TITLE

Federally Funded Sub-Award and Grant Agreement With State Division of Emergency Management for Expenses Resulting From Hurricane Ian

BRIEF OVERVIEW

Hurricane Ian, a catastrophic Category 4 storm with winds topping 140 mph and a storm surge of up to 18 feet made landfall on the western coast of Florida. As a result of Hurricane Ian, pursuant to his authority under the Stafford Act, President Biden signed a major disaster declaration, which authorized a number of federal disaster assistance programs. FEMA's Public Assistance Program provides supplemental grants to state, tribal, territorial, and local governments, and certain types of private non-profits so communities can quickly respond to and recover from major disasters or emergencies. After an event like a hurricane these grants help communities to cover their costs for debris removal, life-saving emergency protective measures, and restoring public infrastructure. The anticipated reimbursement amount for category B - Emergency Protective Measures is \$411,677.00 with a maximum reimbursable for Category Z - Management and Administrative costs of \$20,583.00.

FINANCIAL IMPACT

The Federal share of eligible costs reimbursed at a minimum of 75%, State share of 12.5% and Local share of 12.5%.

LEGAL NOTE

The Board is authorized to act upon this matter pursuant to Chapters 125 and 252, Florida Statutes.

RECOMMENDATION

It is recommended that the Board approve and authorize the Chairman's signature on the attached Federally Funded Subaward and Grant Agreement No. Z3008 and required grant documents.
