1 **WHEREAS**, the City finds it in the best interests of the public
2 to provide minimum standards that protect the health and welfare of
3 animals housed and bred in the City of Jacksonville and to
4 periodically update those standards to address the changing needs of
5 the community and individuals and entities housing and/or breeding
6 animals; and

7 **WHEREAS**, the City further finds that one such standard of
8 particular importance is the ratio of employees/persons present and
9 available within an animal care organization to appropriately
10 maintain animals in its care; and

11 **WHEREAS**, the City has determined the formula provided by the A
12 merican Society for the Prevention of Cruelty to Animals ("ASPCA")
13 Capacity for Care Calculator is the most appropriate to determine how
14 many staff an animal care organization must reasonably employ to
15 effectively maintain the animals in its care; and

16 **WHEREAS**, that formula provides - [Staffing Capacity = Average
17 number of animals housed per day multiplied by .25 and then divided
18 by the number of hours per shift];

19 **WHEREAS**, application of the aforementioned formula, by way of
20 example, provides: 32 animals X .25 =8 and divided by an 8-hour
21 typical workday equals 1 employee which forms the basis for certain
22 revisions to Chapter 462, *Ordinance Code*, as provided herein; now
23 therefore

24 **BE IT ORDAINED** by the Council of the City of Jacksonville:

25 **Section 1. Incorporation of Recitals.** The above recitals
26 are true and correct and are incorporated herein by this reference.

27 **Section 2. Repealing and Replacing Part 10 (Pet Shops and**
28 **Animal Dealers), Chapter 462 (Animals), *Ordinance Code*.** Part 10 (Pet
29 Shops and Animal Dealers), Chapter 462 (Animals), *Ordinance Code*, a
30 copy of which is attached hereto as **Exhibit 1**, is hereby repealed in

its entirety and replaced with the following:

Where the violation is not severe in nature, defined by the imminent risk of suffering or harm to the animal(s) or humans, an Animal Control Officer shall issue a warning for the first violation with a reasonable time to cure the violation. The Animal Control Officer, where practicable, shall perform a follow-up investigation to determine whether the situation has been corrected and shall issue a citation for any continuing or subsequent violation.
