BRIEF OVERVIEW

On May 14, 2019, the Board approved Contract No. 19-R00007/BK Request for Qualifications for Construction Services Under \$200K, Doc Id. On March 15, 2023, the Hernando County Utilities Department solicited Quote No. 92 under Contract No. 19-R00007/BK for replacement of an existing eight (8) inch water main with approximately 562 LF of 8-inch pvc water main and 64 LF of 4-inch pvc water main. The intent is to connect side streets on the West side of Keyville Avenue from Northcliffe Boulevard North to just past Puritan Lane.

The requested replacement is due to the age of the existing pipe and previous numerous water main breaks in this area. The existing water main will be abandoned in place after the new main is cleared for service and tied in.
