARD
BROOKSVILLE, FL 34601

38.2. Each invoice shall give a detailed breakdown of the services provided.

38.3. The Vendor/Contractor may invoice the County after each work order is complete. Invoice shall reference, and be based upon the Quantity Report received after project completion.

38.4. Payment will be made in no less than forty-five (45) days, per Florida Statute 218.74 (Current Edition). Terms not within Hernando County's payment period are not acceptable and may be cause for rejection.

38.5. **Payment to Vendor/Contractor by Electronic Payment Solution:** ACH (**Direct Deposit**): If the Vendor/Contractor is enrolled in the County's ACH electronic payment solution, all payments will be made using the direct deposit which may or may not include a pre-note transaction. The Vendor/Contractor's bank account information will remain confidential to the extent provided by law

and necessary to make direct deposit payments. Once the County has approved payment, an electronic remittance advice will be sent to the Vendor/Contractor via e-mail.

39. CONFLICT OF INTEREST:

39.1. Conflict of Interest of Officers or Employees of the Contracting Entity/Local Jurisdiction, Members of the Local Governing Body, or Other Elected Officials: No member or employee of the contracting entity/local jurisdiction or its designees or agents; no member of the governing body; and no other public official of Hernando County who exercises any function or responsibility with respect to this Contract, during his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any Contract or Sub-Contract, or the proceeds thereof, for work to be performed. Further, the Vendor/Contractor shall cause to be incorporated in all Sub-Contracts, the language set forth in this paragraph prohibiting conflict of interest.

39.2. Employee Conflict of Interest: It shall be unethical for any Hernando County employee to participate directly or indirectly in a procurement Contract when Hernando County employee knows that:

39.2.1. Hernando County employee or any member of Hernando County employee's immediate family has a financial interest in the procurement Contract; or

39.2.2. Any other person, business, or organization with whom Hernando County employee or any member of a Hernando County employee's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement Contract; or

39.2.3. A Hernando County employee or any member of a Hernando County employee's immediate family who holds a financial interest in a disclosed blind trust shall not be deemed to have a conflict of interest with regard to matters pertaining to that financial interest.

39.3. Former Employee Conflict of Interest: It shall be a violation for any person, business or organization contracting with County to employ in any capacity, any former County employee or member of County employee's immediate family within one year of that employee's separation from employment with the County, unless the employer or the former County employee files with the County Clerk, the County's Employment Disclosure Statement. The penalty for this violation may include disqualification of the Bid submission.

40. GRATUITIES AND KICKBACKS:

40.1. Gratuities: It shall be unethical for any person to offer, give, or agree to give any Hernando County employee or former Hernando County employee, or for any Hernando County employee or former Hernando County employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, or to influence the content of any specification or procurement standard, or to act in an render advisory, investigative or auditing capacity. The County in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter, pertaining to any program requirement or a Contract or Sub-Contract, or to any solicitation or proposal therefore.

40.2. Kickbacks: It shall be unethical for any payment, gratuity, or offer of employment to be made by or on behalf of a Sub-Contractor under a Contract to the prime Contractor or higher tier Sub-Contractor or any person associated therewith, as an inducement for the award of a Sub-Contract or order.

41. E-VERIFY:

41.1. Vendor/Contractor is advised that the County has entered into an Agreement with U.S. Immigration and Customs Enforcement (ICE) wherein the County will, in part, seek to promote the principles of ethical business conduct, prevent the knowing hiring of unauthorized workers through self-governance, and encourage voluntary reporting of the discovery of unauthorized workers to ICE (the IMAGE Agreement). Accordingly, by submitting your bid, Vendor/Contractor represents and

warrants (a) that the Vendor/Contractor is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States, (b) that all of the Vendor/Contractor employees are legally eligible to work in the United States, and (c) that the Vendor/Contractor has actively and affirmatively verified such eligibility utilizing the Federal Government's Employment Verification Eligibility Form (I-9 Form).

41.2. A mere allegation of Vendor/Contractor's intent to use and/or current use of unauthorized workers may not be a basis to delay the County's award of a Contract to the Vendor/Contractor unless such an allegation has been determined to be factual by Immigration and Customs Enforcement (ICE) pursuant to an investigation conducted by ICE prior to the date the Contract is scheduled to be awarded by the County.

41.3. Legitimate claims of the Vendor/Contractor's use of unauthorized workers must be reported to both of the following agencies:

41.3.1. The County's Purchasing and Contracts Department at (352) 754-4020: and

41.3.2. Immigration and Customs Enforcement (ICE) at 1-866-DHS-2-ICE

41.4. In the event it is discovered that the Vendor/Contractor's employees are not legally eligible to work in the United States, the County may, in its sole discretion, demand that the Vendor/Contractor cure this deficiency within a specified time frame, and/or immediately terminate the Contract without any cost or penalty to the County, and/or debar the Vendor/Contractor from Bidding on all County Contracts for a period up to twenty-four (24) months, and/or take any and all legal action deemed necessary and appropriate.

41.5. Vendor/Contractor is required to incorporate the following IMAGE Best Practices into its business and, when practicable, incorporate verification requirements into its Agreements with Sub-Contractors:

41.5.1. Use the Department of Homeland Security employment eligibility verification program (E-Verify) to verify the employment eligibility of all new hires.

41.5.2. Use the Social Security Number Verification Service and make good faith effort to correct and verify the names and Social Security numbers of the current workforce.

41.5.3. Establish a written hiring and employment eligibility verification policy.

41.5.4. Establish an internal compliance and training program related to the hiring and employment verification process, to include, but not limited to, completion of Form I-9, how to detect fraudulent use of documents in the verification process, and how to use E-Verify and the Social Security Number Verification Service.

41.5.5. Require the Form I-9 and E-Verify process to be conducted only by individuals who received appropriate training and include secondary review as of each employee's verification to minimize the potential for a single individual to subvert the process.

41.5.6. Arrange for annual Form I-9 audits by an external auditing firm or a trained employee not otherwise involved in the Form I-9 process.

41.5.7. Establish a procedure to report to ICE credible information of suspected criminal misconduct in the employment eligibility verification process.

41.5.8. Establish a program to assess Sub-Contractors' compliance with employment eligibility verification requirements. Encourage Vendor/Contractors to incorporate the IMAGE Best Practices contained in this Article and, when practicable, incorporate the verification requirements in Sub-Contractor Agreements.

41.5.9. Establish a protocol for responding to letters received from federal and state government agencies indicating that there is a discrepancy between the agency's information and the information provided by the employer or employee; for example, "no match" letters received from the Social Security Administration.

41.5.10. Establish a tip line mechanism (inbox, e-mail, etc.) for employees to report activity relating to the employment of unauthorized workers, and a protocol for responding to employee tips.

41.5.11. Establish and maintain appropriate policies, practices, and safeguards against use of the verification process for unlawful discrimination, and to ensure that U.S. Citizens and authorized workers do not face discrimination with respect to hiring, firing, recruitment or referral for a fee because of citizenship status or national origin.

41.5.12. Maintain copies of any documents accepted as proof of identify and/or employment authorization for all new hires.

42. SCRUTINIZED COMPANIES PURSUANT TO FLORIDA STATUTE 287.135 AND 215.473 (Current Edition): Vendor/Contractor must certify that the company is not participating in a boycott of Israel. Vendor/Contractor must also certify that Vendor/Contractor is not on the Scrutinized Companies that Boycott Israel list, not on the Scrutinized Companies with Activities in Sudan list, and not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector list, or has been engaged in business operations in Cuba or Syria. Subject to limited exceptions provided in state law, the County will not contract for the provision of goods or services with any scrutinized company referred to above. Vendor/Contractor must submit the certification form included as an Attachment to this solicitation. Submitting a false certification shall be deemed a material breach of Contract. The County shall provide notice, in writing, to the Vendor/Contractor of the County's determination concerning the false certification. The Vendor/Contractor shall have five (5) days from receipt of notice to refute the false certification allegation. If such false certification is discovered during the active Contract term, the Vendor/Contractor shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination of false certification was made in error. If the Vendor/Contractor does not demonstrate that the County's determination of false certification was made in error, then the County shall have the right to terminate the Contract and seek civil remedies pursuant to Section 287.135, Florida Statutes (Current Edition), as amended from time to time.

43. INSURANCE REQUIREMENTS:

43.1. INDEMNITY, SAFETY AND INSURANCE PROVISIONS:

43.1.1. **INDEMNITY:** To the fullest extent permitted by Florida law, the Vendor/Contractor covenants, and agrees that it will indemnify and hold harmless the County and all of the County's officers, agents, and employees from any claim, loss, damage, cost, charge, attorney's fees and costs, or any other expense arising out of any act, action, neglect, or omission by Vendor/Contractor during the performance of the Contract, whether direct or indirect, and whether to any person or property to which the County or said parties may be subject, except that neither the Vendor/Contractor nor any of its Sub-Contractors, or assignees, will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of the County or any of its officers, agents, or employees.

43.1.2. **PROTECTION OF PERSONS AND PROPERTY:**

43.1.2.1. The Vendor/Contractor will take all reasonable precautions for, and will be responsible for initiating, maintaining and supervising all programs relating to the safety of all persons and property affected by, or involved in, the performance of his operations under this Contract.

43.1.2.2. The Vendor/Contractor will take all reasonable precautions to prevent damage, injury or loss to: (a) all persons who may be affected by the performance of his operations, including employees; (b) all materials and equipment; and (c) all property at or surrounding the work site. In an emergency affecting the safety of persons or property, the Vendor/Contractor will act, with reasonable care and discretion, to prevent any threatened damage, injury or loss.

43.2. **MINIMUM INSURANCE REQUIREMENTS:** Vendor/Contractor shall procure, pay for and maintain at least the following insurance coverage and limits. Said insurance shall be evidenced by delivery to the County of a certificate(s) of insurance executed by the insurers listing coverage and limits, expiration dates and terms of policies and all endorsements whether or not required by the County, and listing all carriers issuing said policies. The insurance requirements shall remain in effect throughout the term of this Contract.

43.2.1. **WORKERS' COMPENSATION:** As required by law:

STATE		Statutory
APPLICABLE FEDERAL		Statutory
EMPLOYER'S LIABILITY	Minimum :	$100,000 each accident
		$100,000 by employee
		$500,000 policy limit

Exemption per Florida Statute 440: If a Vendor/Contractor has less than three (3) employees and states that they are exempt per Florida Statute 440 (Current Edition), they must provide an exemption certificate from the State of Florida. Otherwise, they will be required to purchase Workers' Compensation Insurance and provide a copy of Workers Compensation Insurance.
https://www.myfloridacfo.com/Division/WC/Employer/Exemptions/

43.2.2. **GENERAL LIABILITY:** Comprehensive General Liability including, but not limited to, Independent Contractor, Contractual Premises/Operations, and Personal Injury covering the liability assumed under indemnification provisions of this Contract, with limits of liability for personal injury and/or bodily injury, including death.

COVERAGE AS FOLLOWS:

EACH OCCURRENCE	$1,000,000
GENERAL AGGREGATE	$2,000,000
PERSONAL/ADVERTISING INJURY	$1,000,000
PRODUCTS-COMPLETED OPERATIONS AGGREGATE	$2,000,000

Per Project Aggregate (if applicable)

ALSO, include in General Liability coverage for the following areas based on limits of policy, with minimum of:

FIRE DAMAGE (Any one (1) fire)	$50,000
MEDICAL EXPENSE (Any one (1) person)	$5,000

43.2.3. **ADDITIONAL INSURED:** Vendor/Contractor agrees to endorse Hernando County as an additional insured on the Comprehensive General Liability. The additional insured shall read "Hernando County Board of County Commissioners." Proof of Endorsement is required.

43.2.4. **WAIVER OF SUBROGATION:** Vendor/Contractor agrees by entering into this Contract to a Waiver of Subrogation for each required policy herein. When required by the insurer or should a policy condition not permit Vendor/Contractor to enter into a

pre-loss Agreement to waive subrogation without an endorsement, then Vendor/Contractor agrees to notify the insurer and request the policy be endorsed with a waiver of transfer of rights of recovery against others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should Vendor/Contractor enter into such an Agreement on a pre-loss basis.

43.2.5. AUTOMOBILE LIABILITY: Comprehensive automobile and truck liability covering any auto, all owned autos, scheduled autos, hired autos, and non-owned autos. Coverage shall be on an "occurrence" basis. Such insurance to include coverage for loading and unloading hazards.

COVERAGE AS FOLLOWS:
COMBINED SINGLE LIMIT (CSL).....$1,000,000
BODILY INJURY (Per Person).....$1,000,000
BODILY INJURY (Per Accident).....$1,000,000
PROPERTY DAMAGE.....$1,000,000

43.2.6. [X] Not-Required TB (initials)

PLEASE NOTE: If box is not checked and initialed by Chief Procurement Officer, the specified insurance below is required.

PROFESSIONAL LIABILITY: including errors and omissions with minimum limits of $3,000,000.00 per occurrence, if occurrence form is available; or claims made form with "tail coverage" extending three (3) years beyond completion and acceptance of the project with proof of "tail coverage" to be submitted with the invoice for final payment. In lieu of "tail coverage", consultant may submit annually to the County a current Certificate of Insurance proving insurance remains in force throughout the same three (3) year period.

Notwithstanding the requirements for Professional Liability Insurance listed above, Engineer and/or Architect must provide evidence of coverage, a minimum of $1,000,000.00.

43.2.7. [X] Not-Required TB (initials)

PLEASE NOTE: If box is not checked and initialed by Chief Procurement Officer, the specified insurance below is required.

BUILDERS RISK INSURANCE: Combined single limit must equal value of the construction, per project aggregate.

The policy shall cover portions of the work in transit, property scaffolding, false work and temporary buildings located at the site. The policy must cover the cost of removing debris, including demolition as may be made legally necessary by the operation of any law, Ordinance or regulation.

The insurance required herein must be on an all risk form and must be written to cover all risks of physical loss or damage to the insured party and must insure at least against the perils of fire and extended coverage, theft, vandalism, malicious mischief, collapse, lightning, earthquake, flood, water damage and windstorm.

If there are any deductibles applicable to the insurance required herein, Vendor/Contractor must pay any part of any loss not covered because of the operation of such deductibles.

The insurance as required herein must be maintained in effect until the earliest of the following date:

43.2.7.1. Date which all persons and organization that are insured under the policy agree in writing that it must be terminated;

43.2.7.2. Date on which final payment of this Contract has been made by County to Vendor/Contractor; or

43.2.7.3. Date on which the insurable interests in the property of all insured other the County have ceased.

43.2.7.4. Wind coverage to be included with a minimum deductible to be determined based on the project. Deductible will be a percentage based upon the total insured value.

43.2.8. **[X] Not-Required TB (initials)**

PLEASE NOTE: If box is not checked and initialed by Chief Procurement Officer, the specified insurance below is required.

CRIME PREVENTION – BOND: Vendor/Contractor shall procure a fiduciary bond in the amount of $100,000 covering loss or theft by Vendor/Contractor, its agents, or employees, and shall procure insurance in the amount of $10,000 covering loss or theft by non-employees such as by burglary or robbery for any funds or negotiable instruments under the custody or care of Vendor/Contractor that would inure to the benefit of the County.

43.2.9. **[X] Not-Required TB (initials)**

PLEASE NOTE: If box is not checked and initialed by Chief Procurement Officer, the specified insurance below is required.

EXCESS/UMBRELLA LIABILITY: Vendor/Contractor shall provide proof of excess/umbrella liability coverage with minimum limits of $1,000,000. Limits can be increased, based on Contract.

43.2.10. **[X] Not-Required TB (initials)**

PLEASE NOTE: If box is not checked and initialed by Chief Procurement Officer, the specified insurance below is required.

POLLUTION LIABILITY
Include exposures of pesticides/insecticides and herbicides.
Limits as follows:
No less than $1,000,000 Per Occurrence
$1,000,000 Aggregate
$5,000 Medical Payment
Additional Insured & Waiver of Subrogation required.

43.2.11. SUB-CONTRACTORS (if applicable): All Sub-Contractors hired by said Contractor are required to provide Hernando County Board of County Commissioners Certificates of Insurance with the same limits required by the county as required by the Contract. All Sub-Contractors are required to name Hernando County Board of County Commissioners as additional insured and provide a Waiver of Subrogation in regards to General Liability.

43.2.12. RIGHT TO REVISE OR REJECT: County reserves the right, but not the obligation, to revise any insurance requirement, not limited to limits, coverages and endorsements, or to reject any insurance policies which fail to meet the criteria stated herein. Additionally, County reserves the right, but not the obligation, to review and reject any insurer providing coverage due to its poor financial condition or its failure to adhere to legal requirements.

43.3. Each insurance policy shall include the following conditions by endorsement to the policy:

43.3.1. Vendor/Contractor agrees to provide County with a Certificate of Insurance evidencing that all coverages, limits and endorsements required herein are maintained and in full force and effect. The Certificate of Insurance shall provide a minimum thirty (30) day notice to the County of cancellation of the policy, when available by Vendor/Contractor's insurer. If the Vendor/Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, **Vendor/Contractor agrees to notify the County by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance.** The Certificate Holder shall read:

Hernando County Board of County Commissioners
Attention: Human Resources/Risk Department
15470 Flight Path Drive
Brooksville, FL 34604

43.3.2. Companies issuing the insurance policy, or policies, shall have no recourse against the County for payment of premiums or assessments for any deductibles as all are the sole responsibility and risk of Vendor/Contractor.

43.3.3. The term "County" or "Hernando County" shall include all authorities, boards, bureaus, commissions, divisions, departments, and offices of the County and individual members, employees and agents thereof in their official capacities, and/or while acting on behalf of Hernando County.

43.3.4. The policy clause "Other Insurance" shall not apply to any insurance coverage currently held by County, to any such future coverage, or to County's self-insured retentions of whatever nature.

43.4. The Vendor/Contractor shall be required to provide a current certificate of insurance to the County prior to commencement of services.

43.5. Bidders may, at the County's request, be required to provide proof that their firm meets the preceding insurance requirements, by submission of a certificate of insurance coverage(s), prior to award of the Contract.

43.6. Failure of the owner to demand such certificates or other evidence of full compliance with these insurance requirements or failure of the owner to identify a deficiency from evidence provided shall not be construed as a waiver of the Vendor/Contractor's obligation to maintain such insurance.

44. MINIMUM WAGE RATES:

44.1. The Vendor/Contractor shall be required to pay his/her/its employees no less than the Federal Minimum Wage Rate.

44.2. If the Contract should be renewed, the Contract shall be adjusted for benefit of the Vendor/Contractor in proportion with Federal Law Governing Wage Rates during the period of the Contract for labor-related costs only.

44.3. The County reserves the right to inspect the payroll records of the Vendor/Contractor, as may be deemed necessary, to determine that the Vendor/Contractor is complying with Federal Wage and Hour Law.

45. SAFETY PRECAUTIONS:

45.1. The Vendor/Contractor shall be responsible for instructing his workmen in appropriate safety measures with respect to all services provided under this Contract, and shall not permit them to place equipment in traffic lanes or other locations in such a manner as to create a safety hazard.

45.2. All equipment shall be equipped with all necessary safety equipment to satisfy all applicable Florida Department of Transportation and Occupational Safety and Health Administration (OSHA) requirements.

46. RESPONSIVE/RESPONSIBLE: At the time of submitting a Bid response, the County requires that the **Bidder be properly licensed and registered to do business in the State of Florida in accordance with applicable Florida Statutes (F.S.).** Bid responses that fail to provide the required forms listed in these Bid Documents may be rejected as non-responsive. **Bidders whose responses, past performance, or current status do not reflect the capability, integrity or reliability to fully and in good faith perform the requirements of the Bid may be rejected as non-responsible.** The County reserves the sole right to determine which responses meet the requirements of this solicitation, and which Bidders are responsive and responsible. The County reserves the sole right before awarding the Bid, to require a Bidder to submit such evidence of their qualifications as it may deem necessary and may consider any evidence available to it of the financial, technical, and other qualifications and abilities of a Bidder to perform the work in a satisfactory manner and within the time specified. The Bidder is assumed to be familiar with all federal, state or local laws, ordinances, rules and regulations that in any manner affect the work, and to abide thereby if awarded the Bid/Contract. Ignorance of legal requirements on the part of the Bidder/Vendor/Contactor will in no way relieve his/her/its responsibility.

47. CONE OF SILENCE: This solicitation falls under the Hernando County Procurement Ordinance 93-16 (Current Edition). After a Bid is opened or a Short List is established for an Invitation to Bid (ITB), Request for Qualification (RFQ), or Request for Proposal (RFP), a Vendor/Contractor or representative as defined in the Ordinance, may not seek information or clarification or in any way contact any official or employee of the County concerning this solicitation with the exception of the Hernando County Chief Procurement Officer, County Attorney, or an individual specifically designated in this document for dissemination of information. A copy of any written communication concerning this solicitation shall be filed with the Purchasing and Contracts Department and shall be made available to the public upon request. A violation of the "Cone of Silence" renders any award voidable at the sole discretion of the Chief Procurement Officer with approval from the Board of County Commissioners and may subject the potential Vendor/Contractor or representative to debarment. Nothing in the Ordinance prevents a Vendor/Contractor or representative from taking part in a public meeting concerning the solicitation.

47.1. All Vendors/Contractors or representatives are hereby placed on formal notice. A lobbying "Cone of Silence" period shall commence upon issuance of the solicitation until the Board selects the successful Bidder. For procurements that do not require Board approval, the "Cone of Silence" period commences upon solicitation issuance and concludes upon Contract award.

47.2. Neither the members of the Board of County Commissioners nor candidates for County Commission, nor any employees from the Hernando County Government, Hernando County staff members, nor any members of the evaluation team are to be lobbied, either individually or collectively, concerning this project. Vendors/Contractors or representatives who intend to submit Bids, or have submitted Bids, for this project are hereby placed on formal notice that they are not to contact County personnel for such purposes as holding meetings of introduction, meals, or meetings relating to the selection process outside of those specifically scheduled by the County. Any such lobbying activities may cause immediate disqualification from this project.

48. CLAIMS:

48.1. Chief Procurement Officer's Decision Required: All claims, except those waived, shall be referred to the Chief Procurement Officer for decision.

48.2. Notice: Written notice stating the general nature of each claim shall be delivered by the claimant to the Chief Procurement Officer and the other party to the Contract promptly (but in no event later than thirty (30) days after the start of the event giving rise thereto. The responsibility to substantiate a claim shall rest with the party making the claim. Notice of the amount or extent of the claim, with supporting data, shall be delivered to the Chief Procurement Officer and the other party to the Contract within sixty (60) days after the start of such event (unless the Chief Procurement Officer allows additional time for claimant to submit additional or more accurate data in support of such claim). A claim for an adjustment in Contract Price shall be prepared in accordance with the provisions of Paragraph 57. Each claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to the Chief Procurement Officer and the claimant within thirty (30) days after receipt of the claimant's last submittal (unless the Chief Procurement Officer allows additional time).

48.3. Chief Procurement Officer's Action: Chief Procurement Officer will review each claim and, within thirty (30) days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any, take one of the following actions in writing:

48.3.1. Deny the claim in whole or in part,

48.3.2. Approve the claim, or

48.3.3. Notify the parties that the Chief Procurement Officer is unable to resolve the claim if, in the Chief Procurement Officer's sole discretion, it would be inappropriate for the Chief Procurement Officer to do so. For purposes of further resolution of the claim, such notice shall be deemed a denial.

48.4. In the event that Chief Procurement Officer does not take action on a claim within said thirty (30) days, the claim shall be deemed denied.

48.5. Chief Procurement Officer's written action or denial will be final and binding upon Owner and Vendor/Contractor, unless Owner or Vendor/Contractor invoke the dispute resolution procedure set forth in Paragraph 49 within thirty (30) days of such action or denial.

49. DISPUTE RESOLUTION:

49.1. Owner and Vendor/Contractor may mutually request mediation of any claim submitted to the Owner for a decision before such decision becomes final and binding. The mediation will be governed by the Construction Industry Mediation Rules of the American Arbitration Association in effect as of the effective date of the Agreement. The request for mediation shall be submitted in writing to the American Arbitration Association. Timely submission of the request shall stay the effect.

49.2. Owner and Vendor/Contractor shall participate in the mediation process in good faith. The process shall be concluded within sixty (60) days of filing of the request. The date of termination of the mediation shall be determined by application of the mediation rules referenced above.

49.3. If the claim is not resolved by mediation, Chief Procurement Officer's action or denial pursuant to Paragraph 48 shall become final and binding thirty (30) days after termination of the mediation unless, within that time period, Owner or Vendor/Contractor:

49.3.1. Agrees with the other party to submit the claim to another dispute resolution process, or

49.3.2. Gives written notice to the other party of their intent to submit the claim to a court of competent jurisdiction.

SECTION IV - SPECIAL CONDITIONS

50. LICENSES AND PERMITS:

50.1. Prior to furnishing the requested product(s) or service(s), it shall be the responsibility of the awarded Vendor/Contractor to obtain, at no additional cost to the County, any and all licenses and permits required to complete this Contractual service. These licenses and permits shall be readily available for review by the Chief Procurement Officer or his/her/its designee.

50.2. Said licenses shall be in the Bidder's name as it appears on the Official Bid Form. Bidder shall supply appropriate license numbers, with expiration dates, as part of their Bid. Failure to hold and provide proof of a proper active license, certification and registration may be grounds for rejection of the Bid.

50.3. Upon notification, Bidder shall provide copies of all applicable active and current licenses.

51. PRE-AWARD MEETING: Within fourteen (14) days after receipt of notice of intent of award of Bid, Vendor/Contractor shall meet with the County's representative(s) to discuss job procedures and scheduling.

52. PERFORMANCE:

52.1. Timely performance is of the essence in the award of this Invitation for Bids. Performance shall be no later than ten (10) business days from receipt of the work order from the Code Enforcement Department. Bids which fail to meet this requirement shall be rejected.

If there is a delay in completing the full work order, Vendor/Contractor must contact the Code Enforcement representative after the completion of each property so it may be inspected by a Code Enforcement Officer, as time is of the essence for reinspections.

52.2. Failure of the awarded Vendor/Contractor to meet this performance requirement may result in default, immediate cancellation of the purchase order or Contract, and all other applicable remedies available to the County under state law.

52.3. It is hereby understood and mutually agreed to by and between parties hereto that the time of performance is an essential condition of this Contract.

52.4. If said Vendor/Contractor shall neglect, fail or refuse to provide the services within the time herein specified, then said Vendor/Contractor does hereby agree as part of the consideration for the awarding of this Contract, to pay the County the sum extended by the County to Contract for like services approved by the Purchasing and Contracts Department for the period from the required scheduled commencement date until performance of services covered in the Invitation to Bid is completed.

52.5. The Vendor/Contractor shall, within three (3) calendar days from the beginning of such delay, notify the Chief Procurement Officer in writing of the cause(s) of the delay.

53. CODES AND REGULATIONS: The awarded Vendor/Contractor must strictly comply with all federal, state, and local building and safety codes.

54. DEBRIS: Awarded Vendor/Contractor shall be responsible for the prompt removal of all debris which is a result of this Contractual Service.

55. PROTECTION OF PROPERTY/SECURITY:

55.1. The Vendor/Contractor shall provide barricades if necessary and take all necessary precautions to protect buildings and personnel. All work shall be completed in every respect and accomplished in a professional manner and the Vendor/Contractor shall provide for removal of all debris from County property.

55.2. The Vendor/Contractor, shall at all times, guard against damage or loss to property of Hernando County, or of other Vendor/Contractors, and shall be held responsible for replacing or repairing any such loss or damage. The County may withhold payment or make such deductions as deemed necessary to insure reimbursement or replacement for loss of damage to property through negligence of the Vendor/Contractor or his agent.

56. PRICING: The County requires a firm fixed price for the entire Contract period. Invoices will be reviewed to confirm compliance with Bid pricing. Failure to hold prices firm shall be grounds for immediate termination of the Contract.

57. PRICE ADJUSTMENT: Written request for price adjustments may be made every twelve (12) months, no less than thirty (30) days prior to the requested effective date. Any increased price adjustment(s) must be accompanied by written justification attesting that the request is a bonafide cost increase to the Vendor/Contractor. The base period for any requested adjustment shall be the beginning of the latest period during which an adjustment may have been made. For example, if annual adjustments may be requested under a three (3) year Contract and none is requested after the first two (2) years, the base period for an adjustment effective the third year shall be the beginning of the second year. All requests for price adjustment(s) shall be supported by Consumer Price Index and/or Producer Price Index documentation supporting the requested increase. All price adjustments must be accepted by the Chief Procurement Officer and shall be accomplished by written amendment to this Contract.

58. CHANGES - SERVICE CONTRACTS:

58.1. The County may at any time by issuance of an executed change order make changes within the general scope of the Contract in any of the following areas:

58.1.1. Description of services to be performed.

58.1.2. Time of performance (i.e., hours of the day, days of the week, etc.).

58.1.3. Place of performance of the services.

58.2. If additional work or other changes are required in the areas described above, a price proposal will be required from the Vendor/Contractor. Upon negotiation of the proposal, execution and receipt of the Change Order, the Vendor/Contractor shall commence performance of the work as specified.

58.3. The Vendor/Contractor shall not commence the performance of additional work or other changes not covered by this Contract without an executed Change Order issued by the Purchasing and Contracts Department. If the Vendor/Contractor performs additional work beyond the specific requirements of this Contract without an executed Change Order, it shall be at his/her own risk. The County assumes no responsibility for any additional costs for work not specifically authorized by an executed Change Order.

59. METHOD OF ORDERING: The County will issue Purchase Orders against the Contract on an as-needed-basis for the supplies or services listed on the Bid Form.

60. CONDITIONS FOR EMERGENCY/HURRICANE OR DISASTER - TERM CONTRACTS: It is hereby made a part of this Invitation for Bid that before, during and after a public emergency, disaster, hurricane, flood, or other acts of God that Hernando County shall require a "first priority" basis for goods and services. It is vital

and imperative that the majority of citizens are protected from any emergency situation which threatens public health and safety, as determined by the County. Vendor/Contractor agrees to rent/sell/lease all goods and services to the County or other governmental entities as opposed to a private citizen, on a first priority basis. The County expects to pay Contractual prices for all products or services required during an emergency situation. **Vendor/Contractor shall furnish a twenty-four (24) hour phone number and email address in the event of such an emergency**.

61. **REQUIREMENTS CONTRACT:** This is a Requirements Contract and the County shall order from the Vendor/Contractor all of the supplies and/or services specified in the Contract's price schedule that are required to be purchased by the County, except as otherwise provided herein. If the County urgently requires delivery of goods or services before the earliest date that delivery may be required under this Contract, and if the Vendor/Contractor will not accept an order providing for accelerated delivery, the County may acquire the goods or services from another source. Except as this Contract may otherwise provide, if the County's requirements do not result in orders in the quantities described as "estimated" in the Contract's price schedule, that fact shall not constitute the basis for an equitable adjustment.

62. **SITE DAMAGE:** The Vendor/Contractor shall be held responsible for damage to any site feature including, but not limited to: irrigation equipment, trees, shrubs, signs, vehicles, etc. caused by the Vendor/Contractor. It shall be the Vendor/Contractor's responsibility to clean-up and/or rectify, to the County's satisfaction, any damage to County property caused by any individual(s) connected with the Vendor/Contractor. The Vendor/Contractor shall be notified of the specific nature of the damage and cost of repair. The County shall, at its option, invoice the Bidder for payment or reduce the next regular payment to the Vendor/Contractor, for the cost of repairs, materials, and labor.

63. **EQUIPMENT LIST:** Bidders shall submit with the Bid a listing of all equipment which Bidders will use in the performance of this Contract, including (as applicable) rolling stock, loaders, tractors, mowers, and any other specified equipment. The Vendor/Contractor is also required to indicate which equipment is company-owned. Failure to submit said equipment list may render Bidder's response non-responsive.

64. **FINAL SITE INSPECTON:** Final inspection of each site by County staff will be performed within three (3) days after receipt of notification from the Vendor/Contractor that services at such site are complete. The site must meet all requirements as stated in the scope of work issued prior to payment processing.

SECTION V - SCOPE AND SPECIFICATIONS

65. **CONFLICTING TERMS WITH SECTION V:** In the event of a conflict between the terms of the Contract (including any and all attachments thereto, excluding Section V, and any amendments thereof) and any of the terms of Section V, the terms of the Contract (including any and all attachments thereto, excluding Section V, and any amendments thereof) shall control.

66. **SCOPE OF WORK:** The Vendor/Contractor will supply all materials, labor, and equipment in order to accomplish lot mowing and trash/debris removal and disposal services, as described in the specifications in Hernando County, Florida.

67. **LOCATION OF THE WORK:** The work to be performed in this Contract will be performed at various locations within Hernando County, Florida.

68. **SITE(S) DESCRIPTION:** The County may require lot mowing and trash/debris removal and disposal services be performed on various types of property such as unimproved lots and residential or commercial improved properties with high grass and/or trash and debris. Grass may be over three (3) feet tall, and trash/debris may consist of piles of tires, open bags of household trash or other items such as car parts, mobile home remnants, burned structure remnants, etc. This is not an inclusive list of items that may be found on site but rather broad examples. Some sites may only be accessible via a walk-through gate so appropriate equipment is required.

69. **COMMUNICATION:** Phone calls and emails from the Code Enforcement Department to the Vendor/Contractor must be returned within twenty-four (24) hours.

70. PRIMARY AND SECONDARY VENDOR/CONTRACTORS: Work orders will be assigned in the following order:

70.1. Work orders will be assigned to the primary Vendor/Contractor. The primary Vendor/Contractor shall notify the Code Enforcement Department within twenty-four (24) hours if they are unable to complete the work order within the timeframe required by these contract documents. Failure of the Vendor/Contractor to notify the Code Enforcement Department, may result in Termination for Default as stated in Paragraph 31.

70.2. Should the primary Vendor/Contractor be unable to fill the work order, the Department shall submit the work order to the secondary awarded Vendor/Contractor. The secondary Vendor/Contractor shall adhere to the same requirements stated in this contract document.

71. UNAVAILABILITY: Vendor/Contractor must give the Code Enforcement Department two (2) weeks' notice if unavailable to accept work orders due to vacations, scheduling issues, etc.

72. INVOICES: Invoices must include the following-

- Work Order Number
- Purchase Order Number
- Vendor/Contractor Number assigned by the County
- Code Enforcement Department Case Number (found on Work Order)
- Date property mowed/cleaned
- Property Key Number (found on Work Order)
- Property Address, if vacant list street name
- If green posting card is still at property when Vendor/Contractor arrives, remove it, and return to Code Enforcement Department with invoice

NOTE: Work must be invoiced within ten (10) business days of completion. If Vendor/Contractor has fallen behind, Vendor/Contractor must notify the County representative in the Code Enforcement Department as soon as each job is completed so a Code Enforcement Officer can reinspect for approval.

73. TECHNICAL SPECIFICATIONS: Pursuant to Hernando County Ordinance Chapter 15, Article V, Section 15-163 Prohibited Conditions (Exhibit 1 attached).

73.1. MOWING REQUIREMENTS:

73.1.1. Mowing height, for both vacant and improved lots, shall be three (3) inches. In circumstances where fields with field grasses must be bush hogged, the area should be bush hogged as short as possible.

73.1.2. Vendor/Contractor is not required to trim/weed eat around the perimeter or yard decorations. Trimming is only required when an area is not accessible by mower, or a mower cannot perform the cutting.

73.1.3. Grass trimmings are only required to be removed or blown off paved areas such as driveways, sidewalks, and the street.

73.2. DISPOSAL REQUIREMENTS: Vendor/Contractor shall dispose of all trash/debris at the Hernando County Northwest Waste Management Facility and shall submit a copy of the weight slip and dump charges attached to the invoice as proof of compliance. Each property must have an individual weigh slip and dump charges. Loads for multiple properties cannot be combined.

73.3. EQUIPMENT REQUIREMENTS: Equipment required to perform services must meet the following minimum specifications.

73.3.1. Mowing equipment shall include a bush hog or tractor capable of mowing heavy underbrush, thick fennel, etc. A bush hog and commercial mower are mandatory and required for this job. This requirement is non-negotiable.

73.3.2. Truck or trailer capacity to haul at least 1,000 pounds of trash and debris.

73.3.3. Equipment must be in good repair and shall be maintained during contract term.

73.3.4. The County has the right to inspect equipment for conformity with specifications.

73.3.5. A cell phone number must be provided to the Department to maintain timely communication. The Contractor shall come to the office to pick up the work order.

73.3.6. Selected Vendor/Contractor must schedule to meet with the Code Enforcement Department to allow for inspection of equipment prior to Intent to Award being issued for this Contract.

73.4. SAFETY: The Vendor shall be responsible for the provision of adequate and proper safety precautions in conjunction with all services provided under this contract.

END OF SECTION V - THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

SECTION VI - BID FORM

ITB NO. 22-T00032/TPR

DRUG FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087 (Current Edition), hereby certify that, (print or type name of firm) JDM F llc

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the Workplace named above, and specifying actions that will be taken against violations of such prohibition.
- Informs employees about the dangers of drug abuse in the workplace, the firm's policy of maintaining a drug free working environment, and available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug use violations.
- Gives each employee engaged in providing commodities or contractual services that are under proposal a copy of the statement specified above.
- Notifies the employees that as a condition of working on the commodities or contractual services that are under proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of, pleas of guilty or nolo contendere to, any violation of Chapter 893 (Current Edition), or of any controlled substance law of the State of Florida or the United States, for a violation occurring in the workplace, no later than five (5) days after such conviction, and requires employees to sign copies of such written statement to acknowledge their receipt.
- Imposes a sanction on, or requires the satisfactory participation in, a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug free workplace through the implementation of the Drug Free Workplace program.
- "As a person authorized to sign this statement, I certify that the above named business, firm or corporation complies fully with the requirements set forth herein".

ATTACHMENT 4

SWORN STATEMENT PURSUANT TO SECTION 287.133 (3) (a), (CURRENT EDITION) FLORIDA STATUTES, IN PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted to

County of Hernando

by Joseph Fannin owner
[print individual's name and title]

for JDMP llc
[print name of entity submitting sworn statement]

whose business address is 1901 Blackwood Ave Gotha Fl 34734

(if applicable) its Federal Employer Identification Number (FEIN) is 32-0470387
(If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement) : _____.

2. I understand that a "public entity crime" as defined in Paragraph 287.133 (1)(g), Florida Statutes (Current Edition), means a violation of any public entity or with an agency or political subdivision of any other State or of the United States, including, but not limited to, any Proposal or Contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that *"convicted"* or *"conviction"* as defined in Paragraph 287.133 (1)(b), Florida Statutes (Current Edition), means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an *"affiliate"* as defined in Paragraph 287.133 (1)(a), Florida Statutes (Current Edition), means:
   a. A predecessor or successor of a person convicted of a public entity crime; or
   b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term *"affiliate"* includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length Agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
5. I understand that a *"person"* as defined in Paragraph 287.133(1)(e), Florida Statutes (Current Edition), means any natural person or entity organized under the laws of any state or of the

United States with the legal power to enter into a binding Contract and which Proposals or applies to Proposal on Contracts for the provisions of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement: [indicate which statement applies]

X Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list [attach a copy of the final order].

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31, OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT.

Section 287.135 (Current Edition), Florida Statutes, prohibits agencies from contracting with companies for goods or services of $1,000,000.00 or more, that are on either the Scrutinized Companies with Activities in Sudan list, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector lists which are created pursuant to s. 215.473 F.S. (Current Edition), or the Scrutinized Companies that Boycott Israel list, created pursuant to s. 215.4725 F.S. (Current Edition), or companies that are engaged in a boycott of Israel or companies engaged in business operations in Cuba or Syria.

As the person authorized to sign on behalf of Respondent, I hereby certify that the company identified above in the section entitled "Respondent Vendor Name" is not listed on either the Scrutinized Companies with Activities in Sudan list or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector list, or the Scrutinized Companies that Boycott Israel list. I further certify that the company is not engaged in a boycott of Israel. I understand that pursuant to section 287.135 (Current Edition), Florida Statutes, the submission of a false certification may subject company to civil penalties, attorney's fees, and/or costs and does not have business operations in Cuba or Syria.

SECTION VIII - EXHIBITS

EXHIBIT A

Hernando County, Florida – Code of Ordinances
Chapter 15 -- Health and Sanitation
Article V. – Property Maintenance

Sec. 15-163. - Prohibited conditions; exemptions.

(a) Any accumulation of weed growth or grass excluding seed pods, to a height in excess of eighteen (18) inches high where such growth or accumulation increases the conditions leading to a haven or breeding place for snakes, rats, rodents or other vermin of like or similar character, or creates a breeding place for mosquitos, creates a fire hazard to adjacent properties or adversely affects or impairs the economic welfare of adjacent properties or creates a hazard at road intersections or rights-of-way within the county shall be declared a public code violation and is hereby prohibited. Dead, decaying, or living trees that pose an actual threat of damage to public property, rights-of-way, or utilities are hereby declared to be a public code violation. Said public code violations shall be unlawful in any unincorporated areas of the county. Prohibited conditions of this section shall apply to the various zoning districts in the following manner:

(1) Weed growth and the grass height provisions shall be applicable to all tracts or parcels of land to the extent the accumulation of weed growth and grass height lies within one hundred (100) feet of any improved property, with the exception of parcels that are zoned Agricultural, A/R, A/R1, A/R2, County 2.5, or Conservation, as those categories are defined in appendix A to the Hernando County Code.

(2) The weed growth and the grass height provisions shall not apply to parcels with natural vegetation which shall be defined as any parcel of land considered naturally vegetated if the parcel has not been cleared or mowed subsequent to January 17, 1984, except those lots mowed for the first time as a result of Ordinance 95-17.

(b) It shall be unlawful for any owner or occupant of property to permit or maintain, or for any person to cause, an accumulation of rubbish, waste, trash, or debris, decaying vegetative matter, exposed salvageable material or other manmade materials upon any lot, tract, or parcel of land where the effect of such accumulation is to cause or create:

(1) An actual or potential haven or breeding place for snakes, rats, rodents, or other vermin of like or similar character; or

(2) An actual or potential breeding place for mosquitos; or

(3) A fire hazard to adjacent properties; or

(4) An adverse effect on or impairment of the economic welfare of adjacent properties; or

(5) A hazard to traffic at road intersections or rights-of-way within the county; or

(6) A nuisance as defined by law, or other unsanitary condition; or

(7) A visual nuisance or other unsightly condition visible from adjoining public or private property.

Provided however, that paragraphs (4) and (7) shall not apply to generally accepted horticultural, agricultural or environmental enhancement practices, including but not limited to use of decaying vegetative matter for composting, mulching, or habitat creation, or to a reasonable and timely accomplished process of clearing and removing overgrown vegetation.

(c) For purposes of this section, "rubbish, waste, trash or debris" shall mean and include without limitation garbage, rubbish and refuse from residential, commercial, or industrial activities, including animal waste; kitchen and table food waste or other waste that is attendant with or results from the storage, preparation, cooking or handling of food material; paper, wood scraps, cardboard, cloth, glass, rubber, plastic; discarded vehicle tires or other vehicle or watercraft fixtures or parts; household goods and appliances; tools and equipment; and similar materials.

(d) Proof of adverse effect, impact or impairment to economic welfare shall not require expert opinion testimony or a showing of any specific decrease in property value and may be given by fact-based opinion

of affected property owners or occupants or any other person generally knowledgeable concerning property in the area.

(Ord. No. 98-03, § III, 3-10-98; Ord. No. 2001-10, § 2, 7-24-01; Ord. No. 2017-18, § 1, 4-

ADDENDUM NO. ONE (1)

TO
THE CONTRACT DOCUMENTS
FOR THE

LOT MOWING AND TRASH/DEBRIS REMOVAL AND DISPOSAL SERVICES

IN
HERNANDO COUNTY, FLORIDA
SOLICITATION NO. 22-T00032/TPR

BID DUE DATE: MARCH 2, 2022

NOTICE

BIDDERS ARE REQUIRED TO ACKNOWLEDGE RECEIPT OF THIS ADDENDUM BY SIGNATURE AT THE BOTTOM OF THIS ADDENDUM IN THE SPACES PROVIDED AND RETURNED AT THE TIME OF THE BID DATE.

TO ALL PLAN HOLDERS:

The following changes, additions and/or deletions are hereby made a part of the Contract Documents for the **LOT MOWING AND TRASH/DEBRIS REMOVAL AND DISPOSAL SERVICES** located in Hernando County, as fully and completely as if the same were fully set forth therein:

QUESTIONS

1. **Question**: Would it be possible to receive a copy of the bid tabulation for the last time 22-T00032/TPR Lot Mowing and Trash/Debris Removal and Disposal Services was open for bidding?

   Answer: Hernando County is currently utilizing Pre-Qualification Contract 21-T00124/TM Lot Mowing and Debris Removal Services. As a Pre-Qualification Contact, no bids were submitted and no bid tabulation exists. Two (2) vendors responded and were designated pre-qualified vendors. The pre-qualified vendors were asked to submit quotes for each project and the project was awarded to the lowest vendor. The intent of Invitation to Bid 22-T00032/TPR Lot Mowing and Trash/Debris Removal and Disposal Services is to replace the Pre-Qualification Contract.

   The bid tabulation for the previous Contract No. 18-T00033/TPR Lot Mowing and Trash/Debris Removal and Disposal Services is attached to this addendum.

Form **W-9**
(Rev. October 2018)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
Joseph Fannin

2 Business name/disregarded entity name, if different from above
JDMF LLC

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☑ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ **C**

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.
1901 BLACKWOOD AVE

Requester's name and address (optional)

6 City, state, and ZIP code
GOTHA, FL. 34734

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number
[ ][ ][ ] – [ ][ ] – [ ][ ][ ][ ]

or

Employer identification number
[3][2] – [0][4][7][0][3][8][7]

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person ▶ [signature] Date ▶ 12-15-21

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

For Your Information: What You Need To Know About Tangible Personal Property

Every individual or firm doing business and located in Polk County is also subject to the tangible personal property requirement.

An initial tangible personal property tax return is required to be filed with the Polk County Property Appraiser's Office by April 1st of the year after the business opens. The initial return is required if the business owns or leases any personal property, without regard to the value of that personal property. In subsequent years, however, no return is required unless the combined value of all business equipment is more than 25,000 dollars.

To file an initial tangible personal property tax return or for additional information, visit Polk County Property Appraiser's Office website, polkpa.org.

TITLE

Award of Term Contract to Paff Landscape, Inc., and JDMF, LLC, for Mowing and Debris Removal Services for Code Enforcement Department (Contract No. 22-T00032/TPR; Amount: $450,000.00)

BRIEF OVERVIEW

The Purchasing and Contracts Department issued Invitation to Bid (ITB) No. 22-T00032/TPR on January 26, 2022, at the request of the Hernando County Code Enforcement Department, to obtain bids for Lot Mowing and Trash/Debris Removal and Disposal Services. The mowing and trash debris removal services are needed to be performed on various types of property such as unimproved lots and residential or commercial improved properties with high grass and/or trash and debris, on an as needed basis.

The Purchasing and Contracts Department staff placed the legal advertisement in the Hernando Sun and the ITB on the BidNetDirect website on January 26, 2022. The bid was sent to seventy-four (74) matching vendor/contractors from the website and one (1) vendor/contractor as a courtesy. The bid document was downloaded by nineteen (19) vendors/contractors and three (3) bid submissions were received. The Base Bid is the total of three (3) items for lot mowing and three (3) items for trash/debris removal and disposal. The Code Enforcement Department will require an undeterminable amount of each of the services from the awarded vendors.

BIDDER	BASE BID
JDMF, LLC	$660.00
J.E.M. Landscaping	$739.00
Paff Landscape, Inc.	$660.00

Bids were reviewed and evaluated by the Purchasing and Contracts Department to determine if they were responsive. Bids were then reviewed and evaluated by the Code Enforcement Department staff for award recommendation based on price, conformance with specifications and the Bidder's ability to perform the contract in accordance with the terms, conditions and specifications required.

A Notice of Intent to Award the contract to JDMF, LLC and Paff Landscape, Inc., dated March 31, 2022, was posted to the BidNetDirect website and posted to the Hernando County Administration electronic public bulletin board.

The Chief Procurement Officer has reviewed this requirement for conformance to Procurement Ordinance and Purchasing Policies and Procedures.

FINANCIAL IMPACT

Funds are available from Hernando County Code Enforcement Account No. 01531-5304919 Code Enforcement, Oper Exp-Spcl Assessments.

LEGAL NOTE

In accordance with Part II, Chapter 2, Article V of the Hernando County Code of Ordinances.

RECOMMENDATION

It is recommended the Board approve the award of Contract No. 22-T00032/TPR for Lot Mowing and Trash/Debris Removal and Disposal Services to Paff Landscape, Inc., and JDMF, LLC for an initial three (3) year term in the estimated amount of $450,000.00 (estimated annual amount of $150,000.00).

It is further recommended the Board approve the Chief Procurement Officer (CPO) to renew the Contract with the same pricing and terms and authorize the CPO to approve change orders as they become necessary and required.

There are two (2) one (1) year unilateral renewal options available in accordance with Contract condition/provision on Paragraph 11.3, Page 6 of the contract.

SEE TERMS AND CONDITIONS ON REVERSE SIDE

APPROVED BY: _____
CHIEF PROCUREMENT OFFICER

HERNANDO COUNTY PURCHASE ORDER TERMS AND CONDITIONS

GENERAL

The condition of this order may not be changed by Vendor/Contractor. If order is not acceptable, return to Hernando County Purchasing and Contracts Department. Failure of a Vendor/Contractor to deliver according to this purchase order awarded to him or to comply with any of the terms and conditions therein may disqualify him from receiving future orders.

QUALITY

All material or services furnished on this order must be as specified and subject to County inspection and approval within a reasonable time after delivery at destination. Variations in materials or services from those specified in this order must not be made without written authority from the Chief Procurement Officer. Materials rejected will be returned at the Vendor/Contractor's risk and expense.

QUANTITY/PRICE

The quantity of materials ordered or the prices specified must not be exceeded without written authority being first obtained from the Chief Procurement Officer.

INDEMNITY AND INSURANCE

The Vendor/Contractor agrees to indemnify and hold harmless Hernando County, including its officers, agents and employees, from all claims, damages, losses and expenses, including reasonable attorneys' fees, and costs brought or incurred on account of injuries or damages sustained by any party due to the operations of the Vendor/Contractor under this contract. The Vendor/Contractor further agrees to provide workers' compensation for all employees, and to maintain such general and auto liability insurance as is deemed necessary by the County for the particular circumstances and operations of the Vendor/Contractor. The Vendor/Contractor further agrees to provide the County with Certificates of Insurance, indicating the amount of coverage in force, upon request.

PACKING

Packages must be plainly marked with shipper's name and purchase order number; charges are not allowed for boxing or crating unless previously agreed upon in writing.

DELIVERY

All materials must be shipped F. O. B. destination. The County will pay no freight or express charges, except by previous agreement. If specific purchase is negotiated on the basis of F.O.B. shipping point, VENDOR/CONTRACTOR ARE TO PREPAY SHIPPING CHARGES AND ADD TO INVOICE. Delivery must actually be affected within the time stated on purchase made between 8:00 AM and 5:00 PM Monday to Friday inclusive unless otherwise stated. In case of default by the Vendor/Contractor, Hernando County may procure the articles or services covered by this order from other sources and hold the Vendor/Contractor responsible for any excess occasioned thereby.

PAYMENT

Partial billing will be accepted only for items received within the specified delivery period. Payments for items delivered after this specified delivery period will be made after the entire order is completed and accepted by Hernando County. Payment shall be made in accordance with Florida Statute 218, Florida Prompt Payment Act. Payment for accepted equipment/supplies/services will be accomplished by submission of an invoice, in duplicate; to the Ship To Address on the front of the purchase order unless otherwise indicated.

MATERIAL SAFETY DATA SHEET

The Vendor/Contractor agrees to furnish Hernando County with a current Material Safety Data Sheet (MSDS) on or before delivery of each and every hazardous chemical or substance purchased which is classified as toxic under Florida Statute 442. Appropriate labels and MSDSs shall be provided for all shipments. Send MSDSs and other pertinent data to: Hernando County Purchasing and Contracts Department, 20 North Main Street, Room 365, Brooksville, FL 34601-2828.

OSHA REQUIREMENT

The Vendor/Contractor or contractor hereby guarantees Hernando County that all materials, supplies and equipment as listed on the purchase order meet the requirements, specifications and standards as provided for under the Federal Occupations Safety and Health Administration Act of 1970, as from time to time amended and in force at the date thereof.

LEGALLY AUTHORIZED WORKFORCE

VENDOR/CONTRACTOR represents and warrants that VENDOR/CONTRACTOR is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States. VENDOR/CONTRACTOR is encouraged (but not required) to incorporate the IMAGE best practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors. The IMAGE Best Practices can be found on the COUNTY'S website at www.hernandocounty.us/pur/.

INSURANCE

The Contractor shall maintain in effect at all times during the performance of the services insurance coverage according to the Contract between Contractor and COUNTY. All waiver of subrogation provisions of the Contract apply. In the absence of a current Contract, the Contractor shall, at its sole expense, maintain in effect at all times during the performance of the services insurance coverage with limits not less than those set forth below (unless the County agrees in writing to lower limits) and with insurers and under forms of policies satisfactory to COUNTY; Contractor shall endorse Hernando County as an additional insured on the commercial general liability (additional insured shall read "Hernando County Board of County Commissioners); Contractor waives subrogation as to the General Liability policy unless a policy condition prohibits pre-loss waiver of subrogation, in which case Contractor shall request of the insurer that the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others unless such policy prohibits such an endorsement or voids coverage should VENDOR/CONTRACTOR enter into such an agreement on a pre-loss basis.

Coverage	Minimum Amounts and Limits
(a) Worker's Compensation	Statutory requirements at location of work
Employer's Liability	$ 100,000 each accident
	$ 100,000 by employee
	$ 500,000 policy limit
(b) Commercial General Liability	$ 2,000,000 General Aggregate
(Additional Insured & Wavier	$ 2,000,000 Products-Comp. Ops Agg.
Of Subrogation)	$ 1,000,000 Each Occurrence
	$ 5,000 Medical Expense
(c) Automobile Liability	$ 1,000,000 Combined Single Limit (owned, hired and non-owned)
Option of Split Limits:	
(1.) Bodily Injury	$ 1,000,000 Per Person or $1,000,000 Per Accident

PAYMENT

Partial billing will be accepted only for items received within the specified delivery period. Payments for items delivered after this specified delivery period will be made after the entire order is completed and accepted by Hernando County. Payment shall be made in accordance with Florida Statute 218, Florida Prompt Payment Act. Payment for accepted equipment/supplies/services will be accomplished by submission of an invoice, in duplicate; to the Ship To Address on the front of the purchase order unless otherwise indicated.

MATERIAL SAFETY DATA SHEET

The Vendor/Contractor agrees to furnish Hernando County with a current Material Safety Data Sheet (MSDS) on or before delivery of each and every hazardous chemical or substance purchased which is classified as toxic under Florida Statute 442. Appropriate labels and MSDSs shall be provided for all shipments. Send MSDSs and other pertinent data to: Hernando County Purchasing and Contracts Department, 20 North Main Street, Room 365, Brooksville, FL 34601-2828.

OSHA REQUIREMENT

The Vendor/Contractor or contractor hereby guarantees Hernando County that all materials, supplies and equipment as listed on the purchase order meet the requirements, specifications and standards as provided for under the Federal Occupations Safety and Health Administration Act of 1970, as from time to time amended and in force at the date thereof.

LEGALLY AUTHORIZED WORKFORCE

VENDOR/CONTRACTOR represents and warrants that VENDOR/CONTRACTOR is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States. VENDOR/CONTRACTOR is encouraged (but not required) to incorporate the IMAGE best practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors. The IMAGE Best Practices can be found on the COUNTY'S website at www.hernandocounty.us/pur/.

INSURANCE

The Contractor shall maintain in effect at all times during the performance of the services insurance coverage according to the Contract between Contractor and COUNTY. All waiver of subrogation provisions of the Contract apply. In the absence of a current Contract, the Contractor shall, at its sole expense, maintain in effect at all times during the performance of the services insurance coverage with limits not less than those set forth below (unless the County agrees in writing to lower limits) and with insurers and under forms of policies satisfactory to COUNTY; Contractor shall endorse Hernando County as an additional insured on the commercial general liability (additional insured shall read "Hernando County Board of County Commissioners); Contractor waives subrogation as to the General Liability policy unless a policy condition prohibits pre-loss waiver of subrogation, in which case Contractor shall request of the insurer that the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others unless such policy prohibits such an endorsement or voids coverage should VENDOR/CONTRACTOR enter into such an agreement on a pre-loss basis.

APPROVED BY: _____
CHIEF PROCUREMENT OFFICER

HERNANDO COUNTY PURCHASE ORDER TERMS AND CONDITIONS

GENERAL

The condition of this order may not be changed by Vendor/Contractor. If order is not acceptable, return to Hernando County Purchasing and Contracts Department. Failure of a Vendor/Contractor to deliver according to this purchase order awarded to him or to comply with any of the terms and conditions therein may disqualify him from receiving future orders.

QUALITY

All material or services furnished on this order must be as specified and subject to County inspection and approval within a reasonable time after delivery at destination. Variations in materials or services from those specified in this order must not be made without written authority from the Chief Procurement Officer. Materials rejected will be returned at the Vendor/Contractor's risk and expense.

QUANTITY/PRICE

The quantity of materials ordered or the prices specified must not be exceeded without written authority being first obtained from the Chief Procurement Officer.

INDEMNITY AND INSURANCE

The Vendor/Contractor agrees to indemnify and hold harmless Hernando County, including its officers, agents and employees, from all claims, damages, losses and expenses, including reasonable attorneys' fees, and costs brought or incurred on account of injuries or damages sustained by any party due to the operations of the Vendor/Contractor under this contract. The Vendor/Contractor further agrees to provide workers' compensation for all employees, and to maintain such general and auto liability insurance as is deemed necessary by the County for the particular circumstances and operations of the Vendor/Contractor. The Vendor/Contractor further agrees to provide the County with Certificates of Insurance, indicating the amount of coverage in force, upon request.

PACKING

Packages must be plainly marked with shipper's name and purchase order number; charges are not allowed for boxing or crating unless previously agreed upon in writing.

DELIVERY

All materials must be shipped F. O. B. destination. The County will pay no freight or express charges, except by previous agreement. If specific purchase is negotiated on the basis of F.O.B. shipping point, VENDOR/CONTRACTOR ARE TO PREPAY SHIPPING CHARGES AND ADD TO INVOICE. Delivery must actually be affected within the time stated on purchase made between 8:00 AM and 5:00 PM Monday to Friday inclusive unless otherwise stated. In case of default by the Vendor/Contractor, Hernando County may procure the articles or services covered by this order from other sources and hold the Vendor/Contractor responsible for any excess occasioned thereby.

PAYMENT

Partial billing will be accepted only for items received within the specified delivery period. Payments for items delivered after this specified delivery period will be made after the entire order is completed and accepted by Hernando County. Payment shall be made in accordance with Florida Statute 218, Florida Prompt Payment Act. Payment for accepted equipment/supplies/services will be accomplished by submission of an invoice, in duplicate; to the Ship To Address on the front of the purchase order unless otherwise indicated.

MATERIAL SAFETY DATA SHEET

The Vendor/Contractor agrees to furnish Hernando County with a current Material Safety Data Sheet (MSDS) on or before delivery of each and every hazardous chemical or substance purchased which is classified as toxic under Florida Statute 442. Appropriate labels and MSDSs shall be provided for all shipments. Send MSDSs and other pertinent data to: Hernando County Purchasing and Contracts Department, 20 North Main Street, Room 365, Brooksville, FL 34601-2828.

OSHA REQUIREMENT

The Vendor/Contractor or contractor hereby guarantees Hernando County that all materials, supplies and equipment as listed on the purchase order meet the requirements, specifications and standards as provided for under the Federal Occupations Safety and Health Administration Act of 1970, as from time to time amended and in force at the date thereof.

LEGALLY AUTHORIZED WORKFORCE

VENDOR/CONTRACTOR represents and warrants that VENDOR/CONTRACTOR is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States. VENDOR/CONTRACTOR is encouraged (but not required) to incorporate the IMAGE best practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors. The IMAGE Best Practices can be found on the COUNTY'S website at www.hernandocounty.us/pur/.

INSURANCE

The Contractor shall maintain in effect at all times during the performance of the services insurance coverage according to the Contract between Contractor and COUNTY. All waiver of subrogation provisions of the Contract apply. In the absence of a current Contract, the Contractor shall, at its sole expense, maintain in effect at all times during the performance of the services insurance coverage with limits not less than those set forth below (unless the County agrees in writing to lower limits) and with insurers and under forms of policies satisfactory to COUNTY; Contractor shall endorse Hernando County as an additional insured on the commercial general liability (additional insured shall read "Hernando County Board of County Commissioners); Contractor waives subrogation as to the General Liability policy unless a policy condition prohibits pre-loss waiver of subrogation, in which case Contractor shall request of the insurer that the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others unless such policy prohibits such an endorsement or voids coverage should VENDOR/CONTRACTOR enter into such an agreement on a pre-loss basis.

If specific purchase is negotiated on the basis of F.O.B. shipping point, VENDOR/CONTRACTOR ARE TO PREPAY SHIPPING CHARGES AND ADD TO INVOICE. Delivery must actually be affected within the time stated on purchase made between 8:00 AM and 5:00 PM Monday to Friday inclusive unless otherwise stated. In case of default by the Vendor/Contractor, Hernando County may procure the articles or services covered by this order from other sources and hold the Vendor/Contractor responsible for any excess occasioned thereby.

PAYMENT

Partial billing will be accepted only for items received within the specified delivery period. Payments for items delivered after this specified delivery period will be made after the entire order is completed and accepted by Hernando County. Payment shall be made in accordance with Florida Statute 218, Florida Prompt Payment Act. Payment for accepted equipment/supplies/services will be accomplished by submission of an invoice, in duplicate; to the Ship To Address on the front of the purchase order unless otherwise indicated.

MATERIAL SAFETY DATA SHEET

The Vendor/Contractor agrees to furnish Hernando County with a current Material Safety Data Sheet (MSDS) on or before delivery of each and every hazardous chemical or substance purchased which is classified as toxic under Florida Statute 442. Appropriate labels and MSDSs shall be provided for all shipments. Send MSDSs and other pertinent data to: Hernando County Purchasing and Contracts Department, 20 North Main Street, Room 365, Brooksville, FL 34601-2828.

OSHA REQUIREMENT

The Vendor/Contractor or contractor hereby guarantees Hernando County that all materials, supplies and equipment as listed on the purchase order meet the requirements, specifications and standards as provided for under the Federal Occupations Safety and Health Administration Act of 1970, as from time to time amended and in force at the date thereof.

LEGALLY AUTHORIZED WORKFORCE

VENDOR/CONTRACTOR represents and warrants that VENDOR/CONTRACTOR is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States. VENDOR/CONTRACTOR is encouraged (but not required) to incorporate the IMAGE best practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors. The IMAGE Best Practices can be found on the COUNTY'S website at www.hernandocounty.us/pur/.

INSURANCE

The Contractor shall maintain in effect at all times during the performance of the services insurance coverage according to the Contract between Contractor and COUNTY. All waiver of subrogation provisions of the Contract apply. In the absence of a current Contract, the Contractor shall, at its sole expense, maintain in effect at all times during the performance of the services insurance coverage with limits not less than those set forth below (unless the County agrees in writing to lower limits) and with insurers and under forms of policies satisfactory to COUNTY; Contractor shall endorse Hernando County as an additional insured on the commercial general liability (additional insured shall read "Hernando County Board of County Commissioners); Contractor waives subrogation as to the General Liability policy unless a policy condition prohibits pre-loss waiver of subrogation, in which case Contractor shall request of the insurer that the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others unless such policy prohibits such an endorsement or voids coverage should VENDOR/CONTRACTOR enter into such an agreement on a pre-loss basis.

SEE TERMS AND CONDITIONS ON REVERSE SIDE

APPROVED BY: _____
CHIEF PROCUREMENT OFFICER

HERNANDO COUNTY PURCHASE ORDER TERMS AND CONDITIONS

GENERAL

The condition of this order may not be changed by Vendor/Contractor. If order is not acceptable, return to Hernando County Purchasing and Contracts Department. Failure of a Vendor/Contractor to deliver according to this purchase order awarded to him or to comply with any of the terms and conditions therein may disqualify him from receiving future orders.

QUALITY

All material or services furnished on this order must be as specified and subject to County inspection and approval within a reasonable time after delivery at destination. Variations in materials or services from those specified in this order must not be made without written authority from the Chief Procurement Officer. Materials rejected will be returned at the Vendor/Contractor's risk and expense.

QUANTITY/PRICE

The quantity of materials ordered or the prices specified must not be exceeded without written authority being first obtained from the Chief Procurement Officer.

INDEMNITY AND INSURANCE

The Vendor/Contractor agrees to indemnify and hold harmless Hernando County, including its officers, agents and employees, from all claims, damages, losses and expenses, including reasonable attorneys' fees, and costs brought or incurred on account of injuries or damages sustained by any party due to the operations of the Vendor/Contractor under this contract. The Vendor/Contractor further agrees to provide workers' compensation for all employees, and to maintain such general and auto liability insurance as is deemed necessary by the County for the particular circumstances and operations of the Vendor/Contractor. The Vendor/Contractor further agrees to provide the County with Certificates of Insurance, indicating the amount of coverage in force, upon request.

PACKING

Packages must be plainly marked with shipper's name and purchase order number; charges are not allowed for boxing or crating unless previously agreed upon in writing.

DELIVERY

All materials must be shipped F. O. B. destination. The County will pay no freight or express charges, except by previous agreement. If specific purchase is negotiated on the basis of F.O.B. shipping point, VENDOR/CONTRACTOR ARE TO PREPAY SHIPPING CHARGES AND ADD TO INVOICE. Delivery must actually be affected within the time stated on purchase made between 8:00 AM and 5:00 PM Monday to Friday inclusive unless otherwise stated. In case of default by the Vendor/Contractor, Hernando County may procure the articles or services covered by this order from other sources and hold the Vendor/Contractor responsible for any excess occasioned thereby.

PAYMENT

Partial billing will be accepted only for items received within the specified delivery period. Payments for items delivered after this specified delivery period will be made after the entire order is completed and accepted by Hernando County. Payment shall be made in accordance with Florida Statute 218, Florida Prompt Payment Act. Payment for accepted equipment/supplies/services will be accomplished by submission of an invoice, in duplicate; to the Ship To Address on the front of the purchase order unless otherwise indicated.

MATERIAL SAFETY DATA SHEET

The Vendor/Contractor agrees to furnish Hernando County with a current Material Safety Data Sheet (MSDS) on or before delivery of each and every hazardous chemical or substance purchased which is classified as toxic under Florida Statute 442. Appropriate labels and MSDSs shall be provided for all shipments. Send MSDSs and other pertinent data to: Hernando County Purchasing and Contracts Department, 20 North Main Street, Room 365, Brooksville, FL 34601-2828.

OSHA REQUIREMENT

The Vendor/Contractor or contractor hereby guarantees Hernando County that all materials, supplies and equipment as listed on the purchase order meet the requirements, specifications and standards as provided for under the Federal Occupations Safety and Health Administration Act of 1970, as from time to time amended and in force at the date thereof.

