I wasn't sure who to communicate with regarding the recent resurfacing of Emerson Road. The project appears to be complete. I would like to share that the resurfacing project was completed quickly and efficiently. The project was started after school was out and completed before school started. Whoever set the schedule deserves a bonus. The contractor moved quickly completing the work to alleviate conflict with the 2 schools on that road. I give 2 thumbs up for the coordination of this project and the contractor for getting it done. Kudos to all teams involved.

Thank you,
