

Participating Agency Rebate Program

Earn money back on your cooperative purchasing.

Axia Cooperative is the only cooperative offering direct rebates to participating public agencies nationwide, turning your essential purchases into revenue to reinvest in your operations and community.

How it Works

Register to Participate

1

Any public agency (city, county, school district, university, etc.) can register at www.axiacoop.org/rebate to become eligible for rebates on purchases made through Axia contracts.

Purchase through Axia Contracts

2

Adopt and purchase through one or more of Axia's competitively awarded contracts. **The more your agency spends, the larger your rebate.**

Receive Annual Rebates

3

Rebates are calculated annually based on your agency's total spend and **paid directly to you within 45 days after the rebate year ends (June 30).**

Key Program Differentiators

- ✓ **Exclusive to Axia:** The only cooperative offering *direct rebates* back to participating agencies nationwide
- ✓ **Easy Enrollment:** One simple form, no obligation to buy
- ✓ **Get More Than Just Savings – Get Paid:** Earn direct cash rebates on top of the competitive pricing you already secure through Axia contracts, creating new budget capacity without spending more.