LEGALLY AUTHORIZED WORKFORCE

VENDOR/CONTRACTOR represents and warrants that VENDOR/CONTRACTOR is in compliance with all applicable federal, state and local laws, including, but not limited to, the laws related to the requirement of an employer to verify an employee's eligibility to work in the United States. VENDOR/CONTRACTOR is encouraged (but not required) to incorporate the IMAGE best practices into its business and, when practicable, incorporate verification requirements into its agreements with subcontractors. The IMAGE Best Practices can be found on the COUNTY'S website at www.hernandocounty.us/pur/.

INSURANCE

The Contractor shall maintain in effect at all times during the performance of the services insurance coverage according to the Contract between Contractor and COUNTY. All waiver of subrogation provisions of the Contract apply. In the absence of a current Contract, the Contractor shall, at its sole expense, maintain in effect at all times during the performance of the services insurance coverage with limits not less than those set forth below (unless the County agrees in writing to lower limits) and with insurers and under forms of policies satisfactory to COUNTY; Contractor shall endorse Hernando County as an additional insured on the commercial general liability (additional insured shall read "Hernando County Board of County Commissioners); Contractor waives subrogation as to the General Liability policy unless a policy condition prohibits pre-loss waiver of subrogation, in which case Contractor shall request of the insurer that the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others unless such policy prohibits such an endorsement or voids coverage should VENDOR/CONTRACTOR enter into such an agreement on a pre-loss basis.

TITLE

Approval of The Palms at Spring Hill for Local Government Verification of Contribution for Florida Housing Finance Corporation Through State Housing Initiatives Partnership Program

BRIEF OVERVIEW

Hernando County Housing and Supportive Services announced the availability of funds and request for application for local government support loans for developments applying for Florida Housing Finance Corporation (FHFC) housing credits seeking Local Government Area of Opportunity (LGAO) funding.

The County provides local government support to assist in the construction, rehabilitation and permanent financing of multifamily housing developments. The County anticipates sufficient funding to be available to fund one applicant. Funds to support the selected applicant will be in the form of a loan. The County reserves the right not to fund an applicant at all.

The source of funding for the project is from the State Housing Initiative Partnership program; however, Hernando County reserves the right to substitute local Housing Trust Funds, Community Development Block Grants (CDBG), or HOME funds as the funding sources for any award request, therefore the selected applicants are advised that applicable grant regulation may be imposed on any award.

The following applications were received by the deadline date for review and funding consideration:

- Ekos at Grand Park, MHP Hernando I - East Side of US 19 and Grand Park Drive
- The Palms at Spring Hill, Paces Preservation and Soho Housing, 11323 County Line Road
- Vesta at Osowaw, Newstar Development - Osowaw Boulevard

The review committee consisted of Veda Ramirez, Housing and Supportive Services Director; Todd Crosby, Assistant County Engineer, Public Works, and Gordon Onderdonk, Utilities Director.

The County can only support one (1) development that qualifies as an LGAO. Staff recommendation for funding in the amount of $340,000 is to The Palms of Spring Hill as a result of their residential programs, extremely low area medium income percentage commitment, and developing in a U.S. Department of Housing and Urban Development (HUD) difficult development area.

The order in which the developments scored is ranked below and staff recommends The Palms of Spring Hill.

1. The Palms of Spring Hill
2. Vesta at Osowaw
3. Ekos at Grande Park

The Palms of Spring Hill has also advised that they will be submitting other requests for applications with Florida Housing Finance Corporation and staff recommends local government contribution for other RFAs if not selected for Local Government Area of Opportunity funding in the amount of $50,000.

FINANCIAL IMPACT

Funding for the above project in the amount of $390,000 is available in:

Fund: 1271 - St Housing Init Prtnrshp; **Department: 35051** - SHIP Grant - Housing Auth; **Account: 5303424** - Contr Srv-Multi-Fam Hous.

LEGAL NOTE

The Board has authority to act on this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION

It is recommended that the Board approve the review team's recommendation and authorize the chairman's signature on the attached forms for Florida Housing Finance Corporation of the selected developer.

Local Government Contribution for Florida Housing Finance Corporation Multifamily Affordable Rental Housing Development/Rehabilitation Application

A. Applicant Information

1. Applicant Name: The Palms at Spring Hill, LLC
Must be a legally formed entity (i.e., limited partnership, corporation, etc.) qualified to do business in the State of Florida at the time of submission of application. Include a copy of the certificate of good standing from the Florida Secretary of State.
Address:
1408 N. Westshore Blvd, Tampa, FL 33607

Telephone: Stephen Bien (813) 731-1244

Alexis Pierre (561) 251-4652

Facsimile/email: steve@sohohousingpartners.com , Alexis@sohohousingpartners.com

2. If partnership, name of general partner(s):_____

_____

If corporation, name and title of executive officer: _____

_____

Address:_____

_____

Telephone: _____

Facsimile/email: _____

3. Developer Entity: Paces Preservation Partners, LLC

Relationship to Applicant: Developer

Address of Developer: 2730 Cumberland Blvd SE, Smyrna, GA 30080

Telephone: Stephen Bien (813) 731-1244

Alexis Pierre (561) 251-4652, Steven Bauhan (404) 597-3025

Facsimile/email: steve@sohohousingpartners.com , Alexis@sohohousingpartners.com, steven@pacesfoundation.org

Describe the Developer's involvement and ownership interest in this development:

Paces Preservation Partners, LLC ("PPP") will serve as the project's developer. A joint venture between The Paces Foundation, Inc. and Soho Housing Partners, LLC, PPP brings together deep expertise in affordable and workforce housing. The Paces Foundation, a nonprofit dedicated to community and workforce housing since 1991, has successfully developed over 5,000 units across multiple communities. Soho Housing Partners, a for-profit developer, specializes in affordable and workforce housing throughout the southeast.

Together, The Paces Foundation and Soho Housing Partners will lead all aspects of the development process, from securing financing and obtaining necessary approvals to managing construction and ensuring successful lease-up and long-term asset management. Their combined experience and commitment to quality housing will drive the success of this project.

4. Years of Affordable Housing Development Experience: 30+

5. Designated contact person (person with decision –making authority with whom the County will correspond concerning the application and Development) for Applicant/Borrowing Entity (not the consultant):

Stephen B. Bien, steve@sohohousingpartners.com, (813) 731-1244

Relationship to Applicant: Principal/Developer

Address of Developer:

2730 Cumberland Blvd SE, Smyrna GA 30080

Facsimile/email: steve@sohohousingpartners.com

5. Is there a consultant: Yes: ____ No: X

Name: _____
Company Name: _____
Address: _____
_____
Telephone: _____
Facsimile/Email: _____

6. For Applicant and Developer entities, attach a list of all general and limited partners and the officers, directors and shareholders of each as of the date of this application. Attached named "Spring Hill Entities".

7. Applicant's Federal Taxpayer Identification Number:
33-4720930

8. Is the Applicant or its general partner incorporated as a non-profit organization pursuant to Chapter 617, Florida Statutes? Yes: X No:

9. Is this a 501c (3) or 501c (4) non-profit organization pursuant to Section 42 of the Internal Revenue Code?

Yes: X No:

If yes, provide the following:

a. Attach evidence of non-profit status. Attached.

b. Describe the role of the non-profit organization in the development.

The Paces Foundation, Inc., a non-profit organization, will serve as a managing member of the developer entity for this project, actively contributing to all aspects of the development process.

c. Does the non-profit organization have an ownership interest, either directly or indirectly in the Development? Yes: X No: __

d. Attach the names and address of the governing board of the non-profit organization. Attached.

e. Is the purpose of the non-profit organization, in part, to foster low-income housing? If so, provide a copy of the Articles of Incorporation. Attached.

f. Year non-profit organization was incorporated: 1991

g. Is the non-profit affiliated with or controlled by a for-profit organization within the meaning of Section 42(h), Internal Revenue Code? Yes: ___No: X

If yes, name of For-Profit: _____

B. Development Information

---

1. Development Name: The Palms at Spring Hill

2. Development location and street address (indicate street names, city and zip code):

11323 County Line Road, Spring Hill, FL 34609

****If scattered sites, attach an additional page with the address of each site.***

3. Manager/Employee Units: Are there one or more manager or employee units in the development? Yes: ____No: X How Many? _____Unit Type: _____
If so, will each unit be occupied by an income-eligible manager/employee and included in the number of units set-aside? Yes: ____No: ____
Provide Unit Number(s): _____

4. Are there one or more model Units? Yes: ___No: X If yes, identify by unit number and type: _____

5. Utilities: Indicate which utilities are paid by the tenants.
Electric X Water ____Sewer ____Gas ____ Trash ____ Cable _____

6. Development Design:
Check the one design that best describes this development building style:
Garden X Duplexes _____Quads Single Family _____Townhouses X

7. Project Development Activity (check all applicable activity):
X Multi-Family Rental _____Supportive Housing
_____Single Room Occupancy _____Other (List): _____

8. Demographic Commitment per RFA:
X Family __Elderly (if Elderly, what is minimum age?) _____

9. Identify acreage or lot size of entire Development: 4.45 acres

10. Name of local jurisdiction where Development is located:

Unincorporated Hernando County X

City of Brooksville _____

11. Project Type: X New Construction _____Rehabilitation ____Other: _____

12. TOTAL Development/ Rehabilitation Costs: $34,836,066

13. Project Primary Target Market (Household Area Medium Income (AMI):

x Extremely Low (30% or less AMI)_____Very Low (31% - 50% AMI)

x Low (51%- 80% AMI) _____Moderate 1 (81% AMI-120% AMI)

14. Amount of County Contribution Funds Requested: $340,00

14a Total Project Funding Sources

FUNDING SOURCE/CONTRIBUTOR	AMOUNT
Hernando County Contribution	$340,000
9% Federal Tax Credit Equity	$22,352,765
Permanent Debt:	$11,500,000
Deferred Developer Fee	$643,301
TOTAL:	$34,836,066

15. Income Levels and Special Needs (Please complete table show actual number of units for the development occupants/beneficiaries.

Income Group	Number or Units
30% AMI or less AMI	16
31-50% AMI	
51-60% AMI	58
61-80% AMI	22
81-120% AMI	
TOTAL:	

Special Needs Population Category	Number of Units
Elderly	
Disabled (NotElderly)	10
Homeless	
Persons with HIV/AIDS	
Veterans	
Other:

C. Rental Assistance

1. Is rental assistance currently being provided for this development from other funding sources? Yes ____No X

2. If yes, please indicate what source, number of units receiving assistance and number of years on rental assistance contract:

_____

_____

_____

D. Resident Programs

1. Tenant Programs for ALL Applicants: In order to enhance the development and the quality of life for residents, tenant programs are encouraged.

Check all that apply and describe how each program will be provided. Attach additional pages if necessary.

____Day Care: _____

_____

____Health Care: _____

_____

_____

____Meals: _____

_____

_____

____Private Transportation for the Development: _____

_____

_____

X___Financial Counseling: Previously, we partnered with our Capital Partners to implement a year-long tailored financial literacy program designed specifically for our residents. This initiative provided access to online financial education courses with comprehensive, trackable participation metrics, ensuring that residents could monitor their progress and engagement. The partnership was highly successful, allowing participants to develop valuable financial skills at their own pace while receiving the necessary guidance and resources to improve their financial standing. We'd like to implement something similar for the residents of The Palms at Spring Hill Apartments.

2. Tenant Programs for Elderly Applicants:

____Assistance with Light Housekeeping, Shopping and/or Laundry:

_____

_____

____Manager on-call 24 hours per day: _____

3. Tenant Programs for Non-Elderly Applicants:

____Financial Incentive for assistance with purchasing a home: _____

_____

_____

X___Supportive Housing: We will designate at least 10 units as priority housing for individuals with disabilities, consistent with our approach at several of our other communities. We have reached out to multiple service providers, including The Arc, which offers individually tailored community-based and facility-based services for individuals with developmental disabilities. The Arc has a local office in Spring Hill and actively supports housing for individuals with disabilities. The Arc, a service provider, can assist us in receiving referrals for qualified residents with disabilities who are seeking housing. Additionally, we will ensure that our units are thoughtfully designed to meet the accessibility needs of these residents.

4. Any other Tenant Programs not otherwise addressed:

_____

_____

_____

E. Development Summary

1. Please provide a detailed narrative of proposed Development, including all amenities, total number of units (number of units per building, number of buildings in development), features and scope of work to be performed. Attach as an attachment.

2. Identify funding sought through FHFC, 9% tax credit, 4% tax Credit or other

We plan to request funding through the 2025 FHFC tax credit cycle. To maximize our chances of receiving an award, we will be responding to multiple RFAs. Please see below for the list of RFAs we intend to pursue in this 2025 round:

- ***RFA 2025-205 SAIL Financing Of Affordable Multifamily Housing Developments To Be Used In Conjunction With Tax-Exempt Bonds And Non-Competitive Housing Credits (Submission 10/27/2025)***
- ***RFA 2025-201 Housing Credit Financing For Affordable Housing Developments Located In Small And Medium Counties (Submission Date 11/18/2025)***

2. Provide Documentation to support property ownership or site control (i.e. Warranty Deed, Trust, Deed, or Letter of Intent to Acquire Property). Attached.

3. Appraisal Report and/or Hernando County Property Appraisers Report for each identified project Attached.

4. To be considered complete, the application must include a map of the proposed project/development area showing the development's location. If applicable, include proximity to community services, medical facilities, schools, shopping, major businesses

and employers. Attached.

5. Please provide Site Plan. Attached.

6. Please provide Development timeline.

Date	Milestone
June 16, 2025	Finalize Development Team (General Contractor, Architect, Civil, etc.)
July 7, 2025	Kick-Off Meeting with Development Team Members
November 18, 2025	Submit Full 9% LIHTC Application
January 9, 2026	Notification of Tax Credit Awards
June 1, 2026	Architect & Engineer Provide Plans for Review by City/County and PPP
July 10, 2026	Submit Plans to City/County for Permitting
July 30, 2026	Financial Closing (Equity, Construction, etc.)
July 31, 2026	Groundbreaking – Start of 18-Month Construction Schedule
January 2, 2028	Substantial Completion

7. Summary of how the project/development will be marketed, how the project will find tenants, and how the project will reach out to the local community.

Our project will be marketed with an integrated, neighborhood-based approach used in tandem with our experienced third-party property management company, United Apartment Group. Our approach leverages tested methodologies along with electronic methods of communication to extend outward into a broad universe with specificity on the eligible families for affordable housing.

To draw high-quality tenants, we will leverage a mix of internet listing websites (like AffordableHousing.com and social media), print publications (flyers, brochures, and signs), and face-to-face contact with neighborhood organizations, service providers (The Arc), and referral networks for low- to moderate-income households. The management team will also advertise units on local housing authority waiting lists when available and keep good working relations with case managers and social service agencies.

Community relations will begin several months before lease-up to establish early access to residents, community leaders, and organizations. This will include conducting information sessions, participating in community activities, and making progress reports to neighborhood associations, schools, churches, and civic groups. Our goal is not only to fill units with qualified tenants but also to establish a sense of ownership between the development and the surrounding community.

With previous projects, we have taken the extra step to work hand in hand with organizations within the neighborhood in the immediate area. As an example in the construction of The Legacy at Carr Heights, we worked with the Westside Community Land Trust to coordinate community information sessions so that residents within the neighborhood could become informed about the pending development and allow potential residents to complete their applications. Also, as it relates to our two new projects that are ongoing in Pensacola, Florida, we recently conducted a community meeting with the Mayor to make the local residents aware of the future housing inventory and how to apply. We have also reached out to Jerry Campbell the commissioner of our district where the parcel is located to schedule a community meeting to alert residents of the upcoming development.

Our leasing business prioritizes access, equity, and openness. Materials will be provided for leasing in more than one language if needed, and leasing staff will be trained in fair housing law and cultural sensitivity. We will also have a waitlist procedure so that we can promote timely and equitable leasing.

By utilizing both our local knowledge property management staff and the community networks, we would have the project well established within the community and serving the target population as needed.

8. Application packets must include the most recent 24 months audited financial statements and the current year approved budget. Attached.

9. Application packets must include the most recent 2 years Management Review and Physical Inspection Reports. Attached. Across all of our properties, we partner with experienced and highly sophisticated third-party property management firms. These teams ensure that day-to-day operations and regulatory compliance are handled with precision and professionalism. As a result, any compliance issues identified during physical inspections are typically minor, clerical in nature, and resolved promptly to maintain full regulatory adherence.

10. Please provide 3-5 References from Local Governments that provided funding to housing developments have been completed. Attached.

F. Certification (Original Signature Required)

The undersigned applicant certifies that the information in this application is true, correct and authentic. The applicant further certifies that (s)he is aware that if the County finds that the applicant or any of its affiliates has engaged in fraudulent actions or misrepresented facts on this application, this application will be disqualified and the applicant and its affiliates will be unable to participate in any County program for two (2) complete annual cycles inclusive of any interim cycles.

In applying for SHIP Program funds, the applicant has read, understands, and agrees to comply with 420.9071-420.9079 Florida Statutes and Rule 67-37 Florida Administrative Code, issued by the Florida Housing Finance Corporation. The applicant understands and agrees to abide by the provisions of the applicable Florida Statutes and County program rules and policies.

The Palms at Spring Hill – Project Narrative

The Palms at Spring Hill ("the Project") is a thoughtfully planned, new construction development that will bring 96 high-quality residential units throughout 6 buildings to the growing community of Spring Hill, Florida. Situated on an approximately 4.45-acre undeveloped site at 11323 County Line Road, the Project will feature a mix of two- and three-story split-level garden-style walk-up buildings, designed to provide long-term, affordable housing for families in Hernando County.

The development's location offers a prime opportunity to meet the area's increasing demand for affordable family housing. Surrounded by a mix of retail, medical office, commercial, multifamily developments, and a nearby school, The Palms at Spring Hill has been designed to blend seamlessly with the existing neighborhood. The building and site design will echo the architectural character and community-oriented layout of other successful developments completed by Paces Preservation Partners across the Southeast and Mid-Atlantic regions.

Development Team

The Palms at Spring Hill is being led by Paces Preservation Partners, a seasoned development partnership between The Paces Foundation and Soho Housing Partners. This joint venture was formed to deliver high-quality affordable housing communities nationwide and brings deep experience in both new construction and preservation through the Low-Income Housing Tax Credit (LIHTC) program and other public/private sources.

The design team has been carefully selected to ensure the project meets the highest standards in both aesthetics and durability. Progress Design Studio, led by Michael Haynes, an architect well-known for his work on LIHTC projects, is serving as the lead architect. The civil engineering may be handled by Kimley-Horn, a top-tier engineering firm with deep experience in the Florida market or another one of our sophisticated engineering firms . The general contractor is yet to be finalized, though the development team works regularly with a network of trusted and experienced GCs throughout the state.

Architectural Vision

The exterior design of The Palms at Spring Hill will feature high-quality materials such as brick and fiber cement siding, enhanced with architectural detailing that promotes a welcoming, home-like environment. The buildings are designed to minimize common breezeways and corridors, with each apartment having a private entrance. This layout encourages a sense of ownership and personal space, creating a strong residential identity for families.

Unit sizes will be generous and designed to accommodate a range of household sizes. One-bedroom units will be approximately 968 square feet, while four-bedroom units will reach up to 1,580 square feet. Spacious layouts, ample storage, and modern finishes will ensure long-term appeal for residents.

Utilities and Infrastructure

Residents will be responsible for paying their own electric utilities, including heating, cooking, lighting, air conditioning, and hot water. The Project will cover water, sewer, and trash services.

The site will feature a single, secured entrance off County Line Road, designed to limit and control both pedestrian and vehicular access, enhancing resident safety. Additional safety measures will include enhanced lighting, security cameras, and well-defined property boundaries. On-site maintenance and management will be provided, with routine coordination with local law enforcement for nightly patrols. A third-party property management company will implement strict applicant screening, including comprehensive credit and background checks.

Unit Mix, Affordability, and Parking

The Project will consist of 96 units, designed for families earning a range of income levels (**30%-80% AMI**), with affordability targets consistent with the 9% LIHTC program administered by Florida Housing Finance Corporation. The planned unit mix includes one-, two-, three-, and four-bedroom apartments, with a strong emphasis on accommodating larger family households.

The below tables show the unit mix, set-aside mix, and contractual set-aside splits.

UNIT TYPE	PERCENT OF MEDIAN	NUMBER OF UNITS	GROSS SQ. FT.
1/1	30.00%	5	968

At least 192 surface parking spaces will be provided, meeting local code and the needs of a family-oriented community. In addition, the site is conveniently located near public transit, with multiple bus stops in close proximity to ensure residents have access to transportation options.

Resident Amenities

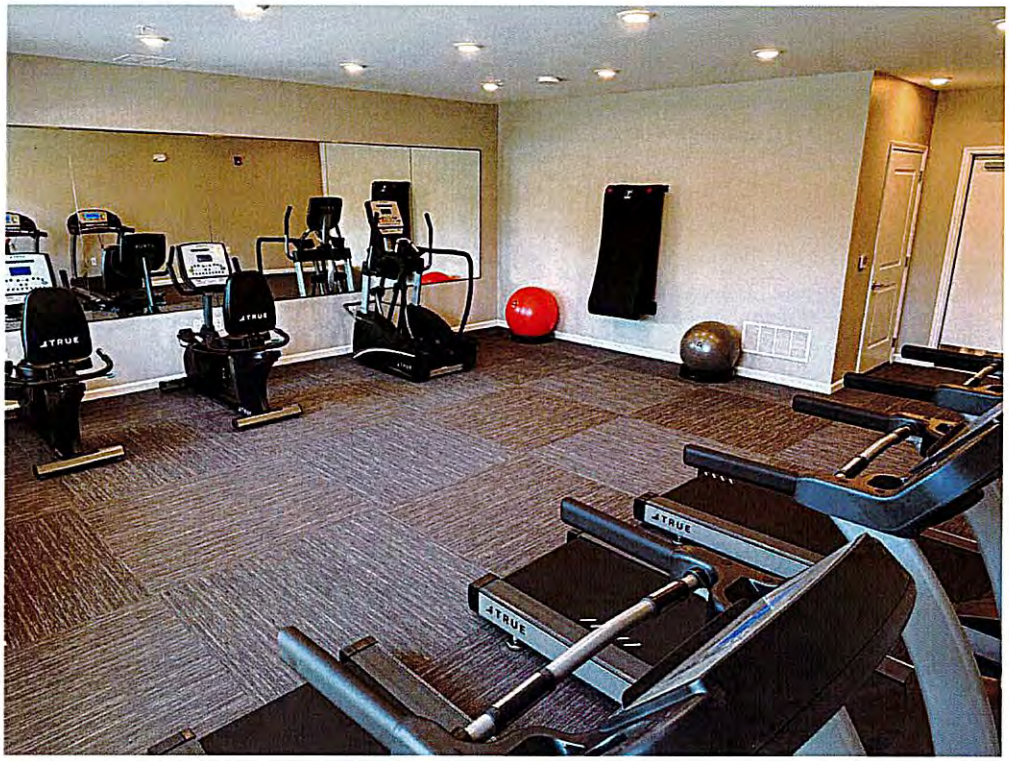
The Palms at Spring Hill will offer quality amenities designed to promote health, community, and quality of life. Planned **unit features** include:

- Energy Star-rated appliances
- Ceiling fans and built-in microwaves
- Granite countertops and upgraded cabinetry
- Covered entries and front porches
- Individual access pathways
- Ample storage and thoughtfully designed floor plans

Community amenities will foster a family-friendly environment and include:

- A secure, landscaped entrance
- A large playground with a padded tot lot and water feature
- Outdoor gathering areas with shaded seating
- A pavilion with BBQ facilities
- A resident clubhouse featuring a fitness/yoga studio, computer room, community meeting room, and Wi-Fi hotspot
- Laundry Facility / In unit hook ups

The site has been designed not only to meet regulatory standards but to exceed resident expectations by fostering a healthy, inclusive, and supportive environment.



The Legacy at Carr Heights (Charlotte, NC) Paces Preservation Partners Development

Final Summary

Paces Preservation Partners brings to the table a proven track record, deep expertise in affordable housing, and the financial strength needed to successfully deliver and operate The Palms at Spring Hill. The team is committed to long-term stewardship of the community, ensuring that the property remains a safe, vibrant, and sustainable place to live well beyond the initial 15-year tax credit compliance period.

We appreciate your consideration of this proposal and welcome any questions or requests for additional information. Thank you for the opportunity to bring this impactful development to Spring Hill.

Mark du Mas

Founding Member and President of The Paces Foundation since 1991, Mark is highly regarded among the pioneers of affordable housing and non-profit developers. His mission began shortly after the Tax Credit Reform Act of 1986, and he continues to bring innovation, enthusiasm, and high attention to detail to each new development. Mark has led The Paces Foundation to develop and own more than thirty communities throughout the Southeast. He founded and served as Chairman of the Board for the Georgia Affordable Housing Corporation, served on the State Trade Association of Non-Profit Developers, Catholic Housing Initiatives and Catholic Personal Care Homes. He is approved as an affordable Consultant, Owner and Developer. In 2021, Mark, along with Steve Bien and Kevin DiQuattro, exclusively partnered Soho Housing Services with The Paces Foundation to create Paces Preservation Partners toward the expansion of affordable housing opportunities.

Steven Bauhan

Steven Bauhan is the Chief Development Officer at Paces Foundation ("Paces"). Mr. Bauhan's responsibilities include supporting Paces Preservation's (Paces and SOHO Housing Partners) strategic plan by helping to grow and support the development pipeline from initial conception through construction, to lease up and stabilization. He is a real estate professional with experience in many aspects of affordable housing and mixed income markets including 9% and 4%

transactions, historic tax credit transactions, rural housing, public-private PHA transactions to include several RAD conversions. Prior to joining Paces, he was focused on supporting the affordable housing industry; his 15-year banking career culminated in leading the affordable housing division efforts at Cadence Bank and Bank OZK after having worked within Wells Fargo's Community Lending and Investment division. Mr. Bauhan arranged financial support for ~$2 Billion in affordable housing specific developments in the form of tax credit purchases, construction and permanent financing (4% and 9%), tax credit bridge financing, land loans, lines of credit, etc. During this time, he built deep relationships with GSE lenders, LIHTC equity syndicators and developers across the Southeastern United States. Prior to banking, Mr. Bauhan received a bachelor's degree from the University of Georgia's Terry College of Business and received his MBA in Economics at Georgia State University.

Renée Sandell

Renee has been active in the development, financing, construction and management of affordable housing since 1989 and has been involved in the development of more than 3,000 units nationwide. She is responsible for the financial procurement for all types of debt and syndication of tax credits for project equity as well as the foundation's internal operations. Renee oversees the development process from acquisition, site planning, financing and investor relations, to construction and stabilization. Renee has held a variety of senior roles in the industry, including First Vice President and Regional Development Director for Transom Development, a subsidiary of SunTrust. Her work at The Paces Foundation began as a development consultant in 2010 and she accepted a permanent position in 2015.

renee@pacesfoundation.org

Lori McClure

Lori joined the Paces Foundation in 2015, following 19 years in multi-family property management, most recently, serving as Regional Vice President of Allied Orion Group. Her experience spans a broad range of asset types: senior, family, renovations, REIT, tax credit, and bond-financed communities. At Paces, Lori stays involved with the development team through stabilization. Throughout long term ownership, Lori works in support of management, equity

partners, state agencies and lenders to ensure financial goals, compliance, and reporting requirements are met.

David Cribbs

David Cribbs brings over 23 years of experience in affordable housing and more than 30 years in real estate finance. His background spans all facets of investing and lending, from deal origination and closing to asset management, servicing, and disposition. Most recently, David spent eight years as a real estate underwriter, where he helped develop a bridge loan product for preserving affordable and workforce housing. In this role, he facilitated over $3.7 billion in loans across 200 properties, involving programs like low-income housing tax credits, Section 8, state lending, and real estate tax abatements. Before that, he dedicated 15 years to low income housing tax credit syndication, working as an independent consultant on secondary market transactions and in roles at an investment bank as manager of partnership dispositions, senior financial analyst for originations, and senior asset manager. David began his career with a seven-year tenure at a mortgage bank and special servicer, serving major investment banks and the FDIC. David holds a degree in finance and economics from The Ohio State University.

PALMS AT SPRING HILL
KEVIN DIQUATTRO SOLE MBR
1408 N WEST SHORE BLVD
TAMPA, FL 33607

For assistance you may call us at:
1-800-829-4933

IF YOU WRITE, ATTACH THE
STUB AT THE END OF THIS NOTICE.

WE ASSIGNED YOU AN EMPLOYER IDENTIFICATION NUMBER

Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 33-4720930. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

Taxpayers request an EIN for their business. Some taxpayers receive CP575 notices when another person has stolen their identity and are opening a business using their information. If you did **not** apply for this EIN, please contact us at the phone number or address listed on the top of this notice.

When filing tax documents, making payments, or replying to any related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear-off stub and return it to us.

A limited liability company (LLC) may file Form 8832, *Entity Classification Election*, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, *Election by a Small Business Corporation*. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

(IRS USE ONLY) 575G 04-22-2025 PALM O 9999999999 SS-4

IMPORTANT REMINDERS:

* Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you. You may give a copy of this document to anyone asking for proof of your EIN.

* Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.

* Refer to this EIN on your tax-related correspondence and documents.

* Provide future officers of your organization with a copy of this notice.

Your name control associated with this EIN is PALM. You will need to provide this information along with your EIN, if you file your returns electronically.

Safeguard your EIN by referring to Publication 4557, Safeguarding Taxpayer Data: A Guide for Your Business.

You can get any of the forms or publications mentioned in this letter by visiting our website at www.irs.gov/forms-pubs or by calling 800-TAX-FORM (800-829-3676).

If you have questions about your EIN, you can contact us at the phone number or address listed at the top of this notice. If you write, please tear off the stub at the bottom of this notice and include it with your letter.

Thank you for your cooperation.

Keep this part for your records. CP 575 G (Rev. 7-2007)

Return this part with any correspondence so we may identify your account. Please correct any errors in your name or address.

The Paces Foundation Inc.'s Mission Statement

The Mission Statement and Purpose of The Paces Foundation Inc. is described under Article I of the Bylaws. It is attached on the following page.

BYLAWS OF

THE PACES FOUNDATION, INC.
a Georgia Nonprofit Corporation

ARTICLE I

PURPOSES & OFFICES

Section 1.1. The purposes for which the Corporation is formed are the following:

(A) The Corporation is organized exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code") including, for such purposes, the making of distributions to organizations that qualify as exempt organizations under Section 501(c)(3) of the Code (or the corresponding provision of any future United States Internal Revenue Law).

(B) This Corporation is not organized and shall not be operated for pecuniary gain or profit. No part of the property or net earnings of the Corporation shall inure to the benefit of or be distributable to its directors, officers, or other private persons, except that the Corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth herein. The Corporation shall not carry on propaganda, or otherwise attempt to influence legislation to such extent as would result in loss of its exemption from federal income tax under Section 501(c)(3) of the Code, and the Corporation shall not participate in, or intervene in (including publication or distribution of statements) any political campaign on behalf of any candidate for public office. Notwithstanding any other provision of these Articles, the Corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from federal income tax under Section 501(c)(3) of the Code (or the corresponding provision of any future United States Internal Revenue Law) or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code (or the corresponding provision of any future United States Internal Revenue Law).

(C) The specific endeavors of the Corporation shall include, but are not limited to, the following purposes and objectives:

1. To assist in and stimulate the production of homes for the poor;

Exhibit C

2. To raise capital to facilitate the production of low-cost housing;

3. To learn, use and transfer physical and building system techniques to reduce the cost of producing housing, while ensuring quality;

4. To manage the properties in a manner sensitive and responsive to the unique problems confronting under-advantaged citizens;

5. To provide housing beyond the needs of the poor, to include the elderly, frail and handicapped;

6. To develop housing in a neighborhood context--- with the goal of building community pride by tenant participation;

7. To use improved housing as a platform to help the underadvantaged;

8. To design all of our communities to be spacious and attractive with amenities necessary to allow the community to flourish; and,

9. To provide tenant support services and education to assist in an improved quality of life.

Section 1.2. The Corporation shall at all times maintain a registered office in the State of Georgia and a registered agent at that address, but may have other offices located within or without the State of Georgia as the Board of Directors shall determine.

ARTICLE II

MEMBERS

Section 2.1. Annual Meeting. The annual meeting of the members of the Corporation shall be held on February 15 in each year, if not a legal holiday, and if a legal holiday then the next succeeding day not a legal holiday, for the purpose of electing directors to succeed those whose terms shall have expired.

Section 2.2. Special Meetings. Special meetings of the members may be called at any time for any purpose or purposes by

PACES FOUNDATION
AND ITS WHOLLY OWNED SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2022

PACES FOUNDATION

TABLE OF CONTENTS

	PAGE
Independent auditors' report	1 - 2
Financial statements:	
Consolidated statement of assets, liabilities, and net assets - income tax basis	3 - 4
Consolidated statement of revenues and expenses - income tax basis	5
Consolidated statement of changes in net assets - income tax basis	6
Consolidated statement of cash flows - income tax basis	7
Notes to financial statements - income tax basis	8 - 15

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Paces Foundation

Opinion

We have audited the accompanying consolidated financial statements of Paces Foundation (a not-for-profit organization) and its wholly owned subsidiaries, which comprise the consolidated statement of assets, liabilities, and net assets - income tax basis as of December 31, 2022, and the related consolidated statements of revenue and expenses - income tax basis, changes in net assets - income tax basis, and cash flows - income tax basis for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, based on our audit and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of Paces Foundation as of December 31, 2022, and its revenue and expenses, changes in its net assets, and cash flows for the years then ended in accordance with the basis of accounting Paces Foundation uses for income tax purposes, as described in Note A.

We did not audit the financial statements of Paces St. Mary, LLC, a wholly owned subsidiary, which statements reflect total assets of $45,502,784 of the consolidated total assets at December 31, 2022 and total revenues of $5,083,839 of the consolidated total revenues for the year then ended. Those statements were audited by other auditors, whose report has been furnished to us and our opinion, in sofar as it relates to the amounts included for Paces St. Mary LLC is based solely on the report of the other auditors.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Paces Foundation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The consolidated financial statements are prepared on the basis of accounting Paces Foundation uses for income tax purposes, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the income tax basis of accounting described in Note A; this includes determining that the income tax basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Paces Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Paces Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

PACES FOUNDATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - INCOME TAX BASIS
DECEMBER 31, 2022

Note A
Organization and Summary of Significant Accounting Policies

The Paces Foundation (a not-for-profit organization) was formed on May 14, 1991, to develop, lease, operate, manage and maintain affordable rental housing for low to moderate-income residents.

The Organization has formed certain wholly-owned limited liability companies that are disregarded entities for tax filing purposes and their assets, liabilities, net assets and operating results have been consolidated with the Paces Foundation for tax reporting purposes.

Name	Name
Galleria Mountain LLC	Gateway Townhomes of St. Joe LLC
Paces St. Mary LLC	Etowah Limited Partner LLC
Post Oconee Springs Services LLC	Post Nantahala Services LLC
Oconee II Limited Partner LLC	Las Brisas Apts Limited Partner LLC
Autumn Ridge Limited Partner LLC	

Galleria Mountain LLC owns and operates the office building occupied by the Organization. Gateway Townhomes of St Joe LLC and Paces St. Mary LLC own and operate multifamily apartment facilities for low-income persons in accordance with the Organization's charitable purpose. The remaining disregarded entities listed above act as replacement limited partners in related operating partnerships which also own and operate multifamily apartment facilities for low-income persons and have substituted in place of an exiting investor limited partner following the end of the low-income credit compliance period.

The Organization has also acted as a sponsor of certain other not-for-profit organizations, which are listed below.

Name	Name
Rosewood Cordele Development Inc.	Waterford Dublin Development Inc.
Galleria Senior Manor Development Inc.	

The not-for-profit organizations listed above were formed to construct, own, operate and maintain rental apartment facilities for low to moderate income families and the elderly persons. The not-for-profit entities were sponsored by the Paces Foundation but are separately organized not-for-profit entities and each files its own Form 990 for tax reporting. These not-for-profit entities have not been included in the accompanying income tax basis financial statements of the Paces Foundation as of December 31, 2022.

The Organization is also the sole shareholder of various wholly owned corporate subsidiaries, which are listed below.

Name	Name
Etowah Services Corporation	Oconee Services Corporation
Nantahala Services Corporation	Las Brisas Services Corporation
Oconee II Services Corporation	Sequoyah Services Corporation
Mineral Springs Services Corporation	Autumn Services Corporation
Montgomery Landing General Partner LLC	Timber Chase Services Corporation
Enota Services Corporation	Campbell Creek Services Corporation
Pines by the Creek Services Corporation	Georgia Pine Ridge Services Corporation
Whitehall Apartments Services Corporation	Whitehall Manor Services Corporation
Shoal Creek Services Corporation	Panama Commons Services Corporation
Highland Manor Services Corporation	Las Brisas Manor Services Corporation
Lamar Memphis Services Corporation	Fairfield Manor Services Corporation
Meadowhill Estates Services Corporation	Taylor Court Services Company LLC
Downing Court Services Company LLC	Oxford Court Services Company LLC
Century Park Services Corporation	Brownsville Manor Services Corporation
Tupelo Park Services Corporation	Sydney Lanier Apartments GP LLC
Pinecrest West Services Corporation	

Note A
Organization and Summary of Significant Accounting Policies (Continued)

The corporate entities listed above act as the general partners of various limited partnerships that own and operate multifamily rental apartment facilities for low to moderate income families and elderly persons. The general partner entity typically owns no more than 1% of the partnership. These are separate legal entities and each entity files its own corporate tax return and, therefore, have not been included in the accompanying income tax basis financial statements of the Paces Foundation as of December 31, 2022.

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting used for income tax purposes, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). The primary differences between the U.S. income tax basis of accounting and GAAP consist of the following: (i) the Organization did not consolidate its wholly owned subsidiaries and the related partnerships where the wholly owned subsidiary acts as controlling general partner; (ii) direct write-off of bad debts instead of reserve; and (iii) depreciation is provided over the statutory lives of the property as determined by the Internal Revenue Code.

Property Held for Development:

Property held for future development is carried at the lower of cost or net realizable value. If properties are not being actively developed, holding costs are expensed as incurred.

Accounting for Investments in Partnerships:

The Organization accounts for its material investments in associated partnerships using the equity method of accounting.

Property and Equipment:

Property and equipment are carried at cost. Expenditures for maintenance and repairs are expensed currently, while renewals and betterments that materially extend the life of an asset are capitalized. The cost of assets sold, retired, or otherwise disposed of, and the related allowance for depreciation are eliminated from the accounts, and any resulting gain or loss is recognized.

Depreciation on the rental apartment buildings is provided using the straight-line method utilized by the partnership over estimated lives of twenty-seven to forty years. The depreciation expense on the rental properties controlled by the Organization was $1,440,425 for the fiscal year ended December 31, 2022.

Depreciation on the office building is provided using the straight-line method over the 40 year estimated life of the structure. Depreciation on the furniture, fixtures and equipment is provided using the straight-line method over their estimated useful life, which is five to seven years. The depreciation expense on the office building and the furniture and equipment utilized by the Organization was $15,505 for the fiscal year ended December 31, 2022.

Revenue Recognition:

Contributions, grants and gifts from individuals and organizations are recognized when received unless there are ongoing obligations that must be fulfilled. Affordable Housing Program grants and Section 1602 grants will be recognized ratably over their commitment period. Development fees have been recognized as earned unless a material contingencies to collection remains. If either the amount or the date of collection is contingent upon certain unpredictable factors, the fees will be recognized upon receipt or the elimination of the uncertainty.

Note A
Organization and Summary of Significant Accounting Policies (Continued)

Contributions:

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Functional Expenses:

The Organization's program service activity is the promotion, development and construction of affordable housing projects for low-income individuals and families. The Organization currently has two functional areas and has presented its expenses in the statement of activities in these two areas. Accordingly, certain costs have been allocated among the program service expenses and the general and administrative based on an allocation of employee's time and on usage of resources. The Organization currently does not conduct any fundraising activities and does not incur any costs resulting from fundraising.

Use of Estimates:

Management uses estimates and assumptions in preparing these financial statements in accordance with the income tax basis of accounting. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Income Taxes:

The Organization is organized and operated exclusively for charitable, not-for-profit purposes. The Organization has been classified as a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(vi). The Organization annually files its Form 990PF with the Internal Revenue Service. The Internal Revenue Service has, in prior years, issued its determination letter reflecting that the Paces Foundation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Therefore, no income tax provision has been included in the financial statements.

The Organization is no longer subject to income tax examinations for calendar years up to and including 2018.

Note B
Reconciliation of Cash, Cash Equivalents and Restricted Cash

The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the balance sheet that sum to the total of the same such amounts shown in the consolidated statement of cash flows.

Cash and cash equivalents	$ 2,623,281
Mutual funds and marketable securities	5,357,637
Restricted escrows and funded reserves	1,460,692
Total cash, cash equivalents and restricted cash shown in the consolidated statement of cash flows	$ 9,441,610

Mutual funds and marketable securities are reported at their cost basis for tax reporting. All equity and debt securities are considered to be available for sale securities.

Note C
Restricted Deposits and Funded Reserves

The Organization's two disregarded operating multifamily rental apartment entities, Gateway Townhomes of St. Joe LLC and Paces St. Mary LLC, have funded various restricted accounts as required by their mortgage loan agreements. These funds are held for future use by the entities in accordance with the terms and conditions of their respective loan agreements. The mortgage escrows and reserves as of December 31, 2022, are comprised of the following:

Tax and insurance escrows	$ 221,891
Tenant security deposits	123,743
Operating and reserve for replacement	1,115,058
	$ 1,460,692

Note D
Advances to Wholly-Owned Subsidiaries

The Organization has advanced funds to certain of its wholly-owned corporate subsidiaries to provide funding to meet development and operational guarantees and commitments to the various affiliated operating affordable housing partnerships sponsored by the Organization. These advances which total $6,381,733 as of December 31, 2022, are non-interest-bearing demand obligations that the Organization anticipates will be repaid from future project cash flow from operations or a future capital event of the respective operating partnership. The wholly owned subsidiaries of The Paces Foundation are the managing general partners of certain partnerships that own and operate rental apartment facilities for low and extremely low income families, individuals, and elderly seniors.

Note E
Advances to Affiliates

The Organization has advanced funds to various affiliated development entities for predevelopment expenses and other project development related obligations. The advances totaling $5,709,159 as of December 31, 2022, respectively, are non-interest bearing demand obligations that the Organization anticipates will be repaid upon the initial closing of each project's construction financing or from future project operations. Should the Organization determine that a project is not feasible for future development any unreimbursed advances are expensed.

Note F
Notes Receivable

The Organization has entered into an agreement with Soho Housing Partners LLC ("Soho") whereby the Organization will provide funding to Soho during the predevelopment stage of certain affordable housing developments that will be jointly sponsored and developed by the Paces Foundation and Soho Housing Partners LLC. Paces will be the 51% managing member of each development jointly sponsored by the two entities. Soho has executed a promissory note and has borrowed $1,900,055 as of December 31, 2022, from the Organization. Accrued interest of $78,760 was due as of December 31, 2022. Soho has agreed to repay outstanding principal and interest in minimum monthly installments of $25,000 beginning June 1, 2024. If the note has not been repaid in full by August 1, 2025, the minimum monthly installments will become $50,000. In all events the note and any accrued interest must be fully repaid in full no later than December 31, 2026. The note is secured by the guarantees of the principals of Soho Housing along with a collateral interest in any fees or distributions from the development projects.

Note G
Investments in Partnerships

The Organization formed single-member disregarded entities which have been admitted as limited partners in the affiliated operating partnerships. The entities listed below were admitted as replacement limited partners for the original tax credit investment partners and assumed the investors 99% interest in the respective partnership. As of December 31, 2022, the ending partner equity (deficit) account balance is as follows:

Post Nantahala Services LLC	$ 308,941
Panama Commons LLC	2,250,264
Las Brisas Apartments Limited Partner LLC	(2,048,485)
Autumn Ridge Limited Partner LLC	(1,332,596)
	$ (821,876)

Note H
Mortgages Payable

Mortgages and notes payable consist of the following for the year ended December 31, 2022:

Debts related to Office Building:		
Ameris Bank - Line of Credit in the maximum amount of $2,880,000, payable interest only prior to maturity on September 17, 2025; interest rate floats at the bank's prime rate plus 2.5%, currently 6.25%. The outstanding balance is secured by real estate.	Cumberland Parkway Site	$ 0
Debts related to Land held for Development:		
Promissory note payable interest only prior to maturity on July 1, 2024; bears interest at 6.5% per annum; secured by land acquired for development.	Roof Street Development	839,694
Promissory note payable interest only prior to maturity on July 1, 2024; bears interest at 6.25% per annum; secured by land acquired for development.	Roof Street Development	541,701
Debts related to Operating Rental Properties:		
Amortizing mortgage loan with unrelated lender, bearing interest at 5.5% to be repaid in monthly installments of $7,573 with maturity on August 16, 2035. Outstanding balance is secured by the rental property.	Gateway Townhomes	1,087,590
Non-amortizing mortgage loans provided by the Florida Housing Finance Corporation and Gulf County, Florida. The loans are non-interest bearing obligations that will mature in 2036 following the end of the affordability period. Outstanding balance is secured by the rental property.	Gateway Townhomes	5,657,253
Promissory note with unrelated lender, bearing interest at 3.05% to be repaid in monthly installments of interest only over a 40 year term. Interest only payments are due through December 31, 2024 with the quarterly principal payments effective January 1, 2024 until maturity on December 1, 2058. Outstanding balance is secured by the rental property.	Paces St Mary	44,025,000

Note F
Mortgages Payable (Continued)

Secondary bridge loan financing bearing interest at the rate of 17.5% per annum. Interest only payments are due over the term of the loan. The entire unpaid principal and any unpaid interest shall be due upon maturity on January 1, 2025. Accrued interest as of December 31, 2022 totaled $1,882,407. Outstanding balance is secured by the rental property.	Paces St Mary	6,676,783
Total mortgages payable		$ 58,828,021

Mortgages and notes payable will mature as follows:

Current portion		
2023		$ 860,916
Long-term portion		
2024	$ 788,887	
2025	6,984,976	
2026	329,247	
2027	350,348	
2028 - thereafter	49,513,647	
		57,967,105
		$ 58,828,021

Note I
Contingencies

The Organization has also received grant funding of $5,349,260 under the affordable housing program of the Federal Home Loan Bank. The funding was received from member banks pursuant to grant agreements to partially finance the construction and development of qualified affordable multifamily housing. Under the terms of the agreements, the grants are deferred loans, meaning that payments are deferred so long as the Organization meets and satisfies the conditions and requirements as set forth in the agreements and unless there is a recapture event or an event of default, all payment obligations cease after the expiration of a twenty year compliance period. The following projects have received grant funding under the program and have the remaining deferred obligations as of December 31, 2022:

Mineral Springs L.P.	$ 25,000
Sequoyah Village L.P.	31,996
Enota Village L.P.	104,167
Campbell Creek L.P.	36,137
Pines by the Creek L.P.	10,915
Georgia Pine Ridge L.P.	147,917
Rosewood Estates Inc.	227,500
Waterford Estates Inc.	240,241
Highland Manor L.P.	235,417
Las Brisas Manor L.P.	210,417
	$ 1,269,707

Note J
Classification of Net Assets

Net assets of the Organization are classified based on the presence or absence of donor-imposed restrictions. Net assets are comprised of two groups as follows:

Net Assets Without Donor Restrictions: Amounts that are not subject to usage restrictions based on donor-imposed requirements. This class also included assets previously restricted where restrictions have expired or been met.

Net Assets with Donor Restrictions: Assets subject to usage limitations based on donor-imposed or grantor restrictions. These restrictions may be temporary or may be based on a particular use. Restrictions may be met by the passage of time or by actions of the Organization. Certain restrictions may need to be maintained in perpetuity.

None of the Organization's net assets are subject to donor-imposed restrictions. Accordingly, all net assets are accounted for as net assets without donor restriction.

Note K
Commitments

The Paces Foundation has agreed to provide certain guarantees to unrelated third parties involved as lenders or as investors in the real estate developments sponsored by the Organization. The current outstanding guarantees are as follows:

Real Estate Mortgage Notes:

The Paces Foundation has agreed to repay, in the event of default, certain outstanding obligations to related entities that the Organization has sponsored in the development of affordable housing. The Organization has made these guarantees to facilitate the financing of the related housing projects operated for the benefit of low-income tenants. These guarantees must be funded upon the default of the borrower entity and notice of such default to Paces. These guarantees are limited to the outstanding balance of the mortgage note. There have been no defaults by the sponsored borrower entities and no obligations currently exist.

Construction Completion Guarantees:

The Paces Foundation has agreed to certain guarantees related to the construction completion of the housing projects for which the Organization is the general partner and developer. The Organization has made these guarantees to facilitate the financing and construction of the related projects which will be operated for the benefit of the low-income residents. The Organization has agreed to fund, if any, the construction costs and operating shortfalls incurred in excess of the available financing sources to the Partnerships upon the closing of the permanent stage financing for these projects. The Organization currently has construction completion guarantees outstanding related to the following partnerships which are in the construction and stabilization stages as of December 31, 2022:

Tupelo Park L.P.
West Boulevard Historic Preservation LLC
Sydney Lanier Apartments LLC

Note K
Commitments (Continued)

Operating Deficit Guarantees:

The Paces Foundation has agreed to fund the related partnership up to the maximum amount to cover cash shortfalls in project operations. These guarantees must be funded upon receipt of a request from the Partnership, and the obligations are capped at the amounts reflected below. The Organization has not been requested to provide funding under any of the guaranty obligations as of December 31, 2022.

	Maximum Obligation
Panama Commons LP	$ 442,000
Brownsville Manor LP	$ 330,000
Tupelo Park LP	$ 215,228
Sydney Lanier Apartment LLC	$ 1,026,281
West Boulevard Historic Preservation LLC	$ 976,135

Tax Credit Adjuster Guarantees:

In accordance with certain partnership agreements, The Paces Foundation has agreed to fund a percentage of any low-income-housing tax credits that might be lost by the respective partnership. The credit reduction could occur if the Partnership fails to spend an adequate amount on project development costs or fails to operate the Project in accordance with tax credit guidelines. The tax credit guidelines of IRC Section 42 require the Partnership to rent to eligible tenants at certain restricted rent amounts for a term of fifteen years from the placed in service date of the buildings.

Note L
Concentration of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Organization maintains cash at two commercial banks, these balances can at times exceed the FDIC insured deposit limit of $250,000 per financial institution. At December 31, 2022, the Organization's cash balances held at the commercial bank exceeded the FDIC limit by $1,625,907. The Organization has not experienced any losses in these accounts through the date when the financial statements were available to be issued.

Note M
Liquidity and Availability

The Organization has $11,042,644 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures, consisting of cash and cash equivalents of $7,980,918, accounts receivable of $181,726, and an available line of credit balance of $2,880,000 as of December 31, 2022. None of these amounts are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position.

Note N
Subsequent Events

Management evaluated subsequent events through December 29, 2023, when the financial statements were available to be issued. Management is not aware of any significant events that occurred subsequent to the statement of assets, liabilities, and net assets - income tax basis date, but prior to the filing of this report, that would have a material impact on the financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
The Paces Foundation, Inc.

Opinion

We have audited the accompanying consolidated financial statements of The Paces Foundation, Inc. (a not-for-profit organization) and its wholly owned subsidiaries, which comprise the consolidated statements of assets, liabilities, and net assets - income tax basis as of December 31, 2023 and 2022, and the related consolidated statements of revenue and expenses - income tax basis, changes in net assets - income tax basis, and cash flows - income tax basis for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, based on our audit and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the assets, liabilities, and net assets of The Paces Foundation, Inc. as of December 31, 2023 and 2022, and its revenue and expenses, changes in its net assets, and cash flows for the years then ended in accordance with the basis of accounting The Paces Foundation, Inc. uses for income tax purposes, as described in Note A.

We did not audit the financial statements of Paces St. Mary, LLC, a wholly owned subsidiary, which statements reflect total assets of $44,462,507 and $45,502,784, respectively, of the consolidated total assets at December 31, 2023 and 2022, and total revenues of $5,133,033 and $5,083,839, respectively, of the consolidated total revenues for the years then ended. Those statements were audited by other auditors, whose report has been furnished to us and our opinion, in sofar as it relates to the amounts included for Paces St. Mary LLC is based solely on the report of the other auditors.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Paces Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The consolidated financial statements are prepared on the basis of accounting The Paces Foundation, Inc. uses for income tax purposes, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the income tax basis of accounting described in Note A; this includes determining that the income tax basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Paces Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Paces Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Note A
Organization and Summary of Significant Accounting Policies

The Paces Foundation (a not-for-profit organization) was formed on May 14, 1991, to develop, lease, operate, manage and maintain affordable rental housing for low to moderate-income residents.

The Organization has formed certain wholly-owned limited liability companies that are disregarded entities for tax filing purposes and their assets, liabilities, net assets and operating results have been consolidated with the Paces Foundation for tax reporting purposes.

Name	Name
Galleria Mountain LLC	Gateway Townhomes of St. Joe LLC
Paces St. Mary LLC	Etowah Limited Partner LLC
Post Oconee Springs Services LLC	Post Nantahala Services LLC
Oconee II Limited Partner LLC	Las Brisas Apts Limited Partner LLC
Autumn Ridge Limited Partner LLC	Sequoyah Limited Partner LLC
Mineral Springs Limited Partner LLC	Enota Limited Partner LLC
Montgomery Limited Partner LLC	Timber Chase Limited Partner LLC
Manor York Limited Partner LLC	

Galleria Mountain LLC owns and operates the office building occupied by the Organization. Gateway Townhomes of St Joe LLC and Paces St. Mary LLC own and operate multifamily apartment facilities for low-income persons in accordance with the Organization's charitable purpose. The remaining disregarded entities listed above act as replacement limited partners in related operating partnerships which also own and operate multifamily apartment facilities for low-income persons and have substituted in place of an exiting investor limited partner following the end of the low-income credit compliance period.

The Organization has also acted as a sponsor of certain other not-for-profit organizations, which are listed below.

Name	Name
Rosewood Cordele Development Inc.	Waterford Dublin Development Inc.
Galleria Senior Manor Development Inc.	

The not-for-profit organizations listed above were formed to construct, own, operate and maintain rental apartment facilities for low to moderate income families and the elderly persons. The not-for-profit entities were sponsored by the Paces Foundation but are separately organized not-for-profit entities and each files its own Form 990 for tax reporting. These not-for-profit entities have not been included in the accompanying income tax basis financial statements of the Paces Foundation as of December 31, 2023 and 2022.

The Organization is also the sole shareholder of various wholly owned corporate subsidiaries, which are listed below.

Name	Name
Etowah Services Corporation	Oconee Services Corporation
Nantahala Services Corporation	Las Brisas Services Corporation

Pines by the Creek Services Corporation	Georgia Pine Ridge Services Corporation
Whitehall Apartments Services Corporation	Whitehall Manor Services Corporation
Shoal Creek Services Corporation	Panama Commons Services Corporation
Highland Manor Services Corporation	Las Brisas Manor Services Corporation
Lamar Memphis Services Corporation	Fairfield Manor Services Corporation
Meadowhill Estates Services Corporation	Taylor Court Services Company LLC
Downing Court Services Company LLC	Oxford Court Services Company LLC

Note A
Organization and Summary of Significant Accounting Policies (Continued)

Century Park Services Corporation
Tupelo Park Services Corporation
Pinecrest West Services Corporation
Brownsville Manor Services Corporation
Sydney Lanier Apartments GP LLC

The corporate entities listed above act as the general partners of various limited partnerships that own and operate multifamily rental apartment facilities for low to moderate income families and elderly persons. The general partner entity typically owns no more than 1% of the partnership. These are separate legal entities and each entity files its own corporate tax return and, therefore, have not been included in the accompanying income tax basis financial statements of the Paces Foundation as of December 31, 2023 and 2022.

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting used for income tax purposes, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). The primary differences between the U.S. income tax basis of accounting and GAAP consist of the following: (i) the Organization did not consolidate its wholly owned subsidiaries and the related partnerships where the wholly owned subsidiary acts as controlling general partner; (ii) direct write-off of bad debts instead of reserve; and (iii) depreciation is provided over the statutory lives of the property as determined by the Internal Revenue Code.

Property Held for Development:

Property held for future development is carried at the lower of cost or net realizable value. If properties are not being actively developed, holding costs are expensed as incurred.

Accounting for Investments in Partnerships:

The Organization accounts for its material investments in associated partnerships using the equity method of accounting.

Property and Equipment:

Property and equipment are carried at cost. Expenditures for maintenance and repairs are expensed currently, while renewals and betterments that materially extend the life of an asset are capitalized. The cost of assets sold, retired, or otherwise disposed of, and the related allowance for depreciation are eliminated from the accounts, and any resulting gain or loss is recognized.

Depreciation on the rental apartment buildings is provided using the straight-line method utilized by the partnership over estimated lives of twenty-seven to forty years. The depreciation expense on the rental properties controlled by the Organization was $1,443,043 and $1,440,425 for the fiscal years ended December 31, 2023 and 2022, respectively.

Depreciation on the office building is provided using the straight-line method over the 40 year estimated life of the structure. Depreciation on the furniture, fixtures and equipment is provided using the straight-line method over their estimated useful life, which is five to seven years. The depreciation expense on the office building and the furniture and equipment utilized by the Organization was $15,395 and $15,505 for the fiscal years ended December 31, 2023 and 2022, respectively.

Revenue Recognition:

Contributions, grants and gifts from individuals and organizations are recognized when received unless there are ongoing obligations that must be fulfilled. Affordable Housing Program grants and Section 1602 grants will be recognized ratably over their commitment period. Development fees have been recognized as earned unless a material contingencies to collection remains. If either the amount or the date of collection is contingent upon certain unpredictable factors, the fees will be recognized upon receipt or the elimination of the uncertainty.

Note A
Organization and Summary of Significant Accounting Policies (Continued)

Contributions:

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Functional Expenses:

The Organization's program service activity is the promotion, development and construction of affordable housing projects for low-income individuals and families. The Organization currently has two functional areas and has presented its expenses in the statement of activities in these two areas. Accordingly, certain costs have been allocated among the program service expenses and the general and administrative based on an allocation of employee's time and on usage of resources. The Organization currently does not conduct any fundraising activities and does not incur any costs resulting from fundraising.

Use of Estimates:

Management uses estimates and assumptions in preparing these financial statements in accordance with the income tax basis of accounting. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Amortization of Deferred Charges:

Loan issuance costs incurred by the Organization to obtain the mortgage note are recorded as a direct deduction from the carrying amount of the mortgage note. The loan issuance costs are amortized on the straight-line method, which approximates the effective interest rate method, over the life of the mortgage note. Amortization of loan issuance costs is included in interest expense.

Income Taxes:

The Organization is organized and operated exclusively for charitable, not-for-profit purposes. The Organization has been classified as a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(b)(1)(A)(vi). The Organization annually files its Form 990PF with the Internal Revenue Service. The Internal Revenue Service has, in prior years, issued its determination letter reflecting that the Paces Foundation is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Therefore, no income tax provision has been included in the financial statements.

The Organization is no longer subject to income tax examinations for calendar years up to and including 2019.

Note B
Reconciliation of Cash, Cash Equivalents and Restricted Cash

The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the statement of assets, liabilities, and net assets - income tax basis that sum to the total of the same such amounts shown in the consolidated statements of cash flows.

	2023	2022
Cash and cash equivalents	$ 2,028,131	$ 2,623,281
Mutual funds and marketable securities	5,872,861	5,357,637
Restricted escrows and funded reserves	1,916,156	1,460,692
Total cash, cash equivalents and restricted cash shown in the consolidated statements of cash flows	$ 9,817,148	$ 9,441,610

Mutual funds and marketable securities are reported at their cost basis for tax reporting. All equity and debt securities are considered to be available for sale securities.

Note C
Restricted Deposits and Funded Reserves

The Organization's two disregarded operating multifamily rental apartment entities, Gateway Townhomes of St. Joe LLC and Paces St. Mary LLC, have funded various restricted accounts as required by their mortgage loan agreements. These funds are held for future use by the entities in accordance with the terms and conditions of their respective loan agreements. The mortgage escrows and reserves as of December 31, 2023 and 2022, are comprised of the following:

	2023	2022
Tax and insurance escrows	$ 261,442	$ 221,891
Tenant security deposits	122,098	123,743
Operating and reserve for replacement	1,532,616	1,115,058
	$ 1,916,156	$ 1,460,692

Note D
Advances to Wholly-Owned Subsidiaries

The Organization has advanced funds to certain of its wholly-owned corporate subsidiaries to provide funding to meet development and operational guarantees and commitments to the various affiliated operating affordable housing partnerships sponsored by the Organization. These advances which total $6,381,733 and $6,381,733 as of December 31, 2023 and 2022, respectively, are non-interest-bearing demand obligations that the Organization anticipates will be repaid from future project cash flow from operations or a future capital event of the respective operating partnership. The wholly owned subsidiaries of The Paces Foundation are the managing general partners of certain partnerships that own and operate rental apartment facilities for low and extremely low income families, individuals, and elderly seniors.

Note E
Advances to Affiliates

The Organization has advanced funds to various affiliated development entities for predevelopment expenses and other project development related obligations. The advances totaling $11,090,376 and $5,709,159 as of December 31, 2023 and 2022, respectively, are non-interest bearing demand obligations that the Organization anticipates will be repaid upon the initial closing of each project's construction financing or from future project operations. Should the Organization determine that a project is not feasible for future development any unreimbursed advances are expensed.

Note F
Notes Receivable

The Organization has entered into an agreement with Soho Housing Partners LLC ("Soho") whereby the Organization will provide funding to Soho during the predevelopment stage of certain affordable housing developments that will be jointly sponsored and developed by the Paces Foundation and Soho Housing Partners LLC. Paces will be the 51% managing member of each development jointly sponsored by the two entities. Soho has executed a promissory note and has borrowed $2,503,055 and $1,900,055 as of December 31, 2023 and 2022, respectively, from the Organization. Accrued interest of $175,248 and $78,760 was due as of December 31, 2023 and 2022, respectively. Soho has agreed to repay outstanding principal and interest in minimum monthly installments of $25,000 beginning June 1, 2024. If the note has not been repaid in full by August 1, 2025, the minimum monthly installments will become $50,000. In all events the note and any accrued interest must be fully repaid in full no later than December 31, 2026. The note is secured by the guarantees of the principals of Soho Housing along with a collateral interest in any fees or distributions from the development projects.

Note G
Investments in Partnerships

The Organization formed single-member disregarded entities which have been admitted as limited partners in the affiliated operating partnerships. The entities listed below were admitted as replacement limited partners for the original tax credit investment partners and assumed the investors 99% interest in the respective partnership. As of December 31, 2023 and 2022, the ending partner equity (deficit) account balance is as follows:

	2023	2022
Post Nantahala Services LLC	$ 401,532	$ 308,941
Panama Commons LLC	2,250,224	2,250,264
Las Brisas Apartments Limited Partner LLC	(1,858,068)	(2,048,485)
Autumn Ridge Limited Partner LLC	(1,538,407)	(1,332,596)
Sequoyah Limited Partner, LLC	(1,056,219)	0
Enota Limited Partner, LLC	563,483	0
Montgomery Landing Limited Partner, LLC	(13,545)	0
Timber Chase Limited Partner, LLC	180,057	0
Manor York Limited Partner, LLC.	159,062	0
	$ (911,881)	$ (821,876)

Note H
Mortgages Payable

Mortgages and notes payable consist of the following for the years ended December 31, 2023 and 2022:

		2023	2022
Debts related to Office Building:			
Ameris Bank - Line of Credit in the maximum amount of $2,880,000, payable interest only prior to maturity on September 17, 2025; interest rate floats at the bank's prime rate plus 2.5%, currently 6.25%. The outstanding balance is secured by real estate.	Cumberland Parkway Site	$ 2,368,717	$ 0
Debts related to Land held for Development:			
Promissory note payable interest only prior to maturity on July 1, 2024; bears interest at 6.5% per annum; secured by land acquired for development.	Roof Street Development	871,000	839,694
Promissory note payable interest only prior to maturity on July 1, 2024; bears interest at 6.25% per annum; secured by land acquired for development.	Roof Street Development	580,148	541,701
Promissory note payable interest only prior to maturity on February 28, 2025; bears interest at the monthly SOFR rate plus 3%; secured by land acquired for development.	PPP Metropolitan, LLC	1,787,500	0
Debts related to Operating Rental Properties:			
Amortizing mortgage loan with unrelated lender, bearing interest at 5.5% to be repaid in monthly installments of $7,573 with maturity on August 16, 2035. Outstanding balance is secured by the rental property.	Gateway Townhomes	1,067,119	1,087,590
Non-amortizing mortgage loans provided by the Florida Housing Finance Corporation and Gulf County, Florida. The loans are non-interest bearing obligations that will mature in 2036 following the end of the affordability period. Outstanding balance is secured by the rental property.	Gateway Townhomes	5,639,336	5,657,253
Promissory note with unrelated lender, bearing interest at 3.05% to be repaid in monthly installments of interest only over a 40 year term. Interest only payments are due through December 31, 2024 with the quarterly principal payments effective January 1, 2024 until maturity on December 1, 2058. Outstanding balance is secured by the rental property.	Paces St Mary	44,025,000	44,025,000

Note H
Mortgages Payable (Continued)

Secondary bridge loan financing bearing interest at the rate of 17.5% per annum. Interest only payments are due over the term of the loan. The entire unpaid principal and any unpaid interest shall be due upon maturity on January 1, 2025. Accrued interest as of December 31, 2023 totaled $248,458. Outstanding balance is secured by the rental property.	Paces St Mary	6,676,783	6,676,783
Total mortgages payable		$ 60,646,886	$ 58,828,021

Mortgages and notes payable will mature as follows:

Current portion		
2024		$ 1,676,148
Long-term portion		
2025	$ 2,095,693	
2026	329,247	
2027	350,348	
2028	366,499	
2029 - thereafter	55,828,951	
		58,970,738
		$ 60,646,886

Note I
Line of Credit

The Organization obtained a line of credit agreement with Ameris Bank on October 17, 2022. The agreement provides for a loan of $2,880,000and is secured by a Deed to Secure debt. The line of credit bears interest at a variable rate and expires on September 17, 2025. As of December 31, 2023, $2,368,717 has been drawn and $74,502 was paid for interest expense. As of December 31, 2023, accrued interest due on the line of credit was $8,948.

Note J
Deferred Charges

As of December 31, 2023 and 2022, deferred charges consist of:

	2023	2022
Loan issuance costs	$ 1,388,368	$ 1,917,765
Accumulated amortization	(441,636)	(349,357)
Loan issuance costs, net	$ 946,732	$ 1,568,408

Note J
Deferred Charges (Continued)

The Company anticipates that amortization expense, which is included in interest expense, for the next five years and thereafter will be as follows:

Years Ended December 31	
2024	$ 96,134
2025	96,134
2026	96,134
2027	96,134
2028	96,134
Thereafter	466,062
Total	$ 946,732

Note K
Contingencies

The Organization has also received grant funding of $4,881,922 under the affordable housing program of the Federal Home Loan Bank. The funding was received from member banks pursuant to grant agreements to partially finance the construction and development of qualified affordable multifamily housing. Under the terms of the agreements, the grants are deferred loans, meaning that payments are deferred so long as the Organization meets and satisfies the conditions and requirements as set forth in the agreements and unless there is a recapture event or an event of default, all payment obligations cease after the expiration of a twenty year compliance period. The following projects have received grant funding under the program and have the remaining deferred obligations as of December 31, 2023 and 2022:

	2023	2022
Mineral Springs L.P.	$ 0	$ 25,000
Sequoyah Village L.P.	7,999	31,996
Enota Village L.P.	79,167	104,167
Campbell Creek L.P.	28,787	36,137
Pines by the Creek L.P.	8,695	10,915
Georgia Pine Ridge L.P.	122,917	147,917
Rosewood Estates Inc.	208,209	227,500
Waterford Estates Inc.	195,000	240,241
Highland Manor L.P.	210,417	235,417
Las Brisas Manor L.P.	185,417	210,417
	$ 1,046,608	$ 1,269,707

Note L
Classification of Net Assets

Net assets of the Organization are classified based on the presence or absence of donor-imposed restrictions. Net assets are comprised of two groups as follows:

Net Assets Without Donor Restrictions: Amounts that are not subject to usage restrictions based on donor-imposed requirements. This class also included assets previously restricted where restrictions have expired or been met.

