File #: 11764, **Version:** 1

TITLE

Notification From Southwest Florida Water Management District of Total Habitat Restored Within District

BRIEF OVERVIEW

Received the attached letter from the Southwest Florida Water Management District (SWFWMD) notifying of total habitat restored within the District. Since 1984, approximately 74 acres of wetlands have been impacted in Hernando County, and 1,476 acres of wetlands and adjacent upland habitats have been restored or created. A chart outlining each county's total habitat restored within the District is enclosed for the Board's information.
