Berkeley Manor

Unit IV Phase 2

Lot 101.

The application is due to an extension made of the pool screen which extends beyond the limit of the setback. The extension is a terrace with a roof made up of insulated elite panels which is 2 feet from the fence that borders the property. As well as a concrete sidewalk that is also 2 feet from the fence or lot line. This covered extension is made to expand the pool space and give girls a larger safe play area. Since in just a few months that I have been on the property I have seen 3 snakes of which I am afraid and I have not been able to enjoy the back patio with my daughter.