Net Assets with Donor Restrictions: Assets subject to usage limitations based on donor-imposed or grantor restrictions. These restrictions may be temporary or may be based on a particular use. Restrictions may be met by the passage of time or by actions of the Organization. Certain restrictions may need to be maintained in perpetuity.

Note L
Classification of Net Assets (Continued)

None of the Organization's net assets are subject to donor-imposed restrictions. Accordingly, all net assets are accounted for as net assets without donor restriction.

Note M
Transactions with Affiliates and Related Parties

Development Fees:

Pursuant to their development services agreements, the Organization has earned development fees from various partnership entities which it has sponsored. The fees are payable from designated proceeds and from distributable cash flow as described in the partnership agreements. During the years ended December 31, 2023 and 2022, development fees have been earned by the Organization from the following entities:

	2023	2022
Brownsville Manor LP	$ 213,474	$ 213,474
Century Park Apts LP	240,162	240,162
Fairfield Manor Ltd	34,791	34,791
Lamar Apts LP	469,957	469,957
Las Brisas Manor LP	76,924	76,924
Meadowhill Estates LP	751,833	751,833
Rosewood Cordele Development Inc	61,239	61,239
Waterford Dublin Development Inc	159,260	159,260
	$ 2,007,640	$ 2,007,640

Note N
Commitments

The Paces Foundation has agreed to provide certain guarantees to unrelated third parties involved as lenders or as investors in the real estate developments sponsored by the Organization. The current outstanding guarantees are as follows:

Real Estate Mortgage Notes:

The Paces Foundation has agreed to repay, in the event of default, certain outstanding obligations to related entities that the Organization has sponsored in the development of affordable housing. The Organization has made these guarantees to facilitate the financing of the related housing projects operated for the benefit of low-income tenants. These guarantees must be funded upon the default of the borrower entity and notice of such default to Paces. These guarantees are limited to the outstanding balance of the mortgage note. There have been no defaults by the sponsored borrower entities and no obligations currently exist.

Construction Completion Guarantees:

The Paces Foundation has agreed to certain guarantees related to the construction completion of the housing projects for which the Organization is the general partner and developer. The Organization has made these guarantees to facilitate the financing and construction of the related projects which will be operated for the benefit of the low-income residents. The Organization has agreed to fund, if any, the construction costs and operating shortfalls incurred in excess of the available financing sources to the Partnerships upon the closing of the permanent stage financing for these projects. The Organization currently has construction completion guarantees outstanding related to the following partnerships which are in the construction and stabilization stages as of December 31, 2023:

Tupelo Park L.P.
West Boulevard Historic Preservation LLC
Sydney Lanier Apartments LLC

Note N
Commitments (Continued)

Operating Deficit Guarantees:

The Paces Foundation has agreed to fund the related partnership up to the maximum amount to cover cash shortfalls in project operations. These guarantees must be funded upon receipt of a request from the Partnership, and the obligations are capped at the amounts reflected below. The Organization has not been requested to provide funding under any of the guaranty obligations as of December 31, 2023.

	Maximum Obligation
Panama Commons LP	$ 442,000
Brownsville Manor LP	$ 330,000
Tupelo Park LP	$ 215,228
Sydney Lanier Apartment LLC	$ 1,026,281
West Boulevard Historic Preservation LLC	$ 976,135
Handsel Morgan Village 2021, LP	$ 199,498
Maryalice Circle 2021, LP	$ 482,960

Tax Credit Adjuster Guarantees:

In accordance with certain partnership agreements, The Paces Foundation has agreed to fund a percentage of any low-income-housing tax credits that might be lost by the respective partnership. The credit reduction could occur if the Partnership fails to spend an adequate amount on project development costs or fails to operate the Project in accordance with tax credit guidelines. The tax credit guidelines of IRC Section 42 require the Partnership to rent to eligible tenants at certain restricted rent amounts for a term of fifteen years from the placed in service date of the buildings.

Note O
Concentration of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Organization maintains cash at two commercial banks, these balances can at times exceed the FDIC insured deposit limit of $250,000 per financial institution. At December 31, 2023 and 2022, the Organization's cash balances held at the commercial bank exceeded the FDIC limit by $1,239,739 and $1,625,907, respectively. The Organization has not experienced any losses in these accounts through the date when the financial statements were available to be issued.

Note P
Liquidity and Availability

The Organization has $10,945,729 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures, consisting of cash and cash equivalents of $7,900,992, accounts receivable of $164,737, and an available line of credit balance of $511,283 as of December 31, 2023. None of these amounts are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position.

Note Q
Subsequent Events

Management evaluated subsequent events through December 11, 2024, when the financial statements were available to be issued. Except as identified below, management is not aware of any significant events that occurred subsequent to the statement of assets, liabilities, and net assets - income tax basis date, but prior to the filing of this report, that would have a material impact on the financial statements.

In May 2024 the Organization sold four properties for a total sales price of $21,425,000 to an unrelated third party. As part of the transaction the related debts were repaid in full and the Organization received proceeds of $11,809,889.

In May 2024 the Organization repaid the Roof Street Development loan totaling $871,000 that was outstanding as of December 31, 2023.

Effective July 1, 2024, the Organization amended the Roof Street Development loan agreement. Under the terms of the new agreement the maturity date is July 1, 2025. No other terms of the agreement were modified.

On September 19, 2024, PPP Metropolitan, LLC admitted a limited partner into partnership and closed on a new loan. As part of the transaction equity proceeds were used to repay the land loan totaling $1,787,500 in full.

PURCHASE AND SALE AGREEMENT

THIS AGREEMENT is by and between Dokken, Curtis L (hereinafter referred to as "Seller"), and ***The Paces Foundation, Inc.*** a Georgia 501(c)(3) non-profit corporation or its assigns (hereinafter referred to as "Purchaser").

WITNESSETH: In consideration of the mutual promises hereinafter set forth, Seller and Purchaser mutually agree as follows:

1. PURCHASE AND SALE. Seller is the owner of the certain parcel of unimproved land consisting of approximately 4.45 acres located at 11323 County Line Road, Spring Hill, FL 34609 with Parcel ID Number R32 423 18 0000 0230 0060, as more particularly described on Exhibit "A" (hereinafter described as the "Property"). Seller agrees to sell and convey and the Purchaser agrees to purchase the parcel, which shall include all (if any) easements, access easements, rights of way, privileges, licenses, appurtenances and other rights and benefits belonging to the owner of, running with, or in any way related to the Property, including all consents, authorizations, variances, waivers, licenses, plans, drawings, permits and approvals from any governmental authority with respect to the Property, all percolation, soil, topographical, traffic, engineering and environmental studies, all riparian, littoral rights, title to submerged lands and other water rights related to or benefiting the Property, all utility mains, service laterals, hydrants, connections, hook-ups and valves servicing or available to service the Property and any and all other agreements, contracts, covenants, variances and benefits related to or benefiting the Property.

2. PURCHASE PRICE. The total purchase price for the Property ("Total Purchase Price"), which Purchaser agrees to pay and Seller agrees to accept, is One Million, One Hundred Thousand and 00/100 DOLLARS ($1,100,000.00), subject to the adjustments herein provided, payable in cash, by check or by wire transfer of immediately available funds. which shall be payable as follows:

(a) Within ten (10) days of final execution. Purchaser shall deliver to Frontier Title Group, LLC as escrow agent ("Escrow Agent") the sum of TWENTY FIVE THOUSAND DOLLARS ($25,000.00) by check, the proceeds of which shall be held in trust as an earnest money deposit ("the Initial Deposit") by Escrow Agent and disbursed only in accordance with the terms of this agreement.

(b) The Initial Deposit shall become non-refundable on July 31st, 2025, as long as the Agreement has not been canceled.

(c) On October 31st, 2025, the Purchaser shall deposit with Escrow Agent an additional TWENTY FIVE THOUSAND DOLLARS ($25,000.00) (the "Second Deposit"). The Initial Deposit, and the Second Deposit, (collectively the "Deposits") will become non-refundable except upon Seller's default or as provided in this Agreement.

(d) On the Closing Date, the Purchaser shall deliver to the Escrow Agent ONE MILLION FIFTY THOUSAND and 00/100 DOLLARS ($1,050,000.00) subject to the adjustments herein provided, by a cashiers check issued by a money center financial institution or by wire transfer of Federal funds.

03/03/25
5:24 PM EST
dotloop verified

dotloop signature verification:

(e) The Deposits held by Escrow Agent shall be placed in a non-interest-bearing account under Purchasers Tax I.D. Number.

3. INVESTIGATION PERIOD. From the period beginning with the Effective Date until July 31st, 2025 (the "Investigation Period"), Seller hereby grants to Purchaser the right to make whatever investigations Purchaser deems necessary with respect to the Property.

(a) Seller hereby grants to Purchaser and its agents, servants, employees, contractors and representatives a right of entry upon every portion of the Property and a right to examine all records or other matters pertaining to the Property (and Seller hereby agrees to make such records or other matters available to Purchaser) from time to time at all reasonable times for the purpose of making surveys, engineering studies, drainage studies, appraisals, zoning and land use studies, impact studies, surface and subsurface explorations, tests, excavations, borings and such other investigations and inspections as Purchaser may elect to make. Seller shall deliver to Purchaser, at or before the time Seller delivers the Prior Policy (as defined in Section 5 hereof) to Purchaser, copies of any and all environmental, soil, zoning, land use, appraisal and feasibility studies, reports, and assessments and governmental orders, approvals, exemptions, waivers and permits relating to the Property and any proposed use thereof which are in Seller's custody or control. Seller will employ appropriate efforts, in its reasonable judgment, to support Purchaser with respect to any zoning, site plan or land planning applications that Purchaser may submit in order to develop multifamily rental apartments on the Property.

(b) The Purchaser assumes liability for all acts of its agents who enter onto the Property and agrees to indemnify and hold harmless the Seller from any loss, damage, cost, or expense incurred by Seller as a result of such acts of Purchaser and its agents that cause injury to persons or damage to the Property.

(c) Purchaser is planning to apply for financing from the Florida Housing Finance Corporation. Seller will employ appropriate efforts, in its reasonable judgment, to support Purchaser in these pursuits. If, during the Investigation Period, Purchaser, in its sole judgment, deems that the property is not suitable for its intended use, it will immediately notify Seller of the termination of this Agreement and the Initial Deposit will be returned to Purchaser.

4. CONDEMNATION. If the Property is condemned and taken in eminent domain proceedings, or under condemnation pursuant to a notice of taking by appropriate authority prior to the Closing Date, Seller shall promptly notify Purchaser of such fact in writing, and Purchaser, by notice given to Seller within fifteen (15) days following Sellers written notice, may elect to either (a) terminate this Agreement or (b) continue this Agreement in full force and effect and be assigned the right to the award upon closing of this transaction. If Purchaser properly elects to terminate this Agreement, the Deposits delivered pursuant to Article 2 hereof shall be returned to Purchaser. In the event Purchaser fails to timely make such election, Purchaser shall be deemed to have made the election provided in Subsection (b) of this Paragraph.

5. TITLE INSURANCE/SURVEY. Within twenty (20) days of execution of this agreement, Seller, at its cost, shall provide an existing owner's or mortgagee's title insurance policy qualified as a base for reissuance of coverage on the Property at the Purchase Price ("Prior Policy").

dotloop signature verification:

(a) Seller shall convey to Purchaser marketable title to the Property, subject only to the Permitted Exceptions. Marketable title shall be determined according to the Title Standards adopted by authority of The Florida Bar and in accordance with law. If the Title Commitment, or any update endorsement obtained prior to Closing reflects that title to the Property is subject to any exceptions which make title to the Property unmarketable, Purchaser shall, within thirty (30) days after receipt of the Title Commitment or update endorsement, notify Seller in writing of the specific title defects, Seller shall correct such defects within ninety (90) days from its receipt of the notice from Purchaser, and Seller shall be obligated to prosecute any legal action to cure any title defects or expend any money to cure such title defects. Purchaser, at its option, may extend the time to cure any defects which arise after the Purchaser's initial examination of title and the Closing Date by a period of time equal to the period of time that is required to cure the title defects. If Seller is not successful in removing the defects within said time, Purchaser shall have the option of either accepting the title in its existing condition, or of terminating this Contract by sending written notice of termination to Seller. Upon the termination of this Contract, Escrow Agent shall return the Deposits to Purchaser, and, thereafter, neither Purchaser nor Seller shall have any further rights or obligations hereunder except as otherwise provided in this Contract.

Purchaser may have the Property surveyed prior to December 19th , 2025, at Purchaser's expense by a Florida registered surveyor. If the survey shows any encroachment on the Property or that any improvement on the Property encroaches on the lands of others, the same shall be treated as a title defect hereunder if raised within the time and in the manner provided for title objections in this Paragraph.

6. CLOSING DOCUMENTS. The Closing documents shall be provided by the parties as set forth below:

(a) At Closing Seller shall deliver to Purchaser:

(i) a special warranty deed conveying to Purchaser good, marketable and insurable fee simple absolute title to the Property;

(ii) an affidavit in the customary form, attesting that no individual, entity or governmental body has any claim against the Property under the Florida Construction Lien Law: that no individual, entity or governmental body, other than tenants in occupancy under lease agreements, is either in possession of the Property or has a possessor interest or claim to the Property; and that no improvements to the Property have been made for ninety (90) days immediately preceding the Closing Date (as hereafter defined) for which payment has not been made: and

(iii) a certificate of non-foreign status and Florida Department of Revenue Transfer of Interest in Florida Real Property.

(b) Purchaser and Seller shall execute a closing statement prepared by Seller in conformance with the terms of this Agreement.

03/03/25 5:24 PM EST dotloop verified

dotloop signature verification:

7. CLOSING/CLOSING EXPENSES. Except as otherwise provided herein, the Closing of title shall take place at the offices of the Purchaser's attorney on December 19th, 2025 (Closing Date), or at a time mutually agreeable to the parties. Purchaser shall have the right, in Purchaser's sole option, to extend the Closing Date for up to one (1) periods of Two (2) months each, by delivering written notice to Seller at least five (5) days prior to the then scheduled Closing Date, notifying Seller of such extension and paying to Escrow Agent an extension fee of Twenty Five Thousand and No/100 Dollars ($25,000.00) (each an "Extension Fee") for the extension, which shall be non-refundable except in the event that (i) Seller fails, refuses or is unable to perform all of its obligations under this Agreement; or (ii) as otherwise specifically provided in this Agreement. The Extension Fees paid by Purchaser shall be applicable to the Purchase Price at Closing.

03/03/25 5:24 PM EST dotloop verified

(a) At Closing, Seller shall pay for the cost of state documentary stamps and surtax on the warranty deed and for the recording of all title corrective instruments.

(b) At Closing, Purchaser shall pay the per page recording fee for recording the warranty deed, the costs of the survey of the Property ordered by Purchaser and the title insurance policy fees.

8. ASSESSMENTS. Assessments and personal taxes shall be adjusted, apportioned, and allowed as of the Closing Date.

(a) Special Assessment Liens. If, at the Closing Date, the Property or any part thereof shall be or shall have been affected by any certified, confirmed, and ratified special assessment liens, same shall be paid and discharged by Seller. Pending liens shall be assumed by Purchaser.

(b) Real Estate Taxes. Real Estate taxes for the year of Closing shall be prorated on an accrual basis as of the Closing date, based upon the November discount amount pertaining to the most ascertainable taxes. In the event that the tax bill for the year of Closing is not available on the Closing Date, the parties agree to re-proration and adjustment of the real estate taxes when the actual bill for the year of closing is received.

(b) The provisions of this Article 8 shall survive the Closing.

9. BROKER FEES. Except with respect to brokerage commissions to 1) Coldwell Banker Commercial, representing the Seller, which will be the responsibility of the Seller, and 2) The Link Companies, representing the Buyer, which will be the responsibility of the Buyer, each of the parties hereto represents to the other that they have incurred no obligations for brokerage in connection with this Agreement and agree that they will hold the other party hereto harmless from and against any expenses, claims or demands with respect to any other brokers fees claimed or demanded by anyone in connection with this Agreement insofar as such claim is based upon any agreement or alleged agreement with the indemnifying party. The provisions of this Article 9 shall survive the Closing.

10. SELLER'S REPRESENTATIONS, WARRANTIES AND COVENANTS. Seller represents and warrants to Purchaser and covenants and agrees with Purchaser as follows:

(a) Seller has not entered into any contracts, subcontracts, arrangements, licenses, concessions, easements, or other agreements, either recorded or unrecorded, written or oral, affecting all or any portion of the Property;

(c) To Seller's knowledge, there are no: (i) existing or pending improvement liens affecting the Property; (ii) to Sellers knowledge, violations of building codes and/or zoning ordinances or other governmental or regulatory laws, ordinances, regulations. orders or requirements affecting the Property; (iii) existing, pending or, to Sellers knowledge, threatened lawsuits or appeals of prior lawsuits affecting the Property; (iv) existing, pending or threatened condemnation proceedings affecting the Property; or (v) existing, pending or, to Sellers knowledge, threatened zoning, building or other moratoria, down zoning petitions, proceedings, restrictive allocations or similar matters that could affect Purchasers use of the Property as permitted residential housing;

(d) Seller has not received notice that anything has been done or allowed which could cause toxic or hazardous materials or waste to be present in, on or about the Property, and has no actual knowledge of any such materials or waste being or ever having been in, on, or about the Property;

(e) Seller confirms that the Property is not in a flood zone;

(f) Seller has the right, power and authority to execute and deliver this Agreement and to consummate the transactions contemplated by it; neither the execution and delivery of this Agreement nor the consummation of the transactions contemplated by it nor the fulfillment of nor the compliance with the terms, conditions and provisions of this Agreement will conflict with or result in a violation or breach of any relevant law, or any other instrument or agreement of any nature to which Seller is a party or by which it is bound or may be affected, or constitute (with or without the giving of notice or the passage of time) a default under such an instrument or agreement; no consent, approval, authorization or order of any person is required with respect to the consummation of the transactions contemplated by this Agreement, except as provided in (iv) above; and

(g) No commitments or agreements have been or will be made to any governmental authority, utility company, school board, church or other religious body, any homeowners or homeowners' association, or any other organization, group or individual, relating to the Property which would impose an obligation upon Purchaser to make any contributions or dedications of money or land to construct, install or maintain any improvements of a public or private nature on or off the Property, or otherwise impose liability on Purchaser.

(h) At all times during the term of this Agreement and as of Closing, all of Sellers representations, warranties and covenants in this Agreement shall be true and correct; no representation or warranty by Seller contained in this Agreement and no statement delivered or information supplied to Purchaser pursuant to this Agreement contains any untrue statement of a material fact or omits to state a material fact necessary in order to

dotloop signature verification:

make the statements or information contained in them or in this Agreement not misleading.

(i) All buildings and structures, if any, will be removed by Seller, at Seller's expense, prior to closing.

11. DEFAULT. In the event that Purchaser shall fail to perform its obligations hereunder and such failure is through no fault or failure of Seller to comply with its obligations hereunder, Seller may, as its sole remedy, terminate this Agreement and retain, as full and complete agreed upon liquidated damages, the Deposits hereunder. If Seller shall refuse to close, despite its obligation to close hereunder, Purchaser may: (i) terminate this Agreement and obtain the return of its Deposits or (ii) Purchaser may seek specific performance of Sellers obligations hereunder. The foregoing shall constitute Purchaser's sole remedies in the event of a default by the Seller hereunder.

12. NOTICES. All notices, consents, approvals, waivers and elections which any party shall be required or shall desire to make or give under this Agreement shall be in writing and shall be sufficiently made or given only when delivered in person, or sent by facsimile with the original simultaneously sent by U.S. First Class Mail or nationally recognized courier service to:

13. ASSIGNMENT. Purchaser shall be entitled to assign all of Purchasers rights, duties and obligations under this Agreement to an affiliate of Purchaser. Assignment to any other entity shall require the written approval of Seller.

14. RADON GAS NOTICE. Seller hereby makes, and Purchaser hereby acknowledges, the following notification:

RADON GAS: Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Additional information regarding radon and radon testing may be obtained from your county public health unit.

15. GENERAL PROVISIONS. The following general terms and conditions apply to this Agreement:

(a) SINGULAR/PLURAL/MASCULINE/FEMININE. Words used herein in the singular shall include the plural and words in the masculine/feminine/neuter gender shall include words in the masculine/feminine/neuter where the text of this Agreement requires.

(b) HEADINGS. Headings in this Agreement are for convenience only.

(c) SUCCESSORS. The terms, covenants, and conditions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors, and assigns, except as herein limited.

(d) CHOICE OF LAW. This Agreement shall be interpreted according to the laws of the State of Florida without application of choice of law principles.

(e) LITIGATION. In the event there is any litigation arising out of this Agreement, the prevailing party shall be entitled to recover all costs incurred in connection therewith including, but not limited to, reasonable attorneys' fees.

(f) TIME. Time is of the essence in the performance of the obligation of the parties to

03/03/25
5:24 PM EST
dotloop verified

dotloop signature verification:

this Agreement.

(g) TIME OF ACCEPTANCE. This Agreement must be fully executed by all parties hereto on or before 6:00 P.M., March 6th, 2025, or this Agreement, and any offer contained herein, shall be considered rejected and null and void. When fully executed, the date of last execution shall be deemed to be the "Effective Date" of this Agreement.

16. ESCROW AGENT.

(a) Escrow Agent undertakes to perform only such duties as are expressly set forth in this Agreement. Escrow Agent shall not be deemed to have any implied duties or obligations under or related to this Agreement.

(b) Escrow Agent may: (a) act in reliance upon any writing or instrument or signature which it, in good faith, believes to be genuine; (b) assume the validity and accuracy of any statement or assertion contained in such a writing or instrument; and (c) assume that any person purporting to give any writing, notice, advice or instructions in connection with the provisions of this Agreement has been duly authorized to do so. Escrow Agent shall not be liable in any manner for the sufficiency or correctness as to form, manner of execution, or validity of any instrument deposited in escrow, nor as to the identity, authority, or right of any person executing any instrument; Escrow Agent's duties under this Agreement are and shall be limited to those duties specifically provided in this Agreement.

(c) The parties to this Agreement do and shall indemnify Escrow Agent and hold it harmless from any and all claims, liabilities, losses, actions, suits or proceedings at law or in equity, or other expenses, fees, or charges of any character or nature, including attorneys' fees and costs, which it may incur or with which it may be threatened by reason of its action as Escrow Agent under this Agreement, except for such matters which are the result of Escrow Agent's gross negligence or willful malfeasance.

(d) If the parties (including Escrow Agent) shall be in disagreement about the interpretation of this Agreement, or about their respective rights and obligations, or about the propriety of any action contemplated by Escrow Agent, Escrow Agent may, but shall not be required to, file an action in interpleader to resolve the disagreement; upon filing such action, Escrow Agent shall be released from all obligations under this Agreement. Escrow Agent shall be indemnified for all costs and reasonable attorneys' fees, including those for appellate matters and for paralegals and similar persons, incurred in its capacity as escrow agent in connection with any such interpleader action; Escrow Agent may represent itself in any such interpleader action and charge its usual and customary legal fees for such representation, and the court shall award such attorneys' fees, including those for appellate matters and for paralegals and similar persons, to Escrow Agent from the losing party. Escrow Agent shall be fully protected in suspending all or part of its activities under this Agreement until a final judgment in the interpleader action is received.

(e) Escrow Agent may resign upon five (5) calendar days' written notice to Seller and Purchaser. If a successor escrow agent is not appointed jointly by Seller and Purchaser within the five (5) calendar-day period, Escrow Agent may petition a court of competen

03/03/25 5:24 PM EST dotloop verified

dotloop signature verification:

jurisdiction to name a successor.

(f) Seller and Purchaser acknowledge and agree that Escrow Agent is the law firm representing Purchaser with regard to this Agreement and the transaction which is the subject hereof, and hereby waive any claim against Escrow Agent based upon a conflict of interest as a result of Escrow Agent serving in such dual capacities, excluding only actions by Escrow Agent constituting knowing and intentional misconduct. Seller further agrees that Escrow Agent shall be permitted to represent Purchaser in all aspects of this Agreement and the subject transaction, including, without limitation, any dispute with respect to the Deposit.

(g) The provisions of this Section shall survive the Closing and also the cancellation of this Agreement.

17. Notwithstanding any provision of this Agreement, if U.S. Department of Housing and Urban Development (HUD) funds are used, including, but not limited to HOME funds, the parties agree and acknowledge that this Agreement does not constitute a commitment of funds or site approval, and that such commitment of funds or approval may occur only upon satisfactory completion of an environmental review and receipt of a release of funds notice from the U.S. Department of HUD under 24 CFR Part 58. The parties further agree that the provision of any federal funds to the project is conditioned on the determination to proceed with, modify or cancel the project based on the results of a subsequent environmental review. If no HUD funds are utilized in regard to this property, this provision shall be considered null and void.

18. ENTIRE AGREEMENT. This Agreement integrates and supersedes all other agreements and understandings of every character of the parties and comprises the entire agreement between them. This Agreement may not be changed, except in writing signed by the parties. No waiver of any rights or obligations hereunder shall be deemed to have occurred unless in writing signed by the party against whom such waiver is asserted and no waiver shall be deemed a waiver of any other or subsequent right or obligations.

FLORIDA HOUSING FINANCE CORPORATION
LOCAL GOVERNMENT VERIFICATION OF CONTRIBUTION – LOAN FORM

Name of Development: The Palms at Spring Hill

Development Location: 11323 County Line Rd, Spring Hill, FL 34609, Hernando County, FL

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

The City/County of Hernando, commits $ 50,000.00 at face value, (which may be used as an FHFC Non-Corporation Funding Proposal in an Application for FHFC funding if it meets the required criteria) in the form of a reduced interest rate loan to the Applicant for its use solely for assisting the proposed Development referenced above.

Please note: In some competitive processes, Florida Housing will use the face value of the commitment minus the net present value of the commitment for scoring purposes. The net present value of the above-referenced loan, based on its payment stream, inclusive of a reduced interest rate and the designated discount rate (as stated in the applicable RFA) is: $ 50,000.00.

No consideration or promise of consideration has been given with respect to the loan. For purposes of the foregoing, the promise of providing affordable housing does not constitute consideration. The commitment for this loan must be effective as of the Application Deadline for the applicable RFA, and is provided specifically with respect to the proposed Development.

CERTIFICATION

I certify that the foregoing information is true and correct and that this commitment is effective at least through the date required in the applicable RFA.

	Brian Hawkins
Signature	Print or Type Name
Chair, Board of County Commissioners	
Print or Type Title	Date Signed

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, Mayor, City Manager, County Manager /Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons named above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

Local Government Contribution for Florida Housing Finance Corporation Multifamily Affordable Rental Housing Development/Rehabilitation Application

A. Applicant Information

1. Applicant Name: MHP Hernando I, LLC

Must be a legally formed entity (i.e., limited partnership, corporation, etc.) qualified to do business in the State of Florida at the time of submission of application. Include a copy of the certificate of good standing from the Florida Secretary of State.

Address:
777 Brickell Ave, Suite 1300, Miami, FL 33131

Telephone: 786-568-8805

Facsimile/email: jsternbach@mcdhousing.com

2. If partnership, name of general partner(s): N/A

If corporation, name and title of executive officer: N/A

Address: 777 Brickell Ave, Suite 1300, Miami, FL 33131

Telephone: 786-568-8805

Facsimile/email: jsternbach@mcdhousing.com

3. Developer Entity: MHP Hernando I Developer, LLC

Relationship to Applicant: Affiliate

Address of Developer: 777 Brickell Ave, Suite 1300, Miami, FL 33131

Telephone: 786-568-8805

Facsimile/email: jsternbach@mcdhousing.com

Describe the Developer's involvement and ownership interest in this development:
MHP Hernando I Developer, LLC is an affiliate of the Applicant, through MHP Hernando I Manager, LLC, the manager and a member of the Applicant. MHP Hernando I Developer, LLC will serve as the Developer for the project and provide development services to the Applicant throughout the development process.

4. Years of Affordable Housing Development Experience: 20 Years

5. Designated contact person (person with decision –making authority with whom the County will correspond concerning the application and Development) for Applicant/Borrowing Entity (not the consultant):

Jonathan Sternbach
jsternbach@mcdhousing.com
786-568-8805

Relationship to Applicant: Employee of McDowell Housing Partners, LLC an affiliate of the Applicant

Address of Developer:
777 Brickell Ave, Suite 1300, Miami, FL 33131

Facsimile/email: jsternbach@mcdhousing.com

5. Is there a consultant: Yes: ____ No: X

Name: N/A
Company Name: N/A
Address: N/A

Telephone: N/A
Facsimile/Email: N/A

6. For Applicant and Developer entities, attach a list of all general and limited partners and the officers, directors and shareholders of each as of the date of this application.

7. Applicant's Federal Taxpayer Identification Number:
99-4514903

8. Is the Applicant or its general partner incorporated as a non-profit organization pursuant to Chapter 617, Florida Statutes? Yes: ___ No: X

9. Is this a 501c (3) or 501c (4) non-profit organization pursuant to Section 42 of the Internal Revenue Code?

Yes: ____ No: X

If yes, provide the following:

a. Attach evidence of non-profit status.

b. Describe the role of the non-profit organization in the development.

c. Does the non-profit organization have an ownership interest, either directly or indirectly in the Development? Yes: ___ No: ___

d. Attach the names and address of the governing board of the non-profit organization.

e. Is the purpose of the non-profit organization, in part, to foster low-income housing? If so, provide a copy of the Articles of Incorporation.

f. Year non-profit organization was incorporated: _____

g. Is the non-profit affiliated with or controlled by a for-profit organization within the meaning of Section 42(h), Internal Revenue Code? Yes: ___ No: ___

If yes, name of For-Profit: _____

B. Development Information

1. Development Name: Ekos at Grande Park

2. Development location and street address (indicate street names, city and zip code):
East side of US 19, US 19 and Grande Park Dr., Unincorporated Hernando County, FL. 34613

****If scattered sites, attach an additional page with the address of each site.***

3. Manager/Employee Units: Are there one or more manager or employee units in the development? Yes: ____ No: X How Many? N/A Unit Type: N/A
If so, will each unit be occupied by an income-eligible manager/employee and included in the number of units set-aside? Yes: ____ No: N/A
Provide Unit Number(s): N/A

4. Are there one or more model Units? Yes: ____ No: X If yes, identify by unit number and type: N/A

5. Utilities: Indicate which utilities are paid by the tenants.
Electric X Water X Sewer X Gas N/A Trash ____ Cable X

6. Development Design:
Check the one design that best describes this development building style:
Garden X Duplexes ____ Quads ____ Single Family ____ Townhouses ____

7. Project Development Activity (check all applicable activity):
X Multi-Family Rental _____Supportive Housing
_____Single Room Occupancy _____Other (List): _____

8. Demographic Commitment per RFA:
X Family _____Elderly (if Elderly, what is minimum age?) _____

9. Identify acreage or lot size of entire Development: 12.08 Acres

10. Name of local jurisdiction where Development is located:

Unincorporated Hernando County X City of Brooksville _____

11. Project Type: X New Construction _____Rehabilitation ____Other: _____

12. TOTAL Development/ Rehabilitation Costs: $ $31,741,561

13. Project Primary Target Market (Household Area Medium Income (AMI):
_____Extremely Low (30% or less AMI) __X____Very Low (31% - 50% AMI)
__X___ Low (51%- 80% AMI) _____ Moderate 1 (81% AMI-120% AMI)

14. Amount of County Contribution Funds Requested: $ $460,000

14a Total Project Funding Sources

FUNDING SOURCE/CONTRIBUTOR	AMOUNT
Hernando County Contribution	$460,000
Construction Loan	$21,300,000
Federal Tax Equity (9% Competitive)	$17,050,295
TOTAL:	$38,810,295

15. Income Levels and Special Needs (Please complete table show actual number of units for the development occupants/beneficiaries.

Income Group	Number or Units

4. Any other Tenant Programs not otherwise addressed:

_____

_____

_____

E. Development Summary

1. Please provide a detailed narrative of proposed Development, including all amenities, total number of units (number of units per building, number of buildings in development), features and scope of work to be performed. Attach as an attachment.

2. Identify funding sought through FHFC, 9% tax credit, 4% tax Credit or other

2. Provide Documentation to support property ownership or site control (i.e. Warranty Deed, Trust, Deed, or Letter of Intent to Acquire Property).

3. Appraisal Report and/or Hernando County Property Appraisers Report for each identified project

4. To be considered complete, the application must include a map of the proposed project/development area showing the development's location. If applicable, include proximity to community services, medical facilities, schools, shopping, major businesses and employers.

5. Please provide Site Plan.

6. Please provide Development timeline.

7. Summary of how the project/development will be marketed, how the project will find tenants, and how the project will reach out to the local community.

8. Application packets must include the most recent 24 months audited financial statements and the current year approved budget.

9. Application packets must include the most recent 2 years Management Review and Physical Inspection Reports.

10. Please provide 3-5 References from Local Governments that provided funding to housing developments have been completed.

F. Certification (Original Signature Required)

The undersigned applicant certifies that the information in this application is true, correct and authentic. The applicant further certifies that (s)he is aware that if the County finds that the applicant or any of its affiliates has engaged in fraudulent actions or misrepresented facts on this application, this application will be disqualified and the applicant and its affiliates will be unable to participate in any County program for two (2) complete annual cycles inclusive of any interim cycles.

In applying for SHIP Program funds, the applicant has read, understands, and agrees to comply with 420.9071-420.9079 Florida Statutes and Rule 67-37 Florida Administrative Code, issued by the Florida Housing Finance Corporation. The applicant understands and agrees to abide by the provisions of the applicable Florida Statutes and County program rules and policies.

Resident Programs

Ekos at Grande Park – Resident Programs

MHP Hernando I, LLC is committed to enhancing the quality of life for residents at Ekos at Grande Park by integrating a robust array of resident programs and supportive service options. These services are designed to foster health and wellness, economic mobility, and educational attainment within the community. The following bullet points provide our general plan to facilitate on-site supportive services.

Health and Wellness Services: At Ekos at Grande Park, residents will have access to comprehensive health and wellness check-ups and clinics. These services will include clinical screenings such as pulse, temperature, cholesterol, and glucose checks, ensuring that residents can monitor and manage their health effectively. Additionally, health education programs will promote nutrition, disease prevention, and healthy lifestyle choices.

Employment Assistance Programs: To empower residents economically, MHP Hernando I, LLC will offer quarterly Employment Assistance Program workshops. These workshops will be led by experienced employment counselors, covering essential topics such as job goal setting, resume writing, interview preparation, and employability skills development. Placement and follow-up services will also be provided to ensure sustained employment success.

Financial Management Programs: Financial stability is critical for long-term prosperity. Residents will benefit from a series of financial management classes covering budgeting, bill-paying techniques, tax preparation, fraud prevention, retirement planning, and homebuyer education. These classes will equip residents with practical skills and knowledge to manage their finances responsibly and plan for future goals.

By integrating these comprehensive on-site services, MHP Hernando I, LLC aims to create a supportive community environment at Ekos at Grande Park. These initiatives not only address immediate needs but also promote long-term well-being and self-sufficiency among residents, fostering a vibrant and inclusive community in Hernando County.

Project Narrative

Ekos at Grande Park – Project Narrative

Project Overview

Ekos at Grande Park is a proposed 96-unit family affordable housing development located at the southeast corner of US 19 and Grande Park Dr. in Hernando County, FL. The project is being developed by MHP Hernando I, LLC, an affiliate of McDowell Housing Partners, a leading affordable housing developer based in Florida. The development is seeking financing through the Florida Housing Finance Corporation's 9% Low-Income Housing Tax Credit (LIHTC) Program, under the applicable Request for Applications (RFA). The Local Government Contribution requested herein is submitted in accordance with FHFC scoring requirements and is a vital component of the project's financing strategy.

Project Location and Community Amenities

Ekos at Grande Park is ideally located for a family-oriented development in Hernando County. Less than a quarter mile from the site is a Winn-Dixie supermarket, providing residents with convenient access to groceries and daily essentials. The development is situated less than three miles from Gulf Coast Elementary School and approximately one mile from Fox Chapel Middle School. Springstead High School is also within close proximity, located roughly three miles from the site. Healthcare services include HCA Florida Oak Hill Hospital, and a CVS Pharmacy located less than half a mile away. Numerous restaurants, retail centers, and service providers can be found along Commercial Way (US-19) and Cortez Blvd (SR 50).

Residents will enjoy access to recreational amenities such as Delta Woods Park, which offers walking trails, sports courts, picnic shelters, and playgrounds. The Hernando County YMCA, a short drive away, provides a gym, pool, fitness classes, and after-school programs. For outdoor enthusiasts, Weeki Wachee Springs State Park—known for kayaking, wildlife viewing, and family entertainment—is less than a mile from the development.

Multiple Hernando County Transit (TheBus) routes run along US-19 and Cortez Boulevard, with bus stops located within walking distance of the site, providing residents with convenient options for public transportation and easy access to regional destinations. This location combines accessibility, essential services, and community amenities, making it an excellent choice for affordable, family-friendly housing in Hernando County.

Building Features and Amenities

The project will feature 96 residential units distributed across three 3-story concrete garden-style buildings, comprising two 36-unit buildings and one 24-unit building, along with a standalone clubhouse. The clubhouse will include on-site management and maintenance offices, a fully equipped fitness center, a versatile community room with a kitchenette and game tables, and a media/business center with a computer lab. Additional amenities include a pool, playground, barbeque, and a gazebo.

The dwelling units will feature granite countertops; plywood cabinets (not particle board); luxury vinyl tile flooring; full-size, stainless steel, energy star appliances including range, refrigerator, microwave, garbage disposal and dishwasher. All units will provide washer and dryer hookups.

Ekos at Grande Park will pursue a silver or gold level certification under ICC 700-2020 National Green Building Standard (NGBS) system. To ensure this level of efficiency, the project will implement low- flow plumbing fixtures, SEER 15 HVAC systems, high efficiency (low-e or insulated) impact windows, Energy-Star qualified water heaters, and LED lighting throughout the facility at a minimum. Throughout the design process, MHP will also consider the possibility of incorporating some level of solar into the design to maximize the energy efficiency of the project and minimize common area utility expenses.

Unit Mix, Set-Asides, & Community Services

The development will offer a mix of one-, two-, and three-bedroom units to residents ranging between 40% to 60% of the area median income (AMI). A total of 10% of the units will be set aside to service extremely low income (ELI) residents at 40% AMI, while 90% of the units will serve residents at 60% AMI. As part of the RFA requirement under which the project was awarded, half of the units designated for ELI residents will be set aside as Link Units for Persons with Special Needs.

UNIT MIX: BEDROOM TYPE SUMMARY

Unit Type	Count	%	Avg. SF
0 BR	-	-	-
1 BR	54	56%	631
2 BR	30	31%	972
3 BR	12	13%	1,197
4 BR	-	-	-
Total	**96**	**100%**	**808**

FLORIDA HOUSING FINANCE CORPORATION
LOCAL GOVERNMENT VERIFICATION THAT DEVELOPMENT IS CONSISTENT WITH ZONING AND LAND USE REGULATIONS

Name of Development: Ekos at Grande Park

Development Location: East side of US 19, 2,100 feet NE of the intersection of US 19 and Cortez Blvd. Hernando County, FL.

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). The location of all Scattered Sites, if applicable, must also be included.

Number of Units in the Development: 140

This number must be equal to or greater than the number of units stated by the Applicant in Exhibit A of the RFA.

The undersigned Local Government representative confirms that, as of the date that this form was signed, the above referenced Development's proposed number of units, density, and intended use (i) are consistent with current land use regulations and zoning designation; OR (ii) are approved pursuant to sections 125.01055(6) and 166.04151(6), Florida Statutes; OR (iii) are consistent with sections 125.01055 (7) and 166.04151 (7), Florida Statutes; OR, (iv) if the Development consists of rehabilitation, the intended use is allowed as a legally non-conforming use.

CERTIFICATION

I certify that the City/County of Hernando County (Name of City/County) has vested in me the authority to verify consistency with local land use regulations and zoning designation or, if the Development consists of rehabilitation, the intended use is allowed as a "legally non-conforming use" and I further certify that the foregoing information is true and correct. In addition, if the proposed Development site is in the Florida Keys Area as defined in Rule Chapter 67-48, F.A.C., I further certify that the Applicant has obtained the necessary Rate of Growth Ordinance (ROGO) allocations from the Local Government.

FLORIDA HOUSING FINANCE CORPORATION
VERIFICATION OF AVAILABILITY OF INFRASTRUCTURE - WATER

Name of Development: Ekos at Grande Park

Development Location: East side of US 19, 2,100 feet NE of the intersection of US 19 and Cortez Blvd. Hernando County, FL.

At a minimum, provide the address number, street name and city and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). The location of all Scattered Sites, if applicable, must also be included.

Number of Units in the Development: 140

This number must be equal to or greater than the number of units stated by the Applicant in Exhibit A of the RFA.

The undersigned service provider confirms that, as of the date that this form was signed, the above referenced Development Location met the following:

1. Potable water is available to the proposed Development, subject to item 2 below.
2. To access such water service, the Applicant may be required to pay hook-up, installation and other customary fees, comply with other routine administrative procedures, provide easements, and remove, relocate, install or construct line extensions and other equipment, including but not limited to pumping stations, in connection with the construction of the Development. Execution of this document does not guarantee that water service will be available to the Applicant in the future and does not provide the Applicant with any vested rights to receive water service. The availability of water services is subject to the approval of all applicable governmental agencies having jurisdiction over these matters.

CERTIFICATION

I certify that the foregoing information is true and correct.

(Form Rev. 07-2022)

FLORIDA HOUSING FINANCE CORPORATION
VERIFICATION OF AVAILABILITY OF INFRASTRUCTURE – SEWER CAPACITY, PACKAGE TREATMENT, OR SEPTIC TANK

Name of Development: Ekos at Grande Park

Development Location: East side of US 19, 2,100 feet NE of the intersection of US 19 and Cortez Blvd. Hernando County, FL.

At a minimum, provide the address number, street name and city and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). The location of all Scattered Sites, if applicable, must also be included.

Number of Units in the Development: 140

This number must be equal to or greater than the number of units stated by the Applicant in Exhibit A of the RFA.

The undersigned service provider confirms that, as of the date that this form was signed, Sewer Capacity or Package Treatment is available to the proposed Development; or there are no known prohibitions to installing a Septic Tank system with adequate capacity for the proposed Development location or, if necessary, upgrading an existing Septic Tank system with adequate capacity for the proposed Development location.

To access such waste treatment service, the Applicant may be required to pay hook-up, installation and other customary fees, comply with other routine administrative procedures, provide easements, and/or remove, relocate, install or construct line extensions and other equipment, including but not limited to pumping stations, in connection with the construction of the Development. Execution of this document does not guarantee that waste treatment service will be available to the Applicant in the future and does not provide the Applicant with any vested rights to receive waste treatment service. The availability of waste treatment services is subject to the approval of all applicable governmental agencies having jurisdiction over these matters.

For projects located within Miami-Dade County, the Applicant is advised that the right to connect the referenced property to the Department's sewer system is subject to the terms, covenants and conditions set forth in court orders, judgments, consent orders, consent decrees and the like entered into between the County and the United States, the State of Florida, and/or any other governmental entity, including the Consent Decree entered on April 9, 2014, in the United States of America, State of Florida and State of Florida Department of Environmental Protection v. Miami-Dade County, Case No. 1:12-cv-24400-FAM, as well as all other current, subsequent or future enforcement and regulatory actions and proceedings.

Emerald Hernando LLC
675 Ponce De Leon Blvd.
Brooksville, FL 34601

Re: Purchase of approximately (12.08+/- Acres) of land located on Parcel ID (R35 422 17 7178 0010 0000) along US 19, Hernando County, FL.

Dear Mr. Selph,

This letter of intent shall outline the general terms and conditions pursuant to which MHP Acquisitions, LLC, or its assignee, or affiliate ("Purchaser") would be interested in entering into a purchase and sale agreement (the "Contract") with Emerald Hernando LLC ("Seller").

Upon receipt of this executed letter of intent, Purchaser will immediately prepare the Contract for review and execution.

1. THE PROPERTY: Parcel Id: **R35 422 17 7178 0010 0000**

2. PURCHASE PRICE: Two Million One Hundred Thirty Thousand Dollars ($2,130,000.00) Cash.

3. DEPOSITS:

   a. First Deposit: ($25,000.00) within three (3) days of execution of Contract and deposited into escrow. The First Deposit shall become non-refundable at the expiration of the Due Diligence Period, as defined below.

   b. Second Deposit: (50,000.00) shall be deposited into escrow and due at the expiration of Due Diligence Period. The Second Deposit shall be non-refundable upon deposit into escrow.

   c. Third Deposit: ($75,000.00) shall be deposited and due 75 days after the expiration of the Due Diligence Period. The Third Deposit shall be non-refundable upon deposit into escrow.

   First Deposit, Second Deposit, and Third Deposit are hereinafter collectively referred to as (the "Deposits") and shall be applicable to purchase price.

4. DUE DILLIGENCE PERIOD: Purchaser shall have 120 days following the Due Date of the FHFC RFA 2025-201 due on November 18, 2025, to inspect the property and pursue financing. Notwithstanding the foregoing, Purchaser shall have the right to perform standard due diligence including but not limited to the physical, structural, seismic, geological, title, survey, and environmental condition so long as the Contract remains in effect. Seller shall provide Purchaser with any standard due diligence, including, but not limited to, surveys, plat maps, environmental reports, geotechnical soil reports, wetlands determinations, or appraisal reports in Seller's possession within ten (10) days of the effective date of the Contract.

5. TERMINATION: Purchaser reserves the right to terminate the Contract for any reason during the Contract period by providing written termination notice to Seller. Upon such termination by the Purchaser, any Deposits that have become non-refundable under the terms of the Contract through the date of such termination notice shall be released to Seller, and the remainder of the Deposits, if any, shall be refunded to Purchaser, and the parties shall be relieved of all further liability under the Contract.

6. ZONING: [Reserved]

7. TITLE CONDTION: As a condition to Closing, the title to the Property shall be marketable and insurable and be subject only to the Permitted Exceptions, and any other matters acceptable to Purchaser, which shall not cause title to be unmarketable.

8. TAXES & PRORATIONS: Taxes will be prorated through closing. All other items customarily adjusted between sellers and purchasers of real property, of a similar use as the Property, will be adjusted by Seller and Purchaser as of 11:59 p.m. of the day preceding the Closing Date.

9. CLOSING: Shall take place within 90 days of the expiration of the Due Diligence Period.

10. EXTENSIONS: Purchaser shall, at its sole option, be entitled to three (3) successive thirty (30) day extensions (each an "Extension") to the Closing. Purchaser shall deposit the sum of ($15,000.00) ("Extension Fee") for each Extension. Extension Fees shall be non-refundable and applied to the Purchase Price. Extension deposits shall be released from Escrow to Seller upon written request.

11. BROKERAGE COMMISSIONS: Tommie Dawson Realty is acting as the Seller's broker in this sale. Seller will be solely responsible for any commission payable as a result of a sale consummated between Seller and Purchaser (or its assigns). Seller and Purchaser will hold each other free and harmless from any demand or liability for payment of commissions or fees owed due to actions or commitments they have individually undertaken.

12. NATURE OF THIS LETTER OF INTENT: This Letter of Intent is a non-binding expression of interest. It is understood and agreed that neither party shall be legally bound to the other, unless and until, the terms and conditions relating to this transaction are negotiated and incorporated into the Contract, as signed by both parties.

13. REVOCATION OF OFFER: The offer contained herein shall be deemed to be null and void unless an executed copy of it is returned (via email, fax, or original) to McDowell Housing Partners on or before 5:00PM, June 20, 2025.

If you have any questions on this matter, please contact Kenny Bowron at 786-604-2879 or kbowron@mcdhousing.com .

Sincerely,
MHP Acquisitions, LLC.

PURCHASE AND SALE AGREEMENT

THIS PURCHASE AND SALE AGREEMENT (this "Agreement") dated June 28, 2024 (the "Effective Date") is made by and between EMERALD HERNANDO, LLC, a Florida limited liability company ("Seller"), and MHP ACQUISITIONS, LLC, a Delaware limited liability company, and/or its assigns ("Buyer").

RECITALS:

A. Seller is the owner and holder of certain real property comprised of approximately 12.08+/- acres of land located on US 19 (Commercial Way) in Hernando County, FL (Hernando County, Parcel Number: R35 422 17 7178 0010 0000) as more particularly described on the Exhibit "A" attached hereto and incorporated herein ("Property"); and

B. Buyer desires to purchase the Property from Seller, and Seller desires to sell the Property to Buyer, pursuant to the terms and conditions set forth herein.

NOW, THEREFORE, for good and valuable consideration, and the mutual covenants set forth in this Agreement, Seller and Buyer hereby agree as follows:

1. **Purchase and Sale**. Seller agrees to sell and convey the Property to Buyer, and Buyer agrees to purchase the Property from Seller. The Property includes all of Seller's right, title and interest in and to (i) all easements, rights of way, privileges, licenses, appurtenances and any other rights, privileges and benefits belonging to the owner of, running with title to, or in any way related to, the Property; (ii) all land use or other consents, authorizations, variances, waivers, licenses, permits, approvals, development orders, or any other entitlements issued or granted by or from any governmental authority with respect to the Property, to the extent assignable without the consent of the granting authority; (iii) all percolation, soil, topographical, traffic, engineering and environmental reports or studies in the possession or control of the Seller, and all riparian, littoral rights, title to submerged lands and other water rights related to or benefiting the Property; (iv) all utility mains, service laterals, hydrants, connections, hook-ups and valves located on, or adjacent to, and servicing or available to service the Property; and (v) any and all other agreements, contracts, covenants, variances and rights, benefits and privileges related to or benefiting the Property.

2. **Purchase Price**. The purchase price for the Property ("Purchase Price") is Two Million One Hundred Thirty Thousand and NO/100 Dollars ($2,130,000.00), subject to the credits, prorations, and adjustments set forth herein. The Purchase Price is payable as follows:

   a. First Deposit. Within three (3) business days of execution of this Agreement, Buyer will deliver to Nelson Mullins Riley & Scarborough LLP, as escrow agent ("Escrow Agent"), the sum of Twenty-Five Thousand and NO/100 Dollars ($25,000.00) by wire transfer of immediately available funds (the "First Deposit"). The First Deposit shall be held by Escrow Agent in a non-interest-bearing account, to be disbursed only in accordance with the terms of this Agreement. Two Thousand Five Hundred and NO/100 Dollars ($2,500.00) of the First Deposit shall become non-

refundable upon deposit with the Escrow Agent except as set forth herein. Twenty-Two Thousand Five Hundred and NO/100 Dollars of the First Deposit shall become non-refundable at the expiration of the Due Diligence Period (as herein defined) except as set forth herein.

b. Second Deposit. Within three (3) business day following the expiration of the Due Diligence Period, Buyer will deliver to Escrow Agent the sum of Twenty-Five Thousand and NO/100 Dollars ($25,000.00) by wire transfer of immediately available funds ("Second Deposit"). The Second Deposit may be held by Escrow Agent in the same non-interest-bearing account as the First Deposit. The Second Deposit will be applied to the Purchase Price at Closing (as defined below) and, except as set forth herein, shall become non-refundable upon deposit into escrow.

c. Third Deposit. On the date that is the earlier of (i) the date that the Buyer (or its affiliate) receives an Invitation to Credit Underwriting from Florida Housing Finance Corporation ("FHFC") with respect to the Property in connection with FHFC 2024-201 or (ii) the date that is ninety (90) days following the expiration of the Due Diligence Period, Buyer will deliver to Escrow Agent the sum of One Hundred Thousand and NO/100 Dollars ($100,000.00.00) by wire transfer of immediately available funds ("Third Deposit"). The Third Deposit may be held by Escrow Agent in the same non-interest-bearing account as the First Deposit and Second Deposit. The Third Deposit will be applied to the Purchase Price at Closing and, except as set forth herein, shall become non-refundable upon deposit into escrow.

d. Deposit. The First Deposit, the Second Deposit, and the Third Deposit, to the extent delivered to the Escrow Agent, the Closing Date Extension Deposit(s) (as defined in Section 12), if applicable, to the extent delivered to the Escrow Agent, shall each be a "**Deposit**" and are sometimes collectively referred to as the "Deposits". Notwithstanding anything in this Agreement to the contrary, the Deposits will be refundable to Buyer in the event that (i) Seller defaults under the terms of the Agreement; (ii) one or more of the Closing Conditions in favor of the Buyer set forth in Section 8 have not been satisfied; or (iii) as otherwise specifically provided in this Agreement.

e. Balance. The Deposits will be applied to the Purchase Price at Closing, and Buyer will pay to Seller the balance of the Purchase Price, subject to credits, adjustments and prorations as herein provided, by cash or confirmed wire transfer.

3. **Intentionally Deleted**.

4. **Title and Survey**.

a. Title. Within ten (10) business days following the Effective Date, Seller will deliver to Buyer a copy of Seller's title insurance policy insuring Seller's fee simple title to the Property. Prior to the end of the Due Diligence Period (as defined below), Buyer, at Buyer's expense, will obtain an owner's title insurance commitment (the

"Title Commitment") from Fidelity National Title or First American Title Insurance Company (as applicable, the "Title Company") through Nelson Mullins Riley & Scarborough LLP as title agent ("Title Agent"). Marketable title will be determined according to the Title Standards adopted by authority of The Florida Bar and in accordance with Florida law. The Title Commitment shall be accompanied by true, complete and legible copies of all documents creating or evidencing any exception to title noted in the Title Commitment. The Title Commitment shall evidence the requirements subject to which Title Company will insure in Buyer good and marketable record fee simple title to the Property, free and clear of all liens, encumbrances, exceptions or qualifications to title whatsoever except for the Permitted Exceptions, as such term is hereinafter defined.

b. Survey. Within ten (10) business days following the Effective Date, Seller will deliver to Buyer a copy of Seller's existing survey, prepared by a Florida licensed surveyor, of the Property, if available. Prior to the end of the Due Diligence Period, Buyer may obtain, at its sole cost and expense, an ALTA/ACSM survey identifying (i) total acreage, (ii) any areas within a flood zone, (iii) any easements, rights of way or other encroachments, and, (iv) following delivery of the Title Commitment to the surveyor, all of the plottable exceptions to the Title Commitment (the "Survey").

c. Title and Survey Objections. Prior to the end of the Due Diligence Period, Buyer will have the right to examine the condition of Seller's title to the Property and the Survey (the "Title and Survey Review Period"). If the Title Commitment reflects that title to the Property is subject to any exceptions unacceptable to Buyer (the "Title Objections") or the Survey reflects any survey matters unacceptable to Buyer (the "Survey Objections" and, together with any Title Objections, collectively the "Objections"), Buyer will notify Seller in writing prior to the expiration of the Title and Survey Review Period of any Objections. Any exceptions listed in the Title Commitment to which Buyer has not timely objected will be deemed to be "Permitted Exceptions." If Buyer gives notice of any Objections to Seller within the Title and Survey Review Period (the "Objection Notice"), then on or before ten (10) days after receipt of the Objection Notice ("Response Deadline"), Seller may, in Seller's sole discretion, give Buyer notice of those Objections, if any, that Seller is willing to seek to cure prior to the Closing Date ("Response Notice"), in which case, Seller shall have twenty (20) days in which to cure such Objections ("Objection Cure Period"). If Seller fails to deliver a Response Notice by the Response Deadline, Seller shall be deemed to have elected not to cure or otherwise resolve any matter set forth in the Objection Notice. If Seller is not successful in correcting or removing the Objections within the Objection Cure Period, or Seller has elected not to cure the Objections, Buyer will have the option of (i) accepting the title in its existing condition, or (ii) terminating this Agreement by sending written notice of termination to Seller and Escrow Agent within ten (10) Business Days following the later of (Y) the expiration of the Objection Cure Period or (Z) Seller's delivery of the Response Notice to Buyer. In the event that Buyer elects to terminate this Agreement, notwithstanding anything in Section 2 to the contrary, Escrow Agent will return the Deposits to Buyer, and thereafter, neither Buyer nor

Seller will have any further liabilities or obligations hereunder except with respect to those obligations which expressly survive termination. If Buyer fails to give notice to terminate this Agreement pursuant to this Section 4(c), Buyer shall be deemed to have elected to approve and irrevocably waived any objections to matters covered by the Title Commitment or the Survey, except as provided in Section 4(d) hereof.

d. Title and Survey Updates. Seller covenants and agrees that after the Effective Date it will not enter into or record any document or instrument, or enter into any lease or other agreement, affecting or burdening the Property, unless Buyer has consented in writing to the execution or recordation of such document, instrument, lease or agreement. If any updated endorsement to the Title Commitment or any update of the Survey reveals any exception or survey defect not reflected on the Title Commitment or the Survey not consented to by Buyer, then Seller, at Seller's sole cost and expense, will have such exception promptly deleted from the Title Commitment, or such survey defect removed or cured, and in any event prior to Closing. If Seller is not successful in removing the same within thirty (30) days from written notice from Buyer, Buyer will have the option of (i) allowing Seller additional time to cure such defects, (ii) accepting the title in its existing condition, or (iii) terminating this Agreement by sending written notice of termination to Seller and Escrow Agent within two (2) business days following said thirty (30) day period. In the event that Buyer elects to terminate this Agreement, notwithstanding anything in Section 2 to the contrary, Escrow Agent will return the Deposits to Buyer, and, thereafter, neither Buyer nor Seller will have any further liabilities or obligations hereunder except with respect to those obligations which expressly survive termination. Notwithstanding anything else to the contrary in this Agreement, in the event Seller fails to remove, prior to or at Closing, an exception revealed in the Title Commitment, or any update thereof (whether or not objected to by Buyer), in the form of: (1) a mortgage or other security interest entered into by Seller; (2) a lien or encumbrance of any kind or nature voluntarily created by Seller at any time on or after the date of this Agreement; or (3) a mechanic's or materialman's lien or a judgment docketed against the Property, in any case resulting from the non-payment by Seller of any sums due and owing or alleged to be due and owing by Seller to a contractor or materialman or otherwise voluntarily caused or created by Seller, then in addition to the return of the Deposits, Buyer will be entitled to recover from Seller all costs incurred by Buyer, including reasonable attorneys' fees and costs, in connection with satisfying said encumbrance.

5. **Inspection**. During a period commencing on the Effective Date and continuing until one hundred twenty (120) days after the Effective Date ("Due Diligence Period"), Buyer will have the right to determine in its absolute and sole discretion if the Intended Improvements (as defined below) are viable. If Buyer determines that the Intended Improvements are not viable, Buyer may, without liability to Buyer, terminate this Agreement by written notice, delivered before the expiration of the Due Diligence Period, to Seller and Escrow Agent, following which Escrow Agent will disburse the Deposits to the Buyer within five (5) calendar days following termination, without further authorization of either party, and both

parties will be released from all further obligations and liabilities under this Agreement, except for those obligations and liabilities which expressly survive termination. For purposes of this Agreement, the term "Intended Improvements" shall mean a multifamily residential project together with related amenities and accessory uses, which includes allowable density for a number of dwelling units in an amount sufficient for Buyer, in Buyer's sole discretion.

a. Access and Deliverables. So long as this Agreement remains in effect, Seller hereby grants to Buyer and its agents, employees, contractors and representatives, a right of entry upon every portion of the Property, and a right to examine all records, documents, data or information of any kind or nature relating to or concerning the Property in the possession or under the control of Seller or other matters pertaining to the Property (and Seller hereby agrees to make any and all records, documents, data or information of any kind or nature relating to or concerning the Property in the possession or under the control of Seller available to Buyer) from time to time at all reasonable times for the purpose of making surveys, engineering studies, drainage studies, appraisals, zoning and land use studies, impact studies, surface and subsurface explorations, tests, excavations, borings and such other investigations, inspections, assessments or reports as Buyer, in its sole and absolute discretion, may elect to make. Seller will deliver to Buyer, within ten (10) days after the Effective Date, copies of any and all surveys (in CADD format, if available), site plans or layouts, engineering, environmental, soil, wetlands determinations, zoning, land use, appraisal and feasibility studies, reports and assessments, concurrency evaluations, and any plans and specifications for the Property approved by the local building department having jurisdiction over the Property, which Seller has in its possession or control (collectively, "Plans and Specs"), and any correspondence concerning any such topics that Seller has in its possession or control, and all other governmental orders, approvals, exemptions, waivers, permits, licenses, special exceptions or variances relating to the Property or any proposed use thereof which are in Seller's possession or control. Seller will also deliver to Buyer, within ten (10) days after the Effective Date, Seller's copies, if any, of all leases, service contracts, operating agreements, management agreements and warranties relating to or concerning the Property. The deliveries of Plans and Specs and other materials, data or information may be in electronic form.

b. Liability for Inspections; Seller Insurance. Buyer agrees to promptly pay when due the costs of all tests, investigations and examinations done with regard to the Property and will not permit any liens to attach to the Property by reason of the exercise of its rights of inspection hereunder. During the pendency of this Agreement, Seller shall maintain all insurance Seller was carrying on the Effective Date.

6. **Government Approvals**. As fee simple title holder, Seller agrees to be the applicant on, or to join in, any and all applications, permits, consents, zoning, land use, concurrency, platting and other permitting, etc., that may be reasonably required to be filed in connection with the Buyer's pursuit of approvals for the Intended Improvements from authorities

having jurisdiction over the Property (collectively, "Government Approvals") during the term of this Agreement. During the term of this Agreement, Seller will promptly cooperate with Buyer in performing its due diligence with respect to the Property and in seeking any and all consents, permits or approvals (including, but not limited to, the Governmental Approvals) regarding the Property as Buyer may request, and Seller will promptly cooperate with and join in all applications for building permits, certificates or other agreements, and permits for sewer, water, or other utility services, other instruments or other permits or approvals, the granting of or entry into which, by any governmental or quasi-governmental authority having jurisdiction over the Property, is, in Buyer's sole opinion, necessary to permit the development, construction, use or occupancy of the Intended Improvements. In the event Buyer determines that Seller has failed to cooperate with Buyer with respect to any obligations of Seller described in this Section 6, Buyer shall provide written notice to Seller of such default. In such event, Seller shall have twenty (20) days to remedy or cure such default. Should Seller fail to cure said default within the time provided, Buyer will have the right to terminate the Agreement. In the event Buyer elects to terminate this Agreement as contemplated in this Section 6, the Deposits and all interest earned thereon will be refunded to Buyer and neither party will have any further rights or obligations hereunder, except those obligations which survive termination of this Agreement.

7. **Covenants of Seller; Operation of the Property**. Seller hereby covenants and agrees that from and after the Effective Date:

a. Seller will not, without the Buyer's prior written consent, create any encumbrances on the Property. For purposes of this provision the term "encumbrances" includes, but is not limited to, any liens, claims, options, or other encumbrances, encroachments, rights-of-way, easements, covenants, conditions, or restrictions.

b. Seller will not enter into or record any document or instrument, or enter into any lease or other agreement, affecting or burdening the Property, unless Buyer has consented in writing to the execution or recordation of such document, instrument, lease or agreement.

c. Seller will pay all assessments and taxes prior to becoming delinquent.

d. Seller will not create or consent to the creation of any special taxing districts or associations with the authority to impose taxes, liens or assessments on the Property.

e. Seller will not remove any fill or cause any change to be made to the physical condition of the Property without the prior written consent of Buyer.

f. Seller will take no action with respect to the Property that would alter or affect any of the representations or warranties of Seller under this Agreement or which would in any manner affect Buyer's future use and development of the Property.

g. Seller will cause all mortgage debt, if any, applicable to the Property to remain in good standing through and until the Closing.

h. If applicable, Seller will provide Buyer and the Title Company with any and all approvals from any lenders to sell the Property for less than the balance owed to such lender.

8. **Closing Conditions**. Buyer's obligation to close this transaction will be subject to the satisfaction of each of the following conditions on or before the Closing Date:

a. Seller is not in default under any term, covenant or condition of this Agreement, and shall have performed all of its covenants, agreements and obligations under this Agreement.

b. Each of the representations and warranties of Seller set forth in this Agreement is true, complete and correct on the Effective Date and at the date of the Closing as if made at that time, and the Seller has delivered its certificate to such effect.

c. There will not be a sewer, water, building or other moratorium, condemnation or any proceedings in effect which would interfere with the immediate construction and occupancy of Buyer's Intended Improvements ("Moratorium").

d. The Property has not been damaged by any casualty loss as provided in Section 16.b. or by any environmental matter arising after the Effective Date.

e. At the Closing, the Title Insurance Company will irrevocably commit to issue to Buyer an ALTA Owner's Policy of title insurance, dated as of the date and time of the recording of the deed, in the amount of the Purchase Price, insuring Buyer as owner of good, marketable and indefeasible fee simple title to the Property, free and clear of liens and encumbrances, and subject only to the Permitted Exceptions (the "Title Policy").

f. Sole and exclusive possession of the Property will be delivered to Buyer at Closing.

In the event that any of the foregoing conditions precedent to Closing have not been satisfied as of the Closing Date, Buyer will have the right to waive any or all of the foregoing conditions and close this transaction or Buyer will have the right to terminate the Agreement. Notwithstanding anything to the contrary, in the event Buyer elects to terminate this Agreement by reason of the failure of any of the conditions described in Section 8, the Deposits and all interest earned thereon will be refunded to Buyer and neither party will have any further rights or obligations hereunder, except those obligations which survive termination of the Agreement.

