TITLE

Ratification of Pre-Application to Federal Aviation Administration for Bipartisan Infrastructure Law Grant for Tech Center Multi-Modal Eastside Development at Brooksville-Tampa Bay Regional Airport

BRIEF OVERVIEW

This pre-application for Federal Aviation Administration (FAA) funding is for one component of a larger roadway project encompassing both rail and aviation served sites. The Bipartisan Infrastructure Law (BIL) Grant will be utilized exclusively for the aviation portion of the project, supplementing an awarded Florida Department of Transportation (FDOT) grant. The project encompasses a 970 ft extension of Rescue Way to the northeast, the extension of water and sewer service along with the construction of a lift station, stormwater swales and culverts to provide necessary infrastructure for future aeronautical development on the east side of Runway 3-21.

The County Administrator's signature was previously obtained to meet specific project deadlines.

FINANCIAL IMPACT

This pre-application will not have a financial impact to the Airport.

LEGAL NOTE

The Board is authorized to act on this matter pursuant to Chapter 125, Florida Statutes.

RECOMMENDATION

It is recommended that the Board ratify the FAA Grant Pre-Application for the Tech Center Multi-Modal Eastside Development.
