Re: Variance Request 1438327
Brian Garrison and Vicki McMahan

To Whom It May Concern:

This letter serves as notice of the referenced variance request we have submitted to Hernando County for the property owners. The owner is requesting a setback variance from the existing rear (20 feet) and sides (20 feet) to match what is currently onsite with the existing structures. These currently are 0.6 foot rear and 10' side setbacks.

Thank you and we welcome your input.

Frank DiCaro