9. **Closing Documents**. The Closing documents will be provided by the parties as set forth below, in form acceptable to Buyer:

a. At Closing Seller will execute and/or deliver to Buyer:

i. Special Warranty Deed. A special warranty deed in recordable form, duly executed by Seller, conveying to the Buyer good, marketable and insurable fee simple title to the Property subject only to the Permitted Exceptions,

with the legal description provided in Seller's vesting deed as verified by Buyer's Survey;

ii. Affidavit. An owner's affidavit adequate for title insurance to be issued by the Title Company without exception for parties in possession (free and clear from any claims by tenants or purchasers), mechanics' or materialmens' liens and to permit the Title Company to delete the "gap" in the Title Commitment;

iii. FIRPTA Affidavit. In order to comply with the requirements of the Foreign Investment Real Property Tax Act of 1980 ("FIRPTA"), Seller will deliver to Buyer at Closing Seller's affidavit under penalty of perjury stating the Seller is not a "foreign person," as defined in Section 1445 of the Internal Revenue Code of 1986 and the U.S. Treasury Regulations thereunder, setting forth Seller's taxpayer identification number, and that Seller intends to file a United States income tax return with respect to the transfer. Seller represents and warrants to Buyer that it has not made, nor does Seller have any actual knowledge of any transfer of the Property or any part thereof that is subject to any provisions of FIRPTA that has not been fully complied with by either transferor or transferee;

iv. Closing Certificate. A duly executed certification that every representation and warranty of Seller under this Agreement is true and correct as of the Closing as if made by Seller at such time;

v. Assignment. A duly executed assignment of permits, approvals and development rights;

vi. Authority Documents. Any and all documents reasonably requested by Buyer or the title company in connection with Seller's authority to execute this Agreement, the deed and all other documents contemplated under this Agreement;

vii. Closing Statement. A closing statement prepared by Title Agent setting forth all amounts paid, credited and otherwise due, payable and paid hereunder ("Closing Statement"); and

viii. Other Documents. Such additional documents or instruments as may be required to effectuate the terms, conditions and provisions hereof and to carry out the intent of the parties hereto, or as may be required by the title insurance company, so as to be able to delete at Closing all of the requirements of Schedule B-Section 1 of the Title Commitment and all of the standard printed exceptions from Schedule B-Section 2 of the Title Commitment, and to insure the gap between the effective date of the Title Commitment and the recording of the deed conveying title to the Property from Seller to Buyer.

b. At Closing, Buyer will deliver to Seller:

(i) Closing Statement. Closing Statement executed in counterpart;

(ii) Purchase Price. The Purchase Price (as adjusted for all credits, adjustments and prorations set forth in this Agreement); and

(iii) Other Documents. Such additional documents or instruments as may be reasonably required or requested by Seller to effectuate the terms, conditions and provisions of this Agreement.

10. **Termination**. Buyer reserves the right to terminate this Agreement for any reason prior to Closing by providing written termination notice to Seller, and upon such termination by Buyer, except as set forth herein, any Deposits that have become non-refundable to Buyer through the date of such termination notice shall be released to Seller, and the remainder of the Deposits, if any, shall be refunded to Buyer, and the parties shall be relieved of all further liability under this Agreement, except for any obligation under this Agreement which survives termination of this Agreement.

11. **Closing/Closing Expenses**. Except as otherwise provided herein, the consummation of the transactions described in this Agreement (the "Closing") will take place using mail away procedures on or before the date that is one hundred twenty (120) days after the expiration of the Due Diligence Period (the "Closing Date") with all executed documents delivered prior to Closing being held in escrow by Escrow Agent until the occurrence, satisfaction or waiver of the conditions to Closing. Time is of the essence. At Closing, Seller will pay the cost of documentary stamp tax on the special warranty deed. Buyer will pay all title search fees and other costs pertaining to the Title Commitment and for the title insurance premium on the owner's title insurance policy to be issued to Buyer pursuant to the Title Commitment in an amount equal to the Purchase Price. Buyer will pay the fee for recording the special warranty deed, the costs of the Survey and costs associated with obtaining financing, permits and impact fees in connection with the development for the Intended Improvements, and the cost for any lender's title insurance policy and any endorsements required by Buyer or lender. Each party will pay its own attorneys' fees. Buyer will also pay all escrow and closing fees and charges of Escrow Agent and Title Agent.

12. **Closing Date Extensions**. Buyer shall have the right, at Buyer's sole option, to extend the Closing Date for up to four (4) successive thirty (30) day periods (each a "Closing Date Extension") by providing notice to Seller in writing of such desire on or before the expiration of the Closing Date (as may be extended), and depositing Ten Thousand and N0/100 Dollars ($10,000.00) for each Closing Date Extension (each a "Closing Date Extension Deposit") with Escrow Agent by wire transfer. Each Closing Date Extension Deposit shall be non-refundable (except as set forth herein) and shall be applicable to the Purchase Price.

13. **Prorations**. The following items will be adjusted, apportioned, and allowed as of the Closing Date:

a. Apportionment. Seller shall pay all ad valorem real estate and/or personal property taxes, charges and/or assessments (special or otherwise) for all years prior to the year of the Closing Date. Buyer shall pay all ad valorem real estate and/or personal property taxes, charges and/or assessments (special or otherwise) for all years after the year of the Closing Date. Seller and Buyer shall pay their proportionate share of the ad valorem real estate and/or personal property taxes, charges and/or assessments (special or otherwise) for the year of the Closing Date, prorated at the Closing based upon, at the highest allowable discount and upon the actual days during the year in which Seller and Buyer owned the Property.

b. Special Assessment Liens. If, on the Closing Date, the Property or any part thereof, will be or will have been affected by any certified, confirmed, and ratified special assessment liens, the same will be paid and discharged by Seller. Pending liens will be assumed by Buyer; provided, however, that once the amount of a pending special assessment lien has been finally determined, the amount of the special assessment lien will be prorated and Seller will reimburse Buyer for any amounts paid by Buyer which are allocable to the period of time Seller owned the Property within thirty (30) days of Buyer's delivery to Seller of the proration statement.

c. Real Estate Taxes. If the Closing will occur before the tax rate is fixed, the apportionment of taxes will be based upon the real estate taxes for the previous year. Tax prorations at the Closing shall be final and not subject to reproration.

d. The provisions of this Section 13 will survive the Closing.

14. **Seller's Representations and Warranties**. Seller represents and warrants to Buyer and covenants and agrees with Buyer as follows:

a. Seller has not entered into any contracts, subcontracts, arrangements, leases, licenses, concessions, easements, or other agreements, either recorded or unrecorded, written or oral, affecting all, or any portion of, or any interest in the Property, which will not have been terminated or expired prior to Closing, except as may be included in the Permitted Exceptions;

b. No contract or agreement to sell, transfer or convey the Property exists;

c. There are no (1) improvements which have been ordered to be made and/or which have not heretofore been assessed, and there are no special, general, or other assessments existing, pending, or threatened against or affecting the Property; (2) violations of building codes and/or zoning ordinances or other governmental or regulatory laws, ordinances, regulations, orders or requirements affecting the Property; (3) existing, pending, or threatened lawsuits, or appeals of prior lawsuits, relating to the Property or the Seller; (4) existing, pending, or threatened condemnation proceedings affecting the Property; (5) existing, pending, or threatened zoning, building or other moratoria, downzoning petitions, proceedings, restrictive allocations or similar matters that could adversely affect the development

of the Intended Improvements on the Property; or (6) unrecorded easements, restrictions or encumbrances affecting all or any part of the Property;

d. To the best of Seller's knowledge, Seller has not used, manufactured, stored, or released any "Hazardous Materials" (as hereinafter defined) on, in or around the Property, and no other person or entity has ever used, manufactured, stored or released any Hazardous Materials on, in or around the Property, and, no Hazardous Materials are present in, on, under or around the Property. As used herein, "Hazardous Materials" will mean petroleum and petroleum-based products, asbestos, PCBs, hazardous waste, and any other substance or material, the use, manufacture, storage, release or presence of which in land, water or elsewhere in the environment is limited, prohibited or in any other way regulated by any federal, state or local law, ordinance, rule or regulation. Seller further represents and warrants that, to the best of Seller's knowledge, (i) no portion of the Property has ever been used as a landfill or a dump and no other person or entity has ever used such Property as a landfill or dump, (ii) there are no underground or above ground storage tanks located on or within the Property, (iii) the Property is in compliance with applicable laws, rules and regulations concerning Hazardous Materials, and (iv) the Property is free from any and all wetlands;

e. There are no agreements currently in effect which prohibit or restrict the sale of the Property;

f. Seller has the right, power and authority to execute and deliver this Agreement, to perform each and every obligation of Seller hereunder, and to consummate the transactions contemplated by it; no consent, approvals or authorizations from any person, entity or governmental authority is required with respect to this Agreement and the consummation of the transaction contemplated herein; neither the execution and delivery of this Agreement, and the performance or consummation of the obligations and transactions contemplated by it, nor the fulfillment of, nor the compliance with, the terms, conditions and provisions of this Agreement will conflict with, or result in a violation or breach of, any relevant law, or any other instrument or agreement of any nature to which Seller is a party or by which it is bound or may be affected, or constitute (with or without the giving of notice or the passage of time) a default under such an instrument or agreement;

g. There are no unrecorded commitments or agreements to or with any governmental authority, utility company, school board, church or other religious body, any homeowners or homeowners' association, or any other organization, group or individual, relating to the Property which impose, may impose, or would impose an obligation upon Buyer to make any contributions or dedications of money, land, or any interest in land, to construct, install or maintain any improvements of a public or private nature on or off the Property, or otherwise impose any obligations or liability on Seller, Buyer, or the Property;

h. All agreements, documents, studies and other materials delivered to Buyer are true, correct and complete copies of all such items;

i. The balance of all existing liens and mortgages will be satisfied at or before Closing, and Seller agrees to provide Buyer and Title Agent approvals from any lender to sell the Property for less than the balance owed to said lender, if any;

j. There is no violation of any law, regulation, ordinance, order or judgment affecting the Property;

k. Seller owns the Property in fee simple, subject only to those matters disclosed in the Title Commitment;

l. No default exists under the terms of any document disclosed in the Title Commitment.

At all times during the term of this Agreement and as of the Closing Date, all of Seller's representations, warranties and covenants in this Agreement will be true and correct; no representation or warranty by Seller contained in this Agreement and no statement delivered or information supplied to Buyer pursuant to this Agreement contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements or information contained in them or in this Agreement not misleading. The provisions of this section will survive the Closing.

15. **BROKER.** Except for Tommie Dawson Realty ("Broker"), Seller represents and warrants to Buyer that Seller has not dealt with any real estate broker, salesperson or finder in connection with the transaction contemplated by this Agreement. Except for a commission payable by Seller to Broker (the "Commission"), Seller represents and warrants that there is no other commission payable by Seller to any third party in connection with the transaction contemplated by this Agreement. Seller will defend, indemnify and hold Buyer harmless from and against any loss, liability, damage, cost, claim or expense (including reasonable attorney's fees) incurred by reason of any brokerage commission, finder's fee, or other fee(s) alleged to be payable because of any act, omission or statement of the Seller, including the Commission. For avoidance of doubt, Seller will be solely responsible for the payment of any commission or fee payable to any real estate broker, salesperson, or finder in connection with the transaction contemplated by this Agreement because of any act, omission or statement of the Seller, including the Commission. The indemnities and representations and warranties of the Seller in this Section 15 will survive the Closing.

16. **Damage, Destruction or Condemnation.**

a. Risk of Loss. Risk of loss to the Property occurring prior to the Closing Date will be borne by Seller.

b. Casualty Loss. In the event of loss, damage or destruction to the Property which prohibits or materially affects the development of the Intended Improvements by Buyer prior to Closing, Buyer may elect either (i) to proceed with Closing, without adjustment of the Purchase Price, and Seller will assign to Buyer all insurance proceeds received as a result of the loss, damage or destruction, or (ii) to terminate this Agreement, in which event the Deposits will be returned to Buyer. Seller will promptly notify Buyer in writing of any such material casualty loss to the Property.

Buyer will make such election within ten (10) business days following Seller's written notice to Buyer of the casualty event, and if such election is not timely made, Buyer will be deemed to have elected to terminate this Agreement.

c. Condemnation and Moratorium. In the event that any moratorium or condemnation or eminent domain proceedings are threatened, instituted, or commenced, or notice of intent to take all or any portion of the Property by condemnation or eminent domain is given, Seller will promptly notify Buyer in writing thereof accompanied by a sketch and a metes and bounds legal description of the portion of the Property which will be affected, in which event Buyer will have the option either (i) to terminate this Agreement and receive a refund of the Deposits or (ii) to consummate the purchase of the Property without reduction of the Purchase Price and the right to collect any condemnation award or compensation for such condemnation will be assigned by Seller to Buyer at Closing. Buyer must make such election within ten (10) business days following Seller's written notice to Buyer of the condemnation proceedings, and if such election is not timely made, Buyer will be deemed to have elected to terminate this Agreement.

17. **Default**. In the event that Buyer fails to perform its obligations herein and such failure is through no fault or failure of Seller to comply with its obligations hereunder, Seller may, as its sole, exclusive and absolute remedy, terminate this Agreement and retain, as full and complete agreed upon liquidated damages, the Deposits. If Seller refuses to close, despite its obligation to close hereunder, or if any of the representations, warranties and covenants of Seller will at any time on or before Closing be found to be false or misleading in any material respect, or if Seller is otherwise in default under the terms and provisions of this Agreement, Buyer may: (i) terminate this Agreement, obtain the return of its Deposits, and seek damages against Seller; or (ii) seek specific performance of Seller's obligations hereunder. Nothing contained herein shall be deemed to limit Buyer's rights or remedies (x) on account of any breach by Seller of any of its post-closing or post-termination obligations or (y) on account of any intentional breach of this Agreement by Seller to the extent that specific performance is not legally available.

Notwithstanding anything to the contrary herein, there shall be no default by Buyer with respect to any of its obligations herein unless and until Seller shall have provided Buyer with written notice of such default and Buyer shall have failed to cure said default within thirty (30) days of Buyer's receipt of such notice; provided, however, that if Buyer is unable to cure within said time period, Buyer shall have such additional time as is reasonably necessary to cure such default under the circumstances.

Notwithstanding anything to the contrary in this Agreement, Buyer shall not be liable to Seller for special damages, punitive damages, treble damages, consequential damages, loss of sales, damages from breaches of vendor or third-party contracts, lost profits, or lost goodwill. The provisions of this Section 17 survive Closing or the termination of this Agreement.

18. **Notice**. All notices, consents, approvals, waivers and elections which any party will be required or will desire to make or give under this Agreement will be in writing and given

by delivery in person, or sent by U.S. mail, return receipt requested, overnight courier, facsimile or electronic mail, as provided below:

To Buyer:	MHP ACQUISITIONS, LLC c/o McDowell Housing Partners, LLC 777 Brickell Ave, Suite 1300 Miami, Florida 33131 Attn: Christopher Shear Email: cshear@mcdhousing.com
With a copy to:	Nelson Mullins Riley & Scarborough LLP 390 N. Orange Avenue, Suite 1400 Orlando, Florida 32801 Attn: Roman Petra, Esq. Email: roman.petra@nelsonmullins.com
To Seller:	EMERALD HERNANDO, LLC 675 PONCE DE LEON BOULEVARD BROOKSVILLE, FL 34601 Attn: Earle B Hunnicutt Email: _____
With a copy to:	Tommie Dawson Realty 675 Ponce De Leon Blvd Brooksville, FL 34601 Attn: Buddy Selph Email: buddy@tommiedawson.com
To Escrow Agent:	Nelson Mullins Riley & Scarborough LLP 390 North Orange Ave., Suite 1400 Orlando, Florida 32801 Attn: Morry Osborn, Esq. Email: morry.osborn@nelsonmullins.com

Notices, consents, approvals, waivers and elections given or made as aforesaid will be deemed to have been dated, given and received: (i) three (3) business days after deposit with the U.S. Mail, postage prepaid, if sent by U.S. Mail, return receipt requested, (ii) the next business day after deposit with an overnight courier service, (iii) on the day of receipt if delivered in person, (iv) on the date of transmission, if transmitted by telecopier and confirmation of successful transmission is provided by such telecopier, (v) on the date of transmission, if transmitted by electronic mail.

19. **Assignment**. Buyer will be entitled to assign Buyer's rights and obligations under this Agreement to any other related entity owned by, controlled by, under common control, or affiliated with, Buyer without prior notice to, or the consent of, Seller. Any other assignment will require the prior written consent of Seller.

20. **Radon Gas Notice**. Pursuant to Florida Statutes Section 404.056(5), Seller hereby makes, and Buyer hereby acknowledges, the following notification:

RADON GAS: RADON IS A NATURALLY OCCURRING RADIOACTIVE GAS THAT, WHEN IT HAS ACCUMULATED IN A BUILDING IN SUFFICIENT QUANTITIES, MAY PRESENT HEALTH RISKS TO PERSONS WHO ARE EXPOSED TO IT OVER TIME. LEVELS OF RADON THAT EXCEED FEDERAL AND STATE GUIDELINES HAVE BEEN FOUND IN BUILDINGS IN FLORIDA. ADDITIONAL INFORMATION REGARDING RADON AND RADON TESTING MAY BE OBTAINED FROM YOUR COUNTY PUBLIC HEALTH UNIT.

21. **Escrow Agent**.

a. Escrow Agent undertakes to perform only such duties as are expressly set forth in this Agreement. Escrow Agent will not be deemed to have any implied duties or obligations under or related to this Agreement. Escrow Agent will have no responsibility in case of failure or suspension of business of the institution holding the Deposit.

b. Escrow Agent may: (a) act in reliance upon any writing or instrument or signature which it, in good faith, believes to be genuine; (b) assume the validity and accuracy of any statement or assertion contained in such a writing or instrument; and (c) assume that any person purporting to give any writing, notice, advice or instructions in connection with the provisions of this Agreement has been duly authorized to do so. Escrow Agent will not be liable in any manner for the sufficiency or correctness as to form, manner of execution, or validity of any instrument deposited in escrow, nor as to the identity, authority, or right of any person executing any instrument; Escrow Agent's duties under this Agreement are and will be limited to those duties specifically provided in this Agreement.

c. The parties to this Agreement do and will indemnify Escrow Agent and hold it harmless from any and all claims, liabilities, losses, actions, suits or proceedings at law or in equity, or other expenses, fees, or charges of any character or nature, including reasonable attorneys' fees and costs, which it may incur or with which it may be threatened by reason of its action as Escrow Agent under this Agreement, except for such matters which are the result of Escrow Agent's gross negligence or willful misconduct.

d. If the parties (including Escrow Agent) will be in disagreement about the interpretation of this Agreement, or about their respective rights and obligations, or about the propriety of any action contemplated by Escrow Agent, Escrow Agent may, but will not be required to, file an action in interpleader to resolve the disagreement; upon filing such action and depositing all amounts in escrow with the court, Escrow Agent will be released from all obligations under this Agreement. Escrow Agent will be indemnified for all costs and reasonable attorneys' fees, including those for appellate matters and for paralegals and similar persons, incurred in its capacity as escrow agent in connection with any such interpleader

action; Escrow Agent may represent itself in any such interpleader action and charge its usual and customary reasonable legal fees for such representation, and the court will award such reasonable attorneys' fees, including those for appellate matters and for paralegals and similar persons, to Escrow Agent from the losing party. Escrow Agent will be fully protected in suspending all or part of its activities under this Agreement until a final judgment in the interpleader action is received.

e. Escrow Agent may resign upon five (5) calendar days' written notice to Seller and Buyer. If a successor escrow agent is not appointed jointly by Seller and Buyer within the five (5) calendar-day period, Escrow Agent may petition a court of competent jurisdiction to name a successor.

f. Seller and Buyer acknowledge and agree that Escrow Agent is the law firm representing Buyer with regard to this Agreement and the transaction which is the subject hereof, and hereby waive any claim against Escrow Agent based upon a conflict of interest as a result of Escrow Agent serving in such dual capacities, excluding only actions by Escrow Agent constituting gross negligence or knowing and intentional misconduct. Seller further agrees that Escrow Agent will be permitted to represent Buyer in all aspects of this Agreement and the subject transaction, including, without limitation, any dispute with respect to the Deposits.

g. The provisions of this Section 21 will survive the Closing and also the cancellation of this Agreement.

22. **General Provisions**. The following general terms and conditions apply to this Agreement:

a. Singular/Plural – Masculine/Feminine. Words used herein in the singular will include the plural and words in the masculine/feminine/neuter gender will include words in the masculine/feminine/neuter where the text of this Agreement requires.

b. Titles. Headings in this Agreement are for convenience only.

c. Successors. The terms, covenants, and conditions of this Agreement will be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors, and assigns, except as herein limited.

d. Choice of Law. THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF FLORIDA AND THE LAWS OF THE UNITED STATES OF AMERICA APPLICABLE TO TRANSACTIONS WITHIN THE STATE OF FLORIDA. VENUE AND JURISDICTION FOR ANY ACTION BROUGHT HEREUNDER IS HEREBY AGREED TO BE PROPER AND LIE EXCLUSIVELY WITH THE APPROPRIATE COURT LOCATED IN HERNANDO COUNTY, FLORIDA.

e. Time. Time is of the essence in the performance of each and every one of the obligations of the parties to this Agreement. Unless otherwise specified, in computing any period of time described herein, the day of the act or event for which the designated period of time begins to run is not to be included and the last day of

the period so computed is to be included, unless such last day is a Saturday, Sunday or legal holiday, in which event the period will run until the end of the next day which is neither a Saturday, Sunday or legal holiday.

f. Jury Trial Waiver. IN THE EVENT THAT IT BECOMES NECESSARY FOR EITHER PARTY TO BRING SUIT TO ENFORCE THE TERMS OF THIS AGREEMENT, THEN EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY. THIS WAIVER IS MADE KNOWINGLY, VOLUNTARILY AND INTENTIONALLY.

g. Attorneys' Fees. In the event that there is an action brought either at law or in equity by either party against the other by reason of any matter or dispute arising out of this Agreement, the parties agree that the prevailing party in such litigation will be entitled to recover from the non-prevailing party the prevailing party's reasonable attorneys' fees therein, including fees incurred in bankruptcy proceedings or on appeal, plus court costs, and including such fees and costs incurred in establishing the right to recover such fees and costs and the amount to be recovered.

h. Liability Joint and Several. If more than one party is named herein as Seller, then such parties hereby agree that the liability of each hereunder will be joint and several.

i. Entire Agreement; Construction; Severability. This Agreement integrates and supersedes all other agreements and understandings of every character of the parties and comprises the entire agreement between them. This Agreement may not be changed, except in writing signed by the parties. No waiver of any rights or obligations hereunder will be deemed to have occurred unless in writing signed by both parties and no waiver will be deemed a waiver of any other or subsequent right or obligations. The parties acknowledge that the parties and their respective counsel have reviewed and revised this Agreement and, therefore, the normal rule of construction of contracts that any ambiguities are to be resolved against the drafting party will not be employed in the interpretation of this Agreement and any exhibits or amendments thereto. If any portion of this Agreement is held to be invalid or inoperative, the remainder of it will be deemed valid and operative, and effect will be given to the intent manifested by the portion held invalid or inoperative to the extent possible.

j. Counterpart Signatures. This Agreement may be executed in two or more counterparts, and it shall not be necessary that any one of the counterparts be executed by all of the parties hereto. Each fully or partially executed counterpart shall be deemed an original, but all such counterparts taken together shall constitute but one and the same instrument. This Agreement may be executed in multiple copies, and by telecopy or email PDF transmission, each of which shall be deemed to be an original for all purposes.

23. **Seller Confidentiality.** Seller acknowledges that the transaction described herein is of a confidential nature and Seller shall not, nor by any of their respective parents, subsidiaries, employees, or affiliates, except to partners of Seller and its, attorneys, lenders, potential equity sources, accountants, consultants, advisors, members and affiliates, as a result of any action required to be performed by a party under this Agreement, or as required by law. Prior to Closing, except as required by law, Seller shall not make any public disclosure of the specific terms of this Agreement, the negotiations concerning the Agreement, any letters of intent relating to the transactions contemplated by this Agreement, or any information obtained, disclosed to, and/or received by Seller in connection with this Agreement or the transactions contemplated hereby. Notwithstanding the foregoing, after Closing, Seller may disclose the amount of the Purchase Price for the Property to actual and/or potential investors and/or actual or potential lenders in similar projects of Seller (or its affiliates).

24. **Exclusive Right**. From and after the Effective Date, and during the term of this Agreement, Seller shall not discuss or negotiate the sale of the Property with any individual or entity other than Buyer.

(Signatures follow on next page)

IN WITNESS WHEREOF, the parties have executed this Agreement as of the Effective Date.

PARCEL CONTAINS 12.08 ACRES, MORE OR LESS.

ASSIGNMENT OF PURCHASE AND SALE AGREEMENT

THIS ASSIGNMENT OF PURCHASE AND SALE AGREEMENT (this "**Assignment**") is entered into as of July 9, 2024 (the "**Effective Date**"), by and between MHP ACQUISITIONS, LLC, a Delaware limited liability company ("**Assignor**"), and MHP HERNANDO I, LLC, a Florida limited liability company ("**Assignee**").

WHEREAS, Emerald Hernando, LLC, a Florida limited liability company (the "**Seller**") and Assignor entered into that certain Purchase and Sale Agreement, dated June 28, 2024 (the "**Agreement**"), for the purchase and sale of certain real property located in Hernando County, Florida and more particularly described in the Agreement (the "**Property**").

WHEREAS, Assignor desires to assign all of its rights and obligations under the Agreement to the Assignee and Assignee desires to assume all of the rights and obligations of Assignor under the Agreement.

WHEREAS, except as otherwise expressly provided for herein, capitalized terms used herein shall have the same meaning as set forth in the Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor and Assignee acknowledge and agree as follows:

1. Recitals Affirmed. The foregoing recitals are true and correct and by this reference incorporated herein.

2. Assignment. Assignor hereby assigns to Assignee all of Assignor's rights and obligations under the Agreement including, without limitation, all deposits thereunder and all rights to interest accrued thereon (if any).

3. Assumption. Assignee hereby accepts the assignment described above and agrees to be bound by the Agreement, and assumes and undertakes to pay, perform, and discharge, each and every one of the obligations, covenants, and conditions of the Assignor under the Agreement.

4. Miscellaneous. This Assignment may be executed in multiple counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Assignment. This Assignment may be executed by PDF, using an e-signature or digital transaction management platform such as DocuSign®, facsimile, email with PDF attachment, or other electronic means with the same force and effect as delivery of an original signature. This Assignment shall be governed by and construed in accordance with the laws of the State of Florida.

[*Signatures on following page*]

Employment Center Summary

Ekos at Grande Park is strategically located near a diverse array of employment centers, offering residents convenient access to job opportunities across healthcare, retail, utilities, and commercial services. Major employers within close proximity include **HCA Florida Oak Hill Hospital** (2.1 miles), a regional healthcare hub providing both medical and support employment, and **Withlacoochee River Electric Cooperative** (0.5 miles), a significant utility service provider in the region.

Retail and commercial employment options are abundant, with major shopping centers such as **Lakewood Plaza**, **Cortez Commons**, **Coastal Landing**, and **Western Way Shopping Center** all within a 3 to 3.5-mile radius. These centers host national retailers, grocery stores, restaurants, and service providers, supporting a wide range of job types from entry-level to skilled positions. The site's location ensures residents have ample access to stable and varied employment within a short commuting distance.

NOTES:

1. THIS PLAN IS FOR MASSING PURPOSES ONLY. A MORE DETAILED PLAN WILL BE REQUIRED TO CONFIRM PROJECTED YIELD.
2. BUILDING FOOTPRINTS WERE TAKEN FROM PREVIOUS PROJECTS AND MODIFIED TO MEET THE MIX. THESE FOOTPRINTS ARE SUBJECT TO CHANGE. THE PROJECT ENGINEER SHOULD CONFIRM THAT ALL ARCHITECTURAL INFORMATION IS CURRENT BEFORE THE RELEASE OF ANY PERMITS.
3. THE BOUNDARY WAS TAKEN FROM THE LOCAL ONLINE GIS DATABASE.
4. A FIELD RUN TOPOGRAPHIC SURVEY IS NOT AVAILABLE AT THIS TIME. ADJUSTMENTS TO THE LAYOUT DUE TO GRADING CONCERNS MAY BE REQUIRED ONCE A TOPOGRAPHIC SURVEY HAS BEEN PROVIDED.
5. A DETAILED ANALYSIS OF STATE, COUNTY, AND CITY ORDINANCES GOVERNING THE DEVELOPMENT OF THIS PROJECT HAS NOT BEEN PERFORMED. ORDINANCE ANALYSIS WILL BE REQUIRED TO CONFIRM PROJECTED YIELDS.
6. ALL RESIDENTIAL BUILDINGS ARE 3-STORY.

ASSUMPTIONS:

1. THE LOCATION AND SIZE OF THE STORM WATER MANAGEMENT FACILITY IS ASSUMED TO BE ADEQUATE. THE FINAL LOCATION AND SIZE WILL NEED TO BE DETERMINED BY THE PROJECT ENGINEER.
2. THIS SITE IS LOCATED IN HERNANDO COUNTY,FL.
3. THIS SITE IS ZONED PDP. ZONING CRITERIA WAS TAKEN FROM THE ZONING PETITION AND STAFF REPORT DATED 9-2019.
4. THE ACCESS OFF US 19 WILL BE ALLOWED AS SHOWN. THE PDP SHOWS AN ACCESS POINT AT THAT LOCATION. THE LOCATION OF THE 50' REVERSE FRONTAGE ROAD WAS TAKEN FROM THE PDP.
5. THIS PLAN ASSUMES THE FOLLOWING STATEMENT FROM CHAPTER 18 OF THE FLORIDA FIRE PREVENTION CODE APPLIES TO THIS SITE:
   5.1. Fire access roads shall be provided such that any portion of the facility or any portion of an exterior wall of the first story of the building is located not more than 150 ft from fire access roads. When buildings are protected throughout with an approved automatic sprinkler system that is installed in accordance with NFPA 13, NFPA 13D, NFPA 13R, the distance shall be permitted to be increased to 450 ft.
6. THIS PLAN ASSUMES NO ADDITIONAL ROW DEDICATION IS REQUIRED ALONG THE FRONTAGE OTHER THAN WHAT IS SHOWN.
7. NO TREE SURVEY HAS BEEN PERFORMED ON THIS SITE. THIS PLAN ASSUMES REMOVAL OF EXISTING TREES WILL BE PERMITTED TO ALLOW DEVELOPMENT AS SHOWN.
8. THE NUMBER AND LOCATION OF DUMPSTERS IS ASSUMED TO BE ADEQUATE AS SHOWN.

Marketing Plan

Ekos at Grande Park – Marketing Plan

Ekos at Grande Park will be marketed through a comprehensive and strategic outreach plan designed to ensure strong visibility among income-eligible households in Hernando County and surrounding areas. Marketing efforts will be led by a professional property management firm with deep experience in leasing affordable housing in compliance with Florida Housing Finance Corporation (FHFC) and Fair Housing regulations.

The core of our digital marketing strategy will involve targeted advertising through platforms such as Conversion Logix and Dyverse, allowing us to reach prospective tenants within specific ZIP codes and income ranges that align with the property's LIHTC income restrictions. Listings will also be placed on high-traffic rental platforms such as Apartments.com, Zillow, and Apartment List, ensuring maximum online visibility. These digital campaigns are highly effective in generating quality leads during lease-up and maintaining waitlists thereafter.

In addition, the development will be actively marketed to major local employers whose workforce may qualify for affordable housing, helping to connect the property with working families. Further outreach will include direct coordination with local nonprofit organizations, government agencies, and housing assistance providers who support affordable housing programs and can refer income-eligible applicants.

To support community-based outreach, MHP Hernando I, LLC will enter into a Memorandum of Understanding (MOU) with at least one local referral agency to provide tenant referrals for the project's Extremely Low Income (ELI) units set aside for households at or below 40% of AMI. These referral agencies will serve specialized populations that qualify as "Special Needs Households" under Section 420.0004(13) of the Florida Statutes, including:

- Adult persons requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition
- Young adults formerly in foster care who are eligible for services under s. 409.1451(5)
- Survivors of domestic violence as defined in s. 741.28
- Individuals receiving Social Security Disability Insurance (SSDI), Supplemental Security Income (SSI), or veterans' disability benefits

These populations, along with frail elders, individuals experiencing homelessness, and people with disabilities, often face significant barriers to obtaining safe, stable, and affordable housing. MHP Hernando I, LLC is committed to working with referral partners to help bridge this gap by offering housing matched with accessible supportive services where needed.

All marketing and outreach efforts will be conducted in accordance with the Fair Housing Act, Section 504, and the Americans with Disabilities Act (ADA), and will follow FHFC requirements for affirmative marketing and waitlist management. This multifaceted strategy ensures equitable access, targeted support for vulnerable populations, and meaningful engagement with the Hernando County community.

Company Financial Statements

Ekos at Grande Park – Company Financials

Notice of noncompliance

Dear Mr. Shear,

Attached is the Annual Management Review and Physical Inspection Report for the above referenced property which was conducted on July 16, 2024. Please acknowledge by executing a copy of the signature page and returning it to AmeriNat no later than July 26, 2024. A written response stating how the discrepancies listed have been corrected is due by August 15, 2024 to both AmeriNat and the Florida Housing Finance Corporation (FHFC). This response can be a signed PDF emailed to both offices. **Per FHFC a hard copy is not necessary.**

(HC Only 1-15 years noncompliance Federal period of most recent allocation)
This letter will serve as notice to you, that pursuant to Treasury Regulation Statutes 1.42-5(e)(2) the project is not in compliance with the provisions of Section 42 of the Internal Revenue Code of 1986, as Amended (the "Code"). The Florida Housing Finance Corporation is required to report this non-compliance on Form 8823, "Low-Income Housing Credit Agencies Report of Non-Compliance" to the Internal Revenue Service (IRS) and must also report whether or not the non-compliance has been corrected. It is important to cure discrepancies in a timely manner in order for the IRS Report to indicate corrections have been completed.

It was a pleasure visiting your property. Should you have questions or concerns regarding the Review and Physical Inspection, please contact me.

Sincerely,

Deanne Ruble

Notice of noncompliance **REVISED**

Dear Mr. Shear,

Attached is the Annual Management Review and Physical Inspection Report for the above referenced property which was conducted on February 3, 2025. Please acknowledge by executing a copy of the signature page and returning it to AmeriNat no later than **February 24, 2025.** A written response stating how the discrepancies listed have been corrected is due by **March 14, 2025** to both AmeriNat and the Florida Housing Finance Corporation (FHFC). This response can be signed PDF emailed to both offices. **Per FHFC a hard copy is not necessary.**

It was a pleasure visiting your property. Should you have questions or concerns regarding the Review and Inspection, please contact me.

(HC Only 1 15 years noncompliance Federal period of most recent allocation)
This letter will serve as notice to you, that pursuant to Treasury Regulation Statutes 1.42-5(e)(2) the project is not in compliance with the provisions of Section 42 of the Internal Revenue Code of 1986, as Amended (the "Code"). The Florida Housing Finance Corporation is required to report this non-compliance on Form 8823, "Low-Income Housing Credit Agencies Report of Non-Compliance" to the Internal Revenue Service (IRS) and must also report whether or not the non-compliance has been corrected. It is important to cure discrepancies in a timely manner in order for the IRS Report to indicate corrections have been completed.

Sincerely,

Raymond J. Cee II

Florida Housing Finance Corporation Local Government Verification Of Contribution Form

Name of Development: The Palms of Spring Hill

Development Location: 11323 County Line Road, Spring Hill, FL 34609, Hernando County

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

Information regarding the Contribution*

Type of the ONE contribution to be used as a source*	Face amount of ONE contribution*	Net present value amount, if applicable	Contribution amount (face amount minus net present value)
Fee Deferral	$ 0.00	$ 0.00	$ 0.00
Fee Waiver	$ 0.00	Not applicable	Not applicable
Grant	$ 50,000.00	Not applicable	Not applicable
Loan to be repaid	$ 0.00	$ 0.00	$ 0.00
Loan with forgiveness	$ 50,000.00	Not applicable	Not applicable

*Each form can be used for one type of funding contribution. Use multiple forms if contributing multiple types of funding sources to the same Development (e.g. a combination of loans and grants).

This contribution will not be considered Local Government Area of Opportunity funding. In certain RFAs, this contribution may make the Development eligible for points or other preferences in the selection process. There is no limit on the number of such contributions the Local Government stated above may make to Developments competing in the same RFA. Additionally, loans and grants will be eligible to be considered as a source of funding for the Development.

Certification

This amount is valid for 12 months from the date signed and may be used in any RFA in which the Applicant applies during that time unless a specific RFA is designated here: 2025-201. (Designate an RFA number here if the contribution is only valid in a specific RFA and not intended to be submitted in any other RFA.)

The city/county of Hernando County commits the contribution stated above for the Applicant for its use solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

	Brian Hawkins
Signature	Print or Type Name
Chairman, Board of County Commissioners	
Print or Type Title	Date Signed

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, such as the Mayor, City Manager, County Manager/Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons as described above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

Florida Housing Finance Corporation Local Government Area Of Opportunity Funding Form

Name of Development: Ekos at Grand Park

Development Location: East Side of US 19, 2100 feet NE of the intersection of US 19 and Cortez Blvd, Hernando County, FL

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

The city/county of Hernando commits $_____ as a cash grant and/or commits $ 340,000.00 as a cash loan to the Applicant for its use solely for assisting the proposed Development referenced above.

Acknowledgements

The contribution is intended to be a Local Government Area of Opportunity Contribution for use in RFA 201, making this Development potentially eligible for the Local Government Area of Opportunity Goal.

The city/county stated above acknowledges that the RFA allows each city and county to contribute funding in the form of a cash loan and/or cash grant to a maximum of one Development. The city/county stated above has contributed Local Government Area of Opportunity funding only for the above-named Development and has not contributed Local Government Area of Opportunity to any other Development competing in this same RFA.

I have read and understand the Local Government Area of Opportunity qualifications of the above referenced RFA, which includes understanding that the city/county stated above may receive lower preference for the Local Government Area of Opportunity Goal in a future corresponding RFA for up to two years.

No consideration or promise of consideration has been given with respect to the loan or grant. For purposes of the foregoing, the promise of providing affordable housing does not constitute consideration. The commitment for this loan or grant must be effective as of the Application Deadline for the applicable RFA and is provided specifically with respect to the proposed Development.

Certification

The contribution stated above is for the Applicant's use and is solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

Local Government Contribution for Florida Housing Finance Corporation Multifamily Affordable Rental Housing Development/Rehabilitation Application

A. Applicant Information

1. Applicant Name: Vesta FL AH Partners I, LLC

Must be a legally formed entity (i.e., limited partnership, corporation, etc.) qualified to do business in the State of Florida at the time of submission of application. Include a copy of the certificate of good standing from the Florida Secretary of State.

Address: 1921 Gallows Road, Suite 700, Vienna, VA 22182

Telephone: (703) 996-4134

Facsimile/email: kgeans@middleburg.com

2. If partnership, name of general partner(s):

Managing General Partner: Middleburg Vesta FL AH Partners I, LLC

General Partner: Newstar Vesta FL AH Partners I, Inc.

If corporation, name and title of executive officer: _____

_____

Address:_____

Telephone:_____

Facsimile/email:_____

3. Developer Entity: Newstar Development, LLC & Middleburg Communities, LLC

Relationship to Applicant: Newstar Development, a Tampa-based affordable housing developer, and Middleburg Communities have partnered to redevelop the subject parcel into a 84-unit, 100% affordable housing complex. The principals at Newstar and Middleburg are the principals of the Managing General Partner and General Partner of the Applicant.

Address of Developer: Middleburg: 1921 Gallows Road, Suite 700, Vienna, VA 22182

Newstar: 4144 N Armenia Ave, Suite 360, Tampa, FL 33607

Telephone: Middleburg: (703) 996-4134. Newstar: (813) 608-4144.

Facsimile/email: Middleburg: kgeans@middleburg.com. Newstar: brian@newstar-development.com.

Describe the Developer's involvement and ownership interest in this development: Newstar has extensive experience in the development of affordable housing properties in Florida utilizing the Low-Income Housing Tax Credit (LIHTC) program, in addition to sourcing funding from local and state programs. Middleburg has experience developing LIHTC properties outside of the State of Florida, and is eager to enter into the affordable housing development industry in Florida. Ownership interest in the development includes a .0049% interest by Newstar, a .0051% interest by Middleburg, and a 99.99% interest by a TBD limited partner that will be identified once the partnership is awarded tax credits. Please find an organizational chart included as Attachment #14, and resumes for both Newstar and Middleburg included as Attachment #16 which has information on developments Newstar has completed in nearby Pinellas County (St. Petersburg, Seminole, Tarpon Springs).

4. Years of Affordable Housing Development Experience: 25+ years

5. Designated contact person (person with decision –making authority with whom the County will correspond concerning the application and Development) for Applicant/ Borrowing Entity (not the consultant):
Brian Evjen

6. Relationship to Applicant: Brian is the President of Newstar and the Principal of the General Partner Entity with a .0049% ownership interest.

Address of Developer: 4144 N Armenia Ave, Suite 360, Tampa, FL 33607

Facsimile/email: brian@newstar-development.com

5. Is there a consultant: Yes: ____ No: X

Name: _____
Company Name: _____
Address: _____
_____
Telephone: _____
Facsimile/Email: _____

6. For Applicant and Developer entities, attach a list of all general and limited partners and the officers, directors and shareholders of each as of the date of this application: Please refer to the FHFC approved principal disclosure included as Attachment #13, and the organizational chart included as attachment #14 which contain all relevant applicant and developer entity information.

7. Applicant's Federal Taxpayer Identification Number: 99-4020159

8. Is the Applicant or its general partner incorporated as a non-profit organization pursuant to Chapter 617, Florida Statutes? Yes: ___ No: X

9. Is this a 501c (3) or 501c (4) non-profit organization pursuant to Section 42 of the Internal Revenue Code?
Yes: ____ No: X

If yes, provide the following:

a. Attach evidence of non-profit status.

b. Describe the role of the non-profit organization in the development.

c. Does the non-profit organization have an ownership interest, either directly or indirectly in the Development? Yes: ___ No: ___

d. Attach the names and address of the governing board of the non-profit organization.

e. Is the purpose of the non-profit organization, in part, to foster low-income housing? If so, provide a copy of the Articles of Incorporation.

f. Year non-profit organization was incorporated: _____

g. Is the non-profit affiliated with or controlled by a for-profit organization within the meaning of Section 42(h), Internal Revenue Code? Yes: ___ No: ___

If yes, name of For-Profit: _____

B. Development Information

1. Development Name: Vesta at Osowaw

2. Development location and street address (indicate street names, city and zip code): The parcel is currently vacant and does not have a formal street address, as confirmed by the Hernando County Property Appraiser. The parcel can be identified with parcel key number 01695419 or parcel number R29 223 17 2608 0000 0031.

ATTACHMENT #1
DEVELOPMENT SUMMARY

VESTA AT OSOWAW DEVELOPMENT SUMMARY

Vesta at Osowaw will consist of 84 new construction family attainable and workforce housing units to be contained in two three-story garden apartment buildings. The units will consist of 68 one-bedroom units and 16 two-bedroom units. The one-bedroom units will be approximately 860 square feet and the two-bedroom units will be approximately 1,220 feet. All units will be set aside for residents earning at or below 80% of the area median income (AMI). The set-asides chosen for this development were chosen to not just meet the need for affordable housing for extremely low income (30% AMI) and low-income (60% AMI) residents, but to also supply the demand for workforce housing (80% AMI) in Hernando County. The income restrictions for each of the above-mentioned AMI set-aside levels are laid out in the below table.

Percentage AMI	Income Limit by Number of Persons in Household			
	1	2	3	4
30% AMI	$21,900	$25,020	$28,170	$31,290
60% AMI	$43,800	$50,040	$56,340	$62,580
80% AMI	$58,400	$66,720	$75,120	$83,440

Vesta at Osowaw will include an on-site clubhouse with leasing office, community room with kitchen and dining area, fitness center, computer lab, and training space. The development will also have a neighborhood park area with a playground, and all units will have a full appliance package with refrigerator, range, microwave, garbage disposal, and a washer and dryer in each unit. Units will also have programmable thermostats and ceiling fans in bedrooms and living space. Additional scope of work for the development includes the construction of a dedicated drainage and retention area and paving of parking stalls in accordance with the land development code + 10% holiday parking. Approximately 7.9 acres of the total 13.6-acre site will be rezoned to Conservation (CV) and will comply with all requirements and regulations for land designated CV set forth in Hernando County's Land Regulations.

On February 25th, 2025, Hernando County approved a resolution that confirmed the rezoning of Vesta at Osowaw with modified performance conditions. We have included this as Attachment #12 for your reference.

HERNANDO COUNTY REAL ESTATE TAXES

Newstar is projecting that upon completion, Vesta at Osowaw will paying approximately $78,000 in annual real estate taxes to Hernando County based on similar completed affordable housing developments in the County. This results from Newstar not having a public housing authority (PHA) partner as a co-developer, and that Vesta at Osowaw will be serving the family demographic. Affordable housing developments with PHA partners, or ones that serve the elderly demographic, are often eligible for 100% ad-valorem real estate tax exemptions.

ATTACHMENT #2
FHFC FUNDING SOURCES

FHFC Funding Sources

The only funding source that would come directly from the Florida Housing Finance Corporation for Vesta at Osowaw would be the 9% Low-Income Housing Tax Credit (LIHTC), and Newstar anticipates requesting a LIHTC allocation of $2,740,000. Vesta at Osowaw is located in a 2025 Geographical Area of Opportunity (GAO), which provides a 130% basis boost for the tax credits as well as improves our leveraging classification with FHFC. With projected tax credit pricing of $0.86, Newstar projects to receive $23,561,644 in LIHTC equity for the development.

FHFC has set a goal to fund one family development in a Medium County that is located in a GAO. Combining this GAO goal with the goal to fund three Medium County developments with LGAO gives Vesta at Osowaw a substantially higher chance of getting funded when compared to similar Medium County applications that apply with just LGAO.

Proposed LGAO Terms

In our current development model, Newstar assumes that the $340,000 LGAO commitment from Hernando County comes in the form of a loan that is paid back from available cash flow. Newstar is open to negotiating principal and interest payments with Hernando County if this is something the County would like to explore, so long as the loan does not mature prior to the 1st position permanent loan.

Please find a table that breaks down the funding sources for Vesta at Osowaw below, and the full sources and uses on the following page.

Source	Amount
9% Low Income Housing Tax Credit Equity	$23,561,644
Permanent Loan	$5,000,000
Deferred Developer Fee	$28,110
Hernando County LGAO	$340,000

SITE CONTROL – PURCHASE & SALE AGREEMENT

PURCHASE AND SALE AGREEMENT

THIS PURCHASE AND SALE AGREEMENT (this "Agreement") is made and entered into as of this 23rd day of April, 2024 (the "Effective Date") by and between **MIDDLEBURG REAL ESTATE PARTNERS, LLC**, a Virginia limited liability company, or its assigns ("Purchaser"), and **RAYSOR VENTURES, LLC**, a Florida limited liability company ("Seller").

NOW THEREFORE, in consideration of the covenants and agreements of the parties hereinafter contained and other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Purchaser and Seller, intending to be legally bound, hereby agree as follows:

1. **Property.** Subject to the terms and conditions set forth herein, Seller agrees to sell and Purchaser agrees to purchase approximately 4.6 acres of developable land located off Osowaw Blvd, Spring Hill, Florida 34607 (the "Property") consisting of a portion of that tract designated by Hernando County as Parcel I.D. R29-223-17-2608-0000-0031 (the exact location of which shall be reasonably agreed to by Purchaser and Seller on or before receipt of the LIHTC Award, as hereinafter defined), together with all and singular the rights and appurtenances pertaining to such Property, including any right, title and interest of Seller in and to any adjacent streets, alleys or rights-of-way and all development, density, air, and water rights attributable to or arising therefrom. Purchaser intends to develop the Property as an affordable housing project ("Purchaser's Intended Use").

2. **Purchase Price.** The purchase price for the Property shall be One Million Seven Hundred Fifty Thousand and No/100 Dollars ($1,750,000.00), subject to adjustments, credits and prorations as hereafter provided (the "Purchase Price"). The Purchase Price, as adjusted in accordance with the terms of this Agreement, shall be paid in full at the Closing (as defined in Section 8 below) by wire transfer or other immediately available funds, as directed by Escrow Agent (as defined in Section 4 below). This Agreement is effective as of the Effective Date.

3. **Intentionally Omitted.**

4. **Deposit.** Within three (3) business days of the Effective Date, Purchaser shall deliver to Terra Nova Title & Settlement Services, having offices at 1211 Connecticut Avenue, NW, Suite 401, Washington, D.C. 20036 (the "Escrow Agent") the amount of Twenty-Five Thousand and No/100 Dollars ($25,000.00) as earnest money (the "Initial Deposit"), which shall be held by Escrow Agent in accordance with the terms and conditions of this Agreement and applied to the Purchase Price at Closing if the purchase and sale contemplated hereunder is consummated. As used herein, the term "Deposit" shall collectively mean the Initial Deposit and the Extension Deposit, if made in accordance with Section 8 below. The Deposit shall be applied to the Purchase Price at Closing and shall be non-refundable, except as otherwise expressly set forth in this Agreement.

5. **Purchaser's Inspection Period.**

(a) During the period commencing on the Effective Date through 5:00 p.m. ET on that date which is sixty (60) days following Purchaser's receipt of the LIHTC Award (as defined

in Section 38 hereof) (the "Inspection Period"), and continuing thereafter through the Closing Date (as defined in Section 8 below), Purchaser may investigate all matters relating to the Property, including, without limitation, the suitability of the soil for construction, the feasibility of constructing the facility, the status of title, and may perform such other studies, tests, inspections and surveys of the Property as Purchaser may deem advisable in its sole discretion. Seller agrees to cooperate and assist Purchaser to the extent reasonably requested in connection with such investigations.

(b) Purchaser shall satisfy itself during the Inspection Period with respect to such matters as the availability and capacity of potable water and sewer services, installation of electricity and natural gas, and telecommunications services as well the amount of fees owed by Purchaser for such services, including but not limited to impact fees and tap-in fees to be paid by Purchaser.

(c) Purchaser shall have the right to terminate this Agreement for any or no reason by written notice to the Seller given on or before the expiration of the Inspection Period and to receive a full refund of the Deposit (less the Non-Refundable Deposit, as hereinafter defined, if applicable). Upon such termination and return of the Deposit, the parties shall not have any further liability or obligations to each other, except as to the Purchaser's indemnity obligations to Seller contained below in Section 5(d).

(d) Purchaser shall indemnify, defend and hold harmless Seller, its employees, officers, shareholders and directors from all claims, actual damages and losses (but not consequential, special, exemplary or punitive damages or losses) arising by reason of the actions of Purchaser, its agents and consultants on the Property. Purchaser agrees to promptly satisfy or cause the release of any mechanics' liens which arise by reason of Purchaser's actions and if requested by Seller, upon the termination of this Agreement. This indemnity shall not extend to, and Seller hereby releases Purchaser from liability for, any claims, damages or other liability resulting from or related to: (i) the acts or omissions of Seller, its employees, officers, shareholders, directors, agents, employees or contractors, (ii) any existing environmental condition with respect to the Property, or other deficiencies in the Property, that may be discovered by Purchaser as a result of its investigations under this section, or (iii) any disclosure of such matters by Purchaser or its consultants to a governmental agency that Purchaser reasonably believes may be required by applicable law. The obligation of Purchaser to indemnify and hold Seller, its employees, officers, shareholders and directors harmless as set forth in this section shall specifically survive termination of this Agreement for a period of one (1) year.

6. **Title.**

(a) During the Inspection Period, Seller shall obtain and deliver to Purchaser, at Seller's expense, a commitment for an owner's policy of title insurance on the standard form ALTA owner's policy in the amount of the Purchase Price (the "Title Report") from the Anne Pollack, Fletcher Fischer Pollack, PL, currently having offices at 433 Central Avenue, Suite 400, St. Petersburg, FL, 33701 (the "Title Company"). Purchaser may, at its option and sole cost, obtain an ALTA/ACSM Land Title Survey of the Property (the "ALTA Survey"). Purchaser shall have until the date that is ten (10) days prior to expiration of the Inspection Period to give Seller written notice of any objections to any matters reflected on the Title Report or the ALTA Survey. Within

five (5) days of the Effective Date, Seller agrees to provide Purchaser with a copy of its existing owners policy of insurance and existing survey for the Property, and Seller agrees to provide such other reasonable assistance as Purchaser may request relating to Seller's title to the Property. Purchaser agrees to give Seller a copy of the Title Report to assist Seller in the preparation of the Deed (as hereinafter defined). Notwithstanding any provision to the contrary contained in this Agreement, Seller agrees to satisfy or obtain releases for all mortgages, judgments, tax liens, mechanics' liens or other similar sum certain liens encumbering the Property at Closing.

(b) In the event that Purchaser shall object to any title matter or any matter reflected on the ALTA Survey during the Inspection Period and Seller shall fail or refuse to satisfy Purchaser's objections within ten (10) days of receipt of written notice of such objections, Purchaser shall have the option, exercisable on or before expiration of the Inspection Period, of accepting title subject to such matters (other than any encumbrances which can be satisfied by the payment of money and shall be satisfied or released pursuant to Section 6(a), above) or of receiving a return of the Deposit (less the Non-Refundable Deposit, if applicable) and terminating this Agreement without further liability of either party to the other, except for any liability or obligations which expressly survive the termination of this Agreement.

(c) Seller shall convey and Purchaser shall accept title to the Property by a special warranty deed (the "Deed"), subject only to such encumbrances or restrictions as are contained in the Title Report not objected to by Purchaser (other than any encumbrances which can be satisfied by the payment of money and shall be satisfied or released per Section 6(a), above, and standard exceptions which shall be deleted on Purchaser's final title policy pursuant to affidavits, certificates or other documents required to be furnished by Seller at Closing), or as may otherwise be described in this Agreement (collectively the "Permitted Encumbrances"). If requested by Purchaser, Seller shall also deliver a quit claim deed of the Property based on the legal description contained in the ALTA Survey.

7. **Permitting Period.**

(a) Purchaser shall use commercially reasonable efforts to obtain, at its sole cost and expense, all entitlements, zoning approvals, and final site plan approval from Hernando County Zoning Department (collectively, the "Zoning Approvals") to permit development of the Property for Purchaser's Intended Use. Seller shall reasonably cooperate with Purchaser to obtain the Zoning Approvals. The date upon which Purchaser has obtained the Zoning Approvals, with all appeal periods relating to such Zoning Approvals having expired, is hereinafter referred to as the "Zoning Approval Date". In the event Purchaser does not obtain the Zoning Approvals on or before the date that is two hundred forty (240) days after the Effective Date (the "Outside Zoning Approval Date"), then Purchaser shall have the right, exercisable in its sole and absolute discretion, to terminate this Agreement by written notice to Seller, in which event the Deposit shall be returned to Purchaser and neither party shall have any further liability to the other except as expressly set forth herein.

(b) Following expiration of the Inspection Period, Purchaser shall use commercially reasonable efforts to obtain, at its sole cost and expense, all permits with the applicable jurisdictions having authority over the Property (collectively, the "Project Permits") to enable development of the Property for Purchaser's Intended Use. Purchaser shall use

commercially reasonable efforts to obtain the Project Permits on or before the date that is two hundred seventy (270) days after expiration of the Inspection Period (the "Permitting Period"). In the event Purchaser does not obtain the Project Permits prior to expiration of the Permitting Period, then Purchaser shall have the right, exercisable in its sole and absolute discretion, to terminate this Agreement by written notice to Seller, in which event the Deposit shall be disbursed to Seller and neither party shall have any further liability to the other except as expressly set forth herein.

8. **Closing.**

(a) Subject to satisfaction of the closing conditions set forth in Section 9 below, the consummation of the transaction contemplated hereby (the "Closing") shall occur on or before the date which is thirty (30) days following the expiration of the Permitting Period (the "Closing Date"). Notwithstanding the foregoing to the contrary, Purchaser shall have one (1) option exercisable at Purchaser's sole discretion to extend the Closing Date for an additional period of forty-five (45) days upon written notice to Seller prior to the then scheduled Closing Date and the payment of an additional earnest money deposit of Twenty-Five Thousand and No/100 Dollars ($25,000.00) (the "Extension Deposit"). The Extension Deposit when made shall be held by the Escrow Agent and paid or applied in all instances in the same manner as the Initial Deposit is paid or applied hereunder. The Closing shall be held at the offices of Escrow Agent or such other location as the parties shall mutually designate. Notwithstanding the foregoing, in lieu of making a personal appearance at the place of Closing, either Seller or Purchaser may cause its documents and other deliveries to be delivered and tendered in escrow with the Title Company on or prior to the Closing.

(b) Notwithstanding the foregoing or anything to the contrary contained herein, Purchaser and Seller acknowledge and agree that, as of the date of this Agreement, the global novel coronavirus pandemic (sometimes referred to as COVID-19, and hereinafter "Coronavirus") and resulting government-mandated quarantines and shutdowns of governmental offices instrumental to commercial real estate transactions (such as recording offices) present serious operational, logistical and economic challenges to both parties, the extent and severity of which are not yet known or knowable. Given the potential for Purchaser to experience delays resulting from the Coronavirus (i) in conducting in-person investigations of the Property, (ii) obtaining third-party due diligence reports and lender approvals, and/or (iii) in being able record documents, the Coronavirus shall be included as an event of Force Majeure (as hereinafter defined) for all purposes of this Agreement. For purposes of this Agreement, "Force Majeure" shall mean a delay due to acts of God, governmental restrictions, stays, judgments, orders, decrees, enemy actions (including acts of terrorism), civil commotion, strikes, work stoppages, shortages of labor or materials, the Coronavirus or any other cause whatsoever beyond the reasonable control of Purchaser. Whenever a period of time is herein prescribed or allowed for the taking of any action by Purchaser, Purchaser shall not be liable or responsible for, and there shall be excluded from the computation of such period of time, any delays due to events of Force Majeure. For the avoidance of doubt, and not as a limitation on the foregoing, to the extent an event of Force Majeure reasonably impacts any periods, dates or milestones set forth in this Agreement which are, to at least some extent, tied to or dependent on (i) conducting in-person investigations of the Property, (ii) obtaining third-party due diligence reports and lender approvals, and/or (iii) recording documents in connection with the Closing, including, without limitation, the Project Permits and Closing Date, any such periods, dates or milestones shall be automatically extended by the number of days reasonably attributable

to the number of days of delay caused by any such event of Force Majeure. Once delays due to such event of Force Majeure have subsided or substantially subsided, the parties shall cooperate in good faith to determine the actual, reasonable and fair tolling period attributable thereto.

9. **Closing Conditions.** Notwithstanding any provision in this Agreement to the contrary, and without limiting other rights of Purchaser set forth herein, the obligations and liabilities of Purchaser hereunder shall in all respects be conditioned upon the satisfaction of each of the following conditions, any of which may be waived by written notice from Purchaser to Seller. If any of the conditions set forth below remain unsatisfied as of the Closing Date, then Purchaser may terminate this Agreement by written notice to Seller and receive an immediate return of the entire Deposit (including the Non-Refundable Deposit) and the parties shall not have any further liability or obligations to each other, except for any liability or obligations which expressly survive the termination of this Agreement. Purchaser's election not to terminate this Agreement if less than all such conditions are satisfied by such date shall not affect the validity of such conditions or limit Purchaser's rights with respect to such conditions as may be applicable pursuant to other provisions of this Agreement.

(a) Seller shall have complied with and otherwise performed each of the covenants and obligations of Seller set forth in this Agreement;

(b) All representations and warranties of Seller as set forth in this Agreement shall be in all respects true and correct as of the Closing Date;

(c) From the Effective Date through the Closing Date, there will have been no material, adverse change to the existing improvements, topography or landscaping (including, without limitation, trees) located upon the Property and no material waste shall have occurred thereon; to the extent controllable by Seller.

10. **Title; Deed Restrictions.** At Closing, Seller shall deliver good and marketable title to the Property as will enable the Title Company to issue to Purchaser an Owner's Policy of Title Insurance in the current ALTA form available in the State of Florida covering the Property in the full amount of the Purchase Price, free and clear of all liens, mortgages, security interests, charges, encumbrances, encroachments, easements, assessments, restrictions, reservations, covenants, agreements or restrains on transfer, other than the Permitted Encumbrances (as defined in Section 6(c) above).

11. **Seller's Knowledge.** The term "Seller's Knowledge" shall mean the actual, conscious knowledge of Michael D. Raysor (the "Designated Representative") and such term shall not imply any duty of inspection other than inspection of any relevant files and records in the possession or control of the Designated Representative and shall not imply a duty to make physical inspections or tests of the Property. Seller hereby represents that the Designated Representative is in the best position to have actual knowledge about the representations and warranties made by Seller in Section 12 hereof.

12. **Representations and Warranties of Seller.** To induce Purchaser to enter into this Agreement, Seller represents and warrants as of the Effective Date and as of the Closing Date with the same effect as if made on and as of the Closing Date as follows:

(a) Seller is a limited liability company duly organized and validly existing under the laws of the State of Florida, with full power and authority to conduct its business as now conducted, own its assets and enter into and perform its obligations under this Agreement. Seller's execution, delivery and performance of this Agreement and the sale to Purchaser of the Property have been or will be duly authorized by all requisite action on the part of Seller, and this Agreement constitutes, and all instruments and documents to be executed and delivered by Seller hereunder shall constitute, Seller's legal, valid and binding obligations, enforceable against Seller in accordance with their respective terms.

(b) The execution and delivery of this Agreement and the consummation of the transactions herein contemplated in compliance with the terms and conditions of this Agreement will not conflict with or, with the giving of notice or passage of time, result in the breach of any term or provision of or constitute a default under any instrument or agreement which Seller is a party or to which the assets of Seller are bound, or any judgment, order or decree of any court having jurisdiction over Seller or its properties.

(c) No authorization, consent, order, approval or license from, filing with, or other act by any governmental authority or other person is or will be necessary to permit the valid execution and delivery by Seller of this Agreement or the performance by Seller of the obligations to be performed by it under this Agreement.

(d) No labor has been performed or material furnished for the Property for which the Seller has not heretofore fully paid, or for which a mechanics' or materialmen's lien or liens, or any other lien, can be claimed by any other person, party or entity, other than the work contemplated to be performed by Seller in connection with this Agreement.

(e) To Seller's Knowledge, Seller has operated the Property so as to comply with, and the Property is in compliance with, all laws, statutes, regulations, rules and other requirements of any governmental authority applicable to it, the noncompliance with which or curing thereof would have a material adverse effect on Seller or the Property.

(f) Seller has not, at any time, caused or permitted any Hazardous Material to be used, stored, buried or otherwise located on or used in the operation of the Property or any property of Seller contiguous to the Property in violation of federal, state or local law. To Seller's Knowledge and except as may be set forth in the environmental reports, if any, to be furnished to Purchaser pursuant to Section 32 of this Agreement, there are no PCB's, underground storage tanks or asbestos on or in the Property, there are no Hazardous Materials, as hereinafter defined, used, stored, buried or otherwise located on or used in the operation of the Property in violation of federal, state or local law; the Property is, in all material respects, in compliance with all Environmental Laws, as hereinafter defined; there are no prior or pending investigations, inspections, audits or claims relating to compliance with Environmental Laws by Seller, or its predecessors' in title to the Property. As used herein, "**Hazardous Materials**" means any flammable explosives, radioactive materials, radon, asbestos, and any paints, solvents, chemicals, petroleum products, constituents or derivatives, polychlorinated biphenyls or other materials with hazardous or carcinogenic or toxic characteristics, including without limitation any substances defined as or included in the definition of "hazardous substances", "hazardous wastes", "hazardous materials", "toxic substances" or "contaminants" under any applicable federal or state or local

laws, ordinances, rules or regulations. "Environmental Laws" means any applicable federal, state or local laws, ordinances, or regulations pertaining to Hazardous Materials, occupational safety, human health, occupational health, industrial hygiene, historic preservation or environmental conditions.

(g) Seller has not, nor to Seller's Knowledge has any prior owner of the Property, (1) made any commitments to any governmental agency or other third party relating to the Property that would impose any obligation on Purchaser to make contributions of money or land, or to install or maintain any improvements, or (2) executed or caused to be executed any document with or for the benefit of any governmental authority restricting the use, development or occupancy of the Property.

(h) There are no condemnation or eminent domain proceedings pending or, to Seller's Knowledge, contemplated against the Property, any part thereof or any existing access to the Property and Seller has received no notice of the desire of any public authority or other entity to use the Property or any part thereof.

(i) There are no claims, disputes, actions, suits, investigations, judgments, orders or any proceedings pending, or to Seller's Knowledge, threatened, relating to any of the Property, including any property boundary disputes.

(j) There are no leases, occupancy agreements or service, supply, maintenance, employment, or equipment contracts, or other contracts or leases, relating to the Property.

(k) To Seller's Knowledge, there are no unpaid assessments, fees or taxes which are presently due and owing relating to the Property.

(l) Seller is not a foreign person as defined in Section 1445(f)(3) of the Internal Revenue Code of 1986, as amended. Seller will deliver to Purchaser at Closing a certificate of non-foreign status certifying the same (the "FIRPTA Certificate").

(m) Other than any mortgages that may be paid off or released at Closing, Seller has no material debt or obligations, secured or unsecured, the non-payment of which could potentially be used as the basis for an action of involuntary bankruptcy against Seller or of a claim of fraudulent transfer of the Property by Seller. Seller has made no general assignment for the benefit of creditors nor been adjudicated a bankrupt or insolvent, nor has a receiver, liquidator, or trustee for any of Seller's properties (including the Property) been appointed or a petition filed by or against Seller for bankruptcy, reorganization, or arrangement pursuant to the Federal Bankruptcy Act or any similar Federal or state statute, or any proceeding instituted for the dissolution or liquidation of Seller.

(n) There are no agreements or instruments in force and effect that will survive Closing, oral or written, that grant to any third party any right, title, interest or benefit in or to all or any part of the Property, including any rights to acquire all or any part of the Property or any rights relating to the use, operation, management, maintenance or repair of all or any part of the Property.

(o) From the Effective Date until Closing, Seller shall, at its expense, maintain commercial general liability insurance covering the Property in an amount not less than $1,000,000 per occurrence and $2,000,000 in the aggregate.

(p) The Due Diligence Deliveries (as defined in Section 32 below) are true and correct copies thereof. To Seller's Knowledge, no representation, warranty or covenant by Seller in this Agreement, or any statement, certificate, or schedule made, furnished, or to be furnished to Purchaser pursuant hereto or in connection with the transactions contemplated hereby, contains or will contain any untrue statement of a material fact.

(q) From and after the Effective Date, Seller shall not enter into any lease, occupancy agreement, or service, supply, maintenance, employment, or equipment contracts, or other contracts or leases relating to the Property.

(r) Seller shall keep the Property at all times free and clear of any mechanic's or materialmen's liens.

Seller's representations and warranties contained in this Section 12 shall survive for a period of six (6) months from the Closing Date (the "Warranty Period"). Seller acknowledges that the Purchaser is relying upon all of Seller's representations and warranties in making its decision to enter into this Agreement and purchase the Property. Seller hereby agrees to indemnify and hold harmless Purchaser from and against any loss, cost, damage, liability or expense due to or arising out of the breach by Seller of any representation or warranty made as of the Effective Date contained in this Section 12 during the Warranty Period. Seller agrees immediately to notify Purchaser in writing of any event or condition which occurs prior to Closing hereunder, which causes a change in the facts related to, or the truth of, any of Seller's representations, and Purchaser shall have the right to terminate this Agreement in its sole discretion, by giving written notice of such termination to Seller and Escrow Agent, in which event Escrow Agent shall promptly refund the entire Deposit (including the Non-Refundable Deposit) to Purchaser and Purchaser and Seller shall have no further rights, obligations, or liabilities hereunder, except as may be expressly provided to the contrary herein.

13. **Covenants of Seller.** To induce Purchaser to enter into this Agreement, Seller covenants the following during the term of this Agreement:

(a) Seller shall cause each of the Closing conditions set forth in Section 9 hereof to be met.

(b) Seller shall operate the Property in substantially the same manner as the Property was operated immediately prior to the Effective Date.

(c) Seller shall reasonably cooperate with Purchaser's due diligence investigations hereunder.

(d) Seller shall (i) terminate all negotiations with other parties relating to the sale of the Property, (ii) not show or offer for sale the Property or any interest therein, (iii) not commit or permit any act which could affect or impair Purchaser's Intended Use and occupancy

of the Property, and (iv) not encumber the Property with any new easements, liens, or other encumbrances or otherwise take any action that would encumber or adversely affect the marketability of title to the Property or any interest therein.

14. **Representations, Warranties and Covenants of Purchaser.** To induce the Seller to enter into this Agreement, Purchaser represents, warrants and covenants as of the date of this Agreement and as of the Closing Date with the same effect as if made on and as of the Closing Date as follows:

(a) Purchaser is a Virginia limited liability company duly organized in the State of Virginia, with full power and authority to conduct its business as now conducted, own its assets and enter into and perform its obligations under this Agreement. Purchaser's execution, delivery and performance of this Agreement and the purchase from Seller of the Property have been or will be duly authorized by all requisite action on the part of Purchaser, and this Agreement constitutes, and all instruments and documents to be executed and delivered by Purchaser hereunder shall constitute, Purchaser's legal, valid and binding obligations, enforceable against Purchaser in accordance with their respective terms.

(b) The execution and delivery of this Agreement and the consummation of the transactions herein contemplated in compliance with the terms and conditions of this Agreement will not conflict with or, without the giving of notice or passage of time, result in the breach of any term or provision of or constitute a default under any instrument or agreement which Purchaser is a party or to which the assets of Purchaser are bound or any judgment, order or decree of any court having jurisdiction over Purchaser or its properties.

The Purchaser's representations and warranties contained in this section shall survive for a period of one (1) year from the Closing Date.

15. **Closing Documents.** The respective party shall deliver at Closing the following documents:

(a) **Special Warranty Deed.** Seller shall deliver the Deed, with full covenants and title, in recordable form duly executed by Seller and conveying to Purchaser title to the Property as set forth in Section 6 hereof.

(b) **Certificate of Representations and Warranties.** Seller shall deliver a certificate, dated as of the date of Closing and duly executed by Seller, stating that the representations and warranties of Seller contained in Section 12 of this Agreement are true and correct in all material respects as of the date of Closing (with appropriate modifications to reflect any changes therein including without limitation any changes disclosed to Purchaser in accordance with Section 12 hereof).

(c) **Title Affidavits.** Seller shall provide such affidavits of title as are customarily provided by sellers of commercial properties and which are required by Purchaser's title insurance company, including a mechanics' lien affidavit with standard gap indemnity, withholding affidavit, non-foreign person affidavit, and any other documentation as may be reasonably required by the Title Company to carry out the terms and conditions of this Agreement.

(d) **Other Required Documents.** Seller and Purchaser shall deliver such other documents as may be required by the provisions of this Agreement, including, without, limitation, the FIRPTA Certificate, and the Rollback Taxes Escrow Agreement (as defined in Section 16 below), duly executed by Seller and/or Purchaser, as applicable.

(e) **Authority of Seller.** Seller shall deliver such other documentation in form and substance reasonably satisfactory to Purchaser and to the Title Company evidencing the fact that Seller has the full and unrestricted lawful power to enter into and carry out the terms of this Agreement and execute and deliver the Deed and other documents described above.

(f) **Authority of Purchaser.** Purchaser shall deliver documentation in form and substance reasonably satisfactory to Seller evidencing the fact that Purchaser has the full and unrestricted lawful power to enter into and carry out the terms of this Agreement and execute and deliver the documents to be delivered by the Purchaser above.

(g) **Possession.** Seller shall deliver to Purchaser at Closing possession of the Property in substantially the same condition as it is on the Effective Date, free of any rights of other persons or entities to possession of the Property or any portion thereof.

16. **Taxes and Assessments.** Ad valorem taxes for the tax year in which the Closing occurs shall be pro-rated as of 11:59 p.m. on the Closing Date. Such proration of current ad valorem taxes shall be based on the most recent tax bill; provided, however, the proration of ad valorem taxes will be adjusted upon the final assessment and tax rates being determined. All other charges and fees customarily prorated and adjusted in similar transactions shall be prorated as of as of 11:59 p.m. on the Closing Date. Seller shall be responsible for all rollback taxes due in connection with the transaction contemplated hereby (the "Rollback Taxes"). Seller shall cause all Rollback Taxes for the Property to be assessed and made payable prior to Closing and paid by Seller at Closing. If Seller is not able to have the Rollback Taxes for the Property assessed for payment at Closing, the parties shall enter into an escrow agreement for the Rollback Taxes with Escrow Agent, in form mutually acceptable to Seller and Purchaser (the "Rollback Taxes Escrow Agreement"), pursuant to which, Seller shall escrow with Escrow Agent a reasonable estimate of the Rollback Taxes due through the Closing Date, as agreed upon by the parties, and Escrow Agent shall promptly pay such Rollback Taxes when provided a tax bill therefore, with any deficiency in the actual Rollback Taxes amount to be paid by Seller. The provisions of this Section 16 shall survive Closing.

17. **Costs of the Parties.** Seller shall be responsible for preparing the Deed, the costs of the Title Report and corresponding owner's policy of title insurance, all transfer taxes on the recording of the Deed, any lien releases and recording fees in connection with any title matters Seller has agreed or is obligated to cure, the Escrow Agent's fees, the Rollback Taxes and its own attorney fees. Other costs or expenses of performance of obligations hereunder and the consummation of the transactions contemplated herein which have not been specifically assumed by either party pursuant to the terms hereof shall be borne by the party incurring such cost or expense. Purchaser shall be responsible for the costs of the ALTA Survey and other customary closing costs paid by Purchaser in the State of Florida, as well as its own attorney fees.

18. **Real Estate Commission.** The parties represent and warrant to each other that neither has dealt with any brokers. Seller agrees to indemnify, hold harmless and defend the Purchaser from all claims for a commission from any brokers or agents arising by reason of Seller's actions. The Purchaser agrees to indemnify, hold harmless and defend Seller from all claims for a commission from any brokers or agents arising by reason of Purchaser's actions.

19. **Condemnation.** If prior to Closing the Property is condemned in whole or in part, then Purchaser shall have the right to terminate this Agreement, the entire Deposit (including the Non-Refundable Deposit) shall be returned to Purchaser, and thereupon the parties shall be released and discharged from any further obligations to each other. If Purchaser does not elect to so terminate this Agreement, the Closing shall proceed and Seller shall assign to Purchaser all the awards and compensation (or the rights thereto) for the taking by condemnation (or deed in lieu thereof), and Purchaser shall be entitled to receive and keep all awards and compensation for such taking (or deed in lieu thereof), without any change in the Purchase Price. Seller covenants that it will immediately notify Purchaser in writing upon receiving notice of condemnation or intent by the government authority to pursue condemnation of the Property or any portion thereof.

20. **Defaults.** In the event Purchaser fails to complete the Closing in breach of this Agreement, Seller shall have the right to terminate this Agreement and retain the Deposit as liquidated damages, as its sole and exclusive remedy. The parties agree that such liquidated damages are reasonable and would not constitute a penalty. In the event of default by Seller, Purchaser's sole remedy shall be to elect to either: (i) terminate this Agreement, in which case Purchaser shall be entitled to a return of the entire Deposit (including the Non-Refundable Deposit) and Seller shall reimburse Purchaser for all reasonable out-of-pocket expenses incurred by Purchaser, up to and including the date of such default, in connection with the transactions contemplated by this Agreement (including reasonable attorneys' fees); or (ii) specifically enforce Seller's performance and obligations hereunder. Except as otherwise expressly set forth herein, in no event shall the Purchaser be entitled to special, punitive, consequential or actual damages.

21. **Notices**. Any notices required or permitted to be given by this Agreement shall be mailed via certified mail, return receipt requested, postage prepaid, personally delivered, shipped via Federal Express or other "next day" courier delivery or sent by email or facsimile transmission, as follows:

Notice duly delivered in the manner described above shall be deemed received: (i) three (3) business days following mailing via certified mail, return receipt requested, (ii) one (1) business day after timely deposit with a generally recognized overnight courier service for next business day delivery, (iii) on the date of delivery if sent by email or facsimile transmission, or (iv) upon

actual receipt of notice, whichever is earliest. The parties shall promptly give written notice to each other as provided in this section of any change of address, telephone number, facsimile number, or email address, and personal delivery, mailing, shipment to the addresses or facsimile transmission to the numbers set forth above or email to the address set forth above shall be deemed sufficient unless written notification of a change of address, facsimile number, or email address has been received. Any notice sent by facsimile or email shall also be sent via one of the other methods listed above in this section no later than the next business day after such notice was sent via facsimile or e-mail. Notwithstanding the provisions hereof to the contrary, legal counsel for either party may provide any notice required or permitted hereunder solely by direct communication from said party's legal counsel to legal counsel for the other party pursuant to the methods of notice permitted under this section.

22. **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors and assigns.

23. **Escrow Agent**. If the Escrow Agent is in doubt as to its duties or liabilities under this Agreement, for any reason, it may, in its sole discretion, continue to hold the said Deposit, or so much thereof as it deems appropriate until: (a) Seller, Purchaser and Escrow Agent mutually agree to disbursement thereof; (b) an order or judgment of a court of competent jurisdiction determines the rights of the parties hereto; or (c) as an alternative, the Escrow Agent shall have the right to interplead such Deposit, and upon notifying both Purchaser and Seller of such action, all duties of the Escrow Agent under the terms of the Agreement shall terminate, except to the extent of accounting for such escrow funds. The Escrow Agent shall have no duties except as stated herein. The Escrow Agent shall not be liable for anything which it may do or refrain from doing in connection herewith provided that it acts in good faith, and without gross negligence, willful neglect or intentional breach of this Agreement. Unless a dispute shall arise relating to the Escrow Agent's duties, Seller shall be responsible for the Escrow Agent's fees. In the event that the Escrow Agent becomes involved in litigation relating to the Escrow, the non-prevailing party shall be responsible for the payment of the Escrow Agent's reasonable fees and expenses and for the reasonable attorney fees and costs of the prevailing party. The Deposit shall remain in the control of the Escrow Agent until consummation or termination of the sale transaction as contemplated in this Agreement, at which time the escrow funds will be disbursed in accordance with this Agreement subject to the terms of this section. Purchaser and Seller will indemnify and hold the Escrow Agent harmless from any claims by them relating to the actions taken by the Escrow Agent in good faith while acting as Escrow Agent under the terms of this Agreement.

24. **Entire Agreement.** This Agreement, together with the Exhibits attached hereto, all of which are incorporated by reference, represents the entire agreement between the parties.

25. **Waiver; Modification.** Failure by Purchaser or Seller to insist upon or enforce any of their rights shall not constitute a waiver thereof and nothing shall constitute a waiver of Purchaser's rights to insist upon strict compliance with the provisions hereof. Either party hereto may waive the benefit of any provision or condition for its benefit contained in this Agreement; provided, however, no oral modification hereof shall be binding upon the parties, and any modification shall be in writing and signed by the parties.

26. **Attorney Fees.** In the event that any party hereto shall bring an action to enforce the terms hereof or to declare rights hereunder, the prevailing party in any such action, shall be entitled to its court costs and reasonable attorneys' fees to be paid by the non-prevailing party as fixed by the court of appropriate jurisdiction, including, but not limited to, attorney's fees and court costs incurred in courts of original jurisdiction, bankruptcy courts, or appellate courts.

27. **Governing Law.** This Agreement shall be governed by and construed under the laws of the State of Florida.

28. **Subsequent Documentation.** Each party agrees that it will, at any time, prior to, at or after Closing, duly execute and deliver to the other party any additional documents or instruments which are necessary in connection with the consummation of the purchase and sale contemplated herein, and the failure of a party to demand such documents or instruments at or before the Closing shall not alleviate the obligation of the other party to execute and deliver the same at any time upon reasonable demand of by such requesting party.

29. **Interpretation Presumption.** This Agreement has been negotiated by the parties hereto and by the respective attorneys for each party. The parties represent and warrant to one another that each has, by counsel or otherwise, actively participated in the finalization of this Agreement, and in the event of a dispute concerning the interpretation of this Agreement, each party hereby waives the doctrine that an ambiguity should be interpreted against the party which has drafted the document.

30. **Counterparts and Facsimiles.** This Agreement may be executed in multiple counterparts, each of which will be deemed an original and all of which when taken together shall constitute one and the same agreement. The parties agree that the delivery of a party's signature by facsimile or electronic format transmittal (i.e. .PDF format) shall have the same legal effect as the delivery of such party's original signature and the parties may rely upon the binding and enforceable effect of such delivery.

31. **Seller Reports.** Purchaser agrees that all reports, inspections and any and all other documents obtained by Purchaser from Seller in its inspection of the Property will, in the event that this Agreement is terminated for any reason other than Seller's default, be returned to Seller.

32. **Due Diligence Deliveries.** Within five (5) days after the Effective Date, Seller shall deliver to Purchaser a copy of all documents and reports relating to the Property to the extent in Seller's possession or control, including, without limitation, any owner policies or loan policies of title insurance; any and all soil, topographical, environmental, or hazardous substance studies, tests or reports; any engineering plans; any annexation agreements; any property condition reports, wetlands delineation studies, geotechnical reports, development agreements, tree studies, drainage studies and surveys that Seller may have in its possession or control (collectively, the "Due Diligence Deliveries").

33. **Severability.** If any provision of this Agreement or application to any party or circumstances shall be determined by any court of competent jurisdiction to be invalid and unenforceable to any extent, the remainder of this Agreement or the application of such provision to such person or circumstances, other than those as to which it is so determined invalid or

unenforceable, shall not be affected thereby, and each provision hereof shall be valid and shall be enforced to the fullest extent permitted by law.

34. **Captions**. The captions in this Agreement are inserted only as a matter of convenience and for reference and in no way define, limit or describe the scope of this Agreement or the scope or content of any of its provisions.

35. **Marketing of Property**. From and after the expiration of the Inspection Period through Closing or earlier termination of the Agreement as provided herein (the "Post-Inspection Period"), Purchaser shall have the right to market the Property and Purchaser's planned development thereof to prospective residents, investors and lenders and to issue press releases in connection therewith. Purchaser shall further have the right during the Post-Inspection Period to install a sign on the Property in a location mutually agreeable to Purchaser and Seller (such agreement not to be unreasonably withheld, conditioned or delayed) at Purchaser's sole cost and expense advertising Purchaser's proposed development of the Property. Such sign shall comply with all laws and governmental rules and regulations applicable to the Property, and Purchaser shall promptly remove any such signage upon the termination of this Agreement. The provisions of this Section 35 shall survive the termination of this Agreement.

36. **Intentionally Omitted.**

37. **Publicity and Confidentiality**. Subject in all events to the provisions of Section 35 above, unless and until Closing occurs hereunder, neither Purchaser nor Seller will make, or permit anyone to make on their behalf, any public statement or public comment with respect to this Agreement or the transactions contemplated hereby that is intended for public distribution or made to any newspaper, trade publication, or other print or other media, without the approval by the other party (which approval may be withheld in such party's sole and absolute discretion) as to such disclosure and the information to be disclosed. Unless and until Closing occurs hereunder, Purchaser, Seller and their respective agents and representatives shall maintain the confidentiality of all documents, instruments and information obtained by such party hereunder or otherwise in connection with the proposed acquisition of the Property and shall not, without the other party's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed, disclose any of such information to any other person or use any of such information for any purpose other than as contemplated herein. Notwithstanding the foregoing, Purchaser and Seller may disclose any of such information to its proposed investors and lenders and its officers, directors, employees, agents, attorneys, accountants, consultants and other professionals to whom such disclosure is reasonably necessary for the consummation of the transactions contemplated hereby, provided that each such person maintains such information in a confidential manner.

38. **Low-Income Housing Tax Credits**. Seller expressly recognizes that Purchaser intends to (i) seek an award of Low-Income Housing Tax Credits under the Housing Credit Financing for Affordable Housing Developments Located in Large, Medium and Small Counties program ("HC Financing") offered by the Florida Housing Finance Corporation (the "FHFC") in connection with Purchaser's Intended Use and (ii) apply for SAIL Financing of Affordable Multifamily Housing Developments from the FHFC ("SAIL Financing") in connection with Purchaser's Intended Use (HC Financing and Sail Financing collectively being hereinafter referred

to as "LIHTC"). Purchaser shall have the right, in its sole and absolute discretion, (i) to apply on or before July 31, 2024, for an allocation of HC Financing from the FHFC and (ii) to apply on or before August 31, 2024, for SAIL Financing from the FHFC. To the extent Purchaser timely applies for the LIHTC allocation as set forth above, Purchaser shall thereafter use commercially reasonable efforts to obtain the LIHTC allocation. The LIHTC allocation shall be deemed to be obtained when Purchaser receives a final, non-appealable allocation of LIHTC in an amount sufficient, in Purchaser's sole and absolute discretion, to complete construction of the Purchaser's Intended Use, evidenced by the issuance of an Invitation to Credit Underwriting from FHFC (such allocation received, the "LIHTC Award"). Purchaser shall notify Seller promptly following receipt of the LIHTC Award. In the event Purchaser fails to obtain the LIHTC Award on or before December 31, 2024, then Purchaser shall have the option to elect to either (x) terminate this Agreement, in which event the entire Deposit shall be returned to Purchaser and neither party shall have any further liability to the other except as expressly set forth herein or (y) re-apply for an award of Low-Income Housing Tax Credits under programs that are identical or, if not offered by FHFC, similar to the LIHTC set forth above (i.e., HC Financing and Sail Financing) and offered by FHFC during the 2025 Low-Income Housing Tax Credits financing application period of FHFC. In the event that Purchaser elects option (y) above, a portion of the Deposit in the amount of Five Thousand and No/100 Dollars ($5,000.00) (the "Non-Refundable Deposit") shall be deemed non-refundable to Purchaser as of April 1, 2025, except as otherwise expressly set forth herein. In addition, in the event that Purchaser elects option (y) above and Purchaser fails to obtain the LIHTC Award on or before December 31, 2025, then this Agreement shall automatically terminate as of such date, in which event the entire Deposit (less the Non-Refundable Deposit) shall be returned to Purchaser and neither party shall have any further liability to the other except as expressly set forth herein.

39. **Time**. If any deadline or expiration date under this Agreement falls on a day which is not a business day, such deadline or expiration date shall be extended to end at midnight on the next business day. For purposes of this Agreement, the term "business day" shall mean any day excluding Saturday, Sunday and any day which is a federal holiday or a day on which banking institutions are authorized by law or by other governmental actions to close.

ATTACHMENT #8
MARKETING PLAN

MARKETING PLAN

Norstar Accolade Property Management ("NAPM") is the affiliate property manager for all properties developed by Newstar. Virtually all the units NAPM manages are affordable with ELI/special needs unit set asides. NAPM hires local property management and leasing staff, and typically compiles waiting lists that exceed the number of available units in a new development by the time the buildings receive their certificates of occupancy. NAPM has also developed special screening, application, and tenant selection processes to help remove barriers that would typically prevent special needs applicants, including those that face economic barriers, from leasing quality, safe, affordable housing. Since 2008, NAPM has helped more than 3,700 families and individuals lease affordable apartment homes, and over 1,100 of these residents were ELI/special needs applicants.

For Vesta at Osowaw, NAPM will utilize its standard marketing approach with newspaper, online, and on-site advertising. NAPM will also develop partnerships with local referral agencies to contact prospective tenants already on waiting lists. We anticipate that NAPM will have no issues leasing up the Vesta at Osowaw development within 2-3 months of construction completion.

INDEPENDENT AUDITOR'S REPORT

To the Members
Newstar Development, LLC

Opinion

We have audited the accompanying financial statements of Newstar Development, LLC, which comprise the balance sheet as of December 31, 2024, and the related statement of operations and changes in owner's equity (deficit), and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Newstar Development, LLC as of December 31, 2024, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Newstar Development, LLC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

The 2023 financial statements were reviewed by us and our report thereon, dated July 18, 2024, stated we were not aware of any material modifications that should be made to those statements for them to be in accordance with accounting principles generally accepted in the United States of America. A review is substantially less in scope than an audit and does not provide a basis for the expression of an opinion on the financial statements as a whole.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Newstar Development, LLC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement due to fraud is higher than for one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Newstar Development, LLC's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Newstar Development, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

RSM US LLP

Independent Auditor's Review Report

Board of Members
Middleburg Communities, LLC

We have reviewed the accompanying consolidated financial statements of Middleburg Communities, LLC and subsidiaries (the Company), which comprise the consolidated balance sheet as of December 31, 2023, the related consolidated statements of operations, changes in members' equity and cash flows for the year then ended, and the related notes to the consolidated financial statements (collectively, the financial statements). A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the consolidated financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility
Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our reviews.

Basis for Qualified Conclusion
As disclosed in Note 1 to these financial statements, accounting principles generally accepted in the United States of America require that that all intercompany balances and transactions are eliminated in their entirety. The Company has a carried interest asset of $3.6 million on the consolidated balance sheet and a corresponding amount in the controlling members' equity, and $3.4 million of which is recognized in the consolidated statement of operations as unrealized decrease in carried interest in the current year. These amounts should be eliminated against the underlying consolidated variable interest entities which will ultimately owe the carried interest to the controlling member as carried interest.

1861

Qualified Conclusion
Based on our review, except for the effect of the matter described in the Basis for Qualified Conclusion paragraph, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Independent Accountant's Review

Board of Members
Middleburg Communities, LLC and Subsidiaries

We have reviewed the accompanying consolidated financial statements of Middleburg Communities, LLC and Subsidiaries (the "Company"), which comprise the consolidated balance sheet as of December 31, 2024, and the related consolidated statements of operations, changes in members' equity, and cash flows for the year then ended, and the related notes to the consolidated financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the consolidated financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the consolidated financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of Middleburg Communities, LLC and Subsidiaries and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Basis for Qualified Conclusion

As disclosed in Note 1 to these consolidated financial statements, accounting principles generally accepted in the Unites States of America require that all intercompany balances and transactions are eliminated in their entirety. The Company has a carried interest asset of $2.6 million on the consolidated balance sheet and a corresponding amount in the controlling members' equity, $1.3 million of which is recognized in the consolidated statement of operations as unrealized decrease in carried interest in the current year. These amounts should be eliminated against the underlying consolidated variable interest entities which will ultimately owe the carried interest to the controlling member.

Accountant's Conclusion

Based on our review, except for the effect of the matter described in the *Basis for Qualified Conclusion* paragraph, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

MANAGEMENT REVIEW & PHYSICAL INSPECTION REPORTS

MANAGEMENT REVIEW & PHYSICAL INSPECTION REPORTS

Vesta at Osowaw will be developed on a currently vacant property. Because there is no existing development, we are unable to provide a management review or physical inspection reports. We have included the current portfolio and brochure for Norstar Accolade Property Management, our affiliate property manager, on the following pages.

Norstar Accolade Property Management

CORPORATE OVERVIEW

Norstar Accolade Property Management. is a real estate management firm headquartered in Irving, Texas with extensive property management experience across all product types. Norstar Accolade Property Management's Principals believe that local market expertise and knowledge coupled with our proven management practices will result in the maximization of the returns on the investment. Founded in 2002, Norstar Accolade Property Management was formed to provide third party clients with superior, results oriented management. Norstar Accolade's clients include developers, partnerships, individual investors, and financial institutions.

Norstar Accolade Property Management specializes in the management of multifamily assets. The team of professionals at Norstar Accolade has produced superior results on all asset types. Whether a Class A+ in lease up or a Class C distressed asset, Norstar Accolade understands the dynamics of the marketplace and the factors that effect the correct positioning of an asset. Norstar Accolade embraces every asset individually and designs a business plan to maximize the value of the asset.

Norstar Accolade Property Management

CORPORATE BACKGROUND

Formed in 2002 by one its Principals, Norstar Accolade Property Management is a joint venture to take advantage of an ever changing real estate market. Norstar Accolade Property Management became a firm dedicated to its success by ensuring the success of its clients' investments. Ms. Stephanie Baker, managing partner, knew that her breadth of knowledge, marketing savvy and hands on experience with assets primarily in Florida, Texas and New Mexico could create an organization strictly focused on superior property management services. The genesis of the firm commenced by Ms. Baker hand picking Norstar Accolade's Key Management. Norstar Accolade's success is lead by professionals with extensive experience in Real Estate Management with over 150 years combined management expertise. The joint venture became registered in Florida to conduct business in 2007 as the demand for their superior services continued to grow.

Over the years the management team at Norstar Accolade has been effective in the management of low income/affordable assets with bond programs and other land use restrictions, assets that required significant physical rehabilitation and new Class A+ developments with construction management and specialized marketing needs.

APPROVED HERNANDO COUNTY RESOLUTION

RESOLUTION NO. 2025-061

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF HERNANDO COUNTY, FLORIDA, AMENDING RESOLUTION NO. 2025-39 ADOPTED ON FEBRURY 25, 2025 TO CORRECT A SCRIVENER'S ERROR; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on February 25, 2025, the Board of County Commissioners (the "Board of Hernando County, Florida (the "County") voted 3-2 to adopt Resolution No. 2025-39 (the "Resolution") approving the Mediated Settlement Agreement, executed by Hernando County Staff and Raysor Ventures, LLC, and attached to the Resolution as **EXHIBIT A,** with modified performance conditions; and

WHEREAS, after the Resolution was signed by the Chairman of the Board, it was noted that the Resolution contained a scrivener's error and did not include the Staff report with the modified performance conditions.

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF COUNTY COMMISSIONERS OF HERNANDO COUNTY, FLORIDA, AS FOLLOWS:

Section 1. Amendment to the Resolution. That Section 1 of Resolution No. 2025-39 is hereby amended as follows: (Deletions are reflected with strikethrough text and corrective text is depicted with underscored text)

Section 1. The Mediated Settlement Agreement attached hereto as EXHIBIT A is hereby approved <u>with modified performance conditions as specified in Exhibit B and attached hereto and incorporated herein by reference</u>.

Section 2. Resolution to Continue in Force. Except as herein expressly provided, the Resolution and all the terms and provisions thereof are and shall remain in full force and effect.

Section 3. Effective Date. This Resolution shall take effect immediately upon adoption.

ADOPTED IN REGULAR SESSION THE 8th DAY OF April 2025.

RESOLUTION NO. 2025 - 039

A RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF HERNANDO COUNTY, FLORIDA, APPROVING A SETTLEMENT AGREEMENT WITH RAYSOR VENTURES, LLC PURSUANT TO THE FLORIDA LAND USE AND ENVIRONMENTAL DISPUTE RESOLUTION ACT; APPROVING A REZONING FROM AG (AGRICULTURAL) TO PDP(MF)/PLANNED DEVELOPMENT PROJECT (MULTIFAMILY) WITH MODIFIED PERFORMANCE CONDITIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Raysor Ventures, LLC applied for relief under the Florida Land Use and Environmental Dispute Resolution Act, Section 70.51, Florida Statutes, regarding denial of application H-24-27; and

WHEREAS, Hernando County staff and Raysor Ventures, LLC attended mediation on the above Dispute on December 19, 2024, and then prepared the Mediated Settlement Agreement fully executed on January10, 2025, attached hereto as **EXHIBIT A**; and

WHEREAS, the Hernando County Board of County Commissioners finds that the Settlement Agreement attached hereto as **EXHIBIT A**, is in the best interest of the County to protect the public's health, safety, and welfare.

NOW THEREFORE, BE IT RESOLVED, BY THE BOARD OF COUNTY COMMISSIONERS OF HERNANDO COUNTY, FLORIDA, AS FOLLOWS:

Section 1. The Mediated Settlement Agreement attached hereto as **EXHIBIT A** is hereby approved.

Section 2. The Rezoning from AG (Agricultural) to PDP(MF)/Planned Development Project (Multifamily), (Parcel Key # 1695419) is hereby approved, pursuant to the Settlement Agreement attached hereto as **EXHIBITA.**

Section 3. This Resolution shall take effect immediately upon adoption.

ADOPTED IN REGULAR SESSION THE 25th DAY OF February 2025.

EXHIBIT A

IN AND BEFORE A SPECIAL MAGISTRATE
PURSUANT TO LAND USE AND ENVIRONMENTAL DISPUTE
RESOLUTION ACT, SECTION 70.51, FLORIDA STATUTES
HERNANDO COUNTY, FLORIDA

RAYSOR VENTURES, LLC,
a Florida limited liability company

Petitioners,

vs.

HERNANDO COUNTY, FLORIDA,
a political subdivision of the State of Florida

Respondent.
_____/

Rezoning File: H-24-27
Parcel Key: 1695419

MEDIATED SETTLEMENT AGREEMENT &
RECOMMENDATION OF THE SPECIAL MAGISTRATE

This Mediated Settlement Agreement (the "Agreement") is entered into by and among the Petitioner, RAYSOR VENTURES, LLC ("Petitioner"); and the Respondent, HERNANDO COUNTY, FLORIDA ("County"). The undersigned parties who have signed this Agreement (collectively "Parties" and individually "Party"), have entered into this Agreement following a mediation held on December 19, 2024 pursuant to Section 70.51, *Florida Statutes*. In accordance with Section 70.51, *Florida Statutes*, the mediation session was noticed and attended by one interested member of the public, Mr. Skip Irwin, who participated and provided comments.

BACKGROUND

Petitioner applied to rezone a 13.6 acre property on Osowaw Boulevard with Parcel Key 1695419 (the "Property") from Agricultural ("AG") to Multi-Family Planned Development District ("PDP (MF)") with two deviations. On June 10, 2024, the Planning and Zoning Commission voted 4-1 to recommend the Board of County Commissioners adopt a resolution approving the application to rezone the Property. On June 28, 2024, the County denied the rezoning

application by a 5-0 vote. On July 25, 2024, Petitioner submitted a Request for Relief under the Florida Land Use and Environmental Dispute Resolution Act ("FLUEDRA"). On October 22, 2024, the County approved Resolution No. 2024-219 memorializing the denial of the rezoning. On November 15, 2024, the County filed its Response to the Request for Relief.

The purpose of the FLUEDRA process is to "facilitate a resolution of the conflict between the owner and governmental entities" by negotiating an adjustment of the development to create a mutually acceptable solution. § 70.51(17(a), *Florida Statutes*. Such solutions and settlement agreements shall not be deemed an admission of any fact, issue or liability in this case. The Parties agree that this Agreement is intended as a comprehensive settlement of all outstanding issues raised in Petitioner's Request for Relief, including but not limited to an appeal by petition for writ of certiorari and a State and Federal Fair Housing Act violation.

SETTLEMENT PROPOSAL

The Parties agree to the following:

1. The proposed resolution to be presented to the Board of County Commissioners with a recommendation of approval along with or subsequent to this Agreement and include the following:

    a. A revised application to rezone ± 7.9 acres of the Property to Conservation (CV) and limit the PDP (MF) zoning to ± 5.7 acres of the Property.

    b. A Revised Master Plan, attached as **Exhibit "A"**, and incorporated herein;

    c. As pertaining to the area to be zoned PDP (MF), all conditions in the Staff Report to Planning and Zoning Board for H-24-27, attached to this Agreement as **Exhibit "B"**, and incorporated herein, with the following modifications:

1. Maximum number of dwelling units allowed: 100 [reduction from 125]

2. Maximum number of dwelling units per building: 50 (deviation from 12) [reduction from 60]

3. Maximum building height: 45' / 3 stories [reduction from 60' / 4 stories]

4. North buffer (along Osowaw Boulevard): 25' [increase from 20']

d. Additionally, the following performance conditions shall be applied to the area to be zoned PDP (MF):

1. A boulevard entry feature, which entails a landscaped median that separates opposing traffic flows on the vehicular access point to the Property, must be provided;

2. A clubhouse must be located at or near the vehicular entrance to the Property to: (1) provide a shield from the majority of the parking area visible from Osowaw Boulevard; and (2) improve vehicular circulation within the parking area for emergency services and solid waste and recycling.

3. A neighborhood park, including a playground, must be provided for the residents.

4. The building orientation shall be substantially similar to the building orientation shown on the Revised Master Plan, attached as **Exhibit "A".**

e. The area zoned CV (Conservation) must comply with all regulations and requirements set forth in Appendix A, Article IV, Section 10 of the Land Use Regulations Hernando County, Florida.

2. This Agreement shall be considered and approved or rejected by the Board of County Commissioners pursuant to Section 70.51, *Florida Statutes*.

3. If approved by the Board of County Commissioners, the amendment to or replacement of Resolution No. 2024-219 shall be considered by the Board of County Commissioners, as

a continuation of Rezoning Case H-24-27. Such public hearing shall be advertised and comply with all *Florida Statutes* and County code provisions regarding the adoption of ordinances.

4. **Extension of Time**. The parties agreed to extend the deadlines set forth in Section 70.51, *Florida Statutes*, and agree to extend the time for the procedure established by Section 70.51(23), *Florida Statutes*, beyond One Hundred-Sixty-Five (165) days.

5. **Entire Agreement**. Subject to approval by the Board of County Commissioners pursuant to Section 70.51(21) and (22), *Florida Statutes*, this Agreement sets forth the entire and complete settlement agreement between the Parties relative to this matter and may not be modified or amended except by written agreement executed by all the Parties set forth below. This Agreement may not be modified by oral discussions prior to or after its execution.

6. **No Admissions**. This Agreement is made as a settlement and compromise of highly contested, disputed claims. No party to it admits any liability or wrongdoing as a result of the execution of this Agreement.

7. **Approval by Board of County Commissioners**. Pursuant to Section 70.51(21) and (22), *Florida Statutes*, this Agreement shall be considered by the Board of County Commissioners within 45 days of execution of this Agreement. Disposition of this Agreement shall be pursuant to the terms of Section 70.51(21) and (22), *Florida Statutes*. Approval of this Agreement by the Board of County Commissioners shall serve as final disposition of all potential claims arising from the denial of the rezoning application for the Property (H-24-27), and the parties shall be bound by its terms.

8. **Counterparts**. This Agreement may be executed by two (2) or more original, photocopy and/or facsimile counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same agreement.

CONCLUSION AND RECOMMENDATION

Pursuant to Section 70.51, *Florida Statutes*, the first responsibility of the Special Magistrate is to facilitate the resolution of matters in disagreement. To that end, the mediation session was informal in nature and directed towards both a full and complete discussion of the issues and concerns raised by County Commissioners and members of the public during the rezoning public hearing and concerns raised by the public during mediation. The mutually acceptable settlement proposal addresses all concerns and has been agreed to by County staff and Petitioner and satisfies the requirements of Section 70.51, *Florida Statutes*.

The Special Magistrate recommends the County Commission approve this mediated settlement proposal and adopt a resolution approving Petitioner's request for a Rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) on ± 5.7 acres and Conservation on ± 7.9 acres, to resolve all potential claims arising from the prior denial of the rezoning, including, but not limited to an appeal by petition for writ of certiorari and a State and Federal Fair Housing Act violation. It is in the Parties interest to resolve this matter.

RESPECTFULLY SUBMITTED January 10, 2025.

Derek A. Schroth, Special Magistrate
Florida Bar Certified Expert in Business Litigation and Local Government Law

[Signatures to Follow]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on this 10th day of January, 2025.

REZONING CASE H-24-27
STAFF REPORT

RECOMMENDATIONS/ACTIONS
STAFF RECOMMENDATION TO PLANNING & ZONING COMMISSION
JUNE 3, 2024

It is recommended that the Planning and Zoning Commission recommend the Board of County Commissioners adopt a resolution approving the petitioner's request for a Rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations listed in **Appendix A** of this Staff Report.

PLANNING AND ZONING COMMISSION ACTION
June 10, 2024

On June 10, 2024, the Planning and Zoning Commission voted 4-1 to recommend the Board of County Commissioners adopt a resolution approving the petitioner's request for a Rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations and modified performance conditions listed in **Appendix B** of the staff report.

BOARD OF COUNTY COMMISSION ACTION
June 28, 2024

On June 28, 2024, the Board of County Commission voted 5-0 to adopt a resolution denying the petitioner's request for a rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations and modified performance conditions listed in **Appendix C** of the staff report.

STAFF REPORT

HEARINGS:	Planning & Zoning Commission: June 10, 2024 Board of County Commissioners: June 28, 2024
APPLICANT:	Raysor Ventures, LLC
FILE NUMBER:	H-24-27
REQUEST:	Rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations
GENERAL LOCATION:	South side of Osowaw Boulevard, approximately 980' northeast of its intersection with Buccaneer Boulevard
PARCEL KEY NUMBER(S):	1695419

APPLICANT'S REQUEST

The petitioner requests the rezoning of the subject parcel for the purpose of constructing a 125 dwelling unit multi-family residential complex on a 13.6-acre parcel, which equals a density of 9.19 dwelling units per acre. The subject parcel is unique in that nine (9) of the 13.6 acres are wetland, leaving 4.6 acres of developable upland. The petitioner intends for this development to cater exclusively to workforce housing and provide bicycle and pedestrian connectivity, a clubhouse with amenities, and open space that exceeds the requirements put forth in the Land Development Regulations.

Requested Deviations

1. A deviation from the maximum number of dwelling units per building, increasing it 48 units, from 12 to 60. *(Appendix A, Article IV, Section 2(G)(4)(K))*

2. A deviation from the maximum building height, increasing it 20', from 45' to 65'. *(Appendix A, Article IV, Section 2(G)(4)(I))*

SITE CHARACTERISTICS

Total Site Size:	13.6 acres	
Surrounding Zoning & Land Use:	North:	CV (Conservation); Weeki Wachee Preserve
	South:	PDP(GC)/ Planned Development Project (General Commercial), PDP(SU)/Planned Development Project (Special Use); Walmart Shopping Center

East: PDP(GC)/ Planned Development Project (General Commercial) & AG (Agricultural); Walmart Shopping Center, County Utilities

West: PDP(GHC)/ Planned Development Project (General Highway Commercial), & PDP(MH)/ Planned Development Project (Mobile Home); Mobile Home Park, Church

Current Zoning: AG (Agricultural)

Future Land Use Map Designation: Residential

ENVIRONMENTAL REVIEW

Soil Type: Tavares Fine Sand, Myakka Fine Sand

Comments: A faunal (wildlife) survey shall be prepared by a qualified professional at the time of conditional plat. The petitioner is required to comply with all applicable FWC regulations and permitting.

Water Quality: The proposed development is within the Weeki Wachee River Basin Management Action Plan, the Weeki Wachee Primary Focus Area (PFA), and the Weeki Wachee Outstanding Florida Springs (OFS) Group.

Comments: The petitioner must meet the minimum requirements of Florida Friendly Landscaping™ publications and the Florida Yards and Neighborhoods Program for required plantings and buffers, as applicable.

Protection Features: There are no protection features (Wellhead Protection Areas (WHPAs) present on this parcel.

Hydrologic Features: There is a Class 3 wetland along the northeast portion of the site; however, there are no Special Protection Areas (SPAs) present on this parcel.

Comments: Drainage should be designed to prevent runoff from going into the wetlands.

UTILITIES REVIEW

The Hernando County Utilities Department (HCUD) reviewed the petitioner's request and provided the following comments:

- HCUD does not currently supply water or sewer service to this parcel.
- There is an existing 12-inch water main that runs along the north side of Osowaw Boulevard.
- There is an existing 10-inch sewer force main that runs along the north side of Osowaw Boulevard, and an existing 4-inch sewer force main that runs on the south side of Osowaw Boulevard approximately 270 feet to the west of the parcel.
- HCUD has no objection to the request, subject to a utility capacity analysis and connection to the central water and sewer systems at time of vertical construction.

Please note: Availability of existing water, sewer, and reclaimed water capacity is dependent on the engineer's estimated flows for the proposed development. Existing utility infrastructure may require upgrades to supply service to the proposed development. Complete a Utilities Capacity Request form located on HCUD's Engineering website and submit with a proposed site plan for capacity inquiries.

Utility location does not guarantee capacity

ENGINEERING REVIEW

The County Engineer reviewed the petitioner's request and provided the following comments:

- The petitioner shall obtain all applicable permits from Hernando County and other applicable permitting agencies including, but not limited to, Southwest Florida Water Management District, Florida Dept. of Environmental Resources, Florida Dept. of Wildlife, in addition to meeting the Hernando County permitting requirements.
- This site is adjacent to the "Nature Coast Commons" project and across the discharge path of the outfall from that project. The discharge flow path must be addressed in any development of the site. Development was after the detailed watershed study.
- A Traffic Access Analysis shall be performed and provided to the Conty during the development process. The Traffic Access Analysis shall include a queuing analysis.
- Any improvements identified by the Traffic Analysis shall be the responsibility of the developer to install.
- A sidewalk shall be constructed along Osowaw Boulevard for the entire length of the parcel.

LAND USE REVIEW

The proposed use of the property as residential is appropriate. There is public transit route which travels on Osowaw Boulevard and stop on the adjacent commercial property. There is a single access point proposed for the development, which is not

ideal, however only one access point can be provided due to the preservation of the wetlands which occupy a majority of the parcel frontage.

Workforce housing is commonly targeted at "essential workers" in a community i.e. police officers, firemen, teachers, nurses, medical personnel and government employees. 2021 Florida Statute 420.5095 states "The Legislature finds and declares that recent rapid increases in the median purchase price of a home and the cost of rental housing have far outstripped the increases in median income in the state, creating the need for innovative solutions for the provision of housing opportunities." This situation has gotten much worse since 2021.

According to the National Low Income Housing Coalition[1] in 2024 a person working for minimum wage ($11 an hour) must work 90 hours a week to afford a studio apartment in Hernando County. To afford a one (1) bedroom rental the same worker must work 97 hours a week, and to afford a two-bedroom apartment, the worker must work 111 hours a week. There are 168 hours in one week, thus this level of effort is unsustainable if not impossible.

It is common practice to use thirty percent (30%) of the monthly income of an individual to calculate what is deemed "affordable" to that individual. Rental costs have increased so that 50% and 60% of the monthly income of an individual is regularly being used for housing costs. Hernando County recently increased the wages of the lowest paid employee to $15. Before taxes, that generates a monthly income of $1,200; thirty percent of $1,200 is $360. The National Low Income Housing Coalition estimates the fair market rent for a studio apartment in Hernando County is $1,291. For a one-bedroom rental, the fair market value is $1,381. The fair market value of a studio apartment is more than an employee making $15 an hour makes, before taxes, in one month.

Comment: The petitioner should work with TheBus and the County Engineer to see if a transit stop can be installed on or near the development to provide access to alternate forms of transportation for the residents.

Perimeter Setbacks

The perimeter setbacks for a residential use in a PDP are:

- North Osowaw Boulevard): 25'
- South (wetlands): 20'
- East (drainage retention): 10'
- West (wetlands): 10'

Buffers

The petitioner proposes the following perimeter buffers:

- North (Osowaw Boulevard): 20' landscaped Buffer

[1] https://nlihc.org/oor/state/FL

- South (wetlands): 5' preserved natural vegetated buffer
- East (drainage retention): 5' preserved Natural vegetated buffer
- West (wetlands): 5' preserved Natural vegetated buffer

Comment: These buffers are consistent with the buffers required for a residential Planned Development Project adjacent to non-residential land uses. Jurisdictional wetland lines shall be established and shown on all plans submitted for this project. A buffer around the wetlands, with an average of 20', with no portion of the buffer being less than 15' wide, shall be shown all plans submitted for this project.

COMPREHENSIVE PLAN REVIEW

Future Land Use Map, Residential

The Residential Category accommodates residential growth clustered in and around urbanized areas and those areas that maximize the efficient use of infrastructure contained in long-range facilities plans of the County.

Objective 1.04B: The Residential Category allows primarily single family, duplex, resort and multi-family housing and associated ancillary uses such as recreational and institutional. Office and certain commercial uses may be allowed subject to the locational criteria and performance standards of this Plan. Residential density shall not exceed 22 dwelling units per gross acre.

Strategy 1.04B(2): Future residential development will be planned to locate where the Residential Category predominates on the Future Land Use Map as determined by the availability of facilities and services, the need to accommodate future growth, the strategies to discourage the proliferation of urban sprawl, and the impacts to natural resources, including groundwater.

Multi-Family Housing

Strategy 1.04B(4): The Residential Category includes zoning for multi-family housing generally averaging 7.5 dwelling units per gross acre up to 22 dwelling units per gross acre in order to provide for a diversity of housing choices. Multifamily housing should be located within, or in close proximity to urban areas shown on the Adjusted Urbanized Area Map, or near shopping and employment centers or within Planned Development Projects.

Strategy 1.04B(5): High density zonings are intended for locations in the more intensely developed sections of the County. New residential development of high density housing shall utilize the Planned Development Project (PDP) process. Regulatory criteria shall

include standards that evaluate and address suitability of the location including:

a. proximity to existing or designated commercial areas, corridors, or employment centers;

b. direct or limited local access to arterial or collector roadways;

c. availability of appropriate infrastructure and services capacity at the site including police, fire, emergency medical services, potable water utility supply, sewer utility supply, and primary and secondary school facilities;

d. protection of high quality environmentally sensitive resources or historic and archaeological resources;

e. the character and density of existing and approved residential development in the surrounding area.

Strategy 1.04B(7): All multi-family developments shall be located such that the integrity of nearby established single family neighborhoods is preserved:

a. multi-family development may serve as a density transition located on the periphery of single family neighborhoods and connecting to higher intensity uses;
b. multi-family developments at a density incompatible with surrounding land uses should not access arterial or collector roadway systems through established single-family neighborhoods.

Comments: The proposed development is consistent with the future land use of the parcel and is located in a n appropriate location for the proposed density.

FINDING OF FACTS

1. The proposed development is consistent with the future land use of the property.

2. The requested deviation to increase the maximum dwelling unit per building to 60 is reasonable, considering the presence of wetlands and the limited upland area in which all development on the property will be located.

3. The requested deviation in height, increasing it from 45' to 65' is reasonable considering the presence of wetlands and the limited upland area in which all development on the property will be located.

NOTICE OF APPLICANT RESPONSIBILITY

The rezoning process is a land use determination and does not constitute a permit for either construction on, or use of, the property, or a Certificate of Concurrency. Prior to

use of, or construction on, the property, the petitioner must receive approval from the appropriate County department(s) for the proposed use.

The granting of this land use determination does not protect the owner from civil liability for recorded deed restrictions which may exceed any county land use ordinances. Homeowner associations or architectural review committees require submission of plans for review and approval. The applicant for this land use request should contact the local association or the Public Records for all restrictions applicable to this property.

The applicant, property owner, or developer is responsible for ensuring the performance conditions established herein are provided to all contractors performing work for this project. All applications submitted for development activity on this project are expected to comply with the performance conditions established herein.

APPENDIX A

STAFF RECOMMENDATIONS

FOR THE PLANNING AND ZONING COMMISSION

STAFF RECOMMENDATION

It is recommended that the Planning and Zoning Commission recommend the Board of County Commissioners adopt a resolution approving the petitioner's request for a Rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations and the following performance conditions:

1. The petitioner must obtain all permits from Hernando County and other applicable agencies and meet all applicable land development regulations, for either construction or use of the property, and complete all applicable development review processes.

2. Planning

   A. Allowed Uses in this PDP: Multifamily complex and associated accessory uses.

B.	Maximum number of Dwelling Units Allowed:	125
C.	Maximum number of dwelling units per building:	60 (Deviation from 12)
D.	Maximum Building Coverage:	45%
E.	Minimum Building Separation:	15'
F.	Minimum dwelling unit square footage:	600 square feet
G.	Maximum Building Height:	65' / 4 stories (deviation from 45' / 3 stories)

   H. The petitioner should work with TheBus and the County Engineer to see if a transit stop can be installed on or near the development to provide access to alternate forms of transportation for the residents.

   I. Setbacks (inclusive of the vegetated buffer)

   - North: 25'
   - South: 20'
   - East: 10'
   - West: 10'

3. **Buffers and Permanent Screening:**

   A buffer shall be required between a Planned Development Project land use which is multifamily or non-*residential* and a land use, external to the PDP, which is *residential, agricultural-residential, or agricultural.* The buffer shall consist of a minimum five-foot landscaped separation distance. The multifamily or nonresidential use located on such lot shall be permanently screened from the adjoining and contiguous properties by a wall, fence, and/or approved enclosures. Such screening shall have a minimum height of five (5) [feet] and a maximum height of eight (8) feet, or an evergreen hedge with a minimum

height of five (5) feet at the time of planting (*Appendix A, Article VIII, Section 1(C)).*

- North: 20'
- South: 5'
- East: 5'
- West: 5'

*Buffer fencing – the required greenery shall be installed on the side of the fence or wall that faces the adjacent property.

A. Natural vegetation is to be retained in the buffers and enhanced with trees and vegetation to meet 80% opacity requirement within 12 months.

B. Vegetated buffers shall remain undisturbed, with the exception of the removal of invasive species or dead trees (without the use of large machinery that would level the buffer). Buffers may not include any stormwater management facilities, utility easements or drainage retention areas.

4. **Environmental:**

A. **A comprehensive floral and faunal (wildlife) survey** shall be prepared by a qualified professional and submitted as part of the Conditional Plat application stage of development. The petitioner is required to comply with all applicable FWC regulations and permitting. Jurisdictional wetland lines shall be established and shown on all plans submitted for this project. A buffer around the wetlands, with an average of 20', with no portion of the buffer being less than 15' wide, shall be shown all plans submitted for this project.

B. Required Open Space: 2.04 acres

The petitioner shall preserve the minimum seven percent (15%) natural vegetation as required by the County's Land Development Regulations. The required natural vegetation may be included as part of the required open space.

Multifamily Development *(Appendix A, Article VIII, Section 1 (H)(1)(e))* Minimum open space required for multifamily developments containing twelve (12) or more units: A minimum of fifteen (15) percent of the gross site must be maintained in open space. A minimum of fifty (50) percent of the required open space shall be in areas at least five hundred (500) square feet in size with no horizontal dimension less than fifteen (15) feet.

The designated open space shall be at least 500 square feet with no areas less than 15' in width.

C. Required Natural Vegetation: 29,621 square feet

Article II, Section 10-28 (2). Preserved natural vegetation and/or planted native vegetation shall be provided per the following standard. The county administrator or designee may grant deviations to this standard if changes in elevation or other conditions preclude meeting this standard.

D. Landscaping:

A minimum of fifteen (15) trees per acre shall be either preserved or installed. At least five (5) of those trees shall be shade trees. Unless otherwise approved for removal, specimen and majestic trees shall be preserved.

E. Invasive plant species if present are to be removed during the development process.

F. The petitioner must meet the minimum requirements of Florida Friendly Landscaping™ publications and the Florida Yards and Neighborhoods Program for required plantings and buffers, as applicable.

The Builder/Developer shall provide new property owners with Florida-Friendly Landscaping™ Program information and encourage the use of the principles, techniques, and landscaping recommendations. Information on the County's Fertilizer Ordinance and fertilizer use is to be included. Educational information is available through Hernando County Utilities Department.

5. Engineering:

A. The petitioner shall obtain all applicable permits from Hernando County and other applicable permitting agencies including, but not limited to, Southwest Florida Water Management District, Florida Dept. of Environmental Resources, Florida Dept. of Wildlife, in addition to meeting the Hernando County permitting requirements.

B. This site is adjacent to the "Nature Coast Commons" project and across the discharge path of the outfall from that project. The discharge flow path must be addressed in any development of the site. Development was after the detailed watershed study.

C. A Traffic Access Analysis shall be performed and provided to the Conty during the development process. The Traffic Access Analysis shall include a queuing analysis.

D. Any improvements identified by the Traffic Analysis shall be the responsibility of the developer to install.

E. A sidewalk shall be constructed along Osowaw Boulevard for the entire length of the parcel.

6. Utilities: HCUD has no objection to the request, subject to a utility capacity analysis and connection to the central water and sewer systems at time of vertical construction.

7. Schools:

   The petitioner must apply for and receive a "Finding of School Capacity" from the School District prior to the approval of the conditional plat or the functional equivalent. The County will only issue a certificate of concurrency for schools upon the School District's written determination that adequate school capacity will be in place or under actual construction within three (3) years after the issuance of subdivision approval or site plan approval (or functional equivalent) for each level of school without mitigation, or with the execution of a legally binding proportionate share mitigation agreement between the applicant, the School District and the County.

   Without Conditional Plat or the functional equivalent in place, the School Districts finding of school capacity expires within 1 year of issuance.

8. The petitioner shall remove any barbed wire and/or electric fencing from the subject parcel(s) prior to the issuance of any Certificate of Occupancy being issued. This includes any areas designated as Buffers and Drainage Retention Areas designated as PDP(Special Use) on plats.

9. Prior to the issuance of an approved set of construction plans, the developer shall provide the Department of Public Works and The Planning Department with a contact list of any known contractors and professionals that will be working on the site as well as designating a primary contact should issues arise.

10. The petitioner shall provide a revised plan in compliance with all the performance conditions within 30 calendar days of BCC approval. Failure to submit the revised plan will result in no further development permits being issued.

APPENDIX B

PLANNING & ZONING COMMISSION

ACTION

APPENDIX B –PLANNING & ZONING COMMISSION ACTION:

On June 10, 2024, the Planning and Zoning Commission voted 4-1 to recommend the Board of County Commissioners adopt a resolution approving the petitioner's request for a Rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations and the following modified performance conditions:

1. The petitioner must obtain all permits from Hernando County and other applicable agencies and meet all applicable land development regulations, for either construction or use of the property, and complete all applicable development review processes.

2. Planning

   A. Allowed Uses in this PDP: Multifamily complex and associated accessory uses.

   B. Maximum number of Dwelling Units Allowed: 125

   C. Maximum number of dwelling units per building: 60 (Deviation from 12)

   D. Maximum Building Coverage: 45%

   E. Minimum Building Separation: 15'

   F. Minimum dwelling unit square footage: 600 square feet

   G. Maximum Building Height: ~~65' / 4 stories (deviation from~~ 45' / 3 stories~~)~~

   H. The petitioner should work with TheBus and the County Engineer to see if a transit stop can be installed on or near the development to provide access to alternate forms of transportation for the residents.

   I. Setbacks (inclusive of the vegetated buffer)

   - North: 25'
   - South: 20'
   - East: 10'
   - West: 10'

3. **Buffers and Permanent Screening:**

   A buffer shall be required between a Planned Development Project land use which is multifamily or non-*residential* and a land use, external to the PDP, which is *residential, agricultural-residential, or agricultural.* The buffer shall consist of a minimum five-foot landscaped separation distance. The multifamily or nonresidential use located on such lot shall be permanently screened from the adjoining and contiguous properties by a wall, fence, and/or approved enclosures. Such screening shall have a minimum height of five (5) [feet] and a maximum height of eight (8) feet, or an evergreen hedge with a minimum

height of five (5) feet at the time of planting (*Appendix A, Article VIII, Section 1(C)).*

- North: 20' (natural vegetative buffer supplemented where necessary)
- South: 5'
- East: 5'
- West: 5'

*Buffer fencing – the required greenery shall be installed on the side of the fence or wall that faces the adjacent property.

A. Natural vegetation is to be retained in the buffers and enhanced with trees and vegetation to meet 80% opacity requirement within 12 months.

B. Vegetated buffers shall remain undisturbed, with the exception of the removal of invasive species or dead trees (without the use of large machinery that would level the buffer). Buffers may not include any stormwater management facilities, utility easements or drainage retention areas.

4. **Environmental:**

A. A **comprehensive floral and faunal (wildlife) survey** shall be prepared by a qualified professional and submitted as part of the Conditional Plat application stage of development. The petitioner is required to comply with all applicable FWC regulations and permitting. Jurisdictional wetland lines shall be established and shown on all plans submitted for this project. A buffer around the wetlands, with an average of 20', with no portion of the buffer being less than 15' wide, shall be shown all plans submitted for this project.

B. Required Open Space: 2.04 acres

The petitioner shall preserve the minimum seven percent (15%) natural vegetation as required by the County's Land Development Regulations. The required natural vegetation may be included as part of the required open space.

Multifamily Development *(Appendix A, Article VIII, Section 1 (H)(1)(e))* Minimum open space required for multifamily developments containing twelve (12) or more units: A minimum of fifteen (15) percent of the gross site must be maintained in open space. A minimum of fifty (50) percent of the required open space shall be in areas at least five hundred (500) square feet in size with no horizontal dimension less than fifteen (15) feet.

The designated open space shall be at least 500 square feet with no areas less than 15' in width.

C. Required Natural Vegetation: 29,621 square feet

Article II, Section 10-28 (2). Preserved natural vegetation and/or planted native vegetation shall be provided per the following standard. The county administrator or designee may grant deviations to this standard if changes in elevation or other conditions preclude meeting this standard.

D. Landscaping:

A minimum of fifteen (15) trees per acre shall be either preserved or installed. At least five (5) of those trees shall be shade trees. Unless otherwise approved for removal, specimen and majestic trees shall be preserved.

E. Invasive plant species if present are to be removed during the development process.

F. The petitioner must meet the minimum requirements of Florida Friendly Landscaping™ publications and the Florida Yards and Neighborhoods Program for required plantings and buffers, as applicable.

The Builder/Developer shall provide new property owners with Florida-Friendly Landscaping™ Program information and encourage the use of the principles, techniques, and landscaping recommendations. Information on the County's Fertilizer Ordinance and fertilizer use is to be included. Educational information is available through Hernando County Utilities Department.

5. Engineering:

A. The petitioner shall obtain all applicable permits from Hernando County and other applicable permitting agencies including, but not limited to, Southwest Florida Water Management District, Florida Dept. of Environmental Resources, Florida Dept. of Wildlife, in addition to meeting the Hernando County permitting requirements.

B. This site is adjacent to the "Nature Coast Commons" project and across the discharge path of the outfall from that project. The discharge flow path must be addressed in any development of the site. Development was after the detailed watershed study.

C. A Traffic Access Analysis shall be performed and provided to the Conty during the development process. The Traffic Access Analysis shall include a queuing analysis.

D. Any improvements identified by the Traffic Analysis shall be the responsibility of the developer to install.

E. A sidewalk shall be constructed along Osowaw Boulevard for the entire length of the parcel.

6. Utilities: HCUD has no objection to the request, subject to a utility capacity analysis and connection to the central water and sewer systems at time of vertical construction.

7. Schools:

   The petitioner must apply for and receive a "Finding of School Capacity" from the School District prior to the approval of the conditional plat or the functional equivalent. The County will only issue a certificate of concurrency for schools upon the School District's written determination that adequate school capacity will be in place or under actual construction within three (3) years after the issuance of subdivision approval or site plan approval (or functional equivalent) for each level of school without mitigation, or with the execution of a legally binding proportionate share mitigation agreement between the applicant, the School District and the County.

   Without Conditional Plat or the functional equivalent in place, the School Districts finding of school capacity expires within 1 year of issuance.

8. The petitioner shall remove any barbed wire and/or electric fencing from the subject parcel(s) prior to the issuance of any Certificate of Occupancy being issued. This includes any areas designated as Buffers and Drainage Retention Areas designated as PDP(Special Use) on plats.

9. Prior to the issuance of an approved set of construction plans, the developer shall provide the Department of Public Works and The Planning Department with a contact list of any known contractors and professionals that will be working on the site as well as designating a primary contact should issues arise.

10. The petitioner shall provide a revised plan in compliance with all the performance conditions within 30 calendar days of BCC approval. Failure to submit the revised plan will result in no further development permits being issued.

APPENDIX C

BOARD OF COUNTY COMMISSION

ACTION

APPENDIX C – BOARD OF COUNTY COMMISSION ACTION:

On June 28, 2024, the Board of County Commission voted 5-0 to adopt a resolution denying the petitioner's request for a rezoning from AG (Agricultural) to PDP(MF)/ Planned Development Project (Multi-Family) with deviations. The Board of County Commissioners determined that the request was too intense for the subject site and incompatible with the area.

Exhibit "B"

BRIEF OVERVIEW:

On July 25, 2024, Raysor Ventures, LLC filed its Request for Relief under the Florida Land Use and Environmental Dispute Resolution Act ("FLUEDRA").

On December 19, 2024, Hernando County staff and Raysor Ventures, LLC attended mediation on the dispute and then prepared the Mediated Settlement Agreement.

On January 10, 2025, the Mediated Settlement Agreement was fully executed and is presented here for consideration by the Board.

BOARD OF COUNTY COMMISSION ACTION:

On February 25, 2025, the Board of County Commission voted 3-2 to adopt a resolution approving the Mediated Settlement Agreement for a rezoning from AG (Agricultural) to +/- 5.7 acres of PDP(MF)/Planned Development Project (Multi-family) and +/- 7.9 acres of CV/Conservation with modified performance conditions:

1. The petitioner must obtain all permits from Hernando County and other applicable agencies and meet all applicable land development regulations, for either construction or use of the property, and complete all applicable development review processes.

2. Planning

   A. Allowed Uses in this PDP: Multifamily complex and associated accessory uses.

   B. Maximum number of Dwelling Units Allowed: ~~125~~ 90

   C. Maximum number of dwelling units per building: ~~60~~ 50

   D. Maximum Building Coverage: 45%

   E. Minimum Building Separation: 15'

   F. Minimum dwelling unit square footage: 600 square feet

   G. Maximum Building Height: 45' / 3 stories

   H. The petitioner should work with TheBus and the County Engineer on sidewalks to see if a transit stop can be installed on or near the development to provide access to alternate forms of transportation for the residents.

   I. Setbacks (inclusive of the vegetated buffer)

   - North: 25'
   - South: 20'
   - East: 10'
   - West: 10'

3. **Buffers and Permanent Screening:**

A buffer shall be required between a Planned Development Project land use which is multifamily or non-*residential* and a land use, external to the PDP, which is *residential, agricultural-residential, or agricultural.* The buffer shall consist of a minimum five-foot landscaped separation distance. The multifamily or nonresidential use located on such lot shall be permanently screened from the adjoining and contiguous properties by a wall, fence, and/or approved enclosures. Such screening shall have a minimum height of five (5) [feet] and a maximum height of eight (8) feet, or an evergreen hedge with a minimum height of five (5) feet at the time of planting (*Appendix A, Article VIII, Section 1(C)).*

- North: ~~20'~~ 25' (natural vegetative buffer supplemented where necessary)
- South: 5'
- East: 5'
- West: 5'

*Buffer fencing – the required greenery shall be installed on the side of the fence or wall that faces the adjacent property.

A. Natural vegetation is to be retained in the buffers and enhanced with trees and vegetation to meet 80% opacity requirement within 12 months.

B. Vegetated buffers shall remain undisturbed, with the exception of the removal of invasive species or dead trees (without the use of large machinery that would level the buffer). Buffers may not include any stormwater management facilities, utility easements or drainage retention areas.

4. **Environmental:**

A. A **comprehensive floral and faunal (wildlife) survey** shall be prepared by a qualified professional and submitted as part of the Conditional Plat application stage of development. The petitioner is required to comply with all applicable FWC regulations and permitting. Jurisdictional wetland lines shall be established and shown on all plans submitted for this project. A buffer around the wetlands, with an average of 20', with no portion of the buffer being less than 15' wide, shall be shown all plans submitted for this project.

B. Required Open Space: 2.04 acres

The petitioner shall preserve the minimum seven percent (15%) natural vegetation as required by the County's Land Development Regulations. The required natural vegetation may be included as part of the required open space.

Multifamily Development *(Appendix A, Article VIII, Section 1 (H)(1)(e))* Minimum open space required for multifamily developments containing

twelve (12) or more units: A minimum of fifteen (15) percent of the gross site must be maintained in open space. A minimum of fifty (50) percent of the required open space shall be in areas at least five hundred (500) square feet in size with no horizontal dimension less than fifteen (15) feet.

The designated open space shall be at least 500 square feet with no areas less than 15' in width.

C. Required Natural Vegetation: 29,621 square feet

Article II, Section 10-28 (2). Preserved natural vegetation and/or planted native vegetation shall be provided per the following standard. The county administrator or designee may grant deviations to this standard if changes in elevation or other conditions preclude meeting this standard.

D. Landscaping:

A minimum of fifteen (15) trees per acre shall be either preserved or installed. At least five (5) of those trees shall be shade trees. Unless otherwise approved for removal, specimen and majestic trees shall be preserved.

E. Invasive plant species if present are to be removed during the development process.

F. The petitioner must meet the minimum requirements of Florida Friendly Landscaping™ publications and the Florida Yards and Neighborhoods Program for required plantings and buffers, as applicable.

The Builder/Developer shall provide new property owners with Florida-Friendly Landscaping™ Program information and encourage the use of the principles, techniques, and landscaping recommendations. Information on the County's Fertilizer Ordinance and fertilizer use is to be included. Educational information is available through Hernando County Utilities Department.

5. Engineering:

F. The petitioner shall obtain all applicable permits from Hernando County and other applicable permitting agencies including, but not limited to, Southwest Florida Water Management District, Florida Dept. of Environmental Resources, Florida Dept. of Wildlife, in addition to meeting the Hernando County permitting requirements.

G. This site is adjacent to the "Nature Coast Commons" project and across the discharge path of the outfall from that project. The discharge flow path must be addressed in any development of the site. Development was after the detailed watershed study.

H. A Traffic Access Analysis shall be performed and provided to the Conty during the development process. The Traffic Access Analysis shall include a queuing analysis.

I. Any improvements identified by the Traffic Analysis shall be the responsibility of the developer to install.

J. A sidewalk shall be constructed along Osowaw Boulevard for the entire length of the parcel.

6. Utilities:

HCUD has no objection to the request, subject to a utility capacity analysis and connection to the central water and sewer systems at time of vertical construction.

7. Schools:

The petitioner must apply for and receive a "Finding of School Capacity" from the School District prior to the approval of the conditional plat or the functional equivalent. The County will only issue a certificate of concurrency for schools upon the School District's written determination that adequate school capacity will be in place or under actual construction within three (3) years after the issuance of subdivision approval or site plan approval (or functional equivalent) for each level of school without mitigation, or with the execution of a legally binding proportionate share mitigation agreement between the applicant, the School District and the County.

Without Conditional Plat or the functional equivalent in place, the School Districts finding of school capacity expires within 1 year of issuance.

8. The petitioner shall remove any barbed wire and/or electric fencing from the subject parcel(s) prior to the issuance of any Certificate of Occupancy being issued. This includes any areas designated as Buffers and Drainage Retention Areas designated as PDP(Special Use) on plats.

9. Prior to the issuance of an approved set of construction plans, the developer shall provide the Department of Public Works and The Planning Department with a contact list of any known contractors and professionals that will be working on the site as well as designating a primary contact should issues arise.

10. A boulevard entry feature, which entails a landscaped median that separates opposing traffic flows on the vehicular access point to the property must be provided.

11. A clubhouse must be located at or near the vehicular entrance to the property to: (1) provide a shield from the majority of the parking area visible from Osowaw Boulevard; and (2) improve vehicular circulation within the parking area for emergency services and solid waste and recycling.

12. A neighborhood park, including a playground, shall be provided for the residents.

13. The building orientation shall be substantially similar to the building orientation shown on the Revised Master Plan.

14. The balance of the undeveloped subject site (+/- 7.9 acres) shall be rezoned and deemed Conservation. The area CV (Conservation) must comply with all regulations and requirements set forth in Appendix A, Article IV, Section 10 of the Land Use Regulations of Hernando County, Florida.

15. Project tenancy shall consist of a maximum of 15% 3 bedrooms, 45% 2 bedrooms and unlimited 1 bedroom units.

16. Project shall provide 10% holiday parking.

17. No fence shall be required along the project's perimeter.

18. The petitioner to provide a revised plan ~~shall provide a revised plan~~ in compliance with all the performance conditions within 30 calendar days of BCC approval. Failure to submit the revised plan will result in no further development permits being issued.

RESIDENT SERVICES

RESIDENT SERVICES

Newstar & Middleburg will commit to providing a resident services program that will be tailored to the premises based on the facilities. The program will be multi-faceted to accommodate and meet the needs of the residents of Vesta at Osowaw. The resident services program will provide all programs required by all land use restrictive covenant agreements applicable to the premises, free of charge. The program may include services like the following:

- Financial Counseling
    - Financial counseling services will be regularly scheduled, no less than once a quarter. The counseling will include tax preparation services and educational workshops on topics like "Learning to Budget", "Handling Personal Finances", or "Comparison Shopping for the Consumer".
- Employment Opportunity Program
    - The employment opportunity program will include regularly scheduled classes on topics and skills relevant to the current work force. This includes typing, computer literacy, secretarial skills, job interview techniques, and other useful job skills.
- Homeownership Opportunity Program
    - The applicant will work in conjunction with local realtors or lending institutions to provide free, on-site seminars for residents interested in becoming homeowners.

ATTACHMENT #16
NEWSTAR DEVELOPMENT RESUME &
MIDDLEBURG COMMUNITIES RESUME

Newstar Development – About Us

Newstar Development, LLC ("Newstar"), is a full-service development firm formed in 2020 by the Florida leadership team for Norstar Development USA ("Norstar"), Brian Evjen and Justin Corder. Norstar is also a member of Newstar.

Our development team completed its first affordable housing development in Florida in 2008, and all completed developments in Florida have been in partnership with Public Housing Authorities (PHAs), except for one project with a CRA (Community Redevelopment Agency).

Accordingly, the development team has extensive experience in residential multifamily development as well as partnerships with public housing authorities. Our team has expertise in all areas of financing low-income and public housing properties, knowledge of applications and corresponding approval processes, experience in working with low-income housing tax credits (LIHTC), bond programs, local finance authorities, HOME Funds, FHLB AHP funds, project-based Section 8 contracts, and other Mixed Finance Programs, including HOPE VI, Replacement Housing Factor and HUD capital funds. Our development team is also innovative in utilizing new programs when appropriate.

Newstar Development – Experience Applying for and Utilizing LGAO

Newstar cultivates and maintains close relationships with local government housing and community development departments to garner support for its developments. This has resulted in Newstar's projects receiving four LGAO (Local Government Area of Opportunity) funding commitments in Pinellas County for its Heritage Oaks (PCHA, 2016, 2020, & 2021) and Eagle Ridge (TSHA, 2017) projects and two LGAO commitments from the City of Pinellas Park (Sunshine Lofts on 78th, 2020 & 2021). In medium counties Newstar has received four LGAO commitment from City of Gainesville (Woodland Park Phase II, 2020, 2021, 2022, and 2023), the first LGAO commitment in Charlotte County (Verandas of Punta Gorda III, 2018), three LGAO commitment from the City of Punta Gorda (Verandas of Punta Gorda III, 2020 & 2021 and Vesta Esperanza Village, 2022), and two LGAO commitments in Manatee County by the City of Bradenton (Lincoln Village, 2018 & Bryant Commons, 2021).

Florida Housing Finance Corp. (FHFC) created the LGAO funding commitment in 2016 to give local governments a way to select their preferred affordable housing project, and these commitments elevated our tax credit application scores to make them more competitive in FHFC's annual tax credit cycles, thus increasing the likelihood of an award. Since 2016, Newstar has completed three LGAO-awarded developments and has one more under construction as of the date of this response.

The Verandas of Punta Gorda – Phase III

Punta Gorda, Florida

The Verandas of Punta Gorda – Phase III (Verandas III) is a 72-unit affordable housing project being developed in partnership with the Punta Gorda Housing Authority (PGHA). Financing included 9% Low-Income Housing Tax Credits, LGAO from the City of Punta Gorda, and various forms of funding from Charlotte County including BOCC, SHIP, and the County's first Affordable Housing Trust fund Grant. Total development cost was approximately $25,323,869. Verandas III serves tenants at 35% AMI and 60% AMI. Unit sizes include 1BR – 718sf, 2BR – 1,063sf, and 3BR – 1,325sf, which are contained in three-story garden style buildings. This project was completed in February of 2025, on-time and under-budget.

Valor Preserve

Seminole, Florida

Valor Preserve is a 64-unit family affordable housing project completed in partnership with the Pinellas County Housing Authority (PCHA). Valor Preserve serves disabled and veterans of the US Armed Forces, with all units fully accessible. Financing included 9% Low-Income Housing Tax Credits, as well as SAIL and CHIRP/Viability loans from FHFC, Home Depot Foundation grant, and Pinellas County-issued SHIP funding. Total development cost was $27,020,470. Valor Preserve serves tenants at 30% AMI, 33% AMI and 60% AMI. Unit sizes include 1BR – 723sf and 2BR – 1,065sf, which are contained in one-story and two-story garden style buildings. Valor Preserve is certified silver from National Green Building Standard (NGBS). This project was completed in June 2024 on-time and under-budget.

Jordan Park

St. Petersburg, Florida

Jordan Park is a fully affordable development consisting of 206 acquisition-rehab family units and 60 new construction senior units. Newstar completed this redevelopment in partnership with the St. Petersburg Housing Authority (SPHA). Financing included 4% Low-Income Housing Tax Credit equity from RBC, Pinellas County HFA-issued bonds, City of St. Petersburg CRA funds, construction and permanent (agency) loans from KeyBank, and SPHA funds. The total development cost was $93,108,000. Jordan Park serves tenants from 20% AMI to 60% AMI. Completed in October 2023, Jordan Park (new construction building) is certified silver from National Green Building Standard (NGBS).

Lincoln Village Apartments

Bradenton, Florida

Lincoln Village is a 50-unit family affordable housing project completed in partnership with the Bradenton Central Community Redevelopment Agency (CRA). Financing included 9% Low-Income Housing Tax Credits ($0.94 tax credit pricing) and total development cost was $13,364,000. Lincoln Village serves tenants at 33% AMI and 60% AMI and has 10% market rate units. Unit sizes include 1BR – 882sf, 2BR – 998sf, and 3BR – 1,385sf, which are contained in three-story and two-story garden style buildings. Lincoln Village is certified silver from National Green Building Standard (NGBS). This project was completed in July 2021 on-time and under-budget.

Eagle Ridge Apartments

Tarpon Springs, Florida

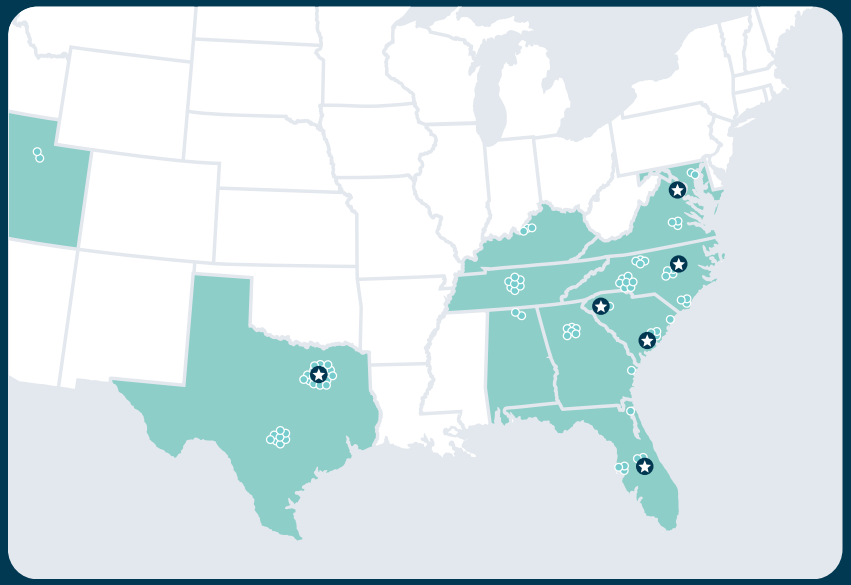
Eagle Ridge is a 71-unit family affordable housing project completed in partnership with the Tarpon Springs Housing Authority (TSHA). Financing included 9% Low Income Housing Tax Credits ($0.955 tax credit pricing) as well as Pinellas County funds, and total development cost was $18,178,000. Eagle Ridge serves tenants at 60% AMI and lower. Unit sizes include 1BR – 720sf, 2BR – 994sf, and 3BR – 1,320sf. This project was completed in February 2021 on-time and under-budget.

MIDDLEBURG
COMMUNITIES

1940

Middleburg is a leading real estate investment firm maximizing stakeholder value through a socially conscious, fully integrated approach to the acquisition, development, construction, and management of high-quality, attainable rental housing.

We are headquartered in Vienna, Virginia and have regional offices throughout our operating footprint.



* Current and Historical Portfolio

Founded in **2004**

$3.5B in Multifamily Transactions

23,000+ Units Acquired and Developed

150+ Team Members in Regional Offices

3,000+ Units Under Construction

Licensed GC in **8 States**

1,114 Hours of Team Community Service

Investment Management

We leverage our in-house research and analytics team to forecast market performance, shift between acquisitions and development, increase asset value, and achieve maximum risk adjusted returns.

Development

We are one of the most active and successful developers of high-quality attainable multifamily and single-family rental communities in the Southeastern United States.

Construction

We are a licensed general contractor in eight states. Led by a team of tenured multifamily construction experts, our daily operations are guided by Character, Quality, Environmental Integrity, and Transparency.

Property Management

Our seasoned operations team is empowered by our industry leading technology and shared services platform that produces distinct and measurable outperformance.

Multifamily Community Design

Mosby represents Middle Market Class-A multifamily rental properties focused on providing best-in-class amenities and resident services in infill, suburban growth corridor and master-planned communities. Our communities are in proximity to employment, retail, entertainment and heathcare.

Mosby draws from:

- Young professionals, growing families and retirees
- Highly diverse mix of professionals (nurses, teachers, police officers, hospitality workers, engineers and consultants)

Mosby Community Design Principles

DESIGN

Site layouts contribute to the betterment of the surrounding community

Building layouts facilitate seamless interaction between indoor and outdoor spaces

Design improves the quality of life and fosters a sense of satisfaction among residents

HOME

Small and Large unit layouts

Studio, 1, 2, & 3 bedroom apartment homes

Unit layouts and features which provide dedicated space for pets, crafts, or a home office

1.2 - 1.8 parking spaces per unit

GREEN

Thoughtful building placement to create a variety of separate outdoor spaces for relaxation and play

Sidewalk and trails around natural points of interest

Community gardens

CONNECTIVITY

Connected to the surrounding community in proximity to town centers, restaurants, entertainment, healthcare, and transit

Florida Housing Finance Corporation Local Government Area Of Opportunity Funding Form

Name of Development: Vesta at Osowaw

Development Location: Osowaw Blvd, Huntley Subdivison, Lot 3 LESS THOSE PARCELS DES IN ORB 2383 PG 257 & ORB 2505 PG 1706, Hernando County, FL

(At a minimum, provide the address number, street name and city, and/or provide the street name, closest designated intersection and either the city (if located within a city) or county (if located in the unincorporated area of the county). If the Development consists of Scattered Sites, the Development Location stated above must reflect the Scattered Site where the Development Location Point is located.)

The city/county of Hernando commits $_____ as a cash grant and/or commits $ 340,000.00 as a cash loan to the Applicant for its use solely for assisting the proposed Development referenced above.

Acknowledgements

The contribution is intended to be a Local Government Area of Opportunity Contribution for use in RFA 201, making this Development potentially eligible for the Local Government Area of Opportunity Goal.

The city/county stated above acknowledges that the RFA allows each city and county to contribute funding in the form of a cash loan and/or cash grant to a maximum of one Development. The city/county stated above has contributed Local Government Area of Opportunity funding only for the above-named Development and has not contributed Local Government Area of Opportunity to any other Development competing in this same RFA.

I have read and understand the Local Government Area of Opportunity qualifications of the above referenced RFA, which includes understanding that the city/county stated above may receive lower preference for the Local Government Area of Opportunity Goal in a future corresponding RFA for up to two years.

No consideration or promise of consideration has been given with respect to the loan or grant. For purposes of the foregoing, the promise of providing affordable housing does not constitute consideration. The commitment for this loan or grant must be effective as of the Application Deadline for the applicable RFA and is provided specifically with respect to the proposed Development.

Certification

The contribution stated above is for the Applicant's use and is solely for assisting the proposed Development referenced above. I certify that the foregoing information is true and correct, and that this commitment is effective at least through the date required in the applicable RFA.

_____	Brian Hawkins
Signature	Print or Type Name
Chaiman, Board of County Commissioners	_____
Print or Type Title	Date Signed - This form is valid for nine months from this date.

NOTE TO LOCAL GOVERNMENT OFFICIAL: Additional information is set forth in the applicable Request for Application under which the Applicant is applying for funding for the above referenced Development.

This certification must be signed by the chief appointed official (staff) responsible for such approvals, such as the Mayor, City Manager, County Manager /Administrator/Coordinator, Chairperson of the City Council/Commission or Chairperson of the Board of County Commissioners. If the contribution is from a Land Authority organized pursuant to Chapter 380.0663, Florida Statutes, this certification must be signed by the Chair of the Land Authority. One of the authorized persons, as described above may sign this form for certification of state, federal or Local Government funds initially obtained by or derived from a Local Government that is directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization (CHDO). Other signatories are not acceptable. The Applicant will not receive credit for this contribution if the certification is improperly signed. The amount of the contribution stated on this form must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

If there are alterations made to this form that change the meaning of the form, the form will not be accepted.

Board of County Commissioners

AGENDA ITEM

Meeting: 08/12/2025
Department: Airport
Prepared By: Christine Schmidt
Initiator: Steve Miller
DOC ID: 16154
Legal Request Number: N/A
Bid/Contract Number:

TITLE
Presentation Regarding Infield Infrastructure Development Plan at Brooksville-Tampa Bay Regional Airport

BRIEF OVERVIEW
This planning study is the second phase of Brooksville-Tampa Bay Regional Airport's (BKV's) infrastructure development planning process, with the goal of providing a baseline for the infrastructure needed to maximize future development within the Airport's infield area. In this phase, the study evaluates alternatives for landside developments (i.e., aeronautical, and non-aeronautical development), including roadways, utilities and security improvements. The general goal of this planning effort is to guide the airport in establishing and prioritizing future airport aviation demand while fully meeting current Federal Aviation Administration airport design and safety standards. The study provides a comprehensive plan aligned with the County's goals and expectations to maximize efficiency and support the continued economic development investment at BKV.

FINANCIAL IMPACT
For informational purposes only; no current financial impact.

LEGAL NOTE
The Board is authorized to act on this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION
For informational purposes only.

1 INTRODUCTION

1.1 Overview

Hernando County desires to assess existing and future infrastructure needs at Brooksville-Tampa Bay Regional Airport (BKV) to bring the airport's infrastructure within BKV's infield development area up to current standards. The last airport master plan for BKV was updated in 2016. The BKV Master Plan identified the potential of developing the airport's industrial park and infield areas to support new economic opportunities and sources of aeronautical and non-aeronautical revenue for the airport. As a result, in 2020, Hernando County began the development process by preparing an Airport Infrastructure Development Plan (IDP) for the industrial park areas of the airport. This initial phase of the IDP evaluated land use, roadways, drainage, utilities, and other infrastructure needed to prepare various sites for development over the next ten years.

This planning study is the second phase of the airport's infrastructure development planning process, with the premise of providing the infrastructure needed to maximize future development within the airport's infield area. In this phase, the study evaluates alternatives for landside developments (i.e., aeronautical, and non-aeronautical development), including new roadways and security improvements. The development alternatives are assessed based on their efficiency in meeting identified facility requirements, engineering factors, ease of implementation, costs, phasing, airside and landside accessibility, protection of existing facilities (i.e., Airport Traffic Control Tower, electrical vault, and stormwater facilities), and environmental/historical considerations leading to the selection of the option or combination of options which best satisfies the identified needs. The preferred alternative is refined to include drainage, stormwater, and the utilities needed to support the proposed expansion.

As part of the plan, the study recommends improvements and adjustments to the airport's infield infrastructure over a 10- to 20-year planning horizon. It also includes an Implementation Plan that prioritizes projects and associated costs of recommended improvements. Airport staff and other Hernando County Departments will use the information contained in the plan to maintain, plan for, and develop infrastructure within the airport's infield development area. For the purpose of this study, Runway 9-27, Runway 3-21, the airport's abandoned runway, and Sergeant Lea Mills Boulevard will serve as the limits of the project.

1.2 Goals for the Infield IDP Study

The general goal of this planning effort is to guide the airport in establishing future airport developments and supporting infrastructure requirements that accommodate future aviation demand while fully meeting current FAA airport design and safety standards. The study will provide a comprehensive Infield Infrastructure Development Plan aligned with the county's goals and expectations to maximize efficiency.

The specific goals of BKV and Hernando County regarding the Infield IDP are as follows:

- Provide an efficient layout for future development aligned with the county's land use and the airport demand.
- Evaluate the airport's vision to attract new business and create new demand.
- Coordinate the future development with existing facilities and short-term projects proposed at the airport by existing and potential future tenants.
- Identify the necessary drainage and utility improvements to provide a flexible and scalable system for a variety of different business needs.
- Generate an implementation plan that prioritizes development areas that could be fast growing, easier to implement, and tied to the airport's ongoing marketing efforts.
- Prioritize capital investment projects that create jobs.
- Review and identify landside facilities that are currently or anticipated to be needed to accommodate future aviation activity while fully meeting FAA design and safety standards.

1.3 Guidance and Requirements

The overall purpose of the Infield IDP is to provide reasonable guidelines for future airport development to satisfy future aviation demand in a cost-effective and timely manner. In support of the purpose and goals identified, the primary objective of this study is to create a 10- to 20-year airport development program for the infield area that will maintain a safe, efficient, economical, and environmentally sustainable airport facility that meets current FAA, state, and Hernando County requirements. **Figure 1-1** shows the key elements of the project process used for this study.

Figure 1-1: Infield Infrastructure Development Plan Process

Source: Michael Baker International, Inc., 2023.

The Infield IDP will follow guidance listed in the following FAA and industry documents as well as validate recommendations considered in previous planning studies at BKV:

- FAA Advisory Circulars (ACs)
  - AC 150/5070-6B, Airport Master Plans
  - AC 150/5300-13B, Airport Design
    - Standard Operating Procedures (SOP) Checklists 2.0 and 3.0
- Code of Federal Regulations (CFR)
  - Part 77, Safe, Efficient Use, and Preservation of the Navigable Airspace

- FAA Orders
  - Order 1050.1F, Environmental Impacts: Policies and Procedures
  - Order 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions
  - Order 5090.5, Formulation of the National Plan of Integrated Airport Systems (NPIAS) and Airports Capital Improvement Plan (ACIP)
  - Order 5100.38D, AIP Handbook
  - Order 5200.8, Runway Safety Area Program
  - Order 8260.3D, United States Standard for Terminal Instrument Procedures (TERPS)
- Airport Cooperative Research Program (ACRP)
  - Report 113, Guidebook on General Aviation Facility Planning
- Hernando County
  - BKV Master Plan Update and ALP
  - BKV Infrastructure Development Plan - Phase I

The remainder of this page is intentionally left blank.

2 PROPOSED INFIELD DEVELOPMENT

2.1 Existing Conditions and Potential Development Areas

The land use analysis performed as part of the BKV MPU and the recently completed Brooksville-Tampa Bay Regional Airport Infrastructure Development Plan (Phase 1) for the Airport Industrial Park areas forms the basis of the infrastructure analyses performed in this study.

In an effort to maximize the efficiency of the infrastructure development in the infield area, this study will evaluate areas suitable for aeronautical use and other areas for non-aeronautical services that do not require direct access to the airfield but may be considered complementary to aeronautical activities.

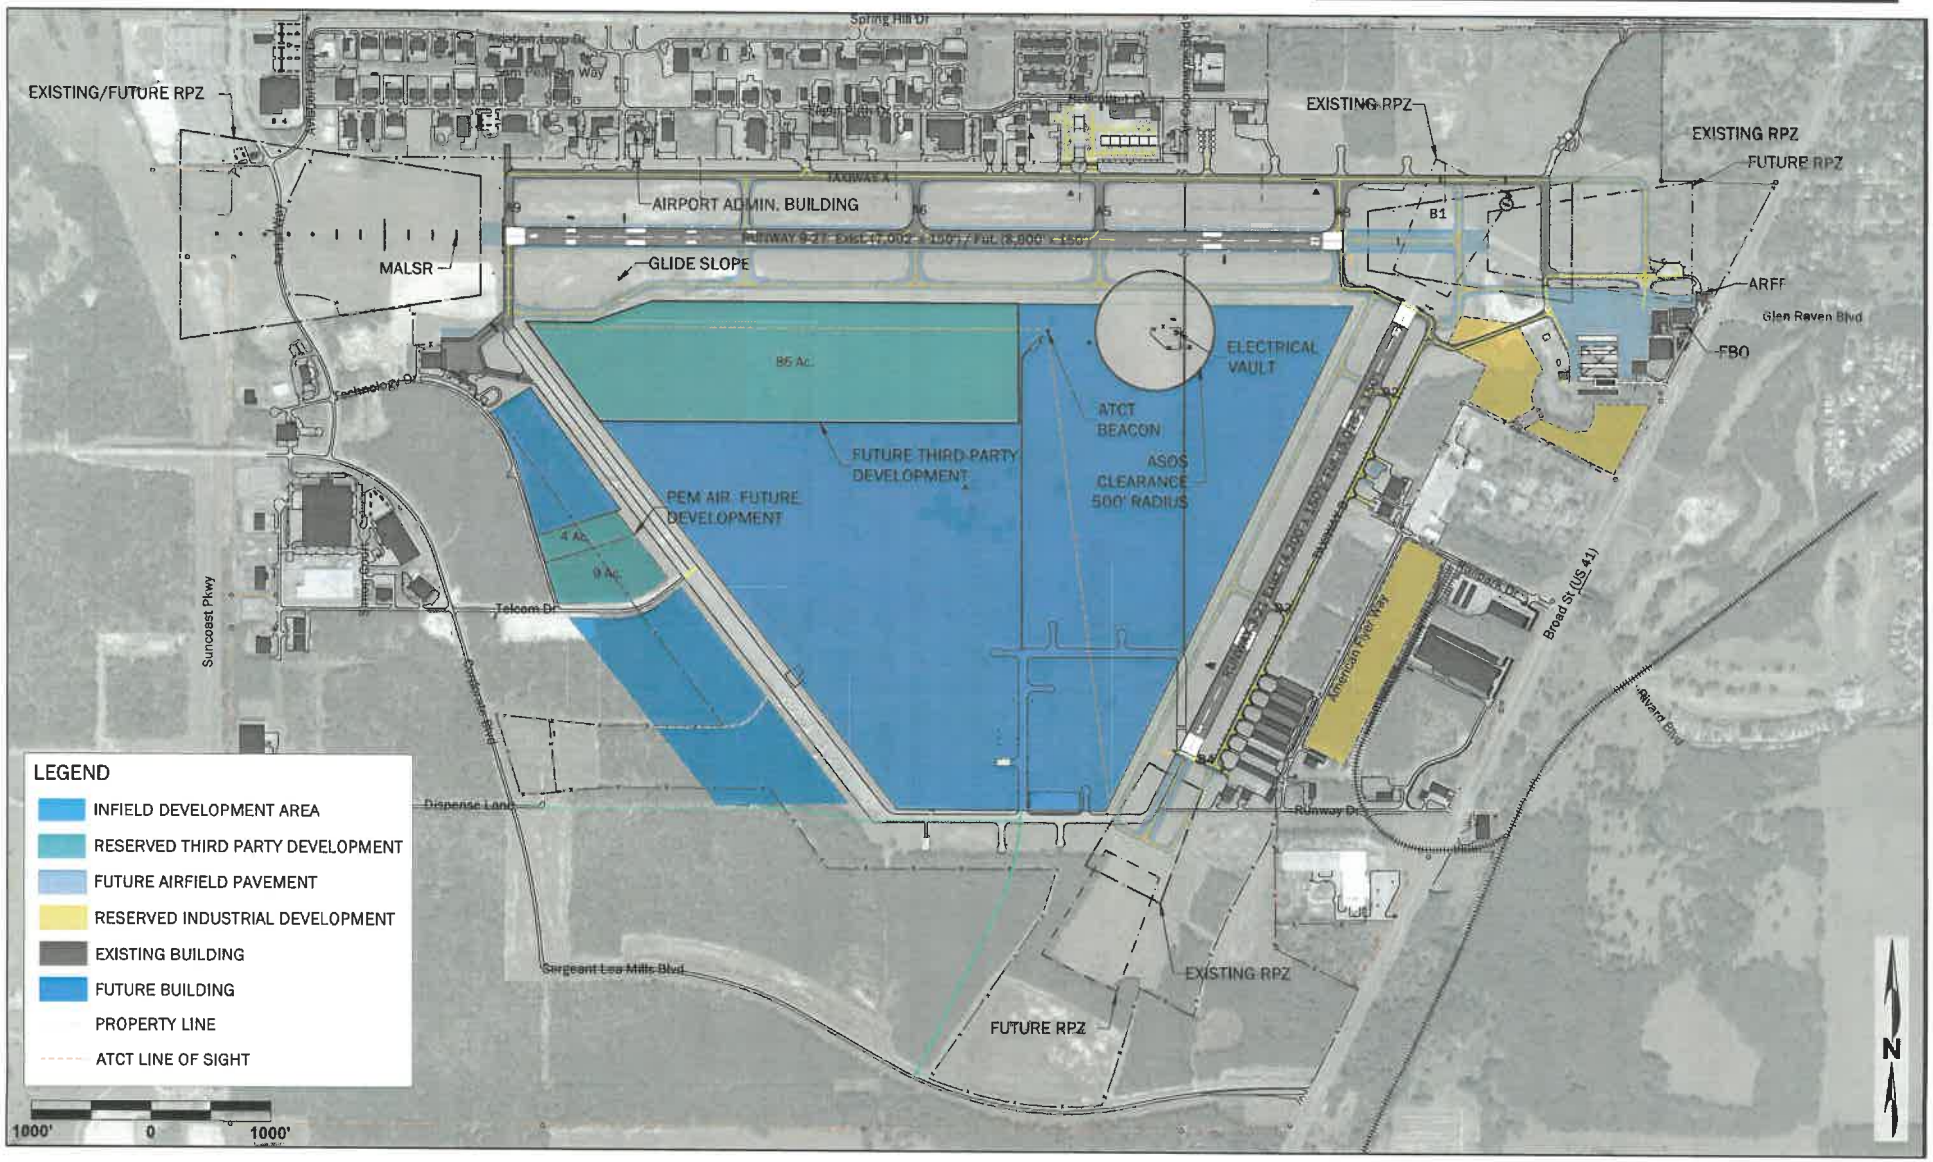
During the initial project kick-off meeting, airport and Hernando County staff identified areas that are currently being reserved for development (i.e., Maintenance, Repair, and Overhaul (MRO), Airport Cargo, and Hangar facilities) due to existing agreements and ongoing negotiations. These areas will be considered during the alternatives analysis.

Some development constraints associated with the project include the ATCT line of sight, existing infrastructure leaseholds, and ground access. There are dashed red lines shown in **Figure 2-1** that project from the ATCT to project the line of sight to the airfield. Buildings constructed along the dashed line to the north and east of the dashed line could physically block the view of the airfield from the ATCT and/or create shadows that block the view of the airfield. Therefore, it would be necessary to conduct a thorough evaluation of any proposed developments that may obstruct the view of the airfield from the ATCT.

One premise used in the BKV MPU was to segregate the air traffic at the airport by aircraft classification. The development on the east side of the airport along Taxiway B is focused on providing facilities for small- and medium-sized general aviation aircraft. On the airport's west side, the development is focused on providing facilities for larger corporate and commercial aircraft.

Furthermore, the infield development maintains the future development of the airside approved in the airport's current Airport Layout Plan (ALP). **Figure 2-1** depicts the Infield Development Area evaluated in this study, the constraints, and the future improvements in the airside.

The remainder of this page is intentionally left blank.



Michael Baker INTERNATIONAL

Infield Development Area

Figure 2-1

2.2 IDP Alternatives

This section includes the development of graphical alternatives which depict methods to either resolve deficiencies or to construct new facilities needed to meet future demand expectations for the Study Area, including potential improvements to both airside and landside facilities.

The Infield IDP alternatives analysis focuses on both airside and landside developments to accommodate anticipated demand over a 10 to 20-year planning period.

As part of the alternatives analysis, the best use of airport property is considered to accommodate the future development of the study area. This task aims to support Hernando County's efforts to maximize growth to meet demand and support future airport operations. The following existing characteristics of landside facilities within the infield area were considered:

- Proximity of areas to existing facilities and compatible uses,
- Existing leaseholds,
- Overall site circulation and external access,
- On-site parking needs,
- Availability of utilities, and
- Site preparation and environmental/historical impacts.

The individual components of each preliminary alternative are evaluated to aid in the selection of a preferred development alternative that represents the desired development for the Infield Development Area over the 10- to 20-year planning period. For that reason, the preliminary alternatives should be viewed as flexible development plans that may be refined or combined to best satisfy the needs of BKV.

2.2.1 Alternative Analysis Process

The alternatives analysis process is based on guidance provided in Federal Aviation Administration (FAA) Advisory Circular (AC) 150/5070-6B, Airport Master Plans. The development and analysis of alternatives incorporate input from Hernando County and other key stakeholders. An organized approach to identifying and evaluating various options is essential to effective planning. This includes identifying a standard set of evaluation criteria based on the goals and objectives of the plan and existing constraints that will impact the development of alternatives.

In AC 150/5070-6B, the FAA recommends a standard set of criteria to evaluate development alternatives according to an airport's unique conditions. The evaluation process should feature "generally accepted planning principles, be replicable, consistently applied, and documented." As a result, a set of evaluation criteria were established for use in this alternatives analysis. The criteria are strategic, qualitative, and quantitative to ensure that the evaluation process remains at a planning level of detail. The evaluation criteria used in this planning effort are shown in **Table 2-1**.

Table 2-1: Evaluation Criteria	
Criteria	**Definition**
Achievement of Objective	This criterion is based on achieving the specific need identified. Alternatives are assessed based on the degree to which they satisfy the objective.
Airport Design Standards	The proposed development should satisfy applicable airport design standards and maintain or improve the safety and efficiency of the airport.
Flexibility	The alternative should support a reasonable level of flexibility to accommodate changes in demand and include the ability to expand in the future.
Collateral Impacts	This criterion evaluates the extent to which an alternative requires changes or improvements to existing airport facilities which otherwise would not require changes or improvements (e.g., Relocation of utilities that are impacted by an alternative is considered a collateral impact).
Probable Cost	The preferred alternative should be cost effective, within the means of Hernando County to secure funding, and minimize the long-term financial commitment by the airport or its tenants.
Efficiency of Construction Phasing	Construction of the proposed improvements should be implemented without undue interference to existing operations.
Environmental Compatibility	The preferred alternative should be consistent with environmental regulations and minimize impacts to the environmental impact categories identified in FAA Orders 1050.1F, Environmental Impacts: Policies and Procedures Desk Reference and 5050.4B, National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions. Future development should support growth while minimizing impacts to the environment.

Source: AC 150/5070-6B; Michael Baker International, 2023.

2.2.2 Airside Considerations

The National Plan of Integrated Airport Systems (NPIAS) 2023–2027 categorized BKV as a General Aviation airport with a National Role. "National airports are located in metropolitan areas near major business centers and support flying throughout the nation and the world. These airports provide pilots with attractive alternatives to the primary airports. National airports have very high levels of activity with many jets and multiengine propeller aircraft."[1]. It is essential to highlight that the NPIAS had categorized BKV as a Regional Airport in previous years. The upgrade of the airport's role in the NPIAS reflects the importance of BKV for the airport system and the region's fast growth.

BKV has two runways. The primary runway, Runway 9-27, is 7,002 feet long and 150 feet wide. The secondary or crosswind runway, Runway 3-21, currently has an overall length of 4,215 feet and is 150 feet wide.

Runway 9-27 has a Runway Design Code (RDC) C-IV, which means that it can fully accommodate aircraft having Aircraft Approach Category (AAC) speeds ranging from 121 or

[1] FAA NPIAS 2023-2027

more but less than 141 knots and Airplane Design Group (ADG) IV wingspans of 118 feet to less than 171 feet. The critical aircraft identified in the BKV MPU is the Challenger 600 / C130. However, it is expected that Runway 9-27 will be extended to 8,000 feet and have an RDC D-IV in the future. It is anticipated that the future critical aircraft will be the Boeing 757 or an aircraft with similar characteristics.

Runway 3-21 has an RDC classification of B-II. It can fully accommodate aircraft having Aircraft Approach Category (AAC) speeds ranging from 91 or more but less than 121 knots and Airplane Design Group (ADG) II wingspans of 49 feet to less than 79 feet. The existing and future critical aircraft identified in the BKV MPU is the King Air 350.

All future development should consider the primary runway's ability to accommodate certain types of aircraft as well as protect the safety areas to preserve the potential airside development as proposed by the master plan.

Most taxiways that run parallel to Runway 9-27 are designed to accommodate large aircraft such as the Lockheed C-130 Hercules, corporate jets, and even commercial-sized jets. Based on the undercarriage dimensions of the taxiways serving Runway 9-27, the pavement width and fillet geometry should be designed in accordance with Taxiway Design Group (TDG) 5 standards.

The airport has plans to convert the abandoned runway into a future taxiway to provide improved access to the Infield Development Area. Based on the airfield capabilities and the existing and future critical aircraft, it is recommended that the future taxiway be designed in accordance with TDG-5 standards.

2.2.3 Considerations

Three alternatives are presented to take advantage of several aeronautical and industrial development opportunities within the Infield Development Area. The recommended actions presented in this chapter, if followed, could result in new development, new facilities, and increased employment in Hernando County. It will also provide increased business opportunities for the airport and expand the services offered, including cargo and related logistics services. Over time, these actions will create a stronger logistics platform for global trade in Hernando County.

As part of the preliminary alternatives analysis, each option evaluates the development of the following types of facilities and businesses in the Infield Development Area and prioritizes the capital investments that will promote new jobs for the region.

2.2.3.1 Corporate Hangars

The BKV MPU reported 176 based aircraft in 2013 and forecasted 272 based aircraft by 2033. According to the 2023 National Based Aircraft Inventory (NBAI), BKV currently reports 185 based aircraft.

The BKV MPU established the need for approximately 137,925 square feet of conventional or corporate hangar space and 50 T-hangar units to accommodate the based aircraft growth by 2033. The BKV MPU's Preferred Development Plan proposed to segregate aircraft storage facilities by aircraft size, recommending the construction of T-hangars and small corporate hangars on the east side of Runway 3-21, and larger hangars on the west side of

the abandoned runway (future taxiway). Moreover, the alternatives examined in Infield IDP will consider the development of medium- to large-sized hangars in the Infield Development Area.

2.2.3.2 Advanced Air Mobility

The constant look for improvement and evolution of transportation solutions has resulted in various emerging trends led by efficiency and sustainability. Advanced Air Mobility (AAM) is one of the opportunities that is being evaluated worldwide. As defined in the AAM Coordination and Leadership Act (P.L. 117-203, 136 Stat. 2227), October 17, 2022, "AAM is a transportation system that moves people and property by air between two points using aircraft with advanced technologies, including electric aircraft, or electric vertical takeoff and landing (eVTOL) aircraft, in both controlled and uncontrolled airspace." AAM also expands the possibility of traditionally piloted vehicles to remotely piloted or autonomous ones.

The AAM concept is a collection of emerging technologies that could be applied to the transportation system and aircraft types. eVTOL aircraft may be powered by hybrid electric systems, batteries, or potentially hydrogen fuel cells. The potential applications include Urban Air Mobility (UAM), Regional Air Mobility (RAM), public services, large cargo delivery, and private or recreational vehicles.

AAM is considered an opportunity to boost the economic growth of the region and to provide efficient transportation solutions in a sustainable manner, moving people or cargo from places not easily served by traditional aviation. The FAA is responsible for regulating navigable airspace and will determine how AAM will be integrated into the National Airspace System (NAS). In July 2023, the FAA published the Advanced Air Mobility Implementation Plan to ensure the integration of this new technology of aircraft, maintaining the operational safety levels of aviation today. The FAA will establish the operating rules and training requirements and develop the regulation and infrastructure standards aligned with operation safety and security.

The FAA envisions that the initial AAM operation in 2025-2028 is expected to primarily use existing airports and heliports. Greenfield or infill (repurposed) development for new vertiports is also expected to connect operations to destinations near a city center or other preferred locations.

Regarding infrastructure, in September of 2022, the FAA released the Engineering Briefing (EB) No. 105, Vertiport Design Standards, to support the safe integration of Advanced Air Mobility Aircraft. "The design standards serve as the initial step to provide key information for airport owners, operators, and infrastructure developers to begin development of facilities that will support operations of AAM aircraft that are electrically powered and takeoff and land vertically"[2].

[2] https://www.faa.gov/newsroom/faa-releases-vertiport-design-standards-support-safe-integration-advanced-air-mobility

The Florida Department of Transportation (FDOT) also released the Florida Advance Air Mobility Roadmap focusing on commercial passenger-carrying electric eVTOL aircraft and their support. According to the FDOT's study, three main types of eVTOL systems can be expected in Florida:

- Multicopter – looks and flies much like a helicopter except with multiple rotors.
- Lift and cruise – uses rotors for vertical flight and transitions to propellers for horizontal flight.
- Vectored thrust – uses rotors or fans for both vertical and horizontal flight.

In addition, the Florida Roadmap identified three business use cases for AAM in the near future: medical, cargo transport, and air taxi services.

Medical: In this field, two companies are working with eVTOL manufacturers to improve organ transplant airlifts and cargo delivery. Also, the National Aeronautics and Space Administration (NASA) has evaluated their use in firefighting, public safety, search and rescue, disaster relief, and law enforcement.

Cargo: Currently, UPS has partnered with CVS to deliver medical prescriptions.

Air Taxi Services: according to the FDOT's vision, "In states like Florida, where there are numerous large cities within a relatively short distance, AAM could act as point-to-point transportation to get from city center to city center in minutes instead of hours, bypassing airports altogether."[3]

Several companies have established plans to develop AAM operations in various airports in the state of Florida. In central Florida, Lilium, in partnership with the City of Orlando, has announced the construction of a vertiport in Lake Nona to connect in less than an hour with Tampa, Jacksonville, Fort Myers, and Miami[4]. Additionally, Ferrovial has leased five acres to build two vertiports for the Lilium Jets at Palm Beach International Airport that would connect to Miami, the Florida Keys, Fort Myers, Florida's Suncoast, Tampa, and Melbourne.

Tampa International has already evaluated potential locations for AAM operations in their master plan update. The Hillsborough County Aviation Authority (HCAA) has created an Advance Aviation Technology Committee to begin planning for the implementation of AAM at their General Aviation (GA) airports. For example, the strategic location of the Tampa Executive Airport could make it become an AAM hub in the area[5].

It is essential to highlight that any sponsor of a federally obligated airport pursuing an eVTOL vertiport (or supporting infrastructure) must update their ALP with the FAA, conduct the

---

[3] Federal Aviation Administration. Memorandum: Process for Submitting and Reviewing Proposed Landing Pads

and Supporting Equipment for Advanced Air Mobility and Electric Aircraft. Washington, D.C. : s.n., June 2021, 2021

[4] https://lilium.com/newsroom-detail/lilium-partners-with-tavistock-and-orlando

[5] https://news.tampaairport.com/get-ready-tpa-launches-committee-to-plan-ahead-and-prepare-for-air-taxis-at-local-airports/

applicable environmental review required by the National Environmental Protection Act (NEPA), and submit an FAA Form 7460, Notice of Proposed Construction or Alteration, for an airspace determination.

This study considers that the infrastructure development plan is an opportunity to evaluate the potential locations for AAM facilities at BKV in the future.

After evaluating the current trends and the State Roadmap, BKV could become an important asset for the AAM system in the state, providing connectivity with other hubs in Florida for passenger and cargo transportation and, potentially, air medical, firefighting, and public safety. In addition, BKV could also provide support services like training and eVTOL maintenance.

As mentioned before, design standards and recommended practices are constantly evolving due to the new aircraft's early stages and testing phases. In the meantime, the design standards for vertiports are determined by the FAA interim guidance for vertiports, EB 105, Vertiport Design, until a complete vertiport design Advisory Circular can be developed. Following the FAA's AAM Implementation Plan, the infrastructure requirements for a vertiport are listed as follows:

Required Infrastructure

- Adequate AAM aircraft parking zones for loading/unloading,
- Infrastructure sizing, dimensional geometry and load bearing requirements modified to comply with FAA EB 105, Vertiport Design (September 21, 2022),
- Charging stations, cooling stations and hazardous materials (HazMat) lockers/storage for batteries and fire suppression for battery fires,
- Weather station, and
- Fire management services.

Since most of the eVTOLs are in a preliminary stage of development and FAA certifications are ongoing. The design standards used during the alternative development process consider the operation of aircraft with a maximum wingspan of 50 feet. This is also the limitation identified in EB 105. **Table 2-2** lists some of the most renowned eVTOLs seeking certification.

Table 2-2: eVTOL Aircraft Characteristics			
Aircraft	**Manufacturer**	**Passengers**	**Wingspan (feet)**
Velocity	Volocopter	2	37
Wisk's 6th Generation	Wisk	4	<50
Lilium[6]	Lilium Jet	7	45.6
Archer	Midnight	4	47
VA-1X	Vertical Aerospace	4	49.2

Note: Holds EASA and FAA certification basis for a powered lift eVTOL aircraft
Compiled by Michael Baker International, Inc., 2023

Additional Requirements

The implementation of vertiports requires the availability of electricity to supply the demand for charging and servicing eVTOLs. NASA and Black & Veatch prepared a study to analyze the energy supply and charging infrastructure needed to implement AAM. During the study, it was recommended to use 600kW class chargers. "While eVTOLs currently in development are estimated to be able to charge at a maximum of 350kW, choosing to utilize 600kW chargers will futureproof the design of the infrastructure required. Renovation of a site to increase its individual charger capacity would effectively require full-site demolition and reconstruction."[7]

The typical airport electrical infrastructure requirements listed in the study indicate that "A new medium voltage feeder will be brought to the site by the utility company. The new feeder will be terminated at a transformer provided by the contractor. New ground infrastructure will be installed, including concrete pads, charging stations, switchboard, underground feeders to each charging station, waiting area building, fencing, and lighting. New landing zone lighting and ground markings will be installed"[7]. The ability of the design vehicle being capable of taxiing is crucial to site layout and design where charging areas are separate from take-off and landing areas.

2.2.3.3 Third-Party Development

By the time of the study, BKV had reserved 86 acres for a third-party developer. The company intends to develop box hangars and cargo facilities with cold storage and logistics components.

During the alternatives analysis, one of the alternatives will consider the proposed layout developed by the third-party developer and its integration with the Infield Development Plan; the second alternative will only reserve the area for the third-party developer's future development; finally, the third alternative will not incorporate or reserve any areas for specific third-party developers.

---

[6] https://lilium.com/newsroom-detail/faa-issues-g-1-for-lilium-jet

[7] eVTOL Electrical Infrastructure Study for UAM Aircraft - Analysis to Determine Typical Infrastructure Upgrade Requirements for eVTOL- National Institute of Aerospace

Pem Air is another tenant that is currently expanding its facilities at BKV. As a result, 9 acres have been reserved for the construction of a parts-maintenance facility (currently under construction) located near the corner of Technology Drive and Telcom Drive. An additional 4 acres parcel is also reserved to expand those facilities during the short-term planning period. The preliminary alternatives will include and reserve those areas for Pem Air's expansion.

2.2.3.4 Industrial and Light Industrial Development

BKV has a vast area available to develop infrastructure related to aviation activity. The BKV MPU proposed development opportunities on the property to generate additional revenues without impacting future aviation development and expansion. The master plan reserved some areas on the east side of the airport for industrial development, as depicted in **Figure 2-1.**

The Infield IDP continues to reserve those areas and will evaluate additional locations suitable for industrial and light industrial development. Sites recommended for this use will not have airside access since those parcels should be prioritized for aeronautical use.

2.2.3.5 Maintenance, Repair and Overhaul Facilities

BKV has the opportunity to develop MRO facilities due to the available land, runway capacity, and the airport's location related to other large and medium hub airports. BKV has the potential to become a maintenance leader in Central Florida. The size and location of the MROs will be set by the runway's capabilities to accommodate a particular aircraft fleet. The airport currently provides services for the Boeing 767 and potentially the Boeing 777 on a less frequent basis in the future.

2.2.3.6 Solar Farm

Airports in the US are taking advantage of unused land, rooftops, and parking garages to create solar farms to take steps towards reducing their carbon footprint and exploring alternative energy sources. A recent study conducted at the University of Colorado revealed that 20 percent of public airports have already implemented solar power in the past decade.

Solar farms are not only a sustainable option but also add power to the grid and generate revenue for the airport. Some airports have decided to fund solar farms using municipal bonds or other funding types. Others entered into power purchase agreements with third-party energy providers to own and operate on-airport installed systems[8].

The FAA supports the implementation of solar farms at airports and, in May 2021, published a Final Policy to ensure that airport solar projects do not create hazardous glare. The policy requires airports to measure the visual impact of such projects on pilots and air traffic control personnel.

[8] https://www.nytimes.com/2021/12/07/business/airports-solar-farms.html

The Infield IDP will consider reserving areas to establish solar arrays where elevation restrictions, drainage, or access issues make it challenging to develop for other purposes.

Hernando County's priority is to incentivize businesses that create new job opportunities for the community, which is the reason why the majority of the proposed development will be focused on capital investment projects. However, due to the useful service life of current solar technology, some airports have decided to build solar farms in areas reserved for future airport expansion and obtain revenue in the near future while preserving parcels for long-term (30+ years) aeronautical development.

Moreover, solar farms can be part of a floating system over ponds or even be installed as part of other facilities. Solar energy could also play a part in future AAM development by providing additional electricity to the grid.

2.2.3.7 Other Potential Developments

The development alternatives will contemplate other facilities in the IDP, including the following.

- Future airport maintenance and fueling area
- Corporate Hangars
- Avionics
- A future aeronautical development near the flight school area – New FBO with additional hangar development

2.2.4 Roadways and Security Considerations

The Infield IDP incorporates access to the developable areas using two main entry points. The first alignment will extend east from Corporate Boulevard along the same or similar alignment as Dispense Lane. This roadway would be included to provide public access to future infield development toward the southern end of the closed runway. The second alignment will extend north from Sergeant Lea Mills Boulevard and lie west of Runway 3.

The roadway network inside the Infield IDP will provide access throughout the developable area, unlocking various locations while offering the most direct access possible for smooth traffic movements. The network will be planned to provide two-lane access throughout the site.

However, additional traffic studies may be required in the future to determine if turn lanes or improved intersections are needed to support the proposed development areas.

The alternatives will also include any airfield fence and gate improvements required to maintain the safe and secure operation of the airfield and facilitate the ingress/egress of tenants and users of the future facilities in the Infield Development Area.

2.2.4.1 Overall Roadway Design Considerations

The following guidelines and standards were used to layout the proposed roads for each development alternative. This includes previous geometry and curve radius guidance from previously successful road projects.

Roadway Geometry

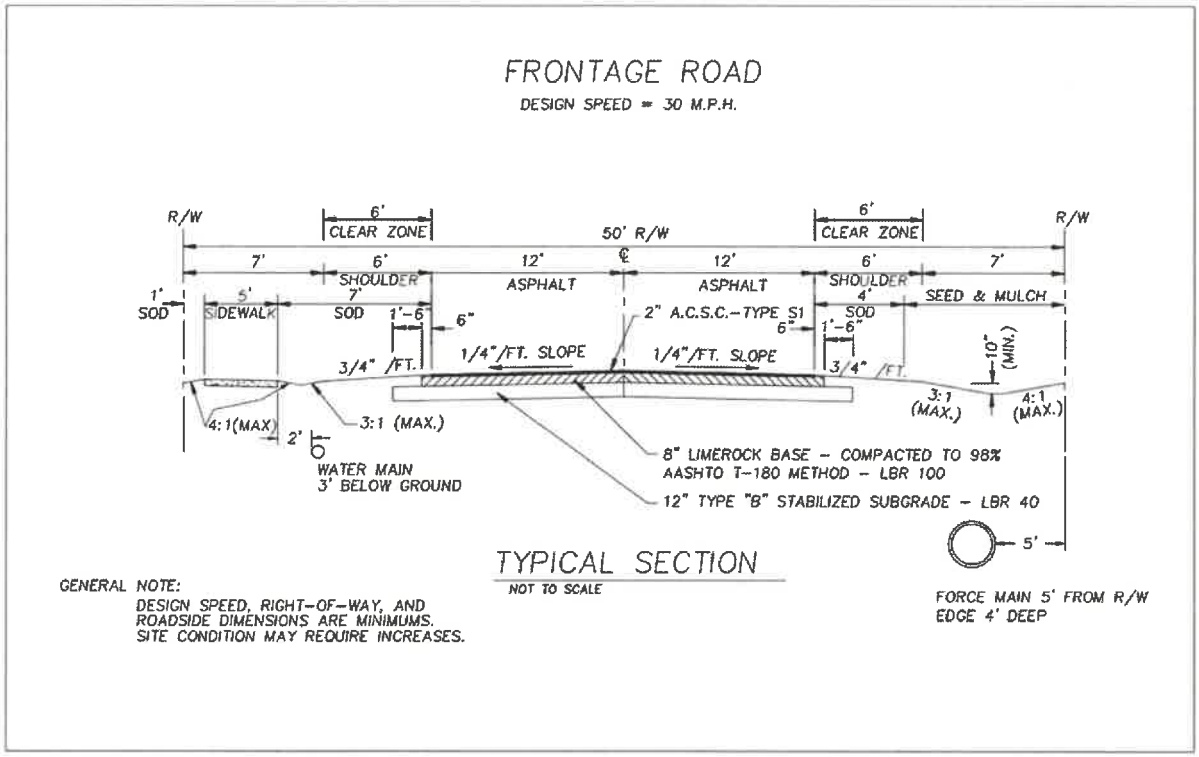
- FDOT Manual of Uniform Minimum Standards for Design, Construction and Maintenance for Streets and Highways. 2018 Edition.
- FDOT Design Manual, (FDM 210, 215).
- A minimum horizontal curve of 150' was used for WB-50 Semi tractor trailer operation, while a minimum 50' curve radius was used for intersections for the WB-50.
- Minimum Curve Radius used was 30' for passenger cars and pickup truck operation.
- A curve Radius of 30' was used at all intersections where passenger cars and pickup trucks would operate.
- A curve Radius of 50' was used at all intersections where Semi Tractor Trailer operation was expected.
- Maximum Curve Radius ranges from 300' to 2,000' where possible.
- 12' wide lanes were used on all roadways.
- To avoid intersection deflection issues, all roadways were designed with 90-degree intersections.

Roadway Section

Following Hernando County Facility Design Guidelines, Sections I and III, the standard roadway section for a frontage road was used to develop the Infield IDP alternatives. The standard roadway section is displayed in **Figure 2-2.**

The remainder of this page is intentionally left blank.

Figure 2-2: Standard Roadway Section



Source: Hernando County Facility Design Guidelines

A 50-foot roadway right-of-way associated with the frontage road section with a design speed of 30 MPH was used. All buildings and parking lots proposed in the alternatives should be placed outside the right-of-way.

The Hernando County Facility Design Guidelines, Section I, show the requirement of at least one sidewalk on either side of the road. The sidewalks are not shown in the preliminary alternatives and will be included in the refinement chapter.

Vehicle Parking Areas

The alternatives include schematic parking lot layouts in an effort to approximate locations and sizes. Parking lots should follow local design standards and regulations during the design phase.

2.3 Alternative 1

2.3.1 Third-Party Development

The first alternative reserves two areas for third-party development. One area is located at the northeast corner of the Infield Development Area. The alternative reserves 86 acres facing Runway 9-27 and connects with the airfield via future Taxiway C. This alternative considers the roadway connections needed to provide ground access to the future third-party facilities.

As shown in **Figure 2-4**, an additional 13 acres are reserved on the west side of the abandoned runway for Pem Air Turbine Engine Services. Pem Air already has plans in progress to expand its services at BKV. This alternative preserves the parcels for this expansion.

2.3.2 Aviation Related Development

Alternative 1 proposes the development of hangar clusters that could be constructed in phases as demand dictates. The alternative includes a small set of seven 150' x 150' hangars in the northwest corner of the Infrastructure Development Area, as proposed in the BKV MPU. This alternative also preserves the development of a box hangar near the end of Runway 9. Three additional hangar clusters of 150' x 150' hangars and 200' x 200' hangars are proposed along the new taxiway reconfigured from the abandoned runway. The hangars will have a shared taxilane to access the facilities and each hangar includes ramp space in front of the building with landside access and parking. In total, Alternative 1 provides twenty-six 150' x 150' hangars and nine 200' x 200' corporate hangars.

The layout also includes two 100,000 square feet facilities that could be used as MROs capable of accommodating two Boeing 767-300 aircraft.

An additional 250' x 250' hangar is proposed in the midfield portion of the infield area that can be used for other aeronautical business activities, like avionics, airframe, or aircraft painting.

2.3.3 Advanced Air Mobility

Alternative 1 incorporates an AAM facility with two designated Touchdown and Lift-off Areas (TLOF) and Final Approach and Takeoff Areas (FATOs) aligned with Runway 3-21.

A FATO approach/departure surface is centered on each approach/departure path. The approach/departure path starts at the outer edge of the FATO and extends upward at a slope of 8:1 for 4,000 feet, where the width is 500 feet at a height of 500 feet above the airport elevation as defined by the EB 105, Vertiport Design.

As depicted in **Figure 2-4**, the transitional surfaces start from the edges of the FATO parallel to the flight path centerline and from the outer edges of the 8:1 approach/departure surface and extend outwards at a slope of 2:1 for 250 feet from the centerline. The transitional surfaces extend longitudinally from the edge of the FATO to the far end of the approach/departure surface.

The AAM facilities include three parking positions for loading/unloading passengers or cargo as required, and a terminal building that is accessible by the proposed road from the south. The facility is proposed along the west side of the future Runway 3-21 expansion. It includes a taxiway connector to the runway, providing the opportunity to use the airfield for approaches and departures in lieu of dedicated landing and takeoff facilities.

The facilities include enough space to allocate support services like charging and cooling stations, HazMat, lockers/storage for batteries, fire suppression, and fire management services. This location also allows for future expansion as demand dictates.

2.3.4 Non-aeronautical Development

Not all infield areas are best suited for airside access. The proposed roadway development opens portions of the Infield Development Area to build facilities that take advantage of the closeness to the airfield, but not necessarily require airside access. Examples of these types of facilities may be used for logistics and light industrial uses. Alternative 1 proposes a logistics center consisting of two 200,000-square-foot buildings. The facility can be used by a single distribution operator or be divided into multiple operators. The facilities include truck access on both sides and a separate vehicle parking lot. An additional 100,000-square-foot building is proposed east of the future taxiway.

Two 45,000 square foot buildings are proposed south of the Infield Development Area. Those buildings can be used for flex light industrial or commercial business use.

2.3.5 Other Support Facilities

As discussed in previous sections, the development alternatives will recommend suitable areas to develop a solar farm that could generate additional airport revenue and support the electrification efforts required for AAM. Alternative 1 proposes to reserve approximately 28 acres for solar farm development on the southeast side of the ATCT. The location is beneficial due to the solar panels' minimum height, precluding intercepting the ATCT line of sight. The existing electric poles in the area will need to be removed.

2.3.6 Roadway System

Alternate 1 has some roadway design elements that are specific to this development option.

2.3.6.1 Parking Lot Access

Under Alternate 1, each parking lot has a separate road leading to each lot. This eliminates traffic from driving inside the parking area. A separate connection into each lot was provided to give a sense of private access to each hangar or building.

2.3.6.2 Logistics Center

- The logistics center access incorporates a 50-foot turn radius to accommodate WB-50 Semi tractor trailer operations.
- The parking area and loading/unloading docks have a lane spaced 80 feet wide to allow the WB-50 Semi to back into each loading dock or parking space.

2.3.6.3 Main Road

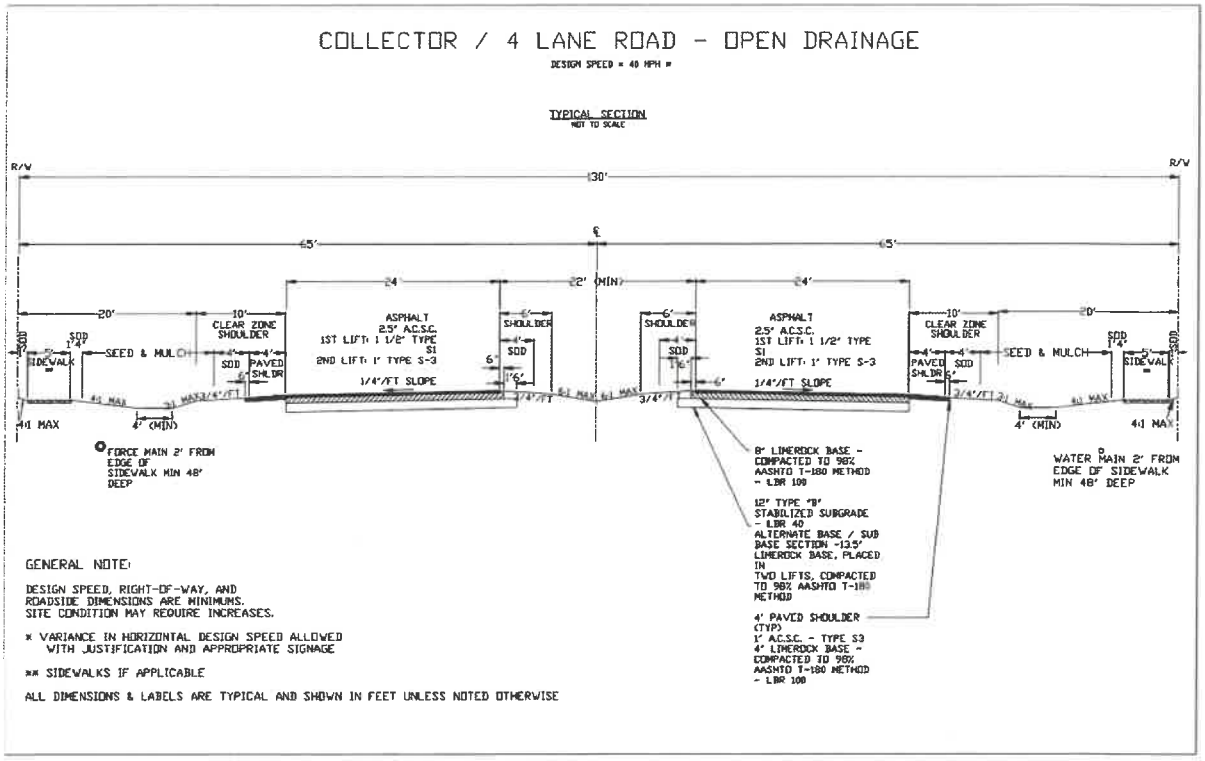
Alternative 1, incorporates a two-way 4-lane divided roadway with roundabout access to the midfield area and includes the following characteristics:

- Nestled in the middle of the logistics center and corporate hangars, a two-way 4-lane divided roadway is proposed with a roundabout at each intersection leading to vehicle parking areas.
- This design maintains smooth traffic flow without the need for traffic signals.
- The divided road allows for landscaping options to increase the scenic value of the road.

- The center of the roundabout also provides landscaping opportunities with scenic value.

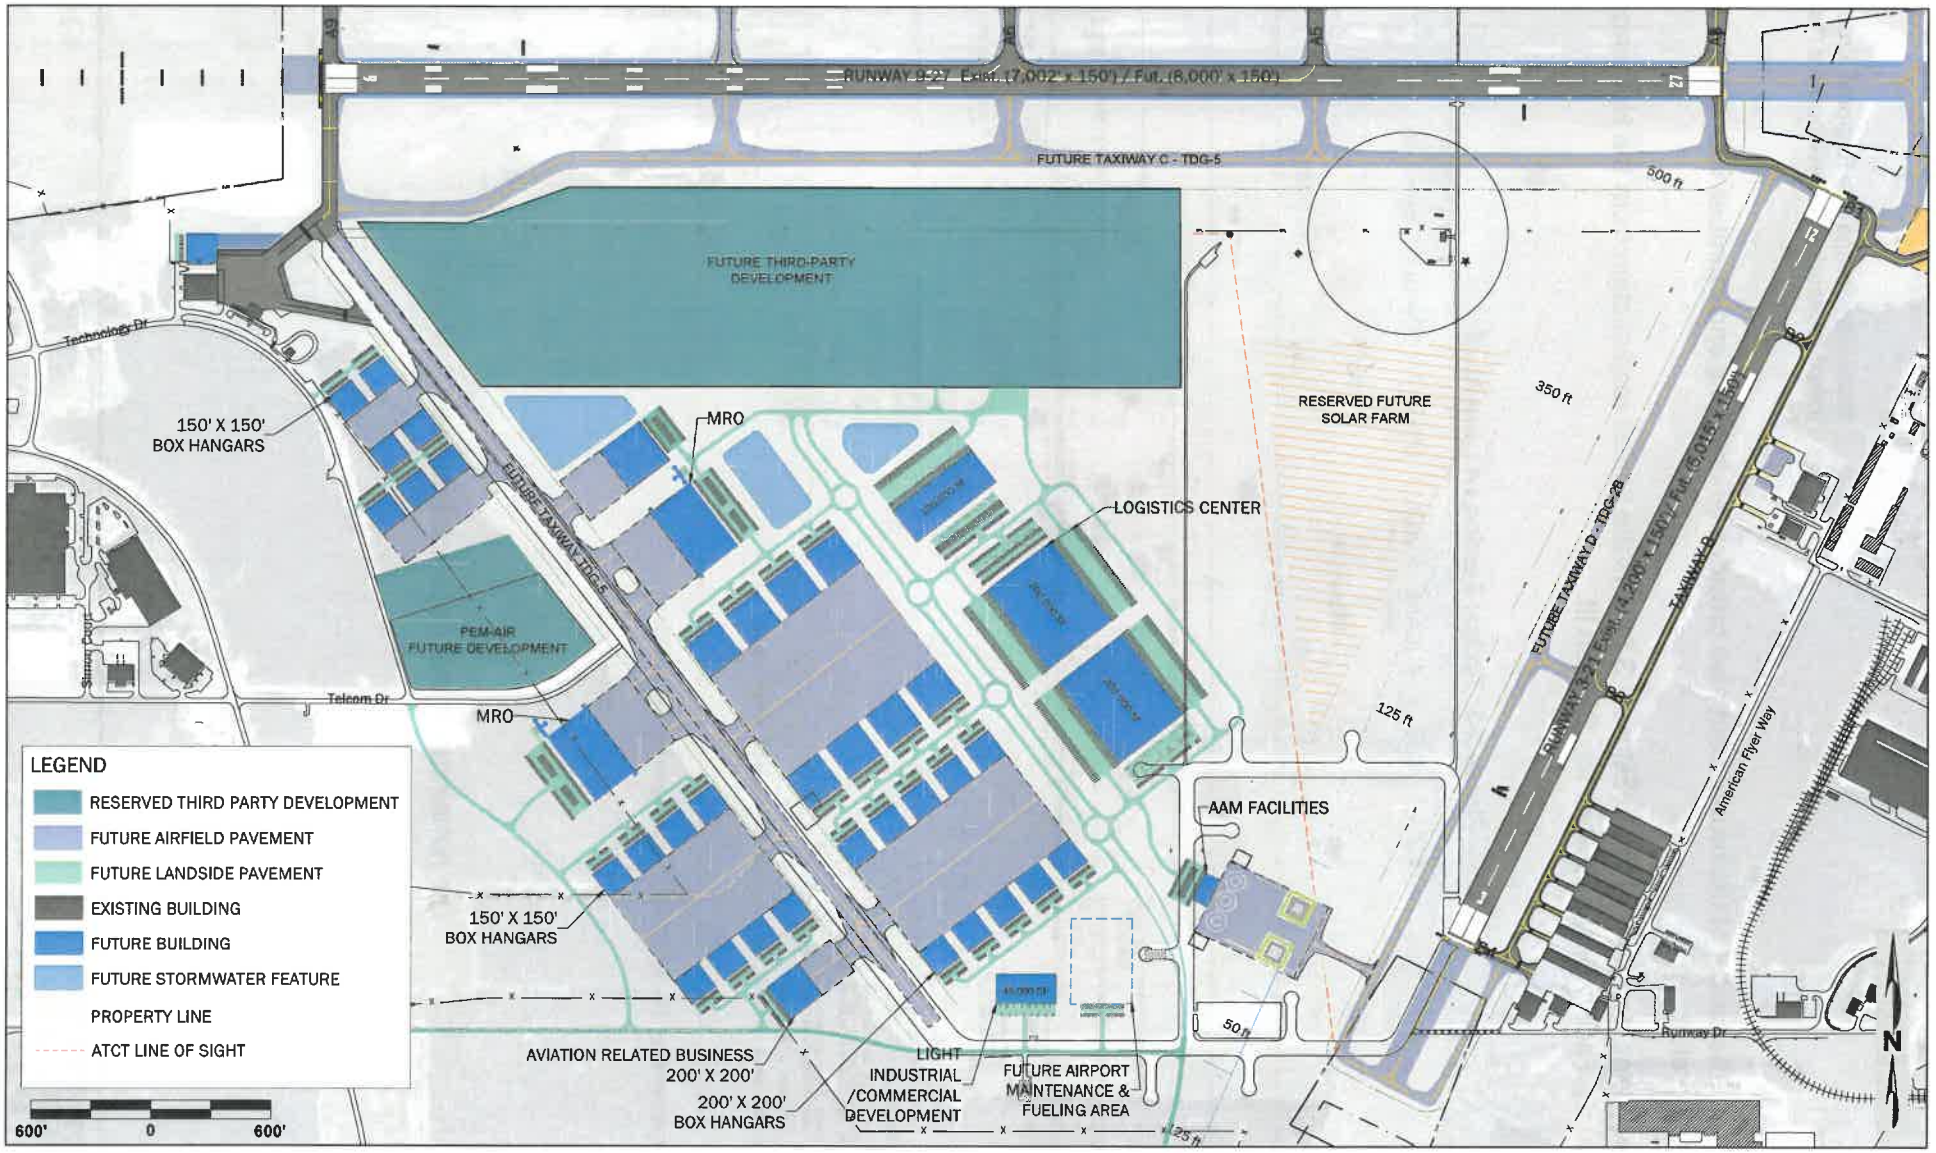
The 4-lane design depicted in **Figure 2-3** follows the typical road section from the Hernando County, Facility Design Guidelines, Section III.

Figure 2-3: Typical Section - 4 Lane Road



Source: Hernando County, Facility Design Guidelines, Section III

The remainder of this page is intentionally left blank.



Michael Baker INTERNATIONAL

Alternative 1

Figure 2-4

2.4 Alternative 2

2.4.1 Third-Party development

Alternative 2 incorporates an 86-acre parcel that includes 200,000 square feet of cargo and distribution facilities with ample truck loading and unloading area on the land side, and a cargo apron capable of accommodating six Boeing 757-200 aircraft parking positions, as shown in **Figure 2-5.**

The development also includes 4 MRO hangars next to each other that can accommodate up to an Airbus A320. The area provides adequate apron space in front of each hangar and is connected to Runway 9-27 via future Taxiway C.

In the infield's northwest corner, the third-party developer's proposed development includes a cluster of private hangars to accommodate aircraft like the Gulfstream G650. The proposed facilities also include a vehicular parking lot, truck loading and unloading area, and stormwater storage capacity.

The Pem Air development is proposed in the 9-acre parcel located at the intersection of Technology Drive and Telcom Drive. Pem Air is currently constructing an engine maintenance facility and expects to expand their operation towards the 4-acre parcel to the north.

The Pem Air facility includes a 50,000-square-foot building, paved areas for vehicular parking and equipment storage. The facilities do not have airside access, and landside access will be provided via Telcom Drive and Technology Drive.

2.4.2 Aviation Related Development

Alternative 2 proposes aviation business development on the west side of the future taxiway, including an MRO facility next to the Pem Air development. Two hangars are proposed south Telcom Drive, a 250' x 250' hangar, and a 250' x 400' hangar (capable of accommodating two Boeing 767 aircraft).

In the infield, Alternative 2 includes a cluster of ten 150' x 150' hangars, and four 200' x 200' hangars, each with aprons and taxilane access to the future taxiway. Alternative 2 offers in total 14 150' x 150' hangars, four 200' x 200' hangars, two 250' x 250' hangars and two 250' x 400' hangars. In addition, Alternative 2 recommends reserving an area next to the future Taxiway D to develop aircraft storage facilities for ADG-I aircraft. This future development should evaluate any impact the proposed hangars may have on the ATCT line of sight over Taxiway D and Runway 3-21.

This alternative incorporates the development of a 150' x 150' box hangar near the end of Runway 9 as proposed in the BKV MPU.

2.4.3 Advanced Air Mobility

Similar to the previous alternative, Alternative 2 proposes the development of an AAM facility in the southern portion of the Infield Development Area. In this case, the two FATOs are aligned with Runway 9-27, as described in Section 2.3.3. The FATOs should protect the approach and transitional surfaces.

The AAM facilities proposed in Alternative 2 include a potential terminal for passenger transportation and, on the other side of the TLOF, additional parking positions and buildings that could be used for AAM maintenance or training. Associated access and vehicular parking is provided.

Facilities are planned based on the requirements and standards described in Section 2.2.3.2.

2.4.4 Non-aeronautical Development

Alternative 2 includes a logistics center located south of the proposed air cargo distribution facilities. Its proximity to the proposed cargo facilities supports the creation of approximately 400,000 square feet of distribution space that can be managed by a single company or subdivided into several businesses. Vehicular parking and truck docking facilities for loading and unloading are provided on both sides of the proposed facilities.

2.4.5 Other Support Facilities

Alternative 2 also reserves approximately 16 acres for a future solar farm between the proposed hangars and the logistics center. As an option, the location can also be used for stormwater management, and floating solar panels can be located on top of the retention pond, as described in Section 2.2.3.6.

This development option also preserves the BKV MPU recommendation to develop an airport maintenance and fueling facility in the southern portion of the infield area. The development of this facility should be carefully coordinated with the establishment of the proposed AAM facility to the west to avoid potential airspace impacts.

2.4.6 Roadway System

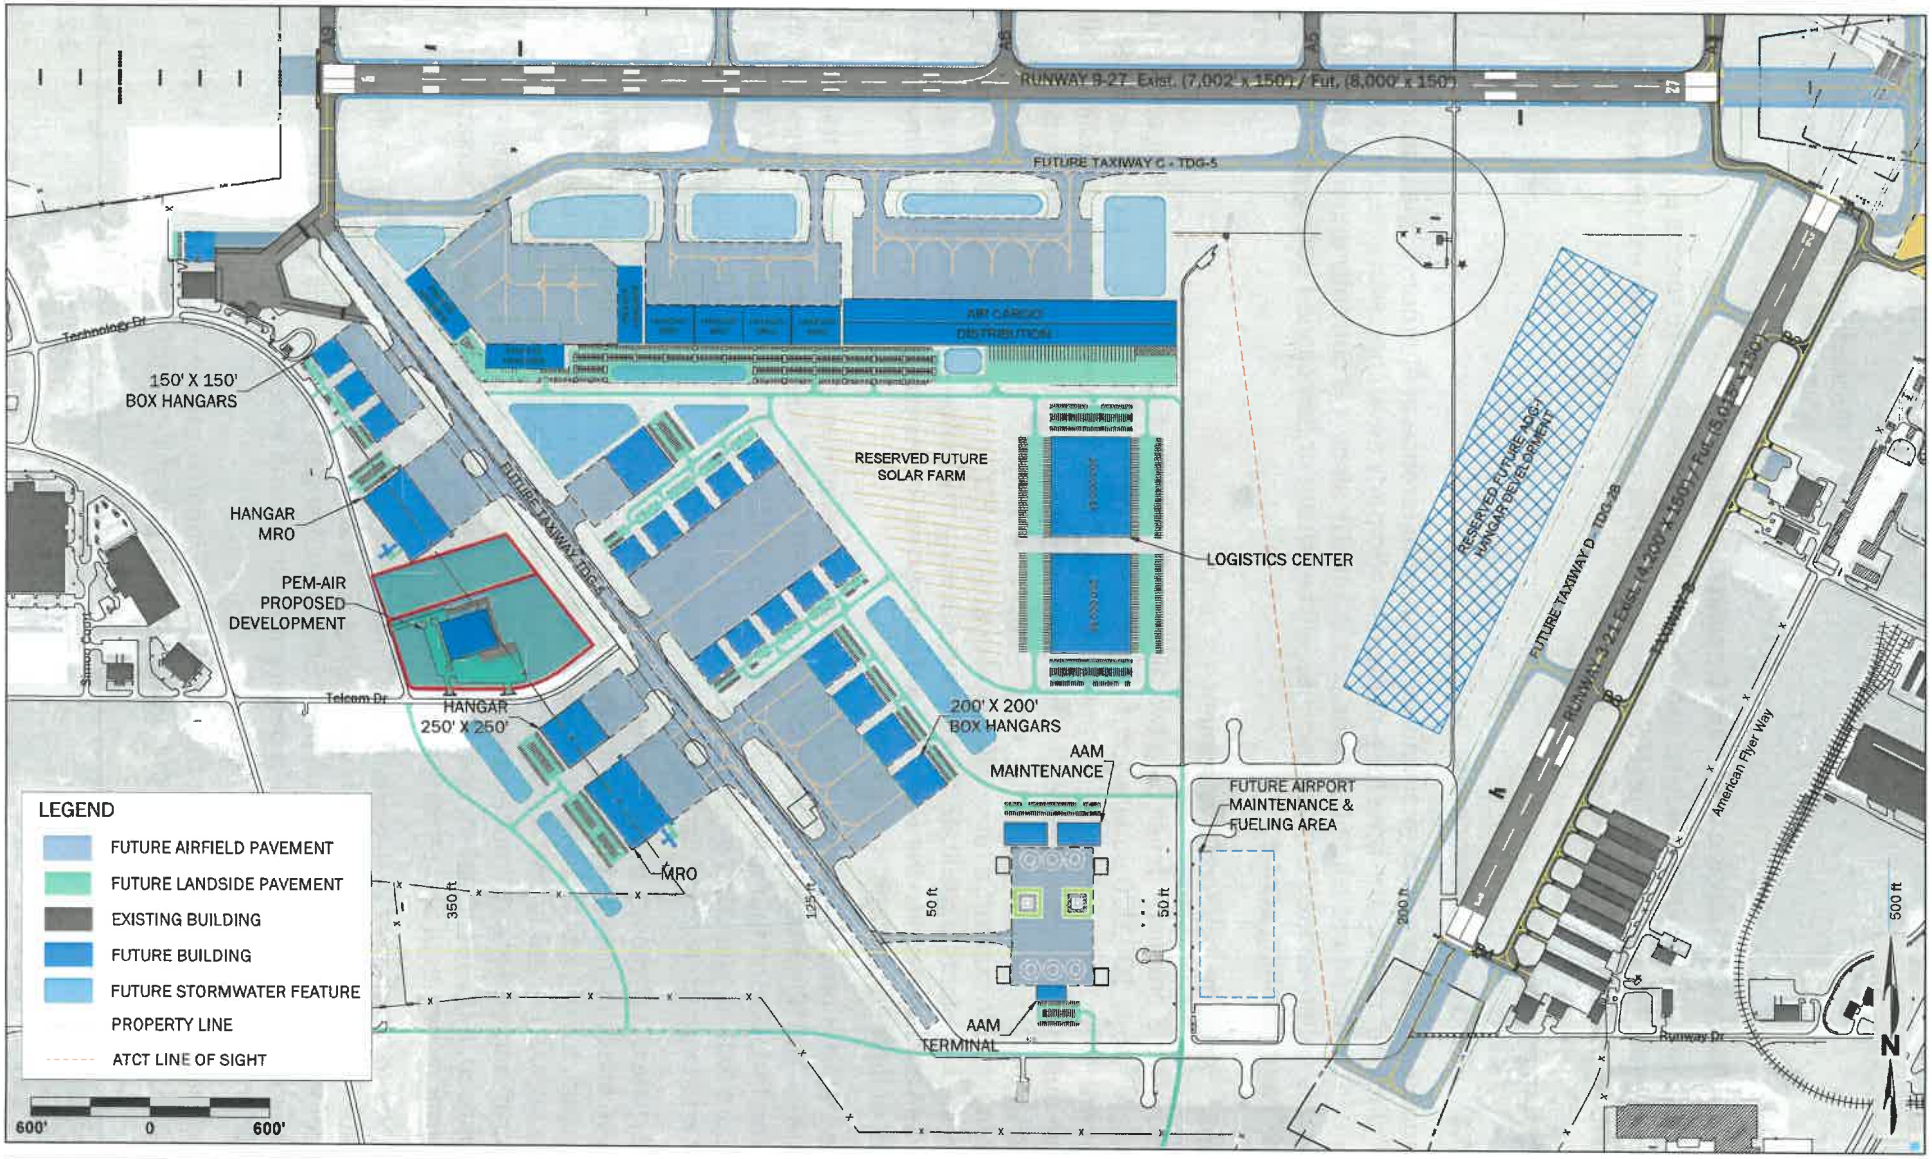
Alternate 2 differs from Alternate 1 as it is more compact and requires a smaller roadway network.

2.4.6.1 Parking Lot Access

For Alternate 2, each parking lot was created with a separate access road which reduces the potential for accidents by diverting through traffic outside the parking areas. The parking lots in this option are all connected with separate access points between each lot.

2.4.6.2 Logistics Center

- The logistics center access incorporates a 50-foot turn radius to accommodate WB-50 Semi tractor trailer operations.
- The parking area and loading/unloading docks have a lane spaced 80 feet wide to allow the WB-50 Semi to back into each loading dock or parking space.
- The logistics center is aligned with the existing ATCT access road running north and south.



Michael Baker INTERNATIONAL

Alternative 2

Figure 2-5

2.4.6.3 Roadway to Logistics Center and Corporate Hangars

To keep with the minimal roadway design, a single two-way frontage road is proposed between the hangar complex and logistics center. This provides the access needed while reducing the need for additional roads.

2.5 Alternative 3

2.5.1 Third-Party Development

Compared to the previous alternatives, the main difference of Alternative 3 is that the Infield IDP does not reserve the area for a particular third-party developer. However, the proposed Pem Air development continues to be part of the IDP since it is currently under construction, and it is not envisioned that the facilities will be vacant or demolished during this study's 10 to 20-year planning period.

2.5.2 Aviation Related Development

Alternative 3 proposes developing two air cargo buildings of 105,000 square feet each and approximately 100,000 square yards of apron to accommodate 6 ADG-IV aircraft and GSE storage in the northwest corner of the Infield Development Area. The air cargo facilities will have enough landside space to accommodate associated truck loading and unloading operations and vehicular parking. On the east side of the cargo facilities, an additional apron is proposed to support a future 60,000-square-foot FBO and six box hangars. The apron will include a taxilane to facilitate aircraft maneuvering and power in/power out parking of up to ADG-III aircraft. Next to the FBO, a space is reserved for support services like fueling and GSE equipment storage, if required.

Alternative 3 proposes accommodating hangar development on the west side of the future taxiway. The alternative proposed to build five 150' x 150' hangars on the northern portion of the taxiway and four more 200' x 200' south of Telcom Drive. In addition, a 130,000-square-foot hangar can be developed in support of aviation-related business activities or divided to accommodate various aircraft storage options.

Alternative 3 presents an opportunity to group aviation technical services around a shared apron space on the east side of the taxiway. The facilities can accommodate four large hangars; a 260' x 500' hangar/offices capable of accommodating two Boeing 777 aircraft. The second hangar is 250' x 400' in size, also with office space where two Boeing 767 aircraft can be served simultaneously. Finally, two additional 250' x 250' hangars are proposed in the technical service area. Additional apron space is provided to accommodate aircraft movements and parking of aircraft in front of the hangars.

Similar to Alternative 2, this alternative proposes a box hangar complex with a shared apron space for aircraft parking and maneuvering. Four 200' x 200' hangars can be accommodated on one side, and five 150' x 150' hangars can be built on the other side of the apron. All hangars will have a parking lot with ground access as described in Section 2.5.6.

Like the other two alternatives, this Alternative 3 incorporates the development of a 150' x 150' box hangar near the end of Runway 9 as proposed in the BKV MPU.

Alternative 3 also reserves a space to develop T-hangars on the east side of Runway 3-21. This hangar development is not envisioned to be required during the 20-year planning period of the Infield IDP; however, at the time the T-hangars are needed, the design should evaluate potential line of sight impacts to future Taxiway D and Runway 3-21. **Figure 2-6** also depicts the proposed access road to the future T-hangars.

2.5.3 Advanced Air Mobility

Alternative 3 differs from the other options by not providing a dedicated landing area for the AAM facilities. This alternative recommends constructing an apron west of the extended end of Runway 3 with three spaces for eVTOL parking, loading and unloading of passengers or cargo, and a terminal building. However, eVTOL takeoff and landing operations under this development option will be performed via Runway 3-21. The apron will be connected with the existing and future runway ends. **Figure 2-6** displays a taxiway connection to the existing runway end and a second connector will be incorporated once the runway shift is completed.

2.5.4 Non-aeronautical Development

Alternative 3 incorporates three potential buildings that can be used to support logistics or distribution activities. Each of the three 200,000-square-foot buildings provide a docking and waiting area for trucks and a separate vehicular parking lot. The buildings are located in the middle of the infield development area that does not provide airside access. Four additional buildings are proposed for industrial or light industrial use. Each building has an area of 45,000 square feet and vehicular parking is provided.

2.5.5 Other Support Facilities

The third alternative maintains a future airport maintenance and fueling area similar to the one proposed in the BKV MPU. However, the configuration is rotated in an east/west orientation to better accommodate the proposed AAM facilities. There is also space set aside near the proposed FBO for future fuel or GSE storage, as dictated by future demand. Additionally, a 28-acre solar farm development is proposed outside of the Infield Development Area. It is proposed south of the future access road that will extend east from Dispense Road into the Infield Development Area.

2.5.6 Roadway system

Alternate 3 differs from Alternate 2 by providing area for additional T-hangar development parallel to Runway 3-21 and additional light Industrial/commercial development opportunities.

2.5.6.1 Parking Lot Access

Similar to Alternative 2, each parking lot was created with a separate access road which reduces the potential for accidents by diverting through traffic outside the parking areas. The parking lots in this option are all connected with separate access points between each lot.

2.5.6.2 Logistics Center

- The logistics center access incorporates a 50-foot turn radius to accommodate WB-50 Semi tractor trailer operations.
- The parking area and loading/unloading docks have a lane spaced 80 feet wide to allow the WB-50 Semi to back into each loading dock or parking space.
- The logistics center is aligned with the existing ATCT access road running north and south.

2.5.6.3 Roadway to Logistics Center and Corporate Hangars

A north and south running road following the alignment of the existing ATCT access road was created to give full access to the corporate hangars and logistics center facilities. Also, a roundabout is included to better facilitate the flow of traffic between various sections of the infield development area.

The remainder of this page is intentionally left blank.

2.6 Comparison of Alternatives

Table 2-3 summarizes the characteristics and potential features each alternative can offer; **Table 2-4** compares the three alternatives based on the criteria described in Section 2.2.1

Table 2-3: Development Alternatives			
Facilities	**Alternative**		
	1	2	3
Storage Hangars			
150 ft x 150 ft	26	14	15
200 ft x 200 ft	8	4	10

3 Refinement of the Infield Development Area

The three alternatives presented in Chapter 2 were presented in an alternatives workshop to evaluate and analyze the pros and cons of each alternative. A combination of the proposed infield development improvements results in the preferred development due to its capabilities, capacity, and implementation benefits. The preferred development option maximizes future landside development and airport revenue generating opportunities for the economic growth of Hernando County. The preferred development presented in this section incorporates the input from members of the Working Group.

The refinement process incorporated the recommendations and future airside development proposed in the 2018 BKV Master Plan Update. After the refinement process the potential environmental impacts and action plan is presented in this chapter, following the recommended drainage and utility improvements presented in Chapters 4 and 5. A more detailed list of capital improvement projects is summarized in Chapter 6. The refined infield development alternative will ultimately be utilized by the County as the foundation for updating the BKV Airport Layout Plan drawing set.

The preferred development includes:

- Third-party aeronautical development (MRO, air cargo, etc.)
- New corporate hangar development
- Reserved areas for future T-hangar development
- Future apron expansion
- Light industrial and commercial development
- New roadway access to the infield
- Security improvements
- Potential for Advanced Air Mobility facilities

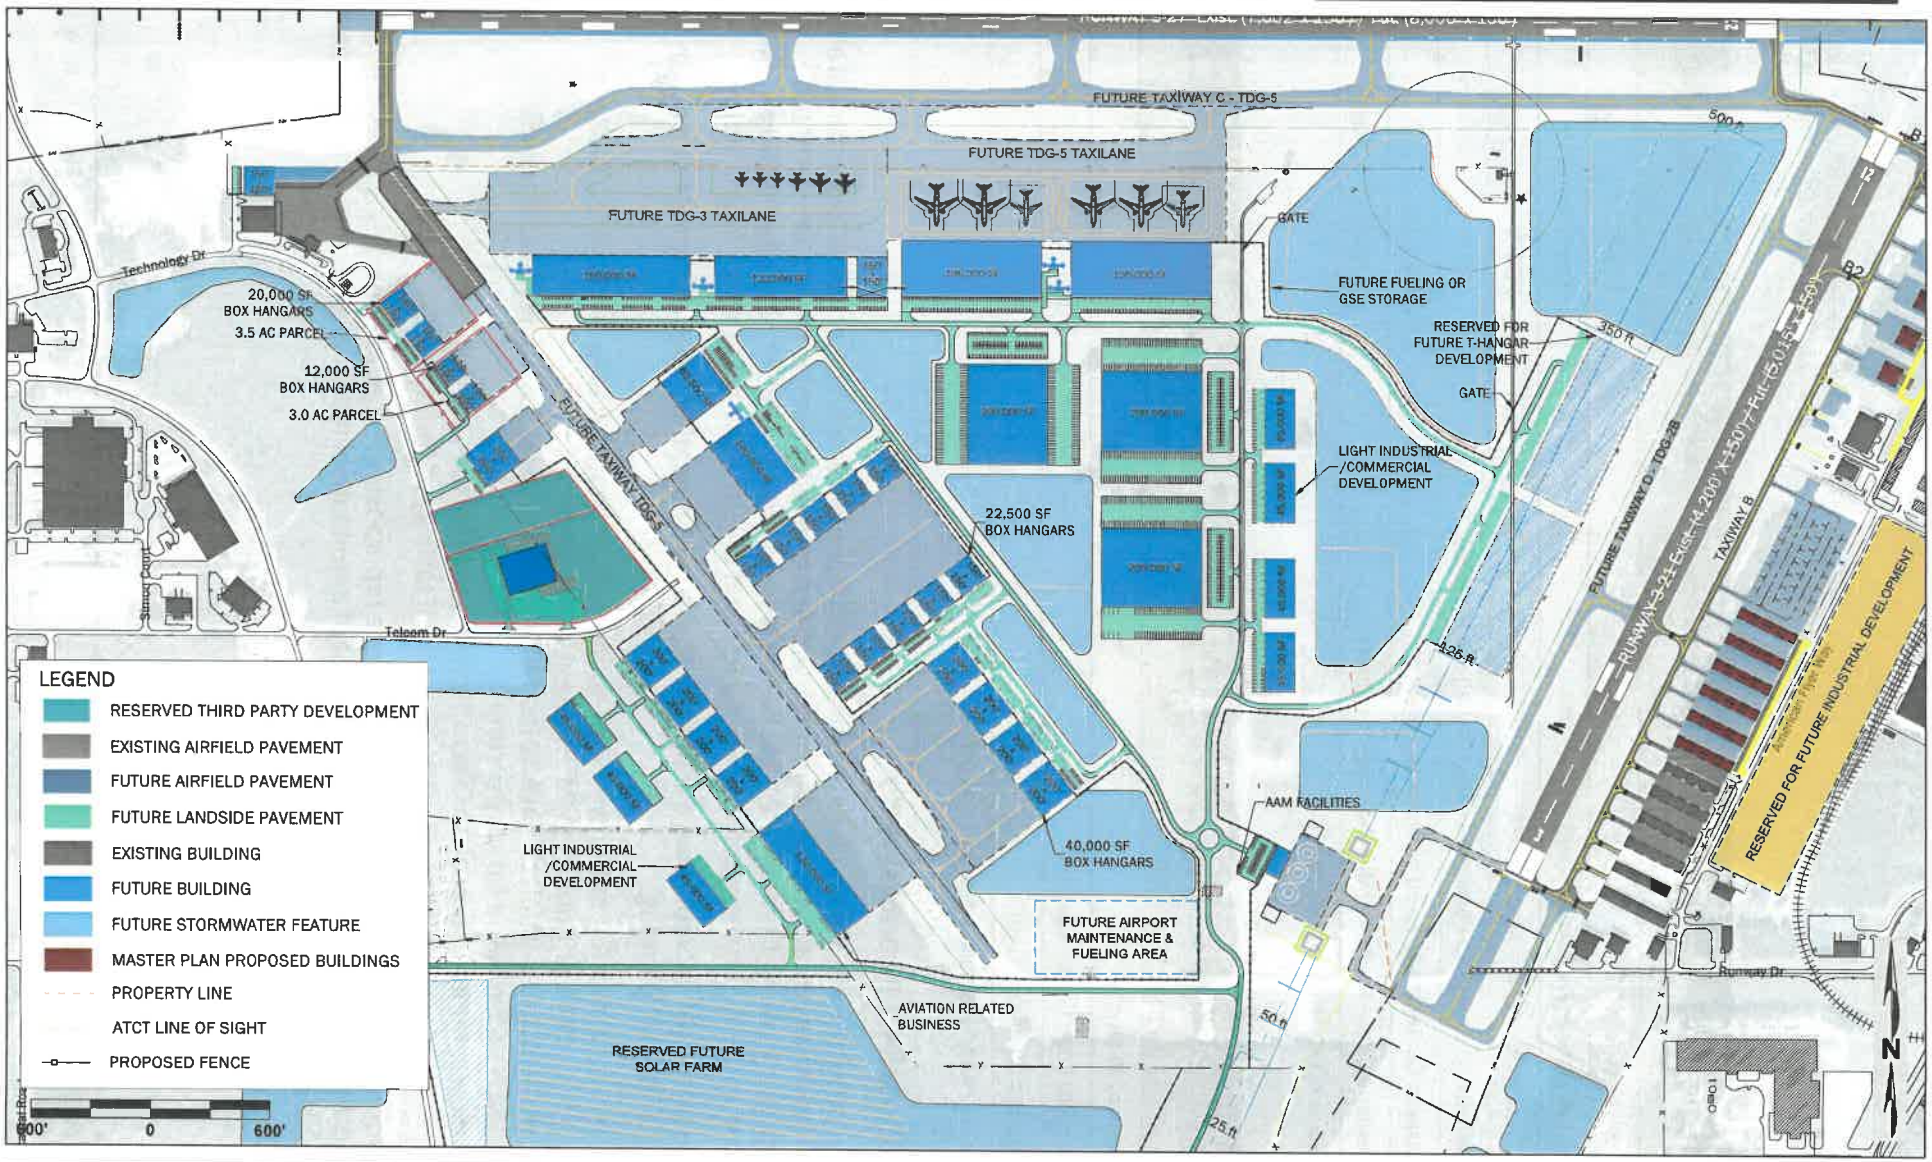
The preferred development is depicted in **Figure 3-1**.

3.1 Design Standards

The preferred development complies with the FAA runway design standards published in AC 150/5300-13B, Airport Design. The airport's primary runway, Runway 9-27, currently has a Runway Design Code (RDC) classification of C-IV; however, it is expected that Runway 9-27 will be extended to 8,000 feet in the future and have an RDC classification of D-IV capable of accommodating the Boeing 757 or a similar aircraft as its critical aircraft. Most of the existing taxiways serving Runway 9-27 follow the FAA taxiway design standards for Taxiway Design Group 5 (TDG-5).

Therefore, the preferred development considers the ability of the primary runway to accommodate the existing and future fleet mix and preserve safety areas for RDC (AAC and ADG) D-IV and TDG-5.

Tables 3-1 and **3-2** summarize the design standards associated with the preferred development proposed for BKV.



Michael Baker INTERNATIONAL

Preferred Development

3.2 Airfield Improvements

The preferred infield development aligns with the master plan objective of separating traffic on the airport by aircraft classification, where the development on the east side of the airport and along Runway 3-21 will be focused on providing facilities for small and medium sized aircraft, and the west side will be focused on providing facilities for larger aircraft.

The Infield IDP incorporates the Master Plan's recommended airside improvements, including the following:

- Extension of Runway 9-27 to the east to a total runway length of 8,000 feet
- Shift of Runway 3-21 815 feet to the south
- Construction of paved blast pads and shoulders for Runway 9-27 and the associated taxiway system
- Construction of Taxiway C, parallel taxiway to Runway 9-27
- Construction of Taxiway D, parallel taxiway to Runway 3-21

The proposed infield development proposes repurposing the abandoned runway as a new TDG-5 taxiway to enable the development of aeronautical facilities with connecting access to Runway 9-27.

3.3 Aviation-Related Development

One of the premises for selecting the preferred development was creating a platform to boost new employment and increase airport business, generating economic growth for Hernando County and the region.

The preferred development concept is flexible in the type of facilities that could be offered for future development, including aircraft storage, maintenance, avionics, and other aviation-related businesses. In addition, the concept provides spaces for logistics, commerce, and light industrial business. The preferred development is an example of what the airport can develop in the infield area by prioritizing aviation-related businesses. However, the intent of the study is to identify the improvements the airport needs to implement in terms of airfield infrastructure, utilities, drainage, and roadways to unlock the area's airside and landside development potential. It is anticipated that the landside development shown will be driven by the market demand and developed by third-party interests.

As shown in the three alternatives presented in Chapter 2, the areas adjacent to the new taxiway will be reserved for aviation-related development uses due to convenient access to the airfield. These types of facilities include aircraft storage, corporate aviation, maintenance, avionics, medical, and flight training.

The layout depicted in **Figure 3-1** illustrates the potential aeronautical facilities that could be accommodated in the infield area.

The proposed layout encompasses a group of box hangars (each ranging from 12,000 to 20,000 square feet in size) located northeast on the new taxiway, each with adjacent apron space. Three additional clusters of hangars are proposed in the middle of the airfield. The first offers a shared apron capable of accommodating ten 150-foot by 150-foot box hangars. Landside access to these hangars will be provided from the south to the infield area via the new roadway development.

In addition, four 200-foot by 200-foot hangars are proposed east of the new taxiway. The hangars will be served by a shared taxilane with adjacent apron space in front of each hangar. Private vehicle access and parking will be provided. These facilities are best suited for developing aviation-related business opportunities due to their proximity and accessibility to airfield facilities.

On the west side of the taxiway, four additional 200-foot by 200-foot hangars are proposed. Compared to the previously mentioned hangar development, only individual apron areas are provided in front of each hangar, thus requiring aircraft maneuvering via the taxiway constructed on the abandoned runway.

The preferred infield development also proposes four hangars of varying sizes (40,000 square feet, 62,500 square feet, 100,000 square feet, and 130,000 square feet) along the new taxiway. The hangars include a similar sized apron area in front of each facility. Private vehicle access and parking will be provided. These hangars are best suited for a variety of aviation-related business activities, such as MROs, corporate aviation, and avionics.

On the north side of the Infield Area, the preferred development includes the construction of two aprons connecting with the future Taxiway C. One of the aprons has an area of 91,800

square feet and is best suited for corporate aviation activities, including aircraft storage and/or FBO services. This apron will be suitable for accommodating movements of ADG-III aircraft like the Gulf Stream G650. The apron will include TDG-3 taxilane and aircraft parking areas in the middle of the apron and in front of the hangar areas.

Three different sizes of hangars are proposed in this area to store jet aircraft of various sizes in the same hangar or the option to accommodate single box hangars.

The second apron, centrally located along future Taxiway C, has an area of 69,000 square feet and can accommodate ADG-IV aircraft. This layout includes two hangars that could be used for aircraft storage, cargo, or aircraft maintenance activities. Vehicular access will be provided via a proposed infield road and associated parking will be included.

The Preferred Development also recommends reserving approximately 13 acres east of future Taxiway D for the development of T-hangars. Airport control tower (ATCT) line of sight and a shadow analyses will be required to preclude potential impacts to future aircraft operations on Runway 3-21 and Taxiway D.

3.4 Advanced Air Mobility Facilities

The preferred alternative combines the Advanced Air Mobility (AAM) facility concepts proposed in Alternatives 1 and 3. AAM facilities will be located south of the infield area, connecting with the end of Runway 3. The AAM development includes a taxiway system to connect the AAM apron area with Runway 3-21. In addition, the apron has two designated Touchdown and Lift-off areas (TLOF) and FATOs aligned with Runway 3-21. This way, Electric Vertical Take-off and Landing Aircraft (EVTOL) can use the runway as required in the early stages of its development or if the Final Approach and Takeoff (FATO) areas are unavailable.

As detailed in Chapter 2, the FATO's approach/departure surface is centered on each approach/departure path. The approach/departure path starts at the outer edge of the FATO and extends upward at a slope of 8:1 for 4,000 feet, where the width is 500 feet at a height of 500 feet above the airport elevation as defined by FAA Engineering Brief (EB) No. 105, Vertiport Design.

As depicted in **Figure 3-1**, the transitional surfaces start from the edges of the FATO parallel to the flight path centerline and from the outer edges of the 8:1 approach/departure surface and extend outwards at a slope of 2:1 for 250 feet from the centerline. The transitional surfaces extend longitudinally from the edge of the FATO to the far end of the approach/departure surface.

The preferred layout for the AAM facilities incorporates three parking positions for loading/unloading passengers or cargo as required. Vehicular access to the terminal building will be provided via a new road south of the airfield, and associated parking will be included.

Future expansion of the facilities can be accommodated as demand dictates. The facilities should include charging and cooling stations, HazMat storage, lockers/storage for batteries, fire suppression for battery fires, and fire management services.

3.5 Non-Aeronautical Development

Portions of the Infield Development area that would not have direct access to the airfield are considered unsuitable for aeronautical use. Therefore, other non-aeronautic uses that are compatible with airport activities could be implemented to support economic development opportunities that would enhance the revenue generating potential of the airport. As evaluated by the most recent update of the BKV Airport Master Plan, it is anticipated that those areas will attract industrial and corporate businesses and industries incentivized by their proximity to the airport.

The Preferred Development incorporates three 200,000 square foot buildings that could be used by the same tenant or subdivided for different tenants/uses. These buildings have the ability to integrate truck loading docks, making them desirable for logistics or distribution centers. The facilities also include waiting areas for trucks and separate vehicular parking facilities.

Four additional 45,000 square foot buildings are proposed in the center of the infield area. These buildings could be used for corporate facilities, offices, and light industrial or commercial developments.

The areas identified outside the infield can also accommodate light industrial or commercial developments in line with the Master Plan proposal to develop industrial facilities west of the airfield.

3.6 Other Support Facilities

The Preferred Development also reserves approximately 7 acres south of the infield area to develop Airport Maintenance Facilities. As described in the BKV Master Plan, the future facility should have a fueling station capable of providing an on-site supply of unleaded and diesel fuel for airport vehicles and equipment versus traveling off-site to the Hernando County fueling facility.

The Preferred Development also reserves one acre north of the infield area adjacent to the ATCT Access Road to accommodate future fueling facilities and Ground Support Equipment (GSE) storage. A reserved area to develop a solar farm is also proposed in the southwest corner of the airfield, south of Dispense Lane. The 28-acre area could be used for anticipated drainage improvements while accommodating solar panels as part of a floating system over the drainage retention pond.

3.7 Roadway System and Security Considerations

The Preferred Development of the Infield Area includes the roadway access improvements considered in the three alternatives presented in Chapter 2. Access to/from the west of the airport will be provided by extending Airport Boulevard eastward from its intersection with Corporate Boulevard to the ATCT Access Road. In addition, a new road extending to the north from Sergeant Lea Mills Boulevard is proposed west of Runway 3. Both proposed alignments will intercept and create the main entrance to the Infield Development Area.

The main infield development road will extend north to a roundabout that will facilitate access to three roads leading to the different areas of the infield development.

The first exit to the east will connect with the AAM facilities. The second exit to the north will provide access to the west portion of the infield area where the future T-hangar development or continue north to connect with the proposed non-aeronautical development and onward to the ATCT. The third exit to the west will facilitate access to the different hangar clusters and aviation-related facilities. This road will also connect with a future road that runs parallel to Runway 9-27 and provides access to the aviation-related development proposed south of future Taxiway C.

The roadway network will be constructed in phases to access each development area as demand dictates. The road network will provide two-lane access throughout the site following the design considerations detailed in Section 3.7.1.1 and Hernando County Facility Design Guidelines. However, additional traffic studies may be required in the future to determine if turn lanes or improved intersections are needed to support the proposed development areas. The roadway right-of-way used was 50 feet per frontage road section with a design speed per section of 30 MPH. All buildings and parking lots proposed in the Preferred Development should be placed outside the right of way. The sidewalks are not shown in the Preferred Development. However, at least one sidewalk on either side of the road should be included during the design phase.

3.7.1 Vehicle Parking Areas

The Preferred Development considers that each facility should have a vehicle parking area adjacent to the building that follows local design standards and regulations. Each tenant will have their own designated vehicle parking area to be developed along with the building/hangar and in coordination with the airport's required standards.

The parking layout recommended for most of the parking lots provides separate access to each lot; except in cases where the space is constrained. In such cases, all parking lot sections have a common entry and are connected to each other by an internal road.

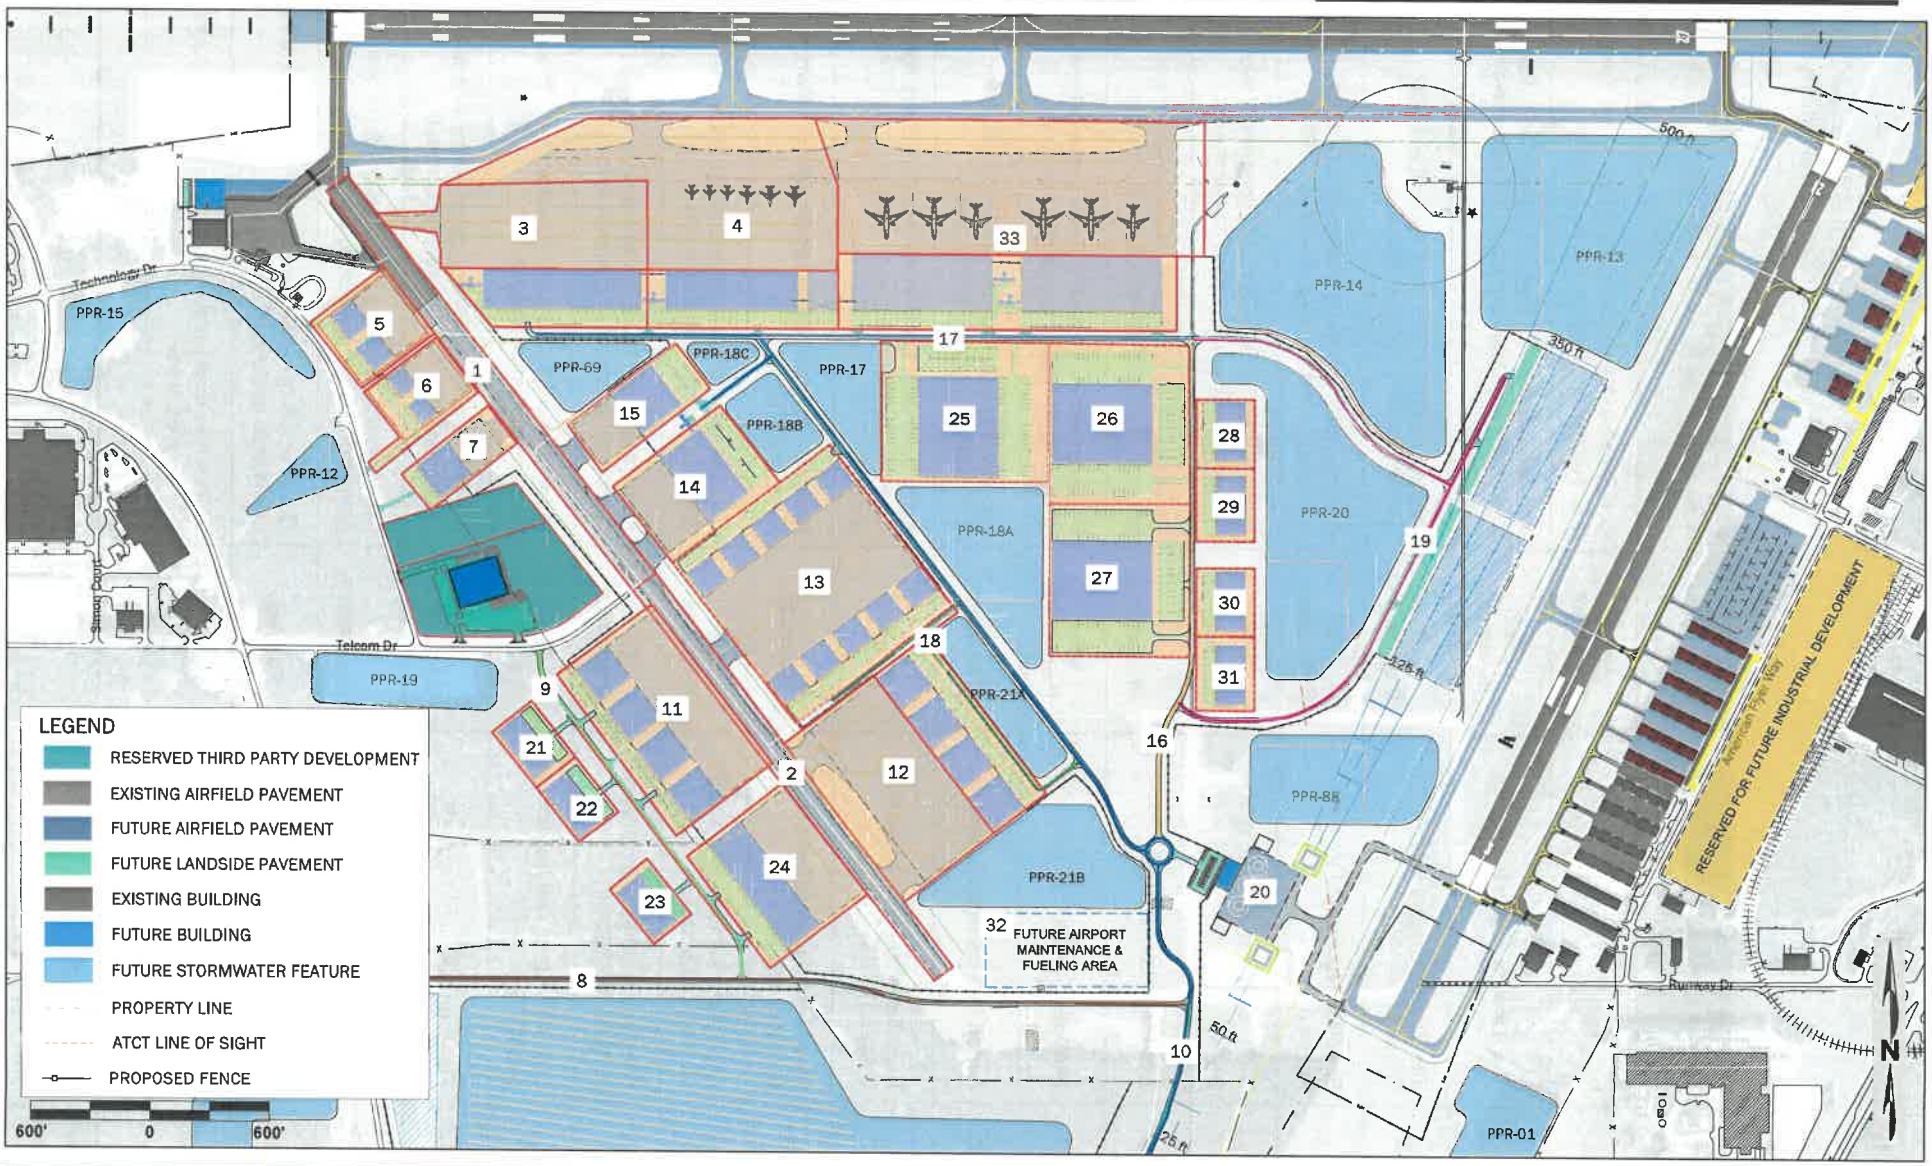
3.7.2 Fencing and Security

As the road network is developed and new facilities are built, each tenant will be required to implement a fencing project as part of its facilities to keep the airside secure and prevent incursions. In addition, the airport must implement secured gates to control the ingress/egress of authorized personnel to critical facilities like ATCT, electrical vault, aprons, fuel, and maintenance facilities. **Figure 3-1** shows the potential location of the future fence line to maintain safe operations at the airport.

3.8 Summary of Capital Improvement Projects

The Preferred Development has been divided into different capital improvement projects listed in **Table 3-3** and depicted in **Figure 3-2**. As mentioned previously, the Preferred Development concept is flexible in implementing landside developments, and the project list only includes the necessary improvements in support of pad-ready sites. The following list does not reflect any prioritization or year of implementation for each proposed project.

Chapter 7 will provide a more detailed implementation plan and the estimated cost of executing the BKV Infield Development Plan.



Michael Baker INTERNATIONAL

Infield Development Plan Projects

Figure 3-2

Table 3-3: Projects List			
No	**Project Name**	**Type**	**Description**
1	New Taxiway Phase I	Airfield Pavement	Convert abandoned runway to taxiway from Taxiway C to Telcom Dr. Includes Paved Shoulders.
2	New Taxiway Phase II	Airfield Pavement	Convert abandoned runway to taxiway from Telcom Dr. to the infield southern point. Includes Paved Shoulders.
3	Site-Prep Northwest Infield - Phase I	Site Preparation	Prepare area for future development of apron, connectors, and hangars, Phase I
4	Site-Prep Northwest Infield - Phase II	Site Preparation	Prepare area for future development of apron, connectors, and hangars, Phase II.
5	Site-Prep Northwest (3.5 AC parcel)	Site Preparation	Prepare area for third-party development of two hangars on 20,000 SF apron and connector.
6	Site-Prep (3.0 AC parcel)	Site Preparation	Prepare area for third-party development of two hangars on 12,000 SF apron and connector.
7	Site-Prep (40,000 SF Hangar)	Site Preparation	Prepare area for third-party development of one hangar on 40,000 SF apron and connector.
8	Airport Service Road Extension	Roadway	Improve and extend Airport Service Road from Corporate Blvd. to the Infield area.
9	Road Development - South of Telcom Dr.	Roadway	Build roads west to the infield area to access light industrial and commercial development from Telcom Dr. to Airport Service Road.
10	Road from Sergeant Lea Mills Blvd to Infield Area	Roadway	Construct a Road from Sergeant Lea Mills Blvd. to the infield area.
11	Site-Prep southwest apron and hangars (40,000 SF)	Site Preparation	Prepare area for future development of four 200'x200' hangars and common apron.
12	Site-Prep southeast apron and hangars (40,000 SF)	Site Preparation	Prepare area for future development of four 200'x200' hangars and common apron.
13	Site-Prep Apron and hangars (22,500 SF)	Site Preparation	Prepare area for future development of ten 150'x150' hangars and common apron.
14	Site-Prep MRO (100,000 SF)	Site Preparation	Prepare area for third-party development of one hangar on 100,000 sf apron and connector.
15	Site-Prep MRO (62,500 SF)	Site Preparation	Prepare area for third-party development of one hangar on 62,500 sf apron and connector.
16	Road development south-north Infield Area	Roadway	Construction of a road from the southern point of the infield area to the ATCT.
17	Road development east-west Infield Area	Roadway	Build a new road parallel to Runway 9-27 to access future apron areas.

Table 3-3: Projects List			
No	**Project Name**	**Type**	**Description**
18	Road development parallel to the new taxiway	Roadway	New road parallel to the new taxiway to provide access to aeronautical use development (Hangar, MRO).
19	Road Development to enable future T-hangar developments	Roadway	Infield area road to connect with future T-hangar development.
20	AAM Facilities	Airfield Pavement	Include construction of TLOF, apron, and taxiway connectors. It does not include buildings.
21	Site-Prep Industrial Development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
22	Site-Prep Industrial Development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
23	Site-Prep Industrial Development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
24	Site-Prep Southwest Hangar (130,000 SF)	Site Preparation	Prepare area for third-party development of one hangar on 130,000 sf apron and connector.
25	Site-Prep Industrial Development Infield	Site Preparation	Prepare an area for third-party logistics development, light industrial or commercial facilities, and parking.
26	Site-Prep Industrial Development Infield	Site Preparation	Prepare an area for third-party logistics development, light industrial or commercial facilities, and parking.
27	Site-Prep Industrial Development Infield	Site Preparation	Prepare an area for third-party logistics development, light industrial or commercial facilities, and parking.
28	Site-Prep Light industrial development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
29	Site-Prep Light industrial development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
30	Site-Prep Light industrial development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
31	Site-Prep Light industrial development West Side	Site Preparation	Prepare an area for third-party development of light industrial or commercial facilities and parking.
32	Airport Maintenance & Fueling Facility	Others	New facility in the south of the airfield.
PPR	Stormwater Improvements	Drainage	Includes 16 new retention ponds.

3.9 Environmental Overview

This chapter provides general background information from an environmental perspective in the Infield Development Area. The environmental overview includes applicable categories outlined in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, as well as identifying any potential environmental impacts that could be expected.

3.9.1 Potential environmental impacts to natural resources

3.9.1.1 Air Quality

Based on the Clean Air Act, National Ambient Air Quality Standards (NAAQS) are applicable to all areas of the United States. Construction activities (e.g., demolition and excavation) will result in minor temporary air quality impacts (fugitive dust). No long-term deleterious air quality impacts are anticipated.

3.9.1.2 Threatened and Endangered Species

Under Section 7 of the Endangered Species Act of 1973, as amended, habitats at BKV were evaluated with respect to suitability for federal- and state-protected species. A list of federally protected species with potential to occur on or near BKV's Infield area was generated from the U.S. Fish and Wildlife Service (USFWS) Information for Planning and Consultation (IPaC) website on March 7, 2024. Species from the IPaC list and the Natural Heritage list were evaluated with respect to habitat requirements and those with potential to occur in the habitats on and near BKV are listed in **Table 3-4**, below.

Table 3-4: Potential Federal and State Protected Species in Vicinity of AEX

Scientific Name	Common Name	Federal Status	State Status
Laterallus jamaicensis ssp. jamaicensis	Eastern Black Rail	Threatened	Federally-designated Threatened (FT)
Rostrhamus sociabilis plumbeus	Everglade Snail Kite	Endangered	Federally-designated Endangered (FE)
Grus americana	Whooping Crane	EXPN	Federal Non-Essential Experimental Population (FXN)
Drymarchon couperi	Eastern Indigo Snake	Threatened	Federally-designated Threatened (FT)
Caretta caretta	Alligator Snapping Turtle	Threatened	State-designated Threatened (ST)
Margaritifera hembeli	Loggerhead Sea Turtle	Threatened	Federally-designated Threatened (FT)
Danaus plexippus	Monarch Butterfly	Candidate	

Sources: IPaC list generated for BKV property on March 7, 2024, and Florida's Official Endangered and Threatened Species List December 2022.

Note: EXPN - Experimental Population, Non-Essential

3.9.1.3 Historical, Architectural, Archaeological, and Cultural Resources

The National Historic Preservation Act of 1966 and the Archaeological and Historic Preservation Act of 1974 provide protection against development impacts that would impact the historical, architectural, archaeological, or cultural resources. The Florida Division of Historical Resources is crucial in reviewing projects and assessing their impact on historic, archaeological, and cultural resources within the state and federal laws and regulations. The National Park Service's National Register web-based map utility was used to review records of National Register of Historic Places (NRHP) listed properties that are not considered "sensitive or restricted" (such as archaeological sites) near BKV. This review indicated that there are no unrestricted NRHP-listed cultural, historical, or archaeological resources within or adjacent to AEX property. However, because the search does not include sensitive or restricted sites, sites that have yet to be discovered, or sites that may be eligible for listing but have not been officially listed to date, this review should only be preliminary.

Coordination with the Division of Historical Resources should occur to evaluate potential effects of proposed projects that are in previously undisturbed areas or that may impact buildings or landmarks that are more than 50 years of age have the potential to impact cultural resources prior to construction.

3.9.1.4 Farmland

The Farmland Protection Policy Act (FPPA) is overseen by the United States Department of Agriculture's (USDA's) Natural Resources Conservation Service (NRCS). This Act discourages Federal activities that would convert farmland to nonagricultural purposes. This includes properties with soils designated prime or unique farmland soils, soils of statewide or unique importance, and productive agricultural fields (fallow or active).

According to the NRCS Web Soil Survey farmland classification data for BKV's property (generated March 7, 2024), all the soils on BKV are classified as not prime farmland soils.[9]

3.9.1.5 Hazardous material and Solid Waste

The Resource Conservation and Recovery Act of 1976[10] (RCRA), Subtitle C, established the federal program to manage hazardous wastes from cradle to grave. Subtitle C contains guidance for hazardous waste handling entities regarding the generation, transportation, treatment, storage, or disposal of hazardous waste. The U.S. Environmental Protection Agency (USEPA) provides state and local agencies with information, guidance, policies, and regulations to help regulate community waste and enhance the environmental and economic benefits of source reduction and recycling of solid wastes. Notification of USEPA is necessary if treatment, storage, or disposal of hazardous waste is being conducted at a

[9] https://websoilsurvey.sc.egov.usda.gov/App/WebSoilSurvey.aspx

[10] 42 U.S.C. § 6901, "Resource Conservation and Recover Act," https://www.gpo.gov/fdsys/pkg/USCODE-2017-title42/pdf/USCODE-2017-title42-chap82-subchapI-sec6901.pdf, (March 13, 2019).

given facility to receive a USEPA Identification Number unless hazardous waste generated at the facility has been exempt.

The USEPA NEPAssist database[11] was used to obtain information regarding potential waste and hazardous material sites shown in **Figure 3-3.** According to NEPAssist, a total of 23 facilities that generate hazardous waste are located around the perimeter of BKV. All of them are very small-quantity generators or facilities for which no generator status is listed, which is likely because they either no longer generate waste or generate only a small amount. According to NEPAssist, no brownfields or Superfund sites are located at or near BKV. Only one facility is listed to generate Toxic Releases.

For planned development at the airport that may result in ground disturbance near existing facilities that handle or generate hazardous waste, it is recommended that a qualified hazardous material assessment firm be hired to investigate and determine if remediation is required before land acquisition or construction.

3.9.1.6 Environmental Justice

Project-level Environmental Justice analyses should be conducted in compliance with Executive. Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, and applicable current federal and state requirements for Federal aid transportation projects on behalf of the Federal Aviation Administration. However, it is anticipated that no Environmental Justice populations are present within the Infield Development Area. Therefore, no disproportionate impacts are anticipated for Minority Populations and Low-Income Populations.

3.9.1.7 Wetlands

Executive Order 11990[12], Protection of Wetlands, mandates that each federal agency take action to minimize the destruction, loss, or degradation of wetlands, and preserve and enhance their natural values. This Executive Order and the permitting requirements of Section 404[13] of the Clean Water Act requires a permit for impacts to Waters of the United States (including wetlands). Permit applications are submitted to the United States Army Corps of Engineers and the Florida Department of Environmental Protection Water Act Section 401 water quality certifications.

The USFWS National Wetlands Inventory (NWI) Wetland Mapper[14] indicates that only one freshwater emergent wetland is present in the Infield Development Area. however, more detail information is described in the Storm Water Master Plan Update **(Appendix A)**

The locations of the mapped wetlands and surface waters are shown in **Figure 3-3.** There remains a possibility that other wetlands occur on the Infield Development Area that do not appear on the NWI mapping or that the actual extent of wetlands is less or different than depicted on the mapping. For future development, particularly in areas that have not been previously developed, it will be important to evaluate each site for the potential presence of wetlands before construction.

Environmental Features

Figure 3-3

3.9.2 Potential Environmental Documentation

FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, provides the FAA policy and procedures to ensure compliance with the National Environmental Policy Act (NEPA) requirements for FAA-funded projects and lists the type of NEPA documentation required for each project type. Chapter 3 of FAA Order 1050.1F contains the levels of the National Environmental Policy Act review. The three levels of NEPA documents are Categorical Exclusion (CATEX), Environmental Assessment (EA) or Environmental Impact Statement (EIS). After the potential impacts on the human and natural environment are identified, the appropriate level of NEPA documentation can be identified.

CATEX refers to a category of actions that do not individually or cumulatively have a significant effect on the human environment and for which neither an EA nor an EIS is required.

An EA is used to determine whether a proposed action has the potential to significantly affect the human environment. An EA is a concise public document that briefly provides sufficient evidence and analysis for determining whether to prepare an EIS or a Finding Of No Significant Impact FONSI.

Chapter 3 of FAA Order 1050.1F indicates that an EA must be prepared at minimum when the proposed action does not normally require an EIS and does not fall within the scope of a CATEX or falls within the scope of a CATEX but there are one or more extraordinary circumstances.

An EIS must be prepared for actions that significantly affect the quality of the human environment when one or more environmental impacts are significant and mitigation measures cannot reduce the impacts below significant levels. The following examples provided in the FAA Order 1050.1F are actions normally requiring an EIS:

- Unconditional ALP approval or Federal financial participation in the following categories of airport actions:
  - Location of a new commercial service airport in a Metropolitan Statistical Area (MSA).
  - A new runway to accommodate air carrier aircraft at a commercial service.
  - airport in an MSA; and
  - Major runway extension.
- Issuance of a commercial space launch site operator license, launch license, or experimental permit to support activities requiring the construction of a new commercial space launch site on undeveloped land.

3.9.3 Potential Regulatory Permits

Permitting requirements for each project type are based on current federal, state, and local environmental regulations. The following criteria were used to determine the potential environmental permit that would be required for each project:

- **State Environmental Resource Permit (ERP)[15]:** The State Environmental Resource Permit (ERP) in Florida is a regulatory authorization that governs activities related to altering surface water flows. An ERP is required if the project meets one of the following criteria:

    a. The project proposes work in, on, or over wetlands and surface waters.
    b. The project proposes constructing more than 4,000 square feet of impervious or semi-pervious surface.
    c. The project proposed has an area that is greater than 1 acre.
    d. The project proposes impounding greater than 40-acre feet.
    e. The project has a dam that is greater than 10 feet in height.
    f. The project is part of a larger development plan.
    g. The project is a modification of an existing permit.

- **National Pollutant Discharge Elimination System (NPDES) Permit for Construction Activity[16]:** The NPDES program focuses on controlling and managing discharges from various sources, including industrial facilities, municipal wastewater treatment plants, and construction sites. Its primary goal is to protect water quality by limiting pollutant discharges and ensuring compliance with environmental standards.

  An NPDES for Construction permit is required if the project area is greater than 1 acre or less than 1 acre but part of a common Plan that ultimately disturbs 1 or more acres of land.

- **Gopher Tortoise Relocation Permit[17]:** The Florida Gopher Tortoise Relocation Permit is a regulatory authorization issued by the Florida Fish and Wildlife Conservation Commission (FWC).

  The gopher tortoise is a threatened species in Florida, and its burrows are protected by state law. Any project that disturbs gopher tortoise burrows or conducts construction activities within 25 feet of these burrows must obtain a Gopher Tortoise Relocation Permit from the FWC.

  The project has the potential to contain gopher tortoise habitat and gopher tortoise.

- **FDEP Industrial Wastewater Permit[18]:** The Florida Department of Environmental Protection (FDEP) issues Industrial Wastewater Permits to facilities and activities that discharge to surface waters and groundwaters within the state. The project has the potential to contaminate groundwater.

[17] https://myfwc.com/license/wildlife/gopher-tortoise-permits/

[18] https://floridadep.gov/water/industrial-wastewater/content/industrial-wastewater-genericgeneral-permits

- **Section 404 Permit or Corps of Engineers Dredge and Fill Permit:** is a regulatory authorization required for activities involving the discharge of dredged or fill material into waters of the United States, including wetlands. A Section 404 Permit is required if the project proposes to fill or dredge wetlands.

3.9.4 Potential Environmental Impacts and Action Plan.

All projects involving a federal action or federal resources must undergo an environmental review process. The level of environmental documentation required depends on the project type and the potential impacts on the environment. The airport projects that qualify for federal funding will follow FAA Order 5050.4B, National Environmental Policy Act Implementing Instructions for Airport Actions and Order 1050.1F Environmental Impact: Policies and Procedures to ensure there are no adverse impacts to the environment.

Depending on funding and implementation, if a particular element of the Preferred Development Plan is deemed to have independent utility, is listed as a potentially categorically excluded action in Orders 1050.1F and 5050.4B, and has no extraordinary circumstances. Some of the projects may be assessed under NEPA utilizing a CATEX. For the Master Plan Project of Runway 9-27 extension, an EA would likely be required.

Depending on the individual projects, construction may impact various resources under the authority of various Federal and State agencies. These resources may include, but are not limited to, protected species, wetlands and other water bodies, archeological resources, and water quality. All elements of the IDP would need to be reviewed for the environmental impact categories as listed in the FAA Order 1050.1F Desk Reference.

Impacts to environmental resources would require a permit, a certification, a consistency determination, an approval, or a letter of record from the governing agency. In some cases, mitigation may be required. Mitigation may vary from using Best Management Practices (BMPs) during construction to costly restoration of an off-site location for an environmental resource. The application for the applicable permit should be completed and submitted as early as possible in the design development process to prevent a delayed construction start while waiting on final permit approval. However, design plans must be sufficiently developed so that the permit is reasonably representative of the actual project impacts.

Based upon the above considerations and to facilitate future individual actions at the airport, the following Environmental Action Plan is proposed:

- Wetlands and waters of the U.S. should be delineated within the airport property boundary and show where additional property may be purchased. The delineation should be submitted to the United States Army Corps Engineers (USACE) for jurisdictional determination.
- Surveys for potential protected species should be completed at the appropriate time of year for each individual species (i.e., flowering times for plants and nesting/breeding/overwintering times for animals).
- Appropriate historical, architectural, and archeological surveys for those resources should be undertaken in any areas of the airport not previously surveyed and on additional properties proposed to be purchased.

- The proposed design should be overlayed upon mapping of the above resource locations to determine potential impacts. The design team should attempt to avoid impacts to the resources to the greatest extent practicable. Unavoidable impacts should be minimized to the greatest extent practicable by reasonable means. The permitting required for the unavoidable and minimized impacts should be determined, and the application for the permit should be submitted as early in the design process as possible.
- If mitigation is required for the unavoidable impacts, a mitigation plan should be completed and submitted with the permit application.
- Once a permit (certification, approval, etc.) is obtained, all conditions to the permit should be noted and made available to anyone associated with the proposed project, including, but not limited to, airport staff, project management team, contractors, sub-contractors, inspectors, etc. so that violations to the permit may be prevented.
- If mitigation is required, it should be completed, and the appropriate agencies should be provided with proof of purchase, completion, or other action as required.
- Once the project is deemed complete, a notification of completion should be provided to the issuing agency.

Some of these actions, such as the first three listed above, could be completed as soon as sufficient funding is available. The remaining actions would likely need to wait until the NEPA process, and the design process have a design sufficiently developed for impact analysis.

The projects proposed for the preferred alternative were examined using existing GIS data and recent aerial photography to determine if the proposed project would potentially impact previously developed areas, waters of the U.S., or areas of known or suspected environmental concern. **Table 3-5** identifies the potential environmental impacts associated with the preferred Infield development, the anticipated level of NEPA documentation for each project, such as a CATEX, EA, or EIS, and the regulatory permits that may be needed for each project. Permitting approvals that are anticipated to be addressed by standard design measures, construction timing or best management practices (BMPs) are not included in the list.

The remainder of this page is intentionally left blank.

Table 3-5: Potential Environmental Impacts

No.	Projects	Acreage	Noise	Air Quality	Wetland	Upland Forested	Protected Species	Potential NEPA Documentation	1050.1F Reference	Permits	Comments	FLUCFCS Code Impacted

4 DRAINAGE

The proposed stormwater pond recommendations were determined considering the preferred development plan defined in Chapter 3 of this Infield Infrastructure Development Plan Phase II, the Infrastructure Development Plan Phase I dated March 2021, and the Airport Layout Plan (ALP) updated in May 2020. The resulting future development assumptions, including the layout of future buildings, roads, and other impervious surfaces used for purposes of this study, are displayed in **Figure 4-1.** In addition, the Stormwater Master Plan was updated as part of this study and can be found in **Appendix A.**

The proposed development locations include both airside and landside. On the airside, notable improvements are within the northwest quadrant of the infield, as well as two new taxiways. Additional hangars are proposed along future Taxiway C on the east side, and significant new development is proposed landside on the southwest quadrant of the airport. Some of the proposed developments impact existing ponds or depressional areas, which are accounted for in this study.

For the airport's total property area of 2,300 ac, the proposed development has increased the overall percent impervious from 14% to 39% or 325 ac to 889 ac in terms of total impervious area.

4.1 Pond Siting Methodology

The airport has 32 existing ponds, including two wet detention ponds and 30 dry retention ponds. To accommodate the future development assumptions, a total of 55 ponds have been identified which is a combination of 30 existing ponds to remain and 25 proposed ponds. All of the proposed ponds are dry retention with no outfall, except for the two existing wet detention ponds at the northeast corner of the airport.

The factors considered in identifying the proposed pond locations include topography, groundwater levels, proposed development, and environmental considerations. The following sections describe the methodology used for determining the proposed pond locations.

4.1.1 Proposed Pond Design

The first step in the pond siting process was to evaluate the stormwater volume requirements for each basin with consideration of the proposed impervious layout presented in **Figure 4-1** based on the preferred development described in Chapter 3. For each basin, we determined the available storage for retention of the 100-yr / 24-hr storm event in comparison with the required storage for future development. For any basins with a storage deficit, either the existing pond was reconfigured to provide additional storage and/or a proposed pond was provided. For this study, we conservatively sized the ponds to provide storage for the 100-year post-development runoff volume plus floodplain compensation. For pond systems which do not provide the total 100-yr runoff volume, the peak stage was checked with consideration of infiltration during the storm to confirm it is below the top of berm elevation. Final design adjustments can be made to store the 100-year pre/post difference if an internal outfall can be maintained, which could reduce the required pond

sizes. The location of the proposed ponds is shown on the Post-Development Drainage map (**Figure 4-1**).

The proposed ponds' seasonal high groundwater level was assessed to establish the bottom elevation. Pond bottom elevations were set at least 2 feet above the seasonal high groundwater level. The top of berm elevations was set at or near existing ground or adjacent infrastructure such as runways, taxiways, or roadways. Additionally, vertical soil storage between the pond bottom and the seasonal high groundwater elevations was included in our pond routing calculations; however, horizontal seepage was not included. The assumed pond, seasonal high groundwater elevations, and soil storage approach will require review and confirmation during the final design stage for each planned development.

Volume recovery of the 100-year/24-hour storm is required for each no-discharge dry retention pond site. A preliminary review of the limited geotechnical investigation indicates there are highly permeable soils with horizontal conductivity rates greater than 20 feet per day, which can accommodate the required recovery requirements; however, additional investigation will be required during the final design and permitting phase. A table of seasonal high-water levels for each pond site is included in Appendix D of the Stormwater Master Plan.

4.1.2 Avoidance and Minimization of Wetland Impact

The development areas and proposed stormwater ponds depicted in the stormwater master plan avoid most of the wetlands identified in the approximation. The exceptions are two very small potential wetlands located just north of Sergeant Lea Mills Boulevard in the southern portion of the airport's property and the apparent sinkhole and the associated wetlands in the northeast corner of the airport's property. If it is determined that all these potential wetlands are isolated, which appears to be the case, they may not be subject to FDEP permitting under Section 404 of the Clean Water Act. For the two areas on the north side of Sergeant Lea Mills Boulevard, if they are determined to be subject to SWFWMD jurisdiction but are less than 0.1 acres in size, it is possible that SWFWMD would not require mitigation for impacts to these areas. Impacts to the sinkhole and associated potential wetland in the northeast corner of the Airport's property would likely require compensatory mitigation from the SWFWMD because this area appears to be greater than 0.1 acre in size.

4.1.3 Pond Design Considerations for Wildlife Hazard Management

Federal Aviation Administration (FAA) Advisory Circular (AC) 150/5200-33C establishes the recommended minimum general separation criteria between an airport's air operations area (AOA) and hazardous wildlife attractants. For airports that serve turbine-powered aircraft, such as BKV, AC 150/5200 specifies a recommended minimum separation distance of 10,000 feet between the AOA and hazardous wildlife attractants. If an attractant "could cause hazardous wildlife movement into or across the approach or departure airspace," AC 150/5200-33C recommends a separation distance of 5 miles between the AOA and the hazardous wildlife attractant.

Wet ponds, ditches, and swales holding water for extended periods can be attractants for wildlife that create hazards for aircraft operations. AC 150/5200-33C provides several recommendations regarding the design and functional characteristics of stormwater

treatment facilities that are located at a distance less than the recommended separation distance. Since the ponds incorporated into the SWMP will be located less than 10,000 feet from the AOA (either within the AOA or on airport property near the AOA), the ponds included in the SWMP should include these recommendations. The first of these recommendations is that the ponds should be "designed, engineered, constructed, and maintained to allow a maximum 48-hour detention period after the design storm and remain completely dry between storms." AC 150/5200-33C also recommends that detention basins be designed to incorporate steep side slopes, have banks that are lined with rip rap, and be narrow or linear in shape. These characteristics help to make the basin less attractive for foraging and nesting birds. Basins with these characteristics reduce visibility for birds that are foraging within a basin and make it more difficult for them to detect approaching predators. Rip-rap lined banks are also less attractive for foraging birds in comparison to natural vegetation.

If it is not possible to design a basin to dry down within 48 hours of the design storm due to local characteristics such as a high-water table, the basin should be designed for wet retention. It is recommended that the basin be designed so that the bottom elevation is 2.5 feet or greater below the mean low water elevation so that the pond will not be suitable foraging habitat for wading birds. In such situations, every effort should be made to incorporate steeply sloping banks to limit the available foraging habitat for wading birds along the shoreline. If the wet pond still attracts hazardous wildlife, the airport should incorporate physical barriers such as bird balls, wire grids, pillows, or netting to prevent wildlife from using the pond.

All ponds should be designed to allow access to maintenance equipment to keep the area free of vegetation to the maximum extent possible. Banks and surrounding areas should be designed so that mowers can readily access the area around the pond and, for dry ponds, the center of the pond. For wet ponds, herbicide application may also be needed to control emergent vegetation.

Designers may also consider using green stormwater infrastructure best management practices, such as bioretention cells, where this can be accomplished without increasing wildlife hazards, particularly by avoiding exceeding the 48-hour maximum detention period and avoiding the creation of habitat that attracts wildlife. As with ponds, bioretention swales should be designed to allow easy access to maintenance equipment so that overgrowth of vegetation that would attract wildlife does not occur.

4.1.4 Drainage Conclusions

The results of the SWMP update indicate that there is sufficient onsite property to accommodate regulatory stormwater criteria for the proposed future development. The post-development drainage map (**Figure 4-1**) provide the locations and sizes of the ponds proposed for this concept-level study. Further investigation will be required to include additional geotechnical and a more detailed stormwater assessment during the final design phase to confirm the pond requirements.

Stormwater Master Plan - Post-Development Map Infield Development Area

Figure 4-1

2008

5 UTILITIES

5.1 Overview

The intent of the Utilities planning component of the project is to develop a comprehensive master planning tool for the analysis of existing utilities and to serve as a basis for modifying and expanding the wastewater collection and transmission system and potable water and fire protection transmission systems to serve the existing and future Brooksville-Tampa Bay Regional Airport Infield development. This Infield Infrastructure Development Plan (IDP) study is intended to be used as a "working document" by the County and airport staff to plan existing infrastructure capacity and future improvements within BKV's infield development area over the planning horizon.

The infield development area is shown in Figure 2-1. Existing calibrated hydraulic models (WaterGEMS and SewerGEMS) provided by Hernando County in 2020 and modified by Stantec for the IDP Final Report dated May 2021 were used to perform simulations for this analysis. Steady-state simulations were utilized for this work, as they are useful approximations of various network conditions and often used to solve infrastructure-related design problems (AWWA Manual M32, 2017). The Hernando County Utilities Department (HCUD) and Michael Baker have worked to develop a proposed development plan and a phasing plan, as previously mentioned. The water distribution network and wastewater collection system are proposed to be developed within the infield development area with the phasing plan, with certain portions added at the short-term, mid-term, and long-term phases.

Contour maps show some elevated areas towards the northern portion of the BKV infield area and slight sloping towards the site's southern end. The 1-foot contours sourced in 2020 were used to update elevations for the new junctions, hydrants, and manholes to maintain consistency within the model.

5.1.1 Available Information

At the time of starting these models, the following information was available:

- Phasing plan
- Preferred development refinement plan
- Building/hangar sizes, quantities, proposed uses, and fire foam suppression system requirements per NFPA 409 for each building/hangar.
- Permission to use the previous water and wastewater models for this work, as HCUD was planning to update their WaterGEMS and SewerGEMS models for their Water and Wastewater Master Plans.

Information unavailable for this analysis:

- Uses, pressure, and flow requirements for the water tanks and pumps shown next to some buildings/hangars.
- Design information or specific plans for the water tanks and pumps shown next to some buildings/hangars.

- Future flow conditions, including flows from the City of Brooksville that are in the process of being planned for future re-direction to HCUD's Airport Water Reclamation Facility.

5.1.2 Logistics Considerations

These preliminary plans avoid pipes passing beneath taxiways as conditions allow, but some areas need to be impacted for efficiency and cost considerations. The plans avoid pipes passing underneath runways, but include pipes passing beneath taxiways, as the BKV infield area is surrounded by runways and taxiways to the north, east, and west. This poses maintenance challenges for HCUD, which traditionally has the responsibility of maintaining water and wastewater infrastructure within the BKV infield area. Coordination efforts will be required to ensure that HCUD has access to the water and wastewater infrastructure, specifically within the BKV infield area and including mains that may lie on private properties.

5.2 Water Distribution Network

Developing the BKV infield area requires expanding the potable water system to include additional transmission components sized as needed to support the proposed facilities. The evaluation will include system conditions during an average daily demand, maximum daily demand plus fire flow, and peak hourly demand. As part of the potable water system evaluation, three potable water system deficiencies were documented:

1. Low flow fire hydrants (<1,000 gpm)
2. Pipes with high velocities (>7 feet per second) / headloss)
3. Low water pressure areas (<40 psi during peak hour demand, 20 psi minimum residual pressure for maximum day demand plus fire flow)

If deficiencies were recorded, recommendations were made for system improvements via system extensions, diameter increases, additional looping zones, pump improvements, pumping stations, etc., to meet system requirements.

5.2.1 Phasing Plan

The water distribution network is proposed to be developed within the infield development area with the phasing plan, with certain portions added at the short-term, mid-term, and long-term phases. Each development phase is considered as follows:

- Short-term: next five years (2025-2029)
- Mid-term: following five years (2030-2034)
- Long-term: following 10 years (2035-2044)

5.2.1.1 Short-Term

Water distribution system components to be added for short-term developments are summarized in **Table 5-1** and shown in **Figure 5-2.**

Table 5-1: Short-Term Water Distribution System Pipe Description		
Description	**Unit**	**Quantity**
12-inch PVC	LF	8,276
6-inch PVC	LF	80
Fire Hydrants	EA	4
6-inch Gate Valve	EA	4
12-inch Gate Valve	EA	15
Booster Pump Station	EA	2
Air Release Valve	EA	2

Source: Stantec, 2024

Two booster pump stations with variable frequency drives (VFDs) are recommended on three lines feeding the infield area, leaving two lines for outbound flow. The BKV area has a pressure below 40 psi during PHD conditions. Therefore, booster pumps are required to raise pressure to the 40 psi goal. Variable frequency drives (VFDs) are recommended for the booster pump stations so flow and pressure can be adjusted throughout the development phases. Existing pumps from the HCUD water distribution system were used for preliminary analysis in the BKV infield area: Southwest WP-2 was used for PMP-13, while the larger pump Southwest WP-5 was used for PMP-14. PMP-13 and PMP-14 should be included in the short-term development phase. The pump selections will have to be further refined in the design stage. Pressures upstream of the recommended booster pumps must also be reviewed, as the WaterGEMS model shows that booster pumps lower the upstream pressures. Upstream pressures in the immediate vicinity of the BKV infield area are as low as 18 psi in the PHD flow condition at the long-term development phase, specifically at the intersection of Technology Dr. and Aerial Way. This is critical to review, as it is lower than the 20 psi required by the Hernando County Fire Department.

Two additional air release valves (ARVs) are required for the 12-inch PVC water mains – one along the new road connecting Telecom Dr. and Airport Service Rd, and another along the new road running east to west across the BKV Infield area. ARVs are required to relieve pressure along pressurized mains where there are elevation gains. The approximate locations of the air release valves and elevation profiles from Google Earth Pro are shown in **Figure 5-2** and **Figure 5-3**.

The remainder of this page is intentionally left blank.

5.2.1.2 Mid-Term

Water distribution system components to be added for mid-term developments are summarized in **Table 5-2** and shown in **Figure 5-4.**

Table 5-2: Mid-Term Water Distribution System Pipe Description		
Description	**Unit**	**Quantity**
12-inch PVC	LF	6,531
6-inch PVC	LF	260
Fire Hydrants	EA	13
6-inch Gate Valve	EA	13
12-inch Gate Valve	EA	10
Booster Pump Station	EA	1

Source: Stantec, 2024

An additional booster pump with a VFD is recommended to support pressure requirements for the mid-term development phase. Existing pumps from the HCUD water distribution system were used for preliminary analysis in the BKV infield area: Southwest WP-2 was used for PMP-18, which should be added for the mid-term development phase. The pump selection will have to be further refined in the design stage.

Figure 5-5

5.2.2 Flow Requirements

Each building or hangar is estimated to have either two or three employee shifts, with 15-25 gallons of water used per employee per shift, in accordance with the USEPA (2024). While the USEPA mentions a range of 10-25 gal/employee/shift, the lower value represents only toilets, while the higher value represents toilets, showers, food preparation, and dish washing. A minimum value of 15 gal/employee/shift was used here as a conservative estimate to allow for water use during employee mealtimes.

The water use values are within the range of values shown in Methods for Estimating Commercial, Industrial and Institutional Water Use, Morales et al. (2009), with water uses in commercial/industrial aviation-related buildings in the same range as the paper's reported commercial buildings, and aircraft storage buildings intentionally lower. A Microsoft Excel spreadsheet showing flow and demand calculations is included as an attachment, and the associated junction map is included in **Appendix B.** Projected water demand data is also summarized in **Table 5-4.**

Buildings designated for aircraft or air cargo storage were assigned fixed demands instead diurnal variations or peaking factors for PDD and PHD, as minimal employees and water usage are expected. Other proposed building uses include aviation technical services; maintenance, repair, and overhaul, aviation related business, light industrial commercial, and logistic/distribution centers. These building types are not expected to have diurnal variations typical of residential areas but are predicted to have variations with shift changes.

The remainder of this page is intentionally left blank.

1.Gallons Per employee per shift

2. Gallons per building during an 8-hour shift

3. Not including Fire Flow per Building

4. NFPA 409 Foam Fire Suppression System Required

5.2.3 Average Daily Demand (ADD)

Junction pressure and pipe velocities within the BKV infield area meet system requirements in short-term, mid-term, and long-term development phases during ADD conditions. ADD demands for short-term, mid-term, and long-term development phases were estimated to be 3.41 gpm, 43.6 gpm, and 112.4 gpm, respectively. Deficiencies are not noted in the BKV infield area during AAD conditions.

5.2.4 Peak Daily Demand (PDD)

PDD was run with an overall peaking factor of 1.7 to be consistent with the existing model. Junction pressure and pipe velocities within the BKV infield area meet system requirements in short-term, mid-term, and long-term development phases during PDD conditions. Deficiencies are not noted in the BKV infield area during PDD conditions.

5.2.5 Peak Hourly Demand (PHD)

PHD was run with an overall peaking factor of 3.0 for residential and commercial developments in the general BKV area, and a 2.0 peaking factor for buildings within the BKV Infield area that are not designated for aircraft or cargo storage. The 2.0 peaking factor was selected to demonstrate a scenario where two sets of employee shifts overlap, doubling the water demand.

Pipe velocities within the BKV infield area meet system requirements in short-term, mid-term, and long-term development phases during PHD conditions. Junction pressures meet the 40-psi goal during PHD in short-term, mid-term, and long-term development phases with the additional booster pumps. Booster pumps are required due to a low system pressure (<40 psi) outside of the BKV infield area. The minimum Hernando County Fire Department pressure of 20 psi is met throughout the BKV infield area during the three development phases when five of the six high service pumps (SW HSPs 1-5) are running.

Table 5-5 shows the node pressures summary in the BKV area water distribution network (proposed) for ADD, PDD, PHD, and PDD+FF scenarios at the long-term development phase, which demonstrates the maximum pressure increase from this infield infrastructure development plan.

Table 5-5: Summary of Node Water Pressures (psi) in the BKV Area at the Long-Term Development Phase

	ADD	PDD	PHD [1]	PDD + FF
Minimum	53.0	46.0	40.0	46.0
Average	59.8	52.8	45.5	52.8
Maximum	88.0	81.0	57.0	81.0

Source: Stantec, 2024

Note: [1] PHD was run with an additional SW-HSP online (5 of the 6) and the three booster pump stations active

5.2.6 PDD with Fire Flow (FF)

Fire flow was tested at PDD conditions, requiring sufficient flow and pressure with a peaking factor of 1.7 and required fire flows. Fire hydrants were placed at least every 500 feet along streets where fire suppression needs are present, with at least one fire hydrant within 400 feet of each building or hangar per NFPA 1, 2021 edition, chapter 18.5.3. Each fire hydrant has a minimum and maximum flow of 1,000 gallons per minute (gpm) and 1,500 gpm, respectively, per NFPA 1, 2021, chapter 18.5 and consistent with the Hernando County Potable Water Master Plan, 2021. Assuming buildings and hangars with Type 1 construction per NFPA 220, each building and hangar's fire flow needs were determined based on their square footage in accordance with Table 18.4.5.2.1 within NFPA 1, 2021 edition, included in Appendix B.

Fire flow analysis parameters are shown in **Table 5-6.** Certain developments require fire foam suppression systems per NFPA 409, yet additional water needs are not expected. Fire suppression water needs are met for each building by the combined water contributed from fire hydrants within 1,000 feet of the building, which is allowed per NFPA 1, 2021 edition, chapter 18.5.4. Required hydrants are based on a single building fire, therefore hydrants can be shared between buildings, as confirmed with the Hernando County Fire Rescue (Smith, 2024). The branch pipes leading to fire hydrants were designed with six (6) inch diameters, in congruence with other fire hydrants in the BKV area.

Table 5-6: Fire Flow Analysis Parameters

Flow Constraint	Velocity Constraint	Residual Pressure Constraint @ PDD
1,000 – 1,500 gpm	None	20 psi minimum

Source: Stantec, 2024

To meet fire flow requirements of the proposed developments in the short, mid, and long-term there are twenty-seven (27) fire hydrants that are to be installed. The fire flow analysis was conducted utilizing the flow constraints at PDD conditions for the proposed system; the results are provided by short, mid, and long-term and included in **Table 5-7**, **Table 5-8**, and **Table 5-9**, respectively.

5.3 Wastewater Collection System

Developing the BKV infield area requires expanding the wastewater collection system to include additional transmission components and sizes needed to support the proposed facilities. The evaluation will include system conditions during an average daily flow and maximum daily flow. As part of the wastewater system evaluation, four wastewater collection system deficiencies were documented within the BKV infield area:

1. Surcharged sewer gravity mains
2. Force mains with high velocities (> 7 feet per second) / headloss
3. Pump capacity limitations
4. Low velocity force mains and gravity mains

If deficiencies were recorded, recommendations were made for system improvements via system extensions, diameter increases, additional looping zones, pump improvements, pumping stations, etc., to meet system requirements.

Design guidelines were established by HCUD Water, Reclaimed Water and Wastewater Construction Specifications Manual (2017):

- Peaking factor 3 for commercial wastewater flows
- Minimum 4-foot cover depth, but at least 5-foot when possible.

- Gravity mains sized to accommodate peak flow when flowing ½ full, but never less than 8-inches in diameter
- Minimum slope 0.004 ft/ft (0.40%) for 8-inch gravity sewer mains
- Manholes spaced no more than 350 feet apart
- Manhole depths less than 12 feet, when possible, otherwise, less than 30 feet.
- Wet wells less than 30 feet in depth

The HCUD Water, Reclaimed Water, and Wastewater Construction Specifications Manual also requires a minimum velocity of 2 feet per second (fps) for gravity mains greater than 12-inches in diameter when flowing half full. Since gravity mains with 8-inch diameters were selected for the BKV infield area, this guideline does not apply. The Florida Department of Environmental Protection (FDEP) recommends a 2 feet per second minimum velocity for gravity mains when flowing full. This velocity is translated to a minimum slope of 0.004 ft/ft for 8-inch gravity sewer mains, which is reflected in the HCUD Manual.

5.3.1 Phasing Plan

Force mains, both wet wells, and a portion of the gravity system are required for the short-term implementation plan, and the gravity system should be extended for both mid-term and long-term developments. This section summarizes the wastewater collection system extensions to be built for the short-term, mid-term, and long-term developments.

5.3.1.1 Short-Term

A wet well was placed to (1) minimize incoming gravity mains' invert depth, limiting to 30 feet deep but keeping them below 12 feet deep when possible, and (2) facilitate gravity mains flowing towards the planned wet well on Telecom Dr. (WW-122), which is both in the general downhill direction and towards the Airport Water Reclamation Facility. One wet well is needed to direct flows from building 5 across the runway to existing MH-323, since gravity flow is limited by pipe cover and slope requirement. The wet well should contain two pumps. For preliminary modeling purposes, the same pumps as are currently shown in the lift station "BK-LS10" were used in the new wet well WW-123. This is an Ebara 50DGFU63.7S (5 hp) pump. This pump selection was based on peak flow at the long-term development phase. It is expected that float elevations will have to be modified after each development phase to adjust pump ON and OFF times as wastewater flows increase with each development phase. The wet well was set at an 8-foot diameter with a bottom elevation of 40 feet, giving it a total depth of 29.4 feet. Gravity main, force main, laterals, and manhole information is shown in **Table 5-11.**

Michael Baker INTERNATIONAL Stantec

Locations of Proposed Wastewater System for Short-Term Developments

Figure 5-6

5.3.1.2 Mid-Term

One additional wet well is needed for mid-term developments. The wet well should contain two pumps. For preliminary modeling purposes, the same pumps as are currently shown in the lift station "AP-LS06" were used in the new wet well WW-124. This is a Barnes 4SHMD (20hp) pump. This was selected based on peak flow at the long-term development phase. It is expected that float elevations will have to be modified after each development phase to adjust pump ON and OFF times as wastewater flows increase with each development phase. The wet well was set at an 8-foot diameter with a bottom elevation of 36 feet, giving it a total depth of 30 feet. Additional gravity mains, manholes, and laterals are recommended for the mid-term BKV Infield developments, as shown in **Table 5-13**. Proposed gravity mains are primarily 8-inches in diameter, with limited 10-inch diameter gravity mains included so the mains are less than ½ full during peak flow at the long-term development phase.

Locations of Proposed Wastewater System for Long-Term Developments

Figure 5-8

2030

5.3.2 Flow Requirements

Wastewater flows were based on water flows. Average daily flow was calculated by assuming that 90% of distributed water is ultimately introduced to the wastewater collection system. Peak daily demand was modeled in steady state. A peaking factor of 3 was applied, in accordance with the HCUD construction specifications manual. The additional peak flows were added to each respective manhole to allow for gravity main flow analysis.

5.3.3 Impact on Nearby Wet Wells

Pumps at nearby wet wells need to be re-evaluated during the design phase to account for the increased flows from the infield area developments and from the future diverted City of Brooksville Flows. AP-LS08-WW Rail Park pumps, which are located just southeast of the BKV infield area, need to be re-evaluated and sized up. Additional flows downstream from the infield IDP cause increased head on the AP-LS08 pumps, thus reducing flow compared to current conditions. Pump analysis should occur prior to short-term development construction and must include pumps at recommended wet wells within the BKV infield area and surrounding existing wet wells. Existing AP-LS08-WW Rail Park pumps and proposed WW-124 are of particular importance for pump analysis.

5.4 Electrical Utility Availability

Electrical utility availability was determined by contacting Sunshine 811 and Duke Energy. Sunshine 811 confirmed that Duke Energy, TECO People's Gas – Tampa, and AT&T exist in the BKV Infield area. Stantec also spoke with a Duke Energy representative and was informed that there is existing power in the area, with a control tower supported by underground wires. The Duke Energy representative also explained that high power needs would be discussed and planned at the development stage but is not expected to pose issues.

6 IMPLEMENTATION PLAN

This section includes the phasing, quantities, refined costs, and funding opportunities for each proposed project shown on the Infield Infrastructure Development Plan. In addition, the proposed development is analyzed to demonstrate the potential funding opportunities associated with the Plan.

Based on the refined alternative presented in Chapter 3, a list of proposed projects is presented in Table 3-3. The IDP evaluated each proposed project to understand its future cost and funding availability to provide general financial guidance to Hernando County regarding the recommended development in the Infield area of BKV.

6.1 Proposed Phasing Plan

To provide realistic assumptions regarding the funding available for the proposed projects, each project was placed into one of three general project phasing periods based on the ease of implementation, cost, permitting, commercial development, and logic of project sequencing. The objective was to establish an efficient project development and implementation order that meets the airport expansion needs and demand. Below are the project phasing periods used for this purpose.

- Short-Term Development Period – Projects anticipated to be implemented within years 0 to 5 of the airport plan (2025-2029),
- Mid-Term Development Period – Projects anticipated to be implemented between years 6 to 10 of the plan (2030-2034).
- Long-Term Development Period – Projects anticipated to be implemented between years 11 to 20 of the plan (2035-2044).

Although this study charts a course for planned development, it must be emphasized that the planning and development of an airport is a continuous process. The rehabilitation of existing facilities and the development of new facilities must be predicated on sustained demand, which justifies the costs of improvements.

6.2 Analysis of Priority Sites

Based on the airport goals, the County's vision, and the comments received during the phasing workshop held on July 15, 2024, the priority is to convert the old runway into a taxiway to provide airside access to the northwest of the Infield. The airport awarded a contract to design phase I of the project in 2024. The construction of the first portion of the taxiway is expected to be ready in the short term. Even though the west side of the taxiway has roadway access, the east side will depend on the development of landside access and the availability of utilities.

After evaluating the existing conditions, the actions required to unlock each development site, the availability of utilities, and the ease of implementation, a development priority was established.

The proposed projects have been prioritized and included in the development periods. The phasing plan is shown in **Table 6-1** and **Figure 6-1.**

Table 6-1: Phasing Plan

6.3 Cost Estimates

Based on the selected development concept, probable construction costs are estimated for the proposed infield infrastructure development projects at BKV. The order of magnitude cost estimates associated with the proposed projects are presented in 2024 dollars and include estimated engineering fees and contingencies. The cost estimates are escalated base on Inflation rates estimated using sources from Statistical Research Department [19](2024), Congressional Budget Office (2023), and Federal Reserve Bank of Cleveland (2024). A 5.0 percent inflation rate is used for short-term projects and a 2.3 percent inflation rate is applied to escalate mid and long-term projects. As time goes by, the values should be reviewed to determine if any project cost adjustments have occurred. Although construction project costs are highly variable due to the fluctuating cost of materials (e.g., asphalt, steel, and energy production), a reasonable estimate of future costs can be calculated by adjusting the costs by the appropriate Consumer Price Index (CPI) inflation factor.

For planning purposes, the following fees are added to the base construction cost as applicable based on set percentages of construction cost.

- 15% Contingency
- 50% Contingency for utility projects
- 8%-10% Engineering Design
- 8% Construction Phase Professional Services
- 5% Utility Relocations

Other assumptions to be considered are as follows:

- Erosion Control assumed to be 30% of Safety and Security
- Mobilization is 10% of all items, excluding owners allowance, unspecified work
- Owner's Allowance, unspecified Work is 3% of all work, excluding mobilization
- Construction Quality Control Program (CQCP) is 2% of all work excluding mobilization and owner's allowance, unspecified work
- Safety and Security is 3% of all work, excluding mobilization, owner's allowance, unspecified work, contractor quality control program (CQCP), and erosion control

The proposed projects in the infield development plan are categorized as Roadways, Airfield Improvements, Development Areas (site-prep), Stormwater Features and Utilities.

Roadways: projects that include extending or constructing a new road enabling access to proposed areas for future developments.

[19] Statistica Research Department; Projected Annual Inflation Rate in the United States from 2010 to 2029, Webpage Last Updated August 2024. https://www.statista.com/statistics/244983/projected-inflation-rate-in-the-united-states

Airfield Improvements: projects that allow airfield access for future aeronautical use developments. This category includes the conversion of the former runway to a taxiway and the advanced air mobility facilities.

Development Areas (Site Prep): these projects consider the necessary action to obtain ready sites for third-party development, including drainage and utility improvements, grading, surveying, and earthwork. Even though the IDP recommends specific types of facilities, such as corporate hangars or MROs, the cost estimate for those projects does not include the construction cost of any facility or airfield pavement. Also, the cost will not include clearing activities. Stormwater features related to the impervious areas are included in the cost; however, it is expected that its cost will be included in the construction of the facilities, which will be third-party funded.

Stormwater Features: as described in Chapter 4, drainage improvements are required to accommodate the proposed impervious areas. Some of the proposed retention ponds serve more than one project. Since those projects are envisioned to be developed across the 20-year planning period, some retention ponds are considered a single project that will be required to enable the development of future areas. Even though the estimated cost reflects the maximum extension needed to serve the proposed impervious areas on a specific basin, the construction of the pond could be phased as the impervious areas are built.

Water/Wastewater Utilities: Additional demands and flows were added to the model based on envisioned developments in the short, mid, and long-term. The cost estimate is split into three phases for the water/wastewater utilities, respectively, for each term. Expanding the potable water system and wastewater collection system is necessary to meet water and fire flow demands and to handle wastewater flows from the new developments. **Table 6-2** presents the cost estimates per project.

Table 6-2: Cost Estimates

Project Number	Description	Implementation Year	Estimated Cost*
Short-Term Planning Period (2025-2029)			
1	New Taxiway-Phase I (PPR-69)	2026	$12,342,528
2	Site-Prep Northwest (3.5 AC parcel)	2026	$30,684
3	Water Distribution System - Phase I	2026	$10,175,365
4	Wastewater Collection System - Phase I	2026	$1,891,772
5	Road from Sergeant Mills Blvd to Infield Area	2026	$15,384,941

6.4 Sources of Funding

Large-scale development projects at an airport are typically beyond the normal annual budget capacity and cannot be supported solely with self-generated funds. In these situations, it is not uncommon for an airport to seek funding from outside sources. These sources can either provide funding for projects outright or be combined with one another to reach the necessary funding level.

In some cases, funding sources are capped on an annual or lifetime basis, such as with FAA entitlement funds. Therefore, it is not uncommon for airports to phase projects to maximize grants to collect the necessary funding. Most sources do not guarantee funding, and applicable projects must compete against one another.

Funding sources for this Financial Plan were analyzed and summarized from various governing bodies, including: The Federal Government, State Government, and Local funds. These potential funding sources include:

- Federal Government:
  - FAA Airport Improvement Program (AIP)
  - Bipartisan Infrastructure Law (BIL)
- State Government:
  - FDOT Grant Funds
- Local Government- Hernando County
- Public-Private Partnerships / Third-Party Development

The listed possible funding sources are not all-encompassing, as grant programs tend to open and close due to government funding availability. Therefore, it is recommended that when BKV is prepared to begin the initial planning for any project listed, the grant entity should coordinate with it to discuss the project's justification and benefits.

6.4.1 Federal Funding

FAA Airport Improvement Program (AIP)

Federal funding for airports is coordinated through the FAA. AIP funding is generated through taxes levied on passenger tickets and aviation fuel and is typically prioritized to enhance safety, security, capacity, and noise mitigation.

The two major sources of funding managed by the FAA are a part of the Airport Improvement Program, which, according to the FAA, "provides grants to public agencies — and, in some cases, to private owners and entities — for the planning and development of public-use airports that are included in the National Plan of Integrated Airport Systems (NPIAS)."[20] The two categories of AIP funding are: entitlements grants and discretionary grants. It is estimated that about two-thirds of the AIP's annual funds are allocated to airports via entitlement grants based on a formula that considers airport activity, passengers, and/or cargo weight, depending on the airport. Discretionary funding is made up of the remaining one-third of the AIP's annual funds and is set aside for specific projects based on their overall importance and priority. AIP grants are to be used for specific eligible capital projects, equipment, and certain types of planning and environmental studies. The funds are programmed to cover no more than 90 percent of project costs, depending on statutory requirements, at airports the size of BKV. However, under the Reauthorization Act of 2024, it was established a special rule for the fiscal years 2025 and 2026 where "the government's share of allowable project cost for a grant made to a non-hub, or nonprimary airport in each of the fiscal year 2025 and 2026 shall be 95 percent"[21]. They cannot be used for airport operating expenses, debt financing, or interest costs.[22]

Accepting these grants from the FAA includes accepting certain obligations and conditions (Grant Assurances) required by the FAA. According to the FAA, these obligations generally include operating and maintaining the airport in a safe and serviceable condition, not granting exclusive rights, mitigating hazards to airspace, and charging, collecting, and using airport revenue properly[23].

As of the 2023-2027 NPIAS Report, the FAA classified BKV as a national general aviation airport. General aviation airports are public-use airports that do not have scheduled service or have less than 2,500 annual passenger boardings. As a National Airport, BKV supports the national and state systems by providing communities with access to national and international markets in multiple states and throughout the United States.

This category impacts the amount of funding BKV receives from the FAA AIP entitlement fund (general aviation entitlement) annually. On average, BKV receives $150.000 of

[20] FAA - https://www.faa.gov/airports/aip
[21] FAA Reauthorization Act of 2024 SEC. 708
[22] https://www.faa.gov/airports/aip/overview#grant
[23] https://www.faa.gov/sites/faa.gov/files/airports/aip/grantapportion_data/FY-2022-Primary-Entitlements.pdf

entitlement funds, depending on the level of appropriations from Congress, annually. It is expected that with the Reauthorization Act of 2024, this amount will increase consistently, with the overall AIP funding increased from 3.35 billion per year to 4.0 billion per year starting in Fiscal Year 2025

FAA Order 5100.38D, Airport Improvement Program (AIP) Handbook, sets forth the official policy and procedures to be used in the administration of AIP grants. **Table 6-4** lists typical examples of eligible and ineligible AIP projects.

Table 6-4: Examples of Eligible vs. Ineligible AIP Projects

Eligible Projects	Ineligible Projects
Runway construction/rehabilitation	Maintenance equipment and vehicles
Taxiway construction/rehabilitation	Office and office equipment
Apron construction/rehabilitation	Fuel farms*
Airfield lighting	Landscaping
Airfield signage	Artworks
Airfield drainage	Aircraft hangars*
Land acquisition	Industrial Park development
Weather observation stations (AWOS)	Marketing plans
NAVAIDs such as REILs and PAPIs	Training
Planning studies	Improvements for commercial enterprises
Environmental studies	Maintenance or repairs of buildings
Safety area improvements	
Airport layout plans (ALPs)	
Access roads only located on airport property	
Removing, lowering, moving, marking, and lighting hazards	
Glycol Recovery Trucks/Glycol Vacuum Trucks**	

Source: FAA AIP Overview, FAA website.
*May be eligible. Contact your local Airport District or Regional Office for more information.
**To be eligible, the vehicles must be owned and operated by the airport and meet the Buy American Preference specified in the AIP grant. Contact your local Airport District or Regional Office for more information.

In addition, the following must also apply for FAA to consider a project for AIP funding:
The project sponsorship requirements have been met.
The project is reasonably consistent with the plans of planning agencies for the development of the area in which the airport is located.
Sufficient funds are available for the portion of the project not paid for by the Federal Government.
The project will be completed without undue delay.
The airport location is included in the current version of the NPIAS.
The project involves more than $25,000 in AIP funds.
The project is depicted on a current airport layout plan approved by FAA. All safety issues have been addressed.

Bipartisan Infrastructure Law

The Bipartisan Infrastructure and Investment Jobs Act (Bipartisan Infrastructure Law or BIL) was enacted and signed into law November 15, 2021. The Bipartisan Infrastructure Law authorizes up to $108 billion for public transportation – the largest federal investment in public transportation in the nation's history. The purpose of the BIL legislation is to advance public transportation in America's communities through four key priorities: safety, modernization, climate, and equity. The BIL includes approximately $25 billion for the National Airspace System, and approximately $5 billion is for improvements to FAA-owned facilities and equipment. FAA's Office of Airports (ARP) will administer the remaining

approximately $20 billion in grant funds for airport infrastructure, terminal development, including multimodal terminal development, including on-airport rail access projects, and airport-owned airport traffic control towers.[24] However, the Bipartisan Infrastructure Law will distribute these funds over the five-year period FY 2022 through FY 2026.

To date, nearly $9 billion in Airport Infrastructure Grant (AIG) funding has been available to airports nationwide. For BKV Fiscal Year 2024 $851,000 were allocated[25].

Approximately $4.85 billion ($970 million annually) is distributed by the competitive Airport Terminal Program (ATP). Airports can compete for ATP grants under BIL. The grants can be used for justified terminal development projects as defined under 49 USC 7102(28), including multi-modal terminal development and on-airport rail access projects. The sponsor matches 20 percent for large- and medium-hub airports and five percent for small-hub, non-hub, and non-primary airports.

6.4.2 State Funding - Florida Aviation Grant Program

This program was established to fund projects relating to airport planning, capital improvement, land acquisition, and economic development. The funding assists in providing a safe, cost-effective, and efficient statewide aviation system. FDOT grant funds help airports build and maintain runways and taxiways, eliminate airport hazards, protect airspace, develop plans, acquire land, and build terminals and other facilities.

All publicly owned airports in Florida that are part of the Florida Aviation System Plan (FASP) are eligible for funding from the Florida Department of Transportation (FDOT). To qualify for the Florida Aviation Grant Program, airport projects must align with the airport's designated role in the FASP and with the approved comprehensive plan of the local government. Additionally, capital projects must be included in an FDOT-approved airport master plan and/or airport layout plan, have an airport sponsor (local government), and be entered into the Florida Aviation Database (FAD) through the Joint Automated Capital Improvement Program (JACIP).

BKV, located in District 7, is designated as a General Aviation Airport in the FASP. This means that when a BKV project is funded by the FAA, FDOT may provide up to 80 percent of the remaining (non-federal) share of project costs. FDOT may provide up to 80 percent of the total project costs when no federal funding is available.

The Florida Aviation Grant program encompasses eligible projects that promote airport growth and development to help airports become self-sustaining. Examples of Economic Development projects eligible for funding are:

- Any airport improvement and land purchase that will enhance economic impact.
- Buildings for lease
- Industrial Park infrastructure and buildings

[24] FAA - Bipartisan Infrastructure Law Frequently Asked Questions- February 2022

[25] https://www.faa.gov/bil/airport-infrastructure

- Terminals constructed for the purpose of generating revenue through leases.
- Industrial Park marketing programs

6.4.3 Local Funding

Local airport owners and sponsors, such as counties, cities, and/or airport authorities, are frequently responsible for costs associated with airport development projects that remain after federal and state shares have been applied. In cases where outside funding is not enough to cover the total project cost, or if a project does not apply to any funding sources, the airport sponsor may provide the local share from its annual cash flow or available cash reserves. Additionally, it is desired that general aviation airports generate enough revenue to cover their operating expenses and the local match for federal and state grants.

6.4.4 Public Private Partnerships / Third-Party Development

Public Private Partnerships are "arrangements, typically medium to long term, between the public and private sectors whereby some of the services that fall under the responsibilities of the public sector are provided by the private sector, with clear agreement on shared objectives for delivery of public infrastructure and/or public services." These arrangements provide airports an opportunity to develop projects crucial to growth, without absorbing the financial burden of the construction and operation costs.

However, these arrangements also require airports to work closely with outside operators and could potentially result in less airport involvement during certain capital development projects. Many airports use private or third-party investment when the planned improvements will be primarily used by a private business or other organization. Such projects are not ordinarily eligible for federal funding. Projects of this kind typically include hangars, fixed based operator facilities, fuel storage, exclusive aircraft parking aprons, industrial aviation use facilities, non-aviation office/commercial/industrial developments, and other similar projects. Private development proposals are considered on a case-by-case basis. Often, airport funds for infrastructure, preliminary site work, and site access are required to facilitate privately developed projects on airport property.

6.5 Funding Plan

As a part of the IDP Study, a comprehensive list of recommended development projects is proposed in Chapter 6. **Table 6-5** outlines a proposed funding strategy breaking down the projects into the three timelines previously detailed in section 6-1: Short-Term Funding (2025-2029), Mid-Term Funding (2030-2034), and Long-Term Funding (2035-2044). It is important to note that this strategy does not include a financial feasibility analysis, and the intent is to provide a roadmap for the airport and the County regarding potential sources of funding that can be used for the project development.

The projections should be used for planning purposes only and do not imply that funding will be available. Each year indicates the initiation of design and/or environmental efforts, and it is assumed that construction will be undertaken either in the same year or the following year.

It is recommended that the proposed strategy be utilized as the genesis of a more in-depth planning session when developing the airport's annual Airport Capital Improvement Plan (ACIP) submission to the FAA.

As described in section 6.3, some drainage improvements to accommodate the proposed development have been listed as single projects. Even though **Table 6-5** lists those projects in a specific year, their construction can be phased as the impervious areas are built. Its size should be reviewed once the final design of the third-party development is determined. In addition, the pond's construction cost should be refined with the final design, and its funding source may change in response to the negotiation with the tenant.

The remainder of this page is intentionally left blank.

1.0 INTRODUCTION

Brooksville-Tampa Bay Regional Airport (BKV) spans approximately 2,300 acres and is located in Hernando County, Florida. The airport location is shown on **Figure A.1** in **Appendix A**. BKV is owned and operated by Hernando County (County) who has contracted Michael Baker International, Inc. (Michael Baker) to update the Stormwater Master Plan (SWMP) based on existing conditions and proposed future development. This report includes stormwater management recommendations based on concept level design analysis in compliance with State and Hernando County regulatory requirements and Federal Aviation Administration (FAA) design criteria and wildlife hazard management guidelines. The stormwater management requirements for the proposed developments presented herein will require additional field investigation, design, and permitting at the final design stage.

BKV is in south-central Hernando County approximately 4 miles south of SR 50 (Cortez Boulevard) and is bordered to the west by SR 589 (Suncoast Parkway), to the east by US 41 (Broad Street), and to the north by Spring Hill Drive. There are commercial, residential, and undeveloped areas surrounding the airport. A land use map of the vicinity is included as **Figure A.6** in **Appendix A.**

The purpose of this report is to document existing conditions, minimize environmental impacts and provide preliminary stormwater management ponds based on our concept analysis for planned future development. Future development assumptions were based on the Airport Layout Plan (ALP) dated May 2020 and the Existing and Proposed Development Map, which are provided in **Appendix B and C.** The proposed pond locations identified in this report will be reviewed by the County and FAA and submitted to the Southwest Florida Water Management District (SWFWMD) for a Conceptual Environmental Resource Permit (ERP). The stormwater recommendations presented in this report will require further investigation, design, and permitting.

2.0 DATA COLLECTION

The data collection phase of this SWMP update included the following tasks:

- Review of existing plans and permits
- Review of the previous SWMP by Coastal Engineering Associates (October 2004)
- Field Reviews
- Limited on-site Survey and Geotechnical investigations
- Limited on-site Wetland Review
- Coordination with SWFWMD and Airport Staff

The following sections present additional information and the results of our data collection efforts.

2.1 Existing Plans & Permits

Michael Baker performed a thorough review of the existing permits on file at SWFWMD and as-built plans provided by the County as part of our research to develop an understanding of the existing drainage conditions on the airport. Michael Baker reviewed over 50 permits and permit modifications. A list of the permit numbers and names with relevant excerpts is included as **BKV ERP Summary Table** in **Appendix D.** These permits, design plans and calculations provided information that was utilized to evaluate existing drainage patterns for use in preparing the existing condition stormwater model.

2.2 Field Investigations

As part of our investigation of existing conditions, Michael Baker performed a site visit and collected limited survey and geotechnical information to confirm existing drainage patterns, site topography constraints, and develop concept level design parameters used to evaluate existing and proposed pond performance.

Michael Baker environmental staff visited the site on July 28, 2022 and August 16, 2022. Documentation of the environmental field visits is further detailed in *Section 3.3 Wetlands and Surface Waters* of this report.

A limited geotechnical investigation was performed by MC Squared, LLC to provide subsurface information including groundwater levels, hydraulic conductivity, soil types and other related information that our design team utilized in our concept level stormwater assessment. The geotechnical field investigation was performed in April 2022 and the Geotechnical Engineering Services Data Report (June 3, 2002) is included in **Appendix G.** Additional information regarding the geotechnical characteristics of the site is included in *Section 3.2 Soils and Groundwater.*

2.3 Previous Stormwater Master Plan

In response to changes from Michael Baker International's initial submission of the stormwater master plan, significant modifications have been implemented to ensure the plan's accuracy. Notably, the revised plan now incorporates updated hydrology to provide a more accurate representation of stormwater runoff within the project area. This includes a thorough reassessment of the basin areas, proposed ponds, and floodplain compensation.

The primary changes noted in this update to the SWMP as compared to the previous SWMP include:

- 2018 LiDAR is utilized
- Included new concept analysis for planned future development
- Included new developments constructed since the 2022 SWMP.

2.4 Coordination

The Michael Baker team coordinated with the BKV Airport and SWFWMD to develop the scope and design criteria for developing the proposed stormwater management concepts for this SWMP. On April 28, 2022, Michael Baker staff attended a virtual pre-application meeting with SWFWMD to discuss the stormwater management criteria, environmental criteria, and permitting approach. The minutes of the meeting are included in **Appendix H.**

On June 20, 2022, a Michael Baker representative had a discussion with BKV staff to discuss any known flooding or stormwater maintenance issues. The minutes of this discussion are included in **Appendix H.**

3.0 Existing Site Conditions

3.1 Topography

Aerial imagery was downloaded from the FDOT APLUS website and files dated 2020 were downloaded for the purposes of this study. USGS 2018 LiDAR and topographic data and limited on-site survey was used to evaluate existing site grades. Based on our review of this information existing site topography includes mild to moderate slopes with closed depressional areas and elevations ranging from +41 to +91 ft NAVD88. USGS topographic and contour maps of the project area are included on the **Pre-Development Maps** in **Appendix B.**

3.2 Soils and Groundwater

Subsurface conditions at existing and proposed pond locations was evaluated by geotechnical consultant MC Squared, LLC to provide information regarding soil types as well as groundwater levels and flow parameters. The findings of their field study are included in their report dated June 3, 2022 and included in **Appendix G.**

The results of the geotechnical investigation indicate the groundwater table fluctuates significantly between seasonal lows typically encountered in the late spring before the rainy season begins and the seasonal highs which are typically encountered near the end of September when the normal rainy season

ends. Most of the borings did not encounter groundwater to the 10-ft boring termination depths. Seasonal high groundwater levels are estimated to be in the range of 4 to 6 ft deep at the boring locations. Subsurface soil types are generally fine sands with silt, silty fine sands and clayey fine sands. Field testing results report a wide range of infiltration values ranging from greater than 20 ft per day for some of the fine sands to no infiltration for some of the clayey sands. For purposes of estimating aquifer parameters for pond recovery the clayey fine sands would be considered the bottom of the aquifer.

3.3 Wetlands and Surface Waters

The following references were used to approximate the limits of wetland and surface waters within the study area:

- Wetland information from previous studies at BKV
- U.S. Fish and Wildlife Service (USFWS) National Wetlands Inventory (NWI) mapping
- Southwest Florida Water Management District Florida Land Use, Cover, and Forms Classification System (FLUCS) mapping
- Digital Elevation Model (DEM) mapping derived from light detection and ranging (LIDAR) data.

No flagged wetland delineation or field verification with permitting agencies was conducted, therefore this task results in the development of an approximation that identifies potential wetlands that may be subject to the jurisdiction and permitting authority of the Southwest Florida Water Management District (SWFMWD) under the Environmental Resource Permitting program and subject to jurisdiction and permitting authority of the Florida Department of Environmental Protection (FDEP) under the federal Clean Water Act Section 404 permit program.

Limited ground truthing was conducted within the study area limits in some areas. The focal areas for the ground truthing were areas where NWI or FLUCS data indicated the presence of wetlands as well as areas where the DEM indicated depression landforms that surface runoff would naturally drain towards and potentially accumulate, resulting in the potential presence of wetlands. These areas were evaluated in the field for evidence of the presence or absence of wetland soil, vegetation, or hydrological characteristics.

Based on the data review and the ground truthing effort, a small pond on the south side of the American Aviation general aviation development in the northeast portion of the Airport's property was the only natural non-wetland surface water identified in the study area. Other man-made ditches, swales, and stormwater ponds are classified as "other surface waters." No streams or creeks occur in the study area. While "other surface waters" are important for their stormwater treatment, floodplain storage, and conveyance functions, as long as those functions are adequately compensated for in association with modifications for new projects at the airport and as long as adequate treatment and storage is provided for new impervious surface, other mitigation is not typically required for changes to these features.

The wetland approximation is presented in **Figure A.5** in **Appendix A.** The largest area of wetland at BKV is in the northeastern portion of the study area, just south of the American Aviation general aviation development. This area includes the previously mentioned pond and adjacent forested and shrub wetlands that, together with the pond, comprise approximately 6.3 acres.

The remaining potential wetland areas on BKV property are predominantly isolated wetland depressions that range in size from approximately 0.2 to 2 acres. Some of these depressions are located within the mowed maintained airfield, where much of the area is used for production of hay. Other wetland depressions are scattered within wooded areas of the Airport.

Two of the potential wetlands, including one in the northeastern corner of the Airport's property and another that is approximately 2,500 feet northeast of the southwestern corner of the Airport's property appear to be centered on potential karst features (sinkholes) based on field review conducted at those sites. Future development at BKV will need to continue to take karst feature characteristics into

consideration as part of planning and pre-construction site evaluation.

3.4 Protected Species Potentially Occurring Within the Study Area

Available protected species data were reviewed to develop a list of species that are afforded special protection status due to federal or state regulations. Sources of data for this review included:

- Protected species information from previous studies conducted at BKV;
- USFWS list of species generated by the USFWS' Information for Planning and Consultation (IPaC) website;
- Florida Natural Areas Inventory's (FNAI) tracking list for Hernando County;
- FNAI's Biodiversity Matrix; and,
- Various sources for species accounts that include habitat descriptions for species thought to occur in Hernando County.

Based on these various species lists and taking into consideration the habitat requirements of the species listed and the habitats that occur within the study area, a list of species with the potential to occur in the study area was developed (**Table 1**).

Table 1. Protected Species Potentially Occurring within the SWMP Study Area

Scientific Name	Common Name	Federal Status	State Status	Likelihood of Occurence
Falco sparverius paulus	Southeastern American kestrel	None	State Threatened	Documented – foraging
Mycteria americana	Wood stork	Threatened	Federally Threatened	Documented – foraging
Egretta caerulea	Little blue heron	None	State Threatened	Documented – foraging
Haliaeetus leucocephalus	Bald eagle	BGEPA*	None	Documented – transient
Drymarchon corais couperi	Eastern indigo snake	Threatened	Federally Threatened	Potential
Gopherus polyphemus	Gopher tortoise	Candidate	State Threatened	Documented
Stilosoma extenuatum	Short-tailed snake	None	State Threatened	Potential
Pituophis melanoleucus	Pine snake	None	State Threatened	Potential
Danus plesippus	Monarch butterfly	Candidate	None	Potential
Antigone canadensis pratensis	Florida sandhill crane	None	State Threatened	Documented – foraging
Athene cunicularia floridana	Florida burrowing owl	None	State Threatened	Potential
Falco sparverius paulus	Southeastern American kestrel	None	State Threatened	Documented – foraging
Notophthalmus perstriatus	Striped newt	None	State Candidate	Low potential
Clitoria fragrans	Scrub pigeonwing	Threatened	State Endangered	Potential
*Federal Bald and Golden Eagle Protection Act.				

Of the species in **Table 1**, the species with the greatest potential to require special coordination and permitting for future developments and projects associated with the SWMP is the gopher tortoise. Gopher tortoises are common within BKVs property and are known to occur within open areas lacking tree cover, in areas along the edges of wooded areas, and, to a lesser extent, within more open woodlands on BKV property. A gopher tortoise survey conducted by a State of Florida-authorized gopher tortoise agent is likely to be required for any project involving new ground disturbance at BKV. If gopher tortoise burrows are found, a Gopher Tortoise Conservation Permit from the Florida Fish and Wildlife Conservation Commission (FWC) will be required if the gopher tortoise burrow will be impacted by proposed stormwater structures. Excavation of burrows and relocation of gopher tortoises to an approved recipient site may also be required.

Another species that is federally-listed, the eastern indigo snake, may also affect permitting for projects proposed in association with the SWMP. Although based on the information reviewed this species has not been documented to occur on BKV property, habitat in the study area is suitable for this species. Therefore, projects at BKV that require federal authorization may be conditioned with a requirement that the construction contractor implement the USFWS' *Standard Protection Measures for the Eastern Indigo Snake*. For projects impacting a large area with large numbers of gopher tortoise burrows (which can also be used by indigo snakes), Consultation with the USFWS may be required.

Although multiple federal and/or state-protected bird species have been observed at BKV, these observations have been of birds that are using habitats on-airport for foraging (little blue heron, wood stork, southeastern American kestrel) or are birds that are just flying over BKV property (bald eagle). No nesting of listed bird species has been documented at BKV. It should also be noted that BKV is not within the core foraging area of any documented wood stork colonies.

For any new project that involves ground disturbance at BKV, a general protected species survey should be conducted to determine whether suitable habitat for state or federally protected species is present at the site and to determine if any additional special coordination, special purpose surveys, or permitting needs to be initiated with the FWC or USFWS.

3.5 Floodplains

Existing floodplains have been delineated based on Federal Emergency Management Agency (FEMA) National Flood Insurance maps for Hernando County with effective date December 2021. In addition, administrative floodplains for the Squirrel Prairie, Powell and Pithlachascottee R./Bear creek Watersheds have also been obtain and delineated for purpose of this study. An excerpt of each floodplain overlain on an aerial of the study area is shown as **Figures A.7A, 7B, 7C and 7D** in **Appendix A.**

The existing FEMA floodplains include both Type AE and A, which have determined and undetermined flood elevations, respectively. The known floodplain elevations range from approximately +64 to +67 ft NAVD88 and are primarily located within the depressions in the grassed infield at the east end of Runway 9/27. However, there are several floodplains located in vicinity of the adjacent developments; most notably on the northeast area of the airport where the floodplain is shown to inundate portions of Taxiway A2, A4, and B1 (see ALP), the adjacent infield areas, as well as encroaching upon multiple buildings.

The County's administrative floodplains differ from the FEMA map. Squirrel Prairie watershed covers eastern portions of the airport, the Powell watershed covers northern and middle areas of the airport, and the Bear Creek cover south and western portions of the airport. The Base Flood Elevation for each of the watershed areas were determined and used to quantify required floodplain compensation per proposed impacted area. Based on the pre-app meeting held with SWFWMD, equivalent compensating storage for all 100-year, 24-hour riverine floodplain impacts must be provided. Cup-for-cup storage in dedicated areas of excavation is the preferred method of compensation

An impact floodplain map was created to determine what portions of the proposed development encroach on the existing floodplains. This map is included in **Appendix A, Figure A.8.** The impact volume was estimated by multiplying the encroachment/impact area by the difference in elevation between existing ground and base flood elevation. The required compensating volume will be provided by the proposed pond which is hydraulically connected to where the impact is proposed. A summary table for these calculations is provided in **Appendix D.**

4.0 EXISTING DRAINAGE PATTERNS

The project is primarily located within the Crews Lake Outlet basin (WBID 1392A1) with a small portion of the northwest corner of the airport located within an unnamed closed basin (WBID 1380). Neither of these basins are considered impaired by the Florida Department of Environmental Protection (FDEP). Surface drainage is primarily overland sheet flow along mild to moderate slopes to depressional areas with no outlets. These depressional areas drain primarily through groundwater infiltration and some overtop as a result of storms with high rainfall, intensity and/or duration. The following sections provide additional details about our assessment of the existing drainage basins and ponds.

4.1 Drainage Basins

Our assessment of the drainage patterns across the study area included the delineation of **88** existing drainage basins. The drainage divides were delineated based on review of contours produced from LiDAR survey data, and existing permits and as-built plans. The existing drainage basins are presented in Figures B.1 to B.19 in **Appendix B.**

4.2 Stormwater Ponds

Our evaluation of the existing ponds within the study area included review of existing permits and as-built plans. Based on this evaluation we have identified 54 stormwater ponds of which 2 are wet detention ponds (PEX-01 and PEX-02) and the remaining are dry retention. The pond names and associated SWFMD ERP permit numbers are listed on the Pond Summary Table in **Appendix D.**

4.3 Conveyances and Outfalls

Existing conveyances, including ditches and stormsewer, are located throughout the project area and serve the purpose to convey runoff across impoundments such as roads, taxiways, runways, and other infrastructure to an existing pond or depressional area. Our team has surveyed the significant stormsewer sections and these are shown on the Pre-Development Drainage Map figures in **Appendix B** and included in the Pre-Development ICPR reports in **Appendix E.**

5.0 STORMWATER MANAGEMENT CRITERIA

There are several regulatory agencies that have jurisdiction over the Airport's stormwater management systems including SWFWMD, FAA, and the County. Meeting these agencies' stormwater design requirements and obtaining the required permits will be a requirement of the planned developments discussed in this SWMP. Further investigation, design, and permitting will be required during the final design phase of each of the proposed improvements presented within this SWMP.

SWFWMD rules are the controlling criteria for a majority of the stormwater design elements for this SWMP; specifically water quality, water quantity, and floodplain compensation. The FAA provides guidance on dry pond recovery, acceptable flood levels and the locations of stormwater management facilities for the safety of airport airside elements. FAA stormwater criteria is documented in *FAA Advisory Circular (AC) 150-5320-5D – Airport Drainage.*

The following stormwater management design criteria were used in the development of the proposed stormwater management facilities for this SWMP:

Southwest Florida Water Management District

Water Quality

- On-line retention shall treat runoff from 1" of rainfall from contributing area; or as an alternative, ½" of runoff from contributing if basin area is less than 100 acres.
- Wet detention shall treat 1" of runoff from contributing area.
- Water Quality Treatment is required for entire project area and any contributing off-site flows.

- Treatment function of any filled ditches shall be replaced.
- Compensating treatment of existing untreated runway pavement to offset new construction which cannot be treated is acceptable.
- Net water quality improvement (pre/post nutrient loading) is not required.

Attenuation

- Post-development 25-year, 24-hour peak discharge rate shall be equal to or less than pre-development peak discharge rates. Pre-development discharge rates can only be exceeded if demonstrated it will not cause an adverse offsite impact.
- For closed basin outfalls, limit the post-development 100-year discharge volume to the pre-development 100-year, 24-hour volume.
- Demonstrate the project will not increase flood stages up- and down-stream of the project areas.

Floodplain Compensation

- Provide equivalent compensating storage for all 100-year, 24-hour riverine floodplain impacts. Tabulations of cup-for-cup impacts and compensation shall be provided at 0.5-foot increments to demonstrate impact and compensation occur at same levels. Storage modeling is otherwise required and will include modeling of the 10-, 25- and 100-year storm events for pre- and post-development conditions. The modeling may include reduced discharge to floodplain as applicable as part of the calculations.

Federal Aviation Administration

Surface Hydrology (AC 150/5320-5D)

- For the 5-year storm event there shall be no encroachment of runoff on taxiway and runway pavements (including paved shoulders). *Section 2-2.4.2*
- The center 50 percent of runways; the center 50 percent of taxiways serving these runways; and helipad surfaces along the centerline should be free from ponding resulting from storms of a 10-yr frequency and intensity. *Section 2-2.5*

Pond Recovery (AC 150/5200-33C)

- Airside ponds shall be designed for maximum 48-hour detention (recovery) period and are to remain completely dry between storm events. *Section 2.3.2* It is noted that volume recovery was not evaluated for the ponds for this study. Review of percolation rates and groundwater levels indicate the site is well drained with the potential to satisfy recovery criteria; however, this criterion should be further evaluated during final design and adjustments to the pond design made as necessary.

Hernando County

Per Section 26-50 of the County's land development code, drainage stormwater systems shall be designed in accordance with the requirements of the Southwest Florida Water Management District. Additional drainage requirements are provided in the County's Facility Design Guidelines, which include providing a minimum of 6" of freeboard between the design high water elevation and the lowest provided berm elevation surrounding the detention/retention area. This parameter shall be confirmed at final design as pond shape and grading can influence peak stages. Besides the freeboard requirement, based upon our review of these documents, there are no County criteria that are more restrictive then the applicable SWFWMD and FAA criteria previously mentioned.

Hernando County participates in the FEMA National Flood Insurance Program (NFIP) and subsequently impacts to a floodplain located within and along the airport boundary will require coordination with the County's Floodplain Manager to determine if a Floodplain Development Permit or Approval is required. We recommend this coordination during the final design and permitting stages of projects which may have runoff and/or fill impacts to the mapped floodplains.

6.0 FUTURE DEVELOPMENT CONSIDERATIONS

The proposed stormwater pond recommendations were determined with consideration of future development plans provided in the infield Infrastructure Development Plan finalized in 2025, and the Airport Layout Plan (ALP) updated in May 2020. The resulting future development assumptions including the layout of future buildings, roads and other impervious surface used for purposes of this SWMP are displayed on the Proposed Development exhibit in **Appendix C.**

The proposed development locations include both airside and landside. On the airside, notable improvement is within the northwest quadrant of the infield as well as two new taxiways. Additional hangars are proposed along future Taxiway C on the east side and significant new development is proposed landside on the southwest quadrant of the airport. Some of the proposed developments impact existing ponds or depressional areas which are accounted for in this study.

For the airport's total property area of **2,300** ac the proposed development has increased the overall percent impervious from **14% to 39% or 325 ac to 889 ac** in terms of total impervious area.

7.0 POND SITING METHODOLOGY

The airport has 32 existing ponds which include two wet detention ponds and 30 dry retention ponds. To accommodate the future development assumptions, we have identified **55** total ponds which is a combination of **30** existing ponds to remain and **25** proposed ponds. All of the proposed ponds are dry retention with no outfall with the exception of the two existing wet detention ponds at the northeast corner of the airport.

The factors considered in identifying the proposed pond locations include topography, groundwater levels, proposed development, and environmental considerations. The following sections describe our methodology for identifying the proposed pond locations:

7.1 Proposed Pond Design

The first step in the pond siting process was to evaluate the stormwater volume requirements for each basin with consideration of the proposed impervious layout that was presented in *Section 6.0 Future Development Considerations*. For each basin we determined the available storage for retention of the 100-yr / 24-hr storm event for comparison with the required storage for future development. For any basins with a storage deficit, either the existing pond was reconfigured to provide additional storage and/or a proposed pond was provided. For this study, we conservatively sized the ponds to provide storage for the 100-yr post-development runoff volume plus floodplain compensation. For pond systems which do not provide the total 100-yr runoff volume, the peak stage was checked with consideration of infiltration during the storm to confirm it is below the top of berm elevation. Final design adjustment can be made to store the 100-yr pre/post difference if an internal outfall can be maintained which could reduce the required pond sizes. The location of the proposed ponds is shown on the Post-Development Drainage maps in **Appendix C.**

For the proposed ponds we assessed the seasonal high groundwater level to establish the proposed pond bottom elevation. Pond bottom elevations were set at least 2 feet above the seasonal high groundwater level and top of berm elevations set at or near existing ground or adjacent existing infrastructure such as runways, taxiways, or roadways. Additionally, vertical soil storage between the pond bottom and the seasonal high groundwater elevations was included in our pond routing calculations, however, horizontal seepage was not included for most ponds, only selected ponds which did not satisfy the stage requirement are assigned with horizontal seepage in the model. The assumed pond and seasonal high groundwater elevations as well as the soil storage approach will require review and confirmation during the final design stage for each planned development.

Volume recovery of the 100-yr / 24-hr storm is required for each of the no-discharge dry retention pond sites. Preliminary review of the limited geotechnical investigation indicate there are highly permeable

soils with horizontal conductivity rates of greater than 20 feet per day which can accommodate the required recovery requirements; however, additional investigation will be required during the final design and permitting phase. A table of seasonal high-water levels for each of the pond sites is included in **Appendix D.**

7.2 Avoidance and Minimization of Wetland Impact

The development areas and proposed stormwater ponds depicted in the stormwater master plan avoid most of the wetlands identified in the approximation. The exceptions are two very small potential wetlands located just north of Sergeant Lea Mills Boulevard in the southern portion of the Airport's property, and the apparent sinkhole and the associated wetlands in the northeast corner of the Airport's property. If it is determined that all of these potential wetlands are isolated, which appears to be the case, they may not be subject to FDEP permitting under Section 404 of the Clean Water Act. For the two areas on the north side of Sergeant Lea Mills Boulevard, if they are determined to be subject to SWFWMD jurisdiction, but they are less than 0.1 acre in size, it is possible that SWFWMD would not require mitigation for impacts to these areas. Impacts to the sinkhole and associated potential wetland in the northeast corner of the Airport's property would likely require compensatory mitigation from the SWFWMD because this area appears to be greater than 0.1 acre in size.

7.3 Pond Design Considerations For Wildlife Hazard Management

Federal Aviation Administration (FAA) Advisory Circular (AC) 150/5200-33C establishes the recommended minimum general separation criteria between an airport's air operations area (AOA) and hazardous wildlife attractants. For airports that serve turbine powered aircraft, such as BKV, AC 150/5200 specifies a recommended minimum separation distance of 10,000 feet between the AOA and hazardous wildlife attractants. If an attractant "could cause hazardous wildlife movement into or across the approach or departure airspace," AC 150/5200-33C recommends a separation distance of 5 miles between the AOA and the hazardous wildlife attractant.

Wet ponds, ditches, and swales that hold water for extended periods of time can be attractants for wildlife that create hazards for aircraft operations. AC 150/5200-33C provides a number of recommendations regarding design and functional characteristics of stormwater treatment facilities that are located at a distance less than the recommended separation distance. Since the ponds that will be incorporated into the SWMP are going to be located less than 10,000 feet from the AOA (either within the AOA or on airport property very near the AOA), the ponds included in the SWMP should include these recommendations. The first of these recommendations is that the ponds should be "designed, engineered, constructed, and maintained to allow a maximum 48-hour detention period after the design storm and remain completely dry between storms."[1] AC 150/5200-33C also recommends that detention basins be designed to incorporate steep side slopes, have banks that are lined with rip rap, and be narrow or linear in shape.[2] These characteristics help to make the basin be less attractive for foraging and nesting birds. Basins with these characteristics reduce visibility for birds that are foraging within a basin and make it more difficult for them to detect approaching predators. Rip-rap lined banks are also less attractive for foraging birds in comparison to natural vegetation.

If it is not possible to design a basin to dry down within 48 hours of the design storm due to local characteristics such as a high water table, and the basin has to be designed for wet retention; it is recommended that the basin be designed so that the bottom elevation is 2.5 feet or greater below the mean low water elevation so that the pond will not be suitable foraging habitat for wading birds. In such situations every effort should also be made to incorporate steeply sloping banks to limit the available foraging habitat for wading birds along the shoreline. If the wet pond is still attracting hazardous wildlife, the airport should incorporate physical barriers such as bird balls, wire grids, pillows, or netting to prevent

[1] FAA, "AC 150/5200-33B Hazardous Wildlife Attractants on or Near Airports," https://www.faa.gov/documentLibrary/media/Advisory_Circular/AC_150_5200-33B.pdf, September 28, 2007.
[2] Ibid.

wildlife from using the pond.[3]

All ponds should be designed to allow access for maintenance equipment so that they can be maintained free of vegetation to the maximum extent possible. Banks and surrounding areas should be designed so that mowers can readily access the area around the pond and, for dry ponds, the center of the pond. For wet ponds herbicide application may also be needed to control emergent vegetation.

Designers may also consider the use of green stormwater infrastructure best management practices such as bioretention cells where this can be accomplished without increasing wildlife hazards, particularly avoiding exceeding of the 48-hour maximum detention period and avoiding the creation of habitat that attracts wildlife.[4] As with ponds bioretention swales should be designed to allow easy access of maintenance equipment so that overgrowth of vegetation that would attract wildlife does not occur.

8.0 CONCLUSIONS

The results of this update to the BKV SWMP indicate there is sufficient onsite property to accommodate regulatory stormwater criteria for the proposed future development. The post-development drainage maps provided in **Appendix C** provide the locations and sizes of the ponds proposed for this concept level study. Further investigation to include additional geotechnical and a more detailed stormwater assessment will be required during the final design phase to confirm the pond requirements.

TITLE
Presentation and Discussion Regarding Hernando County Public Safety Training Facility Phase 1 Objectives

BRIEF OVERVIEW
Hernando County Construction Projects Coordinator, Erik Van De Boogaard, will provide the Board with a presentation regarding the Public Safety Training Facility for discussion of Phase 1 Objectives.

FINANCIAL IMPACT
N/A

LEGAL NOTE
The Board has the authority to act on this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION
It is recommended the Board have discussion regarding the Public Safety Training Facility and provide staff with direction regarding Phase 1 objectives.

Land use/topography

The site's natural topography offers unique opportunities to enhance realism and efficiency within the training environment. Rather than leveling the land, the master plan strategically integrates the existing elevation changes into the training program.

- *Emergency Vehicle Operations Course (EVOC)* – uses sloped & hilly areas to add dimension and challenge to driving scenarios
- *Shooting Ranges* – Uses natural low point/valley for sound buffering & inherent containment
- *Fire Training Props* – (airplane, helicopter, trench, confined space) Designed to appear embedded into the terrain, simulating real-world emergency conditions
- *Obstacle Course* – To be integrated into natural tree coverage to the north for shade and difficulty
- *K-9 & Mounted Patrol Paddocks* – Maintain existing natural tree coverage for animal comfort

This approach not only makes use of the site's natural character but also reduces earthwork and grading costs.

Phase it, fund it, or forget it

- Infrastructure
- Other possible building sites
- Variances may be required
- Great opportunities exist to phase a build out of the campus for many years

ONGOING BOCC DIRECTIVES

Priority	BOARD DATE	ONGOING ISSUES	RESPONSIBLE PARTY	ANTICIPATED COMPLETION DATE	COMMENTS
1	6/14/2022	South Brooksville Community Redevelopment Agency	Veda Ramirez	TBD	Finding of Necessity completed. Steering Committee for Community Redevelopment Area (CRA) established. CRA plan being created.
2	12/13/2022	Buffer Requirements	Omar DePablo	TBD	Staff to create Buffer Design Guidelines to be referenced in the code, including ensuring majestic trees are protected and buffer to be started early in construction. Consultant working on policy updates.
3	12/13/2022	Ordinance on Required Plantings	Omar DePablo	TBD	Staff to review the code, ensuring majestic trees are protected and enforcement when not. Hiring a Consultant to assist in updating language for BOCC review. Consultant is working on the policy updates.
4	6/22/2021	Tiny Homes / Accessorily Dwelling Unit / Secondary Buildings for Larger Lots	Omar DePablo	TBD	Workshop completed. Staff is updating the land development code for Tiny Homes Communities. Hiring a Consultant to assist in updating language for BOCC review. Consultant is working on policy updates.
5	12/13/2022	Subdivision Layouts	Omar DePablo	TBD	Staff to review the code to determine sufficient and combination of lots sizes, garages, and parking within subdivisions. Staff has begun to meet with developers as projects are submitted. Staff has begun to implement, through the Planned Development Project (PDP) process, subdivision standards in anticipation to Code Ordinance change.
6	8/23/2022	Homeless Resources and Projects	Veda Ramirez	Ongoing	Monthly meetings with community partners to address homeless needs, training, funding, initiatives ongoing. Updated Resource Card. Tenant-Based Rental assistance for Homeless.
7	12/13/2022	Architectural Design Requirements	Omar DePablo	TBD	Staff to review the code, to determine architectural standards as it relates to commercial developments, if necessary. Staff has begun to implement through the PDP process. Consultant drafting language
8	8/23/2022	Twin Lakes Historic Designation	Veda Ramirez	TBD	Direction signs completed for Twin Lake Cemetery and area. Twin Lake historic designation to be addressed in the Comprehensive Plan during the Planning Evaluation and Appraisal report. Community advocate not seeking Historic Marker from the State at this time due to cost. Informing contact of possible funding opportunity.

9	6/23/2020	Addition of Statue Memorializing Local African American Significance	Jeff Rogers	TBD	The Community has formed a committee, awaiting decision from the Community on the addition of a statue.
10	12/17/2024	Sidewalk Policy	Scott Herring	TBD	Review of Policy to consider removal of requiring sidewalk on FDOT Roads, and not requiring sidewalks to be built in Rural areas of the County.
11	5/27/2025	Ridge Manor	Scott Herring	TBD	Right of Entry in property for Dam. Review of properties for purchase to provide flood relief. Meeting with Southwest Florida Water Management District (SWFWMD) scheduled to include public works, and planning to discuss potential options
12	5/13/2025	Chicken Ordinance	Omar DePablo	TBD	Bring policy back to BOCC to allow chickens based on amount of residential land.
